³The College of Dentistry changed its name to the Dr. Gerald Niznick College of Dentistry in 2018.

DEFINITIONS

STUDENTS

In 2006, the University of Manitoba introduced a new term-based Student Information System called Aurora. Reporting under Aurora is based on November 1st for the Fall Term (September to December) and March 1st for the Winter Term (January to April).

AURORA TERMS:

Fall Term: 13 weeks, September to December, reported at November 1st.

Winter Term: 13 weeks, January to April, reported at March 1st.

Summer Term: May through August, course duration varies.

UNDERGRADUATE STUDENTS

Undergraduate students are those who qualify directly for admission to a degree, diploma or certificate program other than one offered under the auspices of the Faculty of Graduate Studies.

Full-time students are those who enroll in at least 60% of the normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Part-time students are those who enroll in less than 60% of a normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

Full-Time Equivalent (FTE) students are determined by the formula: $FTE = \text{Full-time} + (\text{Part-time}/3.5)$. This formula is consistent with the methodology of the Province.

The **University 1** program was introduced in 1998-99. Most “new” students, with limited or no university experience, have registered under this program.

Auditing students are those admitted for the purpose of attending one or more courses for personal or professional interest and not for academic credit. Students are not entitled to evaluation privileges.

Mature students are those persons twenty-one years of age or older who do not meet the high school grades or course requirements. Students admitted with this status are allowed to register in credit courses.

Special students are those who wish to enroll in a degree credit course for professional or personal interest but who are not seeking a degree. These students apply to General Studies (Extended Education) or to the faculty, college, or school offering the course.

Visiting students are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university. These students generally apply for admission to General Studies (Extended Education).

Sequential students are students admitted directly following high school graduation.

First Admission reflects students who are new to the University of Manitoba, not those who are new to a particular program. Students registered previously in other programs are not included in First Admission.

Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with courses in the program of studies. Often there is a correlation between the lecture class hours and hours of credit. For example, a course carrying three (3) hours of credit may entail three (3) hours of lectures per week for the term.

ST. BONIFACE STUDENTS

Universitaire de Saint-Boniface (USB) is one of the founding colleges of the University of Manitoba. In 2011, the Collège Universitaire de Saint-Boniface (CUSB) changed its name to Université de Saint Boniface (USB). USB students are included in term headcounts only when taking courses at the University of Manitoba main campus.

PRE-MASTER'S STUDENTS

Pre-Master's students possess a bachelor's degree but are required to enter a program of study to bring their academic qualifications up to the requirements for the Master's program. Students are normally counted as graduate students.

Continued

GRADUATE STUDENTS

Graduate students are those admitted under the Faculty of Graduate Studies. Graduate students are considered to be **full-time**. Students can request **part-time** status by declaring either full-time employment or medical, family or other circumstances that make it impractical to study full-time.

Occasional students are those wishing to take graduate courses for their own interest or professional development, without applying the courses toward an advanced degree. Under special circumstances, an occasional student may apply for permission to have these courses applied to a graduate program.

Joint Master's Program (JMP) Students

Established in 1976, the Joint Master's Program between the University of Manitoba and the University of Winnipeg serves to share resources for graduate work at the Master's level. Currently the program includes the disciplines of History, Public Administration, Religion, and Peace and Conflict Studies. Reports in OIA publications use the workload figures unless specifically noted otherwise.

Post-Graduate Medical Education (PGME) students are physicians who have finished their undergraduate medical degree who are registered in clinical residency programs within the Max Rady College of Medicine. The number of students in this program varies through the year. The number of students active at November 1st is the number reported in the tables.

STANDARD STUDENTS

Standard students are an alternative means of calculating Full-Time Equivalent (FTE) students. Other jurisdictions may use the term "full course equivalent" students.

To determine the **undergraduate standard student** population in any faculty, the total credit hours taken by students registered in that faculty's courses are divided by the average program credit hour load for that faculty (average value weighted by full-time enrolment in all years of undergraduate programs).

To determine **graduate standard students** apply the following formulae:

Master's students in either of their first two registrations as Master's students count one (1) each.

Master's students in their third registration as Master's students count one-third (1/3) each.

Master's students who have registered for four or more years are not counted.

Ph.D. students in any of their first four registrations as Ph.D. students count one (1) each.

