Notes:

1. Graduate figures include students continuing in a course or thesis over more than one term.
2. Year in program is based on the length of time from the program start date, with three terms being a year. Year in program has been adjusted for parenting or exceptional leaves.
3. Students in Individual Interdisciplinary Studies (IIS) are shown under the faculty of their advisor. If the faculty does not offer a Ph.D. program, the student is shown under Graduate Studies.
4. New includes any graduate students starting in the Winter, Summer, or Fall Term in 2014.
5. Effective Fall Term 2014, the Department of Human Nutritional Sciences moved from the Faculty of Human Ecology to the Faculty of Agricultural and Food Sciences. Comparisons with previous years should be made with caution.
6. Language and Literacy was previously reported as Language and Literature.
7. Mechanical and Manufacturing Engineering changed its name to Mechanical Engineering in 2013.
8. The Applied Health Sciences Ph.D. is offered jointly by Human Ecology, Kinesiology and Recreation Management, Nursing, and Rehabilitation Sciences.
9. The Cancer Control Ph.D. is offered jointly by the College of Nursing and the Department of Community Health Sciences.
10. Effective November 2014, the Faculties of Dentistry, Medicine, Nursing, and Pharmacy became colleges in the Faculty of Health Sciences. The College of Rehabilitation Sciences (formerly, the School of Medical Rehabilitation) and the School of Dental Hygiene also became part of the new faculty.
11. Physiology changed its name to Physiology and Pathophysiology in 2014.
12. Students on an Exceptional or Parenting Leave are not required to register while on leave and are therefore not included in the Fall Term headcounts. They have been added as part-time students in this report only.
