OF MANITOBA

2018 Report

The Public Sector Compensation Disclosure Act

INDEPENDENT AUDITOR'S REPORT

To the Legislative Assembly of Manitoba
To the Board of Governors of the University of Manitoba

Opinion

We have audited the schedule of public sector compensation of the University of Manitoba (the University) for the year ended December 31, 2018 (the schedule).

In our opinion, the financial information in the schedule of the University for the year ended December 31, 2018 is prepared, in all material respects, in accordance with Section 2 of the *Public Sector Compensation Disclosure Act*.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Schedule* section of our report. We are independent of the University in accordance with the ethical requirements that are relevant to our audit of the schedule in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the schedule, which describes the basis of accounting. The schedule is prepared to assist the University to meet the requirements of Section 2 of the *Public Sector Compensation Disclosure Act*. As a result, the schedule may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance for the Schedule

Management is responsible for the preparation of this schedule in accordance with Section 2 of the *Public Sector Compensation Disclosure Act* and for such internal control as management determines is necessary to enable the preparation of the schedule that is free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the University's financial reporting process.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the schedule is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this schedule.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the schedule, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTE TO THE SCHEDULE OF PUBLIC SECTOR COMPENSATION
FOR THE YEAR ENDED DECEMBER 31, 2018**

1. Basis of Accounting

Compensation includes University earned compensation and compensation paid on behalf of other organizations. Compensation paid on behalf of other organizations is related generally to the clinical academic staff in the Rady Faculty of Health Sciences who have joint responsibilities at the University of Manitoba and the teaching hospitals. These staff are paid by the University, and the hospitals reimburse the University for their share of these payments.

Compensation is calculated in accordance with *The Public Sector Compensation Disclosure Act* (in effect as at December 31, 2018) which means compensation pursuant to any arrangement, including an employment contract, calculated to include the total value of all cash and non-cash salary or payments, allowances, bonuses, commissions and perquisites, including:

- (a) all overtime payments, retirement or severance payments, lump sum payments and vacation pay-outs,
- (b) the value of loan or loan interest obligations that have been extinguished and the value of imputed interest benefits from loans,
- (c) long term incentive plan earnings and payouts,
- (d) the value of the benefit derived from vehicles or allowances with respect to vehicles,
- (e) the value of the benefit derived from living accommodation or any subsidy with respect to living accommodation,
- (f) payments made for exceptional benefits not provided to the majority of employees of the public sector body,
- (g) payments for memberships in recreational clubs or organizations, and
- (h) the value of any other payment or benefit that may be prescribed in the regulations.