Ph.D. students in their fifth registration as Ph.D. students count one-half (1/2) each.

Ph.D. students who have registered for six or more years are not counted.

These measures of graduate standard students refer to columns A – D, respectively, on the 'Graduate Standard Students' table.

Level of Instruction, found in the 'Undergraduate and Graduate Standard Students by Level of Instruction (Fall and Winter Terms)' and 'Undergraduate Standard Students by Level of Instruction (Summer Term)' tables is determined as follows:

Most Faculties/Colleges/Schools

Level I	Courses numbered 0900-1999
Level II	Courses numbered 2000-2999
Level III	Courses numbered 3000-3999

¹Effective Fall Term 2013, 6000-level courses are excluded from the undergraduate credit hours Level IV because these courses are associated with graduate programs.

POPULATION PROJECTIONS

Population Projections for the 18-24 age-group in Manitoba have been taken from Statistics Canada's 'Population Projections for Canada (2013 to 2063), Provinces and Territories (2013 to 2038)', Cat. No. 91-520-X. Of the medium growth scenarios, M5 is the most favorable for Manitoba and M4 is the least favorable.

Projection scenario M4: medium-growth, 2004/2005 to 2007/2008 trends

The medium-growth and 2004/2005 to 2007/2008 interprovincial migration trends scenario is defined by the following assumptions: a Canadian total fertility rate that reaches 1.67 births per woman in 2021/2022 and remains constant thereafter; a Canadian life expectancy that reaches 87.5 years for males and 89.1 years for females in 2062/2063; interprovincial migration based on the trends observed between 2004/2005 and 2007/2008; a national immigration rate that reaches 0.75% in 2022/2023 and remains constant thereafter; an annual number of non-permanent residents (Canada) that reaches 864,600 in 2021 and remains constant thereafter; a national net emigration rate of 0.19%.

Projection scenario M5: medium-growth, 2009/2010 to 2010/2011 trends

The medium-growth and 2009/2010 to 2010/2011 interprovincial migration trends scenario is defined by the following assumptions: a Canadian total fertility rate that reaches 1.67 births per woman in 2021/2022 and remains constant thereafter; a Canadian life expectancy that reaches 87.5 years for males and 89.1 years for females in 2062/2063; interprovincial migration based on the trends observed between 2009/2010 and 2010/2011; a national immigration rate that reaches 0.75% in 2022/2023 and remains constant thereafter; an annual number of non-permanent residents (Canada) that reaches 864,600 in 2021 and remains constant thereafter; a national net emigration rate of 0.19%.

STAFF

ACADEMICS

Academic staff as a general term refers (but is not limited) to individuals with academic rank, lecturers, instructors, other teaching and non-teaching academics. Administrators with academic rank are also included.

Full-time, as it pertains to academic staff, is generally defined as an employee with a continuous, twelve-month appointment.

Part-time, as it pertains to academic staff, is generally defined as an employee with a sessional or casual appointment of less than twelve months.

Geographic Full-Time (GFT) staff in the Max Rady College of Medicine are included as full-time.

Lecturers are academic staff in non-tenure stream appointments whose duties involve all of the normal variety of academic duties expected of faculty members (i.e. teaching, research, and service).

Instructors are academic staff in non-tenure stream appointments whose duties involve any one or more (but not all) of the normal variety of academic duties expected of faculty members (i.e. teaching, research, and service).

Other Teaching Academics are sessional and term instructors teaching degree credit courses.

Non-Teaching Academics include (but is not limited to) part-time instructors teaching in non-degree credit programs, part-time academic administrative staff, clinical educators, teaching assistants, student research assistants, and post-doctoral fellows.

FULL-TIME TEACHING STAFF

Statistics Canada defines full-time teaching staff as academic staff appointed on a full-time basis who are teachers or academic administrators (Deans, Directors, etc.). Those excluded are senior university administrators (President, Vice-Presidents, etc.), librarians, teaching assistants, instructors, post-doctoral fellows, and support staff.

LIBRARIANS

Individuals with academic rank who also hold the title of Librarian.

SUPPORT STAFF

Support staff provide the auxiliary services for the academic enterprise. Administrators who do not hold academic rank are included in this category.

Full-time, as it pertains to support staff, is defined as an employee who works the full number of hours a week (usually 35) as defined for a particular position, over a twelve-month period.

