

## Manitoba Centre for Nursing and Health Research (MCNHR)

# B. W. Fallis Parkinson's Care Research Grant

---

## Purpose

The **B.W. Fallis Parkinson's Care Research Grant** provides funding for both qualitative and/or quantitative research examining the physical and/or psychosocial aspects of Parkinson's disease (PD). This includes but is not limited to projects aimed at improving quality of life and care for persons living with Parkinson's and/or their families; examining ethical issues that arise during the care of people living with PD, increasing our understanding and treatment of non-motor and motor symptoms of PD; addressing issues related to family caregiving, and facilitating access to services and supports for people living with PD and their families. Research can focus on any phase of the illness trajectory of PD from early diagnosis to end-of-life care. Biomedical and/or bench research in PD is not eligible for this funding opportunity. There is one (1) award of \$4,500 available for funding.

## Eligibility Criteria

1. The Principal Investigator must hold one or more of the following appointments:
  - a) Research, professional or graduate student affiliate of the MCNHR and/or
  - b) Primary salaried academic appointment in the Rady Faculty of Health Sciences, University of Manitoba.
  - c) A current graduate student in the Rady Faculty of Health Sciences, University of Manitoba whose supervisor holds a primary academic appointment in the Rady Faculty of Health Sciences.
2. Projects related to graduate student thesis or dissertation research are eligible, but the principal applicant must be the academic supervisor who holds a primary academic appointment with the Rady Faculty of Health Sciences and the supervisor will have signing authority over grant funds.
3. Have submitted the highest-rated grant proposal for research related to Parkinson's care, as determined by the MCNHR Research Grant Review Committee. In cases where there is a tie in score for the highest ranked application, preference will be given to applications that are from a nurse (be it a graduate nursing student, nursing faculty member or nurse in practice).

## Funding Guidelines

1. Research projects must be ready to start within 3 months of receiving the award. This means that approval of the research proposal by an appropriate University of Manitoba Research Ethics and or Animal/Biosafety Board must be obtained at least 3 months prior to the award start date. Ethics (and/or animal /biosafety) approval certificates must be obtained within 3 months. See item 6 below.

2. Funding to a maximum of \$4,500 will be provided over a 2-year period. Applications requesting more than \$4,500 will not be considered. If, at the end of 2 years, the funds are not expended and the project is not completed, consideration will be given to an applicant's request to extend the termination date for one additional year. A request for extension of the grant must be made to the Associate Dean Research, College of Nursing, at least one (1) month prior to expiry of the grant. If funds are not expended or the project is terminated, all remaining funds must be returned to the MCNHR.
3. Funding is to cover direct research costs only, which may include personnel, equipment, supplies, travel for data collection purposes, and travel to one conference (up to a maximum of \$1,000). Any equipment purchased is the property of the College of Nursing, University of Manitoba. No portion of the grant is to be used as salary for the principal investigator or graduate student (if applicable). Requests that are **solely** for the purpose of dissemination activities (i.e., conference travel, open access publishing, development of knowledge translation products etc.) are not eligible.
4. Requests for full funding of a project will be given higher priority than requests for partial funding. If requests are for partial funding, applicant must explain their plans to secure additional funding to ensure their projects will be successfully completed.
5. Grant funds will be administered by the University of Manitoba. For applicants who do not hold salaried professorial rank appointments at the University of Manitoba, the Associate Dean Research, College of Nursing, will have signing authority over the grant.
6. Receipt of funds is conditional upon approval of the research proposal by an appropriate University of Manitoba Research Ethics and or Animal/Biosafety Board. Ethics (and/or animal /biosafety) approval certificates must be obtained within 3 months of the award start date, or the grant will be forfeited. A three (3)-month extension of this requirement will only be provided if applicant(s) have submitted their ethics (and/or animal/biosafety) application and are awaiting approval. Exceptions will only be made to this guideline in cases where ethics approval is not required for the project (i.e., when the proposed project activities does not involve any of the following: human participants, stem cells, animal, or biological samples) or in the case of exceptional extenuating circumstances to be evaluated on a case-by-case basis. If applicants are unable to obtain ethics approval within the timeframes mentioned above, they will be required to forfeit the funding.
7. A final project summary must be provided to the MCNHR within three (3) months of the end of the grant. Applicants who receive funding will also be required to present their project within six (6) months at an MCNHR organized event such as the MCNHR Innovations in Teaching and Research Series or Annual Graduate Student Poster Competition.
8. Publications and presentations arising out of the research must acknowledge the funding support of the **B. W. Fallis Parkinson's Care Research Grant**.
9. Research grants must be used for the project and purposes described in the application. Grant-holders wanting to transfer funds from one budget category to another in response to changing

research needs or to use funds for a new budget item must secure the prior written approval of the MCNHR.

10. The Principal Investigator may replace, add, remove, or promote individuals/team members on existing grants, provided that the rationale for replacing, adding, removing or promoting individuals has been deemed justifiable by the MCNHR. If you are adding or promoting team member(s), please provide a brief explanation of their expertise and proposed contributions to the project.

## Application Process

One complete electronic copy of the online application is required and should be submitted through the online submission portal at:

[https://umnursing.ca1.qualtrics.com/jfe/form/SV\\_dgxJNcZQ34TLMHP](https://umnursing.ca1.qualtrics.com/jfe/form/SV_dgxJNcZQ34TLMHP)

Applicants must complete the research grant application and include a description of the project, not to exceed five (5) typewritten, single-spaced pages (excluding appendices and references).

**Application deadline is April 15<sup>th</sup>.**

**NOTE:** If April 15<sup>th</sup> falls on a statutory holiday or weekend, the deadline will be extended to the next business day.

