University of Manitoba
Security Services Monthly Report

September 2026

UM SAFE APP

UM Safe is a vital mobile safety app that delivers timely safety alerts and provides quick access to campus safety resources. The app offers features such as **Work Alone**, **FriendWalk**, and a **Mobile BlueLight**, which functions similarly to the physical blue light emergency stations located across campus.

Some features involve direct interaction with Security Services, while others are optional or function independently without Security Services involvement.

UM Safe is used by hundreds of higher education institutions and millions of users worldwide. It was developed by **App Armor** and is custom-branded for the University of Manitoba.

This free app is available to students, staff, and faculty on both **iPhone (App Store)** and **Android (Google Play Store)** devices. Links to download these applications are also available on the UM Security webpage.

The **Mobile BlueLight** feature will connect users to Security Services when they are within campus **Safe Walk** boundaries. If activated outside these boundaries, the alert will be directed to **911**.

September Safety Reminder

As students return to school, expect increased traffic and congestion. Allow extra time for your commute, follow posted school-zone speed limits, and remain alert for children, pedestrians, and school buses. Always stop when a school bus has its stop sign extended and its red lights flashing.

With the changing weather ahead of us, plan for the season by considering when to install your winter tires and preparing your vehicle for colder, less predictable driving conditions.

Campus Security Statistics – September 2026

Safe Walk/Safe Ride
If you do not feel comfortable walking on campus, Safe Walk and Safe Ride are free services in which Security Services staff will meet you and walk with you or give you a ride to or from your car, class, residence room, or bus stop.
24 Safe Walks Completed / 20 Safe Ride Completed

Parking Services
Security Services works closely with Parking Services at the University of Manitoba.
3 Calls for service

Alarms Security
Services responds to all safety and security alarms on campus. These alarms include, Code Blues, Emergency Phones as well as Elevator, Fire, and Panic Alarms.
Response to 152 Alarms

Suspicious
It is essential that the university community feels comfortable and safe when spending time on campus. Security Services responds to reports of suspicious people and vehicles on campus.
Responded to 35 Suspicious Calls

Access Everyday
Security Services helps students and staff access buildings or rooms. Security Services staff may need to alter daily operations to assist with unscheduled door openings.
208 Unscheduled Access Requests

Medical Emergencies
Security Services responds to all medical emergencies on campus and is often first on scene, aiding and directing emergency responders to the correct location.
15 Medical Emergencies
