The workshop will begin shortly.
The University of Manitoba campuses are located on original lands of Anishinaabeg, Cree, Oji-Cree, Dakota, and Dene peoples, and on the homeland of the Métis Nation. We respect the Treaties that were made on these territories, we acknowledge the harms and mistakes of the past, and we dedicate ourselves to move forward in partnership with Indigenous communities in a spirit of reconciliation and collaboration.
Notification of Photography and Recording

Photographs and/or video and/or audio recordings of this event may be produced. The photographs and/or video may include your recognizable image. By participating in this event, you consent to being photographed, videotaped, and/or audio recorded, and you authorize the University of Manitoba to use the photographs, videos, and/or audio recordings in its activities, at its events, and in its promotional material, in print or electronic format, including on the internet via the university's website or other social media websites. Personal information obtained at this event is collected in accordance with the University of Manitoba Act.

ALL graduate students must register for and complete GRAD 7500

- Zero (0) credit-hour course
- Online
- Seven (7) Units
- 45-60 minutes to complete each Unit
- PASS requires 100% on Final Quiz
- Five (5) attempts of Final Quiz
- Remediation
  - Workshop with course coordinator

GRAD 7500 - Academic Integrity

The University of Manitoba upholds a high standard of academic integrity across all faculties, departments and schools. Students must demonstrate knowledge of the university’s rules regarding academic integrity, plagiarism, and cheating. Penalties for breaching these rules can result in suspension or even expulsion from your program of study.

This is a zero (0) credit hour course that will introduce you to your basic responsibilities regarding academic integrity and to the resources designed to support you in this endeavour.

There is no enrolment fee for this course.

Course description

GRAD 7500 is an online tutorial made up of seven units. These units:

- explore what is meant by academic integrity
- demonstrate what is considered to be academic misconduct
- help you identify strategies to avoid academic misconduct and achieve with integrity in and beyond the classroom
- provide valuable resources to facilitate achieving this gold standard of scholarly conduct

Working through the course

You will complete the course online on the UM Learn learning platform.

To get the most from this learning experience, we suggest you complete one unit every three days; however, you are free to move through the course at your own pace.

You must read all of the information, watch each video, and participate in each discussion, reflection and quiz within the seven units to access and complete the final quiz. Each of the units will take approximately 45 to 60 minutes to complete.

Refer to the GRAD 7500 tutorial instructions if you run into difficulties.
Grad 7300 – Research Integrity

Course overview

GRAD 7300 Research Integrity is a zero (0) credit-hour interactive online course that is accessed through UM Learn. As a Bona Fide Academic Requirement (BFAR), GRAD 7300 is mandatory for all graduate students at the University of Manitoba. It has been identified as a BFAR because research integrity applies to all disciplines and all types of academic programs. GRAD 7300 reviews key concepts of responsible professional behaviour through a wide lens of “research” which spans text-based studies, creative and scholarly activities, as well as research requiring data collection.

Effective Fall 2020, GRAD 7300 must be completed in the first year of a graduate student’s program. Completing GRAD 7300 prior to or during the application process to any ethics boards which are appropriate to the student’s research is strongly encouraged.

When do I need to take it?

If you have not already taken the Research Integrity Tutorial, you need to register in GRAD 7300 and complete the tutorial within your first year in the program.

It is beneficial for students to complete GRAD 7300 Research Integrity Tutorial prior to submitting their ethics application. However, the REB process will not be halted because GRAD 7300 has not been completed.

The completion of GRAD 7300 is an FGS Academic Guide policy and not a policy of the ethics offices.

If you have completed the TCPS 2: CORE (Course on Research Ethics) tutorial, you must still take GRAD 7300. These courses are complementary, not redundant to one another.

Core modules

- Good Research Conduct
- Irresponsible Research Practices
- Planning Your Research
- Managing and Recording Your Research
- Data Selection, Analysis and Presentation
- Scholarly Publication
- Professional Responsibilities
- Communication, Social Responsibility and Impact

ALL graduate students must register for and complete GRAD 7300

- Zero (0) credit-hour course
- Online
- 8 core modules, with 7 supplementary modules.
- 5 hours in duration
- 80% required to pass each core module

umanitoba.ca/graduate-studies/student-experience/core-academic-requirements
Advisory Committee:
For the research-based Master’s: within one month of beginning the program, each student, in consultation with his/her advisor, will select an advisory committee and submit their names to the Chair of the Graduate Student Affairs Committee for approval.

