DEFINITIONS

STUDENTS

In 2006, the University of Manitoba introduced a new term-based Student Information System called Aurora. Reporting under Aurora is based on November 1st for the Fall Term (September to December) and March 1st for the Winter Term (January to April).

AURORA TERMS:

Fall Term: 13 weeks, September to December, reported at November 1st.

Winter Term: 13 weeks, January to April, reported at March 1st.

Summer Term: May through August, course duration varies.

UNDERGRADUATE STUDENTS

Undergraduate students are those who qualify directly for admission to a degree, diploma or certificate program other than one offered under the auspices of the Faculty of Graduate Studies.

Full-time students are those who enroll in at least 60% of the normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Part-time students are those who enroll in less than 60% of a normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Full-Time Equivalent (FTE) students are determined by the formula: $FTE = \text{Full-time} + (\text{Part-time}/3.5)$. This formula is consistent with the methodology of the Province.

The **University 1** program was introduced in 1998-99. Most “new” students, with limited or no university experience, have registered under this program.

Auditing students are those admitted for the purpose of attending one or more courses for personal or professional interest and not for academic credit. Students are not entitled to evaluation privileges.

Mature students are those persons twenty-one years of age or older who do not meet the high school grades or course requirements. Students admitted with this status are allowed to register in credit courses.

Special students are those who wish to enroll in a degree credit course for professional or personal interest but who are not seeking a degree. These students apply to General Studies (Extended Education) or to the faculty, college, or school offering the course.

Visiting students are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university. These students generally apply for admission to General Studies (Extended Education).

Sequential students are students admitted directly following high school graduation.

First Admission reflects students who are new to the University of Manitoba, not those who are new to a particular program. Students registered previously in other programs are not included in First Admission.

Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with courses in the program of studies. Often there is a correlation between the lecture class hours and hours of credit. For example, a course carrying three (3) hours of credit may entail three (3) hours of lectures per week for the term.

ST. BONIFACE STUDENTS

Universitaire de Saint-Boniface (USB) is one of the founding colleges of the University of Manitoba. In 2011, the Collège Universitaire de Saint-Boniface (CUSB) changed its name to Université de Saint Boniface (USB). USB students are included in term headcounts only when taking courses at the University of Manitoba main campus.

PRE-MASTER'S STUDENTS

Pre-Master's students possess a bachelor's degree but are required to enter a program of study to bring their academic qualifications up to the requirements for the Master's program. Students are normally counted as graduate students.

Continued

GRADUATE STUDENTS

Graduate students are those admitted under the Faculty of Graduate Studies. Graduate students are considered to be **full-time**. Students can request **part-time** status by declaring either full-time employment or medical, family or other circumstances that make it impractical to study full-time.

Occasional students are those wishing to take graduate courses for their own interest or professional development, without applying the courses toward an advanced degree. Under special circumstances, an occasional student may apply for permission to have these courses applied to a graduate program.

Joint Master's Program (JMP) Students

Established in 1976, the Joint Master's Program between the University of Manitoba and the University of Winnipeg serves to share resources for graduate work at the Master's level. Currently the program includes the disciplines of History, Public Administration, Religion, and Peace and Conflict Studies. Reports in OIA publications use the workload figures unless specifically noted otherwise.

Post-Graduate Medical Education (PGME) students are physicians who have finished their undergraduate medical degree who are registered in clinical residency programs within the Max Rady College of Medicine. The number of students in this program varies through the year. The number of students active at November 1st is the number reported in the tables.

STANDARD STUDENTS

Standard students are an alternative means of calculating Full-Time Equivalent (FTE) students. Other jurisdictions may use the term "full course equivalent" students.

To determine the **undergraduate standard student** population in any faculty, the total credit hours taken by students registered in that faculty's courses are divided by the average program credit hour load for that faculty (average value weighted by full-time enrolment in all years of undergraduate programs).

To determine **graduate standard students** apply the following formulae:

Master's students in either of their first two registrations as Master's students count one (1) each.

