

CHINA: Student Exchange, Shantou Medical College and University of Manitoba

Description:

An exchange program between the University of Manitoba and the Shantou University Medical College, Guangdong, China, is open for application to your class. Reciprocally, two students from China are selected to do a period of study here at the University of Manitoba, Faculty of Medicine. The exchange is comprised of a wide variety of clinical exposures to Western & Traditional Chinese Medicine. These will include ward based and outpatient care as well as visits to rural communities with the Medical Aid for the Poor and hospice programs. Additionally, students may participate in other educational activities along with other visiting U of M exchange faculty and residents. Application deadline is in June but information is sent out to 4th year students every year regarding what is required to apply.

Successful applicants will be required to:

- Act as "social hosts" to the incoming Shantou exchange students (normally in the period April to May 2014)
- Give a presentation of your exchange experience with reference to the above learning objectives to students & faculty (arranged through the UGME office) and submit a written report.
- Agree to the release of their U of M transcript to Shantou University Medical College

On-call Required: no

Availability: 3-4 weeks in March, usually 2 days after CaRMS match.

Number of Students Accepted: 2-4 students per year

Cost: Travel expenses, accommodation, meals and cost of living expenses are covered
