

University of Manitoba Retirees Association  
Annual General Meeting,  
October 19, 2019

President's Report 2018 – 2019

This document represents my 2nd Annual Report as President of UMRA. Selected highlights of this past year's activities are presented below:

- We are participating in initiatives to improve age-friendly conditions at the University of Manitoba
- Assistance (at cost) for members with computer problems is available
- UMRA is supporting a bursary, a scholarship, and 3-M prizes to University of Manitoba students which are well-received and an effective sign of our active presence in the University
- Please consider participating in our committees to help maintain and enhance our services
- Participating in University sessions to improve information for those nearing retirement
- Changes in the Supplementary Health Benefits Program have created improvements, uncertainties, and losses. Our Pensions and Benefits Committee is preparing a report for the UMRA website, where other information can also be found: <http://umanitoba.ca/outreach/retirees/>
- Working to ensure timely, accurate, and helpful information for our members

Dan Sitar, President
