

University of Manitoba Security Services Monthly Report

February 2026

UM SAFE APP

UM Safe is a vital mobile safety app that delivers timely safety alerts and provides quick access to campus safety resources. The app offers features such as **Work Alone**, **FriendWalk**, and a **Mobile BlueLight**, which functions similarly to the physical blue light emergency stations located across campus.

Some features involve direct interaction with Security Services, while others are optional or function independently without Security Services involvement.

UM Safe is used by hundreds of higher education institutions and millions of users worldwide. It was developed by **App Armor** and is custom-branded for the University of Manitoba.

This free app is available to students, staff, and faculty on both **iPhone (App Store)** and **Android (Google Play Store)** devices.

The **Mobile BlueLight** feature will connect users to Security Services when they are within campus **Safe Walk** boundaries. If activated outside these boundaries, the alert will be directed to **911**.

University
of Manitoba

A wide-angle photograph of the University of Manitoba campus. In the foreground, there are green trees and a paved walkway. In the background, several large, historic-style buildings with red roofs and stone facades are visible under a clear sky. A blue banner with white text is overlaid on the top part of the image.

Campus Security Statistics – February 2026

Safe Walk/Safe Ride

If you do not feel comfortable walking on campus, Safe Walk and Safe Ride are free services in which Security Services staff will meet you and walk with you or give you a ride to or from your car, class, residence room, or bus stop.

34 Safe Walks Completed / 24 Safe Ride Completed

Parking Services

Security Services works closely with Parking Services at the University of Manitoba.

3 Calls for service

Alarms Security

Services responds to all safety and security alarms on campus. These alarms include, Code Blues, Emergency Phones as well as Elevator, Fire, and Panic Alarms.
