UM

Faculty of Graduate
and Postdoctoral Studies

The University of Manitoba Traditional Territories Acknowledgement

The University of Manitoba campuses and research spaces are located on original lands of Anishinaabeg, Ininiwak, Anisininewuk, Dakota Oyate, Dene and Inuit, and on the National Homeland of the Red River Métis.

UM recognizes that the Treaties signed on these lands are a lifelong, enduring relationship, and we are dedicated to upholding their spirit and intent. We acknowledge the harms and mistakes of the past and the present. With this understanding, we commit to supporting Indigenous excellence through active Reconciliation, meaningful change, and the creation of an environment where everyone can thrive. Our collaboration with Indigenous communities is grounded in respect and reciprocity and this guides how we move forward as an institution.

Grad 7500 – Academic Integrity

GRAD 7500 - Academic Integrity

All graduate students must complete GRAD 7500 Academic Integrity in their first term of study.

The University of Manitoba upholds a high standard of academic integrity across all faculties, departments and schools. Students must demonstrate knowledge of the university's rules regarding academic integrity, plagiarism, and cheating. Penalties for breaching these rules can result in suspension or even expulsion from your program of study.

This is a zero (0) credit hour course that will introduce you to your basic responsibilities regarding academic integrity and to the resources designed to support you in this endeavour.

There is no enrolment fee for this course.

Course description

GRAD 7500 is an online tutorial made up of seven units. These units:

- explore what is meant by academic integrity
- demonstrate what is considered to be academic misconduct
- help you identify strategies to avoid academic misconduct and achieve with integrity in and beyond the classroom
- provide valuable resources to facilitate achieving this gold standard of scholarly conduct

Working through the course

You will complete the course online on the UM Learn learning platform.

To get the most from this learning experience, we suggest you complete one unit every three days; however, you are free to move through the course at your own pace.

You must read all of the information, watch each video, and participate in each discussion, reflection and quiz within the seven units to access and complete the final quiz. Each of the units will take approximately 45 to 60 minutes to complete.

Refer to the [GRAD 7500 tutorial instructions](#) if you run into difficulties.

ALL graduate students must register for and complete GRAD 7500

- Zero (0) credit-hour course
- Online
- Seven (7) Units
- 45-60 minutes to complete each Unit
- 24-hour release delay between Units
- PASS requires 95% on Final Quiz
- Five (5) attempts of Final Quiz
- New content on genAI
- Remediation
 - ✓ Workshop with course coordinator

Generative AI

- **The Academic Guide indicates the use of Generative Artificial Intelligence is prohibited for submissions of any degree program requirement unless the department/unit supplementary regulations allow it.**
 - When conducting research at the University of Manitoba, graduate students are considered researchers and must be familiar with and adhere to the Responsible Conduct of Research and Code of Research Ethics policies and procedures.
 - There are FAQs in GRAD 7500 to point out places to look for information, they are also here.
 - [Resources for Faculty, Staff, and Students](#)
- If you are in doubt about whether you should use genAI technology to support your graduate research, **please discuss with your research supervisor/advisor and your examining committee before using it.**

Grad 7300 – Research Integrity

Course overview

GRAD 7300 Research Integrity is a zero (0) credit-hour interactive online course that is accessed through UM Learn. As a Bona Fide Academic Requirement (BFAR), GRAD 7300 is mandatory for all graduate students at the University of Manitoba. It has been identified as a BFAR because research integrity applies to all disciplines and all types of academic programs. GRAD 7300 reviews key concepts of responsible professional behaviour through a wide lens of “research” which spans text-based studies, creative and scholarly activities, as well as research requiring data collection.

Effective Fall 2020, GRAD 7300 must be completed in the first year of a graduate student’s program. Completing GRAD 7300 prior to or during the application process to any ethics boards which are appropriate to the student’s research is strongly encouraged.

When do I need to take it?

If you have not already taken the Research Integrity Tutorial, you need to register in GRAD 7300 and complete the tutorial within your first year in the program. 

It is beneficial for students to complete GRAD 7300 Research Integrity Tutorial prior to submitting their ethics application. However, the REB process will not be halted because GRAD 7300 has not been completed.

