To provide clinical and on-field internship experiences on campus and in the community for prospective Athletic Therapy candidates. May not be held for credit with PHED 4910. Evaluated pass/fail.

**PR/CR: A minimum grade of C is required unless otherwise indicated.**
Prerequisite: KIN 3914 (KIN 3910, PHED 3910) and KIN 3400 and KIN 3320.

**Mutually Exclusive:** PHED 4910

**EQUIV TO:**
LABR 3060 Workplace Health and Safety 3 cr
An introduction to occupational health, industrial hygiene and industrial
safety emphasizing the impact of chemical hazards on the body, the
measure and control of hazards and the causes and prevention of
industrial accidents.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LABR 1260 (the former LABR 1270) and LABR 1290] or
[HRIR 3450 and 6 credit hours of other HRIR courses] or written consent
of the Labour Studies coordinator.
Attributes: Social Science

LABR 3070 Labour Relations and Occupational Health and Safety Law 3 cr
The economic costs of workplace injuries and sickness; the history of
occupational health and safety laws and their implementation; the history
and functions of workers' compensation; collective bargaining on health and
safety.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LABR 1260 (the former LABR 1270) and LABR 1290] or
[HRIR 3450 and 6 credit hours of other HRIR courses] or written consent
of the Labour Studies coordinator.
Attributes: Social Science

LABR 3080 Labour and Community Organizing 3 cr
This course examines the theory and practice of collaborative community
and labour organizing, with particular emphasis on Latin America, to
identify the strengths and limitations of this approach for reviving unions,
protecting workers' rights and advancing social justice.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or written
consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3090 Globalization and Labour 3 cr
An examination of the impact of global capitalism on the lives of workers
(both paid and unpaid) in the Global South and North in the early 21st
century. Using concepts of class, gender and "race," the course addresses
key challenges facing working people, the crisis of workers' movements,
and new movements emerging in response to this crisis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor.
Attributes: Social Science

LABR 3110 Special Studies in Labour Studies 3 cr
This course will vary from year to year depending on the needs of
students and the interests of the instructor. The course content may vary.
Students can earn multiple credits for this course only when the topic
subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of 1000 level Labour Studies] or written
consent of the Labour Studies coordinator.
Mutually Exclusive: LABR 3370, SOC 3370, SOC 3371
Attributes: Social Science

LABR 3120 Special Studies in Labour Studies 3 cr
This course will vary from year to year depending on the needs of
students and the interests of the instructor. The course content may vary.
Students can earn multiple credits for this course only when the topic
subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of 1000 level Labour Studies] or written
consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3130 Employment Legislation and the Protection of Workers 3 cr
An examination of the legal rights and obligations of workers and
employers, and the enforcement mechanisms for the non-unionized
workplace, over the course of the employment relationship from hiring
through to termination or retirement. Special emphasis will be placed on
statutory and common law, personal employment contracts, wrongful and
constructive dismissal, human rights legislation and jurisprudence.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LABR 1260 (the former LABR 1270) and LABR 1290] or
[HRIR 3450 and 6 credit hours of other HRIR courses] or written consent
of the Labour Studies coordinator.
Attributes: Social Science

LABR 3140 Pensions and Benefits 3 cr
The nature and role of pensions in the life cycle of workers and the issue
of pension funds control on distribution. The role of non-wage benefits in
the labour compensation package.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or
[HRIR 3450 and six credit hours of other HRIR courses] or written consent
of the Labour Studies coordinator.
Attributes: Social Science

LABR 3200 Workers' Self-Management 3 cr
An examination of historical and contemporary examples of self-
managed workplaces and the theory of a participatory economy based on
workers' self-management.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of 1000 level Labour Studies] or written
consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3210 Working People in Hard Times 3 cr
What have recent changes in work and society meant for people who
work for wages or who live with those who do? How did these changes
happen? What do they mean for youth today? How do the growing
demands of our jobs affect our lives with family and friends? How have
employers' actions affected unions, and how have unions responded?
This course will explore these questions and others that arise from them.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or written
consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3214 Canada's Left: Rebellion and Repression (C) 3 cr
This course traces the emergence and evolution of Canada's left from the
late nineteenth century to the present, with an emphasis on its two
main streams, communism and social democracy. Topics include the
relationship between popular, party, labour, and ethnic lefts; left parties
and mainstream politics; the left in the evolution of human rights and in
other public policies; the treatment within various lefts of gender, race,
sexuality and ethnicity; popular movements; legal constraints and state
repression. Also offered as HIST 3214. Not to be held with HIST 3214.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of History or written consent of department
head] or [three credit hours of 1000 level Labour Studies or written
consent of Labour Studies coordinator].
Equiv To: HIST 3214
Attributes: Social Science
LABR 3220 Global Sweatshops, Global Struggles 3 cr
This course explores the past and present of sweatied work in various industries in the Global North and South. We explore circumstances that support sweatshops, including off-shoring and the new international division of labour, migrant, child and female labour forces; global supply chains and the role of retailers and contractors. We also compare and evaluate strategies to eliminate sweatshops, including NGO activities, government regulations, consumer boycotts and the international labour, student and social justice movements. Also offered as HIST 3212. Students may not hold credit for both LABR 3220 and HIST 3212.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies or written consent of the Labour Studies coordinator] or [six credit hours of History or written consent of the department head].
Equiv To: HIST 3212
Attributes: Social Science

LABR 3230 Human Rights at Work 3 cr
This course is an introduction to the basic human rights protections in Canadian workplaces that have developed as a result of collective bargaining, human rights legislation, The Charter of Rights and Freedoms and decisions of courts and tribunals. The course will also examine the concept of human rights on a broader, international and national level. Students may not hold credit for both LABR 3230 and LABR 3110 when titled "Human Rights at Work.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies or written consent of the Labour Studies coordinator].
Attributes: Social Science

LABR 3240 Becoming an Advocate 3 cr
This course introduces students to concepts and structures pertaining to workers’ advocacy and administrative law, including areas such as human rights, occupational health and safety, Workers’ Compensation, and the duty of fair representation. Students may not hold credit for LABR 3240 and any of LABR 3110 or LABR 3120 when titled "Becoming an Advocate.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3370 Sociology of Work 3 cr
An examination of work as a central aspect of human social life; its changing nature and content in response to technological, political, and social change; how work is organized and understood by employers and workers; its consequences for individuals, social institutions, and society. Students may not hold credit for LABR 3370 and any of: SOC 3370, SOC 3371, and LABR 3110 when taught as "Sociology of Work”.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LABR 1260 or LABR 1290] or [SOC 1200 or the former SOC 1201] or [both SOC 1211 and SOC 1221].
Equiv To: SOC 3370, SOC 3371
Mutually Exclusive: LABR 3110
Attributes: Social Science

LABR 3400 Racism and Work 3 cr
This course explores three central questions: What are racism and colonialism? How do racism and colonialism shape work in Canada? What strategies exist for combating racism at work, and which are most effective? Students may not hold credit for both LABR 3400 and LABR 3110 when titled "Racism and Work.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 3510 Industrial Relations 6 cr
A study of comparative employer-employee relationships in Canada and other selected countries as affected by market forces, social traditions, and government action. Students may not hold credit for both LABR 3510 and the former ECON 3510.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [three credit hours of 1000 level Labour Studies] or written consent of the Labour Studies coordinator.
Equiv To: ECON 3510
Attributes: Social Science

LABR 3700 History of Working People and Labour Movements 1700 to the Present 6 cr
A survey of working class history with emphasis upon the varieties of labour movements and trade unions. The course will refer to the social and political experience of working people in Great Britain, Europe and the United States and will devote one term to Canadian topics. May not be held with the former HIST 3700.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of Labour Studies or History] or written consent of the Labour Studies coordinator.
Equiv To: HIST 3700
Attributes: Social Science

LABR 4110 Selected Topics in Labour Studies 3 cr
This course will vary from year to year depending on the needs of students and the interests of the instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of the Labour Studies coordinator.
Attributes: Social Science

LABR 4510 Labour Studies Field Placement Seminar 3 cr
A seminar to be taken concurrently with LABR 4520 in which each student will relate theory and practice. This course is also offered as ECON 4610 and GPE 4510. Students may not hold credit for LABR 4510 and either ECON 4610 or GPE 4510. Intended for students in the Labour Studies Advanced Major.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of the Labour Studies coordinator.
Corequisite: LABR 4520.
Equiv To: ECON 4610, GPE 4510
Attributes: Social Science, Written English Requirement
**Latin (LATN)**

**LATN 1080 Introduction to the Reading of Latin 1 3 cr**
Readings in Latin poetry and prose with related exercises in grammar and composition intended to prepare students to read Classical and Medieval Latin.

*Attributes: Humanities, Recommended Intro Courses*

**LATN 1090 Introduction to the Reading of Latin 2 3 cr**
Further readings in Latin poetry and prose with related exercises in grammar and composition intended to prepare students to read Classical and Medieval Latin.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 1080.

*Attributes: Humanities, Recommended Intro Courses*

**LATN 2700 Intermediate Readings in Latin 3 cr**
Further readings in Latin prose and poetry with related exercises in grammar and syntax as continued preparation for the reading of Classical and Medieval Latin. Students may not hold credit for both LATN 2700 and the former LATN 1320.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 2720 Selected Readings in Republican and Augustan Poetry 3 cr**
Readings from among the comedies of Plautus and Terence, the shorter poems of Catullus, and the Metamorphoses of Ovid.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 2740 Selected Readings in Republican and Augustan Prose 3 cr**
Readings from among the works of Livy and Caesar and the letters and philosophical writings of Cicero.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 2760 Latin Prose Composition and Sight Translation 3 cr**
Assignments in writing Latin prose and practice in the techniques for effective reading of poetry and prose at sight.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 2780 History of the Latin Language 3 cr**
A survey of the language from its Indo-European pre-history to its position as the matrix of the Romance languages. Phonological, morphological and lexical aspects of the language are investigated in the light of Latin documents and some comparative evidence from cognate languages.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 2800 Readings in Medieval or Renaissance Latin 3 cr**
Selections of prose and poetry written after the beginning of the fourth century after Christ.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: LATN 2700 or the former LATN 1320.

*Attributes: Humanities*

**LATN 3740 Roman Comedy 3 cr**
Reading of at least two plays from among the comedies of Plautus and Terence.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*

**LATN 3760 Orations of Cicero 3 cr**
Reading of at least two complete speeches from among the political and forensic works of Cicero.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*

**LATN 3780 Roman Satire 3 cr**
Reading of selected Satires of Horace and Juvenal and of excerpts from the Apocolocyntosis of Seneca and the Satyricon of Petronius.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*

**LATN 3800 Lyric and Elegiac Poetry of the Augustan Age 3 cr**
Selected Odes and Epodes of Horace and amatory elegies of Propertius, Ovid and Tibullus.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*

**LATN 3820 Vergil's Aeneid 3 cr**
Reading of at least three books of the Aeneid.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*

**LATN 3840 Vergil's Eclogues and Georgics 3 cr**
Reading of the Eclogues in their entirety and at least two books of the Georgics.

*PR/CR: A minimum grade of C is required unless otherwise indicated.*
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.

*Attributes: Humanities*
LATN 3860 The Roman Historians 3 cr
Reading of selected passages from the works of Livy, Caesar, Sallust and Tacitus.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.
Attributes: Humanities

LATN 3880 Poetry of the Silver Age 3 cr
Reading of one or two tragedies of Seneca with selections from the works of Martial, Statius or Lucan.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prequisite: [LATN 2720 or LATN 2740] or written consent of department head.
Attributes: Humanities

LATN 3932 Advanced Studies in Latin Prose Literature 3 cr
Readings in a particular genre such as philosophy, history, or rhetoric with substantial reading in secondary critical or interpretive literature. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prequisite: LATN 2720 or LATN 2740 or LATN 2800 or written consent of department head.
Attributes: Humanities

LATN 3942 Advanced Studies in Latin Poetry 3 cr
Readings in a particular genre such as epic, lyric, comedy or elegy with substantial reading in secondary critical or interpretive literature. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prequisite: LATN 2720 or LATN 2740 or LATN 2800 or written consent of department head.
Attributes: Humanities

Law (LAW)

LAW 1102 Contracts 5 cr
This course covers the basic principles of contract law, including how a contract is formed; what is an offer; what constitutes acceptance; whether all promises are enforceable as a contract; when parties should be allowed to avoid obligations; what happens if one party misrepresents the quality of subject matter of the contract; what happens when a party makes a mistake about what they buy or sell; what should happen if one party takes advantage of another for a better deal for themselves. May not be held with LAW 1100.
Mutually Exclusive: LAW 1100

LAW 1114 Criminal Law and Procedure 5 cr
A general introduction to criminal law and procedure dealing with principles of criminal liability, common defenses to criminal charges, selected specific offences, and the basic procedures to be followed in the administration of criminal justice in Canada.

LAW 1378 Passeport du droit en Français 1 1 cr
Language of instruction: French. Le Passeport du droit en français 1 donne aux étudiants de première année du programme J.D. qui participent à la Concentration d'accès à la justice en français l'occasion d'améliorer leur compétence langagière en français, passant d'un bilinguisme réceptif (compréhension orale et écrite) à un bilinguisme actif (expression orale et écrite). Le cours est organisé en une série de colloques informels menés en français par le chargé d'enseignement, des invités et des étudiants de deuxième ou troisième année à propos de thèmes reliés à la pratique bilingue du droit dans l'Ouest canadien, l'accès à la justice en français, l'acquisition de compétences culturelles et divers domaines du droit. Les étudiants prennent part aux discussions en classe et rédigent des textes de réflexion. Le Passeport devrait permettre aux étudiants bilingues de tisser des liens favorisant la prestation de services juridiques aux communautés francophones en situation minoritaire. Ce cours est noté sur une formule réussite/échec. This course is graded on a pass/fail basis.

LAW 1460 Constitutional Law 5 cr
An examination of the legal problems arising from the nature of the Canadian political structure and, in particular, the distribution of legislative powers between the federal parliament and the provincial legislatures and an introduction to the impact of the Canadian Charter of Rights and Freedoms.

LAW 1480 Torts and Compensation Systems 5 cr
A general introduction to the law of torts and other compensation systems such as the Workers' Compensation and Criminal Injuries Compensation schemes.

LAW 1500 Property 5 cr
A general introduction to the principles of property with special emphasis on the principles of real property, their historical development and modern application.

LAW 1530 Legal System 2 cr
An introduction to the study of law including initial analysis of various aspects of legal history, the structure of the legal system, legal reasoning, statutory interpretation, dispute resolution and the role of the judiciary.

LAW 1540 Legal Methods 5 cr
An introduction to legal research and writing skills and oral advocacy. Students participating in the Access to Justice in French Concentration must instead take LAW 1542 Méthodes juridiques, a bilingual course substantively equivalent to LAW 1540. Students who do not complete this course will not be eligible for the Concentration. May not be held with LAW 1542. This course is graded on a pass/fail basis.
Equiv To: LAW 1542

LAW 1542 Méthodes juridiques 1-5 cr
Language of instruction: French. Une introduction aux compétences juridiques fondamentales dans les domaines de la recherche et de la rédaction juridique et de la plaidoirie orale. Ce cours est noté sur une formule réussite/échec. May not be held with LAW 1540. This course is graded on a pass/fail basis.
Equiv To: LAW 1540
Equiv To: LAW 2652
Language of instruction: French. Une étude détaillée de la conduite d’une affaire dès son début jusqu’au procès. Le cours exige que les étudiants préparent et mènent un procès. Ce cours est noté sur une formule réussite/échec. May not be held with LAW 2650. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: LAW 1542 or written consent of the Associate Dean (J.D.).
Equiv To: LAW 2650

LAW 2672 Civil Procedure 3 cr
An introduction to the rules of civil procedure. May not be held with LAW 2670
Mutually Exclusive: LAW 2670

LAW 2680 Legal Negotiation 3 cr
Most legal disputes settle before trial. This course examines how lawyers assist their clients through effective interviewing, counseling, strategic planning and negotiation as well as some of the mechanisms, both judicial and non-judicial, that facilitate pre-trial dispute settlement. May not be held with LAW 2682.
Equiv To: LAW 2682

LAW 2682 Négociation juridique 3 cr
Language of instruction: French. La plupart des litiges se règlent avant le procès. Ce cours examine comment les avocats aident leurs clients par le biais d’entretiens, de conseils, de planification stratégique et de négociations efficaces, ainsi que certains des mécanismes, judiciaires et non judiciaires, qui facilitent le règlement des litiges avant le procès. Ce cours est noté sur un formulaire réussite/échec. May not be held with LAW 2680. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: LAW 1542 or written consent of the Associate Dean (J.D.).
Equiv To: LAW 2680

LAW 2690 Corporations I 3 cr
A study of the major legal, practical and policy issues arising out of the formation and operation of business organizations in Canada, with a particular focus on business corporations. Students will examine major principles of Canadian corporate law, including corporate personality, management power, majority rule and minority protection.

LAW 2700 Income Tax Law and Policy 3 cr
The object of this course is to develop a working knowledge of the basic principles and rules of the income tax system as these apply to individuals. A parallel objective is the discovery of the major policy positions that inform the personal income tax system and the development of the ability to use tax policy analysis to evaluate advantages of, and problems with, the current system.

LAW 3012 International Business Law 3 cr
Explores the legal, practical and social realities of international business transactions.

LAW 3014 International Trade Law 3 cr
The course will deal with the doctrine, practice and policy issues in international trade and business.

LAW 3016 Corporations II 3 cr
An advanced study of corporations law from various theoretical and practical perspectives.

LAW 3018 Human Rights Law 3 cr
Critical and constructive study, at an advanced level, of a significant major subject or set of topics in Human Rights Law.
LAW 3020 Clinical Administrative Law 3 cr
The primary purpose of this course is to train students in lawyering skills. Students will be required to engage in classroom work and participate in simulated exercises. Emphasis will be given to the difference between board and court advocacy.

LAW 3022 Insurance Law 3 cr
Introduction to the basic principles of insurance law. The fundamental elements to most types of policies will be examined with particular emphasis on property and liability insurance. The terms and provisions specific insurance policies and coverages such as automobile, property, liability policies will also be covered.

LAW 3024 The Legal Profession and Professional Responsibility 3 cr
A general introduction to the problems of professional responsibility and the ethics of lawyers individually, as well as the legal profession collectively. Topics dealt with will include ethical problems of the lawyer in the role of the advocate and in the role of counsellor (confidentiality, conflict of interest, etc.); professional responsibility in the delivery of legal service (competency, fee determination, specialization, regulation etc) and the legal profession and the public interest (governance of profession, discipline, professional liability etc) These problems are to be studied by the critical examination of case law, codes, canons, and other published materials, by classroom discussion and debate on problems; and by workshops and panels which involve practising lawyers.

LAW 3026 Trademarks and Patents 3 cr
An in-depth examination of the law of Trade-marks and Patents, including underlying policy objectives.

LAW 3028 Copyright Law 3 cr
An in-depth examination of the law of Copyright.

LAW 3030 Research Paper B 3 cr
Details in each case to be worked out with the Associate Dean. 10,000 words for 3 credit hours. May not be held with LAW 3490.

Mutually Exclusive: LAW 3490

LAW 3032 Court of King's Bench Clerkship 3 cr
Students will be expected to provide research assistance to the Justices, and students will be asked to provide written memoranda and other research to help the Justices prepare for trial or application hearings. Discussions of legal issues may follow from the work that students do. May not be held with LAW 3250 when titled " Court of Queen's Bench Clerkship" Grading: Pass/Fail.

Mutually Exclusive: LAW 3250

LAW 3034 Court of Appeal Clerkship 3 cr
Students will be expected to provide research assistance to the Justices, and students will be asked to provide written memoranda to help the Justices prepare for hearings. Discussions of legal issues may follow from the other work that students do. Grading is on a Pass/Fail basis.

LAW 3050 Commercial Law 3 cr
A study of secured transactions and negotiable instruments.

LAW 3070 Gender and the Law 3 cr
An exploration of ideas about gender differentiation in law, the legal system, legal education and the legal profession. It will offer an introduction to the feminist critique of law and feminist theories about sexual equality and discrimination.

LAW 3090 Children, Youth and the Law 3 cr
Relationships between child, family, state and law are examined within an interdisciplinary context, focusing on such issues as rights theories and the public/private distinction; regulation of young offenders, child protection and state intervention; children in the courts; and the particular challenges of older children/ young adults at the boundary between childhood and adulthood.

LAW 3120 Philanthropy and the Law 3 cr
This course investigates the origins of, and regulation of, charities and charity law as well as regulation of other non-profit entities. Typical topics considered in this course include the social, economic and cultural importance of an ethic of giving, the tax benefits attendant upon charitable status, dimensions of fund-raising, public and private foundations and terrorism and international charities.

LAW 3132 Clinical Family 3 cr
This course will serve as a bridge between the introductory family law course and the Advanced Family Law course, enabling students to develop a deeper understanding of the issues in this area of the law and to be better prepared to assimilate the necessary skills to be successful in this high demand area of practice. Registration restricted to students in Year 3. This course is evaluated on a pass/fail basis. May not be held with LAW 3250 when titled Clinical Family.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: LAW 2640.

LAW 3170 Dispute Resolution 3 cr
This course offers a detailed exploration of the theory and practice of dispute resolution focusing on the various approaches, private and court-connected, currently used to resolve conflict. In critically examining selected alternative dispute resolution mechanisms, the course exposes students to issues such as rights-based and interest-based dispute resolution, power, gender and culture in ADR processes and the functions, and skills required of, third party interveners. May not be held with the former LAW 3160 or LAW 3162.

Mutually Exclusive: LAW 3160, LAW 3162

LAW 3212 Immigration Law 3 cr
The refugee definition; the need for refugee protection; procedural protection for refugee claimants; a comparative study of refugee determination systems; the legality of a refugee sanctuary movement; the legal status of refugee claimants in Canada; refugee and immigrant detention; the relevance of Charter guarantees to refugees and immigrants; visa requirements and airline fines; the international system of refugee protection; racist intention and effect in immigration and refugee law; material misrepresentation as a ground of exclusion; medical inadmissibility; equivalence of Canadian and foreign criminal offenses for purposes of exclusion; the relevance of foreign laws in determining family composition of sponsored immigrants. May not be held with LAW 3200.

Mutually Exclusive: LAW 3200

LAW 3220 Competitions B 3 cr
Credit for selected students who satisfactorily participate in those academic competitions approved by Faculty Council. This course is graded on a pass/fail basis.

LAW 3230 Aboriginal Peoples and Land Claims 3 cr
The course shall provide an overview of land claims and treaty land entitlement policies in Canada and their impact upon land claims by Aboriginal communities.
LAW 3250 Current Legal Problems D 3 cr
Critical and constructive study, at an advanced level, of a significant major subject or set of topics. This course is graded on a pass/fail basis.  
Mutually Exclusive: LAW 3032

LAW 3302 Clinical Criminal Law 6 cr
The primary purpose of this offering is to train students in lawyering skills in the criminal law area. To this end, instruction is given on an intensive basis in small groups. Students may be required to engage in classroom work; to participate in various forms of simulation exercises and to conduct actual client based cases under the supervision of the instructor. Particular emphasis will be given to questions of professional responsibility and ethics. Registration restricted to students in Year 3. This course is evaluated on a pass/fail basis. May not be held with LAW 3300.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: (LAW 2602 or LAW 2600) and LAW 3590. Co-requisite: LAW 3532 or LAW 3340.
Mutually Exclusive: LAW 3300

LAW 3310 Aboriginal Peoples and the Law 3 cr
A study of the laws relating to Aboriginal Peoples in North America from the colonial period to the present. Special emphasis will be given to aboriginal rights, hunting and fishing rights, the legal aspects of Indian Treaties and the Indian Act. A more general treatment will be given to a study of Aboriginal Peoples’ relationship to civil and criminal law in modern Canadian society.

LAW 3330 Employment Law 3 cr
A detailed study of employment law including employment principles, constructive and wrongful dismissal, just cause, human rights and remedies.

LAW 3334 Global and Domestic Governance of Tainted Finance 3 cr
The object of this course is to explore the law and policy related to the regulation of tainted finance. It aims to critique and appraise the merits of governance, both international and domestic. It begins with a broad overview of the relationship between tainted finance and global problems and then moves to consideration of discrete aspects. May not be held with LAW 3980 when titled "Global and Domestic Governance -Tainted Finance".

LAW 3336 Law and Popular Culture 3 cr
This course will study legal popular culture. This course will critically examine television programs and films that are concerned with law, lawyers and justice. This course will study them with a view to discovering how popular culture constitutes law (the influence of popular culture on law) and how law helps create popular cultural understandings of justice, including popular perceptions of lawyers and legal institutions (the influence of law on popular culture). This course will theorize about the capacity of law and popular culture to generate social meaning. This course will use a number of theoretical approaches including: critical legal studies, feminist legal theory, film studies, conflict resolution theory, and cultural studies theory. These theories will inform readings of the TV shows and movies, and will help students critically question the visions of justice advanced by both the theories and the popular culture. In doing so, the course also critiques the jurisprudence (or legal philosophy) offered in popular culture films and television shows and examines key concepts such as justice and equality. May not be held with LAW 3980 when titled "Law and Popular Culture.”

LAW 3338 Sentencing 3 cr
The vast majority of criminal charges result in a conviction, whether by guilty plea or conviction at trial. This seminar focuses on the principles and practice of sentencing, while also looking in some detail at the sanction of imprisonment, penal policy and prisoner’s rights. This course will be run as an advanced seminar class. May not be held with LAW 3980 when titled "Sentencing”.

LAW 3340 Advanced Advocacy 3 cr
Advanced topics in trial presentation, procedure and evidence with concentration on jury trials.

LAW 3342 Agency and Partnership 3 cr
This course deals comprehensively with the law of agency, including the various ways in which and authorities with which an agent can be empowered, the contractual and tort liabilities of Principals, Agents and Third Party’s arising from an exercise of authority by Agents, and the duties and rights of Agents. The pairing of the law of agency and partnership is natural because the law of agency is a foundational pillar of the partnership business form. Next to the corporation, partnership is the most common form in which entrepreneurs carry on business. The course will provide an introduction to the law governing partnerships. May not be held with LAW 3980 when titled "Agency and Partnership”.

LAW 3344 Internships 3 cr
This course will serve as abridge between the academic study of law and the practice of law. Connecting academic study with community service through structured reflection contributes to learning that is deeper, longer lasting and more generalizable to new situations and contexts. An Internship will provide opportunities for cooperative experiences and addressing legal problems, this will require students to engage in problem solving by drawing on the substantive knowledge they have acquired over the course of their law studies. May not be held with LAW 3250 when titled “Current Legal Problems - Internship”. This course is graded on a pass/fail basis.

LAW 3346 Access to Justice 3 cr
This course explores how individuals seek to manage their legal problems b engaging with and navigating the civil justice system in Manitoba. Topics which may be covered in the course include: public legal services; the proliferation of self-represented litigants; the role of pro bono services; rural and remote Access to Justice (A2J); the costs of justice; the state of A2J research; the provision of legal services by non-lawyers; on line dispute resolution; and, technology, innovation and the legal practice of the future. May not be held with LAW 3980 when titled "Access to Justice”.

LAW 3348 Bankruptcy and Insolvency 3 cr
This course provides students with an introduction to Canadian bankruptcy insolvency law under the Bankruptcy and Insolvency Act. By the end of the course students will understand the main components of Canadian bankruptcy and insolvency law as well as the key policy issues. May not be held with LAW 3980 when titled ”Bankruptcy and Insolvency”.

October 05, 2022
This course surveys selected issues involving sexual work, performances, expression and the criminal law. The main focus of the course is on the development of obscenity and indecency laws, prostitution-related laws, voyeurism laws, artistic expression, revenge pornography, cyber sexual crimes, bestiality laws, campus sexual regulation and hateful sexual speech. Study of these topic areas is based on a doctrinal, socio-legal and anthropological history of sexual regulation beginning in ancient Pompeii and leads to an assessment of law in modern day Canada. The course thus explores theories underpinning freedom of expression, equality and liberty. The course engages doctrinal issues in criminal law, constitutional law, tort law and to a certain extent, jurisprudence and the philosophies inherent in law and society approaches. WARNING: This course contains graphic (though legal) sexual content. May not be held with LAW 3980 when titled "Sexual Expression, Conduct and Work in Canada".

LAW 3354 Moot Researcher 3 cr
The Moot Researcher will be expected to conduct the research necessary for a University of Manitoba team for a specific national moot competition. The Moot Researcher must actively participate in the writing and editing of a factum and attend all meetings of the moot team as a group, including oral advocacy practices. The workload of the researcher is expected to be closely monitored by the faculty supervisor. Activities assigned by the supervisor might include the following: attending the competition with the moot team, to conduct exigent research arising at the competition; writing memorandums of law or bench memos to assist with the factum preparation or questions arising out of practices; and writing a reflective paper. The researcher will be required to docket her/his time. Although considerable time and effort is involved, the exercise provides a unique and rewarding development of the skills necessary for appellate research. May not be held with LAW 3250 when titled "Moot Researcher." This course is graded on a pass/fail basis.

LAW 3360 Advanced Legal Research 3 cr
This course will provide students with the wherewithal to conduct legal research across a number of jurisdictions using both print and digital formats. Students are evaluated on a number of research exercises, a midterm examination, a major research pathway and a presentation of research results.

LAW 3362 Animals and the Law 3 cr
From a law perspective, the study of animals thus provides opportunity to think critically about: Crown ownership versus private property ownership; regulatory takings; natural resources and environmental legal frameworks; tort law; trade law; property law; intellectual property and regulation of biotechnology; regulation of food and agriculture; migrant workers and employment and immigration law and policy; animal health and welfare; animal rights and standing; and ultimately, the role of the law. May not be held with LAW 3980 when titled "Animals and the Law".

LAW 3364 Law and Resistance 3 cr
This course examines the intersections between law and resistance, including the ways in which individuals, groups and/or communities may challenge the dominant power of various entities (governments, institutions, corporations or other organizations, Indigenous communities) or individuals and the decisions they make and the actions they take. The course shall also explore the spectrum of responses that legal systems employ to legitimate or punish the conduct of such resisters. Acts of resistance may have an impact (directly or indirectly) in shaping the law-its creation, interpretation or enforcement. May not be held with LAW 3980 when titled "Law and Resistance".

LAW 3370 The Legislative Process 3 cr
A study of how statutes and regulations are made in the Province of Manitoba, and how lawyers can effectively represent their clients in the context of lawmaking by politicians, civil servants and regulators.

LAW 3372 Français juridique - droit public 3 cr
Language of instruction: French. Par le biais d’exposés magistraux, d’exercices et de simulations axés sur la pratique, ce cours initie les étudiants bilingues à certains sujets de droit public essentiels à l’amélioration de l’accès à la justice en français des justiciables francophones au Manitoba et ailleurs au Canada. Des praticiens experts donnent, en français, des conférences sur les principaux aspects de fond et de procédure de sujets liés au droit des réfugiés, au droit administratif, au droit de la famille, au droit pénal (détermination de la peine), au droit de la location résidentielle et aux droits de la personne, tout en mettant en évidence la terminologie juridique en français pertinente. La maîtrise et l’utilisation efficace de cette terminologie sont évaluées par des travaux écrits et par la participation des étudiants à des simulations et exercices oraux. Les étudiants reçoivent également un aperçu du cadre juridique régissant les droits linguistiques et les services juridiques en français. May not be held with LAW 3980 when titled "Francês juridique - droit public". This course is restricted to 2nd and 3rd year J.D. students. PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: LAW 1542 or written consent of the Associate Dean (J.D.).

LAW 3374 Français juridique - droit privé 3 cr
Language of instruction: French. Par le biais d’exposés magistraux, d’exercices et de simulations axés sur la pratique, ce cours initie les étudiants bilingues à certains sujets de droit privé essentiels à l’amélioration de l’accès à la justice en français des justiciables francophones au Manitoba et ailleurs au Canada. Des praticiens experts donnent, en français, des conférences sur les principaux aspects de fond et de procédure de sujets liés au droit des affaires, au droit du travail, au droit immobilier, aux testaments et successions, aux litiges civils et au droit fiscal, tout en mettant en évidence la terminologie juridique en français pertinente. La maîtrise et l’utilisation efficace de cette terminologie sont évaluées par des travaux écrits et par la participation des étudiants à des simulations et exercices oraux. Les étudiants reçoivent également un aperçu des différences de terminologie juridique en français entre les deux principaux régimes de droit privé au Canada : la common law et le droit civil du Québec. May not be held with LAW 3980 when titled "Français juridique - droit privé". This course is restricted to 2nd and 3rd year J.D. students. PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: LAW 1542 or written consent of the Associate Dean (J.D.).

LAW 3376 Droits linguistiques 3 cr
Language of instruction: French. Le cours aborde les différents aspects juridiques et politiques de la protection par l’État de sa diversité linguistique. Après une introduction mettant l’accent sur le contexte social, politique et culturel des droits linguistiques au Canada et au Manitoba, le cours examinera le droit constitutionnel et législatif applicable au niveau fédéral et dans les provinces canadiennes, les droits linguistiques autochtones, et la protection des droits linguistiques en droit international et ailleurs au monde. Le cours se conclura par un examen des visions des communautés de langues officielles en situation minoritaire (et tout particulièrement, la communauté francophone) face à leur avenir. May not be held with the former LAW 3366 or LAW 3980 when titled "Droits linguistiques".
LAW 3378 Passeport du droit en Français 3 1 cr
Language of instruction: French. Le Passeport du droit en français 3 donne aux étudiants de troisième année du programme JD qui participent à la Concentration d'accès à la justice en français l'occasion d'améliorer leur compétence langagière en français, passant d'un bilinguisme réceptif (compréhension orale et écrite) à un bilinguisme actif (expression orale et écrite). Le cours est organisé en une série de colloques informels menés en français par le chargé d'enseignement, des invités et des étudiants de deuxième ou troisième année à propos de thèmes reliés à la pratique bilangue du droit dans l'Ouest canadien, l'accès à la justice en français, l'acquisition de compétences culturelles et divers domaines du droit. Les étudiants prennent part aux discussions en classe et rédigent des textes de réflexion. Les étudiants de troisième année rédigent un éditorial, blogue ou brochure présentant des renseignements juridiques et le présentent dans le cadre d'un atelier. Le Passeport devrait permettre aux étudiants bilingues de tisser des liens favorisant la prestation de services juridiques aux communautés francophones en situation minoritaire. Ce cours est noté sur une formule réussite/échec. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: LAW 2378.

LAW 3380 Issues in Law and Bio Ethics 3 cr
The course deals with the legal aspects of prevention, creation, alteration, maintenance and termination of life through medical and other scientific means.

LAW 3392 Securities Law 3 cr
A study of the basic concepts and application of the securities regulatory system in Canada. May not be held with LAW 3390.

Mutually Exclusive: LAW 3390

LAW 3394 Internet and E-Commerce Law 3 cr
This is a perspectives course. It will cover legislation, case law and practical drafting techniques in many areas in order to better equip students in the practice of law, and at the same time invite students to reflect upon the political and social issues that arise as “cyberlaw” develops. Subject matter of the course: The legislation, court decisions, policy debates and practical drafting and litigation techniques connected with the internet and e-commerce. A variety of issues will be covered, including: freedom of expression issues, jurisdiction, internet speech regulation; online privacy issues; intellectual property issues, including domain names and downloading of copyright material; internet commerce issues, such as the law of contracts pertaining to online contracting. May not be held with LAW 3980 when titled “Internet and E-commerce Law”.

LAW 3410 Canadian Legal History 3 cr
The historical background of the Canadian legal system.

LAW 3450 Remedies 3 cr
A study of the law relating to damages, specific performance, injunctions, and other equitable remedies.

LAW 3510 Corporate Taxation 3 cr
A study of federal tax laws as they affect corporation income, as well as a discussion of the effects of income tax laws on corporate and other commercial planning.

LAW 3520 Taxation of Trusts and Estates 3 cr
A study of taxation principles as they relate to partnership and trust income and estate planning.

LAW 3530 Administrative Law 3 cr
An introduction to administrative law generally, with concentration on the judicial review of the exercise of statutory authority by administrative entities.

LAW 3532 Intensive Criminal Law 3 cr
This course follows the general introduction to the complexities and principles of criminal law presented in earlier courses on criminal law and evidence. It emphasizes the ways in which these complexities and principles play out in practice and has a strong practical component. It is well-suited for students considering working in the field of criminal law. The first half of the course will address the demands placed on prosecutors and defence counsel at various points of a prosecution, including, inter alia, application for judicial interim release, the preparation of pre-trial motions, direct and cross-examination, and sentencing. These demands are not only statutory, but also logistical, tactical and ethical. The second half of the course will look at these demands in the context of certain “special” criminal law contexts, including, inter alia, impaired driving, young offenders, domestic violence, and drug prosecutions. Registration restricted to students in Year 3. May not be held with LAW 3250 when titled “Intensive Criminal Law”. Grading: Pass/Fail.

LAW 3590 Charter Issues in Criminal Law 3 cr
The rules of Criminal Procedure and principles underlying and unifying such rules with a particular emphasis on the effect of the Charter of Rights and Freedoms on those rules.

LAW 3600 Environmental Law 3 cr
The balance between technical development and the life-support capacity of the environment. The acquisition and nature of private rights in natural resources and their control by legislation and common law. Remedies for environmental degradation. Constitutional and international legal issues.

LAW 3620 Comparative Law 3 cr
An introduction to civil law; a brief historical survey, codification, judicial philosophy, detailed study of selected comparative law topics in tort and contract with special reference to the Civil Code of the Province of Quebec. An introduction to Soviet law, detailed study of selected topics in Soviet law.

LAW 3674 Advanced Public Law 3 cr
This course provides students with a fuller appreciation and knowledge of several topics of interest and importance for Canadian public law, including the changing boundaries of public law in our “shrinking” state, the scope and meaning of judicial, administrative and bureaucratic independence, the role of international human rights norms in Canadian constitutional and administrative law, the intersection between the Canadian Charter of Rights and Freedoms and administrative law and the role of guidelines, policies and other “soft law” in public administration. Although focused on Canadian public law, the course may include a comparative component and draw from the public law experience of other jurisdictions. May not be held with LAW 3980 when titled “Advanced Public Law”.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: LAW 3530.

