Policy Content

All support staff have employment obligations to the University as set out in their job descriptions, letter of offer or other related employment material. Many University employees have interests outside their employment with the University, either of a voluntary nature or for remuneration. This Policy is intended to encourage outside activities in a way that does not conflict with employment obligations to the University.

Outside Activities shall mean activities of a substantial or ongoing nature, whether remunerated or non-remunerated that broadly relate to an employee’s work or function at the University, but are beyond and outside the normal scope of employment, such as self-employment or consulting activities.

2.2 Request for Absence

Support staff employees should not engage in outside activities that conflict or interfere with the fulfillment of their employment obligations to the University without the prior written consent of their supervisor or the person to whom they report.

2.3 Approval for Absence

Consent from the Supervisor must be obtained for activities in which the University derives or would derive a benefit through participation of its employees in these activities, such as professional associations in fields related to the University work, or in instances where the employee has made appropriate arrangements for an unpaid leave of absence, secondment or other suitable paid personal time off from work. Supervisors may, from time to time, review agreement to consent to these outside activities.

2.4 Use of University Infrastructure

Outside activities should not involve the Use of the University’s facilities, equipment, supplies or services without the prior written consent of the Vice-President (Administration), who may require that the cost of such use of facilities, supplies or services be reimbursed to the University.

2.5 Report of Outside Activities

Upon written request from the Supervisor a support staff employee may be required to provide a written report of the extent and nature of any outside activities of a substantial or ongoing nature.

2.6 Administration in accordance with the Conflict of Interest Policy
This Policy shall be administered in accordance with the Conflict of Interest Policy and, here there is conflict between the provisions of this Policy and the Conflict of Interest Policy, the provisions of the Conflict of Interest Policy shall prevail.