For the GCP: each student, in consultation with his/her advisor, and the GCP Program Director, will select an advisory committee and submit their names to the Chair of the Graduate Student Affairs Committee for approval before the end of the Fall semester in the first year of the program.

For both programs:
Advisory committees are responsible to:
1. monitor the student’s program of study, academic progress, and thesis research progress;
2. provide advice to the students on research or other matters connected with their programs of study;
3. conduct a formal annual review of the student’s progress in time to file the Annual Progress Report of Graduate Studies by June 1st of each calendar year;
4. conduct a Fall BMG Review of the student’s progress in time to file a report to the Chair of

Appendix I – Thesis/Practicum Types

https://umanitoba.ca/graduate-studies/supplementary-regulations
Supplementary regulations

The Faculty of Graduate Studies is a pan-University faculty charged with the oversight of the administration of all graduate programs at the University.

Supplementary regulations by unit

The Faculty of Graduate Studies Academic Guide regulations apply to all graduate students in all programs in all academic units. Individual units may require specific requirements above and beyond those in the Academic Guide document, and students should consult unit supplementary regulations for these specific regulations. All unit supplementary regulations require approval of the Faculty of Graduate Studies.

For my Master’s who can be my Advisor?

Advisory committees are selected by the advisor/co-advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice and guidance to the student during his/her research program. The advisory committee must consist of a minimum of three (3) members (including the advisor/co-advisor), at least two (2) of whom must be members of the Faculty of Graduate Studies.

Who can be on my committee?

https://umanitoba.ca/graduate-studies/supplementary-regulations
For my doctorate, who can be my Advisor?

5.2.1 Student's Advisor

Every Ph.D. student must have an advisor throughout their program, appointed by the Head of the department/unit. The advisor is responsible for supervising the student’s graduate program. The advisor is the student’s first point of contact at the University of Manitoba, and therefore should be familiar with the general policies and regulations of the Faculty of Graduate Studies as well as the specific supplementary regulations of their academic department/unit. In this capacity, the advisor assists the student in planning the graduate program, and ensures that the student is aware of all graduate program requirements, degree regulations, and general regulations of the academic department/unit, the Faculty of Graduate Studies, the university, and external funding agencies. The advisor provides counsel for all aspects of the graduate program, and stays informed of the student’s scholarly activities and progress. The student’s advisor also acts as a channel of communication to the student’s advisory committee, the department/unit and the Faculty of Graduate Studies.

The advisor must:

- hold an appointment in the student's department/unit.
- be a member of the Faculty of Graduate Studies*;
- hold a Ph.D. or equivalent**;
- be active in research; and
- have expertise in a discipline related to the student’s program.
How do I know what to expect with my advisor?

Instructions

ALL thesis based graduate students and advisors must submit an Advisor Student Guidelines. The Faculty of Graduate Studies no longer accepts paper copies of these forms.

The online ASG application is now found in JUMP - umanitoba.ca/JUMP

NOTE: The ASG is to be filled out and submitted with both the Advisor and Student present. The Advisor must log into their JUMP account first, fill out the form with the student, submit the form, and log out. Next the student must log into their JUMP account and either accept or reject the ASG that was just made.

Step 1: Advisors: Login to your JUMP account.
How do I know if I am doing OK?

Student Rating (please select)

- Satisfactory
- In Need of Improvement
  - Student does not meet minimum expectations.
  - If first "in need of improvement" assessment, re-registration will be allowed. Student must achieve the detailed list of goals and timelines (to be attached to this form) by the next in-person committee meeting date (typically 4 months after this rating is given).
  - If second consecutive "in need of improvement" assessment, the student will normally be withdrawn from the program.
- Unsatisfactory
  - Student should be required to withdraw. Clearly detail the reason(s) for this rating.

Provide a detailed list of goals and specific timelines expected for the next reporting period. (Attach a separate sheet if additional space is required for any section.)

January 28 - Sleep and the Important Role it Plays in the Lives of University Students

Canceling attendance
If you cannot attend a workshop, log in prior to workshop start to decline your attendance. Or you can send an email to the Faculty of Graduate Studies with your full name and workshop title.
Mitacs workshops

Mitacs is a not-for-profit organization specializing in research and training.