LAW 3690 Real Estate Transactions 3 cr
The law relating to vendors and purchasers of land and to mortgages and other security on land.
LAW 3740 Public International Law 3 cr
Public international law has a complex history, one that lends itself to conflicting interpretations. It has also been the object of a variety of competing theoretical projects, most of which diverge radically on questions of form and substance. This course provides an historically and theoretically reinforced introduction to the basic rules, principles, and institutions of public international law.

LAW 3770 Labour-Management Relations 3 cr
A survey of the development of trade unions; their present status under both federal and provincial legislation regarding the right of association, collective bargaining, and the settlement of disputes.

LAW 3824 Scholarly Publications 3 cr
The course will provide students with hands-on experience in working with scholarly writing. Students will develop their evaluation and critical analysis skills through the process of editing for publication all submissions to the Journal. May not be held with the former LAW 3820 or the former LAW 3822. Grading: Pass/Fail.
Mutually Exclusive: LAW 3822

LAW 3826 Advanced Scholarly Publications 3 cr
The course will provide students with hands-on experience in working with scholarly writing. Students will develop their evaluation and critical analysis skills through the process of completing full substantive and copy edits on two or three articles during the course of the year. Working as Senior Editors students will develop their interpersonal skills by communicating with authors and by supervising and managing the work of Junior Editors. May not be held with LAW 3250 when titled “Advanced Scholarly Publications”. Grading: Pass/Fail.

LAW 3828 Preventing Wrongful Convictions 3 cr
This course examines the causes of wrongful convictions, how to avoid them, detection mechanisms and remedies that should be provided under international instruments when a miscarriage of justice has occurred. The course starts by examining the environmental factors that nurture a miscarriage of justice, including the adversarial system of criminal justice. It then examines the role of the various players in the criminal justice system, and how each can inadvertently feed into a wrongful conviction - individually, or in combination with other factors. May not be held with LAW 3980 when titled “Preventing Wrongful Convictions”.

LAW 3832 Legal Aid Clinic 3 cr
Students who are selected to act as student supervisors at the University Law Centre during the summer and who continue to actively serve the University Law Centre during their third year may, by successfully completing a written assignment approved by a faculty supervisor, opt for the Legal Aid Clinic. May not be held with LAW 3830. Grading: Pass/Fail.
Mutually Exclusive: LAW 3830

LAW 3852 Private International Law 3 cr
It has to do with choosing what place to sue, what law applies when the law of more than one place might apply, and with the enforceability of judgments through foreign courts. May not be held with LAW 3850.
Equiv To: LAW 3850

LAW 3862 Business Transactions: The Art of the Deal 6 cr
A study, involving practical exercises of certain aspects of solicitors’ work, including interviewing, negotiating, counseling and memo writing.

LAW 3880 Municipal and Planning Law 3 cr
A general course in municipal law, including important aspects of land-use control and planning law. Although the course deals generally with the nature, structure, functions, and powers of the various units comprising the local level of government, the focus is primarily on municipal corporations. Topics covered include assessment and taxation, land-use planning and control, tort liability, judicial review of bylaws, qualification and accountability of councillors, and the law relating to expropriation, as well as some discussion of contemporary urban problems.

LAW 3940 Canadian Charter of Rights and Freedoms 3 cr
An in-depth study of the legal, philosophical and historical foundations of the Canadian Charter of Rights and Freedoms. Included is a study of both the American and European experience with Charters of Rights as well as Canadian case law.

LAW 3980 Current Legal Problems B 3 cr
Critical and constructive study, at an advanced level, of a significant major subject or set of topics.

LAW 3990 Externship 12 cr
The primary purpose of the Externship is to allow students an opportunity to work in a legal context where they gain professional knowledge and skills related to law, the legal profession and legal practice. Particular emphasis will be given to questions of professional responsibility and ethics. Within the workplace, students will be required to participate in various forms of exercises and to conduct work within an actual work setting where they face real day-to-day work situations under the supervision of practicing lawyers. Depending on the nature of the placement, they may be required to engage in classroom work. Registration restricted to students in Year 3. Grading: Pass/Fail.

Leadership (LEAD)

LEAD 2010 Learning to Lead 3 cr
This seminar provides students with an introduction to and understanding of effective leadership and its application to a variety of group and organizational contexts. The classes encourage interdisciplinary discussions of theoretical, philosophical, historical, and technical elements of effective leadership. The course allows students to reflect on and develop their own leadership style through interactive lectures, experiential activities, and action learning in groups and organizations in which students want to lead and be led. This seminar is intended for all students that have an interest in leadership theory and effective leadership practices. Students may not hold credit for both LEAD 2010 and ARTS 1160.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Students must have completed 15 credit hours of passed courses to register in LEAD 2010.
Mutually Exclusive: ARTS 1160

LEAD 3010 Negotiation and Conflict Management 3 cr
Leaders are regularly called upon to manage conflict, promote cooperation, and resolve competing interests. With a focus on negotiation as a means of conflict resolution, this course blends contemporary research and theory with practical, first-hand experience. Students’ effectiveness as negotiators will be developed with readings and class discussions focused on the social and psychological underpinnings of negotiation, and applied with weekly hands-on experiences, ranging from bilateral bargaining to complex, multi-issue, multilateral negotiation scenarios.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: Year three standing (or by permission of instructor).
LEAD 3020 Team Building and Diversity 3 cr
The ability to work effectively with team members is crucial to individual functioning and promotion within organizations. This course examines the structure and dynamics of teams with an aim to understanding team-building, team dynamics, diversity, and managing team conflict. Part of working effectively in teams is understanding diversity and how to encourage collaboration in diverse teams. This course will therefore cover topics related to diversity and cross-cultural awareness. Equivalent to but students may not hold credit for LEAD 3020 and GMGT 3020 with topics Diversity Management and Team Building or Diversity Management or Team Building.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: GMGT 2060 (D) [or GMGT 2080 (D)] and GMGT 2070 (D).
Equiv To: GMGT 3020

LEAD 3030 Corporate, Social, and Environmental Responsibility 3 cr
This course examines the responsibilities of business that accompany maximizing shareholder wealth. This includes balancing the needs of a variety of stakeholders (including owners, employees, customers, suppliers, competitors, neighbours, future generations) among a variety of forms of well-being (e.g. financial, ecological, environmental, social, spiritual, physical). Students will learn theory and best practices. Students are encouraged to take this course in the final two years of their program of studies at the I.H. Asper School of Business.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: GMGT 1010 (D) and GMGT 2060 (D) [or GMGT 2080] (D).

PR/CR: A minimum grade of C is required unless otherwise indicated.

LEAD 3040 Special Topics in Leadership and Organization 3 cr
This course examines the responsibilities of business that accompany maximizing shareholder wealth. This includes balancing the needs of a variety of stakeholders (including owners, employees, customers, suppliers, competitors, neighbours, future generations) among a variety of forms of well-being (e.g. financial, ecological, environmental, social, spiritual, physical). Students will learn theory and best practices. Students are encouraged to take this course in the final two years of their program of studies at the I.H. Asper School of Business.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: GMGT 2060 (D) [or GMGT 2080 (D)] and GMGT 2070 (D), or by permission of instructor.

LEAD 4010 Leading Change 3 cr
Organizations regularly face change due to market demands, competition, and economic pressures. The ability to lead change effectively is crucial to organizational success. This course will focus on how to: understand resistance to change, manage change processes, and support employees in times of uncertainty.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: GMGT 2060 (D) [or GMGT 2080 (D)] and GMGT 2070 (D).

LEAD 4020 Leadership, Power and Politics in Organizations 3 cr
This course provides students with an introduction to and understanding of effective leadership and its application to a variety of group and organizational contexts. The course will also describe and enable students to make sense of organizations as political entities and understanding the use of power and social influence. The classes encourage interdisciplinary discussions of theoretical, historical, and practical elements of effective leadership and power. Through interactive lectures and experiential activities, students will have the opportunity to reflect on and develop their own leadership style, to understand how to use and manage power, and to recognize and apply social influence tactics. Students entering second year are strongly recommended to take LEAD 2010 prior to taking LEAD 4020.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: GMGT 2070 (D).

---

Linguistics (LING)

LING 1000 Introduction to Linguistics 3 cr
Introduction to the scientific study of human language. Basic principles of sound systems, word structure, sentence structure, and meaning across the languages of the world. May not be held with the former LING 1200.

Mutually Exclusive: LING 1200
Attributes: Social Science, Recommended Intro Courses

LING 1010 Language in Context 3 cr
Language as a communication system embedded in a particular geographical, historical, and social context. Psychological and neurological aspects of language. Acquisition of first and second languages. May not be held with the former LING 1200.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 1000] or written consent of instructor.
Mutually Exclusive: LING 1200
Attributes: Social Science, Recommended Intro Courses

LING 1310 Indigenous Languages of Manitoba 3 cr
A survey of the linguistic structure, history, and current status of the languages and language families that are indigenous to Manitoba.

Attributes: Social Science, Recommended Intro Courses

LING 1360 Languages of Canada 3 cr
A survey of languages and linguistic problems encountered in North America, with particular attention to questions of relationship and classification. Examples will be drawn from both indigenous and immigrant languages.

Attributes: Social Science

LING 1440 Descriptive Grammar of Modern English 3 cr
What are the criteria that are used to distinguish "good" from "bad" grammar? What are the rules we need to know in order to speak and write "properly"? In focusing on basic concepts in traditional grammar, this course reviews parts of speech, the English tense system, sentence types (e.g., active vs. passive), question formation and types of embedded clauses. It examines the rules of traditional grammar and explores the linguistic structures that lie behind the rules. This course is not intended for students learning English; it presupposes native or near-native competence in English. Not open to students who are currently enrolled in, or have previously obtained credit in LING 2400 or the former LING 2200.

Mutually Exclusive: LING 2200, LING 2400
Attributes: Social Science

LING 1460 Words 3 cr
What is a word? How do the meanings and forms of words change over time? This course provides an introduction to the structure and history of words, with special attention to the origins of English vocabulary.

Attributes: Social Science, Recommended Intro Courses

LING 1620 Language and the Media 3 cr
The study of how language interacts with media. Investigation of the forms of language found in media discourse; how patterns in such language use contribute to recognizable media genres and styles; social themes and consequences that arise from media language.

Attributes: Social Science, Recommended Intro Courses
LING 2100 Phonetics and Phonology 3 cr
Fundamentals of the linguistic study of speech sounds. Exercises in phonetic transcription and phonological analysis in a variety of languages. May not be held with the former LING 1380 or the former LING 2420.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Mutually Exclusive: LING 1380, LING 2420
Attributes: Social Science

LING 2202 Multilingualism 3 cr
Study of various aspects of multilingualism from a sociolinguistic perspective. The course will introduce concepts such as bilingualism, diglossia, pidgins and creoles, code-switching, language maintenance, language loss and language shift, language policy and planning, language revitalization, and linguistic landscape.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1010 or the former LING 1200] or written consent of instructor.
Attributes: Social Science

LING 2210 Language and Gender 3 cr
An exploration of the multiple relationships between language and gender. How are gender differences manifested and perpetuated through language use? How are these differences acquired, and what do they reflect? How does gender interact with other factors such as class, sexual orientation, and ethnicity in language? May not be held with the former LING 1420.
Mutually Exclusive: LING 1420
Attributes: Social Science

LING 2330 Historical Linguistics 3 cr
How languages change over time at all levels of linguistic structure. Methods for reconstructing earlier linguistic stages. Language families and linguistic prehistory. May not be held with the former LING 2640.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1010 or the former LING 1200] or written consent of instructor.
Equiv To: LING 2640
Attributes: Social Science

LING 2340 Language Endangerment 3 cr
A survey of the causes and effects of language shift and language loss, as well as techniques for the documentation and revitalization of endangered languages. Students may not hold credit for both LING 2340 and the former LING 3820 when titled "Language Endangerment and Language Revitalization."
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Mutually Exclusive: LING 3820
Attributes: Social Science

LING 2400 Morphology and Syntax 3 cr
Fundamentals of the linguistic study of the structure of words and sentences. Exercises in morphological and syntactic analysis in a variety of languages. May not be held with the former LING 2200 or the former LING 2460.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Mutually Exclusive: LING 1440, LING 2200, LING 2460
Attributes: Social Science

LING 2500 Semantics and Pragmatics 3 cr
This course introduces students to basic theories of semantics and pragmatics, with application to the analysis of linguistic data. Topics covered include sense vs. reference, lexical relations, presupposition and topicality, participant roles, information structure, speech acts, metaphor, and metonymy.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Attributes: Social Science

LING 2600 Verbal Art 3 cr
Puns, punchlines, slogans and the chant of the auctioneer are as much instances of verbal art as are rhetorical flourishes and formal literary structures. With spoken language as its major focus, this course draws on a variety of languages, sources and genres to study artistic and playful uses of language.
Attributes: Social Science

LING 2740 Interpretation Theory 3 cr
A survey of interpretation theory, including specifics of language use and problems in the transfer of linguistic, cultural, and pragmatic information in interpretation, the interpreter's access to meaning, and the development of theories of interpretation. This course draws heavily on the field of ASL/English interpretation for illustration, but knowledge of ASL is not a requirement.
Attributes: Social Science, Written English Requirement

LING 2800 Communication Disorders 3 cr
A general introduction to the major pathologies of speech, language and hearing as viewed against the background of normal linguistic structures and functions. The distinction between mechanically- and neurologically-based disorders is illustrated in terms of aetiology, diagnosis and approaches to treatment.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Attributes: Social Science

LING 2840 Anatomy of Speech Production 3 cr
An intensive survey of the principal organs of speech and hearing, their embryology, and the general features of their evolutionary history. Some consideration will also be given to their pathological impairment. May not be held with the former LING 2830.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Equiv To: LING 2830
Attributes: Social Science

LING 2870 Neuroanatomy of Hearing and Speech 3 cr
A survey of the structures of the central and peripheral nervous systems as they relate to the production and perception of speech and the processing of language. Includes a survey of linguistic aphasiaology and a review of neurological deficits associated with abnormal language behaviour. May not be held with the former LING 2850.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [LING 1000 or the former LING 1200] or written consent of instructor.
Equiv To: LING 2850
Attributes: Social Science
LING 3110  Phonological Analysis  3 cr  
Key concepts in segmental and suprasegmental phonology. Emphasis on the development of skills in analysis and argumentation.

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisite: [LING 2100 or the former LING 2420] or written consent of instructor.

Attributes: Social Science

LING 3130  Acoustic Phonetics  3 cr  
The physical principles involved in the production, propagation and reception of sound. The subjective characteristics of sounds (loudness, pitch and quality) are related to their objective parameters (intensity, frequency and spectrum). The physical methods and the types of equipment used to analyze the basic physical properties of sounds will be demonstrated. May not be held with the former LING 2880.

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisite: [LING 2100 or the former LING 1380] or written consent of instructor.

Mutually Exclusive: LING 2880

Attributes: Social Science

LING 3210  Sociolinguistics  3 cr  
Study of the relationship between language and its social context. This course explores aspects of linguistic variation within and across speech communities, and considers language variation according to the socio-economic status, ethnicity, age, gender, and geographical distribution of its speakers. It will also cover other topics such as identity and ideology. May not be held with the former LING 2620.

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisites: [LING 1010 (or the former LING 1200) and LING 2210 (or the former LING 1420)] or written consent of instructor.

Mutually Exclusive: LING 2620

Attributes: Social Science

LING 3310  Structure of a Specific Language  3 cr  
Every language has unique properties that deepen our overall understanding of linguistic structure. In this course, the phonology, morphology, and syntax of a specific language are systematically explored on the basis of field records and descriptions which have become classics. The language of study will vary from year to year. May not be held with the former LING 3200.

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisites: [a grade of “C” or better in each of LING 2100 (or the former LING 2420) and LING 4400 (or the former LING 2200)] or written consent of instructor.

Mutually Exclusive: LING 3200

Attributes: Social Science

LING 3320  Structure of an Algonquian Language  3 cr  
Introduction to the linguistic analysis of the languages of the Algonquian family through the in-depth study of the structure of a particular Algonquian language. The language of study will vary from year to year. Students may not hold credit for LING 3320 and any of: NATV 3222 or NATV 3224 or the former NATV 2320 or the former LING 3200 or the former LING 3820 when titled "Structure of the Cree Language" or "Structure of the Ojibway Language."

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisites: [LING 2100 (or the former LING 2420) and LING 4400 (or the former LING 2200)] or written consent of instructor.

Equiv To: NATV 3222, NATV 3224

Mutually Exclusive: LING 3200, LING 3820, NATV 2320

Attributes: Social Science

LING 3330  Structure of ASL  3 cr  
An examination of ASL as a signed, as opposed to spoken, language. Topics include phonetic, phonological, morphological and syntactic structures. May not be held with the former LING 3300.

PR/CR: A minimum grade of C is required unless otherwise indicated. 
Prerequisite: [LING 2400 or the former LING 2200] or written consent of instructor.

Mutually Exclusive: LING 3300

Attributes: Social Science
LING 3860 Child Language Development  3 cr
The study of first language acquisition from infancy through childhood. Aspects of phonology, morphology, pragmatics and syntax acquisition are discussed, as well as formal theories of acquisition, second language and bilingual acquisition, atypical development and the relationship of language acquisition with literacy. Also offered as PSYC 3860. Students may not hold credit for LING 3860 and any of: PSYC 3860 or the former LING 2880 or the former PSYC 2880.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [9 credit hours of Linguistics courses] or [PSYC 2290 or PSYC 2291] or written consent of department head.
Equiv To: LING 2860, PSYC 2860, PSYC 3860
Attributes: Social Science

LING 3880 Second Language Acquisition  3 cr
Theories, methods, and findings concerning the various aspects of learning a second language. Examination of variables that impact second language acquisition and development. May not be held with the former LING 2720.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 1010 or the former LING 1200] or written consent of instructor.
Mutually Exclusive: LING 2720
Attributes: Social Science

LING 4110 Phonological Theory  3 cr
Contemporary approaches to the study of sound systems are introduced through the examination of selected phonological issues drawn from the primary research literature. May not be held with the former LING 3140.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 3110 (C+) or the former LING 2420] or written consent of instructor.
Mutually Exclusive: LING 3140
Attributes: Social Science

LING 4210 Language Variation and Change  3 cr
The field of variationist sociolinguistics is introduced through a survey of the primary research literature and practical experience in methods of data collection and analysis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 3210 (C+) or the former LING 2620] or written consent of instructor.
Attributes: Social Science

LING 4300 Field Methods  3 cr
Working with a speaker of an unfamiliar (and, usually, unrecorded) language, students are apprenticed in the collection, analysis, and interpretation of raw data. May not be held with the former LING 3400.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 3110 (C+) or the former LING 2420] and LING 3410 (C+) (or the former LING 2200)] or written consent of instructor.
Mutually Exclusive: LING 3400
Attributes: Social Science

LING 4410 Syntactic Theory  3 cr
The goals and tenets of contemporary syntactic theory are introduced through the examination of selected syntactic issues drawn from the primary research literature. May not be held with the former LING 3120.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [LING 3410 (C+) or the former LING 2200] or written consent of instructor.
Mutually Exclusive: LING 3120
Attributes: Social Science

LING 4920 Topics in Linguistics  3 cr
Topics of current interest in linguistics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Social Science

LING 4930 Topics in ASL  3 cr
Topics of current interest in ASL linguistics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Social Science

LING 4940 Special Studies  3 cr
Supervised study on a topic in linguistics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Social Science

Management Info. Systems (MIS)

MIS 2000 Information Systems for Management  3 cr
(Lab required) Introduction to information systems in organizations, systems development/acquisition, and management issues concerning information technology in organizations.
Equiv To: MIS 2001

MIS 3500 Database Management Systems  3 cr
Designing, developing and managing database systems, by using mainstream design methodologies and popular development tools.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MIS 3510 (D)] and [COMP 1010].

MIS 3510 Systems Analysis and Design  3 cr
Analyzing business tasks, processes, information and information technology, and designing information systems by employing methodologies, techniques and popular software used by information systems professionals.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MIS 2000 (C+).

MIS 3520 Data Communications and Networking  3 cr
A study of basic data communications topics, including communication media, protocols, network security, network topologies (local and wide area networks), Web development and network management issues.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MIS 2000 (C+).

MIS 4250 Advanced Topics in Management Information Systems  3 cr
A study of current issues in MIS. The topics for this course will vary over time, depending on student interests, faculty interests, and student demand. Not offered every year.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of instructor.
Mutually Exclusive: MIS 3010
MIS 4500  Management Information Systems Strategy  3 cr
A survey of the various issues associated with managing information as a resource. Explores MIS planning frameworks and tools, and the linkages between information systems, organizational structure and organizational strategy. A survey of the various issues associated with managing information as a resource. Explores MIS planning frameworks and tools, and the linkages between information systems, organizational structure and organizational strategy.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: at least two of the following: ACC 3530 (D), MIS 3500 (D), MIS 3510 (D), MIS 3520 (D), MIS 4250 (D).

Management Science (MSCI)

MSCI 2150  Introduction to Management Sciences  3 cr
An introduction to management science techniques and models. Topics include linear programming, distribution problems, decision theory and queuing models. May not be held with ABIZ 2520 or MSCI 2151.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 1230 or MATH 1520 or MATH 1500 (or MATH 1501)] and [STAT 1000 (or STAT 1001) or STAT 1150].
Equiv To: ABIZ 2520, MSCI 2151

MSCI 3400  Intermediate Management Science  3 cr
Operations research models used in the analysis of management problems. Topics include network analysis, deterministic inventory models, dynamic programming and game theory.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MSCI 2150 (D) or consent of instructor.
Equiv To: MSCI 3401

MSCI 4200  Topics in Management Science  3 cr
Topics of current interest in management science. Not taught every year.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MSCI 2150 (D).

MSCI 4220  Management Science Models in Business and Industry  3 cr
An applied course providing practical experience in modeling and solving business and industrial problems. Emphasis to be placed upon analysis, formulation, solution and implementation.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MSCI 3400 (D) or MSCI 4200 (D) or MSCI 4230 (D) or MSCI 4200 (D).

Marketing (MKT)

MKT 2210  Fundamentals of Marketing  3 cr
Analysis of marketing problems, emphasizing various alternatives available for achieving economic efficiency in the distribution process; public policy with respect to marketing.
Equiv To: MKT 2211
Attributes: Recommended Intro Courses

MKT 3220  Marketing Research  3 cr
Study of the planning and implementation of research required to make informed marketing decisions. May not be held with MKT 3221.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MKT 2210 (D) or MKT 2211 (D) or consent of instructor.
Equiv To: MKT 3221

MKT 3230  Consumer Behaviour  3 cr
Study of buying behaviour of individuals and organizations as affected by psychological and sociological forces within society.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).
Equiv To: MKT 3231

MKT 3240  Selected Topics in Marketing  3 cr
Analysis of marketing as it relates to specialized fields.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).
Mutually Exclusive: MKT 3242, MKT 3246, MKT 3248

MKT 3242  Brand Management  3 cr
Examination of the holistic and integrative considerations that affect brand management. May not be held with MKT 3240 when titled "Branding".
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MKT 2210 (D) or MKT 2211 (D).
Mutually Exclusive: MKT 3240

MKT 3246  Sustainability Marketing  3 cr
This course will examine strategies that organizations can adopt to be successful in meeting the triple bottom line (people, planet, profit) within the broader framework of sustainability. May not be held with MKT 3240 when titled "Sustainability Marketing". Prerequisites: MKT 2210 (D) or MKT 2211 (D).
Mutually Exclusive: MKT 3240

MKT 3248  Digital Marketing  3 cr
This course will explore various digital marketing channels, best practices, tools and techniques to analyze how marketing strategies and tactics are used to capture opportunities and create value for consumers in the digital age. May not be held with MKT 3240 when titled Digital Marketing.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D) or MKT 2211 (D).
Mutually Exclusive: MKT 3240

MKT 3300  International Marketing  3 cr
A study of international similarities and differences in marketing structures, functions and processes as related to the socio-economic and cultural environment and a consideration of the opportunities and problems of international marketing.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).

MKT 3310  Retail and Channel Management  3 cr
The study of the functions performed by traditional and e-commerce distributors. Topics include location and competitive analysis, promotion, merchandising, buying, design and historical development. Topics include location and competitive analysis, promotion, merchandising, buying, design and historical development.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).

MKT 3340  Services Marketing  3 cr
An examination of the differences in the marketing of goods versus services. Topics covered include service process design and management, problem identification and resolution, positioning issues, the importance of human resources, and promotional issues.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).
MKT 3390 Integrated Marketing Communications  3 cr
The process of using promotional tools in a unified way so that a synergistic communications is created. The course examines the roles of advertising, sales promotion, direct marketing, and the internet within this broader framework.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).

MKT 4010 Marketing Analytics  3 cr
The overarching purpose of this course is to convey the ample benefits of an analytical approach to marketing related decision-making, and to build skills/knowledge in undertaking such analyses on your own. Students will gain hands-on, computer-based experience with basic and advanced analytical tools to analyze marketing data for addressing business decisions that create value and build competitive advantage.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MKT 2210 (D) or MKT 2211 (D)) and (STAT 1000 (D) or STAT 1001 (D) or STAT 1150 (D)).

MKT 4210 Marketing Management  3 cr
An examination of strategies and tactics marketing managers use for products and services at various stages in the product life cycle. Uses qualitative and quantitative analyses to develop critical thinking essential for making marketing decisions. Can only be taken in final year of program.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MKT 3220 (D) or MKT 3230 (D)], and [one other 3000 or 4000 level Marketing course (D)], and [ACC 1110 (D)]. Pre- or co-requisite: either MKT 3220 (D) or MKT 3230 (D), but not both.

Equiv To: MKT 4211

MKT 4270 Sales Management  3 cr
The study of the management of the personal selling area including an examination of the selling function, the sales manager, and sales management.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).

Equiv To: MKT 4271

Mathematics (MATH)

MATH 0500 Preparing for University Mathematics  0 cr
A voluntary non-credit mathematics course for students, holding credit in Pre-Calculus 40S or Applied Mathematics 40S or equivalent, who would benefit from improving their knowledge and skills concerning topics included in the Manitoba secondary school mathematics curriculum. (NOTE: The fee for this course is non-refundable upon withdrawal). This course may be taken prior to or concurrently with MATH 1200, 1210, 1300, 1310, 1500, 1510, 1520, 1700, 1710 or 1690. Students participating in this course should purchase the set of notes "Preparing for University Mathematics" from the University of Manitoba Bookstore.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: a grade of 60% in Pre-Calculus 40S, 70% in Applied Mathematics 40S or a grade of 60% or better in the Math Skills course offered by Extended Education.

Attributes: Science

MATH 1010 Applied Finite Mathematics  3 cr
(Prob Required) For students needing to fill the requirement of a university level mathematics course. Introduces students to modern applications of discrete mathematics. Topics include: mathematics of finance, linear programming, graph theory, and game theory. This is a terminal course and may not be used as a prerequisite for other Mathematics courses. This course cannot be used as part of an Honours, Major, General or Minor program in the mathematical sciences. Not available to any student already holding a grade of "C" or better in any Mathematics course with the exception of MATH 1020, FA 1020, the former MATH 1190 or MATH 1191. Not to be taken concurrently with any other Mathematics course with the exception of MATH 1020, FA 1020 or MATH 1191. No prerequisite.

Mutually Exclusive: MATH 1200, MATH 1201, MATH 1210, MATH 1211, MATH 1220, MATH 1230, MATH 1232, MATH 1240, MATH 1241, MATH 1300, MATH 1301, MATH 1310, MATH 1500, MATH 1501, MATH 1510, MATH 1520, MATH 1690, MATH 1700, MATH 1701, MATH 1710

Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1018 Pre-Calculus in Practice  3 cr
(Prob required) Essential topics in pre-calculus, with an emphasis on applications and elementary mathematical modelling in the sciences. This course is intended primarily for students who do not have credit for Pre-calculus Mathematics 40S (60%) and wish to continue in a subsequent course in Mathematics. May not be used for credit in a Mathematics Honours, Joint Honours, or Major program. Not available to students who have previously obtained credit (grade of C or better) in MATH 1200, MATH 1201, MATH 1210, MATH 1211, MATH 1220, MATH 1230, MATH 1240, MATH 1241, MATH 1300, MATH 1301, MATH 1310, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or MATH 1690.

Mutually Exclusive: MATH 1200, MATH 1201, MATH 1210, MATH 1211, MATH 1220, MATH 1230, MATH 1232, MATH 1240, MATH 1241, MATH 1300, MATH 1301, MATH 1310, MATH 1500, MATH 1501, MATH 1510, MATH 1520, MATH 1690, MATH 1700, MATH 1701, MATH 1710

Attributes: Mathematics Requirement, Science, Recommended Intro Courses
MATH 1020 Mathematics in Art 3 cr
Specific theory, structuring systems, and mathematical methods and principles used in works of art from various historical periods and contexts will be explored in relation to Euclidean and non-Euclidean geometries. Topics include: linear perspective; shapes, patterns, balance and symmetry; ratio, proportion and harmony; and order, dynamics, and chaos. The course will be one half art and one half mathematics. Team-taught by faculty from the School of Art and the Department of Mathematics. This course is also given in the School of Art as FA 1020. This is a terminal course and may not be used as a prerequisite for other Mathematics courses. This course cannot be used as part of an Honours, Major, General or Minor program in the mathematical sciences. Not available to any student already holding a grade of “C” or better in any Mathematics course with the exception of MATH 1010, the former MATH 1190, or MATH 1191. Not to be taken concurrently with any other Mathematics course with the exception of MATH 1010 or MATH 1191. No prerequisite.
Equiv To: FA 1020
Mutually Exclusive: MATH 1200, MATH 1201, MATH 1210, MATH 1211, MATH 1220, MATH 1230, MATH 1232, MATH 1240, MATH 1241, MATH 1300, MATH 1301, MATH 1310, MATH 1500, MATH 1501, MATH 1510, MATH 1520, MATH 1690, MATH 1700, MATH 1701, MATH 1710
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1080 Fundamentals of Mathematical Reasoning 3 cr
(_lab required) Logic, reasoning, problem solving, introduction to set theory, mathematical induction, introduction to number theory, bases of arithmetic and the standard algorithms, working with fractions and functions. The course is recommended for students intending to become early or middle years school teachers. This course cannot be used as part of an Honours, Major, General or Minor program in the mathematical sciences.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (70%), the former Mathematics 40S (300) (50%), Applied Mathematics 40S (65%), MATH 1018 (C+), or MSKL 0100.
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1090 Mathematical Reasoning in Euclidean Geometry 3 cr
(_lab required) Introduction to Euclidean geometry with emphasis on mathematical reasoning. Perimeter, area, volume, triangle congruence, parallel lines and quadrilaterals, similarity, circles, coordinate geometry or transformation geometry. The course is recommended for students intending to become early or middle years school teachers. This course cannot be used as part of an Honours, Major, General or Minor program in the mathematical sciences.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 1080.
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1200 Elements of Discrete Mathematics 3 cr
( Lab Required) Sequences and series, trigonometry, complex numbers, algebra of polynomials, approximation of zeros of functions, linear difference equations. Not to be held with MATH 1210, MATH 1211 or MATH 1201. Not available to any student holding credit in any Mathematics course numbered 2000 or higher, unless MATH 1200 is a required course in a student’s program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: a minimum grade of 60% in Pre-calculus 40S or the former Mathematics 40S (300), or a grade of 60% or better in the MSKL 0100 offered by Extended Education.
Equiv To: MATH 1201
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1210, MATH 1211
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1210 Techniques of Classical and Linear Algebra 3 cr
(Lab required) To introduce a variety of practical algebraic concepts and skills necessary for the study of calculus and advanced engineering mathematics. The emphasis of this course is in the development of methodology and algebraic skill necessary for successful completion of subsequent engineering mathematics courses. This course is intended for Engineering and Geophysics students. May not be held with MATH 1200, MATH 1201, MATH 1211, MATH 1220, MATH 1300, MATH 1301, or MATH 1310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100.
Equiv To: MATH 1211
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1200, MATH 1201, MATH 1300, MATH 1301, MATH 1310
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1220 Linear Algebra 1 3 cr
(Lab required) This course is intended for students in mathematically rich disciplines including those planning to enter an Honours or Major program in Mathematics or Statistics. An introduction to vectors, matrices, systems of linear equations and three-dimensional geometry. May not be held with MATH 1210, MATH 1211, MATH 1300, MATH 1301, MATH 1310, or the former MATH 1680.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (70%), the former Mathematics 40S (300) (70%), MATH 1018 (B), or MSKL 0100 (B).
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1210, MATH 1211, MATH 1300, MATH 1301, MATH 1310, MATH 1680
Attributes: Mathematics Requirement, Science, Recommended Intro Courses
MATH 1230 Differential Calculus 3 cr
(Lab required) The course is intended for students in mathematically rich disciplines including those planning to enter an Honours or Major program in Mathematics or Statistics. Rigorous treatment of limits, continuity, and differentiation (with epsilon-delta proofs), applications in optimization problems, related rates, l'Hopital's rule, curve sketching, Taylor polynomials. Not to be held with MATH 1500, MATH 1501, MATH 1510, MATH 1520, the former MATH 1680, or MATH 1690.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (70%), the former Mathematics 40S (300) (60%), MATH 1018 (B), or MSKL 0100 (B).
Mutually Exclusive: MATH 1210, MATH 1211, MATH 1220, MATH 1310, MATH 1301, or the former MATH 1680.
Equiv To: Mathematics 40S (70%), the former Mathematics 40S (300) (60%), MATH 1018 (B), or MSKL 0100 offered by Extended Education.
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1232 Integral Calculus 3 cr
(Lab required) This course is intended for students in mathematically rich disciplines including those planning to enter an Honours or Major program in Mathematics or Statistics. Integral calculus: theory and techniques of integration, curve sketching (parametric and polar), volume, arc length, surface area and partial derivatives. Sequences and series. Not to be held with MATH 1690, MATH 1700, MATH 1701, MATH 1710.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 1230 or MATH 1500 (B) or MATH 1501 (B) or MATH 1510 (B).
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1500, MATH 1510, MATH 1520, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1240 Elementary Discrete Mathematics 3 cr
(Lab required) This course is intended for students in mathematically rich disciplines including those planning to enter an Honours or Major program in Mathematics or Statistics. An introduction to mathematical ideas, proof, techniques, and mathematical writing, explored through topics in discrete mathematics. May not be held with MATH 1241 or MATH 3120.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (B), or MSKL 0100.
Equiv To: MATH 1241
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1690, MATH 1700, MATH 1710
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1300 Vector Geometry and Linear Algebra 3 cr
(Lab required) An introduction to vectors, matrices, systems of linear equations and three-dimensional geometry. May not be held for credit with MATH 1210, MATH 1211, MATH 1220, MATH 1310, MATH 1301, or the former MATH 1680.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (60%), Applied Mathematics 40S (70%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100.
Equiv To: MATH 1301, MATH 1310
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1210, MATH 1211, MATH 1220, MATH 1680
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1301 Matrices for Management and Social Sciences 3 cr
(Lab Required) Matrix methods with examples relevant to the Management and Social Sciences. Topics include vectors, matrices, systems of linear equations, and determinants; applications include economic models, the simplex method for linear programming, Markov chains, and game theory. May not be held with MATH 1210, MATH 1211, MATH 1220, MATH 1300, MATH 1301, or the former MATH 1680.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: a minimum grade of 60% in Pre-calculus Mathematics 40S or the former Mathematics 40S (300), or MSKL 0100 offered by Extended Education. NOTE: A minimum grade of 70% in Applied Mathematics 40S may be used as a prerequisite to this course.
Equiv To: MATH 1300, MATH 1301
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1210, MATH 1211, MATH 1220, MATH 1680
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1500 Introduction to Calculus 3 cr
(Lab required) Differentiation and integration of elementary functions, with applications to maxima and minima, rates of change, area, and volume. May not to be held with MATH 1230, MATH 1501, MATH 1510, MATH 1520, the former MATH 1680, or MATH 1690.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100.
Equiv To: MATH 1501, MATH 1510, MATH 1520, MATH 1530
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1230, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1510 Applied Calculus 1 3 cr
(Lab required) Functions and graphs; limits and continuity; differentiation of functions defined explicitly, implicitly and parametrically; applications of derivatives to velocity and acceleration, related rates, maxima and minima; differentials, indefinite and definite integrals, application of integration to area. Physical applications in this course make it especially suitable for students intending to take programs in engineering. May not be held with MATH 1230, MATH 1500, MATH 1501, MATH 1520, the former MATH 1530, the former MATH 1680, or MATH 1690.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100) and (one of Physics 40S (300) (50%), PHYS 1018, PHYS 0900 (P), or PSKL 0100 (P)).
Equiv To: MATH 1500, MATH 1501, MATH 1520, MATH 1530
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1230, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses
MATH 1700 Calculus 2 3 cr
(Lab Required) Theory and techniques of integration, curve sketching, volume, arc length, surface area and partial derivatives. May not be held with MATH 1232, MATH 1690, MATH 1701, MATH 1710.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or the former MATH 1690.
Equiv To: MATH 1701, MATH 1710, MATH 1730
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1230, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 1710 Applied Calculus 2 3 cr
(Lab Required) Applications of integration to volumes, centres of mass, moments of inertia, work and fluid pressure; differentiation of trigonometric, inverse trigonometric, exponential, and logarithmic functions; techniques of integration; polar coordinates. Physical applications in this course make it especially suitable for students intending to take programs in engineering. May not be held with MATH 1232, MATH 1690, MATH 1700, MATH 1710.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or the former MATH 1680. Prerequisite or concurrent requirement: PHYS 1050 or PHYS 1051.
Equiv To: MATH 1700, MATH 1730
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1232, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 2010 Calculus 3 3 cr
(Lab Required) Differentiation and integration of functions of one variable and partial differentiation of functions of several variables. Emphasizes applications in the areas of management and social science. May not be held with MATH 1230, MATH 1500, MATH 1501, MATH 1510, the former MATH 1680, or MATH 1690.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100.
Equiv To: MATH 1500, MATH 1501, MATH 1510, MATH 1530
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1230, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

