- Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line courses, video conferencing, computer-mediated study, telecourse or community-based study; (b) all courses taught off-campus with stipend from other than faculty or school resources; (c) courses taught "on-load" - taught during the summer but considered part of the regular session for load unit purposes; (d) 6000-level courses associated with graduate programs. This report excludes credit hours declared as "Challenge for Credit".
- Credit hour totals reflect combined Fall Term and Winter Term activity, as at November 1 and March 1 respectively.
- Beginning in Fall Term 2009, students with outstanding tuition fees are no longer cancelled and excluded from the credit hour figures. Because of this policy change, comparisons to earlier years should be made with caution.
- Judaic Studies changed its name from Near Eastern and Judaic Studies in 2010.
- New in 2009/10.
- Health Program, Interdisciplinary was previously reported within Core Human Ecology.
- The Bachelor of Medical Rehabilitation (Physical Therapy) is transitioning to a graduate program. There was no intake for Fall Term 2009 or Fall Term 2011, which resulted in a drop in credit hours for this department.
- The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.
- Includes credit hours from the accelerated program run during the summer term.