The completion of GRAD 7300 is an FGS Academic Guide policy and not a policy of the ethics offices.

If you have completed the TCPS 2: CORE (Course on Research Ethics) tutorial, you must still take GRAD 7300. These courses are complementary, not redundant to one another.

Core modules

- Good Research Conduct
- Irresponsible Research Practices
- Planning Your Research
- Managing and Recording Your Research
- Data Selection, Analysis and Presentation
- Scholarly Publication
- Professional Responsibilities
- Communication, Social Responsibility and Impact

ALL graduate students must register for and complete GRAD 7300

- Zero (0) credit-hour course
- Online
- 8 core modules, with 7 supplementary modules.
- 5 hours in duration
- 80% required to pass each core module

Supplementary regulations

The Faculty of Graduate and Postdoctoral Studies is a pan-University faculty that is responsible for the oversight of the administration of all graduate programs at the University.

Supplementary regulations by unit

The regulations in the Faculty of Graduate and Postdoctoral Studies Academic Guide apply to all graduate students in all programs in all academic units. Individual programs/units may require specific requirements above and beyond those in the Academic Guide, and students should consult the supplementary regulations governing their program for these specific regulations. All supplementary regulations require approval of the Faculty of Graduate and Postdoctoral Studies. Note that the supplementary regulations linked below may be organized by department/unit or by program.

Agribusiness and Agricultural Economics

 [Agribusiness and Agricultural Economics \(PDF\)](#)

 [Agribusiness and Agricultural Economics \(Word\)](#)

Animal Science

 [Animal Science \(PDF\)](#)

 [Animal Science \(Word\)](#)

Note: This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria.	
6.3 Program Requirements In general, students must complete one of the programs of study described below for the Master's degree. However, the program of study is determined by the department/unit and may follow the department/unit's supplementary regulations. . Some programs are subject to an external accrediting body. In such programs, the credit hours and course requirements shall reflect the requirements of the department/unit's external accrediting body. Students should refer to department/unit supplementary regulations. Any single course cannot be used for credit toward more than one degree.	Students may earn the M.A. degree only through the thesis option.
6.3.1 Thesis/Practicum Route A minimum of twelve (12) credit hours of coursework, unless otherwise stated in the department/unit's supplementary regulations, plus a thesis or practicum is required. The minimum must include at least six (6) credit hours at the 7000-level or above, with the balance of the coursework at the 3000-level or above. A maximum of twenty-four (24) credit hours of coursework is allowed unless the department/unit's supplementary regulations indicate otherwise. The student must complete the thesis/practicum at The University of Manitoba.	Students must complete: (1) 12 credit hours of coursework at the 7000 level, including at least 9 credit hours of Anthropology courses; (2) a mandatory pass/fail ANTH 7000 Professional Development in Anthropology course; and (3) a thesis. Elective coursework is selected in consultation with the advisor, and must be approved by the Department Head.
6.3.2 Course-based, Major Research Paper, Project or Comprehensive Examination Route A minimum of twenty-four (24) credit hours of coursework is required. If the student is in the comprehensive examination route, a comprehensive examination(s) is required. The minimum must include at least eighteen (18) credit hours at the 7000-level or above with the balance of the coursework at the 3000-level or above. A maximum of forty-eight (48) credit hours of coursework is allowed unless a department/unit's supplementary regulations indicate otherwise. Refer to unit supplementary regulations concerning specific regulations on coursework, major research paper, project and/or comprehensive examination requirements.	
6.3.3 Language Requirements Some department/units specify an additional language requirement for the Master's degree. Students should check department/unit supplementary regulations regarding this requirement.	Not required.

How do I know what to expect with my advisor ?