MATH 2020 Algebra 1 3 cr
(Lab required) The course is intended for students in mathematically rich disciplines. Groups, rings, fields: elementary concepts and examples. May not be held with MATH 2021 or the former MATH 3350.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2090 or MATH 2091 or the former MATH 2352 or the former MATH 2300 (B) or MATH 2301 (B).
Equiv To: MATH 2021
Mutually Exclusive: MATH 3350
Attributes: Mathematics Requirement, Science

MATH 2030 Combinatorics 1 3 cr
(Lab required) Introductory combinatorics, including basic counting, permutations and combinations, enumeration, inclusion-exclusion, pigeonhole principle, solving basic recursions, relations, and derangements. May not be held MATH 2031 or the former MATH 3400.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MATH 1240 or MATH 1241 or (the former MATH 2202 and one of the former MATH 2350 or the former MATH 2352) or consent of instructor.
Equiv To: MATH 2031
Mutually Exclusive: MATH 3400
Attributes: Mathematics Requirement, Science

MATH 2040 Curves and Surfaces 3 cr
(Lab required) Curves and surfaces in the plane and space. Intrinsic geometry of curves and surfaces: Serret Frenet frames, first and second fundamental forms, curvature and the Gauss map. Geodesics and parallel transport. Theorema Egregium and Gauss-Bonnet theorems.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of MATH 1232, MATH 1690, MATH 1700 (B), MATH 1701 (B), or MATH 1710 (B)] and [one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300 (C+), or MATH 1301 (C+)]; or consent of instructor. Pre- or corequisite: one of MATH 2150, MATH 2151, MATH 2720, or MATH 2721.
Attributes: Mathematics Requirement, Science

MATH 2710 Differential Geometry 3 cr
(Lab required) The course is intended for students in mathematically rich disciplines. Groups, rings, fields: elementary concepts and examples. May not be held with MATH 2021 or the former MATH 3350.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of Pre-calculus Mathematics 40S (60%), the former Mathematics 40S (300) (60%), MATH 1018 (C+), or MSKL 0100.
Equiv To: MATH 1500, MATH 1501, MATH 1510, MATH 1530
Mutually Exclusive: FA 1020, MATH 1010, MATH 1018, MATH 1020, MATH 1191, MATH 1230, MATH 1680, MATH 1690
Attributes: Mathematics Requirement, Science, Recommended Intro Courses
MATH 2070  Graph Theory 1  3 cr  
(Lab required) Introduction to graphs, digraphs, and multigraphs. Topics include trees, cycles and circuits, planarity, basic graph algorithms, and applications of graph theory to social and physical sciences. May not be held with MATH 2071 or the former MATH 2400 or COMP 4340.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: [MATH 1240 or MATH 1241] and [one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300 (C+), or MATH 1301 (C+)].  
Equiv To: MATH 2071  
Mutually Exclusive: COMP 4340, MATH 2400  
Attributes: Mathematics Requirement, Science  

MATH 2080  Introduction to Analysis 3 cr  
(Lab required) The course is intended for students in mathematically rich disciplines. Fundamental properties of the real number system as a complete ordered field, Archimedean property, existence of square roots, density of rational numbers, uncountability of real numbers. Sequences, subsequences, limit theorems, monotonicity, Bolzano-Weierstrass theorem, Cauchy sequences. Rigorous treatment of limits and continuity of functions of one and several variables. Uniform continuity. Applications. May not be held with MATH 2081 or the former MATH 2202.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: [one of MATH 1232, MATH 1690, MATH 1700 (B), MATH 1701 (B), or MATH 1710 (B)] and [one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300 (C+), MATH 1301 (C+) and [MATH 1240 or MATH 1241].  
Equiv To: MATH 2081  
Mutually Exclusive: MATH 2202  
Attributes: Mathematics Requirement, Science  

MATH 2090  Linear Algebra 2  3 cr  
(Lab required) The course is intended for students in mathematically rich disciplines. Abstract vector spaces, linear transformations, bases and coordinatization, matrix representations, orthogonalization, diagonalization, principal axis theorem. May not be held with MATH 2091, the former MATH 2300, the former MATH 2301, the former MATH 2350, or the former MATH 2352.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300 (C+), or MATH 1301 (C+).  
Equiv To: MATH 2091  
Mutually Exclusive: MATH 2300, MATH 2301, MATH 2350, MATH 2352  
Attributes: Mathematics Requirement, Science  

MATH 2120  Introductory Numerical Methods for Engineers 4 cr  
(Lab Required) Numerical methods applied to problems in engineering; roots of nonlinear equations and systems of linear equations, numerical differentiation and integration, initial-value problems. For Engineering and Geophysics students only. May not be held with MATH 2600 or MATH 2601.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: one of COMP 1010, COMP 1011, COMP 1012, COMP 1013; pre- or corequisite: MATH 2132 or the former MATH 2100.  
Mutually Exclusive: MATH 2160, MATH 2161, MATH 2600, MATH 2601, MECH 2150  
Attributes: Mathematics Requirement, Science  

MATH 2130  Engineering Mathematical Analysis 1  3 cr  
(Lab required) Multivariable differential and integral calculus up to and including multiple integrals in cylindrical and spherical coordinates. This course is intended for students in Engineering and Geophysics programs. May not be held for credit with MATH 2150, MATH 2151, MATH 2720, MATH 2721, the former MATH 2110, or the former MATH 2750.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: (MATH 1210 or MATH 1211) and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, or MATH 1710).  
Mutually Exclusive: MATH 2110, MATH 2150, MATH 2151, MATH 2720, MATH 2721, MATH 2750  
Attributes: Mathematics Requirement, Science  

MATH 2132  Engineering Mathematical Analysis 2  3 cr  
(Lab required) Infinite series, Taylor and Maclaurin Series; ordinary differential equations including Laplace transforms. This course is intended for students in Engineering and Geophysics programs. May not be held for credit with the former MATH 2100, the former MATH 2730, the former MATH 2731, the former MATH 2800, or the former MATH 2801.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: (MATH 1210 or MATH 1211) and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, or MATH 1710).  
Mutually Exclusive: MATH 2100, MATH 2730, MATH 2731, MATH 2750, MATH 2800, MATH 2801  
Attributes: Mathematics Requirement, Science  

MATH 2150  Multivariable Calculus 3 cr  
(Lab required) The course is intended for students in mathematically rich disciplines. Parametric curves, arc length and curvature. Functions of several variables. Level curves. Partial derivatives, gradient, divergence and curl. Max/min problems. Double and triple integrals, line and surface integrals of functions and vector fields, and applications. Green’s, Stokes, and divergence theorems. May not be held with MATH 2130, MATH 2151, MATH 2720, MATH 2721, or the former MATH 2750.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: MATH 2080 or MATH 2081 or the former MATH 2202.  
Equiv To: MATH 2151  
Mutually Exclusive: MATH 2130, MATH 2720, MATH 2721, MATH 2750  
Attributes: Mathematics Requirement, Science  

MATH 2160  Numerical Analysis 1  3 cr  
(Lab required) Elementary techniques of numerical solution of mathematical problems: solution of equations, linear systems of equations, nonlinear equations; finite and divided differences, interpolation; numerical differentiation and integration. May not be held with MATH 2120, MATH 2161, the former MATH 2600, or the former MATH 2601.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: [one of MATH 1232, MATH 1690, MATH 1700 (B), MATH 1701 (B), or MATH 1710 (B)] and [one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300 (C+), or MATH 1301 (C+)].  
Equiv To: MATH 2161  
Mutually Exclusive: MATH 2120, MATH 2600, MATH 2601, MECH 2150  
Attributes: Mathematics Requirement, Science
MATH 2170 Number Theory 1 3 cr
(Lab required) Prime numbers, unique factorization, linear congruences, Chinese remainder theorem, multiplicative functions, primitive roots and quadratic reciprocity. May not be held with the former MATH 2500 or the former MATH 2501.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: (MATH 2090 or MATH 2091) or (MATH 1240 or MATH 1241) or (the former MATH 2350 or the former MATH 2352) or (a "B" or better in the former MATH 2300 or the former MATH 2301).

Mutually Exclusive: MATH 2500
Attributes: Mathematics Requirement, Science

MATH 2180 Real Analysis 1 3 cr
(Lab required) Introduction to metric spaces including connectedness, compactness and continuity; topics in infinite series of numbers, and sequences and series of functions. May not be held with the former MATH 3230.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2080 or MATH 2081 or the former MATH 2202.

Equiv To: MATH 2181
Mutually Exclusive: MATH 3230
Attributes: Mathematics Requirement, Science

MATH 2720 Multivariable Calculus 3 cr
(Lab required) Calculus of several variables. This course is intended for students in one of the following programs: Actuarial Mathematics, Data Science, Statistics (Honours or Majors), Physics (Honours or Majors) Geophysics (Honours or Majors), and Physical Geography. May not be held with MATH 2130, MATH 2150, MATH 2151, MATH 2721, the former MATH 2110, or the former MATH 2750.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (one of MATH 1220, MATH 1210 (B), MATH 1211 (B), MATH 1300, MATH 1301, or MATH 1310) and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, or MATH 1710).

Equiv To: MATH 2721
Mutually Exclusive: MATH 2110, MATH 2130, MATH 2150, MATH 2151, MATH 2750
Attributes: Mathematics Requirement, Science

MATH 2740 Mathematics of Data Science 3 cr
(Lab required) This course introduces some of the mathematical tools used in Data Science. Topics include linear algebra: least squares, singular value decomposition, principal components analysis, and graph theory: centrality, social network theory, clustering. This course can only be used as an elective in an Honours, Major, or Joint Honours program in Mathematics.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(a "B" or better in MATH 1210 or MATH 1211) or (one of MATH 1220, MATH 1300, or MATH 1301)] and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, or MATH 1710).

Attributes: Mathematics Requirement, Science

MATH 3120 Applied Discrete Mathematics 3 cr
(Lab Required) Sets, groups, graphs, and Boolean algebra. For Engineering students only. May not be held with COMP 2130.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: ECE 2220 and MATH 2130.

Mutually Exclusive: COMP 2130, MATH 1240, MATH 1241
Attributes: Mathematics Requirement, Science

MATH 3132 Engineering Mathematical Analysis 3 3 cr
(Lab required) Vector integral calculus; series of Ordinary differential equations; Fourier series and Partial differential equations. This course is intended for students in Engineering and Geophysics programs. May not be held with former MATH 3100, the former MATH 3740, or the former MATH 3800.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MATH 2130 and MATH 2132.

Mutually Exclusive: MATH 3100, MATH 3740, MATH 3800
Attributes: Mathematics Requirement, Science

MATH 3142 Engineering Mathematical Analysis 4 3 cr
Introduction to discrete mathematics; systems of linear differential equations; complex function theory and applications. For Engineering and Geophysics students only. May not be held with MATH 3110, MATH 3700, MATH 3710, or MATH 3800.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MATH 2130; and MATH 2132 or the former MATH 2110.

Mutually Exclusive: MATH 3110, MATH 3700, MATH 3710, MATH 3800
Attributes: Mathematics Requirement, Science

MATH 3320 Algebra 2 3 cr
Basic structure theory of groups, integral domains and field extensions. Not to be held with the former MATH 3350.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2020 or MATH 2021 or (the former MATH 3300 and consent of instructor).

Mutually Exclusive: MATH 3350
Attributes: Mathematics Requirement, Science

MATH 3322 Algebra 3 3 cr
A continuation of topics in Algebra 1 and Algebra 2. More structure theory of groups, general ring theory, fields and field extensions, Galois theory.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3320 or (the former MATH 3350 and consent of instructor).

Attributes: Mathematics Requirement, Science

MATH 3330 Computational Algebra 3 cr
An introduction to the use of computers for symbolic mathematical computation, involving solving nonlinear systems and differential equations. A suitable software package will be used to explore applications.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2090 or MATH 2091 or the former MATH 2300 or the former MATH 2301 or the former MATH 2350 or the former MATH 2352 or consent of instructor.

Attributes: Mathematics Requirement, Science

MATH 3340 Complex Analysis 1 3 cr
Analytic functions, Cauchy's theorem and integral formula, series representation of analytic functions, calculus of residues, Rouche's theorem and the principle of the argument. May not be held with the former MATH 3710.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 2180 or the former MATH 3230) and [MATH 2150 or MATH 2151 or MATH 2720 (B) or MATH 2721 (B) or the former MATH 2750].

Mutually Exclusive: MATH 3710
Attributes: Mathematics Requirement, Science
MATH 3360  Combinatorics  2 3 cr
Advanced topics in combinatorics, including generating functions, elementary design theory, recurrences, chains and antichains, Polya counting. The course is challenging and is intended for students in mathematically rich disciplines. May not be held with the former MATH 4400.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2030 or MATH 2031 or the former MATH 3400.
Mutually Exclusive: MATH 4400
Attributes: Mathematics Requirement, Science

MATH 3370  Graph Theory 2 3 cr
Advanced topics in graph theory, including matchings and coverings, optimization, factors, flows, extremal graph theory, basic Ramsey theory, connectivity, and spectral graph theory. Selected applications in science and operations research are studied. The course is challenging and is intended for students in mathematically rich disciplines. May not be held with COMP 4340.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2070 or MATH 2071 or the former MATH 2400 (B) or permission of instructor.
Mutually Exclusive: COMP 4340
Attributes: Mathematics Requirement, Science

MATH 3380  Introduction to Projective Planes 3 cr
Affine planes and projective planes, cross ratio, complex projective plane (the great unifier), Desargues' theorem, projective planes over division rings, Pappus' theorem and commutativity, the fundamental theorem for projectivities on a line, introduction of coordinates in a projective plane. May not be held with the former MATH 2552 or the former MATH 3430.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2070 or MATH 2071 or the former MATH 2400 (B) or
Mutually Exclusive: MATH 2550, MATH 2551, MATH 2552, MATH 3430
Attributes: Mathematics Requirement, Science

MATH 3390  Introduction to Topology 3 cr
Topological spaces, continuity, connectedness, compactness, separation properties. May not be held with the former MATH 3240.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2180 or the former MATH 3230 or consent of instructor.
Mutually Exclusive: MATH 3240
Attributes: Mathematics Requirement, Science

MATH 3410  Introduction to Mathematical Logic 3 cr
Propositional and first-order logic. Recursion theory. May not be held with the former MATH 4250.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2020 or MATH 2021 or the former MATH 2202 or the former MATH 2352 or consent of instructor.
Mutually Exclusive: MATH 4250
Attributes: Mathematics Requirement, Science

MATH 3420  Numerical Analysis 2 3 cr
Numerical methods for eigenvalue problems, nonlinear systems, initial-value problems, boundary-value problems; finite difference methods for ordinary and partial differential equations; error analysis. Not to be held with the former MATH 3600 or the former MATH 3601.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 2090 or MATH 2091 or the former MATH 2300 (B) or the former MATH 2301 (B) or the former MATH 2352] and [MATH 2150 or MATH 2151 or MATH 2720 (B) or MATH 2721 (B) or the former MATH 2750] and (MATH 2160 or MATH 2161 or the former MATH 2600 or the former MATH 2601). Pre- or corequisite: MATH 3440 or the former MATH 2800 or the former MATH 2801.
Mutually Exclusive: MATH 3600
Attributes: Mathematics Requirement, Science

MATH 3440  Ordinary Differential Equations 3 cr
Theory and applications of ordinary differential equations; existence and uniqueness of solutions, linear systems, simple nonlinear systems. This course is theory-based and is intended for students in mathematically rich disciplines. Not to be held with the former MATH 3800.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2180 or [MATH 1300 (B) or MATH 1301 (B)] and (the former MATH 2730 (B) or the former MATH 2731 (B) or the former MATH 2750)].
Mutually Exclusive: MATH 3800
Attributes: Mathematics Requirement, Science

MATH 3460  Partial Differential Equations 3 cr
Method of characteristics for first order PDEs, wave, beam, heat and Laplace equations, derivation of PDEs, existence and uniqueness, energy estimates, well-posedness, maximum principles, separation of variables. Not to be held with the former MATH 3810.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2180 or [(MATH 1300 (B) or MATH 1301 (B)) and (the former MATH 2730 (B) or the former MATH 2731 (B) or the former MATH 2750)].
Mutually Exclusive: MATH 3810
Attributes: Mathematics Requirement, Science

MATH 3470  Real Analysis 2 3 cr
Functions of bounded variation, Riemann-Stieltjes integration and Lebesgue integration. Not to be held with the former MATH 3740 or the former MATH 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(MATH 2150 or MATH 2151 or the former MATH 2750) or ((MATH 2720 (B) or MATH 2721 (B)) and (the former MATH 2730 (B) or the former MATH 2731 (B)))] and [MATH 3440 or the former MATH 3800].
Mutually Exclusive: MATH 3800
Attributes: Mathematics Requirement, Science

MATH 3472  Real Analysis 3 3 cr
Fourier series and Fourier transforms; orthogonal systems and L2 theory, convergence and approximation. Multivariable calculus of maps from Rn to Rm, general chain rule and general notion of derivative, implicit function and inverse function theorems. Not to be held with the former MATH 3740 or the former MATH 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3470.
Mutually Exclusive: MATH 3740, MATH 3760
Attributes: Mathematics Requirement, Science
MATH 3480  Set Theory  3 cr
Axiomatic set theory. Cardinality, well-ordered sets, ordinal numbers, cardinal numbers. Axiom of Choice. Ordinal and cardinal arithmetic. Transfinite induction and recursion. May not be held with the former MATH 3220.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2020 or MATH 2021 or the former MATH 2202 or consent of instructor.
Mutually Exclusive: MATH 3220
Attributes: Mathematics Requirement, Science

MATH 3490  Optimization  3 cr
(Lab required) This course introduces the theory and practice of optimization. Both unconstrained and constrained problems are considered, as well as continuous and discrete optimization. Topics include linear programming, unconstrained optimization, constrained nonlinear optimization and integer programming. Applications to Statistics and Data Science will be explored.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of MATH 2090, MATH 2091, MATH 2740, the former MATH 2300, the former MATH 2301, the former MATH 2350, or the former MATH 2352] and [one of MATH 2150, MATH 2151, MATH 2720, MATH 2721, or the former MATH 2750].
Attributes: Mathematics Requirement, Science

MATH 3510  Introduction to Mathematical Modelling  3 cr
An introduction to the principles and techniques involved in the design, development, solution, testing and revision of mathematical models of real world phenomena illustrated through the discussion of case studies. May not be held with the former MATH 3820 or the former MATH 3821.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2150 or MATH 2151 or MATH 2720 (B) or MATH 2721 (B) or MATH 2130 (B) or consent of Instructor.
Mutually Exclusive: MATH 3820, MATH 3821
Attributes: Mathematics Requirement, Science

MATH 4230  Complex Analysis  2  3 cr
Conformal mappings, normal families, harmonic and subharmonic functions, Perron’s family, Dirichlet problem and Green’s function. Not to be held with the former MATH 4710.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 3440 or the former MATH 3800] and (MATH 3760) and (MATH 3390 or the former MATH 3240), or consent of instructor.
Mutually Exclusive: MATH 4750
Attributes: Mathematics Requirement, Science

MATH 4240  Advanced Group Theory  3 cr
Representation theory of finite groups, presentations of finite and infinite groups, or other topics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3322 or the former MATH 3350 or consent of instructor.
Attributes: Mathematics Requirement, Science

MATH 4260  Abstract Measure Theory  3 cr
Lebesgue and abstract measures, measurable functions, convergence theorems, absolutely continuous functions, measure spaces, the Radon-Nikodym theorem, Fubini’s and Tonelli’s theorems. Not to be held with the former MATH 4750.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3472 or the former MATH 3740 (B+) or the former MATH 3760.
Mutually Exclusive: MATH 4750
Attributes: Mathematics Requirement, Science

MATH 4270  Algebraic Topology  3 cr
This course will serve as an introduction to elements of homotopy or homology theory. Not to be held with the former MATH 4230.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 3320 or the former MATH 3300) and (MATH 3390 or the former MATH 3240), or consent of instructor.
Mutually Exclusive: MATH 4230
Attributes: Mathematics Requirement, Science

MATH 4280  Basic Functional Analysis  3 cr
Banach spaces, Hahn-Banach, open mapping and closed graph theorems, principle of uniform boundedness, linear operators and functionals, dual space, Lp and Lq spaces, weak and weak* topologies, Hilbert spaces and compact operators on a Hilbert space. Not to be held with the former MATH 4750.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 3472 or the former MATH 3740 (B+) or the former MATH 3760] and (MATH 3390 or the former MATH 3240), or consent of instructor.
Mutually Exclusive: MATH 4750
Attributes: Mathematics Requirement, Science

MATH 4290  Complex Analysis  2  3 cr
Topics in combinatorial geometry, including arrangements of convex bodies, introduction to polytopes, problems in discrete geometry, repeated distances, and geometric graphs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3360 or the former MATH 3400 or consent of instructor.
Attributes: Mathematics Requirement, Science

MATH 4300  Combinatorial Geometry  3 cr
Topics in combinatorial geometry, including arrangements of convex bodies, introduction to polytopes, problems in discrete geometry, repeated distances, and geometric graphs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3360 or the former MATH 3400 or consent of instructor.
Attributes: Mathematics Requirement, Science

MATH 4310  Introduction to Mathematical Modelling  3 cr
An introduction to the principles and techniques involved in the design, development, solution, testing and revision of mathematical models of real world phenomena illustrated through the discussion of case studies. May not be held with the former MATH 3820 or the former MATH 3821.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2150 or MATH 2151 or MATH 2720 (B) or MATH 2721 (B) or MATH 2130 (B) or consent of Instructor.
Mutually Exclusive: MATH 3820, MATH 3821
Attributes: Mathematics Requirement, Science

MATH 4320  Dynamical Systems  3 cr
Techniques for the qualitative analysis of nonlinear systems of ordinary differential equations and discrete-time systems. Not to be held with the former MATH 4800.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3440 or the former MATH 3800.
Mutually Exclusive: MATH 4800
Attributes: Mathematics Requirement, Science

MATH 4330  Fundamentals of Approximation Theory  3 cr
Theoretical aspects of approximation theory: density, existence, uniqueness; direct and inverse theorems for polynomial approximation.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 2080 or MATH 2081 or the former MATH 2202) and (MATH 2160 or MATH 2161 or the former MATH 2600 or the former MATH 2601), or consent of instructor.
Attributes: Mathematics Requirement, Science

MATH 4340  Introduction to Algebraic Geometry  3 cr
This course will introduce students to the basics of affine and projective varieties through a combination of basic theoretical tools and elementary examples.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 3322 or the former MATH 3350 or consent of instructor.
Attributes: Mathematics Requirement, Science
MATH 4360  Introduction to Differential Geometry  3 cr
Manifolds and submanifolds; vector and tensor fields, Lie brackets and derivatives. Also at least one of the following: exterior differential calculus and Stokes' theorem, introduction to Riemannian geometry, symplectic geometry and hamiltonian mechanics. Not to be held with the former MATH 4730.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 3472 or the former MATH 3740 (B) or the former MATH 3760) and (MATH 3390 or the former MATH 3240).
Mutually Exclusive: MATH 4730
Attributes: Mathematics Requirement, Science

MATH 4370  Linear Algebra and Matrix Analysis  3 cr
Vector and matrix norms, matrix factorizations, eigenvalues and eigenvectors, theory of non-negative matrices. Applications to differential equations, math biology, numerical analysis, digital image processing, data mining, GPS, Markov chains, graph theory, etc. will be given in this course. Not to be held with the former MATH 4310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 2900 or MATH 2901 or the former MATH 2300 (B) or the former MATH 2301 (B) or the former MATH 2350 or the former MATH 2352.
Mutually Exclusive: MATH 4310
Attributes: Mathematics Requirement, Science

MATH 4380  Mathematical Biology  3 cr
Formulation, analysis and simulation of suitable models in mathematical biology. Applications will be chosen from fields such as population dynamics, epidemiology, ecology, immunology and cellular dynamics. Not to be held with the former MATH 3530.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MATH 4320 or the former MATH 3800 or consent of instructor.
Mutually Exclusive: MATH 3530
Attributes: Mathematics Requirement, Science

MATH 4390  Numerical Approximation Theory  3 cr
Computational aspects of approximation by interpolatory polynomials, convolutions, artificial neural networks, splines and wavelets.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 2150 or MATH 2151 or MATH 2720 (B) or MATH 2721 (B) or the former MATH 2750] and (MATH 2160 or MATH 2161 or the former MATH 2600 or the former MATH 2601), or consent of instructor.
Attributes: Mathematics Requirement, Science

MATH 4400  Numerical Analysis of Partial Differential Equations  3 cr
Finite difference method, mathematical theory of Elliptic PDEs, finite element method, iterative solution of linear systems. Emphasis will be on the error analysis (stability, consistency and convergence) of the various methods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 3420 or the former MATH 3600 or the former MATH 3601) and (MATH 3460 or the former MATH 3810) and (MATH 3470 or the former MATH 3740 or the former MATH 3760), or consent of instructor. It is recommended that MATH 3470 be taken prior to or at the same time.
Attributes: Mathematics Requirement, Science

MATH 4450  Number Theory 2  3 cr
Algebraic number theory, arithmetic geometry and analytic number theory, Diophantine equations, examples such as arithmetic of elliptic curves and Dirichlet L-functions. Not to be held with the former MATH 3450.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(MATH 2020 or MATH 2021) and MATH 2170] or [(the former MATH 2500 or the former MATH 2501) and the former MATH 2202 and the former MATH 2750], or consent of instructor.
Mutually Exclusive: MATH 3450
Attributes: Mathematics Requirement, Science

MATH 4460  Partial Differential Equations 2  3 cr
Green's function, Poisson, heat, Schrodinger and wave equations in two and three spatial dimensions, variational characterization of eigenvalues, Fourier and Laplace transforms, introduction to functional analytic techniques in PDEs. Not to be held with the former MATH 4810.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MATH 3460 or the former MATH 3810) and [MATH 3470 or the former MATH 3740 (B) or the former MATH 3760], or consent of instructor.
Mutually Exclusive: MATH 4810
Attributes: Mathematics Requirement, Science

MATH 4900  Project Course in Mathematics  3 cr
A research project by the student in consultation with the department head and an appropriate supervising Faculty member. A written report will be required to be submitted by the end of the term. An oral examination may be required. This course is restricted to students in the fourth year of the Honours or Major program in Mathematics and is not available to Graduate Students. This course may not be held for credit with MATH 4900.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Consent of Department.
Mutually Exclusive: MATH 4900
Attributes: Mathematics Requirement, Science

MATH 4920  Topics in Mathematics  3 cr
Topics of current interest in Mathematics or Applied Mathematics upon the interests and requirements of students and faculty, and will include specialized topics not available in regular course offerings.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of department.
Attributes: Mathematics Requirement, Science
Mechanical Engineering (MECH)

MECH 2112 Fundamentals of Mechanical and Computer Aided Design 5 cr
(Lab required) Provide instruction on the application of computer aided design software packages. The students will work in groups in the design and development of a product using CAD packages and digital fabrication technologies. May not be held for credit with CIVL 2830, the former ENG 2020, ENG 2022, MECH 2010, or MECH 2012.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: ENG 1430.
Mutually Exclusive: CIVL 2830, ENG 2020, ENG 2022, MECH 2010, MECH 2012

MECH 2150 Mechanical Engineering Modelling and Numerical Methods 4 cr
(Lab required) A case-study-based introduction to modelling and numerical methods with mechanical engineering applications. Selected problems, primarily from second and third year mechanical engineering course material, will be used to teach modelling. Derivation and application of appropriate numerical methods will be performed to solve the case study problems using a hands-on approach. A high level computer language and accompanying toolkit/built-in functions will be introduced for solution of the cases. May not be held with MATH 2120.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: COMP 1012 or COMP 1013. Pre- or corequisites: MATH 2132.
Equiv To: CIVL 3590
Mutually Exclusive: MATH 2120, MATH 2160, MATH 2161, MATH 2600, MATH 2601

MECH 2202 Thermodynamics 4 cr
(Lab required) Cycles, transient flow processes, entropy, gas mixtures, psychrometry combustion. May not be held for credit with MECH 2200.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: ENG 1460, MATH 1500 or MATH 1510 and MATH 1700 or MATH 1710.
Equiv To: MECH 2200

MECH 2222 Mechanics of Materials 4 cr
(Lab required) Topics covered in this course include: axial and torsional loading, stress-strain and deformation in statically determinate/indeterminate systems, thermally induced stress, and stresses in beams (including reinforced beams) under pure bending and bending with shear. The mechanical properties of materials under various loading modes will be addressed.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [PHYS 1050] and [ENG 1440 or ENG 1441 (ENG 1350)] and COMP 1012 and [MATH 1710 or MATH 1700].
Equiv To: MECH 2220, MECH 2270

MECH 2262 Fundamentals of Fluid Mechanics 4 cr
(Lab required) Fundamental concepts used in the analysis of fluid behaviour, pressure in stationary fluids, forces on submerged surfaces, buoyancy, integral methods, Bernoulli equation, pipeline analysis. May not be held for credit with the former MECH 2260.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 1050 and ENG 1440 and ENG 1460 and MATH 2130 (or the former MATH 2110). Pre or Co requisite: MATH 2132 (or the former MATH 2100).
Mutually Exclusive: MECH 2260

MECH 2272 Engineering Materials I 4 cr
(Lab required) Introduction to engineering materials; defects, strengthening mechanisms, and plasticity in engineering metals and alloys; fundamentals and application of heat treatment of metallic materials including topics such as diffusion, phase diagram, phase transformation, and thermal processing; mechanical properties of engineering metallic materials and their relationship to structure, defects, various strengthening mechanisms, and processing; structure of non-metallic polymers and ceramics. May not be held with MECH 2270, MECH 2290 or MECH 3540.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [CHEM 2240 or [[CHEM 1110 or CHEM 1111] and CHEM 1126] or the former CHEM 1310 or the former CHEM 1311] and [MECH 2222 or the former MECH 2220].
Equiv To: MECH 2270, MECH 3540
Mutually Exclusive: MECH 2290

MECH 3170 Project Management 4 cr
(Lab required) Topics covered include project planning, scheduling, resource allocation, process analysis, layout and control. The course will make use of industrial projects for developing a strong design and analytical approach pertinent to project management. May not be held for credit with the former MECH 4170.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2112 (or the former MECH 2010 or the former MECH 2012) or CIVL 2830.
Mutually Exclusive: MECH 4170

MECH 3420 Vibrations and Acoustics 4 cr
(Lab required) Vibrations and computer simulations of single-degree-of-freedom systems, viscous and friction damping, MD of systems and modal analysis, measurement and sources of noise, noise control.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3482 (formerly MECH 2120 and MECH 3480), and MATH 3132 (formerly MATH 3100).

MECH 3430 Measurements and Control 4 cr
(Lab required) Mathematical modelling of mechanical systems. Feedback systems and stability. Digital control; analog to digital and digital to analog control systems.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MATH 3132 (or MATH 3100) and ENG 1450 (or 130.118).

MECH 3460 Heat Transfer 4 cr
(Lab required) This is the first course in heat transfer. Topics covered include fundamental concepts relevant to heat transfer analysis, steady-state and transient conduction, forced and free convection, external and internal flows, heat exchangers and fundamentals of radiation. May not be held for credit with the former MECH 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2150, MATH 3132 (or the former MATH 3100) and ENG 1460. Pre- or corequisite: MECH 3492 (or the former MECH 3490).
Mutually Exclusive: MECH 3470

MECH 3482 Kinematics and Dynamics 4 cr
(Lab required) Fundamentals of 2D and 3D rigid body motions (kinematics) and the forces/moments (kinetics) needed to produce such motions. Applications will emphasize elements of machine design. May not be held for credit with MECH 2120 or MECH 3480.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 1050 and [ENG 1440 or ENG 1441] and COMP 1012 and [MATH 1710 or MATH 1700].
Equiv To: MECH 2120
Mutually Exclusive: MECH 3480
MECH 3492 Fluid Mechanics and Applications 4 cr
(Lab required) The angular momentum principle, introduction to
differential analysis of fluid motion, internal and external incompressible
viscous flow, fluid machinery and multiple-path systems, fluid coupling
and torque couplings and torque converters. May not be held for credit
with the former MECH 3490.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2262 (or the former MECH 2260). Pre- or Corequisite:
MECH 2150 or CIVL 3590 or MATH 2120.
Mutually Exclusive: MECH 3490

MECH 3502 Stress Analysis and Design 4 cr
(Lab required) Strength and stability of columns, torsion of thin-walled
members, unsymmetric loading and shear centres, beam deflection and
energy methods. May not be held with MECH 2220 or MECH 3500.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2222 (the former MECH 2220), MATH 2130 (the
former MATH 2110) and MECH 2112.
Mutually Exclusive: MECH 3500

MECH 3520 Aerodynamics 4 cr
(Lab required) Aeronautical definitions, compressible flow, plane normal
shock waves, Mach. no. and shock waves in two-dimensional flow,
potential flow theory in two-dimensional and axisymmetric flows. Two-
dimensional wing theory, finite wing theory panel methods, elements
of boundary layer theory. Compressibility and wings, wing design, flow
control.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2150 and MECH 3492 (or the former MECH 3490).

MECH 3542 Engineering Materials 2 4 cr
(Lab required) Mechanical properties of engineering non-metallic
materials such as polymers, ceramics and composites, and their
relationship to structure and processing; introduction to various shaping
and joining processes used in manufacturing, their advantages and
limitations; selection and application of engineering materials. May not
be held for credit with MECH 2270, MECH 2290 or MECH 3540.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2272 (formerly MECH 2270).
Equiv To: MECH 2270, MECH 3540
Mutually Exclusive: MECH 2290

MECH 3550 Robotics and Computer Numerical Control 4 cr
(Lab required) This course builds up a foundation in the area of Computer
Aided Manufacturing (CAM) such as computer numerically controlled
machine tools and robotics. Intense hands on experience is provided
in the laboratory sessions on part programming using Computer Aided
Design (CAD) packages and robots to demonstrate application in the
area of CAM. Several case studies and manufacturing applications will be
discussed.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2112 (or the former MECH 2010 or the former MECH
2012) or CIVL 2830.

MECH 3562 Introduction to Optimization 4 cr
(Lab required) The objective of this course is to develop the ability
to formulate and analyze problems that will be encountered in a
manufacturing system. The skills acquired will allow the students to
approach problems from an optimization perspective. The students will
be provided experience in related software packages. May not be held for
credit with the former MECH 3560.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MECH 2112 or the former MECH 2010 or the former MECH
2012 or CIVL 2830) and STAT 2220.
Mutually Exclusive: MECH 3560

MECH 3570 Manufacturing Automation 4 cr
(Lab required) This course builds upon the foundation developed in a
previous course: namely Robotics and Computer Numerical Control. The
course covers a wide variety of topics in the area of computer controlled
automation. The students are provided with hands on experience in
design for automation. It will synthesize several aspects associated with
integrated operation of computer controlled automated devices.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3550.

MECH 3582 Manufacturing Planning and Quality Control 4 cr
(Lab required) The course covers topics such as: group technology, just-
in-time, computer aided process planning, statistical process control
and manufacturing planning and control. Issues related to the integration
of several areas that fall within CIM are emphasized. Systems approach is
introduced. May not be held with the former MECH 3580.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2112 (or the former MECH 2010 or the former MECH
2012) or CIVL 2830.
Mutually Exclusive: MECH 3580

MECH 3592 Simulation Modeling and Facility Planning 4 cr
(Lab required) The objective of this course is to introduce simulation for
manufacturing operations and the concepts of facilities location and
layout. The students will learn how to program WITNESS, a simulation
language, and through simulation, explore the effects of facility planning;
resource availability e.g. machines and quality related problems on
manufacturing productivity and timing. May not be held with MECH 3590.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2112 (or the former MECH 2010 or the former MECH
2012) or CIVL 2830.

MECH 3602 Manufacturing Process Fundamentals 4 cr
(Lab required) This course will give students hands-on experience with
numerous manufacturing processes, machines and systems. Using CNC
mills, lathes, conventional machine shop equipment and hand tools, the
students will manufacture mechanical components, assemble them and
troubleshoot any problems. The object is to provide students with hands-
on exposure to the application of basic manufacturing process tools. May
not be held for credit with MECH 3600.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2112 (or the former MECH 2010 or the former MECH
2012) or CIVL 2830.

MECH 3606 Machine Design 4 cr
(Lab required) Stress and failure analysis and the design of machine
elements; shafts and couplings, threaded fasteners and power screws,
clutches and power transmission components; spur, bevel, worm and
helical gears; lubrication, journal and roller bearings. May not be held for
credit with MECH 4650.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MECH 3482 or the former MECH 2120) and (MECH 3502 or
the former MECH 3500).
Equiv To: MECH 4650
MECH 3982 Mechanical Laboratories in Solid Mechanics 2 cr
(Lab required) Laboratory course on topics that compliment and reinforce concepts developed in second and third year mechanical engineering courses in mechanics of solids and structures, and vibrations. May not be held for credit with the former MECH 3980, MECH 4980, or MECH 4990.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (ENG 2030 or ENG 2040 or the former ENG 2010) and (MECH 2222 or the former MECH 2222). Pre-or corequisites: MECH 3420 and (MECH 3502 or the former MECH 3500).
Mutually Exclusive: MECH 3980, MECH 4980, MECH 4990

MECH 3992 Mechanical Laboratories in Thermofluids 2 cr
(Lab required) Laboratory course on topics that compliment and reinforce concepts developed in second and third year mechanical engineering courses in thermofluids. May not be held for credit with the former MECH 3980, MECH 4980, or MECH 4990.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (ENG 2030 or ENG 2040 or the former ENG 2010), (MECH 2202 or the former MECH 2200), and (MECH 2262 or the former MECH 2260). Pre-or corequisites: MECH 3460 or the former MECH 3470.
Mutually Exclusive: MECH 3980, MECH 4980, MECH 4990

MECH 4162 Thesis 6 cr
This course will give students the opportunity to gain research or design experience in their area of interest. Thesis topics must be approved by the head of the department or designate. Restriction: Only students with a year class distinction of 4 or higher in Mechanical Engineering may register for this course and eligible to graduate. May not be held for credit with MECH 4160.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: ENG 2030 or ENG 2040 (or the former ENG 2010).
Mutually Exclusive: MECH 4160

MECH 4182 Aerospace Structures: Analysis and Design 4 cr
(Lab required) Methodology and techniques for design of aerospace structures and components to preclude failure with minimum weight, cost and resource consumption. Analysis of structural, air, gust and manoeuvre loads. May not be held for credit with MECH 4180.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3502 (or MECH 3500).
Mutually Exclusive: MECH 4180

MECH 4192 Aerospace Materials and Manufacturing Processes 4 cr
(Lab required) Properties of aerospace structural materials including glass and graphite fibre composites, light metal alloys and high strength steels. Properties of high temperature materials; superalloys ceramics, intermetallic compounds, metal matrix composites. Specialized methods for manufacture of these materials. May not be held for credit with MECH 4190.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3542 (formerly MECH 3540).
Mutually Exclusive: MECH 4190

MECH 4200 Gas Turbine Propulsion Systems 4 cr
(Lab required) Gas turbine systems, shaft power cycles, gas turbine propulsion cycles, centrifugal compressors, axial flow compressors, combustion systems, design performance predictions, off-design operations and transient behaviour of gas turbines. Design performance predictions.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2202 (or MECH 2200) and MECH 3520.

