

University of Manitoba Security Services Monthly Report

April 2026

UM SAFE APP

UM Safe is a vital mobile safety app that delivers timely safety alerts and provides quick access to campus safety resources. The app offers features such as **Work Alone**, **FriendWalk**, and a **Mobile BlueLight**, which functions similarly to the physical blue light emergency stations located across campus.

Some features involve direct interaction with Security Services, while others are optional or function independently without Security Services involvement.

UM Safe is used by hundreds of higher education institutions and millions of users worldwide. It was developed by **App Armor** and is custom-branded for the University of Manitoba.

This free app is available to students, staff, and faculty on both **iPhone (App Store)** and **Android (Google Play Store)** devices.

The **Mobile BlueLight** feature will connect users to Security Services when they are within campus **Safe Walk** boundaries. If activated outside these boundaries, the alert will be directed to **911**.

End of Term Safety

Be Careful of What You Share!

- Be wary of posting “finally done, heading home!”—this can signal that your place is empty.
- Turn off or review location tagging on apps like Instagram and Snapchat.
- If you’re subletting, don’t publicly share your exact address—use private messages and screen potential renters first.

Campus Security Statistics – April 2026

Safe Walk/Safe Ride

If you do not feel comfortable walking on campus, Safe Walk and Safe Ride are free services in which Security Services staff will meet you and walk with you or give you a ride to or from your car, class, residence room, or bus stop.

20 Safe Walks Completed / 24 Safe Ride Completed

Parking Services

Security Services works closely with Parking Services at the University of Manitoba.

4 Calls for service

Alarms Security

Services responds to all safety and security alarms on campus. These alarms include, Code Blues, Emergency Phones as well as Elevator, Fire, and Panic Alarms.

Response to 145 Alarms

Suspicious

It is essential that the university community feels comfortable and safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.

Responded to 56 Suspicious Calls

Access Everyday

Security Services helps students and staff access buildings or rooms. Security Services staff may need to alter daily operations to assist with unscheduled door openings.

192 Unscheduled Access Requests

Medical Emergencies

Security Services responds to all medical emergencies on campus and is often first on scene, aiding and directing emergency responders to the correct location.