Part-time, as it pertains to support staff, is defined as an employee who works less than the full number of hours a week as defined for a particular position, or who works for less than a twelve-month period.

FULL-TIME EQUIVALENT (FTE) STAFF

Full-Time Equivalent (FTE) staff are determined by calculating the actual number of hours staff members worked in the previous year divided by the normal working hours per year by position. For example, positions that require a 35-hour work week would have normal working hours per year of 35 hours X 52 weeks = 1,820 hours. If a staff member worked 910 hours in the previous year then their respective FTE value would be $910/1,820 = 0.50$. Likewise, if the same staff member worked 1,820 hours then the FTE value would be $1,820/1,820 = 1.00$.

FINANCES¹

Fiscal Year

A fiscal year is a twelve-month period over which an accounting cycle is completed. At the University of Manitoba, the fiscal year begins April 1 and ends March 31.

Fund Accounting

Because of the diverse nature of activities and the restrictions imposed by funders, the University segregates its revenue and expenses into separate categories, otherwise known as Funds. The University uses three categories of Funds to account for its financial resources: the General Funds, the Restricted Funds and the Endowment Fund.

General Funds

General Operating Fund

The General Operating Fund accounts for revenues received for operating purposes that support the University's academic, administrative and operational costs. Revenue recognized in this Fund includes tuition, the operating grant from the Province of Manitoba, and revenue from ancillary services (e.g. student residences, parking services and bookstore operations). Expenses paid from this Fund are those that are required to keep the University in operation. The University's largest expenses are paid from the General Operating Fund, and include the salaries and benefits of faculty and staff, materials and supplies, utilities, plant maintenance, libraries, student services and other support services.

Specific Provisions Fund

The Specific Provisions Fund consists of resources that have been set aside by the University for specific purposes. The largest single element of this Fund is carryover, which is the accumulated amount of any excess operating funding that is left over at the end of a fiscal year, and is used to fund operations in the next fiscal year. Other funding set aside in the Specific Provisions Fund has been earmarked for specific initiatives, graduate scholarships, equipment replacement and for fiscal stabilization.

Expenses Funded From Future Revenues Fund

The Expenses Funded from Future Revenues Fund always has a negative fund balance. Under accounting standards, the University is required to record certain liabilities such as future vacation pay and sick leave benefits. The employer costs or payments in any given year are recorded as an expense of the General Operating Fund, however any change in the long term liability is recorded against the Expenses Funded from Future Revenues Fund to guard against fluctuations within the General Operating Fund.

Restricted Funds

Research and Special Fund

The Research and Special Fund is used to account for the University's revenue and expenses related to research and other special activities. Revenue recognized in this Fund must be used in accordance with contracts and agreements between the University and its external sponsors of research and other special activities, and cannot be used to support general operations.

Capital Asset Fund

The Capital Asset Fund houses the University's capital assets and capital-related debt. Capital assets include land, buildings, equipment and library books that have been acquired or donated with the expectation that they will be used for a number of years to help deliver the University's mandate. The Capital Asset Fund also consists of funding that can only be used to purchase or build capital assets, support future costs of capital upgrades or replacement, and to repay debt that was used to buy or build capital assets. Because of this, the only expenses typically recognized in the Capital Asset Fund are amortization of capital assets and interest paid on debt.

Staff Benefits Fund

The Staff Benefits Fund houses funding to support the benefit plans of the University's employees, and can only be used for that purpose. It consists of employee contributions to the Long Term Disability Plan, and the University's contributions to the Long Term Disability Plan and the other benefit plans offered by the University. Funding is set aside in this Fund as the University is obligated to fund these benefit plans for its employees.

Trust Fund

The Trust Fund accounts for funding that has been gifted or bequeathed to the University and can be used in its entirety, according to donor restrictions. Resources within the Trust Fund and any income earned from those resources can be used to support faculties and schools, students, professorships, chairs, research, libraries and athletic programs, to name a few.

Endowment Fund

The Endowment Fund houses resources that have been gifted or bequeathed to the University under the condition that they be held in perpetuity to support the future of the University. These donations are recorded as revenue in the Endowment Fund. However, the income earned from investing these gifts is accounted for in the Trust Fund so it can be used for specific purposes as outlined previously.