MECH 4292 IC Engines 4 cr
(Lab required) Thermodynamics of internal combustion engines and engine cycles; fuels and fuel systems; combustion; emission control systems; electronic engine controls and strategies; intake and exhaust systems; camshafts and valve train dynamics; balancing; performance and testing. May not be held for credit with MECH 4290.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2202 (or the former MECH 2200).
Mutually Exclusive: MECH 4290

MECH 4310 Contemporary Topics in Mechanical Engineering 1 4 cr
(Lab required) This course will cover contemporary topics in Mechanical Engineering. The specific topics and a detailed outline will be available at the time of registration prior to the start of the registration period for the session in which the course will be offered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Permission of the department.
Mutually Exclusive: MECH 4542

MECH 4322 Contemporary Topics in Mechanical Engineering II 4 cr
(Lab required) This course will cover contemporary topics in Mechanical Engineering. The specific topics and a detailed outline will be available at the time of registration prior to the start of the registration period for the session in which the course will be offered. May not be held for credit with MECH 4320.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Permission of the department.

MECH 4330 Contemporary Topics in Manufacturing Engineering 1 4 cr
(Lab required) This course will cover contemporary topics in Manufacturing Engineering. The specific topics and a detailed outline will be available at the time of registration prior to the start of the registration period for the session in which the course will be offered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Permission of the department.

MECH 4342 Contemporary Topics in Manufacturing Engineering II 4 cr
(Lab required) This course will cover contemporary topics in Manufacturing Engineering. The specific topics and a detailed outline will be available at the time of registration prior to the start of the registration period for the session in which the course will be offered. May not be held for credit with MECH 4340.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Permission of the department.

MECH 4350 Topics in Engineering Material 1 4 cr
(Lab required) This course will cover contemporary topics in engineering materials. The specific topics and a detailed outline will be available prior to the start of registration period for the session in which the course will be offered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Departmental Permission.

MECH 4360 Topics in Engineering Materials 2 4 cr
(Lab required) This course will cover contemporary topics in engineering materials. The specific topics and a detailed outline will be available prior to the start of registration period for the session in which the course will be offered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Departmental Permission.
MECH 4412 Heating, Ventilation and Air Conditioning 4 cr (Lab required) Psychometric processes, equipment selection, and the design of heating and cooling systems for typical buildings. May not be held for credit with MECH 4410.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2202 (formerly MECH 2200).

Mutually Exclusive: MECH 4410

MECH 4432 Systems Engineering 4 cr
(Lab required) The engineering support process as applied to the entire product life cycle from requirements definition to disposal. Focus on the system as a whole; from the outside, its interaction with its environment and other systems; and from the inside, its design requirements and implementation. May not be held with MECH 4342 when titled “Systems Engineering.” Restricted to students in third year or above.

Mutually Exclusive: MECH 4342

MECH 4452 Aircraft Performance, Dynamics and Design 4 cr (Lab required) A study of the morphology of aerospace vehicles; basic components and their functions, Aircraft performance; drag, thrust, lift, basics of orbital mechanics. May not be held for credit with MECH 4450.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3520.

Mutually Exclusive: MECH 4450

MECH 4472 Mechanical Vibration 4 cr (Lab required) Nonlinear Vibrations: mathematical theory for lumped vibratory systems; response of systems to nonharmonic excitation; solutions by Laplace transforms and Fourier analysis; introduction to the matrix formulation of vibration problems and vibration of distributed systems.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3420.

MECH 4482 Applied Aerospace Instrumentation 4 cr (Lab required) Principles and practices of test and measurement system design and analysis for aerospace applications. Topics include transducers, signal conditioning, data acquisition and analysis, uncertainty analysis, calibration and correlation, system design and maintenance, and piping and instrumentation diagrams, and an introduction to LabVIEW software. This course may include a field trip component. May not be held for credit with MECH 4322 when titled “Applied Instrumentation”.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3430 and [(MECH 3982 and MECH 3992) or the former MECH 3980 or (the former MECH 4980 and the former MECH 4990)].

Mutually Exclusive: MECH 4322

MECH 4510 Fundamentals of Finite Element Analysis 4 cr (Lab required) Fundamentals of the Finite Element Method, basic components in a Finite Element procedure, application of FEM to solve engineering problems and use of commercial software.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MECH 2150 or MATH 2120) and (MATH 3132 or MATH 3100) and MECH 2222 (or the former MECH 2220).

MECH 4532 Advanced Strength of Materials 4 cr (Lab required) Stress and strain in three dimensions; thick walled cylinders, beams of elastic foundations, unsymmetrical bending and sheet-stringer construction, curved beams. Additional topics such as the analysis of fibre-composite material, techniques in experimental stress analysis and studies in metals and alloys may be presented. May not be held for credit with MECH 4530.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3502 (formerly MECH 3500).

MECH 4542 Principles of Turbomachinery 4 cr (Lab required) Principles and design of turbomachinery, including fluid dynamics, thermodynamics and engineering applications. A variety of turbomachines are introduced, including hydraulic pumps and turbines, centrifugal compressors and fans, and axial flow compressors and fans. May not be held for credit with MECH 4310 when titled “Turbomachinery.”

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 2202 (or the former MECH 2200) and MECH 3492 (or the former MECH 3490).

Mutually Exclusive: MECH 4310

MECH 4550 Noise Control 4 cr (Lab required) An elective course open to all branches of Engineering; a recommended course for students taking Air Conditioning. Wave propagation, transducers and measurement techniques, psycho-acoustic criteria, legislation, techniques of noise and vibration control.

MECH 4560 Selected Topics in Fluid Mechanics 4M 4 cr (Lab required) Topics may include: wind tunnel design; experimental techniques; some exact solutions of the conservation equations; fundamentals of turbulence; secondary flows; fluidization; elementary meteorology; fluidics; other topics of current interest.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MATH 3132 or the former MATH 3100] and [MECH 3492 or the former MECH 3490].

MECH 4582 Vehicle Testing, Condition Monitoring, and Fault Analysis 4 cr (Lab required) General testing and fault diagnostic techniques for ground vehicles including common signal analysis techniques, vibration testing and fault analysis methods. Basic knowledge of vibration based condition monitoring including the basic theory and applications of engineering tools, damage analysis and detection, and modal analysis. May not be held for credit with MECH 4322 when titled “Ground Vehicle Testing Technology.”

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3420.

Mutually Exclusive: MECH 4322

MECH 4620 Corrosion of Metals and Alloys 4 cr (Lab required) Electrochemical basis of corrosion, corrosion prevention by cathodic protection, inhibitors, alloying and heat treatment, passivation, stress corrosion cracking, corrosion fatigue; ionic and electronic conduction; oxidation of metals and alloys.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3542 (or MECH 3540).
MECH 4672 Advanced Mechanism Design 4 cr
(Lab required) Graphical, analytical and computer techniques for the analysis and design of mechanisms to produce a desired set of motion characteristics; design of linkages, double lever, slider and dwell mechanism; cognate linkages. Kinetic synthesis tasks function generation, path generation and motion generation. May not be held for credit with MECH 4670.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3482 (formerly MECH 2120).
Mutually Exclusive: MECH 4670

MECH 4680 Energy Conservation and Utilization 4 cr
(Lab required) Energy supply and demand, advanced thermodynamic cycles, conventional energy sources, alternative energy, conservation of energy, environmental considerations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
MECH 4690 Topics in Heat Transfer and Energy 3 cr
(Lab required) Some combination of the following advanced topics: conduction heat transfer, radiation, heat-exchanger design, two-phase phenomena, fluidization, alternative energy, energy conservation. Other topics of current interest may also be included.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2202 (formerly MECH 2200).

MECH 4692 Renewable Energy 4 cr
(Lab required) Introduction to renewable energy systems, current and future global energy issues and the need for renewable energy applications, and distributed renewable energy generation. Renewable energy systems that will be considered are: solar heat, solar PV, biomass heat and power, hydro power, and wind power. Students will develop simple numerical models of renewable energy systems. Prerequisites MECH 2202 (formerly MECH 2200) and MECH 2262 (formerly MECH 2260). Pre- or Co requisite; MECH 3460 (formerly MECH 3470).

MECH 4694 Advanced Topics in Heat Transfer 4 cr
(Lab required) Some combination of the following advanced topics; conduction heat transfer, radiation, heat-exchanger design, two-phase phenomena, fluidization, alternative energy, energy conservation. Other topics of current interest may also be included. May not be held for credit with MECH 4690.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3460 (or MECH 3470).
Mutually Exclusive: MECH 4694

MECH 4697 Design of Thermal Systems 4 cr
(Lab required) Modeling of thermal systems; system simulation; design applications of optimization methods: Lagrange multipliers, search methods, and dynamic geometric and linear programming. May not be held for credit with MECH 4700.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 2202 (or MECH 2200).
Mutually Exclusive: MECH 4700

MECH 4812 Automotive Engineering 4 cr
(Lab required) Introduction to vehicle dynamics; power trains; braking systems; road loads, aerodynamics and fuel efficiency; ride and suspension systems; steering systems; tire properties and dynamics; structural analysis and crash safety; performance vehicle design. May not be held for credit with MECH 4810.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3502 (or the former MECH 3500). Pre or Co-requisite: MECH 3420.

MECH 4820 Numerical Heat Transfer in Fluid Flow 4 cr
(Lab required) General conservation equations; specific forms of the conservation equations and energy equations; finite difference methods: one dimensional steady problems, one dimensional unsteady problems, two dimensional steady problems; two dimensional unsteady problems; convection, solution for the flow fluid. May not be held for credit with the former MECH 4820.
PR/CR: A minimum grade of C is required unless otherwise indicated.
PRerequisites: (MATH 3132 or the former MATH 3100), (MECH 2190 or MATH 2120), MECH 3460 (or the former MECH 3470) and MECH 3492 (or the former MECH 3490).

MECH 4822 Numerical Heat Transfer in Fluid Flow 4 cr
(Lab required) General conservation equations; specific forms of the conservation equations and energy equations; finite difference methods: one dimensional steady problems, one dimensional unsteady problems, two dimensional steady problems; two dimensional unsteady problems; convection, solution for the flow fluid. May not be held for credit with the former MECH 4820.
PR/CR: A minimum grade of C is required unless otherwise indicated.
PRerequisites: (MATH 3132 or the former MATH 3100), (MECH 2190 or MATH 2120), MECH 3460 (or the former MECH 3470) and MECH 3492 (or the former MECH 3490).

MECH 4832 Biomaterials in Biomedical Engineering 4 cr
(Lab required) Biomechanics and design of hard biomaterials and soft biomaterials and their applications in orthopedics, cardiovascular and neural systems. Course includes fundamental biological concepts, materials science fundamentals and medical/clinical concerns.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MECH 3542 (or the former MECH 3540) or (BIOE and BIOE 3590).

MECH 4860 Engineering Design 5 cr
(Lab required) Design projects; teams of students prepare written and oral design reports on solutions to specific problems from Manitoba industries; series of seminars by invited speakers.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: eligibility for graduation in the current academic year or registered in third year Industrial Cooperative Education Program.
PRerequisites: (ENG 2030 or ENG 2040 or the former ENG 2010) and MECH 3170 and (MECH 3652 or the former MECH 4650).

MECH 4870 Fracture and Failure of Engineering Materials 4 cr
(Lab required) Criteria for crack initiation and propagation leading to structural failure. Fracture mechanics and fracture toughness phenomena. Effects of structure geometry, loading rate, environment, temperature, composition and microstructure on material integrity.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3542 ( or MECH 3540).

MECH 4900 Mechatronics System Design 4 cr
(Lab required) The course covers topics in the analysis of control systems and components with the goal to provide students with tools and an understanding of issues related to integrating mechanical, electronic and software components towards building mechatronic devices. Hands-on-experience is provided in the laboratory sessions on simulation and actual computer control of various devices. Problems considered would include application to fluid power systems, systems integration and validation. The focus is placed on learning to work with real hardware.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MECH 3430.
MECH 4930 Mechanical Engineering Industry Internship (IIP) 0 cr
Supervised work experience normally of 12-16 months duration, concluded by a work report. (Pass/Fail grade only.)

Medical Rehabilitation (REHB)

REHB 2450 Research Methodology for Medical Rehabilitation 3 cr
A theory and practical course designed to provide a basic understanding of research principles and their application in Medical Rehabilitation. 45 hours.

Microbiology (MBIO)

MBIO 1010 Microbiology I 3 cr
(Lab required) Topics will include the definition and history of microbiology, concepts of practical microbiology, prokaryotic cell structure, prokaryotic specialization in gene expression and transfer of genetic information, the role of microbes in environments including the human body, and applications of microbiology to food production and biotechnology. May not be held with MBIO 1011.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [BIOL 1020 or BIOL 1021] and [one of CHEM 1100, CHEM 1101, the former CHEM 1300, or the former CHEM 1301].
Equiv To: MBIO 1011
Mutually Exclusive: MBIO 1220, MBIO 2100, MBIO 2101, MBIO 2110, MBIO 2111
Attributes: Science, Recommended Intro Courses

MBIO 1220 Essentials of Microbiology 3 cr
An introduction to the essential principles of microbiology including immunity, with emphasis on microbial disease. Not available to students who have previously obtained credit in or are currently enrolled in MBIO 1010 or MBIO 1011 (or the former MBIO 2100 or MBIO 2101). NOTE: MBIO 1220 is intended for students planning to enter the College of Nursing or other health care or related programs. Students that have completed MBIO 1010 but wish to take MBIO 1220 to satisfy Faculty of Nursing entrance requirements must obtain departmental permission prior to registering for MBIO 1220. MBIO 1220 cannot be used to satisfy the requirements of the Microbiology Honours or Major degree programs. MBIO 1220 can be used as an elective course in any Science program.
Mutually Exclusive: MBIO 1010, MBIO 1011, MBIO 2100, MBIO 2101
Attributes: Science, Recommended Intro Courses

MBIO 1410 Introduction of Molecular Biology 3 cr
An introduction to the mechanisms, themes and patterns that are present in the molecular biology of organisms ranging from bacteria to humans. The basic applications of molecular biology to disciplines such as medical microbiology, criminology, genetic fingerprinting, genome sequencing, and bioinformatics will be discussed. NOTE: MBIO 1410 is intended for students outside of Microbiology and Biological Sciences who require an introduction to molecular biology, such as those with interests in bioinformatics, biophysics, or bioengineering. Although this course may be used as an elective in an Arts or Science program, it may not be used to meet a program requirement for an Honours or Major program in Microbiology. Not available to students who have previously obtained credit in, or are currently enrolled in the following courses: the former MBIO 2410, BIOL 2500, BIOL 2501, MBIO 2020, MBIO 2021, the former MBIO 2100, MBIO 2101, MBIO 3410 or MBIO 3411.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of grade 12 Biology, grade 12 Chemistry, BIOL 1000, CHEM 1000, or higher level Chemistry or Biology course; or consent of department.
Mutually Exclusive: BIOL 2500, BIOL 2501, MBIO 2020, MBIO 2021, MBIO 2100, MBIO 2101, MBIO 2410, MBIO 3410, MBIO 3411
Attributes: Science, Recommended Intro Courses

MBIO 2020 Microbiology II 3 cr
(Lab required) Topics will include bacterial growth, chromosome replication, the specifics of transcription and translation and their application to the regulation of microbial gene expression. Families of bacterial and animal viruses, their modes of reproduction and pathogenicity will be discussed. Mutation and gene transfer in bacteria will be introduced. May not be held with MBIO 2021, the former MBIO 2110, or the former MBIO 2111.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 1010 or MBIO 1011] and [((CHEM 1110 or CHEM 1111) and (one of CHEM 1120, CHEM 1121, or CHEM 1126)) or (the former CHEM 1310 or the former CHEM 1311)].
Equiv To: MBIO 2021
Mutually Exclusive: MBIO 1410, MBIO 2110, MBIO 2111
Attributes: Science

MBIO 2230 Introductory Biogeochemistry 3 cr
The roles and interactions of biological, chemical and geological reactions in determining the composition of the environment. Microorganisms as major agents of biogeochemical change and their roles in the element cycles will be especially emphasized.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of CHEM 1110, CHEM 1111, the former CHEM 1310, or the former CHEM 1311] and [one of MBIO 1010, MBIO 1011, BIOL 1030, or BIOL 1031].
Attributes: Science

MBIO 2420 Introductory Virology 3 cr
An introduction to the general principles of eukaryotic virology, with emphasis on animal virus systems. These principles will be reinforced and expanded to deal with specific viruses that cause acute and chronic infections in humans. Topics to be discussed include the molecular structure of viruses; the basic multiplication strategies of the major virus families; mechanisms of host immune evasion and viral latency, persistence, and oncology.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MBIO 1010 or MBIO 1011) and (BIOL 2520 or BIOL 2521).
Attributes: Science
MBIO 2700 Biochemistry 1: Biomolecules and an Introduction to Metabolic Energy 3 cr
An introductory course dealing with the kinds of molecules encountered in biochemistry, and the concept of metabolic energy as a product of catabolism and a requirement for biosynthesis. Also offered as CHEM 2700. May not be held with the former MBIO 2360, the former MBIO 2361, MBIO 2701, MBIO 2703, the former MBIO 2770, the former CHEM 2360, the former CHEM 2701, CHEM 2700, CHEM 2701, CHEM 2703, the former CHEM 2860, or the former CHEM 2770.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(CHEM 1110 or CHEM 1111) and (one of CHEM 1120, CHEM 1121, or CHEM 1126) or (the former CHEM 1310 or the former CHEM 1311)] and [Biol 1030 or BIOL 1031].
Equiv To: CHEM 2700, CHEM 2701, MBIO 2701
Mutually Exclusive: CHEM 2360, CHEM 2361, CHEM 2700, CHEM 2703, CHEM 2860, MBIO 2360, MBIO 2361, MBIO 2701, MBIO 2703, MBIO 2770
Attributes: Science

MBIO 2710 Biochemistry 2: Catabolism, Synthesis, and Information Pathways 3 cr
An introductory course dealing with the basic metabolic processes that occur in living cells, including the production and use of metabolic energy, the breakdown and synthesis of biomolecules; the synthesis of DNA, RNA and proteins; and the regulation of these processes. Also offered as CHEM 2710. May not be held with the former MBIO 2370, the former MBIO 2371, MBIO 2711, MBIO 2750, the former MBIO 2780, the former CHEM 2370, the former CHEM 2710, CHEM 2710, CHEM 2711, CHEM 2750, or the former CHEM 2780.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of MBIO 2020 or MBIO 2021] and [one of MBIO 2710, MBIO 2711, or the former MBIO 2370, CHEM 2100, CHEM 2710, CHEM 2711, or the former CHEM 2210 or CHEM 2211].
Equiv To: CHEM 2710, CHEM 2711, MBIO 2711
Mutually Exclusive: CHEM 2370, CHEM 2371, CHEM 2750, CHEM 2780, MBIO 2370, MBIO 2731, MBIO 2750, MBIO 2780
Attributes: Science

MBIO 2730 Elements of Biochemistry 1 3 cr
Basic concepts of biochemistry including the properties of biomolecules (amino acids and proteins, enzymes, carbohydrates, lipids, and nucleic acids) and aspects of energy production in cells. Primarily for students in Agricultural and Food Sciences and four-year Biological Sciences programs in Science. May not be used as part of an Honours, Major, or Minor program in Chemistry. May not be used as part of an Honours or Major program in Microbiology. This course is also given in Chemistry as CHEM 2730. May not be held with the former CHEM 2360, the former CHEM 2361, CHEM 2700, CHEM 2701, the former CHEM 2770, the former CHEM 2860, the former MBIO 2360, the former MBIO 2361, CHEM 2703, the former MBIO 2770, or the former MBIO 2770.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(CHEM 1110 or CHEM 1111) and (one of CHEM 1120, CHEM 1121, or CHEM 1126) or (the former CHEM 1310 or the former CHEM 1311)] and [six credit hours of university level BIOL courses or (HEAL 1500 and HEAL 1502)].
Equiv To: CHEM 2730
Mutually Exclusive: CHEM 2360, CHEM 2361, CHEM 2700, CHEM 2701, CHEM 2770, MBIO 2360, MBIO 2361, MBIO 2700, MBIO 2701, MBIO 2770
Attributes: Science

MBIO 2750 Elements of Biochemistry 2 3 cr
The continuation of CHEM 2730/MBIO 2730, dealing with nitrogen and lipid metabolism, representative biosynthetic pathways, and synthesis and importance of DNA, RNA and proteins. Primarily for students in Agricultural and Food Sciences and four-year Biological Sciences programs in Science. May not be used as part of an Honours, Major, or Minor program in Chemistry. May not be used as part of an Honours or Major program in Microbiology. This course is also given in Chemistry as CHEM 2750. May not be held with the former CHEM 2370, the former CHEM 2371, CHEM 2710, CHEM 2711, CHEM 2750, the former CHEM 2780, the former MBIO 2370, the former MBIO 2371, MBIO 2710, MBIO 2711, or the former MBIO 2780.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: one of CHEM 2730, CHEM 2700, CHEM 2701, the former CHEM 2770, the former CHEM 2360, the former CHEM 2361, the former CHEM 2860, MBIO 2370, MBIO 2700, MBIO 2701, the former MBIO 2770, the former MBIO 2360, or the former MBIO 2361.
Equiv To: CHEM 2750
Mutually Exclusive: CHEM 2370, CHEM 2371, CHEM 2710, CHEM 2711, CHEM 2780, CHEM 2860, MBIO 2370, MBIO 2731, MBIO 2710, MBIO 2711, MBIO 2780
Attributes: Science

MBIO 3000 Applied Biological Safety 3 cr
A comprehensive overview of applied biological safety in research and industrial environments and the disease-causing features of relevant infectious agents and considerations for their containment.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 1010 or MBIO 1011] and [one of CHEM 1110, CHEM 1111, CHEM 1130, the former CHEM 1310, the former CHEM 1311, or the former CHEM 1320]; or permission of instructor.
Attributes: Science

MBIO 3010 Mechanisms of Microbial Disease 3 cr
A consideration of host-parasite relationships, an introduction to the immune response, microbial pathogenesis, viral diseases, clinical microbiology and public health, and an introduction to antimicrobial agents. May not be held with MBIO 3011.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MBIO 2020 (MBIO 2021) or the former MBIO 2100 or former MBIO 2101.
Equiv To: MBIO 3011
Attributes: Science

MBIO 3032 Microbiology III: Physiology and Metabolism 3 cr
The course will include an introduction to microbial growth and genomics approaches used for the analysis of microbial metabolism. Using these tools, the physiology of microbial cell walls, transport, and motility, as well as microbial metabolism as related to ATP production, respiration, fermentation and carbon fixation will be discussed. May not be held with the former MBIO 3030, the former MBIO 3031, or MBIO 3033.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 2020 or MBIO 2021] and [one of MBIO 2710, MBIO 2711, the former MBIO 2370, the former MBIO 2371, CHEM 2710, CHEM 2711, the former CHEM 2730, or the former CHEM 2731].
Equiv To: MBIO 3033
Mutually Exclusive: MBIO 2100, MBIO 2101, MBIO 3030, MBIO 3031
Attributes: Science
MBIO 3282 Microbial Communities 3 cr
The course will examine microbial communities, which will be discussed in terms of their composition, physiological adaptations and their effects on their abiotic and biological surroundings. Topics will include nutrient cycling, biodegradation and adaptation to extreme environments, and the applications arising from these microbial functions. Methods for quantification of microbial biomass and biological activity will be discussed. May not be held with MBIO 3820, the former MBIO 2280, or the former MBIO 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 1010 or MBIO 1011] and [one of CHEM 1110, CHEM 1111, the former CHEM 1310, or the former CHEM 1311].
MBIO 2020, MBIO 2021, or MBIO 1410 are recommended prerequisites.
Equiv To: MBIO 3283
Mutually Exclusive: MBIO 2280, MBIO 3280
Attributes: Science

MBIO 3410 Molecular Biology 3 cr
A rigorous treatment of the foundations of modern day molecular biology as it pertains to molecular disease, gene and cell manipulation, and cellular controls. May not be held with MBIO 3411.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of MBIO 2700, MBIO 2701, CHEM 2700, CHEM 2701, MBIO 2730, CHEM 2730, the former MBIO 2360, the former MBIO 2361, the former CHEM 2360, the former CHEM 2361, the former MBIO 2770, or the former CHEM 2770], and [one of MBIO 2020, MBIO 2021, BIOL 2520, BIOL 2521, BIOL 2500, BIOL 2501, or PLNT 2520].
PR/CR: A minimum grade of C is required unless otherwise indicated.
MBIO 3600 Molecular Microbiology Techniques 3 cr
A laboratory-based course, intended to teach the fundamental techniques required to work in a modern molecular microbiology laboratory. Students will develop a thorough understanding of the theory underpinning the techniques introduced in this course, laboratory skills in current molecular microbiology techniques, and application of techniques to investigate scientific questions, such as the identification of unknowns. Learning outcomes include development of technical skills, competency in following protocols, presentation of results and scientific writing. May not be held with MBIO 3601, the former MBIO 4600, the former MBIO 4601, or MBIO 4030 when titled Advanced Microbial Genetics Lab.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: one of MBIO 3032, MBIO 3033, the former MBIO 3030, or the former MBIO 3031.
Equiv To: MBIO 3411
Mutually Exclusive: MBIO 1410
Attributes: Science

MBIO 3430 Molecular Evolution 3 cr
An analysis starting with prebiotic evolution, progressing through the elaboration of macromolecules and examining their adaptation to their function as cellular components. Proteins, carbohydrates, and nucleic acids as structural, catalytic, and genetic elements in evolution of living systems.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of MBIO 2020, MBIO 2021, MBIO 2710, MBIO 2711, the former MBIO 2370, the former MBIO 2371, CHEM 2710, CHEM 2711, the former CHEM 2370, the former CHEM 2371, CHEM 2730, the former CHEM 2730, CHEM 2711, the former CHEM 2370, the former CHEM 2371, the former MBIO 2770, or the former CHEM 2770].
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MBIO 3410 or MBIO 3411; and MBIO 2710, MBIO 2711, CHEM 2710, CHEM 3030, BIOL 2520, BIOL 2521, BIOL 2500, BIOL 2501, or PLNT 2520].
Attributes: Science

MBIO 3460 Membrane and Cellular Biochemistry 3 cr
(Lab required) Isolation, fractionation, structure and function of cellular membranes and subcellular components. The central role of these elements in the biochemistry of cellular processes will be stressed. May not be held with MBIO 3461.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(one of MBIO 2710, MBIO 2711, CHEM 2710, CHEM 2711) and (CHEM 2720 or CHEM 2721)] or [one of the former MBIO 2370, the former MBIO 2371, the former CHEM 2730, or the former CHEM 2731].
Equiv To: MBIO 3461
Attributes: Science

MBIO 3470 Microbial Systematics 3 cr
Characterization and classification of the major group of microorganisms. Bases for divisions and the relatedness among organisms will be studied. May not be held with the former MBIO 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MBIO 3470
Mutually Exclusive: MBIO 3470
Attributes: Science

MBIO 3472 Microbial Systematics 3 cr
Characterization and classification of the major group of microorganisms. Bases for divisions and the relatedness among organisms will be studied. May not be held with the former MBIO 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Mutually Exclusive: MBIO 3470
Attributes: Science

MBIO 3474 Microbial Systematics 3 cr
Characterization and classification of the major group of microorganisms. Bases for divisions and the relatedness among organisms will be studied. May not be held with the former MBIO 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Mutually Exclusive: MBIO 3470
Attributes: Science

MBIO 3500 Membrane and Cellular Biochemistry 3 cr
A laboratory-based course, intended to teach the fundamental techniques required to work in a modern molecular microbiology laboratory. Students will develop a thorough understanding of the theory underpinning the techniques introduced in this course, laboratory skills in current molecular microbiology techniques, and application of techniques to investigate scientific questions, such as the identification of unknowns. Learning outcomes include development of technical skills, competency in following protocols, presentation of results and scientific writing. May not be held with MBIO 3601, the former MBIO 4600, the former MBIO 4601, or MBIO 4030 when titled Advanced Microbial Genetics Lab.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Mutually Exclusive: MBIO 3470
Attributes: Science

MBIO 3600 Membrane and Cellular Biochemistry 3 cr
(Lab required) Isolation, fractionation, structure and function of cellular membranes and subcellular components. The central role of these elements in the biochemistry of cellular processes will be stressed. May not be held with MBIO 3461.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [(one of MBIO 2710, MBIO 2711, CHEM 2710, CHEM 2711) and (CHEM 2720 or CHEM 2721)] or [one of the former MBIO 2370, the former MBIO 2371, the former CHEM 2730, or the former CHEM 2731].
Equiv To: MBIO 3461
Attributes: Science

MBIO 3601 Experimental Microbiology Laboratory 3 cr
This lab course will introduce students to the morphological and physiological study of microorganisms. Students will reinforce their basic lab skills while carrying out discovery-based experiments involving microscopy, antibiotic susceptibility testing, bacterial enumeration, physiology and identification. May not be held with the former MBIO 3030 or the former MBIO 3031.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Mutually Exclusive: MBIO 3030, MBIO 3031
Attributes: Science
MBIO 3980  Work Term 1  0 cr  
Work assignments in business, industry or government for students registered in the Microbiology Honours or Major Cooperative program. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail grade only).  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: MBIO 2370 (MBIO 2371) or CHEM 2370 (CHEM 2371).  
Attributes: Science

MBIO 3990  Work Term 2  0 cr  
Work assignments in business, industry or government for students registered in the Microbiology Honours or Major Cooperative program. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail grade only).  
Attributes: Science

MBIO 4020  Immunology  3 cr  
Topics will include antigens, antibodies, antigen-antibody reactions, immunogenetics, regulation of immune reactions, complement, hypersensitivities, autoimmunity, immunodeficiencies, transplantation and tumour immunology. May not be held with the former MBIO 4010, the former MBIO 4011, or MBIO 4021.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: one of MBIO 3010, MBIO 3011, MBIO 3410 (B), or MBIO 3411 (B).  
Equiv To: MBIO 4021  
Mutually Exclusive: MBIO 4010, MBIO 4011  
Attributes: Science

MBIO 4030  Special Topics in Microbiology  3 cr  
Microbiology is a very broad field that encompasses a wide range of specialized topics. In this course, students can pursue a specific topic in detail through lectures, assigned readings, seminars and research projects. The course is normally restricted to third and fourth year Honours and Major students. Topics to be covered by the course shall be decided by the instructor(s) in consultation with the student(s) and with the approval from the Department. Grades are based on written assignments and reports. Evaluation may also include oral presentation and poster presentation(s).  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: Consent of Department.  
Mutually Exclusive: MBIO 3600, MBIO 3601, MBIO 4300, MBIO 4700  
Attributes: Science

MBIO 4032  Special Topics in Microbiology  3 cr  
(Lab required) Microbiology is a very broad field that encompasses a wide range of specialized topics. In this course, students can pursue a specific topic in detail through laboratory-based research projects and may include lectures, assigned readings, and presentation of seminars. The course is normally restricted to third and fourth year Honours and Major students in Microbiology, Biochemistry, and Genetics. Topics to be covered by the course shall be decided by the instructor(s) in consultation with the student(s) and with the approval from the Department.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: Consent of Instructor.  
Attributes: Science

MBIO 4300  Infectious Diseases Around the World  3 cr  
This course will build upon MBIO 3010. The course will cover the different influential factors such as climate, travel, poverty and socio-economic conditions, government and religion, and how they impact the prevention, spread and treatment of key infectious disease in different parts of the world. May not be held with MBIO 4030 when titled Infectious Diseases around the World.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: MBIO 3010 or MBIO 3011.  
Mutually Exclusive: MBIO 4030  
Attributes: Science

MBIO 4410  Virology  3 cr  
A comprehensive examination of fundamental properties of viruses, virus taxonomy, and the different ways in which viruses replicate. The ways viruses cause disease and experimental methods used in virology also will be examined. May not be held with MBIO 4411.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: [MBIO 3010 or MBIO 3011] and [MBIO 3410 or MBIO 3411] and one of MBIO 2710, MBIO 2711, the former MBIO 2370, the former MBIO 2371, CHEM 2710, CHEM 2711, the former CHEM 2370, or the former CHEM 2371].  
Equiv To: MBIO 4411  
Attributes: Science

MBIO 4440  Research in Systems Microbiology  3 cr  
(Lab required) Systems microbiology integrates physiological information and functional genomics (genomics, transcriptomics, proteomics, metabolomics) data, as well as large scale mutagenesis and chemogenomics to create models of the complex interactions within microbial cells to understand how a bacterial cell functions as an integrated whole. Applications to more complex microbial communities will also be discussed. May not be held with the former MBIO 4440.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: one of MBIO 3032, MBIO 3033, the former MBIO 3030, or the former MBIO 3031.  
Mutually Exclusive: MBIO 4440  
Attributes: Science

MBIO 4480  Microbes in our Environment  3 cr  
(Lab required) A course investigating the diversity of roles microbes play in our immediate environment, and how they affect it. Environments to be examined may include the human body, waste treatment facilities and extreme environments. Molecular tools to study the community structure and roles of individual organisms will also be discussed. May not be held with the former MBIO 3480 or the former MBIO 4320.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: one of [(MBIO 3032 or MBIO 3033) and MBIO 3700] or (the former MBIO 3030, or the former MBIO 3031).  
Mutually Exclusive: MBIO 3480, MBIO 4320  
Attributes: Science

MBIO 4520  Industrial Bioprocesses  3 cr  
(Lab required) The course will cover bioprocesses for a range of commercially important healthcare and industrial products. Topics will also include bioreactor design and control for these bioprocesses, metabolic engineering for product enhancement, applied engineering and downstream processing. May not be held for credit with the former MBIO 4510.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: one of [(MBIO 3032 or MBIO 3033) and MBIO 3700] or (the former MBIO 3030, or the former MBIO 3031).  
Mutually Exclusive: MBIO 4510  
Attributes: Science
MBIO 4530 Project in Microbiology  6 cr
(Lab Required) A research project chosen in consultation with the department head, and supervised by a staff member. A written report is normally required. The course is available only to final year Honours students in Microbiology, the Joint Microbiology-Chemistry programs, or the Genetics program. May not be held with CHEM 4710.
Mutually Exclusive: BTEC 4000, CHEM 4710, CHEM 4711
Attributes: Science

MBIO 4531 Projet de recherche en microbiologie  6 cr
Projet de recherche choisi en consultation avec l'administrateur du cours ou un superviseur approprié de la Faculté. Un rapport écrit à mi-parcours et un rapport oral et écrit à la fin du projet sont exigés. Cours offert uniquement aux étudiantes et étudiants dans leur dernière année du programme de majeure conjointe en biochimie-microbiologie, d'un programme spécialisé en microbiologie, ou d'un programme en génétique. On ne peut se faire créditer MBIO 4531 et MBIO 4530, CHEM 4711 ou CHEM 4710.
Equiv To: MBIO 4530
Mutually Exclusive: BTEC 4000, CHEM 4710, CHEM 4711
Attributes: Université de Saint-Boniface, Science

MBIO 4540 Biological Energy Transduction  3 cr
Biochemistry of biological processes involving interconversion of different forms of energy such as oxidative phosphorylation, membrane transport and contractile processes. May not be held with MBIO 4541. MBIO 3032, MBIO 3033, the former MBIO 3030, or the former MBIO 3031 is recommended as a prerequisite to this course.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of MBIO 2710, MBIO 2711, the former MBIO 2370, CHEM 2710, CHEM 2711, the former CHEM 2370, or the former CHEM 2371.
Equiv To: MBIO 4541
Attributes: Science

MBIO 4602 Molecular Genetics of Prokaryotes - Lectures  3 cr
A detailed examination of genetic mechanisms of replication, expression, mutability, repair and transposition of DNA in bacteria and their viruses, and their applications in recombinant DNA technology. The contribution of these genetic mechanisms to virulence in bacterial pathogens will also be examined. May not be held with MBIO 4603, the former MBIO 4600, or the former MBIO 4601.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 2020 or MBIO 2021] and [MBIO 3410 or MBIO 3411].
Equiv To: MBIO 4603
Mutually Exclusive: MBIO 4600, MBIO 4601
Attributes: Science

MBIO 4612 Molecular Genetics of Eukaryotes - Lectures  3 cr
A comprehensive study dealing with replication and expression of DNA, genome structure, and the involvement of genes in diseases such as cancer. May not be held with MBIO 4613 or the former MBIO 4610.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 3410 or MBIO 3411] and [one of MBIO 2710, MBIO 2711, the former MBIO 2370, the former MBIO 2371, CHEM 2710, CHEM 2711, the former CHEM 2370, or the former CHEM 2371].
BTEC 2500 or BTEC 2501 is recommended.
Equiv To: MBIO 4613
Mutually Exclusive: MBIO 4610
Attributes: Science

MBIO 4672 Applied Molecular Biology  3 cr
The overall objective of this course is to introduce and describe the current molecular techniques and their application to biological problems. These include, but are not limited to, basic gene cloning, mutagenesis and over-expression. May not be held with the former MBIO 4570, MBIO 4570, the former MBIO 4580, MBIO 4581.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [MBIO 3410 or MBIO 3411] and [one of MBIO 2710, MBIO 2711, the former MBIO 2370, the former MBIO 2371, CHEM 2710, CHEM 2711, the former CHEM 2370, or the former CHEM 2371].
Mutually Exclusive: MBIO 4570, MBIO 4580, MBIO 4581, MBIO 4670
Attributes: Science

MBIO 4700 Computational Molecular Microbiology  3 cr
The introduction to bioinformatics concepts achieved by applying computational tools to analyse sequence/molecular data relevant to Microbiology. The course will introduce existing bioinformatics tools that deal with biological databases, sequence alignment, gene and protein structure prediction, molecular phylogenetics, genomics and proteomics. May not be held with MBIO 4030 when the topic was Applied Bioinformatics Resources for Microbial Based Research.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MBIO 3410 (B) or MBIO 3411 (B).
Mutually Exclusive: MBIO 4030
Attributes: Science

MDFY 4980 Work Term 3  0 cr
Work assignments in business, industry or government for students registered in the Microbiology Honours or Major Cooperative program. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail grade only).
Attributes: Science

MDFY 4990 Work Term 4  0 cr
Work assignments in business, industry or government for students registered in the Microbiology Honours or Major Cooperative program. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail grade only).
Attributes: Science

Midwifery (MDFY)

MDFY 2010 Preparation for Professional Midwifery Education and Practice  3 cr
This course provides students with an understanding of the midwifery model of care in remote, rural, and urban settings in Manitoba and contrasts this model with those in other Canadian jurisdictions and internationally. Students also learn about the historical context of midwifery and the issues related to the future of the midwifery profession in Canada, including Indigenous midwifery practices. This course introduces theories and models of teaching and learning as it relates to the health promotion of individuals, groups, and communities. Strategies for interpersonal communication and counseling are introduced.

