1. The undergraduate FFTE is calculated by dividing the number of undergraduate credit hours that are taught per Faculty by a standard load of 30 credit hours.

Four exceptions to this rule include the student counts used in the School of Dental Hygiene, the College of Dentistry, the Max Rady College of Medicine, and the College of Rehabilitation Sciences.

In these four cases the Undergraduate Standard Student count is used in lieu of credit hours.

2. Teaching Faculty includes all Professors, Lecturers, Instructors and Other Academics as at April 1.

Excludes Other Academics who are solely Research Academics.

3. Effective Fall Term 2014, the Department of Human Nutritional Sciences moved from the Faculty of Human Ecology to the Faculty of Agricultural and Food Sciences.

4. Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university. Students in

Textile Sciences are now reported under the Faculty of Agricultural and Food Sciences. Students in Family Social Sciences are now reported under the

Max Rady College of Medicine. Students in Health Sciences/Health Studies are now reported under the Rady Faculty of Health Sciences.

5. Effective November 2014, the Faculties of Dentistry, Medicine, Nursing, and Pharmacy became Colleges in the Rady Faculty of Health Sciences. The College of

Rehabilitation Sciences (formerly, the School of Medical Rehabilitation) and the School of Dental Hygiene also became part of the new faculty.

6. Dentistry includes the College of Dentistry and the School of Dental Hygiene.

7. First-year direct entry students in Dental Hygiene are not included in the FFTE estimate, as these courses are from other Faculties/Colleges.
