2021 RESEARCH SUMMARY

We are pleased to present the 2021 Research Report for the Department of Psychiatry. Building on the growth observed in previous years, 2021 saw a sustained increase in productivity, with an even greater number of publications, grants held by Department investigators, and total funding. In 2021 our investigators obtained 26 new research grants, either as principal investigators or co-investigators on research teams. This included grants from local agencies such as Research Manitoba, as well as national and international grants from the Canadian Institutes of Health Research and the National Institutes of Health. The total funding held by Department researchers in 2021 was over $26 million.

The annual number of publications by Department members has risen steadily over the last 20 years. The emphasis on research training among residents and other trainees is reflected in their authorship on 30% of the scientific papers affiliated with the Department of Psychiatry. In 2021, Department investigators published 88 peer-reviewed manuscripts.
2021 RESEARCH SUMMARY

Scholarly activities have been further bolstered by the Department’s commitment to academic development. The funding of a Postgraduate Research Coordinator role (held by Dr. Jennifer Hensel) has provided increased support to resident academic work, along with a broadening of focus to quality improvement initiatives, knowledge translation activities, and education-focused research. The Department of Psychiatry Academic Projects (DPAP) initiative, an internal mechanism to fund Department member projects, remains active in support of several research studies. We look forward to ongoing success in research and quality improvement over the years to come, and hope that you find this report of interest.

James Bolton MD, FRCPC
Director of Research

Jitender Sareen MD, FRCPC

EXTERNAL FUNDING (PEER-REVIEWED)

Principal Investigator: Afifi TO.
Co-Investigators: MacMillan HL, Boyle M, Katz LY, & Sareen J.
Term: 2015-2023
Title: Preventing child maltreatment: Changing a child’s trajectory, improving health, and strengthening families.
Funding Agency/Grant Type: Canadian Institutes of Health Research - Foundation Scheme Grant.
Funds: $1,060,565

Principal Investigator: Afifi TO.
Term: 2020-2021
Title: Vaping and health outcomes, and use of the health care system among parents and adolescents in Manitoba.
Funding Agency/Grant Type: Canadian Institutes of Health Research (CIHR) Catalyst Grant: Health effects of vaping.
Funds: $99,421

Principal Investigator: Afifi TO & Tonmyr LE.
Co-Investigators: Gonzalez A, Kimber MS, Macmillan HL, Roos LE, Sareen J, Stewart-Tufescu A, & Taillieu, TL.
Term: 2021-2022
Title: Understanding and responding to self-perceived stressors among parents and youth due to the COVID-19 pandemic: Informing an evidence-based public health approach.
Funding Agency/Grant Type: Canadian Institutes of Health Research (CIHR). Operating Grant: Understanding and mitigating the impacts of the COVID-19 pandemic on children, youth and families.
Funds: $141,720
FUNDING

FROM GRANTING COUNCILS, INDUSTRY OR OTHER SOURCES

EXTERNAL FUNDING (PEER-REVIEWED)

**Principal Investigator:** Afifi TO & VanTil LD.
**Co-Investigators:** Heber A, Bolton SL, Carleton RN, Enns MW, Mota NP, Sareen J, & Taillieu TL.
**Term:** 2021-2023
**Title:** Cannabis and mental health among veterans in Canada: Understanding the role of trauma and impact on help-seeking.
**Funding Agency/Grant Type:** Canadian Institutes of Health Research – Catalyst Grant.
**Funds:** $114,746

**Principal Investigator:** Anang P.
**Co-Investigators:** Young M.
**Term:** 2019-2021
**Title:** Psychiatric comorbidity and resilience in children and adolescents with chronic pain in Manitoba.
**Funding Agency/Grant Type:** Department of Psychiatry Academic Projects Award (DPAP).
**Funds:** $9,400.00

**Principal Investigator:** Anang P & Tegumiar K.
**Term:** 2019-2021
**Title:** Building on Strengths in Naujaat: Bringing youth, Elders and health professionals out on the land
**Funding Agency/Grant Type:** Canadian Medical Association - Healthy Canadians Grant.
**Funds:** $20,000

**Principal Investigator:** Bolton SL.
**Co-Investigators:** Sareen J, Mota N, Hensel J, Sala T, Kinley J, & Henriksen C.
**Term:** 2021-2023
**Title:** An evaluation of virtual mental health treatment during a pandemic: A cohort study.
**Funding Agency/Grant Type:** Health Sciences Centre Foundation Grant.
**Funds:** $69,885
EXTERNAL FUNDING (PEER-REVIEWED)

Principal Investigator: Bolton SL.
Co-Investigators: Sareen J, Mota N, Hensel J, Sala T, Kinley J, & Henriksen C.
Term: 2021-2023
Title: An evaluation of virtual mental health treatment during a pandemic: A cohort study.
Funding Agency/Grant Type: Health Sciences Centre Foundation Grant.
Funds: $69,885

Principal Investigator: Bolton SL & Pierce CA.
Co-Investigators: Sareen J, Mota NP, Hensel JM, & Sala T.
Term: 2021-2022
Title: Adaptation and evaluation of virtual group-based cognitive behavior therapy for mental wellness in public safety personnel.
Funding Agency/Grant Type: Canadian Institutes of Health Research – Project Grant: Priority Announcement for Health Services and Policy Research.
Funds: $100,000

Principal Investigator: Boman J.
Co-Investigators: Anang P, Fleisher W, Morrissette M, & Harvey T.
Term: 2020-2022
Title: Resident psychotherapy outcomes project (R-POP).
Funding Agency/Grant Type: Department of Psychiatry Academic Projects Award (DPAP).
Funds: $10,000
FUNDING

FROM GRANTING COUNCILS, INDUSTRY OR OTHER SOURCES