MDFY 2020 Bioscience for Midwives  3 cr
(Lab required) This course provides an overview of the biochemical and microbiological concepts that underlie screening and diagnostic testing in the childbearing year. Content areas include practical applications of clinical chemistry, specimen collection, medical microbiology, and the interpretation of laboratory results.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 2010, MDFY 2440, NURS 2522, and NURS 3550.
MDFY 2030 Pharmacology for Midwives 3 cr
This course introduces concepts of pharmacotherapeutics. It provides an overview of basic concepts in pharmacology and introduces therapeutics relevant to the pharmacological aspects of the practice of midwifery. Unifying concepts include pharmacokinetics, pharmacodynamics, toxicology, adverse reactions in pregnancy and lactation, and in the neonate. This course includes content related to traditional Indigenous midwifery practices.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 2010, MDFY 2440, NURS 2522, and NURS 3550.

MDFY 2440 Human Reproductive Physiology 3 cr
(Lab required) This course provides students with fundamental theory, assessment skills, and psychomotor skills to support clinical practice in the normal childbearing year.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 2010, MDFY 2440, NURS 2522, and NURS 3550.

MDFY 2090 Normal Childbearing Clinical Practice and Tutorial 12 cr
This clinical practice course enables students to apply the knowledge, skills and judgment related to the normal childbearing process to clinical practice. This course offers students the opportunity to reflect about and critically analyze clinical practice experiences and to share this analysis with their peers and instructors. This course will include content related to traditional Indigenous midwifery practices. This course is evaluated on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 2020, MDFY 2030, and MDFY 2040.

MDFY 3090 Interprofessional Practice I 6 cr
This clinical practice course provides students with the opportunity to develop their skills in the provision of culturally safe care in culturally diverse settings. The tutorial offers students the opportunity to reflect about and critically analyze clinical practice experiences and to share this analysis with their peers and instructors. This course includes content related to traditional Indigenous midwifery practices. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3020, MDFY 3050, and MDFY 3060.

MDFY 3032 Interprofessional Practice II 6 cr
This clinical practice course enables the student to advance their skills in the provision of care during the childbearing year in interprofessional clinical settings. The tutorial offers students the opportunity to reflect about and critically analyze clinical practice experiences and to share this analysis with their peers and instructors. This course includes content related to traditional Indigenous midwifery practices. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3020, MDFY 3050, and MDFY 3060.

MDFY 3050 Newborn Feeding: Methods and Contemporary Issues 3 cr
This course enables the student to obtain knowledge related to all methods of newborn feeding and the evidence related to the outcomes of each method. Students will also learn about strategies for promotion and support of breastfeeding. This course also addresses policy issues related to breastfeeding in the context of family systems theory and feminist theory.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3010 and MDFY 3090.

MDFY 3060 Professional Issues in Midwifery 3 cr
This course enables the student to engage in a critical analysis of ethical, professional and emerging trends in the profession of midwifery in Manitoba, Canada and the international context. This course includes content related to traditional Indigenous midwifery practices.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3010 and MDFY 3090.

MDFY 3090 Complex Care I Clinical Practice and Tutorial 12 cr
This clinical practice course provides students with the knowledge and skills to begin to manage pathological and high risk conditions of pregnancy, birth, and newborn care. The focus is on advanced assessment and intervention for clients requiring complex care during the childbearing year. This course will include content related to traditional Indigenous midwifery practices. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MDFY 2090.

MDFY 4010 Advanced Clinical Skills II 3 cr
(Lab required) This course provides students with a series of lectures and practical skills labs to build on clinical skills acquired in previous MDFY courses. This course expands on knowledge and skills related to prenatals, intrapartum, and neonatal care with a focus on developing fundamental skills in managing complex care for the clients and newborns. Professional behaviour and interprofessional communication continues to be a focus. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3030 and MDFY 3032.
MDFY 4090 Complex Care II Clinical Practice and Tutorial 12 cr
This clinical practice course enables the student to apply knowledge and skills related to the management of more complex and emergency care scenarios in the clinical setting. The focus is on the role of the primary midwife regarding more independent management, consultation and transfer related to these conditions. The tutorial offers students the opportunity to reflect about and critically analyze clinical practice experiences and to share this analysis with their peers and instructors. This course includes content related to traditional Indigenous midwifery practices. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 3030 and MDFY 3032.

MDFY 4100 Clerkship and Tutorial 12 cr
This clinical practice course enables the student to demonstrate entry-level competence as a primary care provider in midwifery practice. In this course students demonstrate independent decision-making and apply full range of their academic knowledge to professional practice. This course offers students the opportunity to reflect about and critically analyze clinical practice experiences as the primary care provider, and to share this analysis with their peers and instructors. This course includes content related to traditional Indigenous midwifery practices. This course is graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MDFY 4010 and MDFY 4090.

Music (MUSC)

MUSC 1004 Introduction to Music in History 1 3 cr
A survey of Western music from early monophony to c. 1750 through an examination of genres and aesthetic foundations. The course will include comparison to non-Western musical traditions.

MUSC 1010 Music Matters: Excursions in Western Musical Culture 3 cr
This course introduces and explores selected western musical phenomena from aesthetic, social, and historical perspectives. Topics will include art and vernacular musics; style and genre; social function and context; the nature and varieties of musical experience. May not be held with MUSC 1050. This course may not be used for credit towards the Bachelor of Music or the Bachelor of Jazz Studies degree.
Mutually Exclusive: MUSC 1050
Attributes: Recommended Intro Courses

MUSC 1014 Introduction to Music in History 2 3 cr
A continuation of MUSC 1004, covering the eras from c. 1750 to the present. A survey of Western music from c. 1750 to the present through an examination of genres and aesthetic foundations. The course will include contemporary art music and comparison to non-Western musical traditions.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1004 or consent of the Faculty of Music.

MUSC 1020 Introduction to Popular Music 3 cr
This course begins with a brief examination of the origins of the popular music industry in the late 19th and early 20th centuries through the development of rock ‘n’ roll in the 1950s and then surveys the subsequent proliferation of different types of popular music into the 21st century. The course will address representative genres, artists, and record labels in their cultural, political, historical, and technological contexts.
Attributes: Recommended Intro Courses

MUSC 1030 History of Musical Theatre 3 cr
A broad survey of the development and history of musical theatre from the early days of Vaudeville and burlesque through its evolution to the grand scale Broadway productions of today. This course is designed to reveal the origins and development of modern musical theatre through the study of influential artists, movements and major figures. This course will include a field trip component.
Attributes: Recommended Intro Courses

MUSC 1110 Music Theory 1 3 cr
This course is designed to develop fluency in the writing and recognition of the elements of music: melodic and harmonic intervals, modes and scales, rhythm and metre, triads and inversions, and the principles of melodic and homophonic design. This course is normally restricted to students admitted to the Bachelor of Music or Bachelor of Jazz Studies program. Non-Music students will only be admitted if there is sufficient room in the class.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1930, or knowledge of music rudiments demonstrated by a rudiments test administered by the Faculty of Music before the first day of classes.
Attributes: Recommended Intro Courses

MUSC 1112 Jazz Theory 1 3 cr
This course is designed to develop fluency in the writing and recognition of the elements of jazz: melodic and harmonic intervals, modes and scales, rhythm and meter, harmonic structure, and the principles of melodic and homophonic design. May not be held with the former MUSC 2112.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1110 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 2112

MUSC 1120 Music Theory 2 3 cr
An examination of the idioms of vocal melody through the writing and analysis of duple paraphrase, duple- and syncopated-rhythm counterpoint in two parts, and tonal homophony leading to the Chorale phrase and Bar form.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1110.
Attributes: Recommended Intro Courses

MUSC 1180 Ensemble 2 cr
Participation in University Symphony Orchestra, University Wind Ensemble, Upper Voices, Concert # Choir, University Jazz Orchestra, University Concert Band or University Singers, as is appropriate to the student’s background and/or major applied area (placement to be determined by ensemble committee).

MUSC 1184 Jazz Ensemble 2 cr
Participation in jazz ensemble(s) as assigned by the ensemble committee. May not be held with the former MUSC 1182. Course entry is subject to audition for students not enrolled in the Bachelor of Jazz Studies program.
Equiv To: MUSC 1182

MUSC 1190 Ensemble 2 cr
Participation in a Faculty of Music Ensemble other than the one designated in MUSC 1180 or MUSC 1184 (placement to be determined by the Ensemble Committee).
MUSC 1194 Jazz Improvisation 1 3 cr
The practical application of rhythmic, melodic, and harmonic devices, as well as scales, chords, and substitutions in the context of song forms, song fragments, and repertoire. May not be held with the former MUSC 1192.

Mutually Exclusive: MUSC 1192

MUSC 1280 Musical Style and Structure 1 3 cr
An integrated study of the history and theory of Western music to 1750. Continuation in the Music Minor requires a grade "C" or better in this course. This course may not be used as credit towards the Bachelor of Music or the Bachelor of Jazz Studies degree.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1384 or the former MUSC 1390. For Music students only.

Attributes: Recommended Intro Courses

MUSC 1280 Musical Style and Structure 2 3 cr
An integrated study of the history and theory of Western music from 1750 to the present. Continuation in the Music Minor requires a grade "C" or better in this course. This course may not be used for credit towards the Bachelor of Music or the Bachelor of Jazz Studies degree.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1280 or consent of the Faculty of Music.

Attributes: Recommended Intro Courses

MUSC 1384 Musicianship 1 2 cr
(Lab required) A practical approach to the cultivation of critical aural perception, specifically, to develop the student's sight-singing, transcription and keyboard skills. May not be held with MUSC 1380 or MUSC 1386. For Music students only.

Equiv To: MUSC 1380, MUSC 1386

MUSC 1386 Jazz Musicianship 1 2 cr
(Lab required) A practical approach to the cultivation of critical aural perception, specifically, to develop the student's sight-singing, transcription, and keyboard skills within a jazz context. For Music students only. May not be held with MUSC 1384.

Equiv To: MUSC 1384

MUSC 1388 Jazz Musicianship 2 2 cr
(Lab required) A practical approach to the cultivation of critical aural perception, specifically, to develop the student's sight-singing, transcription, and keyboard skills within a jazz context. A continuation of MUSC 1386. For Music students only. May not be held with MUSC 1394.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1386 or consent of the Faculty of Music.

Equiv To: MUSC 1394

MUSC 1394 Musicianship 2 2 cr
(Lab required) A continuation of MUSC 1384. May not be held with MUSC 1388 or the former MUSC 1390. For Music students only.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1384 or consent of the Faculty of Music.

Equiv To: MUSC 1388, MUSC 1390

MUSC 1400 Major Practical Study 6 cr
Individual instruction in one of the following: any of the standard orchestral instruments (strings, woodwinds, brasses, percussion), classical guitar, harp, harpsichord, lute, organ, piano, recorder composition or voice. An important constituent of the grading procedure for this course is performance in, and attendance at, the recitals/concerts of the Faculty of Music. For Music students only.

MUSC 1460 Minor Practical Study 3 cr
Individual instruction in an area other than that selected for MUSC 1400 or in composition by special permission. Written consent of the director is required prior to registration.

MUSC 1930 Rudiments of Music 3 cr
An introduction to fundamental aspects of music such as sound generation, notation, melodic and harmonic construction, with emphasis on an aural approach. This course may not be used for credit towards the Bachelor of Music or the Bachelor of Jazz Studies degree.

Attributes: Recommended Intro Courses

MUSC 2072 Jazz History 1 3 cr
A broad survey of the development of jazz and early popular styles of the 20th Century up until the early 1950s. This course is designed to reveal the origins of modern jazz and conventional jazz performance practices.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 2082 Jazz History 2 3 cr
A broad survey of jazz styles from 1950 to the present, with an emphasis on the development of contemporary performance practices.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2072 or consent of the Faculty of Music.

MUSC 2100 Introduction to Music Teaching and Learning 3 cr
This course provides an introduction to philosophical, sociological, and psychological perspectives relevant to music teaching and learning, including reflective practice, development of music teacher identity, and critical analysis of pedagogical principles.

MUSC 2110 Music Theory 3 3 cr
An examination of the idioms of instrumental melody through the writing and analysis of triple paraphrase, triple- and quadruple-rhythm counterpoint in two parts, and chromatic homophony leading to the Minuet and binary form.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1120 or the consent of the Faculty of Music.

MUSC 2120 Music Theory 4 3 cr
An examination of the diffusion of tonality in instrumental textures through the writing and analysis of chromatic paraphrase, florid counterpoint in two parts and chromatically-extended homophony leading to the Cavatina and ternary form.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2110 or consent of the Faculty of Music.

MUSC 2122 Jazz Theory 2 3 cr
A continuation of Jazz Theory 1. New topics will include transcription analysis, transposition of lead sheets, modal and substitute harmony.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1112 or the former MUSC 2112 or consent of the Faculty of Music.

MUSC 2180 Ensemble 2 cr
Participation in University Symphony Orchestra, University Wind Ensemble, Upper Voices, Concert Choir, University Jazz Orchestra, University Concert Band or University Singers, as is appropriate to the student's background and/or major applied area (placement to be determined by ensemble committee).
MUSC 2184 Jazz Ensemble 2 cr
Participation in jazz ensemble(s) as assigned by the ensemble committee. May not be held with the former MUSC 2182. Course entry is subject to audition for students not enrolled in the Bachelor of Jazz Studies program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1184 or the former MUSC 1182.
Equiv To: MUSC 2182

MUSC 2190 Ensemble 2 cr
Participation in a Faculty of Music Ensemble other than the one designated in MUSC 2180 or MUSC 2184 (placement to be determined by the Ensemble Committee).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1190 or consent of the Faculty of Music.

MUSC 2194 Jazz Improvisation 2 3 cr
A continuation of MUSC 1194 Jazz Improvisation 1. The practical application of rhythmic, melodic, and harmonic devices, as well as scales, chords, and substitutions in the context of song forms, song fragments, and repertoire. May not be held with the former MUSC 2192.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1194 or the former MUSC 1192 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 2192

MUSC 2384 Musicianship 3 2 cr
(Lab required) A continuation of MUSC 1394. May not be held with MUSC 2380 or MUSC 2386. For Music students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1394 or consent of the Faculty of Music.
Equiv To: MUSC 2380, MUSC 2386

MUSC 2386 Jazz Musicianship 3 2 cr
(Lab required) A practical approach to the cultivation of critical aural perception, specifically, to develop the student's sight-singing, transcription, and keyboard skills within a jazz context. A continuation of MUSC 1388. For Music students only. May not be held with MUSC 2384.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1388 or consent of the Faculty of Music.
Equiv To: MUSC 2384

MUSC 2388 Jazz Musicianship 4 2 cr
(Lab required) A practical approach to the cultivation of critical aural perception, specifically, to develop the student's sight-singing, transcription, and keyboard skills within a jazz context. A continuation of MUSC 2386. For Music students only. May not be held with MUSC 2394.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2386 or consent of the Faculty of Music.
Equiv To: MUSC 2394

MUSC 2394 Musicianship 4 2 cr
(Lab required) A continuation of MUSC 2384. May not be held with MUSC 2388 or MUSC 2390. For Music students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2384 or consent of the Faculty of Music.
Equiv To: MUSC 2388, MUSC 2390

MUSC 2400 Major Practical Study 6 cr
Individual instruction, normally in the area chosen in MUSC 1400. An important constituent of the grading procedure for this course is performance in and attendance at the recitals/concerts of the Faculty of Music. For Music students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1400 or MUSC 1414.

MUSC 2460 Conducting 3 cr
The principles and development of baton technique and expressive gestures. Fundamentals of vocal and instrumental score reading, preparation and interpretation.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1120 or equivalent, or consent of the Faculty of Music.

MUSC 2480 Minor Practical Study 3 cr
Individual instruction in an area other than that selected for MUSC 2400. Normally a continuation of MUSC 1460. Written consent of the director is required to register.

MUSC 3010 Advanced Diction 1 3 cr
Advanced training in rules of pronunciation, language use and translation skills in Italian and German. May not be held with MUSC 3820 when titled Advanced Diction 1.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Consent of the Faculty of Music.
Mutually Exclusive: MUSC 3820

MUSC 3012 Advanced Diction 2 3 cr
Advanced training in rules of pronunciation, language use and translation skills in French and English. May not be held with MUSC 3820 when titled Advanced Diction 2.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Consent of the Faculty of Music.
Mutually Exclusive: MUSC 3820

MUSC 3034 Medieval Music History 3 cr
A study of music history with emphasis on historical, stylistic, and cultural developments and issues of the Middle Ages. May not be held with the former MUSC 1070 or the former MUSC 3054.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 1070, MUSC 3054

MUSC 3044 Renaissance Music History 3 cr
A study of music history with emphasis on historical, stylistic, and cultural developments and issues of the Renaissance. May not be held with the former MUSC 1070 or the former MUSC 3054.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or the consent of the Faculty of Music.
Mutually Exclusive: MUSC 1070, MUSC 3054

MUSC 3050 Research Methods 3 cr
Techniques of bibliography and expository writing in music. Minor research projects in selected areas; the use of primary and secondary sources.

MUSC 3056 Plainchant and Liturgy in Medieval Europe 3 cr
Intensive study of plainchant and liturgy in medieval Europe. Topics will include the development and standardization of "Gregorian" chant, issues of style and genre, related repertories, and issues of historiography and performance practice. May not be held with MUSC 3830 when titled Seminar in Gregorian Chant.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Consent of the Faculty of Music.
Mutually Exclusive: MUSC 3830
MUSC 3064 Baroque Music History 3 cr
A history of European art music from the late 16th to the early 18th centuries (the so-called Baroque period) beginning with the invention of opera and the monodic and concerted styles in Italy and their subsequent adoption in the rest of Europe and the emergence of national schools and culminating in the works of Bach and Handel. Not to be held with MUSC 1080.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 or consent of the Faculty of Music.
Equiv To: MUSC 1080

MUSC 3074 Classical Music History 3 cr
A history of European art music from the early 18th to the early 19th centuries (the so-called Classical period) beginning with the innovations of Neapolitan opera and sinfonia their subsequent adoption in the rest of Europe, culminating in the Viennese school of Haydn, Mozart and Beethoven. Not to be held with MUSC 2070.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 or consent of the Faculty of Music.
Equiv To: MUSC 2070

MUSC 3084 Romantic Music History 3 cr
A study of the changing styles, forms and contexts of music from the late 18th century to 1915 (the Romantic Period). Not to be held with MUSC 1080.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 or consent of the Faculty of Music.
Equiv To: MUSC 2080

MUSC 3090 Introduction to Ethnomusicology 3 cr
A study of style, performance methods and social role of selected non-Western and indigenous Western music, with particular emphasis on native Canadian music, through readings in field studies and methodology.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014.

MUSC 3100 Opera Repertoire 3 cr
The nature of the opera, its beginnings and development to modern times.

MUSC 3102 Composition, Technology and Improvisation for Music Educators 3 cr
This course explores the development of musical creativity through active participation in composition, improvisation, and informal music learning. Students will engage with a variety of activities, strategies and tools appropriate for numerous music education contexts.

MUSC 3104 History of Opera 1: from Monteverdi to Mozart 3 cr
A history of opera from its origins to the late eighteenth century, tracing various styles, genres and composers through representative works in the central Italian, as well as the French, English and German schools.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 or consent of the Faculty of Music.

MUSC 3110 Jazz Composition and Arranging 1 3 cr
A study of the fundamentals of part writing such as instrumental range and transposition, various styles of unison writing, simple harmonic writing, melodic, harmonic and rhythmic devices along with standard and non-standard song structures. Course will culminate in a recital of student compositions and arrangements.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2122 or consent of the Faculty of Music.

MUSC 3114 History of Opera II: from Mozart to the Modern Era 3 cr
A history of opera from the late 18th century and the masterpieces of Mozart to the present, tracing the various styles, genres and composers through representative works.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 3116 Standard Orchestral Excerpts and Solos 1 (Cello and Bass) 3 cr
An in-depth study of standard orchestral excerpts for Cello and Bass from the Baroque and Classical eras, with emphasis on technical and stylistic analysis, execution, and preparation for professional auditions and performance. May not be held with MUSC 3830 when titled Cello Orchestral Excerpts Part 1. Performance stream students (Cello and Bass) only.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Instructor approval.
Mutually Exclusive: MUSC 3830

MUSC 3118 Standard Orchestral Excerpts and Solos 2 (Cello and Bass) 3 cr
An in-depth study of standard orchestral excerpts for Cello and Bass from the Romantic and Modern eras, with emphasis on technical and stylistic analysis, execution, and preparation for professional auditions and performance. May not be held with MUSC 3830 when titled Cello Orchestral Excerpts Part 2. Performance stream students (Cello and Bass) only.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Instructor approval.
Mutually Exclusive: MUSC 3830

MUSC 3126 Jazz Composition and Arranging 2 3 cr
A continuation of MUSC 3112. The student will write for larger ensembles, including jazz orchestra. Course will culminate in a performance of student compositions and arrangements. May not be held with the former MUSC 4112.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3112 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 4112

MUSC 3150 Orchestration 3 cr
A study of the technical capabilities and tonal characteristics of orchestral instruments, as well as practical scoring and arranging for various groups, from chamber to full orchestra and band.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2120 or MUSC 2122 or consent of the Faculty of Music.

MUSC 3180 Ensemble 2 cr
Participation in University Symphony Orchestra, University Wind Ensemble, Upper Voices, Concert Choir, University Jazz Orchestra, University Concert Band or University Singers, as is appropriate to the student's background and/or major applied area (placement to be determined by ensemble committee).

MUSC 3184 Jazz Ensemble 2 cr
Participation in jazz ensemble(s) as assigned by the ensemble committee. May not be held with the former MUSC 3182. Course entry is subject to audition for students not enrolled in the Bachelor of Jazz Studies program.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2184 or the former MUSC 2182.
Equiv To: MUSC 3182
MUSC 3190  Ensemble  2 cr
Participation in a Faculty of Music Ensemble other than the one designated in MUSC 3180 or MUSC 3184 (placement to be determined by the Ensemble Committee).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2190 or consent of the Faculty of Music.

MUSC 3194  Jazz Improvisation  3 3 cr
A continuation of MUSC 2194 Jazz Improvisation 2. The practical application of rhythmic, melodic, and harmonic devices, as well as scales, chords, and substitutions in the context of song forms, song fragments, and repertoire. May not be held with the former MUSC 3192.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2194 or the former MUSC 2192 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 3192

MUSC 3200  Orff Schulwerk 1  6 cr
(Lab required) The philosophy, techniques and materials in Orff-Schulwerk, including practical activities in the areas of Basic Orff, creative movement, recorder, aural skills, and choral techniques. Applicants should have a working knowledge of music rudiments. May not be held with the former MUSC 3130 or the former MUSC 3106, or MUSC 3360 when titled Choral, Recorder and Movement.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1930 or consent of instructor.
Mutually Exclusive: MUSC 3106, MUSC 3130, MUSC 3360

MUSC 3210  Orff Schulwerk 2  6 cr
(Lab required) An exploration of Orff-Schulwerk theory and pedagogy with materials and activities in Basic Orff, creative movement, recorder, aural skills, and choral techniques. This course is designed to further participants' musical growth and their understanding of lesson planning and curriculum for the elementary years. Laboratory component includes the study of both soprano and alto recorders. May not be held with the former MUSC 3140.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3200 (C+) or the former MUSC 3106 or the former MUSC 3130 or consent of Instructor.
Equiv To: MUSC 3140

MUSC 3220  Kodály Music Education 1  6 cr
(Lab required) An introduction to contemporary Kodály-inspired pedagogy for preschool and early years contexts. In addition to exploring philosophy, practice, and materials for music teaching and learning, course participants will have opportunities to develop their personal vocal, musicianship and conducting skills in the lab component. May not be held with the former MUSC 3108 or MUSC 3360 when titled Kodály 1: Pedagogy and Materials.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1930 or consent of the Instructor.
Mutually Exclusive: MUSC 3108, MUSC 3360

MUSC 3222  Kodály Music Education 2  6 cr
(Lab required) Inspired pedagogy, lesson planning, and project work for upper elementary and middle years with continued development of musicianship, conducting, and ensemble music-making in the lab component.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3220 or the former MUSC 3108 or consent of the Instructor.

MUSC 3230  Acoustics of Music  3 cr
A study of the physical basis of music; consideration of the nature of musical sound, tone production of typical musical instruments, scales, and temperaments, and architectural acoustics. Experiments and projects.
Attributes: Mathematics Requirement

MUSC 3270  Performance Skills  3 cr
For performance majors in the Faculty of Music. Provides training in performance-related skills of the music profession, including such topics as acting, body awareness, self-promotion, career management, master classes, concert organizing, concert promotion and participation.

MUSC 3360  Topics in Music Education  3 cr
This course may vary from year to year depending on the needs and interests of instructors and students.
Mutually Exclusive: MUSC 3220

MUSC 3380  From Ragtime to Rock 'n' Roll: A History of Popular Music in the 20th Century  3 cr
A survey of popular music in North America and Britain from the mid-sixties to the present, beginning with the two foremost bands of the British Invasion, the Beatles and Stones, and the development of folk rock...The nineties focuses on the continual mainstreaming of music on the edge of rap, alternative and world beat.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 3390  From Rock to Rap and Beyond: A History of Popular Music in the 20th Century  3 cr
A survey of popular music in North America and Britain from the mid-sixties to the present, beginning with the two foremost bands of the British Invasion, the Beatles and Stones, and the development of folk rock...The nineties focuses on the continual mainstreaming of music on the edge of rap, alternative and world beat.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 3404  From New Wave to Rave: A History of Popular Music in the Late 20th Century  3 cr
A survey of popular music from the end of twentieth century, beginning with the revolutions that occurred during the late seventies and early eighties (disco and rap, punk and hardcore) that transformed pop music, setting the course for music of the two final decades of the century.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 3470  Major Practical Study  6 cr
Individual instruction, normally in the area chosen in MUSC 2400. An important component of the grading procedure for this course is performance in and attendance at the recitals/concerts of the Faculty of Music. For Music students only.

MUSC 3480  Minor Practical Study  3 cr
Individual instruction in an area other than that selected for Major Practical Study. Normally a continuation of MUSC 2480. Written consent from the Faculty of Music is required prior to registration.

MUSC 3550  Recital 1  3 cr
The program must be approved by the applied instructor and the jury members. The program must be approved by the applied instructor and the jury members. For Music students in B.Mus. Performance only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014, MUSC 1120, MUSC 1394, and MUSC 2400, or consent of the Faculty of Music.
MUSC 3554  Jazz Recital 1  3 cr
The program must be approved by the applied instructor and the jury members. For Music students in B.Mus. Performance only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014, MUSC 1112, MUSC 1388, and MUSC 2400 or consent of the Faculty of Music. For Music students only. May not be held with MUSC 4562.
Mutually Exclusive: MUSC 3552

MUSC 3620  Independent Study 1  3 cr
Individual project designed by the student and a supervising faculty member. This study may be in an academic or applied area. Approval from the Faculty of Music is required.

MUSC 3650  Electroacoustic Music  3 cr
An introduction to electroacoustic music composition with the focus on acousmatic music. The course covers sound aesthetics, historical perspective of electro-acoustic music, repertoire and basic studio techniques such as sound editing, digital signal processing, multi-channel techniques and sound mixing.

MUSC 3690  Percussion Techniques  3 cr
Class instruction in percussion instruments. Development of basic playing techniques and examination of materials and procedures for individual and group instruction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Faculty of Music.

MUSC 3730  Early Music Development  3 cr
Procedures and materials for the development of musicality in children through listening activities, movement, creativity, singing and classroom instruments.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or co-requisites: MUSC 2460 or the former MUSC 3770 or consent of the Faculty of Music.

MUSC 3772  Vocal Pedagogy for Choirs  3 cr
The study of basic principles of vocal pedagogy and technique as they apply to educational settings and choral contexts. Study of the anatomy and physiology of breathing, phonation, and resonant tone production. Overview of stages of vocal development, and introduction to diction for choirs. Examination of materials and procedures for group vocal instruction. May not be held with the former MUSC 3770.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Instructor.
Mutually Exclusive: MUSC 3770

MUSC 3780  Woodwind Techniques  3 cr
Class instruction in woodwind instruments. Development of basic playing techniques and examination of materials and procedures for individual and group instruction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Faculty of Music.

MUSC 3790  Brass Techniques  3 cr
Class instruction in brass instruments. Development of basic playing techniques and examination of materials and procedures for individual and group instruction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Faculty of Music.

MUSC 3800  String Techniques  3 cr
Class instruction in string instruments. Development of basic playing techniques and examination of materials and procedures for individual and group instruction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Faculty of Music.

MUSC 3820  Topics in Music  3 cr
This course may vary from year to year depending on the needs and interests of instructors and students.
Mutually Exclusive: MUSC 3010, MUSC 3012, MUSC 3992

MUSC 3830  Topics in Music  3 cr
This course may vary from year to year depending on the needs and interests of instructors and students.
Mutually Exclusive: MUSC 3056, MUSC 3116, MUSC 3118

MUSC 3884  Introduction to Jazz for Music Educators  3 cr
Procedures for organizing, rehearsing, and directing small and large group jazz ensembles. Study of repertoire and performance materials, with emphasis on personal understanding of jazz improvisation and style. Not to be held with MUSC 3880.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 2460 or consent of the Faculty of Music.
Equiv To: MUSC 3880

MUSC 3894  Guitar Techniques  3 cr
Class instruction in guitar technique. Development of basic techniques and examination of materials and procedures for individual and group instruction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of the Faculty of Music.

MUSC 3964  History of Western Art Music After 1900  3 cr
A survey of the processes, contexts and conceptual constructs of Western art music from 1900 to present.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 or consent of the Faculty of Music.

MUSC 3974  Music Theory After 1900  3 cr
A survey of music theoretical approaches, analytical techniques and compositional trends in Western art music from 1900 to the present.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2120 or MUSC 2122, or consent of the Faculty of Music.

MUSC 3992  Advanced Counterpoint  3 cr
The study of contrapuntal structures in modal, tonal, neo-tonal and/or post-tonal music. This course will include the analysis of composition in two or more parts in a variety of historical genres, and the creation of pieces modeled directly on the works studied. May not be held with MUSC 3820 when titled Advanced Counterpoint.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 1014 and MUSC 2120.
Mutually Exclusive: MUSC 3820

MUSC 4010  French Diction and Repertoire  3 cr
Specialized instruction in French diction, translation and transcription using the International Phonetic Alphabet, with direct application to performance activities in French vocal repertoire. This course will be rotated on a three-year cycle with MUSC 4020 and MUSC 4030.

MUSC 4020  Italian Diction and Repertoire  3 cr
Specialized instruction in Italian diction, translation and transcription using the International Phonetic Alphabet, with direct application to performance activities in Italian vocal repertoire. This course will be rotated on a three-year cycle with MUSC 4010 and MUSC 4030.
MUSC 4030  German Diction and Repertoire  3 cr
Specialized instruction in German diction, translation and transcription using the International Phonetic Alphabet, with direct application to performance activities in German vocal repertoire. This course will be rotated on a three-year cycle with MUSC 4010 and MUSC 4020.

MUSC 4110  Special Area Paper  3 cr
The student will select a particular area of special interest or significance, work under supervision of a faculty member, and present results in an extended paper. For Music students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MUSC 2120 or MUSC 2122), MUSC 2394 and MUSC 3470.

MUSC 4130  History of Women in Music  3 cr
A study of the female contribution to the art of music from the Middle Ages to the present; emphasis on the changing roles of, and attitudes towards, women as composers and performers.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1014 or consent of the Faculty of Music.

MUSC 4140  History of Canadian Music  3 cr
A survey of music in Canada from Colonial times to the present, encompassing both folk, popular and classical traditions.

MUSC 4156  Choral Music Literature and Programming  3 cr
Survey of historic and contemporary choral repertoire including major choral forms, composers, and performance practice, with a focus on representative works. Introduction to concert programming and planning for diverse choral ensembles. Examination of materials and resources for organizing and administering community, church, and school coral programs. May not be held with the former MUSC 4150 or the former MUSC 4154.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 or consent of Instructor.
Equiv To: MUSC 4150, MUSC 4154

MUSC 4160  Major Practical Study  3 cr
Individual instruction, normally in the area chosen in MUSC 3470. An important constituent of the grading procedure for this course is performance in and attendance at the recitals/concerts of the Faculty of Music. For Music students only.

MUSC 4180  Ensemble  2 cr
Participation in University Symphony Orchestra, University Wind Ensemble, Upper Voices, Concert Choir, University Jazz Orchestra, University Concert Band or University Singers, as is appropriate to the student's background and/or major applied area (placement to be determined by ensemble committee).

MUSC 4184  Jazz Ensemble  2 cr
Participation in jazz ensemble(s) as assigned by the ensemble committee. May not be held with the former MUSC 4182. Course entry is subject to audition for students not enrolled in the Bachelor of Jazz Studies program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3184 or the former MUSC 3182.
Equiv To: MUSC 4182

MUSC 4190  Ensemble  2 cr
Participation in a Faculty of Music Ensemble other than the one designated in MUSC 4180 or MUSC 4184 (placement to be determined by the Ensemble Committee).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3190 or consent of the Faculty of Music.

MUSC 4194  Jazz Improvisation  4 3 cr
A continuation of MUSC 3194 Jazz Improvisation 3. The practical application of rhythmic, melodic, and harmonic devices, as well as scales, chords, and substitutions in the context of song forms, song fragments, and repertoire. May not be held with the former MUSC 4192.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3194 or the former MUSC 3192 or consent of the Faculty of Music.

MUSC 4212  Orff Schulwerk 3 6 cr
(1) Lab required) Continues instruction in the theory, philosophy, and pedagogy related to Orff process. Students are expected to create, orchestrate and perform at a high level, and to reach a high standard of competence in the art of teaching especially at the middle school level. Course work features mixed meters, and an exploration of medieval modes and their place in music history and in the Schulwerk. Competence in composing and arranging in the Elemental style and familiarity with materials from the Schulwerk, and Medieval, Renaissance, and Contemporary sources is developed along with recorder work using the full complement of recorders. Fluency on alto and soprano recorder is expected prior to start of the course. May not be held with the former MUSC 3140.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2120 or MUSC 2122.
Equiv To: MUSC 3140

MUSC 4224  Kodály Music Education  3 6 cr
Kodály-inspired pedagogy for older beginners, senior years contexts, and community ensembles, with continued skill development in musicianship, conducting, and ensemble music-making in the lab component. Open to students outside of the Faculty of Music with written permission from the Faculty of Music.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3222 or consent of Instructor.

MUSC 4330  Advanced Analysis 3 cr
A survey of analytical approaches to tonal and post-tonal music. Aspects of musical structure, perception and performance will be explored through readings and the analysis of major works from the core repertoire.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2120 or MUSC 2122 or consent of the Faculty of Music.

MUSC 4360  Wind Repertoire 3 cr
A selected survey of wind literature from 1500 to the present.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MUSC 4772 or the former MUSC 4770) and (MUSC 4782 or the former MUSC 4780), or consent of the Faculty of Music.

MUSC 4370  Wind Conducting Techniques 3 cr
A study of the psychological, philosophical and practical aspects of conducting wind ensembles at all levels.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MUSC 4772 or the former MUSC 4770) and (MUSC 4782 or the former MUSC 4780), or consent of the Faculty of Music.

MUSC 4380  Piano Repertoire 3 cr
A comprehensive survey of major composers and their compositions for solo Piano. (Required course for piano Performance majors)

MUSC 4390  Piano Chamber Music Literature Seminar  3 cr
A selected survey of piano chamber music.
MUSC 4430 Pedagogy and Repertoire 3 cr
A consideration of approaches to the teaching of style and technique, through an examination of the repertoire for the student’s major practical study.

MUSC 4440 Vocal Pedagogy 3 cr
An exploration of the foundations of the singer’s art and craft, including the physical nature of the singing voice, stages of development, and various national, historical and individual pedagogical approaches to the teaching of singing. Required course for voice majors in Performance and General concentrations.