The screenshot shows the University of Manitoba Graduate Studies Hub website. The header includes the UM logo and the text "Graduate Studies Hub". The navigation bar has links for "Home", "Professional Development and Resources", "Program Requirements" (which is highlighted), and "Other Pages". A "Send to" button and an "Immersive Reader" icon are also visible. The main content area features a large image of a pen writing on a document with the word "Signature" visible. Overlaid on this image is a blue box with the text "GRADUATE STUDIES HUB: PROGRAM REQS." and "Advisor-Student Guidelines". Below the image, the section "Advisor-Student Guidelines (ASG)" is displayed, followed by a paragraph explaining the guidelines and a section for "Quick Links" with three items: "External Users", "Submit a request for external access to the Graduate Studies Hub", and "Submit your feedback: Advisor-Student Guidelines".

How do I know if I am making progress?

Annual Progress Reports are due June 1

- No more than once per term
- It reviews the past year and sets goals for the next year or period.

[Progress Report](#)

This form must be completed at least annually but no more than once every four months and returned to FGPS no later than June 1 of every year. Failure to provide a Progress Report by June 1 will result in a registration restriction.

For the period from to

Part A | Program of Study Status (to be completed for all students)

Student Name (LAST, First) Student Number

Major Department / Unit Program Start Date (mm/yyyy)

Student Status ☐ Full-Time ☐ Part-Time Expected Program Completion Date (mm/yyyy)

Program of Study? ☐ Ph.D. ☐ Master's thesis ☐ Master's practicum ☐ Master's comprehensive

☐ Master's project ☐ Master's coursework ☐ Master's major research paper

Coursework Completed? ☐ Yes ☐ No If no, please indicate the number of credit hours yet to be completed

Coursework Current? (within 7 years) ☐ Yes ☐ No

Students are responsible for ensuring that they meet degree and program requirements. The advisor (and co-advisor), advisory committee and the department/unit must ensure that each student follows Faculty of Graduate and Postdoctoral Studies and department/unit guidelines and meets all program requirements. The Faculty of Graduate and Postdoctoral Studies performs a final check of Faculty of Graduate and Postdoctoral Studies minimum requirements for each student just prior to graduation. Students are cautioned, therefore, to periodically check all regulations with respect to their degree requirements. **Failure to meet all requirements will render a student ineligible to graduate.**

Part B | Thesis or Practicum Routes (to be completed for Ph.D. and Master's students in the thesis or practicum routes only)

Advisor Student Guidelines Completed? ☐ Yes ☐ No Reviewed Currently? ☐ Yes ☐ No

*The Advisor Student Guidelines (ASG) must be completed as soon as possible after registration, but no later than at the time of submission of the first progress report. The ASG only needs to be completed once during a student's program, unless the student changes advisor(s), and/or the terms of the agreement change, in which case a new ASG would be required. FGPS recommends that the ASG be reviewed once per year. The ASG form is available only online through SharePoint.

Has the student met with the advisor(s) or the advisory committee during the reporting period?

Note: Ph.D. students must meet with their entire committee at the same time at least once a year to review the student's progress, as per FGPS regulations.

☐ Yes, met with advisory committee

☐ Yes, advisor(s) only Please indicate why

☐ No Please indicate why

Expected Completion Date

Practicum Stream Only Practicum topic approved? ☐ Yes ☐ No

Thesis Stream Only Thesis proposal approved? ☐ Yes ☐ No

Ethics approved? ☐ Yes ☐ No ☐ N/A

Research completed? ☐ Yes ☐ No

Ph.D. Students Only Candidacy exam completed? ☐ Yes ☐ No

How long do I have to complete my program?

Time to Completion

Master's

The maximum time allowed for the completion of the Master's degree is four (4) years for students declared as full-time and six (6) years for students declared as part-time (see Student Status/Categories of Students for information on calculating maximum time for students). Individual departments/units and/or programs may have specified minimum and maximum time limits.

Ph.D.

The maximum time allowed for the completion of the Ph.D. degree is six (6) years following initial registration in the Ph.D. program. For those students who transfer from the Master's to the Ph.D., years spent in the Master's program are counted as years in the Ph.D. program.

Career Compass: Graduate Studies

Map out your career pathway from the start of your academic journey!

Engage in opportunities to support your career success, while learning about the knowledge, skills and attributes that employers are seeking!

This guide is intended to support graduate students in their career planning. Though useful for all graduate students, there is significant guidance for Master's and PhD students in thesis or research-focused programs. Students in all programs, including terminal or professional programs are also encouraged to utilize other resources provided by Career Services, your academic department and relevant professional associations. [Career Services' occupational library](#) is a hub for many of these resources.

