1. This report includes:

- (a) all distance education credit hours, including Independent Study, on-line courses, Campus Manitoba courses, and group-based study;
- (b) all courses taught off-campus with stipend from other than faculty, college or school resources;

This report excludes:

- (c) courses at or above the 6000 level, as these are associated with graduate programs. These hours were included in previous reports, so comparisons should be made with caution;
  - (d) credit hours declared as "Challenge for Credit".
2. Due to rounding, some totals may not match the sum of the individual department, or faculty/college/school, figures.
3. An asterisk (\*) indicates that the number of credit hours were below 100 in either year. Changes in faculties containing fewer than 100 credit hours can show abnormally large differences, therefore these percent changes are not reported.
4. Effective Fall Term 2014, the Department of Human Nutritional Sciences moved from the Faculty of Human Ecology to the Faculty of Agricultural and Food Sciences. Totals are not comparable; therefore, percent changes are not shown.
5. The Department of Mechanical and Manufacturing Engineering changed its name to the Department of Mechanical Engineering in 2013.
6. Effective November 2014, the Faculties of Dentistry, Medicine, Nursing, and Pharmacy became colleges in the Faculty of Health Sciences. The College of Rehabilitation Sciences (formerly, the School of Medical Rehabilitation) and the School of Dental Hygiene also became part of the new faculty. Totals are not comparable for the College of Medicine and the College of Rehabilitation Sciences; therefore, percent changes are not shown.
7. The decrease in credit hours is due to a restructuring of the credit hours assigned to courses.
8. The Department of Physiology changed its name to the Department of Physiology and Pathophysiology in 2014.