MUSC 4452 Jazz Pedagogy 3 cr
An introduction to the fundamentals of pedagogy within a jazz-specific context. May not be held with the former MUSC 3442 or the former MUSC 4442.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3194 or the former MUSC 3192 or consent of the Faculty of Music.
Equiv To: MUSC 4442
Mutually Exclusive: MUSC 3442

MUSC 4470 Major Practical Study 6 cr
Individual instruction, normally in the area chosen in MUSC 3470. An important component of the grading procedure for this course is performance in and attendance at the recitals/concerts of the Faculty of Music. For Music students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (MUSC 2120 or MUSC 2122), MUSC 2394 and MUSC 3470.

MUSC 4480 Minor Practical Study 3 cr
Individual instruction in an area other than that selected for Major Practical Study. Normally a continuation of MUSC 3480. Written consent of the director is required prior to registration.

MUSC 4490 Piano Pedagogy 3 cr
An introduction to teaching of styles and techniques through an examination of piano repertoire. (Required course for piano and organ majors in Performance and General Concentrations.)

MUSC 4520 Coaching Skills 3 cr
Introduction to and training in philosophies and techniques of vocal coaching including both song and operatic repertoire.

MUSC 4530 Operatic Piano 3 cr
Development of skills required of an operatic pianist, including standard Arias, operatic scores, working with conductors and developing an orchestral sound. May include participation in community opera events. (by audition only)

MUSC 4560 Recital 2 6 cr
The program must be approved by the applied instructor and the jury members. For Music students in B.Mus. Performance only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2120, MUSC 2394 and MUSC 3550 or consent of the Faculty of Music.

MUSC 4562 Jazz Recital 2 6 cr
Preparation and performance of a public graduation recital. The program must be approved by the applied instructor and the jury members. For Music Students only.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2082, MUSC 2122, MUSC 2394 and MUSC 3554 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 4564

MUSC 4564 Jazz Recital 2 3 cr
The program must be approved by the applied instructor and the jury members. For Music students in B.Mus. Performance only. May not be held with MUSC 4562.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: MUSC 2082, MUSC 2122, MUSC 2388, and MUSC 3554 or consent of the Faculty of Music.
Mutually Exclusive: MUSC 4562

MUSC 4630 20th to 21st Century Piano Repertoire 3 cr
Piano repertoire from 1900 to the present.

MUSC 4650 Interactive Computer Music 3 cr
An introduction to interactive computer music composition. The course covers different techniques for interaction between performers and a computer. Experiments will be done using major software for live MIDI and audio processing. The course also covers sound synthesis. Possibilities are given to write with either projects involving performers or multi-disciplinary projects (e.g., installation including visual elements).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 3650 or consent of the Faculty of Music.

MUSC 4660 Computer Assisted Composition 3 cr
An introduction to Computer Assisted Composition. The course covers a variety of mathematical models for structuring musical parameters, such as probability, iterative functions, spectral pitch organization, rule-based systems and morphological models. Different environments using the Lisp language are used as a base for experiments.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 1414 or consent of the Faculty of Music.

MUSC 4752 Elementary and Middle Years Choral Methods 3 cr
Introduction to methods and pedagogical approaches for students in elementary and middle years choirs. Application of vocal technique, score preparation, and advanced conducting principles to unison, 2-part, and 3-part vocal music for unchanged and changing voices in a variety of styles. Examination of materials and resources for classroom instruction in choral music, including appropriate repertoire and methods of assessment. May not be held with MUSC 4750.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460 and (MUSC 3772 or the former MUSC 3770) or consent of the Instructor.
Equiv To: MUSC 4750

MUSC 4762 Senior Years and Community Choral Methods 3 cr
Methods and pedagogical approaches for rehearsing, evaluating, organizing, and conducting changed voices in school and community ensembles. Introduction of teaching strategies and application of vocal technique, score preparation, and advanced conducting principles to mixed voice repertoire in a variety of genres for diverse groups of singers. Examination of materials and resources related to choral music instruction. May not be held with the former MUSC 4760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MUSC 2460, MUSC 3772, (the former MUSC 3770), MUSC 4752, (the former MUSC 4750) or consent of the Instructor.
Equiv To: MUSC 4760

</tr>
<tr>
<td>NURS 2110</td>
<td>Health Assessment of Individuals</td>
<td>3 cr</td>
<td>The focus is on health assessment of adults including the normal changes which occur in childhood and aging. The course will provide opportunity to learn the health history and physical examination skills essential to health assessment. Equiv To: NURS 2210</td>
</tr>
<tr>
<td>NURS 2200</td>
<td>Selected Topics in Aging and Health</td>
<td>3 cr</td>
<td>Emphasis will be placed on theory and research related to a current topic in aging and health. Special attention will be directed to integrating concepts and processes of aging. A practicum/field work component will be an integral part of the course. PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: core courses in the Inter-faculty Option in Aging or permission from the course leader.</td>
</tr>
<tr>
<td>NURS 2500</td>
<td>Health and Illness 1: Pathophysiology/Pharmacology/Assessment</td>
<td>6 cr</td>
<td>This course provides students with a comprehensive survey of selected pathophysiological processes that produce alterations in human health, and the related pharmacological interventions and health assessment techniques. May not be held with the former NURS 2120, the former NURS 2220, the former NURS 3290, or the former NURS 3310. Equiv To: UCNN 2500 Mutually Exclusive: NURS 2120, NURS 2220, NURS 3290, NURS 3310</td>
</tr>
<tr>
<td>NURS 2510</td>
<td>Client and Context 1: Human Growth &amp; Development</td>
<td>2 cr</td>
<td>This course provides students with knowledge of normal human growth and development across the lifespan. May not be held with NURS 1260. Registration is normally restricted to students in Year 2 of the program. Equiv To: UCNN 2510 Mutually Exclusive: NURS 1260</td>
</tr>
<tr>
<td>NURS 2514</td>
<td>Health and Illness 3: Pathophysiology/Pharmacology/Assessment</td>
<td>6 cr</td>
<td>This course provides students with a comprehensive survey of selected pathophysiological processes that produce alterations in human health, and the related pharmacological interventions and health assessment techniques. Registration is normally restricted to students in Year 2 of the program. May not be held with the former NURS 2120, the former NURS 2220, the former NURS 3290 or the former NURS 3310. PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: NURS 2500. Equiv To: UCNN 2514 Mutually Exclusive: NURS 2120, NURS 2220, NURS 3290, NURS 3310</td>
</tr>
<tr>
<td>NURS 2518</td>
<td>Health &amp; Illness 2: The Older Client</td>
<td>3 cr</td>
<td>This course provides students with knowledge of the age-related changes and illnesses experienced by older adults. It introduces students to health problems commonly occurring in this age group. Nursing strategies to encourage, maintain and enhance functional abilities and independence in older adults in the context of long term care are evaluated. Registration is normally restricted to students in Year 2 of the BN program. May not be held with NURS 2230 or NURS 2512. PR/CR: A minimum grade of C is required unless otherwise indicated. Pre or co-requisites: NURS 2500 or NURS 2510. Equiv To: UCNN 2518 Mutually Exclusive: NURS 2230, NURS 2512</td>
</tr>
<tr>
<td>NURS 2520</td>
<td>Professional Foundations 1: Development of Professional Identity</td>
<td>2 cr</td>
<td>This course provides the student with an introduction to the conduct, knowledge and values that characterize a professional registered nurse. Registration is normally restricted to students in Year 2 of the program. Equiv To: UCNN 2520</td>
</tr>
</tbody>
</table>
NURS 2522 Client & Context 2: Human Diversity 3 cr
This course provides students with knowledge of the social factors that enhance or diminish the health of individuals, families and communities. Students will also analyze the concept of client-centred care and its relevance in the practices of health care professionals. Registration is normally restricted to students in Year 2 of the BN program. May not be held with NURS 2516.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre or co-requisites: NURS 2500 and NURS 2520.
Equiv To: UCNN 2522
Mutually Exclusive: NURS 2516, UCNN 2516

NURS 2530 Nursing Skills 1 1 cr
This course introduces students to the basic health assessment and psychomotor skills necessary to provide novice-level nursing care in the practice setting. Registration is normally restricted to students in Year 2 of the program. This course is graded on a Pass/Fail Basis. May not be held with NURS 2120 and NURS 2130. Pre-or
PR/CR: A minimum grade of C is required unless otherwise indicated.
Co-requisite: NURS 2500.
Equiv To: UCNN 2530
Mutually Exclusive: NURS 2120, NURS 2130

NURS 2532 Nursing Skills 2 1 cr
This course introduces students to the basic health assessment and psychomotor skills necessary to provide novice-level nursing care in the practice setting. Registration is normally restricted to students in Year 2 of the program. This course is graded on a Pass/Fail Basis. May not be held with NURS 2120 and NURS 2130.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prequisites: NURS 2530 and NURS 2540. Pre- or Co-requisite: NURS 2514.
Equiv To: UCNN 2532
Mutually Exclusive: NURS 2120, NURS 2130

NURS 2540 Nursing Practice 1 2 cr
This course enables students to demonstrate clinical competence by applying the theoretical knowledge, psychomotor skills and health assessment skills covered in Year 1 Term 1 courses in the practice setting. Registration is normally restricted to students in Year 2 of the program. This course is graded on a pass/fail basis.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or co-requisites: NURS 2500, NURS 2510, NURS 2518 (or the former NURS 2512), NURS 2520 and NURS 2530.
Equiv To: UCNN 2540
Mutually Exclusive: NURS 2190, RRCN 2190, UCNN 2190

NURS 2542 Nursing Practice 2 3 cr
This course enables students to demonstrate clinical competence by applying the theoretical knowledge, psychomotor skills and health assessment skills covered in Year 1 Term 2 courses in the practice setting. This course is graded on a pass/fail basis. May not be held with NURS 2190.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or co-requisites: NURS 2514, NURS 2522 (or the former NURS 2516), and NURS 2532.
Equiv To: UCNN 2542
Mutually Exclusive: NURS 2190, RRCN 2190, UCNN 2190

NURS 2610 Health and Physical Aspects of Aging 3 cr
An introduction to health, well-being and aging. Emphasis on health as multidimensional including physical, social and mental health. Integration of theory and research in examining selected issues related to health and physical aspects of aging. May not be held with NURS 2610 and PHED 2610. (A required Option in Aging course)

Equiv To: KIN 2610, PHED 2610

NURS 3200 Nursing of Individuals and Families with Long-Term Illness and Disability 4 cr
Nursing of individuals and families of all age groups who require palliative nursing measures or need assistance in adapting to long-term illness. The learner will participate in planning relevant clinical experiences to meet own learning objectives.

NURS 3220 Community Health Nursing I 4 cr
An analysis of concepts of prevention of disease/dysfunction and promotion of health in community based populations. Focus is on primary and secondary prevention and the promotion of health with identified risk groups. Population groups are assessed for risks to their physical and psychosocial health and current preventive and promotive measures analyzed and critiqued. The impact of macro systems in promoting health are discussed. MNHW NURS 3360.

Equiv To: NURS 3360

NURS 3230 Perspectives on Mental Health Nursing 4 cr
Emphasis will be placed on the mental health needs of individuals and their families who are experiencing mental health problems and/or mental illness. Diverse perspectives on mental health and illness will be explored. A clinical practicum will provide an opportunity to apply mental health nursing principles in community settings.

NURS 3330 Women and Health 3 cr
Introduction to health concepts and issues as they relate to women from a woman's health perspective. Emphasis on enhancing self-care and prevention. Studies the relationship between a woman and the Canadian Health Care System, and appropriate methodology for self-care, vis-a-vis nutrition, reproduction, menarche, menopause, etc. Caution: This course is not intended for 1st year students.

NURS 3350 Counselling Skills for Nurses 3 cr
Builds on the significance of interpersonal skills in nursing practice in health and illness. Examines theoretical basis and practical application of a counselling approach with clients. Students will have the opportunity for experiential learning.

Equiv To: UCNN 3350

NURS 3390 Nursing in Rural Environments 4 cr
Emphasis will be placed on the health needs of residents in a rural environment. The nature of nursing and issues encountered in a rural setting, whether in a health care institution or a community health nursing practice are explored. A clinical practicum is an integral part of the course.

NURS 3400 Men's Health: Concerns, Issues and Myths 3 cr
An exploration and examination of concerns, issues and myths surrounding men's health and men's health related behaviours. Students will develop a knowledge base for promoting health and preventing illness in men.

NURS 3430 Seminar in Professional Nursing Foundations 2 cr
The study and application of academic skills, nursing informatics and theoretical foundations, designed to assist diploma-prepared registered nurses to successfully transition to university and the Baccalaureate Program for Registered Nurses. May not be held with NURS 3190.
NURS 3450 Introduction to Legal and Ethical Foundations of Nursing Practice 3 cr
The legal and ethical foundations that guide nursing practice are examined. The process of critical analysis and reasoning will be applied to common legal and ethical issues.
Equiv To: NURS 3560, RRCN 3450, UCNN 3450

NURS 3510 Client and Context 3: Supportive and Palliative Care 3 cr
This course provides students with the knowledge and critical thinking skills to provide supportive and palliative nursing care to individuals and families experiencing a variety of life-threatening illnesses including end of life. Registration is normally restricted to students in Year 3 of the program. May not be held with the former NURS 4250.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: HNSC 2170 and NURS 2542.
Equiv To: UCNN 3510
Mutually Exclusive: NURS 4250

NURS 3512 Health and Illness 4: Acute and Chronic Illness 5 cr
This course provides students with the knowledge and critical thinking skills necessary to provide nursing care to individuals and families experiencing acute and chronic illness. Registration is normally restricted to students in Year 3 of the program. May not be held with the former NURS 3290 or the former NURS 3310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: HNSC 1210 and NURS 2542.
Equiv To: UCNN 3512
Mutually Exclusive: NURS 3290, NURS 3310

NURS 3514 Health and Illness 5: Mental Health and Illness 3 cr
This course provides students with the knowledge and critical thinking skills necessary to provide nursing care to individuals and families experiencing acute and chronic mental illness and/or mental health problems. Registration is normally restricted to students in Year 3 of the program. May not be held with the former NURS 4260.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: NURS 3512, NURS 3510 and NURS 3540.
Equiv To: UCNN 3514
Mutually Exclusive: NURS 4260

NURS 3520 Professional Foundations 2: Health Education 2 cr
This course provides students with the knowledge and skills necessary to provide health information to clients across the lifespan in a variety of settings in both planned and spontaneous situations. Emphasis will be placed on client assessment and the appropriate use of existing health information resources. Registration is normally restricted to students in Year 3 of the program. May not be held with NURS 2230 or NURS 4200.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 2542.
Equiv To: NURS 4200, UCNN 3520, UCNN 4200
Mutually Exclusive: NURS 2230

NURS 3530 Nursing Skills 3 1 cr
This course introduces students to the basic health assessment and psychomotor skills necessary to provide intermediate-level nursing care in the practice setting. Registration is normally restricted to students in Year 3 of the program. This course is graded on a Pass/Fail basis. May not be held with the former NURS 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: NURS 2542.
Equiv To: UCNN 3530
Mutually Exclusive: NURS 3280

NURS 3532 Nursing Skills 4 1 cr
This course provides students with the opportunity to consolidate the health assessment and psychomotor skills necessary to attain proficiency in the provision of nursing care. Registration is normally restricted to students in Year 3 of the BN program. This course is graded on a pass/fail basis. May not be held with NURS 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 3540. Pre- or Co-requisite: NURS 3514.
Equiv To: UCNN 3532
Mutually Exclusive: NURS 2130, NURS 3280

NURS 3540 Nursing Practice 3 4 cr
This course enables students to demonstrate clinical competence by applying the theoretical knowledge, psychomotor skills and health assessment skills covered in Year 3 Term 1 courses in the practice setting. Registration is normally restricted to students in Year 3 of the program. This course is graded on a Pass/Fail basis. May not be held with the former NURS 3300, the former NURS 3310, or the former NURS 4270.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or Co-requisites: NURS 3512, NURS 3510, NURS 3520, and NURS 3530.
Equiv To: UCNN 3540
Mutually Exclusive: NURS 3300, NURS 3310, NURS 4270

NURS 3542 Nursing Practice 4 4 cr
This course enables students to demonstrate clinical competence by applying the theoretical knowledge and simulation skills covered in Year 3 Term 2 courses in the practice setting. Registration is normally restricted to students in Year 3 of the program. This course is graded on a Pass/Fail basis. May not be held with the former NURS 3300, the former NURS 3310, or the former NURS 4270.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or Co-requisites: NURS 3514, NURS 3550, NURS 3560 and NURS 3532.
Equiv To: UCNN 3542
Mutually Exclusive: NURS 3300, NURS 3310, NURS 4270

NURS 3550 Professional Foundations 3: Evidence Informed Practice in the Health Sciences 4 cr
This course provides students with the knowledge and skills to locate and critically appraise nursing and health care literature, and to make decisions about how research knowledge can be transferred into nursing and health care practice. Registration is normally restricted to students in Year 3 of the program. May not be held with the former NURS 3210.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 2542.
Equiv To: UCNN 3550
Mutually Exclusive: NURS 3210

NURS 3560 Professional Foundations 4: Law and Ethics in Nursing Practice 3 cr
This course provides the student with knowledge regarding the legal and ethical foundations that guide nursing practice. Registration is normally restricted to students in Year 3 of the program. May not be held with NURS 3450 or NURS 4220.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 2542.
Equiv To: NURS 3450, RRCN 3450, UCNN 3450, UCNN 3560
Mutually Exclusive: NURS 4220
NURS 4160  Community Health Nursing II  4 cr
Application, integration and synthesis of knowledge and skills in the utilization of the nursing process with families. Development of skills in the process of change with families. Orientation to the concept of prevention and health promotion as focal concepts in the practice of nursing with families in communities. May not be held with NURS 4300.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or co-requisite: NURS 3220.
Equiv To: NURS 4300

NURS 4170  Issues and Trends in Nursing and Health Care  3 cr
Study of the forces shaping nursing education, service and research and analysis of current issues in nursing and health care. The learner will develop awareness of professional nursing roles and responsibilities.
Mutually Exclusive: NURS 4310

NURS 4190  Leadership in Nursing Practice  3 cr
Focuses on selected theories of leadership and management. Effective interpersonal behaviour in health care organizations will be examined. The learner will explore own potential to effect change in the health care system.
Mutually Exclusive: NURS 4310

NURS 4210  Independent Study in Nursing  4 cr
The learner will have an opportunity to formulate a learning contract to explore, in depth, an area of nursing. This learning contract is to include a major emphasis on the theoretical basis of the selected topic.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: 35 credit hours of completed study in the program.

NURS 4290  Clinical Practicum  10 cr
This course enables students to integrate and critically apply concepts, theories and relevant research to an area of practice and a client group of their choice. Care will address all levels of health, reflect application of a focused body of theory, and consider concepts of leadership, research, ethics, family and community care. Course is evaluated on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: all courses in the program.
Mutually Exclusive: NURS 4580

NURS 4500  Health and Illness 6: Gender and Reproductive Health  3 cr
This course provides students with the knowledge and critical thinking skills to provide nursing care in response to the social construction of gender; gender-related health care needs; and the reproductive health needs of individuals and families. Registration is normally restricted to students in Year 4 of the program. May not be held with NURS 2240.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 3542.
Equiv To: UCNN 4500
Mutually Exclusive: NURS 2240

NURS 4510  Client and Context 4: Family Health  3 cr
This course provides students with the knowledge and critical thinking skills to support the health promotion of families across the lifespan. Registration is normally restricted to students in Year 4 of the program. May not be held with NURS 2240.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 3542.
Equiv To: UCNN 4510
Mutually Exclusive: NURS 2240

NURS 4520  Professional Foundations 5: Interprofessional and Collaborative Practice  3 cr
This course provides students with the knowledge, attitudes and skills necessary to collaborate with other care providers, including those from other health care disciplines, to problem solve and make decisions to enhance client care outcomes. For Bachelor of Nursing students. Registration is normally restricted to students in Year 4 of the program. For Baccalaureate Program for Registered Nurses students: permission of the College of Nursing Registrar. For students in the Faculties of Health Sciences; Social Work; Education; Kinesiology and Recreation Management; Arts, Department of Psychology; and Faculty of Agricultural and Food Sciences, Department of Human Nutritional Sciences: completion of at least Year 3 of their program and permission of the Nursing Registrar. Students from other faculties and programs interested in taking this course will be considered on a case-by-case basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 3542.
Equiv To: UCNN 4520

NURS 4530  Nursing Practice 5  4 cr
This course enables students to demonstrate clinical competence by applying the knowledge and skills covered in Years 2 and 3 and Term 1, Year 4 courses, in the clinical setting. Registration is normally restricted to students in Year 4 of the program. This course is graded on a pass/fail basis. May not be held with NURS 2180.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or Co-Requisites: NURS 4500, NURS 4510, NURS 4520.
Equiv To: UCNN 4530
Mutually Exclusive: NURS 2180

NURS 4540  Health and Illness 7: Community and Population Health  5 cr
This course provides students with the knowledge and critical thinking skills to work with groups and communities to support population based health promotion and disease prevention. Registration is normally restricted to students in Year 4 of the program. May not be held with the former NURS 4420 or the former NURS 4440.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 4530.
Equiv To: UCNN 4540
Mutually Exclusive: NURS 4420, NURS 4440

NURS 4550  Professional Foundations 6: Leadership and Change Management  4 cr
This course provides the student with knowledge regarding contemporary issues in nursing and health care, and the forces that shape contemporary and future nursing practice. Emphasis is placed on leadership development, change theory and critical inquiry. Registration is normally restricted to students in Year 4 of the program. May not be held with the former NURS 4310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: NURS 3542.
Equiv To: UCNN 4550
Mutually Exclusive: NURS 4310
NURS 4560 Professional Foundations 7: Preparation for Nursing Practice 7 1 cr
This course will enable students, in collaboration with the course leader, to assess their readiness for NURS 4580: Nursing Practice 7 and to remediate any knowledge or skill deficits identified during the assessment process. Students will also complete all requirements necessary for the selection and confirmation of the clinical setting in which they will complete NURS 4580: Nursing Practice 7. Registration is normally restricted to students in Year 4 of the program. This course is graded on a pass/fail basis.
PR/Cr: A minimum grade of C is required unless otherwise indicated.

Equiv To: UCNN 4560

NURS 4570 Nursing Practice 6 4 cr
This course enables students to demonstrate clinical competence by applying knowledge and skills covered in Years 2, 3 and 4 courses in the clinical setting. Registration is normally restricted to students in Year 4 of the program. This course is graded on a pass/fail basis. May not be held with the former NURS 4430.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisites: NURS 4530. Pre- or Co-requisites: NURS 4540 and NURS 4550. Co-requisite: NURS 4560.

Equiv To: UCNN 4570
Mutually Exclusive: NURS 4430

NURS 4580 Nursing Practice 7 9 cr
This course enables students to consolidate the knowledge, skills, and attitudes included in the Bachelor of Nursing program and achieve the CRNM entry-level competencies. May not be held with NURS 4290. Registration in this course is dependent on the completion of all other courses in the program. This course is graded on a pass/fail basis.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisites: an earned degree in occupational therapy, permission of Head of Department of Occupational Therapy.

Occupational Therapy (OT)

OT 4130 Re-Entry Fieldwork 8 cr
Self-directed period of fieldwork preparation followed by a seven-week fieldwork experience education under the supervision of a licensed occupational therapist. Course evaluated on a pass/fail basis.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisites: an earned degree in occupational therapy, permission of Head of Department of Occupational Therapy.

Operations Management (OPM)

OPM 3630 Simulation Models for Operations Management 3 cr
Seminar on the concept, techniques, and application of simulation for problem-solving and decision-making in operations management. Existing operational models will be studied and applied in computerized form.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Consent of instructor.

OPM 3640 Project Planning and Control 3 cr
Seminar on management of complex projects of various kinds with emphasis on planning and control by means of network methods. PERT and CPM methods computer applications.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of instructor.

OPM 3650 Management of Quality and Reliability 3 cr
This course offers a practical introduction to modern quality assurance and reliability management concepts, methods and practices. It builds upon the relevant subject matter in basic courses in production management and prepares for positions in the field of quality and reliability management.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SCM 2160 [or former OPM 2600 (D)] and STAT 1000.

OPM 3660 Operations Management in Service Organizations 3 cr
This course explores the applications of operations management concepts to the management of service operations. The characteristics of a service operation, while generally comparable to manufacturing a product, often place a unique demand upon the service manager. These demands, along with the analysis of actual company situations through case study applications, are emphasized.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SCM 2160 [or former OPM 2600 (D)] and STAT 1000.

OPM 3670 POM Project in Industry 3 cr
An applied course, designed to bridge the gap between theoretical concepts developed in previous POM courses and current industrial practices by means of an industrial project.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [SCM 2160 or former OPM 2600 (D)] and STAT 1000 or consent of instructor.

OPM 4620 Production Management Seminar 3 cr
Problems, development, and application of analytical methods in production and operations management with emphasis on planning and control.
PR/Cr: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MSCI 2150 (D) and SCM 2160 or OPM 2600 (D).

Oral Biology (ORLB)

ORLB 1302 Cell and Tissue Biology 4 cr
Structure, function and chemical composition of eucaryotic cells and oral bacteria will be studied. Taste signaling, diseases, and molecular interactions within and between cells and the immune system will be described in detail. May not be held with ORLB 1050.
Mutually Exclusive: ORLB 1050

ORLB 1310 Head, Neck and Nervous System, Part 1 4 cr
Gross anatomy of the head and neck are described and observed by regional dissection. Overviews of the nervous system and surface anatomy of the mouth are included. May not be held with ORLB 1060.
Mutually Exclusive: ORLB 1060

ORLB 1320 Head, Neck and Nervous System, Part 2 3 cr
An introduction to the structure and function of the central and peripheral nervous systems and associated structures, the neurophysiology and the stomatognathic system, pain and analgesics. May not be held with ORLB 1070.
Mutually Exclusive: ORLB 1070

ORLB 1330 Human Growth and Development 3 cr
Human development from the origin of the reproductive cells through fertilization, conception, embryonic/fetal development, birth, growth and aging. Particular emphasis is given to development and growth of structures of the head and neck. May not be held with ORLB 1080.
Mutually Exclusive: ORLB 1080
ORLB 1340 Oral Tissues, Structure and Function 3 cr
This course is designed to present the normal morphology, developmental biology, biochemical structure, metabolism and functions of the dentition and para oral tissues, cartilage, bone and exocrine glands of the head and neck. Structural functional aspects of oral anatomy, biochemistry/molecular biology and physiology will be included. May not be held with ORLB 1090.
Mutually Exclusive: ORLB 1090

ORLB 1500 BSC DENT 1 0 cr

ORLB 2300 Pathology and Microbiology 1 1 cr
Study of the basic mechanisms of microbial pathogenicity and general pathology as they relate to dentistry and dental treatment. Includes the pathogenesis of bacterial, viral and fungal infections and the aetiology of neoplastic, inflammatory and metabolic diseases. May not be held with ORLB 2100.
Mutually Exclusive: ORLB 2100

ORLB 2312 Structure and Function of Major Organ Systems 4 cr
This course emphasizes the basic structure at both organ and cellular levels of a number of organ systems and an understanding of their role in total body function. May not be held with ORLB 2070.
Mutually Exclusive: ORLB 2070

ORLB 2320 Cariology and Plaque Associated Diseases 3 cr
A study of the various dietary, host and microbial factors in the etiology of dental caries and periodontal disease, and a discussion of the various methods of plaque control. May not be held with the former ORLB 2090.
Mutually Exclusive: ORLB 2090

ORLB 2330 Nutrition in Dentistry 2 cr
An examination of the fundamentals of nutrition and the relationship between nutrition and health within the context of the health professions. The focus is on nutritional strategies used to promote health and in the treatment of common health conditions. The primarily on-line content is followed up with a combination of oral health specific patient/clinical exercises for Dentistry students. May not be held with ORLB 2150, HYGN 2370, HNSC 2170, or PHRM 2420.
Mutually Exclusive: HNSC 2170, HYGN 2370, ORLB 2150, PHRM 2420

ORLB 2500 BSC DENT 2 0 cr

ORLB 3300 Pathology and Microbiology 2 1 cr
A study of selected infectious diseases and the application of general diagnostic pathology in dental practice. May not be held with ORLB 3020.
Mutually Exclusive: ORLB 3020

Pharm. D (PHMD)

PHMD 1000 Introduction to Professional Practice 1 cr
This course provides an introduction to various aspects of professional practice with a focus on patient care and safety. The course will include discussion and activities that incorporate cultural diversity, determinants of health, health literacy and indigenous health. Registration is normally restricted to students in Year 1 of the program. Students will be graded on a pass/fail basis.

PHMD 1002 Applied Pharmacy Practice Lab 1 4 cr
(Lab required) This course is an introduction to community pharmacy practice with a focus on communication skills that are patient centered. The course provides opportunities to apply knowledge when completing patient assessments that will ensure positive patient outcomes. The process of prescription filling includes ensuring the legal requirements are met, minimizing errors, calculations and adverse drug reactions. Students will be introduced to drug information resources, adherence aids and physical assessment. May not be held with PHRM 1110 or the former PHRM 1100. Registration is normally restricted to students in Year 1 of the program.
Mutually Exclusive: PHRM 1100, PHRM 1110

PHMD 1004 Introduction to Pharmacotherapy Literature 1 cr
An introduction to the concepts of evidence-based medicine and applied medical/biostatistics in the evaluation of relevant pharmacotherapy literature. Registration is normally restricted to students in Year 1 of the program.

PHMD 1006 Pharmacy Informatics 1 cr
This course will introduce students to the use of information and communication technologies for delivering patient care and fostering collaboration between healthcare providers. Students will also be introduced to the professional, ethical, and legal implications of using such technologies for communicating health information. Registration is normally restricted to students in Year 1 of the program.

PHMD 1008 Medicinal Chemistry 4 cr
This course explores the physicochemical aspects of drug structure in absorption, distribution, metabolism, and excretion and the interaction between drugs and their receptors as they relate to the biochemical, pharmacological, and therapeutic actions of medicinal compounds. Students will learn the fundamental relationships between the structures of drugs and the resulting activity. May not be held with PHRM 2222 or the former PHRM 2220 or PHRM 3220. Registration is normally restricted to students in Year 1 of the program.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: CHEM 2370 or MBIO 2370.
Mutually Exclusive: PHRM 2220, PHRM 2222, PHRM 3220

PHMD 1010 Applied Pathophysiology 4 cr
A comprehensive foundation of the underlying patho-physiological mechanisms associated with various types of human disease. Course content will serve as an essential requirement to prepare students for subsequent advanced clinical courses related to diagnosis and medical management (pharmacological and non-pharmacological approaches) of the disease(s). May not be held with PHRM 1430. Registration is normally restricted to students in Year 1 of the program.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: BIOL 2420.
Mutually Exclusive: PHRM 1430, PHRM 1440

PHMD 1012 Extemporaneous Pharmaceutical Compounding 3 cr
(Lab required) In a classroom and laboratory setting, this course provides an introduction to the compounding of pharmaceutical products and the physiochemical basis of product formulation. Practical aspects of formulation and patient counselling regarding the products is also explored. May not be held with PHRM 1300. Registration is normally restricted to students in Year 1 of the program.
Mutually Exclusive: PHRM 1300, PHRM 1310
PHMD 1014 Clinical Therapeutics 1 3 cr
This course introduces principles of drug therapy for the management of both self-care conditions and ambulatory ailments, with an additional focus on health promotion. Within the conditions covered, identifying signs and symptoms to complete a differential diagnosis, development of treatment plans and follow-up monitoring will be emphasized. Treatment approaches discussed will include non-pharmacological options, non-prescription options and some prescription treatments. May not be held with PHRM 2320 or the former PHRM 2310. Registration is normally restricted to students in Year 1 of the program.
Mutually Exclusive: PHRM 2310, PHRM 2320

PHMD 1016 Pharmaceutics 3 cr
(Lab required) This course introduces principles of formulation and good pharmaceutical manufacturing practice, including aspects of product development and assessment, stability testing, and quality control. It also explores the application of dosage forms to clinical situations. May not be held with PHRM 2270. Registration is normally restricted to students in Year 1 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1012.
Mutually Exclusive: PHRM 2270

PHMD 1040 Service Learning / IPE 1 1 cr
The course is a service-learning experience that provides students an opportunity to work in community-based patient or client centered settings. The course will focus on developing communication skills, interprofessional collaboration with other healthcare students and patient advocacy while working with patients or clients from diverse backgrounds. The course also includes an opportunity for students to experience various pharmacy practice environments through a job shadowing experience under the supervision of practicing pharmacists and senior pharmacy students. Registration is normally restricted to students in Year 1 of the program. Students will be graded on a pass/fail basis.

PHMD 2000 Drug Delivery 3 cr
(Lab required) This course discusses the concepts and application of various drug delivery and drug administration routes to improve therapeutic outcomes. The course is a continuation of PHMD 1012 and PHMD 1016, and is directly associated to drug dosage forms and preparations. May not be held with PHRM 3320. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1016.
Mutually Exclusive: PHRM 3320

PHMD 2004 Critical Appraisal of Pharmacotherapy Literature 1 4 cr
This course develops skills in the critical appraisal of common research designs used in the pharmacotherapy literature with emphasis on the evaluation of research to inform practice. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1004.

PHMD 2006 Applied Biopharmaceutics and Pharmacokinetics 3 cr
This course introduces the principles of Biopharmaceutics and Pharmacokinetics to understand and predict how drugs are absorbed, distributed, metabolized and eliminated from the body. Students will apply these principles to the practical application of dosage calculations using various scenarios. May not be held with PHRM 2280. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1016.
Mutually Exclusive: PHRM 2280

PHMD 2008 Pharmacy Law 1 cr
In this course Federal and Provincial Legislation as well as the ethical and professional standards that govern the profession of pharmacy and how they apply to practice will be discussed. Successful completion of this course meets the Jurisprudence Examination requirement for licensure. Registration is normally restricted to students in Year 2 of the program.

PHMD 2010 Principles of Biotechnology 2 cr
Introduction to biotechnology in pharmaceutical science and pharmacy. Students will learn the concepts and technologies used in production of biologics and will understand pharmaceutical considerations of biotech products. May not be held with PHRM 3640. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: CHEM 2370 or M BIO 2370.
Mutually Exclusive: PHRM 3640

PHMD 2012 Pharmacogenetics 2 cr
This course examines the influence of genetic variation in the population on the pharmacodynamics and pharmacokinetics of drugs. A general introduction to pharmacogenetics will cover basic genetics necessary to understand the course material. Selected drugs will be examined in depth showing how genetic variation alters an individual’s pharmacodynamic and pharmacokinetic response. Based on the individual’s genetic variation, dose adjustments or alternative therapies will be recommended. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: CHEM 2370 or M BIO 2370.

PHMD 2016 Clinical Pharmacokinetics - Pharmacodynamics 3 cr
This course is designed to develop and integrate the advanced knowledge and skills required to apply pharmacokinetics-pharmacodynamics (PK-PD) to therapeutic drug management and patient care. Emphasis is on (1) demonstrating the value of PK/PD in selecting and monitoring drug therapies that maximize efficacy and minimize toxicity, and (2) appropriately using PK/PD formulæ and models that account for factors such as patient demographics, organ function, disease states and drug interactions. May not be held with PHRM 3550 or the former PHRM 3500. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2006.
Mutually Exclusive: PHRM 3500, PHRM 3550

PHMD 2020 Introductory Pharmacy Practice Experience - Community 4 cr
This four week introductory rotation provides pharmacy students with an opportunity to contribute to patient care in a community pharmacy setting. Pharmacy students will build upon the knowledge, skills and abilities they have developed during the first year and a half of the Pharm.D. program. Opportunity will be provided to help pharmacy students cultivate their patient care skills and begin to gain personal clinical experiences working with a variety of patients and other members of the healthcare team encountered in a community pharmacy. Students will begin to make health care decisions with the help and guidance of a pharmacist preceptor. Pharmaceutical care, pharmacy law and ethics, the operation of a community pharmacy, formal presentations, drug information, patient safety and interprofessional practice are key areas of this rotation. Registration is normally restricted to students in Year 2 of the program. Students will be graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2008, PHMD 2022 and PHMD 2026.
PHMD 2022 Applied Pharmacy Practice Lab 2-1 2 cr
This course develops essential skills required for the community pharmacy practice. Focus is on prescription triage and counselling, patient assessment and education, effective communication, care plan development and documentation, working with a health care team, use of home medical devices, immunization, lab ordering and interpretation. May not be held with PHRM 2100. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 1002 and PHMD 1014.
Mutually Exclusive: PHRM 2100

PHMD 2024 Applied Pharmacy Practice Lab 2-2 2 cr
This course develops essential skills required for institutional pharmacy practice. Focus is on hospital prescription triage, medication distribution, patient assessment and education, discharge counselling, effective communication, care plan development and documentation, and working within a health care team. May not be held with PHRM 2100. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2022 and PHMD 2026.
Mutually Exclusive: PHRM 2100

PHMD 2026 Clinical Therapeutics 2-1 4 cr
Aspects of providing direct patient care are covered to identify, solve and prevent actual or potential drug-related problems. Emphasis is placed on the evaluation, selection and monitoring of drug therapy as it applies to patient care. May not be held with PHRM 3310. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1014.
Mutually Exclusive: PHRM 3310

PHMD 2028 Clinical Therapeutics 2-2 4 cr
Aspects of providing direct patient care are covered to identify, solve and prevent actual or potential drug-related problems. Emphasis is placed on the evaluation, selection and monitoring of drug therapy as it applies to patient care. May not be held with PHRM 3310. Registration is normally restricted to students in Year 2 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2026.
Mutually Exclusive: PHRM 3310

PHMD 2030 Introductory Pharmacy Practice Experience - Hospital 4 cr
This four-week introductory rotation provides students with an opportunity to actively participate in patient care within a hospital pharmacy practice setting. Pharmacy students will build upon the knowledge, skills and abilities they have developed during the first two years of the Pharm.D. program. Opportunity will be provided to allow pharmacy students to continue to cultivate their patient care skills and gain personal clinical experiences working with a variety of patients and other members of the healthcare team within a hospital setting. Students will begin to make healthcare decisions with the help and guidance of a pharmacist preceptor. Area of focus include: the role of the hospital pharmacist as part of the healthcare team; understanding the patient chart; documentation of patient care; pharmaceutical care; ordering and interpreting lab values as required for the management of drug therapy; case presentations; drug information; patient/medication safety; and interprofessional practice. Registration is normally restricted to students in Year 2 of the program. Students will be graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2008, PHMD 2016, PHMD 2024 and PHMD 2028.