Starting October 2021, Mitacs has launched a new curriculum designed to complement the hands-on research skills and experience gained by participants of Mitacs programs to better align content with the competencies needed by industry partners and employers, and to respond to modern learning preferences.

The new curriculum is transitioning away from fully in-person and fully online course offerings to a hybrid ‘course bundle’ model, in which asynchronous requirements must be completed to register for the synchronous portion, now lasting 1-3 hours, instead of a full day.

The following course bundles are now available on EDGE:

**PROJECT AND TIME MANAGEMENT**
**Prerequisite:** Spur up your project and time management skills
**Bundle:** Project and time management
**Dates:** January 27, February 24, & March 7, 2022
**Time:** 10:30 am - 12:30 pm Central Time

**MASTERING THE ELEVATOR PITCH**
**Prerequisite:** Boost your career
**Bundle:** Career planning
**Dates:** January 31, 2022
**Time:** 10:30 am - 12:30 pm Central Time

**FRAMING YOUR PROJECT IN A MASTERFUL PRESENTATION**
**Prerequisite:** Refine your writing and presentation skills
**Bundle:** Writing and presentation skills
**Dates:** February 9, 2022
**Time:** 10:30 am - 12:30 pm Central Time

**APPLYING THE PRINCIPLES OF SOUND LEADERSHIP AND TEAM BUILDING**
**Prerequisite:** High performing principles of sound leadership and team building
**Bundle:** Leadership skills
**Dates:** March 16, 2022
**Time:** 3:00 - 4:30 pm Central Time

To register, visit [Mitacs EDGE](https://mitacs.ca/edge). If you have any questions or have issues with your EDGE account, please contact the Mitacs Training team.

For registration instructions, please see [How to register for a course bundle on EDGE (PDF)](https://mitacs.ca/edge).
Plan your success with #UMGradGoals

Move ahead with confidence as a graduate student. Understand the big picture and the actions you need to take throughout your academic career. #UMGradGoals give you the important academic program, funding and professional development information that will help you succeed.

Share your #UMGradGoals

Share your #UMGradGoals with other students to talk about your progress, establish connections, and build your UM community across different disciplines and campuses.

Find us on Facebook  Find us on Twitter

Succeed at each stage of your academic career

Know your key goals, actions, and milestones as you work through your degree program.

Stage one: Be prepared
It's important to learn about your new department in advance. Take the time to connect.

Stage two: Make a plan
You are more likely to have a successful graduate student experience with a clear plan in place.

Stage three: Assess your progress
Check in on your progress midway through your studies to be sure you're on track to complete the program.

Stage four: Plan for the future
In the final stages of your graduate degree program, remain focused on your ultimate goal: completing your degree.

Career Compass: Graduate Studies

Map out your career pathway from the start of your academic journey!

Engage in opportunities to support your career success, while learning about the knowledge, skills and attributes that employers are seeking!

This guide is intended to support graduate students in their career planning. Though useful for all graduate students, there is significant guidance for Master’s and PhD students in thesis or research-focused programs. Students in all programs, including terminal or professional programs are also encouraged to utilize other resources provided by Career Services, your academic department and relevant professional associations. Career Services’ occupational library is a hub for many of these resources.

To use this tool, click on the titles below to expand each section. Graduate Studies at UM includes an outline of skills students can expect to gain during their studies. Sample Jobs provides a listing of occupational titles that graduates might choose to pursue. What do employers want? highlights the top ten skills and qualifications for jobs requiring graduate-level education.

Within the sections Getting Started, Intermediate Steps, Final Steps, tips and resources are organized within four subsections:

1. Personal and Professional Development,
2. Career Planning Tips,
3. Work & Volunteer Experience,

For academic guidance:

- Refer to the Academic Calendar for program requirements and academic regulations.
- Utilize #UMGradGoals to help you meet key goals, actions and milestones as you progress through your studies. This tool is an academic success hub and includes academic reminders, and awards and funding information.

Student Services
Support for everyday life

**Safety**
We take a proactive approach to safety and security on our campuses. Learn about our safety and security initiatives.

**Financial supports**
Find out what awards, government aid and other funding is available to you.

**Housing**
The experience of living on campus will enhance your educational and personal growth. Learn what options are available to you both on and off campus.

**Career planning**
When options feel endless, it can be hard to choose a path. Career Services will help connect your academics, interests and strengths with experiences to build the knowledge, skills and attributes employers are seeking.

