The workshop will begin shortly.
The University of Manitoba campuses are located on original lands of Anishinaabeg, Cree, Oji-Cree, Dakota, and Dene peoples, and on the homeland of the Métis Nation. We respect the Treaties that were made on these territories, we acknowledge the harms and mistakes of the past, and we dedicate ourselves to move forward in partnership with Indigenous communities in a spirit of reconciliation and collaboration.
Notification of Photography and Recording

Photographs and/or video and/or audio recordings of this event may be produced. The photographs and/or video may include your recognizable image. By participating in this event, you consent to being photographed, videotaped, and/or audio recorded, and you authorize the University of Manitoba to use the photographs, videos, and/or audio recordings in its activities, at its events, and in its promotional material, in print or electronic format, including on the internet via the university’s website or other social media websites. Personal information obtained at this event is collected in accordance with the University of Manitoba Act.

ALL graduate students must register for and complete GRAD 7500

- Zero (0) credit-hour course
- Online
- Seven (7) Units
- 45-60 minutes to complete each Unit
- 24-hour release delay between Units
- PASS requires 100% on Final Quiz
- Five (5) attempts of Final Quiz
- Remediation
  - Workshop with course coordinator

GRAD 7500 - Academic Integrity

All graduate students must complete GRAD 7500 Academic Integrity in their first term of study.

The University of Manitoba upholds a high standard of academic integrity across all faculties, departments and schools. Students must demonstrate knowledge of the university's rules regarding academic integrity, plagiarism, and cheating. Penalties for breaching these rules can result in suspension or even expulsion from your program of study.

This is a zero (0) credit hour course that will introduce you to your basic responsibilities regarding academic integrity and to the resources designed to support you in this endeavour.

There is no enrolment fee for this course.

Course description

GRAD 7500 is an online tutorial made up of seven units. These units:

- explore what is meant by academic integrity
- demonstrate what is considered to be academic misconduct
- help you identify strategies to avoid academic misconduct and achieve with integrity in and beyond the classroom
- provide valuable resources to facilitate achieving this gold standard of scholarly conduct

Working through the course

You will complete the course online on the UM Learn learning platform.

To get the most from this learning experience, we suggest you complete one unit every three days; however, you are free to move through the course at your own pace.

You must read all of the information, watch each video, and participate in each discussion, reflection and quiz within the seven units to access and complete the final quiz. Each of the units will take approximately 45 to 60 minutes to complete.

Refer to the GRAD 7500 tutorial instructions if you run into difficulties.

umanitoba.ca/graduate-studies/student-experience/core-academic-requirements
Grad 7300 – Research Integrity

Course overview

GRAD 7300 Research Integrity is a zero (0) credit-hour interactive online course that is accessed through UM Learn. As a Bona Fide Academic Requirement (BFAR), GRAD 7300 is mandatory for all graduate students at the University of Manitoba. It has been identified as a BFAR because research integrity applies to all disciplines and all types of academic programs. GRAD 7300 reviews key concepts of responsible professional behaviour through a wide lens of “research” which spans text-based studies, creative and scholarly activities, as well as research requiring data collection.

Effective Fall 2020, GRAD 7300 must be completed in the first year of a graduate student’s program. Completing GRAD 7300 prior to or during the application process to any ethics boards which are appropriate to the student’s research is strongly encouraged.

When do I need to take it?

If you have not already taken the Research Integrity Tutorial, you need to register in GRAD 7300 and complete the tutorial within your first year in the program.

It is beneficial for students to complete GRAD 7300 Research Integrity Tutorial prior to submitting their ethics application. However, the REB process will not be halted because GRAD 7300 has not been completed.

The completion of GRAD 7300 is an FGS Academic Guide policy and not a policy of the ethics offices.

If you have completed the TCPS 2: CORE (Course on Research Ethics) tutorial, you must still take GRAD 7300. These courses are complementary, not redundant to one another.

Core modules

- Good Research Conduct
- Irresponsible Research Practices
- Planning Your Research
- Managing and Recording Your Research
- Data Selection, Analysis and Presentation
- Scholarly Publication
- Professional Responsibilities
- Communication, Social Responsibility and Impact

ALL graduate students must register for and complete GRAD 7300

➢ Zero (0) credit-hour course
➢ Online
➢ 8 core modules, with 7 supplementary modules.
➢ 5 hours in duration
➢ 80% required to pass each core module

Supplementary regulations

The Faculty of Graduate Studies is a pan-University faculty charged with the oversight of the administration of all graduate programs at the University.