PHMD 2040 Service Learning / IPE 2 1 cr
This course is a continuation of PHMD 1040 and is an opportunity for students to further develop skills related to communication with a focus on patient advocacy and interprofessional collaboration. Registration is normally restricted to students in Year 2 of the program. Prerequisite: PHMD 1040. Students will be graded on a pass/fail basis.

PHMD 3002 Applied Pharmacy Practice Lab 3 4 cr
The course develops advanced skills required for pharmacy practice in all settings (i.e. community, hospital, and primary care). The focus is on interaction with patients and other healthcare professionals and the application of advanced knowledge, skills and values required for the provision of exemplary pharmaceutical care. May not be held with PHRM 3110 or the former PHRM 3100. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2024 and PHMD 2028.

PHMD 3004 Critical Appraisal of Pharmacotherapy Literature 2 cr
This course develops skills in the critical appraisal of research in the fields of pharmacoepidemiology and pharmacoeconomics with emphasis on how this research may inform decisions regarding medication safety, drug approval, and drug evaluation. May not be held with PHRM 3520 or the former PHRM 3510. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2004
Mutually Exclusive: PHRM 3510, PHRM 3520

PHMD 3006 Advanced Clinical Therapeutics 6 cr
A problem-based clinical therapeutics course that builds on PHMD 1014, PHMD 2026 and PHMD 2028. The emphasis is on the provision of pharmaceutical care to enhance students’ ability to identify, resolve and prevent drug-related problems in advanced clinical scenarios. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2028.

PHMD 3008 Concepts of Integrative Medicine 2 cr
Introduction to the integrative medicine paradigm of health care. Systems of complementary and alternative medicine as well as utilization of natural health products are emphasized. May not be held with PHRM 3430. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2028.

PHMD 3010 Pharmacy Management 4 cr
The course introduces basic business management concepts with a focus on pharmacy practice. The course will provide an introduction to strategic planning, marketing principles, human resource management and operational and financial management of different pharmacy practice areas. May not be held with PHRM 4230. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2020 and PHMD 2030
Mutually Exclusive: PHRM 4230
PHMD 3012 Applied Professional Practice 3 cr
This course offers the opportunity to explore professionalism, ethics and contemporary issues of the health care system. May not be held with PHRM 3230 or the former PHRM 3210. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 1000
Mutually Exclusive: PHR 3210, PHRM 3230

PHMD 3014 Clinical Therapeutics 3 8 cr
A case-based therapeutics course that builds on PHMD 2028. The course will integrate knowledge from previous pharmacy courses with newly acquired therapeutic knowledge, incorporating critical evaluation skills and clinical judgment into clinical case topic discussions in order to enhance students' ability to identify resolve and prevent drug-related problems for individual patients. Not to be held with PHRM 4310. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 2028.

PHMD 3016 Toxicology of Medications and Drugs of Abuse 2 cr
Toxicology of prescription and non-prescription medications and drugs of abuse. The emphasis is on the study of emergency treatments of the overdosed patient. Forensic aspects of common poisonings and drug overdoses are also discussed. May not be held with PHRM 4450. Registration is normally restricted to students in Year 3 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2016 and PHMD 2028.

PHMD 4000 Pharmacy Research Project 6 cr
This course is designed to give students experience in scientific research. Each student will select an advisor from the Rady Faculty of Health Sciences and define a pharmacy or pharmacy practice based problem to research. Students are then required to complete their research and present their findings to an Advisory Committee in both oral and written format. Registration is normally restricted to students in Year 4 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHMD 3004. Students will be graded on a pass/fail basis.

PHMD 4020 Advanced Pharmacy Practice Experience- Community 8 cr
This eight week rotation focuses on the provision of patient focused pharmacy care in a community pharmacy practice setting. Pharmacy students will complete rotations at community pharmacy practice sites offering an expanded scope of pharmacy practice. Pharmacy students will build upon the knowledge, skills and abilities they have developed during the first three years of the PharmD curriculum to further refine their clinical skills in preparation to enter independent practice. As Pharmacy Interns students will serve as an active member of the healthcare team and provide safe and effective, patient focused and evidence-informed care to a variety of patients presenting with chronic and acute conditions. Registration is normally restricted to students in Year 4 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2020 and PHMD 3006 and PHMD 3014. Students will be graded on a pass/fail basis.

PHMD 4030 Advanced Pharmacy Practice Experience- Hospital 8 cr
This eight week clinical rotation focuses on the provision of patient focused pharmacy care in a collaborative healthcare practice setting e.g. hospital, long-term care, and ambulatory. Pharmacy students will apply the knowledge, skills and abilities they have developed during the previous three years of the PharmD program to further refine their clinical skills in preparation to enter independent practice. Students will serve as an active member of the healthcare team incorporating professional, legal and ethical principles; identifying and resolving drug therapy problems; providing drug information and patient education. As Pharmacy Interns students will gain clinical experience providing safe and effective, patient focused and evidence-informed care to a variety of patients (under the indirect supervision of a pharmacist preceptor) with acute and chronic conditions and across all levels of care offered within the institution as well as for patients in the transitions between levels of care. Registration is normally restricted to students in Year 4 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2030 and PHMD 3006 and PHMD 3014. Students will be graded on a pass/fail basis.

PHMD 4040 Advanced Pharmacy Practice Experience-Primary Care 8 cr
This eight week clinical rotation focuses on the provision of patient focused pharmacy care in a primary care site. Pharmacy students will apply the knowledge, skills and abilities they have developed during the previous three years of the PharmD program to further refine their clinical skills in preparation to enter independent practice. Students will serve as an active member of the interprofessional healthcare team incorporating professional, legal and ethical principles; identifying and resolving drug therapy problems; providing drug information and patient education. As Pharmacy Interns students will gain clinical experience providing safe and effective, patient focused and evidence-informed care to a variety of patients collaboratively with the interprofessional team under the indirect supervision of a pharmacist preceptor. Registration is normally restricted to students in Year 4 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 2020 and PHMD 3006 and PHMD 3014. Students will be graded on a pass/fail basis.

PHMD 4060 Advanced Pharmacy Practice Experience- Elective 8 cr
Project-based course offering students opportunities for experiential learning in specialty areas of professional practice, in advocacy activities, and in health-related community service. Students have the option of applying to conduct projects at sites pre-approved by the College or to propose alternative avenues for self-directed learning. All project proposals need to obtain final approval from the College of Pharmacy, which facilitates students' placement. Assessment will be based on written reports submitted by individual students and evaluations by preceptors. Registration is normally restricted to students in Year 4 of the program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHMD 3006 and PHMD 3014. Students will be graded on a pass/fail basis.

Pharmacology (PHAC)

PHAC 2100 Pharmacology 6 cr
General principles of pharmacology including consideration of the pharmacodynamics of important drugs and control and modification of drug action.
PHAC 3000  Foundations of Pharmacology  3 cr
Students will be taught a comprehensive range of basic pharmacology principles that prepare a strong foundation for future studies in pharmacology, toxicology and health sciences. Topics of emphasis include drug classification, nomenclature, administration, absorption, distribution, elimination, toxicity and addiction. There will also be a strong focus on the nature of drug interactions with molecular targets, and the cell signaling events that follow to produce therapeutic and toxic effects. 
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHGY 1030 or (BIOL 2410 and B1OL 2420) or permission of course director.

PHAC 4030  Drugs in Human Disease I  3 cr
This course will teach foundational pathophysiological concepts underlying human disease and integrate them with the therapeutic and adverse effects of important drug groups. Emphasis will be placed on disorders of the autonomic and central nervous systems, and the cardiovascular system.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHGY 1030 or (BIOL 2410 and BIOL 2420) or permission of course director. PHAC 3000 is also recommended.

PHAC 4040  Drugs in Human Disease II  3 cr
This course will teach foundational pathophysiological concepts underlying human disease and integrate them with the therapeutic and adverse effects of important drug groups. Emphasis will be placed on endocrine and organ system disorders, allergy and inflammation, infection, and cancer. The course also offers an introduction to basic clinical pharmacology as well as several current specialized topics in pharmacology.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHGY 1030 or (BIOL 2410 and BIOL 2420) or permission of course director. PHAC 3000 is also recommended.

Pharmacy (PHRM)

PHRM 1000  Introduction to Pharmacy  1 cr
This course provides an orientation to Pharmacy and to the application of medicines within the context of today's dynamic medical care system. It has been designed to highlight professionalism early in the Pharmacy curriculum and will provide the opportunity for students to interact with Pharmacy professionals "at the cutting edge" of pharmacy practice.

PHRM 1110  Pharmacy Skills Laboratory  3 cr
This is a multifaceted course using an integrated skills laboratory format to develop essential skills that students require for pharmacy practice. These skills primarily involve communication, problem solving and critical thinking that form the foundation for life-long learning. Exploring ethical principles and professionalism are also essential components of this course.
Mutually Exclusive: PHMD 1002

PHRM 1300  Fundamentals of Pharmaceutics  2 cr
In a classroom and laboratory setting, this course provides an introduction to the compounding of pharmaceutical products and the physiochemical basis of product formulation. Practical aspects of formulation and an introduction to the dispensing function are also explored.
Mutually Exclusive: PHMD 1012, PHRM 1310

PHRM 1310  Fundamentals of Pharmaceutics  3 cr
(Lab required) In a classroom and laboratory setting, this course provides an introduction to the compounding of pharmaceutical products and the physiochemical basis of product formulation. Practical aspects of formulation and patient counselling regarding the products is also explored. May not be held with PHRM 1300. Registration is normally restricted to students in Year 1 of the program. 
Mutually Exclusive: PHMD 1012, PHRM 1300

PHRM 1430  Applied Pathophysiology for Pharmacy Students  3 cr
A comprehensive theoretical foundation of the phenomena that produce alterations in human physiology function across the lifespan. Course content will prepare the student for subsequent courses related to diagnosis and management of disease processes associated with pathophysiological dysfunction/alterations. 
Mutually Exclusive: PHMD 1010, PHRM 1430

PHRM 1440  Applied Pathophysiology  4 cr
A comprehensive foundation of the underlying patho-physiological mechanisms associated with various types of human disease. Course content will serve as an essential pre-requisite required to prepare students for subsequent advanced clinical courses related to diagnosis and medical management (pharmacological and non-pharmacological approaches) of the disease(s). May not be held with PHRM 1430. Registration is normally restricted to students in Year 1 of the program. 
Mutually Exclusive: PHMD 1010, PHRM 1430

PHRM 1700  Structured Practical Experiential Program 1  1 cr
This course is a service-learning experience, providing students the opportunity to work in community-based patient/client-centred settings. This course also includes two half day job shadowing experiential rotations in a variety of pharmacy practice settings (e.g. community pharmacy practice, institutional pharmacy practice) under the supervision of pharmacist preceptors consistent with the Manitoba Pharmacy Act. It serves to familiarize students with the health care setting and the pharmacist’s role. Students will be graded on a pass/fail basis.

PHRM 2100  Pharmacy Skills Lab 2  3 cr
This course develops essential skills required for pharmacy practice. Focus is on drug distribution, pharmacy law, communication with “standardized patients” and drug information.
Mutually Exclusive: PHMD 2002, PHMD 2022, PHMD 2024

PHRM 2222  Medicinal Chemistry  6 cr
This course explores the physicochemical aspects of drug structure in absorption, distribution, metabolism, and excretion and the interaction between drugs and their receptors as they relate to the biochemical, pharmacological, and therapeutic actions of medicinal compounds. Not to be held with the former PHRM 220 or PHRM 3220.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: CHEM 2210, CHEM 2360, CHEM 2370.
Mutually Exclusive: PHMD 1008, PHRM 2220, PHRM 3220

PHRM 2270  Pharmaceutics/Biopharmaceutics  6 cr
This course introduces principles of formulation and good pharmaceutical manufacturing practice, including aspects of product development and assessment, stability testing, and quality control. It also explores the application of dosage forms to clinical situations. 
Mutually Exclusive: PHMD 1016

| This course introduces principles of pharmacokinetics to predict how drugs will be absorbed, distributed, metabolized and excreted from the body. Practical application of concepts and calculations will be emphasized.  
**Mutually Exclusive:** PHMD 2006 |
| PHRM 2320 | Clinical Pharmacy 1 | 5 cr |
| This course introduces principles of drug therapy to manage self-care conditions and ambulatory ailments. There is also a component of health promotion with a focus on clinically relevant nutrition topics for pharmacists. Non-prescription and prescription treatment approaches will be covered within the course. May not be held with the former PHRM 2310.  
**Mutually Exclusive:** PHM 1014, PHRM 2310 |
| PHRM 2700 | Structured Practical Experiential Program 2 | 2 cr |
| This course offers experiential learning in a variety of pharmacy practice settings (e.g. community pharmacy practice, institutional pharmacy practice). It consists of 2 one week rotations at the end of the second year of the program. This course builds on skills learned in SPEP 1 and focuses on the practice of drug preparation and distribution, non-prescription medication counseling, and jurisprudent under the supervision of pharmacist preceptors consistent with the Manitoba Pharmacy Act. Students will be graded on a pass/fail basis.  
**Mutually Exclusive:** PHRM 3100 |
| PHRM 3110 | Pharmacy Skills Laboratory III | 3 cr |
| This course develops essential skills required for pharmacy practice. The focus is on interaction with patients and other health care professionals and the application of essential knowledge, skills and values required for the provision of pharmaceutical care. May not be held with PHRM 3100.  
**Mutually Exclusive:** PHRM 3100 |
| PHRM 3230 | Principles of Professional Practice | 2 cr |
| This course offers the opportunity to explore professionalism, ethics and socio-economic aspects of the health care system. May not be held with PHRM 3210.  
**Mutually Exclusive:** PHMD 3012, PHRM 3210 |
| PHRM 3310 | Clinical Pharmacy 2 | 10 cr |
| This course builds on principles of drug therapy introduced in Clinical Pharmacy 1. Aspects of providing direct patient care are emphasized to identify, solve and prevent actual or potential drug-related problems. The course also expands knowledge of “Over the Counter (OTC)” medications as therapeutic alternatives and introduces home diagnostic testing  
**Mutually Exclusive:** PHMD 2014, PHMD 2026, PHMD 2028 |
| PHRM 3320 | Pharmaceutical Analysis Lab | 3 cr |
| This course offers the opportunity to prepare pharmaceutical dosage forms and perform analytical testing on the products. Qualitative and quantitative instrumental assay techniques are introduced.  
**Mutually Exclusive:** PHMD 2000 |
| PHRM 3430 | Natural Products | 3 cr |
| Medicinal products of natural origin; introduction to systems of complementary medicine. Therapeutic aspects and products are emphasized  
**PHRM 3520 Principles of Scientific Literature Evaluation** | 4 cr |
| Primary literature is critically analyzed. Discussion of how study results impact on treatment strategies are emphasized. May not be held with PHRM 3510.  
**Mutually Exclusive:** PHM 3004, PHRM 3510 |
| PHRM 3550 | Clinical Pharmacokinetics | 3 cr |
| This course explores the practical application of pharmacokinetic concepts, calculations, and patient factors which effect pharmacokinetics in the clinical setting. Emphasis is on selected medications that require closer monitoring to ensure efficacy and patient safety. May not be held with PHRM 3500 or 046.350.  
**Mutually Exclusive:** PHMD 2016, PHRM 3500 |
| PHRM 3640 | Principles of Biotechnology | 3 cr |
| Introduction of biotechnology in pharmaceutical science and pharmacy. Students will be introduced to concepts from molecular biology, immunology, biotechnology and pharmacogenomics.  
**Mutually Exclusive:** PHMD 2010 |
| PHRM 3700 | Structural Practical Experiential Program 3 | 4 cr |
| This course offers experiential learning in a variety of pharmacy practice settings (e.g. community pharmacy practice, institutional pharmacy practice). It consists of 2 two week rotations at the end of the third year of the program. This course builds on skills learned in SPEP 1 and SPEP 2 and focuses on the introduction of applying pharmaceutical care to patients under the supervision of pharmacist preceptors consistent with the Manitoba Pharmacy Act. Students will be graded on a pass/fail basis.  
**Mutually Exclusive:** PHMD 3010 |
| PHRM 4230 | Pharmacy Practice Management | 4 cr |
| An introduction to administrative and behavioural sciences as they relate to planning, organization and operation of pharmacy practice and to the control of human and financial resources.  
**Mutually Exclusive:** PHMD 3010 |
| PHRM 4310 | Clinical Pharmacy 3 | 4 cr |
| A problem-based therapeutics course that builds on PHRM 3310. The emphasis is on the provision of pharmaceutical care to enhance students’ ability to identify, resolve and prevent drug-related problems in given clinical scenarios.  
**PHRM 4450 Toxicology** | 3 cr |
| Toxicology of prescription and non-prescription medications and drugs of abuse. The emphasis is on the study of emergency treatments of the overdosed patient. Forensic aspects of common poisonings and drug overdoses are also discussed  
**PHRM 4470 Current Topics** | 3 cr |
| A discussion of topics of immediate interest to the profession. Subject to satisfactory completion of required projects and presentations. Attendance of 80% is mandatory. Students will be graded pass/fail.  
**PHRM 4700 Structural Practical Experiential Program 4** | 10 cr |
| This course offers experiential learning in a variety of pharmacy practice settings (e.g. community pharmacy practice, institutional pharmacy practice). It consists of 2 six week rotations. This course builds on skills learned in SPEP 1, SPEP 2 and SPEP 3 and focuses on practising advanced pharmaceutical care and further developing therapeutic and disease knowledge under the supervision of pharmacist preceptors consistent with the Manitoba Pharmacy Act. Students will be graded on a pass/fail basis.  
**PHRM ELECTIVES** | 10 cr |
| This program offers students the opportunity to explore areas in research and professional practice that are not part of the required undergraduate courses. Students have the option of applying to conduct projects at sites pre-approved by the College or to propose alternative avenues for self-directed learning. All project proposals need to obtain final approval from the College of Pharmacy which facilitates students’ placement. Assessment will be based on written reports submitted by individual students to the College of Pharmacy. Students will be graded on a pass/fail basis. |
Philosophy (PHIL)

PHIL 1200 Introduction to Philosophy 6 cr
An introduction to five main areas of philosophy. Topics are logical thinking; the criteria and limits of human knowledge; and three of: God, right and wrong, free will and the nature of consciousness, scientific inquiry, and social justice. Students may not hold credit for PHIL 1200 and any of: PHIL 1511 or the former PHIL 1510 or the former PHIL 1261.
Equiv To: PHIL 1261, PHIL 1510, PHIL 1511
Attributes: Humanities, Recommended Intro Courses

PHIL 1290 Critical Thinking 3 cr
A course which helps students to think clearly and critically, and to present, defend, and evaluate arguments. The instructor will discuss good and bad reasoning, everyday fallacies, some specific argument forms such as the categorical syllogism, and ways and means of defining words. Students may not hold credit for PHIL 1290 and any of: PHIL 1291 or the former PHIL 1320 or PHIL 1321.
Equiv To: PHIL 1291
Mutually Exclusive: PHIL 1320, PHIL 1321
Attributes: Humanities, Recommended Intro Courses

PHIL 1300 Introduction to Logic 3 cr
A course which helps students to think clearly and critically, and to present, defend and evaluate arguments. The course deals with categorical logic, non-formal fallacies, definition, modern symbolic logic and scientific method. Students may not hold credit for PHIL 1300 and the former PHIL 1320 or PHIL 1321.
Mutually Exclusive: PHIL 1320, PHIL 1321, PHIL 1330
Attributes: Humanities, Recommended Intro Courses

PHIL 1420 Philosophy as a Way of Life 3 cr
This course explores various texts and traditions that offer visions of the good life and focuses on connecting philosophical arguments with contemporary issues and day-to-day decision making. The goal is to think deeply and rigorously about foundational questions like how should we live, does life have a meaning, what justifies our beliefs, what obligations do we have to each other, and how to make rational decisions.
Attributes: Humanities, Recommended Intro Courses

PHIL 2140 Theory of Knowledge 3 cr
This course challenges and investigates our view of knowledge and rationality. Problems dealt with normally include: the nature of knowledge, sense experience, truth and necessary truth, the analytic-synthetic distinction, memory, induction, etc. Students may not hold credit for both PHIL 2140 and the former PHIL 2760.
Mutually Exclusive: PHIL 2760
Attributes: Humanities

PHIL 2150 Mind and Body 3 cr
An introduction to theories of the mind and body, including dualism, identity theory and functionalism. The course deals with topics such as consciousness, thought, and desire.
Attributes: Humanities

PHIL 2160 Fundamentals of the Philosophy of Language 3 cr
An introduction to theories of language, including those of Gottlob Frege and Bertrand Russell. The course deals with a variety of linguistic phenomena pertaining to names, definite descriptions, demonstratives, identity sentences, and belief reports.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: six credit hours of 1000-level philosophy or [successful completion of 30 hours of university credit].
Attributes: Humanities

PHIL 2170 Special Topics 3 cr
Topics and content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Humanities

PHIL 2190 Philosophy and Sexuality 3 cr
This course examines various moral and legal issues related to sexuality. Topics may include: casual sex, monogamy, love, and commitment, the definition of marriage; the meaning of gender; the nature of consent; the moral and legal status of prostitution and pornography; the scope of sexual privacy and other moral challenges presented by new technology. Students may not hold credit for both PHIL 2190 and PHIL 2170 when titled "Sexuality".
Attributes: Humanities

PHIL 2200 Intermediate Logic 3 cr
A systematic investigation of the theory and techniques of modern symbolic logic, with an examination of contributions made by contemporary philosophers in dealing with philosophical problems closely connected with logic. Students may not hold credit for both PHIL 2200 and the former PHIL 2430.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHIL 1300 of the former PHIL 1320 or PHIL 1321 or written consent of instructor.
Mutually Exclusive: PHIL 2430
Attributes: Humanities

PHIL 2290 Ethics and Society 6 cr
An examination of some contemporary ethical theories and their application to a number of practical issues. Issues to be discussed may include: reverse discrimination, freedom of expression, paternalism, and theories of punishment. Students may not hold credit for PHIL 2290 and any of the former PHIL 2531 or PHIL 2740 or PHIL 2741 or PHIL 2750 or PHIL 2751.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of 30 hours of university credit.
Equiv To: PHIL 2531
Mutually Exclusive: PHIL 2740, PHIL 2741, PHIL 2750, PHIL 2751
Attributes: Humanities

PHIL 2300 Political Philosophy 6 cr
An analysis and evaluation of the main ideals - justice, freedom, happiness, equality, and self-realization - of the great political philosophers (e.g., Plato, Hobbes, Locke, Mill, and Marx) and of their theories of human nature and their blueprints for society. Students may not hold credit for both PHIL 2300 and PHIL 2301.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of 30 hours of university credit.
Equiv To: PHIL 2301
Attributes: Humanities

PHIL 2580 Metaphysics 3 cr
A study of some fundamental problems relating to the nature of reality, e.g., mind and body, cause and effect, human freedom, and the problem of universals. Students may not hold credit for both PHIL 2580 and the former PHIL 2450.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: six credit hours of Philosophy at the 1000 level.
Mutually Exclusive: PHIL 2450
Attributes: Humanities
PHIL 2612 A Philosophical History of Science 3 cr
A philosophical study of the evolution of science and scientific methodology from the ancient Greeks to the present. A background in science is not required. Students may not hold credit for both PHIL 2612 and the former PHIL 2610.
Mutually Exclusive: PHIL 2610
Attributes: Humanities, Written English Requirement

PHIL 2614 Philosophy of Science 3 cr
A critical study of the nature of scientific knowledge. A background in science is not required. Students may not hold credit for both PHIL 2614 and the former PHIL 2610.
Mutually Exclusive: PHIL 2610
Attributes: Humanities, Written English Requirement

PHIL 2630 Continental Rationalism 3 cr
A study of the great Continental philosophers, Descartes, Spinoza, and Leibniz, who viewed reason, rather than experience, as the key to knowledge of the universe. Students may not hold credit for both PHIL 2630 and PHIL 2631.
Equiv To: PHIL 2631
Attributes: Humanities

PHIL 2640 British Empiricism 3 cr
The course surveys and analyzes the theories of the great British empiricists, Locke, Berkeley, and Hume, on the nature and foundations of human knowledge and its relation to experience. Students may not hold credit for both PHIL 2640 and PHIL 2641.
Equiv To: PHIL 2641
Attributes: Humanities

PHIL 2650 Plato 3 cr
An examination of Plato's views on knowledge, reality, human nature, politics, and morals through a study of his most significant dialogues. Students may not hold credit for both PHIL 2650 and the former PHIL 2651.
Equiv To: PHIL 2651
Attributes: Humanities

PHIL 2660 Aristotle 3 cr
A study of Aristotle's most important views on reality, knowledge, human nature, morals, and politics. Students may not hold credit for both PHIL 2660 and PHIL 2661.
Equiv To: PHIL 2661
Attributes: Humanities

PHIL 2710 Twentieth-Century European Philosophy: Existentialism 3 cr
This course will be devoted to a study of existentialist themes as they appear in the philosophical writings of some of the following: Kierkegaard, Nietzsche, Camus, Sartre, de Beauvoir, Buber, Hadot, Foucault, R.D. Laing, and others. Students may not hold credit for PHIL 2710 and any of: the former PHIL 2820 or the former PHIL 2821.
Mutually Exclusive: PHIL 2820, PHIL 2821
Attributes: Humanities

PHIL 2730 Fundamentals of the Philosophy of Religion 3 cr
A critical study of some fundamental problems in the philosophy of religion, such as the existence and nature of God, the justification of religious beliefs, the status of mystical and other religious experiences, and the significance of religious discourse. Students may not hold credit for PHIL 2730 and any of: PHIL 2701 or the former PHIL 2700.
Mutually Exclusive: PHIL 2700, PHIL 2701
Attributes: Humanities

PHIL 2740 Ethics and Biomedicine 3 cr
An examination of some contemporary ethical theories and their application to a few important ethical issues in contemporary medicine and biology. Examples of topics to be covered include: euthanasia and medically assisted suicide, human reproductive cloning, and human enhancement. Students may not hold credit for PHIL 2740 and any of: PHIL 2741 or PHIL 2290 or PHIL 2531.
Equiv To: PHIL 2741
Mutually Exclusive: PHIL 2290, PHIL 2531
Attributes: Humanities

PHIL 2750 Ethics and the Environment 3 cr
An examination of some important ethical issues connected with environmental pollution and resource depletion. Examples to be covered include: the ideal of liberty and environmental limits; scarcity and the ideal of justice; growth vs. steady-state economics; animal rights, and survival ethics vs. welfare ethics. Students may not hold credit for PHIL 2750 and any of: PHIL 2751 or PHIL 2290 or the former PHIL 2531.
Equiv To: PHIL 2751
Mutually Exclusive: PHIL 2290, PHIL 2531
Attributes: Humanities

PHIL 2770 Philosophy of Art 6 cr
An introductory analysis of some contemporary aesthetic theories and an examination of such problems as the relation between art and morality, meaning and expression in art, the nature and functioning of criticism, and the justification of standards of aesthetic evaluation.
Attributes: Humanities

PHIL 2790 Moral Philosophy 6 cr
An introduction to moral philosophy and influential moral philosophers of the past and present. The main emphasis will be on the nature and justification of moral judgement. Philosophers such as Sidgwick, Kant, Rawls, Scanlon, and Ross will be discussed.
Attributes: Humanities, Written English Requirement

PHIL 2800 Contemporary Political Philosophy 3 cr
An examination of recent theories about whether there should be political authority, who should wield it, what is its proper scope and what are the duties and rights of citizens. The course will deal with representatives of such positions as anarchism, communism, conservatism, liberalism. Students may not hold credit for both PHIL 2800 and the former PHIL 3710.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of 30 hours of university credit.
Mutually Exclusive: PHIL 3710
Attributes: Humanities

PHIL 2830 Business Ethics 3 cr
The course will explore the application of ethical theory to business. Topics to be discussed will normally include: theories of justice, corporate responsibility, the ethics of advertising, consumer and environmental protection, and preferential hiring. Students may not hold credit for both PHIL 2830 and PHIL 2831.
Attributes: Humanities

PHIL 2840 The Ethics of War and Peace 3 cr
A study of the ethical issues connected with war and the securing of peace, as articulated in the writings of major philosophers and selected political and military thinkers. Relevant moral theories, such as nonviolence, holy war, the just war, the ethical reasoning underlying policies of deterrence, will be critically examined in historical and contemporary context. Students may not hold credit for both PHIL 2840 and PHIL 2841.
Attributes: Humanities
PHIL 2860 Philosophy of Law 3 cr
An introduction to the philosophy of law and to rule systems generally. Sample topics include the concept of law (law and religion; natural law; and the "laws of the books"); the connection, if any, between law and morality; and the politics of law in Canada and elsewhere. Students may not hold credit for both PHIL 2860 and PHIL 2861.
Attributes: Humanities

PHIL 2870 Philosophy and Law 3 cr
An inquiry into the philosophy of law, on issues not covered in PHIL 2860. Students will examine such topics as: guilt and responsibility; theories of punishment; the right to dissent; legal reasoning; and, "professional ethics." Students may not hold credit for both PHIL 2870 and PHIL 2871.
Equiv To: PHIL 2871
Attributes: Humanities

PHIL 3220 Feminist Philosophy 3 cr
An examination of philosophical issues of special interest to students of feminism and women's issues. Topics typically include: feminist epistemology, metaphysical implications of feminism, and feminist ethics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours in Philosophy] or written consent of department head.
Attributes: Humanities, Written English Requirement

PHIL 3290 Self-Transformation in Religion and Philosophy 3 cr
This course examines contemporary expressions of spiritual exercises by tracing their traditions across an array of western religious and philosophical schools. The course explores themes of death, asceticism, aestheticism, everydayness and community. In particular, it explores how dialogue, reading, and writing have constituted tools for the cultivation of mental, physical and emotional states leading to self-transformation. Also offered as RLGN 3290. May not be held with RLGN 3290.
Equiv To: RLGN 3290
Attributes: Humanities

PHIL 3430 Problems in Legal Philosophy 3 cr
A treatment of some problems arising in the philosophy of law including responsibility and the doctrine of mens rea, theories of punishment, law and morality, and the concept of law.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 3440 Problems in Social and Political Philosophy 3 cr
A treatment of selected problems arising in social and political philosophy, e.g., the philosophy of the state, distributive justice, and the ethics of revolution.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 3580 Kant 3 cr
A study of the 18th-century German thinker, Immanuel Kant, focusing on the revolutionary theories about reality and human knowledge contained in his major metaphysical work, The Critique of Pure Reason.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PHIL 2630 or PHIL 2631 or PHIL 2640 or PHIL 2641] or written consent of department head.
Attributes: Humanities

PHIL 3630 Contemporary Epistemology 3 cr
A critical examination of contemporary issues in the theory of knowledge including recent empiricist attempts to resolve the problem of justifying belief. Typical topics include foundations of knowledge, the concept of "truth", radical scepticism, the new riddle of induction, normative epistemology, the psychology and sociology of knowledge. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PHIL 2140 or the former PHIL 2760] or written consent of department head.
Attributes: Humanities

PHIL 3760 Topics in Moral Theory 3 cr
An intensive study of specially selected topics in contemporary moral theory. Students will examine such topics as: guilt and responsibility; theories of punishment; the right to dissent; legal reasoning; and, "professional ethics." Students may not hold credit for both PHIL 3760 and PHIL 2871.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PHIL 2580] or written permission of department head.
Attributes: Humanities

PHIL 3780 Research Topics in Philosophy 3 cr
The course covers philosophical research on specialized topics. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 4460 Contemporary Issues 3 cr
An intensive study of specially selected topics in contemporary philosophy. The subject matter of the course will vary from year to year. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 4490 Philosophy of Mind 3 cr
A seminar concentrating on the analysis of consciousness. Topics include: mind and brain, the explanation of human behaviour, and whether or not machines and animals can think.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 4510 Philosophy of Language 3 cr
An examination of problems such as the nature of meaning, grammar, semantics, reference, truth, and methodology in the study of language.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities
PHIL 4520 Historical Topics 3 cr
Selected topics in the history of philosophy. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHIL 4530 Symbolic Logic 3 cr
Selected topics in mathematical logic, including propositional and quantificational logic, number theory, and the major metatheoretical results. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

PHED 2442 Health Education 3 cr
By integrating theory with practice, this course explores conceptions of health and education. Current health models and motivational theories will guide strategies for understanding health education. The course introduces students to conceptions of “active health” that challenge and support models of wellness and wellbeing. May not be held with the former PHED 3440.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 1200 (or the former PERS 1200 or the former PHED 1200).
Mutually Exclusive: PHED 3440

PHED 2710 Human Movement Principles 3 cr
An introduction to the principles of inclusive physical education through the integration of theory, practice and guided reflection pertaining to the development of fundamental movement skills and strategies applied to educational games, gymnastics, and dance. May not hold for credit with PHED 1420. Requires an active Recreation Services membership.
Mutually Exclusive: PHED 1420

PHED 2742 Group Fitness and Leadership 3 cr
(ELC) This course integrates theory and practice necessary to design and lead safe and effective group fitness programs (e.g., interval, circuit, conditioning, choreography). Emphasis is placed on the Manitoba Curriculum Student Learning Outcomes in “Fitness Management”, and prepares students for Group Fitness Leader Certification. This course includes a field trip component. Requires an active Recreation Services membership. May not be held with the former PHED 1640 or the former PHED 2630 or the former PHED 2640 or the former PHED 2740 or the former KIN 2740.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 2320 (or the former KIN 2320 or the former PHED 2320) or permission of instructor.
Equiv To: KIN 2740, PHED 2740
Mutually Exclusive: PHED 1640, PHED 2630, PHED 2640

PHED 3102 Indigenous Song and Dance 3 cr
An introduction to a variety of traditional and culturally relevant Indigenous songs and dances representative of Canada’s Indigenous peoples, including First Nations, Metis and Inuit, taught using western and traditional teaching styles with an emphasis on hands-on learning. May not be held with the former PERS 4200. A fieldwork fee is attached to the course.
Mutually Exclusive: PERS 4200

PHED 3122 Developmental Games and Activities 3 cr
(ELC) Practical and theoretical aspects of designing educational game experiences applicable to early through senior years physical education, to include the design, implementation, and assessment of safe and inclusive physical activities as well as planning, organizational and teaching strategies. Introduces students to Manitoba Curriculum Student Learning Outcomes in “Movement Safety, Personal and Social Management”. May not be held with the former PHED 2720 or the former PHED 2650.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHED 2710 or permission of instructor.
Equiv To: PHED 2650, PHED 2720

PHED 3362 Culturally Relevant Pedagogies 3 cr
(Lab required) An investigation of physical health and education from a critical theorist perspective, that is, one that investigates the different relations of power and privilege (based on ability, gender, race, socio-economic class, sexuality etc.) experienced within education and physical activity contexts. The physical education experiences of young people from diverse backgrounds will be analyzed from a holistic perspective. May not be held with the former PHED 3100 or the former PHED 3360.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHED 3122 or the former PHED 2720.
Equiv To: PHED 3360
Mutually Exclusive: PHED 3100
PHED 3522  Coaching the High Performance Athlete A  3 cr
The development of advanced technical and theoretical expertise in coaching, including conflict management, psychology of performance, effective leadership, making ethical decisions, and practice planning. The course prepares students to be "Trained" in the Competition-Developmental level of the National Coaching Certification Program (NCCP). The student must demonstrate a high level of proficiency as an athlete, coach or official in their sport. May not be held with the former PHED 3520 or the former KIN 3520.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Equiv To: KIN 3520, PHED 3520

PHED 3532  Coaching the High Performance Athlete B  3 cr
The development of advanced technical and theoretical expertise in coaching, including prevention and recovery, leading drug free sport, developing athletic abilities, and designing a basic sport program. The course completes the fully "Trained" component of the Competition-Developmental level of the National Coaching Certification Program (NCCP). May not be held with the former PHED 3530 or the former KIN 3530.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Equiv To: KIN 3530, PHED 3530

PHED 3722  Coaching Theory and Practice  3 cr
(Lab required) An introduction to the theoretical and practical aspects of coaching at the community and school level, including the examination of topics of philosophical, psychological, ethical and technical significance. The course introduces students to the National Coaching Certification Program (NCCP) of Canada and the coach certification pathway. May not be held with the former PHED 2400, the former PHED 2402, the former KIN 3720, or the former KIN 3730, or the former PHED 3050.
Mutually Exclusive: KIN 3720, KIN 3730, PHED 2400, PHED 2402, PHED 3050

PHED 3732  Dance and Rhythmic Activities  3 cr
(ELC) Practical and theoretical aspects of designing dance and rhythmic activity experiences applicable to early through senior years physical education, to include the design, implementation, and assessment of safe and inclusive physical activities as well as planning, organizational and teaching strategies. Incorporates Manitoba Curriculum Framework of Outcomes for K to 8 dance (2011) and Grade 9-12 dance (2015). May not be held with the former PHED 2730 or the former PHED 3410.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Equiv To: PHED 2730, PHED 3410

PHED 3750  Lifestyles Activities  3 cr
An introduction to the knowledge, skills, and attitudes that aid in the development of lifelong physically active and healthy lifestyles. May not hold for credit with KIN 3750 (REC 3750). Requires an active Recreation Services membership. Note: A fieldwork fee is attached to the course.
Equiv To: KIN 3750, REC 3750

PHED 3760  Diverse Populations Mentorship  3 cr
Practical and theoretical aspects of designing physical activity experiences for students from diverse population, including on site leadership opportunities in a multicultural school context. Evaluated pass/fail.

PHED 3770  Indigenous Games and Activities  3 cr
This course will provide Indigenous and non-Indigenous students with a unique opportunity to explore, in theory and practice, traditional and contemporary world views related to historical, cultural, and environmental approaches to Indigenous games and activities.