To use this tool, click on the titles below to expand each section. **Graduate Studies at UM** includes an outline of skills students can expect to gain during their studies. **Sample Jobs** provides a listing of occupational titles that graduates might choose to pursue. **What do employers want?** highlights the top ten skills and qualifications for jobs requiring graduate-level education. Within the sections **Getting Started**, **Intermediate Steps**, **Final Steps**, tips and resources are organized within four subsections:

1. Personal and Professional Development,
2. Career Planning Tips,
3. Work & Volunteer Experience,
4. Community & Research Connections.

For academic guidance:

- Refer to the [Academic Calendar](#) for program requirements and academic regulations.
- Utilize [#UMGradGoals](#) to help you meet key goals, actions and milestones as you progress through your studies. This tool is an academic success hub and includes academic reminders, and awards and funding information.

Funding and awards

UM provides over \$13 million in funding to graduate students through aid, stipends, scholarships and fellowships. These opportunities recognize your academic achievement, fund your research and help cover the costs of your education.

 On this page

[Browse the FGPS Award Database](#)

Faculty of Graduate and Postdoctoral studies travel award / grant

The Faculty of Graduate and Postdoctoral Studies allocates funds to assist Master's and Ph.D. students with costs for travel for presentations of papers, posters, or other creative work pertinent to their studies. Approved events include conferences, major festivals or other artistic events sponsored by recognized national or international organizations.

Eligibility

- Applicants must be students in good standing, registered and enrolled full-time in a Masters or Ph.D. program at the time of the event.
 - Applicants must have achieved a minimum degree grade point average (GPA) of 3.5 in the last 60 credit hours of study (or equivalent) and are in good standing.
 - Students may not receive funding more than once at the Masters level or more than twice at the Ph.D. level.
 - Papers / posters must be relevant to your program of study for presentation at a conference, festival or competition in the case of creative output endeavors, of a recognized national or international organization.
- Students with a GPA of 3.50+ in the most recent 60 credit hours of study are eligible for the FGS Travel Award.**

Students with a GPA of 3.00-3.49 in the most recent 60 credit hours are eligible for the FGS Travel Grant.

English Language Centre

English Language Centre

The English Language Centre (ELC) provides courses, tests, accommodations and individual support to students whose first language is not English in order to support academic success and participation in the University of Manitoba community.

Covid-19 (Coronavirus) - Information and updates can be found at <http://umanitoba.ca/coronavirus>

The English Language Centre provides quality in-person and remote programming to students and community members whose first language is not English. Our programs may be suited for you if you need to meet university English language proficiency admission requirements, hope to improve your academic English or are already studying at UM and want to enhance your academic English language skills.

There are many reasons to study with the English Language Centre:

- Smaller class sizes allow you to receive more individualized attention from instructors.
- Our classrooms at UM's Fort Garry campus help you become familiar with the campus where many of our students go on to complete degree programs.
- Field trips, social activities, workshops and other events provide opportunities to meet people and learn about Canadian culture while practicing your language skills.
- Our homestay program lets you live with a local Canadian family while you're here.

- [Employee rights](#)
- [Workplace safety and health committees](#)
- [Incident reporting and worker's compensation](#)
- [EHS training program](#)
- [Hazard assessments and safe work procedures](#)
- [Personal protective equipment \(PPE\)](#)
- [Working alone](#)
- [Harassment and violence prevention programs](#)

Student support at Migizii Agamik

Migizii Agamik - Bald Eagle Lodge is the home of the Indigenous Student Centre (ISC) student advisors and several student service providers. The student service providers all spend dedicated time at Migizii Agamik to make it easy for you to access the resources they offer.

Indigenous Student Centre advisors

Student advisors at the Indigenous Student Centre are here to help you achieve your academic goals. ISC student advisors can help with answering your questions about admission or registration, creating an academic plan, clarifying university policies, connecting you with important services, resources, programming and much more.