**Accessibility**
We provide support and advocacy for students with disabilities and accessibility issues, including visual, hearing, learning, mental health, medical, physical, injury-related or temporary.

**Child care**
We are committed to providing services and supports that help our students and staff with children thrive, including on-campus child care, change tables, breastfeeding friendly spaces and more.

Health and wellness

**Wellness**
Wellbeing is the foundation of student success. Learn how we can help support your commitment to physical and mental wellbeing.

**Counselling resources**
Sometimes, when talking with your friends or family isn't possible or isn't enough, it helps to talk with a professional. We offer students a variety of on-campus and off-campus counselling supports.

**Spiritual services**
Spiritual Care is available to all, whether you identify as spiritual, atheist, religious or agnostic. We recognize, affirm and work with your existing values and beliefs.

Support for academic success

Academic support comes in many forms—from faculty, peers or from our dedicated Academic Learning Centre. Whether you need an academic advisor to help point you in the right direction, ongoing support, or additional advocacy, we have the resources and staff to guide you.

Student services at Bannatyne campus

As a service hub for students and residents in the Rady Faculty of Health Sciences, we provide the supports and referrals you need for personal and academic success. All our services are free and confidential, and we work hard to accommodate your schedule.

Need emergency support?

Call campus security at 204-789-3330 or use one of the links below.

- Emergency numbers and resources
- Sexual violence help and info

Important Notice: Effective March 17, 2020, Student Services at Bannatyne Campus will be meeting with students and residents through phone and email only. No in-person appointments will be made at this time. To book an appointment with any of our services, please contact 204-272-3190 or email bcas@umanitoba.ca. The office is available for phone and email inquiries Monday-Friday between 8:30am - 4:30pm. Thank you for your understanding.

Zoom Wellness Drop-in for Health Sciences Students

July 16, 12:00 - 1:00 pm. Tuning-in: Reflecting on the Needs of the Whole Self in the Midst of Change

Technical issues during exams?
COVID-19 Updates

The University of Manitoba is committed to supporting the academic success, health and well-being of all students. We are continuing to provide all supports, programs and services. This page is your gateway to the most up-to-date information and resources on and off-campus.

umanitoba.ca/coronavirus/students
umanitoba.ca/graduate-studies/covid-19-updates
COVID-19 vaccine information

On Aug. 19, President Benaroch announced that vaccines will be required for everyone on campus starting in late fall of 2021. This vaccine protocol is in place for the balance of the 2021-22 academic year. All UM employees and students must immediately upload proof of full vaccination to our secure website, in advance of the November 14 deadline.

The University of Manitoba will require faculty, staff, students and visitors to campus to be fully vaccinated against COVID-19. Individuals aged 12 and over are required to have their first dose by September 22, 2021 and their second dose by the end of October 2021.

UM wants to ensure our campuses are as safe as possible for our community and to allow us to return to as much in-person activity as we can, as quickly and safely as we can.

Upload your proof of vaccination now. If you are not vaccinated or do not submit your proof of vaccination, you will be required to undergo frequent rapid asymptomatic testing and abide by enhanced restrictions.
International Centre

The International Centre is the University of Manitoba’s hub for all things global. Whether you’re a student looking to explore, a faculty member looking for international partners or a researcher hoping to work with us, we’re here to support you.

COVID-19 (coronavirus) update: We understand the current situation is particularly difficult for you. Please reach out for information and support specific to your personal situation through a private, confidential conversation with an international student advisor (ISA) at the International Centre. Due to social distancing directives, until further notice, ISA appointments will take place by email or a pre-scheduled Zoom meeting. Make an appointment by emailing international@umanitoba.ca with your name and student number. Visit the COVID-19 webpage for the latest UM information and updates.
Programs to help you succeed

Quailko Bridge to Success
The goal of the Quailko Bridge to Success Program is to facilitate the transition of new Indigenous (First Nations, Inuit, Métis) students into post-secondary education at UM. It assists you in choosing a major, acquiring career orientation, activities, academic learning support, advising, peer mentoring and special events that will enhance your first year experience. There is no cost to participate in this program.

Blankstein Momentum Program
The Blankstein Momentum Program for returning Indigenous students. This program is designed to provide you with access to supports that can help in your post-secondary persistence, overall well-being and personal success.
For more information, please visit the Registrar’s Office webpage at [umanitoba.ca/registrar](http://umanitoba.ca/registrar).
