### Reason for Policy

- 1.1 To provide a process for the nomination, approval, selection, awarding, and revocation of honorary degrees at the University of Manitoba.

### Policy Content

#### Purpose and Criteria

- 2.1 The honorary degree is the highest honour the University of Manitoba can confer upon an individual.
- 2.2 Honorary degrees shall be awarded to individuals who:
- (a) demonstrate distinguished achievement and/or have offered outstanding service at the local, provincial, national, or international levels in all fields of endeavor, including:
    - (i) leading academics in all disciplines and creative minds in arts and performance;

- (ii) public intellectuals and opinion makers;
  - (iii) visionary leaders and exemplary public figures;
  - (iv) champions of Indigenous achievement and reconciliation, Black excellence, anti-ableism and accessibility and the advancement and promotion of equity and social justice; and
  - (v) community leaders, humanitarians and philanthropists;
- (b) will serve as role models and inspiration to our graduating students;
  - (c) Distinguished achievement is achievement that is widely recognized within relevant communities, by peers in the field of endeavor and the public;
  - (d) Outstanding service is service that is widely recognizable within relevant communities and by the public, sustained over a significant period of time, has meaningful impact on the local, provincial, national, or international community, and is valued by impacted communities.

2.3 Both the recipient and the University should be honored through the awarding of the honorary degree.

### **General**

2.4 Senate establishes and maintains a reserve list of approved candidates for honorary degrees to be awarded as the occasion demands. The President selects from this list the candidate(s) for each regular convocation:

- (a) Honorary degrees may be conferred at each session of Convocation. The decision of the number of honorary degrees to be awarded at any given session of Convocation shall rest with the President;
- (b) Additional Honorary Degrees may be awarded at Special Convocation ceremonies if it is deemed appropriate to do so for particular reasons;
- (c) The President assigns hosts to those who are to receive honorary degrees;
- (d) The University normally shall not offer an honorary degree to anyone who is not in a position to accept the degree in person. An honorary degree may be conferred in absentia for cause;
- (e) Posthumous honorary degrees shall not normally be offered. Posthumous honorary degrees may be awarded in a case where a confirmed honorary degree recipient passes away before the Convocation ceremony at which the honorary degree was to be conferred.

- (f) The University normally shall not offer an honorary degree to any individual currently holding elected office at any level of Canadian government;
- (g) Members of the Board of Governors and the Senate are not eligible to receive an honorary degree during their term on the Board or the Senate. Nominations of former members shall not normally be considered until two years have passed from the end of their term on the Board or Senate;
- (h) Members of the staff of the University are not normally eligible to receive honorary degrees, unless under exceptional circumstances. Retired members of the staff of the University shall not normally be considered for an honorary degree as other awards more appropriately recognize the contributions of staff. A retired staff member may be considered for an honorary degree three years after retirement, if they meet the criteria for an honorary degree for significant contributions made above and beyond their work at the University;
- (i) Recipients of other University-level awards (Peter. D. Curry Chancellor's Award, Distinguished Service Award, Alumni Awards) may be considered for honorary degrees, provided a reasonable amount of time has passed since the presentation of the other award and they clearly meet the criteria for an honorary degree;
- (j) Members of the Board of Governors, Senate and the University Community are solicited at least once a year for nominations. In addition, the Committee may consider nominations received from members of constituencies outside the University.

## **Types of Degree**

2.5 The University may confer the following honorary degrees:

- (a) Doctor of Laws (honoris causa) (LL.D.) awarded for outstanding service as visionary leaders, exemplary public figures, community leaders, humanitarians and philanthropists.
- (b) Doctor of Letters (honoris causa) (D.Litt.) awarded for distinguished achievement in scholarship in the social sciences and humanities and for creative works in the arts and performance.
- (c) Doctor of Science (honoris causa) (D.Sc.) awarded for distinguished achievement in scholarship in the pure and applied sciences.

2.8 In addition to nominations received, the Committee may gather information and recommend candidates to Senate directly.

### **Revocation of Honorary Degrees**

2.9 Both the recipient and the University should be honored through the awarding of the honorary degree. Should the actions or conduct of a living honorary degree recipient conflict with the values of the University, the Senate may revoke an honorary degree, by means of the following process:

- a) Upon recommendation of the President, the Senate Committee on Honorary Degrees may:
  - i) determine, in a closed session meeting:

- a. that the actions or conduct of a living honorary degree recipient is materially immoral or unethical in nature;
    - b. if such person has displayed a lack of integrity that would cause the University significant embarrassment;
  - in making this determination, the Committee may at its option, strike an ad hoc sub-committee to provide advice to the Committee.
  - ii) recommend to a closed session of Senate that the honorary degree be revoked. The decision to withdraw a naming shall be determined by the Senate in closed session in a secret ballot vote.
- b) Any decision of Senate to revoke an honorary degree shall be communicated publicly.