Supplementary regulations by unit

The Faculty of Graduate Studies Academic Guide regulations apply to all graduate students in all programs in all academic units. Individual units may require specific requirements above and beyond those in the Academic Guide document, and students should consult unit supplementary regulations for these specific regulations. All unit supplementary regulations require approval of the Faculty of Graduate Studies.

For my Master’s who can be my Advisor?

4.5 Student’s Advisor/Co-Advisor

4.5.1 Student's Advisor

Each student should have an advisor upon entry into the program, and must have one assigned no later than one (1) term following registration. The advisor must:

- hold an appointment in the student's department/unit;
- be a member of the Faculty of Graduate Studies*;

Each M.Sc. student shall have a designated advisor. If an advisor has not been chosen by the student at the beginning of their program, the Graduate Coordinator will serve as advisor until a permanent advisor is assigned.

Who can be on my committee?

4.6 Advisory Committee

4.6.1 Thesis/Practicum Route

Advisory committees are selected by the advisor/co-advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice and guidance to the student during his/her research program. The advisory committee must consist of a minimum of three (3) members (including the advisor/co-advisor), at least two (2) of whom must be members of the Faculty of Graduate Studies.

A student’s advisory committee will consist of the advisor plus at least two other members, at least one of whom must be from within the department, and one of whom is from outside the Department.

https://umanitoba.ca/graduate-studies/supplementary-regulations
For my doctorate, who can be my Advisor?

5.2.1 Student’s Advisor

Every Ph.D. student must have an advisor throughout their program, appointed by the Head of the department/unit. The advisor is responsible for supervising the student’s graduate program. The advisor is the student’s first point of contact at the University of Manitoba, and therefore should be familiar with the general policies and regulations of the Faculty of Graduate Studies as well as the specific supplementary regulations of their academic department/unit. In this capacity, the advisor assists the student in planning the graduate program, and ensures that the student is aware of all graduate program requirements, degree regulations, and general regulations of the academic department/unit, the Faculty of Graduate Studies, the university, and external funding agencies. The advisor provides counsel for all aspects of the graduate program, and stays informed of the student’s scholarly activities and progress. The student’s advisor also acts as a channel of communication to the student’s advisory committee, the department/unit and the Faculty of Graduate Studies.

The advisor must:

- hold an appointment in the student’s department/unit.
- be a member of the Faculty of Graduate Studies*;
- hold a Ph.D. or equivalent**;
- be active in research; and
- have expertise in a discipline related to the student’s program.
How do I know what to expect with my advisor?

Advisor Student Guidelines (ASG)
Instructions

ALL thesis based graduate students and advisors must submit an Advisor Student Guidelines. The Faculty of Graduate Studies no longer accepts paper copies of these forms.

The online ASG application is now found in JUMP - umanitoba.ca/JUMP

NOTE: The ASG is to be filled out and submitted with both the Advisor and Student present. The Advisor must log into to their JUMP account first, fill out the form with the student, submit the form, and log out. Next the student must log into their JUMP account and either accept or reject the ASG that was just made.

Step 1: Advisors: Login to your JUMP account.
Progress Reports

• Annual – June 1
• No more than once per term

Has the student met with the advisor(s) or the advisory committee during the reporting period?

Part C | Student’s Progress
(to be completed for all students)

Provide a detailed list of goals met in this reporting period. (Attach a separate sheet if additional space is required for any section.)
Student Rating (please select one)

- **Satisfactory**: Student meets or exceeds minimum expectations.
- **In Need of Improvement**: Student does not meet minimum expectations. If the student does not achieve specific and measurable goals, they must achieve the detailed list of goals and timelines (to be attached to this form) by the next in-person committee meeting date (typically 4 months after this rating is given). If second consecutive “In need of improvement” assessment, the student must withdraw from their program.
- **Unsatisfactory**: Student should be requested to withdraw. Clearly detail the reason(s) for this rating.

MANDATORY: Provide sufficient detail to justify the student rating. (Attach separate sheet if additional space is required.)

Provide a detailed list of goals and specific timelines expected for the next reporting period. (Attach separate sheet if additional space is required for any reason.)

- Department/Unit Signature: [Signature] Date [mm/dd/yyyy]

---

**UM Faculty of Graduate Studies**
How long do I have in my program?

Time to Completion

Master’s

The maximum time allowed for the completion of the Master’s degree is four (4) years for students declared as full-time and six (6) years for students declared as part-time (see section 1.4.1 for information on calculating maximum time for students). Individual department/units and/or programs may have specified minimum and maximum time limits, and students should periodically check department/unit supplemental regulations regarding these specific requirements.

Ph.D.

