

## PARTICIPATION OF MALES AND FEMALES AT THE UNIVERSITY OF MANITOBA 1992-2022

*\*Participation Rates for 18-24 year olds in Manitoba, by sex, 1992-2022. Chart based on most up-to-date Statistics Canada Population Estimates. Prior to 1988, more men than women attended the U of M. Since 1988, more women than men have enrolled. Due to data limitations, the graph does not include students who have declared a gender identity other than male or female.*