## Review Process

Applications will be reviewed by the MCNHR Research Grant Review Committee. Proposals will be assessed using the Evaluation Assessment Form (Researcher or Student):

[Research funding opportunities | College of Nursing | University of Manitoba \(umanitoba.ca\)](#)

All applicants will be notified of the results within 2 months of competition deadlines.

**B.W. FALLIS PARKINSON'S CARE RESEARCH GRANT - APPLICATION FORM**

**TITLE OF RESEARCH PROPOSAL:**

**Principal Investigator:**

**E-mail:**

**Telephone:**

**Additional Co-Investigators: (List names)**

**ETHICAL REVIEW:**

Ethics Approved: ☐ Yes ☐ No

Pending: ☐ Yes ☐ No

Date of ethical approval received/or expected:

**ADDITIONAL FUNDING**

Do you currently hold any other funding, or have you applied for any other funding for this project?

☐ Yes

☐ No

If yes, please provide funding details (agency name, amount funded, funding period, % of overlap with the current project and describe the extent of overlap).

**PARTIAL FUNDING**

**Please Note:** Requests for full funding of a project will be given higher priority than requests for partial funding. If requests are for partial funding, applications must explain their plans to secure additional funding to ensure their projects will be successfully implemented.

Does your project involve a request for partial funding?

☐ Yes

☐ No

If yes, please explain your plans to secure additional funding to ensure your project will be successfully implemented.

## BUDGET

Summarize your budget. All items must be detailed in the Budget Justification and Explanation Section. Please ensure this information is comprehensive and accurate. Please consult the MCNHR for current rates for personnel. MCNHR will not provide additional funding for costs incurred above what is outlined in your budget.

Item	Amount
Salaries	
Materials/Supplies	
Equipment	
Travel	
Other	
Total Project Costs	
Total Amount Requested	

**Applications requesting more than \$4,500 will not be considered.**

## Budget Justification and Explanation Section

Provide a clear and detailed justification for each budget item and relate it to the objectives and requirements of the proposed research (maximum 2 pages).

## **Equity, Diversity, and Inclusion (EDI) and Sex and Gender Based Analysis (SGBA) Considerations**

Please explain how EDI and SGBA considerations have been integrated into the project (maximum ½ page).

## **RESEARCH PROPOSAL**

Provide a description of the project, not to exceed five (5) typewritten, single-spaced pages (excluding appendices and references).

Applicants must use 12-point font and a minimum 2-cm margin around all attached documents.

Applicants must use numbered referencing/citation style (e.g., Vancouver referencing or National Library of Medicine citation style).

It is recommended that applicants use the following headings in their 5-page research proposal:

- Rationale and background for the study
- Purpose/objectives
- Literature review
- Conceptual framework (if applicable)
- Methods (Research design, site and sample selection, study procedures)
- Data analysis plan
- Mitigation strategies and challenges
- Dissemination plan
- Timeframe and feasibility (including the probability of securing ethics approval within 3 months of the award)
- Team member(s) relevant research experience and contributions
- Significance of the project
- Relevance/fit with the aims of the B.W. Fallis Parkinson's Care Research Grant
- For faculty/research affiliates:
  - \*Fit of the project within the applicant's program of research
  - \*Plans for future funding

Equity, Diversity, and Inclusion (EDI) and Sex and Gender-Based (SGBA) considerations in the project (maximum ½ page).

\* Note: The MCNHR encourages applicants to integrate EDI and SGBA considerations into their projects. However, the integration of EDI and SGBA considerations in aspects such as the project's research design, data analysis and dissemination plan, are not mandatory components and will not be a formal evaluation criterion that will impact the applicant's chances of success. Rather, this new requirement is in line with the [Tri-Agency EDI Action Plan for 2018-2025](#), which highlights initiatives Canada's federal funding agencies have undertaken to foster a more equitable, diverse and inclusive research ecosystem in Canada. In addition, the new requirement is meant to help facilitate discussions in research teams in the CON and beyond to build capacity to address and integrate SGBA and EDI considerations meaningfully in research.

Recommended EDI & SBGA Resources:

- [Best practices in equity, diversity and inclusion in research practice and design](#) \*New Frontiers in Research fund
- [How to integrate sex and gender into research](#) \*Canadian Institutes of Health Information (CIHR)

**Additional pages may be used for appendices and references:**

- Appendices are limited to:
  - Conceptual framework figures/diagrams
  - Study instruments (e.g., data collection forms, surveys, interview guides).
  - Ethics approval certificates
  - No other appendices are permitted and will be removed
- References (in numbered referencing style such as Vancouver or National Medical Library citation style)

Please be sure to do a final review of your application prior to submission ensuring readability, clarity, editing, proof-reading, and completeness of the application according to the guidelines.

To submit your application, go to the following link:

[https://umnursing.ca1.qualtrics.com/jfe/form/SV\\_dgxJNcZQ34TLMHP](https://umnursing.ca1.qualtrics.com/jfe/form/SV_dgxJNcZQ34TLMHP)

## **B.W. FALLIS PARKINSON'S CARE RESEARCH GRANT**

### **APPLICATION FORM CHECKLIST**

#### **CHECK OFF ( ✓ )**

- ☐ Application form is completed.
  
- ☐ Letter of approval by the appropriate University of Manitoba Research Ethics and/ or Animal/Biosafety Board attached or status noted.
  
- ☐ Budget completed.
  
- ☐ Body of the research proposal (excluding appendices and references) is not more than 5 single-spaced typed pages.
  
- ☐ Equity, Diversity, and Inclusion (EDI) and Sex and Gender-Based (SGBA) considerations encouraged, but not mandatory (1/2 page maximum).