[Learn more about the Indigenous Student Centre advisors](#)

Join the Circle - Building Access

Join the Circle - Building Access

Sign up to become a Circle member and gain access to Migizii Agamik – Bald Eagle Lodge after hours*! Migizii Agamik is a great place to study and connect with the community. Circle members can access the computer lab and kitchen. Locker rentals are also available each September.

Migizii Agamik is open Monday-Friday from 8:30 a.m. to 4:30 p.m.

After-hours access requires Circle membership, which provides swipe access with your student ID between 4:30 p.m.-12 a.m. and from 7 a.m. to 8:30 a.m. There is no entry between 12 a.m.-7 a.m.

International Centre

The International Centre is the University of Manitoba's hub for all things global. Whether you're a student looking to explore, a faculty member looking for international partners or a researcher hoping to work with us, we're here to support you.

and Postdoctoral Studies

Graduate Student Information

Welcome to the graduate student section of Learn at the Libraries!

This page will help connect you to UM Libraries' resources and services for students enrolled in the Faculty of Graduate Studies, including information about writing, citing, our workshop programming, and research support services. As always, we are here to help! If you need further assistance don't hesitate to contact the librarian for your subject librarian.

[Find Your Librarian](#)

Registrar's Office

The Registrar's Office is a key information hub on campus. The Registrar's Office gathers information about enrolment, and academic and financial records. When you register with Aurora, you'll have access to registration material, including the course catalog.

Accessibility for students

Student Accessibility Services (SAS) is here to provide supports for students with disabilities and to foster success for your academic future. Reach out! If you need help and support as a student, we are here for you. Learn how to register or access accessibility resources below.

i We are on campus! Accessibility Coordinators and the Assistive Technologist are available for in-person, phone, email, or online appointments. Please contact an Accessibility Coordinator directly, the general office by phone [204-474-7423](tel:204-474-7423) or email student_accessibility@umanitoba.ca to book your appointment. The 520 University Centre office is available for in-person, phone and email inquiries Monday-Friday between 8:30am-4:30pm.

i Get the latest information on [service disruptions](#).

Resources for students and instructors

More information on how Student Accessibility Services can provide support.

How to register with Student Accessibility Services

Arranging for academic accommodations and support takes time. We highly encourage you to contact our office before you apply and immediately after accepting offers of admission in order to make your transition into university life successful.

Step 1: Submit the Disability Assessment Form

Step 2: Meet an accessibility advisor

Step 3: Communicate with your instructors

Step 4: Follow up if you need more help

New students:

It's essential to hand in your Disability Assessment Form if you need specific supports. Download the form here (PDF).

10 easy ways to mess up in graduate school

1. Disregard policies and regulations. The [Academic Guide](#) and [Supplementary Regulations](#) are important resources. The [Advisor-Student Guidelines](#) link to UM policies.
2. Ignore deadlines until the last minute. Note these carefully, they are communicated by email.
3. Don't bother with timelines for your program. These are in the [Academic Guide](#).
4. Remain entirely focused on your own work.
5. Select an easy supervisory committee.
6. Have supervisory meetings only when your research is going well.
7. Meet with your supervisor only when necessary.
8. Keep your supervisor in the dark about your activities and responsibilities.
9. Ignore conflicts until they become a crisis. umanitoba.ca/student-supports
10. Take unethical measures to ensure success. GRAD 7500 and 7300 will help outline best practices.

Based on Lee and Reithmeier 2024

The Apprenticeship Model

Jones 2021

- “Students who approach graduate education as a graduate ‘student’ i.e. one “who studies and/or who is enrolled for study at a school’ will neither seek nor recognize training opportunities that will help them success in their chosen careers. Thus, many graduate “students” are not competitive for the positions that they desire, nor are they optimally successful in the positions that they do procure.
- Conversely, students who view graduate training as an apprenticeship, i.e. an opportunity to participate in training activities that closely resemble the tasks that will be required in their profession, will likely master requisite skills and acquire experience that will make them competitive for the employment that they desire and, over time, these skills and experiences will contribute to their success in these positions.” p. 119

- **“Education is a lifelong journey whose destination expands as you travel.”**
 - Jim Stovall
