

Research Participants Needed

What

RESOLVE is seeking service providers who have worked with survivors of intimate partner violence in rural areas of Manitoba.

Criteria

- Adults (18 years or older)
- Resides in Manitoba, Canada
- Employed as a service provider in a rural area of Manitoba

Why

- We hope to understand the unique gaps and barriers that rural women face when seeking help
- Results of the research will inform policy development and be communicated to government organizations, community service providers, non-government organizations working in the area of family violence, and academic researchers

How

The interview will take 60 to 90 minutes and will be done via a tele or videoconference at a convenient time.
