- Direct Entry programs admit students directly from high school. Transit programs allow students to transit in automatically from University 1. (Arts/Science figures are separated into students who formally applied to Arts and Science and those who transited automatically from University 1). University Entry requires university study before application to the program. University Entry does not include special or visiting students.
- Applicant data from the new application system, Apply Yourself, introduced in 2014-15.
- Includes students who have accepted, or were offered, admission.
- Registered status reflects data from end of term, in each year.
- Effective Fall Term 2014, the Department of Human Nutritional Sciences moved from the Faculty of Human Ecology to the Faculty of Agricultural and Food Sciences.
- Effective July 1, 2015, the Faculty of Human Ecology's programs and departments joined other academic units within the university. Students in Textile Sciences are now reported under the Faculty of Agricultural & Food Sciences. Students in Family Social Sciences are now reported under the College of Medicine. Students in Health Sciences/Health Studies are now reported under the Faculty of Health Sciences.