Master's students in their third registration as Master's students count one-third (1/3) each.

Master's students who have registered for four or more years are not counted.

Ph.D. students in any of their first four registrations as Ph.D. students count one (1) each.

Ph.D. students in their fifth registration as Ph.D. students count one-half (1/2) each.

Ph.D. students who have registered for six or more years are not counted.

These measures of graduate standard students refer to columns A – D, respectively, on the 'Graduate Standard Students' table.

Level of Instruction, found in the 'Undergraduate and Graduate Standard Students by Level of Instruction (Fall and Winter Terms)' and 'Undergraduate Standard Students by Level of Instruction (Summer Term)' tables is determined as follows:

Most Faculties/Colleges/Schools

Level I	Courses numbered 0900-1999

POPULATION PROJECTIONS

Population Projections for the 18-24 age-group in Manitoba have been taken from Statistics Canada's 'Population Projections for Canada (2018 to 2068), Provinces and Territories (2015 to 2043)', Cat. No. 91-520-X. Of the medium growth scenarios, M4 is the most favorable for Manitoba and M3 is the least favorable.

Projection scenario M3: medium-growth, 2003/2004 to 2008/2009 trends

The medium-growth (M3) scenario contains the following assumptions at the Canada level: the total fertility rate reaches 1.59 children per woman in 2042/2043 and remains constant thereafter; life expectancy at birth reaches 87.0 years for males and 89.0 years for females in 2067/2068; interprovincial migration is based on the trends observed between 2003/2004 and 2008/2009; the immigration rate reaches 0.83% in 2042/2043 and remains constant thereafter; the annual number of non-permanent residents reaches 1,397,060 in 2043 and remains constant thereafter; the net emigration rate reaches 0.15% in 2042/2043 and remains constant thereafter.

Projection scenario M4: medium-growth, 2009/2010 to 2016/2017 trends

The medium-growth (M4) scenario contains the following assumptions at the Canada level: the total fertility rate reaches 1.59 children per woman in 2042/2043 and remains constant thereafter; life expectancy at birth reaches 87.0 years for males and 89.0 years for females in 2067/2068; interprovincial migration is based on the trends observed between 2009/2010 and 2016/2017; the immigration rate reaches 0.83% in 2042/2043 and remains constant thereafter; the annual number of non-permanent residents reaches 1,397,060 in 2043 and remains constant thereafter; the net emigration rate reaches 0.15% in 2042/2043 and remains constant thereafter.

STAFF

ACADEMICS

Academic staff as a general term refers (but is not limited) to individuals with academic rank, lecturers, instructors, other teaching and non-teaching academics. Administrators with academic rank are also included.

Full-time, as it pertains to academic staff, is generally defined as an employee with a continuous, twelve-month appointment.

Part-time, as it pertains to academic staff, is generally defined as an employee with a sessional or casual appointment of less than twelve months.

Geographic Full-Time (GFT) staff in the Max Rady College of Medicine are included as full-time.

Lecturers are academic staff in non-tenure stream appointments whose duties involve all of the normal variety of academic duties expected of faculty members (i.e. teaching, research, and service).

Instructors are academic staff in non-tenure stream appointments whose duties involve any one or more (but not all) of the normal variety of academic duties expected of faculty members (i.e. teaching, research, and service).

Other Teaching Academics are sessional and term instructors teaching degree credit courses.

Non-Teaching Academics include (but is not limited to) part-time instructors teaching in non-degree credit programs, part-time academic administrative staff, clinical educators, teaching assistants, student research assistants, and post-doctoral fellows.

FULL-TIME TEACHING STAFF

Statistics Canada defines full-time teaching staff as academic staff appointed on a full-time basis who are teachers or academic administrators (Deans, Directors, etc.). Those excluded are senior university administrators (President, Vice-Presidents, etc.), librarians, teaching assistants, instructors, post-doctoral fellows, and support staff.