1. The reporting of degrees is based on a calendar year (February, May, and October graduands).
2. Includes degrees and certificates conferred at Université de Saint-Boniface.
3. Indigenous identity can be self-declared during the Admission application process, and as of Fall Term 2016, can be amended by students through the Aurora online registration portal. Because the self-declaration is voluntary, the numbers reported are less than the total population of Canadian Indigenous students on campus. Data collection began in 2000-2001 for undergraduate students and in 2002-2003 for graduate students. As of Fall Term 2013, non-Canadian Indigenous peoples are no longer reported.
4. Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university. Students in Textile Sciences are now reported under the Faculty of Agricultural & Food Sciences.
Students in Family Social Sciences are now reported under the Max Rady College of Medicine.
Students in Health Sciences/Health Studies are now reported under the Rady Faculty of Health Sciences.
5. Effective Fall Term 2014, the Department of Human Nutritional Sciences moved from the Faculty of Human Ecology to the Faculty of Agricultural and Food Sciences.
6. Includes Double Majors.
7. Includes Double Honours.
8. In Education, majors are listed by teachable majors, and reflect the areas studied in previous degrees.
Effective Fall Term 2015, Education had a revised program structure.
Degrees previously listed under Fine Arts are now listed under Art.
9. The Aboriginal Community Wellness Diploma changed its name to the First Nations Community Wellness Diploma in Fall 2015.
10. Effective November 2014, the Faculties of Dentistry, Medicine, Nursing, and Pharmacy became colleges in the Rady Faculty of Health Sciences. The College of Rehabilitation Sciences (formerly, the School of Medical Rehabilitation) and the School of Dental Hygiene also became part of the new faculty.
11. The Faculty of Health Sciences changed its name to the Rady Faculty of Health Sciences in 2016.

1. Program costs are calculated by multiplying the average cost per credit hour in a given faculty by the number of credit hours required to attain a degree.
The number of credit hours that are required for a degree are taken from the General Calendar. Financial data are taken from the Annual Financial Report March 31.
2. Due to the diversity of degrees available through the Clayton H. Riddell Faculty of Environment, Earth, and Resources, these program costs are an approximation based on 90 credit hours for a three-year degree and 120 credit hours for a four-year degree.
3. The cost for programs in the College of Dentistry and the Max Rady College of Medicine are calculated by multiplying the cost per standard student by the number of years required to attain a degree.
4. The Diploma program in the School of Dental Hygiene is a two-year program; these costs reflect the two-year component.

- Where program fees are used instead of per credit hour fees, the cost of tuition for the year is shown, unless otherwise stated. All figures exclude endowment fund contributions, student organization fees, fieldwork fees, material or equipment related fees.
- Architecture fee represents Environmental Design program. Fees for Engineering represent those for years 2-5. Fees for Business represent those for years 2-4. Fees for Education represent all years of undergraduate education programs except for years 1-3 of NITEP, which is \$176 per credit hour. Fee per credit hour in Dental Hygiene is \$176; credit hours vary by year in program and therefore a range is shown. Fee per credit hour in Law is \$387; credit hours vary by year in program and therefore a range is shown.
- Business, Engineering, and Pharmacy are assessed faculty-specific fees. Both Law and Medicine are assessed a \$4,546 program fee in addition to course fees. Dentistry and Dental Hygiene fees include Clinical Operations Fees. Students seeking a degree in Dental Hygiene complete the Diploma program followed by one year in the Degree program. Effective Fall 2015, the Alberta Government implemented a tuition freeze which remained in effect for the academic year reported.
- The fee per course in the Faculty of Law is \$1,026. Effective Fall 2014, in addition to tuition fees, students in the Faculty of Business pay a Market Modifier Fee for most courses. Above fee for Business includes the Market Modifier Fee. Effective Fall 2015, the Alberta Government implemented a tuition freeze which remained in effect for the academic year reported.

Effective 2016-2017 academic year, the Undergraduate program in Education has phased into a Graduate program.
- Students seeking a degree in Dental Hygiene complete the Diploma program followed by one year in the Degree program. Engineering and Science fees shown are without auxiliary fees.
- Represents the rate for Canadian and permanent residents. Continuing students, and residents of Newfoundland and Labrador, pay an undergraduate rate of \$85 per credit hour.
