TRI AGENCIES

Natural Sciences and Engineering Research Council of Canada (NSERC)

**NSERC Alliance Grants**

Alliance grants encourage university researchers to collaborate with partner organizations, which can be from the *private, public or not-for-profit sectors*. These grants support research projects that will generate new knowledge and accelerate the application of research results to create benefits for Canada. There is no deadline, applications may be submitted at any time throughout the year.

**Option 1:**
- Value: $20,000/yr (minimum annual request, not an average) to $1 million/yr
- No limit on number of applications per year for applicant or partner
- Cash match: 1:1 (50%) or 2:1 (67%)

**Option 2:**
- Value: $30,000/yr (minimum; not an average) to $100,000/yr
- Limit of one (1) application within a 12-month period (as Principal Investigator or as Co-Applicant); two within a 12-month period for partner organizations
- Cash match: **90% or 100%** ✠ This option does not require matching funds if your partners are exclusively not-for-profit or public organizations. **Because of its additional considerations, please contact Andrea.Craig@umanitoba.ca** or your Research Facilitator at an early stage before applying to this program Option.

FYI - Are you involved in collaborative work with a co-investigator/collaborator at another institution? Do you expect to receive Tri-agency funds for your contribution of research to a project? ORS can help with the transfer of funds. Send details to researchgrants@umanitoba.ca for assistance.

**WORKSHOP/EVENTS/MEETINGS/OTHER ANNOUNCEMENTS**

- **Community-Based Research Canada**
  Decolonizing Community-Based Research, Winter and Spring 2021 Learning Series - March Sessions

- **Cultural Safety in Indigenous Community Based Research**
  **Speakers:** Renée Masching and Carrie Martin from the Canadian Aboriginal AIDS Network with Elder Mike Standup
  **Webinar:** March 25, 12-1 pm ET  [Register here]
  **Live Discussion:**  March 31, 12:00- 1:15 pm ET  [Register here]
**WCRI 2021 Digital Event Invitation**

Last August the Planning Committee of the 7th World Conference on Research Integrity met and reviewed the Covid-19 situation and decided to postpone the 7th World Conference on Research Integrity, scheduled to take place in Cape Town, South Africa, for 12 months until Sunday 29 May 2022 to Wednesday 1 June 2022.

On the original 2021 conference dates (Monday 30 May, Tuesday 1 June and Wednesday 2 June 2021) WRCI will be hosting a series of webinars at no cost to the participant. The idea is to bridge the 3 year gap between the 6th and 7th WCRI. The program will consist of two one-hour sessions on each of these three days with a 15 minute break between them. All sessions will be offered twice to enable participation from all time zones to attend.

The program and the registration form is now available on the 7th WCRI website. To view the programme, [click here](#). To register, [click here](#). Remember to save these dates in your diary!

**The Canadian Institutes of Health Research (CIHR) is recruiting members to join its Institute Advisory Boards (IABs).** There will be a focus on ensuring that IAB members reflect the diversity of Canada and the health research ecosystem at large. Under-represented groups are encouraged to apply. **Applications will be accepted until April 12, 2021.** New members will be invited to serve terms of three years beginning on September 1, 2021. **Visit the CIHR website** for more information on IABs, including how to apply.