LIBRARIANS

Individuals with academic rank who also hold the title of Librarian.

SUPPORT STAFF

Support staff provide the auxiliary services for the academic enterprise. Administrators who do not hold academic rank are included in this category.

Full-time, as it pertains to support staff, is defined as an employee who works the full number of hours a week (usually 35) as defined for a particular position, over a twelve-month period.

Part-time, as it pertains to support staff, is defined as an employee who works less than the full number of hours a week as defined for a particular position, or who works for less than a twelve-month period.

FULL-TIME EQUIVALENT (FTE) STAFF

Full-Time Equivalent (FTE) staff are determined by calculating the actual number of hours staff members worked in the previous year divided by the normal working hours per year by position. For example, positions that require a 35-hour work week would have normal working hours per year of 35 hours X 52 weeks = 1,820 hours. If a staff member worked 910 hours in the previous year then their respective FTE value would be $910/1,820 = 0.50$. Likewise, if the same staff member worked 1,820 hours then the FTE value would be $1,820/1,820 = 1.00$.

FINANCES¹

Fiscal Year

A fiscal year is a twelve-month period over which an accounting cycle is completed. At the University of Manitoba, the fiscal year begins April 1 and ends March 31.

CHANGES IN ACCOUNTING POLICY

Effective April 1, 2019, the Province of Manitoba directed all Manitoba educational institutions to adopt Canadian Public Sector Accounting Standards (PSAS) established by the Public Sector Accounting Board, without the standards for government not-for-profit organizations. As a result of this, the University revised its accounting policies to align with this requirement. The most significant change is that now some externally restricted revenue received is deferred and cannot be recognized as revenue until spent. However, this does not necessarily apply to government funding, and as a result, timing differences continue to exist between when revenue is recognized and when expenses are incurred.

Because of the diverse nature of activities and the restrictions imposed by funders, in the past the University segregated its revenue and expenses into separate categories, otherwise known as Funds. Because of the adoption of PSAS as required by the Province of Manitoba, the University can no longer segregate its revenue and expenses into Funds and must report on all financial resources within a single category. However, for the purposes of financial transparency, the University's Annual Financial Report now comments on the University's financial resources as they relate to its ongoing activities. These activities have been categorized as follows:

Operating Activities

Operating activities include, but are not exclusive to: the instruction and ongoing support of our students; the operation and maintenance of our facilities; the support of our academic and research endeavors; the operation of our libraries; the operation of our bookstores, student residences, parking facilities and dining services; and our activities that support the relationship between the University and the community. These activities are supported by funding sources such as tuition fees, the operating grant from the Province of Manitoba, and revenue generated from ancillary services (e.g. student residences, parking services and bookstore operations). Costs associated with the University's operating activities include the salaries and benefits of faculty and staff, materials and supplies, utilities, plant maintenance, libraries, student services and other support services.

Research Activities

Research activities include research projects undertaken by the University in order to produce specific research outcomes. Funding received in support of research activities is restricted for this purpose by external sponsors of research, and must be used in accordance with the associated contracts and agreements between the University and these sponsors. This funding cannot be used to support operating activities.

Capital Activities

Capital activities include, but are not exclusive to: the purchase or building of new facilities or infrastructure; the renovation or replacement of existing facilities and infrastructure; and the purchase of major equipment, including scientific equipment, vehicles and information technology infrastructure. These items are acquired or built with the expectation that they will be used for a number of years to help deliver the University's mandate. These activities are supported by funding sources such as grants from the Province of Manitoba and the Government of Canada, and donations from our benefactors. Funding received for capital activities is restricted for this purpose by external funders. At times, the University may also borrow funds to finance large capital projects. As such, costs associated with capital activities include debt repayment and interest costs associated with holding debt, as well as amortization costs.