A student’s candidature shall lapse if he/she fails to complete the degree within six (6) years following initial registration in the Ph.D. program. For those students who transfer from the Master’s to the Ph.D., years spent in the Master’s program are counted as years in the Ph.D. program.

Ph.D. students who are declared as part-time will receive an additional four (4) months in time to complete their program for every two (2) years (24 months) they are declared as part time (see section 1.4.1) to a maximum of seven (7) years.

Mitacs workshops

Mitacs is a not-for-profit organization specializing in research and training. Mitacs graduate student workshops are designed to build competencies in four key areas that are recognized as vital to professional success. Each workshop addresses one or more of the following competencies:

1. Leadership and management
2. Communication and relationship building
3. Personal and professional management
4. Entrepreneurialism

We will be hosting the following workshops during the 2020-21 academic year:

- **Foundations of Project Management I**
  Two-day workshop offered May and November 2020

- **Time Management**
  Full-day workshop offered June 2020

- **Business Writing for Today’s Professional**
  Full-day workshop offered June 2020

- **Essentials of Productive Teams**
  One-day workshop offered October 2020

- **Build Your Scientific and Technical Writing Skills**
  Full-day workshop offered November 2020

- **Foundations of Project Management II**
  Two-day workshop offered November 2020

- **Skills of Communication**
  Full-day workshop offered November 2020

- **Practice Your Presentation Skills**
  Full-day workshop offered February 2021

- **Networking Skills**
  Full-day workshop offered March 2021

Registration

Registration for Mitacs training workshops is through Mitacs EDGE. To register:

- You will be required to create a new account
- Select your Learner Affiliation on the EDGE Registration Portal
- Carefully select your current Mitacs Program Affiliation (if you are not a Mitacs Intern or program participant, select “General”)

A $50 pre-authorization of a valid credit card is required to register. The pre-authorization is temporary and is usually reversed in two to three business days, sometimes sooner.

A $50 penalty is applied to all late cancellations (those made fewer than five days before the workshop date), no shows or incomplete attendance. This penalty is charged only after the workshop takes place. No charge is made to students who participate in full.
#UMGradGoals

University of Manitoba Graduate Goals

Purpose

#UMGradGoals is an online guide for University of Manitoba Master’s and PhD students that identifies important academic goals and program milestones that every student should be aware of and aim to achieve so as to ensure success in their academic career.

Who Is It For?

#UMGradGoals is intended to provide all incoming and continuing graduate students with key academic program, funding, and professional development information at the University of Manitoba.

Incoming students should review all of the outlined goals and milestones before beginning their graduate program. Continuing students should revisit and review their goals regularly to make sure they are on track to graduate.

Sharing your #UMGradGoals via the Faculty of Graduate Studies (FGS) website, Facebook page, and Twitter feed helps to inspire current and future students by showcasing the innovative work that University of Manitoba graduate students are doing, and the positive impacts of this work locally, nationally, and internationally. #UMGradGoals also serves to connect graduate students across disciplines to foster a sense of community that provides support to see every individual succeed.

Stage one: Be prepared

It's important to learn about your new department in advance. Take the time to connect.

Stage two: Make a plan

You are more likely to have a successful graduate student experience with a clear plan in place.

Stage three: Assess your progress

Check in on your progress midway through your studies to be sure you're on track to complete the program.

Stage four: Plan for the future

In the final stages of your graduate degree program, remain focused on your ultimate goal: completing your degree.

Career Compass: Graduate Studies

Map out your career pathway from the start of your academic journey!

Engage in opportunities to support your career success, while learning about the knowledge, skills and attributes that employers are seeking!

This guide is intended to support graduate students in their career planning. Though useful for all graduate students, there is significant guidance for Master's and PhD students in thesis or research-focused programs. Students in all programs, including terminal or professional programs are also encouraged to utilize other resources provided by Career Services, your academic department and relevant professional associations. Career Services’ occupational library is a hub for many of these resources.

To use this tool, click on the titles below to expand each section. Graduate Studies at UM includes an outline of skills students can expect to gain during their studies. Sample Jobs provides a listing of occupational titles that graduates might choose to pursue. What do employers want? highlights the top ten skills and qualifications for jobs requiring graduate-level education.

Within the sections Getting Started, Intermediate Steps, Final Steps, tips and resources are organized within four subsections:

1. Personal and Professional Development,
2. Career Planning Tips,
3. Work & Volunteer Experience,

For academic guidance:

- Refer to the Academic Calendar for program requirements and academic regulations.
- Utilize #UMGradGoals to help you meet key goals, actions and milestones as you progress through your studies. This tool is an academic success hub and includes academic reminders, and awards and funding information.