Special Purpose and Trust Activities

Special purpose and trust activities include, but are not exclusive to: the undertaking of externally-assigned mandates, such as the provision of health care services in northern communities; the administration of employee staff benefit plans; and the administration of our trust activities, which include the support of faculties and schools, students, professorships, chairs, research, libraries and athletic programs, to name a few. Funding for these activities comes from a variety of sources, including grants from the Province of Manitoba, Government of Canada, and other Canadian provinces; foreign governments; employee contributions to our benefit plans; and donations from our benefactors and investment income earned on those donations. Funding received for these activities is restricted by collective bargaining agreements, external funders and donors.

Endowment Activities

Endowment activities involve the receipt of resources that have been gifted or bequeathed to the University under the condition that they be held in perpetuity to support the future of the University. However, the income earned from investing these gifts and the spending of such is considered to be a trust activity, as it can be used only for specific purposes as previously outlined.

For more details regarding the University's financial reporting under the PSAS, see pages 29-34 of the 2020 Annual Financial Report.

1. The reporting of degrees is based on a calendar year (February, May, and October graduands).

2. Includes degrees and certificates conferred at Université de Saint-Boniface.

3. Indigenous identity can be self-declared during the Admission application process, and as of Fall Term 2016, can be amended by students through the Aurora online registration portal. Data collection began in 2000-2001 for undergraduate students and in 2002-2003 for graduate students.

4. Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university.

Students in Textile Sciences are now reported under the Faculty of Agricultural & Food Sciences.

Students in Family Social Sciences are now reported under the Max Rady College of Medicine.

Students in Health Sciences/Health Studies are now reported under the Rady Faculty of Health Sciences.

4. Due to rounding, some totals may not match the sum of the individual department, or faculty/college/school figures.

5. An asterisk (*) indicates that the number of credit hours were below 100 in either year. Changes in faculties/colleges/schools containing fewer than 100 credit hours can show abnormally large differences, therefore these are not reported.

6. The Department of Sociology changed its name to the Department of Sociology and Criminology in 2018.

7. Credit hours for the Max Rady College of Medicine do not reflect Undergraduate Medical Education teaching.

2. The data were taken from the Aurora Student Information System as of June 26, 2020. This table does not include grades of "Continuing", "In Progress", or "Other".

3. Percentages may not add up to 100 due to rounding.

4. The "Pass Only" grades refer to Pass/Fail courses and are not included in the "Average Grade" calculations.

5. In response to the COVID-19 pandemic, students were given the option to receive a "pass" grade, instead of a letter grade, in certain courses completed by April 2020. Those courses are excluded from all GPA calculations.

6. The averages are unweighted as to credit hours and are computed using the following scales: A+=4.5 A=4.0 B+=3.5 B=3.0 C+=2.5 C=2.0 D=1.0 F=0

7. A temporary revision to the Grade Point Average Policy was approved by Senate for Winter Term 2020, in response to the COVID-19 pandemic.

Under the revision, students may have certain grades excluded from their term GPA calculations. The average grade is based on only those grades included for GPA calculations.

8. The College of Dentistry changed its name to the Dr. Gerald Niznick College of Dentistry in 2018.

9. This includes only undergraduates in faculties other than the Max Rady College of Medicine taking Medicine courses.

1. Program costs are calculated by multiplying the average cost per credit hour in a given faculty by the number of credit hours required to attain a degree. The number of credit hours that are required for a degree are taken from the General Calendar.
2. Excludes the Integrated Bachelor of Music/ Bachelor of Education program as the program no longer has an intake.
3. Due to the diversity of degrees available through the Clayton H. Riddell Faculty of Environment, Earth, and Resources, these program costs are an approximation based on 90 credit hours for a three-year degree and 120 credit hours for a four-year degree.
4. The cost for programs in the Dr. Gerald Niznick College of Dentistry and the Max Rady College of Medicine are calculated by multiplying the cost per standard student by the number of years required to attain a degree.
5. The College of Dentistry changed its name to the Dr. Gerald Niznick College of Dentistry in 2018.
6. These costs reflect the two-year clinical component of the Dental Hygiene program.