PHED 4710  Outdoor Education  3 cr
To introduce the students to the basic outdoor skills associated with summer/winter backpacking/cross-country skiing/snowshoeing trips. Students will then learn to use a variety of outdoor settings for education opportunities on a variety of topics and disciplines. May not hold for credit with KIN 4710 (REC 4710). A fieldwork fee is attached to the course.
Equiv To: KIN 4710, REC 4710

Physics (PHYS)

PHYS 1018  The Mechanics of Nature  3 cr
This course provides an overview of how aspects of the natural world can be modeled using the laws of mechanics within the contexts of everyday life, including astronomy and biology. Students will learn conceptual and calculational tools used to discover the essential physics observed in everyday experiences. Suitable for students seeking an introductory-level general-interest science course, and students seeking to prepare for taking other first year Physics and Astronomy courses. May not be used for credit in a Physics and Astronomy Honours, Joint Honours, or Major program. Not available to students who have previously obtained credit (grade of C or better) in PHYS 1020, PHYS 1021, PHYS 1050, or PHYS 1051.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or corequisite: one of MATH 0401, MATH 1018, Applied Mathematics 40S, Pre-calculus Mathematics 40S, MSKL 0100, or equivalent.
Mutually Exclusive: PHYS 1020, PHYS 1021, PHYS 1050, PHYS 1051
Attributes: Science, Recommended Intro Courses

PHYS 1020  General Physics 1  3 cr
(Lab required) It’s a crazy world; come and find out why objects fall, slide, bounce, stick, go in circles or stay straight, float or sink, glide or crash. Why don't satellites fall to the ground? What exactly does weightlessness mean anyway? Find answers to these and other questions as you get to know Newton's and other basic laws of nature and see what makes the world go round. This course, together with the sequel PHYS 1030, is recommended for students seeking either a single, comprehensive course in Physics, or entry into health science programs. It may also be used for entry into the Honours Physics program ("B" or better) or the Major Physics program ("B" or better). May not be held with PHYS 1021, PHYS 1050, PHYS 1051, the former PHYS 1410, or the former PHYS 1420.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (one of Physics 40S, PHYS 0900 (P), PSKL 0100 (P), PHYS 1018, or equivalent) and (one of Pre-calculus Mathematics 40S, Applied Mathematics 40S (with 70% or better), MSKL 0100, MATH 1018, or equivalent). It is strongly recommended that students attain a minimum of 70% as the average of their marks in Physics 40S and Pre-calculus Mathematics 40S.
Equiv To: PHYS 1021
Mutually Exclusive: PHYS 1018, PHYS 1050, PHYS 1051, PHYS 1410, PHYS 1420
Attributes: Mathematics Requirement, Science, Recommended Intro Courses
PHYS 1030 General Physics 2 3 cr
(Lab Required) Discover how physics is the basis of the hi-tech world we live in and how we live in it. Learn how to use simple, intuitive physics concepts that are described using little math and no calculus to understand a diversity of topics including how electricity is made, what drives the greenhouse effect, what makes a diamond sparkle, lasers, LASIK eye surgery and the workings of the human eye. This course, together with its prerequisite PHYS 1020, is recommended for students seeking either a single comprehensive course in Physics, or entry into health science programs. This course may not be held with PHYS 1031, the former PHYS 1410 the former PHYS 1420.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of PHYS 1020, PHYS 1021, PHYS 1050, or PHYS 1051.
Equiv To: PHYS 1031
Mutually Exclusive: PHYS 1410, PHYS 1420
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

PHYS 1050 Physics 1: Mechanics 3 cr
(Lab Required) It's rocket science! Mechanics is the science of describing (Kinematics) and explaining (Dynamics) motion. The basic concepts of calculus together with laws of conservation of momentum and energy are used to develop the tools required to describe, analyze and predict the outcomes of linear and rotational motion in simple mechanical systems. A brief introduction to the Einstein theory of special relativity provides a taste of modern approaches to this subject. This course develops a strong scientific foundation for students considering a program of study in engineering or the physical sciences. May not be held with PHYS 1020, PHYS 1021, PHYS 1051, the former PHYS 1410, or the former PHYS 1420.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of Physics 40S (60% or better), PHYS 0900 (P), PSKL 0100 (P), PHYS 1018, or equivalent. Pre- or corequisite: one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, the former MATH 1530, or MATH 1690.
Equiv To: PHYS 1051
Mutually Exclusive: PHYS 1018, PHYS 1020, PHYS 1021, PHYS 1410, PHYS 1420
Attributes: Science, Recommended Intro Courses

PHYS 1070 Physics 2: Waves and Modern Physics 3 cr
(Lab Required) At the heart of modern communications, waves and oscillations are key to understanding the world around us from subatomic scales to biology, traffic flow, the stock market, climate change and the cosmos itself. Learn about the mysterious quantum world, the basis of the latest nanotechnology, where particles are waves and waves are particles. Explore Bohr's model of the atom and discover Heisenberg's Uncertainty Principle. This calculus based course addresses the underlying concepts for all modern science and engineering. This course, like Physics 1 (PHYS 1050), is intended for students considering a program in the physical sciences. Recommended for entry into the Honours programs (with a grade of "B"). May not be held for credit with PHYS 1071, the former PHYS 1410, the former PHYS 1420, or PHYS 2152.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: (PHYS 1050 or PHYS 1051) or (a grade of "B" or better in PHYS 1020 or PHYS 1021) and (one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or the former MATH 1530). Pre- or co-requisite: one of MATH 1232, MATH 1700, MATH 1701, MATH 1690, MATH 1710, or the former MATH 1730.
Equiv To: PHYS 1071
Mutually Exclusive: PHYS 1410, PHYS 1420, PHYS 2152
Attributes: Science, Recommended Intro Courses

PHYS 2010 Computational Modeling of Natural and Human-Created Systems 3 cr
This course uses computer simulations to explore emergent behavior in simple models of natural phenomena, traffic, financial systems, and human behavior. The goal of the course is to show how computational modeling can be applied to exciting interdisciplinary problems spanning a wide range of human knowledge, beyond what is normally considered to be physics.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: (one of COMP 1012, COMP 1013, COMP 1010 or COMP 1011) and (one of PHYS 1020, PHYS 1021, PHYS 1050, or PHYS 1051) and (one of MATH 1220, MATH 1300, MATH 1301, or the former MATH 1310) and (one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, the former MATH 1530, or MATH 1690).
Attributes: Science

PHYS 2152 Modern Physics for Engineers 3 cr
(Lab Required) An overview of topics in modern physics including wave particle duality, atomic structure and quantum mechanics. Elementary classical electromagnetic theory and wave theory are reviewed as an introduction to the modern physics concepts. For Engineering students only. May not be held with PHYS 1070 or PHYS 1071.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: a "C" or better in one of PHYS 1050, PHYS 1051; or a "B" or better in PHYS 1020 or PHYS 1021; and a "C" or better in one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520; and a "C" or better in one of MATH 1232, MATH 1700, MATH 1701, MATH 1710 or MATH 1690. Prerequisite or concurrent requirement: MATH 2130.
Equiv To: PHYS 2250, PHYS 2251
Mutually Exclusive: PHYS 1070, PHYS 1071
Attributes: Science

PHYS 2210 Understanding Electricity and Magnetism 3 cr
An introduction ranging from its history to connections with real-world phenomena in engineering and biology, and common sense on the understanding of the phenomena. The student is carefully guided through mathematical derivations. Physics is used to develop the theory and the applications of such things as motors, radios, magnetic resonance imaging (MRI) systems and computers. May not be held with the former PHYS 2200, or the former PHYS 2201, PHYS 2600 or PHYS 2610.

PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: [(PHYS 1070 or PHYS 1071) or (a "C+" or better in both of (PHYS 1020 or PHYS 1021) and (PHYS 1030 or PHYS 1031))] and [one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520]. Pre- or corequisite: [MATH 1200 or the former MATH 1201 or MATH 1240 or MATH 1241] and [one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, MATH 1710].
Mutually Exclusive: PHYS 2200, PHYS 2201, PHYS 2600, PHYS 2610
Attributes: Science
PHYS 2260 Optics 3 cr
(Lab Required) A survey of refraction, reflection, simple lens systems and optical systems, dispersion, achromatism and an elementary treatment of diffraction, interference, and polarization. May not be held with PHYS 2261.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [PHYS 1050 or PHYS 1051] or [a "C+" or better in PHYS 1020 or PHYS 1021] and [one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or MATH 1690]. Pre- or corequisites: [one of PHYS 1070, PHYS 1071, PHYS 1030, PHYS 1031, or PHYS 2152] and [one of MATH 1210, MATH 1211, MATH 1220, MATH 1300, MATH 1301, or MATH 1310] and [one of MATH 1232, MATH 1700, MATH 1701, or MATH 1710].
Equiv To: PHYS 2261
Attributes: Science

PHYS 2270 Introductory Physics for Life Sciences: Fundamentals and Applications 3 cr
Physical topics with a relation to biology are discussed. Radiative transfer of energy, boundary layers, heat conduction, diffusion, mass transport, and the use of radioactive materials in biology are considered. May not be held with PHYS 2271 or PHYS 2272.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 1050 or PHYS 1051) or (a "C+" or better in PHYS 1020, or PHYS 1021) or permission of the department.
Equiv To: PHYS 2271
Mutually Exclusive: PHYS 2272
Attributes: Science

PHYS 2272 Physics for Medicine & Biology 3 cr
An intermediate course in physics with relevant applications to Medical and Biological Physics. The course will cover key topics in mechanics, fluid dynamics, exponential growth and decay, equilibrium and entropy, modeling of transport by drift and diffusion, and electricity and magnetism, as applied to the human condition: Linear and nonlinear feedback, regression and the Fourier series for signal and image analysis will also be covered. May not be held with PHYS 2270 or the former PHYS 2271.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (one of PHYS 1070, PHYS 1071, or PHYS 2152) or (a grade of "C+" or better in one of PHYS 1030 or PHYS 1031) and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, MATH 1710, or the former MATH 1730).
Mutually Exclusive: PHYS 2270, PHYS 2271
Attributes: Science

PHYS 2350 Energy Sources: Physical Aspects 3 cr
A detailed investigation of the physical aspects of energy production and utilization. Critical comparison of the various energy sources including solar, nuclear, fossil, and wind will be emphasized. The physics of energy collection, production, storage, and distribution will be discussed in the context of thermodynamics, radiation, solid state and nuclear physics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: (one of PHYS 1070, PHYS 1071 or PHYS 2152) or (a "C+" or better in PHYS 1030 or PHYS 1031) or permission of the department.
Mutually Exclusive: PHYS 1303
Attributes: Science

PHYS 2386 Introduction to Quantum Mechanics and Special Relativity 3 cr
The first in a sequence of three courses on quantum mechanics, which also includes an introduction to the theory of special relativity. The topics covered include Einstein's postulates of special relativity, the Lorentz transformation, relativistic kinematics and dynamics and four-vectors, kinetic theory of gases, cavity radiation and normal modes, Planck's quantization postulate and the Schrodinger theory of quantum mechanics. Special emphasis is placed on the derivation of the time dependent and time independent Schrodinger equation and its solutions in one dimension. May not be held with the former PHYS 2380.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (one of PHYS 1070, PHYS 1071 or PHYS 2152) or (a "C+" or better in PHYS 1030 or PHYS 1031) and (one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, MATH 1710, or the former MATH 1730).
Mutually Exclusive: PHYS 2380
Attributes: Science

PHYS 2390 Theoretical Physics 1 3 cr
This course provides an introduction to the mathematics required for both the Honours and Major programs in Physics and Astronomy. Topics include series expansions, partial derivatives, vector calculus and integral theorems.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 1050 or PHYS 1051, or a "C+" or better in PHYS 1020 or PHYS 1021; and one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, MATH 1710. Pre- or Corequisite: one of PHYS 1070 or PHYS 1071 or PHYS 1030 or PHYS 1031.
Attributes: Science

PHYS 2490 Theoretical Physics 2 3 cr
This course provides a continuation of the introduction to the mathematics required for both the Honours and Major programs in Physics and Astronomy. Topics include Fourier series, differential equations, special functions, boundary value problems and transform methods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 2390.
Mutually Exclusive: PHYS 2496
Attributes: Science

PHYS 2496 Mathematical Physics 1 3 cr
This course provides a continuation of the mathematics required for both the Honours and Major programs in Physics and Astronomy. Topics include sequences and series, an introduction to complex numbers, special functions, ordinary differential equations, Fourier series and transforms, and an introduction to probability and statistics. May not be held with PHYS 2490.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [PHYS 1050 or PHYS 1051] or [a "C+" or better in PHYS 1020 or PHYS 1021] and [one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, or MATH 1710]. Pre- or corequisite: one of PHYS 1070, PHYS 1071, PHYS 1030, PHYS 1031, or PHYS 2152.
Mutually Exclusive: PHYS 2490
Attributes: Science
PHYS 2600  Electromagnetic Field Theory  3 cr
(Lab Required) Electric field, electric potential, Gauss' law, capacitors, dielectric materials, magnetic fields, Ampere's law, magnetic induction, magnetic materials, displacement current, integral form of Maxwell's equations. In addition to the lectures, the course includes a tutorial session of two hours per week. May not be held with PHYS 2200 or PHYS 2201.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: one of PHYS 1070, PHYS 1071, or PHYS 2152, or a "C+" or better in PHYS 1030 or PHYS 1031; and one of MATH 1232, MATH 1690, MATH 1700, MATH 1701, MATH 1710.
Mutually Exclusive: PHYS 2200, PHYS 2201, PHYS 2210
Attributes: Science

PHYS 2610  Circuit Theory and Introductory Electronics  3 cr
(Lab Required) Ohm's law, Kirchhoff's laws, DC circuit analysis, equivalent circuits, AC circuit analysis, complex impedance, RLC circuits, magnetic coupling, transformers, diodes and diode circuits. May not be held with PHYS 2200 or PHYS 2201.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 2600.
Mutually Exclusive: PHYS 2200, PHYS 2201, PHYS 2210
Attributes: Science

PHYS 2650  Classical Mechanics 1  3 cr
The first in a sequence of two courses on intermediate to advanced level mechanics. Topics include inertial and non-inertial reference frames, energy, oscillations, dynamics of systems of particles, motion of a projectile with air resistance, planar motion of rigid bodies, as well as gravitation and central-force motion.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a "C" or better in one of PHYS 1070, PHYS 1071, or PHYS 2152] or [a "C+" or better in PHYS 1030 or PHYS 1031]. Pre- or corequisite: one of PHYS 2496, PHYS 2490 or MATH 3132.
Attributes: Science

PHYS 3220  Medical Physics and Physiological Measurement  3 cr
This course will introduce the core subject areas of Medical Physics, in particular the physics of physiology and of radiology. The mechanics of body systems and the theory, medical applications and safety issues relating to the production, use, detection and measurements of electromagnetic radiation (both ionizing and non-ionizing) will be included. It will also cover Medical imaging (Ultrasound, CT and MRI) and will provide the student with an understanding of the physics underlying neurological, audiological, respiratory and vascular function and measurements.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: (one of PHYS 1070, PHYS 1071 or PHYS 2152) or (a "C+" or better in PHYS 1030 or PHYS 1031) or permission of the department. PHYS 2270 or PHYS 2272 is recommended.
Equiv To: RTT 3220
Attributes: Science

PHYS 3386  Quantum Mechanics 2  3 cr
The second in the sequence of three courses on quantum mechanics which includes mathematical Hilbert space formalism, solutions of the Schrodinger equation in three dimensions with a special emphasis on central potentials, spin, angular momentum, ladder operators, Clebsch-Gordon coefficients and time-independent perturbation theory. May not be held with the former PHYS 3380.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 2386 or the former PHYS 2380) and (one of PHYS 2496, PHYS 2490, or MATH 3132). PHYS 3496 is recommended.
Equiv To: PHYS 3380
Attributes: Science

PHYS 3430  Honours Physics Laboratory  6 cr
Six hours per week. This is a hands-on course of experimental essentials of modern physics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: one of PHYS 2260, PHYS 2261, PHYS 2610 or ECE 2160, or permission of the department.
Attributes: Science

PHYS 3496  Mathematical Physics 2  3 cr
This course provides a continuation of the mathematics required for both the Honours and Major programs in Physics and Astronomy. Topics include complex analysis, generalized coordinate systems, Sturm-Liouville theory and generalized orthogonal functions, partial differential equations, and applications in physics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: one of PHYS 2390, MATH 2720, MATH 2721, MATH 2130, MATH 2150, or MATH 2151 and one of PHYS 2496 or PHYS 2490. MATH 2090 or the former MATH 2300 is recommended.
Attributes: Science

PHYS 3570  Physics of Materials 1  3 cr
Introduction to the physics of materials. Solids within the elastic limit: stress and strain tensors, elastic constants. Liquids: continuity equation, Bernoulli, Euler and Navier-Stokes equations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre- or corequisite: PHYS 3386 or the former PHYS 3380.
Attributes: Science

PHYS 3630  Electro - and Magnetostatic Theory  3 cr
Material covered will include electrostatics (i.e. Gauss' Law, Laplace and Poisson equations) and magnetostatics (Lorentz force, Maxwell equations) as well as the properties of electrostatic fields in matter and magnetism in materials.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 2600 and (one of PHYS 2496, PHYS 2490, or MATH 3132) or permission of the department. PHYS 3496 is recommended.
Attributes: Science

PHYS 3650  Classical Mechanics 2  3 cr
The second in a sequence of two courses on intermediate to advanced level mechanics. Topics include calculus of variations, Lagrangian and Hamiltonian dynamics, rotational motion of rigid bodies in three dimensions, canonical equations using Poisson brackets, nonlinear oscillations and chaos, and coupled oscillations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 2650. Pre- or corequisite: one of PHYS 3496, PHYS 2490, or MATH 3132.
Attributes: Science
PHYS 3670 Classical Thermodynamics 3 cr
An introduction to the laws of classical thermodynamics and their applications. Descriptions of the states of thermodynamic systems primarily at or near equilibrium that use measurable macroscopic properties, but also including discussion of some far-from-equilibrium stationary states, will be developed. The physics will be used to model exchanges of matter and energy for both reversible and irreversible processes in a variety of physical systems.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of PHYS 2496, PHYS 2490, or MATH 3132] and PHYS 2650. PHYS 2386 is strongly recommended.
Attributes: Science

PHYS 4010 General Relativity and Gravitation 3 cr
The course briefly covers Newtonian gravity, special relativity and Minkowski space, before moving on to relativistic electrodynamics with the focus on the energy-momentum tensor, relativistic hydrodynamics, non-inertial reference frames and the principle of covariance and Einstein’s field equations, linearized field equations and gravitational waves, as well as Schwarzschild’s solution with the application to a static black hole.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 3650 and (PHYS 3496 or PHYS 2490) or permission of the department. Pre- or corequisite: PHYS 4646 or the former PHYS 3640.
Attributes: Science

PHYS 4250 Computational Physics 3 cr
Application of numerical methods and programming skills to model a variety of physics problems on a computer. Topics include differential equations, boundary value and eigenvalue problems, special functions, and Monte Carlo methods, with examples from classical, quantum, and statistical mechanics.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (one of COMP 1012, COMP 1013, COMP 1010, or COMP 1011) and (PHYS 3496 or PHYS 2490) or permission of the department.
Attributes: Science

PHYS 4300 Topics in Physics 3 cr
Topics will vary depending upon student needs and interests, and will include specialized topics not available in regular course offerings.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3386 or the former PHYS 3380, or permission of the department.
Mutually Exclusive: ASTR 4100, ASTR 4200
Attributes: Science

PHYS 4350 The Physics of Fluids 3 cr
The course covers basic fluid dynamics based on the Euler equations. Topics include conservation laws; linear sound waves; instabilities; the generation of sound waves; linear and non-linear description of water waves including the Korteweg-de Vries equation, soliton solutions, and shock waves; elasticity and the stress tensor; Navier-Stokes equations and their solutions; the Hagen-Poiseille law, Stokes’ law and aerodynamics; attenuation of acoustic waves; non-linear acoustics; and the basic concepts of the description of turbulence including Kolmogorov’s theory, correlation functions, and spectral tensors.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3496.
Attributes: Science

PHYS 4360 Medical Radiation Physics 3 cr
The relevant physics of the production and interaction of radiation beams used in both diagnostic and therapeutic medicine will be covered. Such beams included X- and g-rays, particle beams, visible and I.R. radiation, microwaves, and ultrasound.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3220 or the former PHYS 4560 or permission of the department.
Attributes: Science

PHYS 4386 Quantum Mechanics 3 cr
The third in the sequence of three courses on quantum mechanics which includes systems of identical particles, variational methods, time-dependent perturbation theory and scattering theory. May not be held with the former PHYS 4390.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 3386 or the former PHYS 3380) and (PHYS 3496 or PHYS 2490).
Equiv To: PHYS 4390

PHYS 4400 Linear Systems for Imaging 3 cr
Fundamental principles of image formation, analysis of the characteristics of medical images, parametric description of image quality; application to transmission radiography.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3220 or permission of the department.
Attributes: Science

PHYS 4516 Introduction to Nuclear and Particle Physics 3 cr
Bulk properties of the atomic nucleus; nuclear models, nuclear disintegration; alpha-decay, gamma transitions, and beta-decay; scattering formalism and experiments; evidence for quark structure and properties of the hadrons (neutrons, protons, mesons); basic introduction to QCD; basic intro to the weak interaction and neutrino physics; basic introduction to the standard model. May not be held with the former PHYS 4510.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 3386 or the former PHYS 3380) and (PHYS 4646 or the former PHYS 3640).
Mutually Exclusive: PHYS 4510
Attributes: Science

PHYS 4520 Introduction to Solid State Physics 3 cr
An introduction to the following topics as they relate to the properties of solids: crystal structure and lattice energy; lattice vibrations; specific heat; free-electron gas; electronic band structure; metals, semiconductors and insulators.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: (PHYS 3386 or the former PHYS 3380) and (PHYS 4680 or the former PHYS 3680).
Attributes: Science

PHYS 4590 Advanced Optics 3 cr
Light as a classical electromagnetic wave, optical fields in media, interference by wavefront and amplitude splitting, diffraction, diffraction theory of image formation, spatial filtering and image processing, coherence theory.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 2260 or PHYS 2261) and (PHYS 4646 or the former PHYS 3640).
Attributes: Science
PHYS 4600 Lasers and Applications 3 cr
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 2260 or PHYS 2261) and (PHYS 3386 or the former PHYS 3380).
Attributes: Science

PHYS 4620 Advanced Classical Mechanics 3 cr
Canonical invariants and Lagrange and Poisson brackets. Hamilton-Jacobi theory, action-angle variables, normal modes of vibration.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3650 and PHYS 3496.
Attributes: Science

PHYS 4630 Physics of Materials 2 3 cr
Physics of materials beyond the elastic limit, emphasizing atomistic features. Structural aspects, crystal defects, plastic deformation, radiation damage, diffusion and dislocations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PHYS 3650 or PHYS 2490.
Attributes: Science

PHYS 4646 Electro- and Magnetodynamics and Special Relativity 3 cr
Topics covered will include time dependent Maxwell’s equations, Ohm’s and Faraday’s Law, electromagnetic waves, potential and fields, radiation, and special relativity including the Lorentz transformations. May not be held with the former PHYS 3640.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PHYS 3630 or ECE 3590. Pre- or corequisite: one of PHYS 3496, PHYS 2490, or MATH 3132.
Mutually Exclusive: PHYS 3640
Attributes: Science

PHYS 4666 Honours Thesis - Proposal and Preparation 3 cr
For students in term 1 of their final year in Honours. The student will prepare a proposal for the undergraduate thesis and demonstrate the feasibility of the project under the supervision of a faculty member. The results of the study will be presented (in written and oral form) to an examining committee during the term. Both experimental and theoretical topics are acceptable. A grade of C (based on the presentations) is required to proceed to the next course which forms the final stage of the honours thesis. May not be held with the former PHYS 4670 or the former PHYS 4672.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: permission of the thesis supervisor.
Mutually Exclusive: PHYS 4670, PHYS 4672
Attributes: Science

PHYS 4678 Honours Thesis - Dissertation 3 cr
For students in term 2 of their final year in Honours. The student will complete the work needed and produce an undergraduate thesis under the supervision of a faculty member. The grade will be based on the examining committee’s evaluation of a progress report (presented midterm) and an evaluation of the thesis manuscript and oral presentation at the end of term. Both experimental and theoretical topics are acceptable. May not be held with the former PHYS 4670, the former PHYS 4672, or the former PHYS 4674.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: permission of the department.
Mutually Exclusive: PHYS 4670, PHYS 4672, PHYS 4674
Attributes: Science

PHYS 4680 Statistical Mechanics 3 cr
Principles of statistical mechanics and their applications. Topics include phase space, Liouville and Poincare theorem, statistical ensembles, entropy, ideal classical gas, photon gas, Fermi gas, Bose-Einstein condensation, models of magnetism, and phase transitions. May not be held with the former PHYS 3680.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: (PHYS 2386 or the former PHYS 2380) and PHYS 3670. Pre- or corequisite: PHYS 3496 or PHYS 2490.
Mutually Exclusive: PHYS 3680
Attributes: Science

Physiology (PHGY)

PHGY 1030 Fundamentals of Medical Physiology 6 cr
The function and regulation of the systems and major organs of the human body as they relate to clinical disorders.

Plant Science (PLNT)

PLNT 1000 Urban Agriculture 3 cr
Urban environments and their importance for food production, increasing biodiversity, and reducing pollution are presented. Topics include principles of vegetable, fruit and herb production, landscape plants, and utilization of natural systems for composting, water management and reduced pesticide use. Benefits to environment, community development, and human health are discussed.

PLNT 2500 Crop Production 3 cr
(Lab required) An introduction to the principles and practices of crop production in Canada. Topics will include physiological processes and factors affecting plant yield, plant improvement, seed production, and production of the major cereal, oilseed, forage and special crops.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: AGRI 1600 (or the former AGRI 1500) (D).

PLNT 2510 Fundamentals of Horticulture 3 cr
(Lab required) Principles of the culture, marketing, and utilization of fruits, vegetables, and ornamentals, their contribution to the economy and well-being of consumers, and impact of horticultural activities on the environment.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: BIOL 1030 (D) and [AGRI 1600 (or the former AGRI 1500) (D) or PLNT 1000 (D)] or consent of instructor.

PLNT 2520 Genetics 3 cr
Basic principles of genetics and their practical application in the areas of DNA structure and function, genome organization and genetic analysis. Laboratory sessions provide practical experience in solving genetic problems and conducting genetic investigations. Not to be held with BIOL 2500 or the former BOTN 2460.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: BIOL 1020 and BIOL 1030.
Equiv To: BIOL 2500, BOTN 2460, BOTN 2461
PLNT 2530  Plant Biotechnology  3 cr  
(“Lab required”) An introduction to current biotechnological techniques, including recombinant DNA, plant tissue culture, plant transformation and regeneration. A background to the techniques as well as a discussion of their applications in current biology and crop production will be examined. A laboratory will provide first hand experience with many of the techniques.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: [CHEM/MBIO 2730 and CHEM 2740] or the former CHEM/MBIO 2770; or [CHEM/MBIO 2700 (CHEM/MBIO 2701) and CHEM 2720 (CHEM 2721)] or the former CHEM/MBIO 2360 (the former CHEM/MBIO 2361)] and [PLNT 2520 or BIOL 2500].  

PLNT 3140  Introductory Cytogenetics  3 cr  
An introduction to the structure and function of eukaryotic genomes, from the gene to the chromosome. Topics include the cell cycle, meiosis, chromatin, chromosome and genome organization, karyotyping, changes in chromosome number and structure, physical mapping and chromosome evolution. Labs cover use of the microscope, meiosis, chromosome staining and banding, and bioinformatic analysis of chromosomes.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 3400  Plant Physiology  3 cr  
(“Lab required”) An integrative view of major physiological processes in plants, spanning the biochemical, cellular, tissue, organ and whole plant levels of organization. The focus will be on photosynthesis, respiration, plant water relations, plant mineral nutrition, and the role of hormonal and extrinsic factors in the regulation of plant growth. Also offered as BIOL 3400. May not be held with BIOL 3450, the former BIOL 3450 or the former PLNT 3500.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: BIOL 2242 and [CHEM/MBIO 2730 and CHEM/MBIO 2740] or the former CHEM/MBIO 2770; or [CHEM/MBIO 2700 (CHEM/MBIO 2701) and CHEM/MBIO 2720 (CHEM 2721)] or the former CHEM/MBIO 2360 (the former CHEM/MBIO 2361)]; or consent of the instructor.  
Equiv To: BIOL 3400  
Mutually Exclusive: BIOL 3450, BOTN 2020, PLNT 3500

PLNT 3520  Principles of Plant Improvement  3 cr  
Basic objectives, principles, and methods of plant genetic improvement. Traditional and modern plant breeding, genetic resources, selection, and applications of tissue culture, genetic engineering and molecular markers to plant improvement.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 3540  Weed Science  3 cr  
(“Lab required”) Identification, biology and ecology of weeds of agricultural importance in western Canada, including principles of cultural, mechanical, biological and chemical control. Topics include weed interference, effects of rotational and management practices on weed species composition, herbicide selectivity and mechanism of action, and emerging control technologies.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: BIOL 1030 (D) and [AGRI 1600 (D) or the former AGRI 1500 (D)] or consent of instructor.

PLNT 3560  Organic Crop Production on the Prairies  3 cr  
Management principles and practices involved in the production of organic field and forage crops with a focus on the Canadian Prairie region. May not be held with PLNT 0820.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: PLNT 2500 (D) and SOIL 3600 (D) or consent of instructor.  
Mutually Exclusive: PLNT 0820

PLNT 3570 Fundamentals of Plant Pathology  3 cr  
(“Lab required”) An introduction to the science of plant pathology. Topics include causal agents of diseases, symptoms and diagnoses, modes of infections and spread, mechanisms in disease and control, effects of the environment on disease development, and methods of disease control. This course is a prerequisite for more advanced courses in plant pathology.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: BIOL 1030 (D).

PLNT 4270  Plant Disease Control  3 cr  
(“Lab required”) Diseases attacking field crops and horticultural plants: recognition of symptoms, methods of prevention, alleviation, and control.  
May not be held with PLNT 0780.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: PLNT 2500 (D) or consent of instructor.  
Mutually Exclusive: PLNT 0780

PLNT 4310  Introductory Plant Genomics  3 cr  
An introduction to basic technologies in plant genomics. Topics include DNA sequencing, molecular marker detection, genome sequencing, gene expression analysis, gene mapping and functional analysis. A laboratory will provide hands-on experience with several genomic techniques. Not to be held with the former PLNT 4540.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisites: PLNT 2520 OR BIOL 2500 or the former BOTN 2460 or consent of instructor.  
Equiv To: PLNT 4540

PLNT 4330 Intermediate Plant Genetics  3 cr  
A study of gene behaviour as related to genetic analyses of data from plant populations; multiple allelic systems and polygenic inheritance of quantitative traits; extra-chromosomal inheritance and the significance of cytoplasmic influence. Examples will be drawn from experimental data where available.  
PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: PLNT 2520 or BIOL 2500 or the former BOTN 2460.

PLNT 4380  Plant Science Thesis  6 cr  
An independent research project under the supervision of a staff member. A thesis including a literature review, methods, results and discussion is required. Enrollment limited. Open only to students in their 4th year. Not to be held with SOIL 4080.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: Consent of department head.

PLNT 4410  Grassland Agriculture: Plant, Animal and Environment  3 cr  
Inter-relationships between the biological components of grassland agriculture as they relate to forage production on the Canadian Prairies. Topics include utilization by wild and domestic animals, plant community relationships and role of forages in multiple land use planning. This course also offered in Animal Science as ANSC 4410.  
Equiv To: ANSC 4410
PLNT 4510 Advanced Cropping Systems 3 cr
Examination and analysis of sustainable Prairie cropping systems. Emphasis will be placed on systems that optimize the benefits of crop rotation, integrate crops and livestock, conserve soil and water resources, and enhance biodiversity. Current, historical, and emerging crop production systems from the Prairies and other regions of the world will be discussed. Includes experiential learning through farm interviews and/or field tours and/or guest speakers. May not be held with PLNT 3510.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PLNT 2500 (D).
Mutually Exclusive: PLNT 3510

PLNT 4550 Developmental Plant Biology 3 cr
An introduction to mechanisms regulating morphogenesis and plant growth and development. Emphasis will be on experimental approaches used to investigate pattern formation at sub cellular, cellular, tissue and organ levels. A heavy tissue culture component in the lab will implement the lecture topics and will provide new insights into ways to study plant development in vitro.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PLNT 3400 or BIOL 3400 or the former PLNT 3500.

PLNT 4570 Research Methods in Plant Pathology 3 cr
Course will provide practical training in plant pathology and will cover plant disease diagnosis, pathogen isolation, identification, inoculation, and storage. Molecular techniques currently used in the study of plant pathogens will be covered. The laboratory component aims at preparing students for a professional career in plant protection and research in plant pathology.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PLNT 3570 or consent of instructor.

PLNT 4580 Molecular Plant-Microbe Interactions 3 cr
Course will cover general principles and mechanisms related to plant-pathogen interactions, such as in gene-to-gene and toxin models. Emphasis will be on biochemical/molecular mechanisms of plant-microbe recognition, pathogenesis, and plant reactions to infections. Both beneficial and deleterious associations will be covered. This course is offered in alternate years.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PLNT 3570 or consent of instructor.

PLNT 4590 Physiology of Crop Plants 3 cr
(Lab required) Concepts dealing with the physiological response of crop plants to the environment from the time of seed germination through to reproduction.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: BIOL 2242 (D) or consent of instructor.

PLNT 4610 Bioinformatics 3 cr
An introduction to the theory, strategies, and practice of data management and analysis in molecular biology. Topics include DNA and protein sequence analysis, biological databases, genomic mapping, and analysis of gene expression data. The course will include problem-solving exercises using Unix server-based software.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: PLNT 2530 or PLNT 3140 or MBIO 3410 or PLNT 4310 or the former PLNT 4540 or consent of instructor.
Equiv To: PLNT 7690

Polish (Slavic Studies) (POL)

POL 1890 Introductory Polish 6 cr
Basic grammar, conversation, composition, readings, language laboratory sessions.
Attributes: Humanities, Recommended Intro Courses

POL 1900 Love, Heroes and Patriotism in Contemporary Poland 3 cr
A study of the impact of Romanticism on contemporary Polish national consciousness, images of love, and the role of art and the artist in society. The course explores diverse written and visual sources representing Polish and European Romanticism and its mutual influences. Lectures and readings in English.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

POL 2600 Polish Culture until 1918 3 cr
An introductory survey from the beginnings of the Polish state to 1918. This is a lecture style course devoted to studying the achievements of Polish culture and their impact on world culture. Students will observe the creation of Polish national identity through the examination of documents from literature and culture. Lectures and readings in English. Students may not hold credit for both POL 2600 and the former POL 2530.
Mutually Exclusive: POL 2530
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

POL 2610 Polish Culture 1918 to the Present 3 cr
An introductory survey from 1918 to the present. This is a lecture style course devoted to studying the achievements of Polish culture and their impact on shaping of the contemporary Polish society. Students will observe the cultural changes that defined Poland following one hundred years of non-existence as a nation. The re-examining of the Polish national identity will be studied through documents from literature, art, mythology and music. Lectures and readings in English. Students may not hold credit for both POL 2610 and the former POL 2530.
Mutually Exclusive: POL 2530
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

POL 2660 Special Topics in Polish Literature and Culture 3 cr
Topics dealing with Polish literature and culture. Content of this course will vary from year to year, depending on the needs and interests of instructors and students. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Humanities, Written English Requirement

POL 2690 Polish Language and Culture 6 cr
Offered as part of the Summer Session, this course is a study experience in Poland. The program features practical language training and an exploration of the Polish culture.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor.
Attributes: Humanities

POL 2890 Intermediate Polish 6 cr
Grammar review, composition, translation, readings of selected prose and poetry.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: POL 1890) or written consent of department head.
Attributes: Humanities, Recommended Intro Courses
POL 3892 Advanced Polish: Conversational Practice 3 cr
Development of skills in spoken and written Polish, within the context of contemporary Polish culture, via a variety of sources, such as: news articles, comics, music. Students may not hold credit for both POL 3892 and the former POL 3890.
PR/CR: A minimum grade of C is required unless otherwise indicated. Pre-requisite: POL 2890 or written consent of department head.
Mutually Exclusive: POL 3890
Attributes: Humanities

POL 3894 Advanced Polish Through Short Stories 3 cr
Development of advanced language skills: writing, reading, listening comprehension, and speaking. Exploration and analysis of Polish cultural tropes within the context of short stories. Students may not hold credit for both POL 3894 and the former POL 3890.
PR/CR: A minimum grade of C is required unless otherwise indicated. Pre-requisite: POL 2890 or written consent of department head.
Mutually Exclusive: POL 3890
Attributes: Humanities

Political Studies (POLS)

POLS 1502 Introduction to Political Studies 3 cr
(Lab required) This course introduces students to fundamental concepts in the analysis of political phenomena, as well as problems and issues associated with the exercise of authority and the construction of political legitimacy. Students may not hold credit for POLS 1502 and any of: POLS 1503 or the former POLS 1500 or the former POLS 1501.
Mutually Exclusive: POLS 1500, POLS 1501, POLS 1503
Attributes: Social Science, Recommended Intro Courses, Written English Requirement

POLS 1506 Survey of Political Studies 3 cr
(Lab required) This class introduces students to the academic study of politics. A primary objective of the course is that students will learn to differentiate among the various fields of Political Science including Political Theory, Canadian Politics, Global Politics, Public Administration and International Relations. The course thus prepares students to select coursework within the Political Studies major appropriate to their interests and career goals. Students may not hold credit for POLS 1506 and any of: the former POLS 1500 or the former POLS 1501.
Mutually Exclusive: POLS 1500, POLS 1501
Attributes: Social Science, Recommended Intro Courses

POLS 2302 Introduction to Political Theory 3 cr
An Introduction to the oldest sub-discipline in political science. We examine key ideas such as justice, democracy, authority, sovereignty, and punishment as well as their applications in political theory and practice. Students may not hold credit for POLS 2302 and any of: POLS 1010 or the former POLS 2510.
Mutually Exclusive: POLS 1010, POLS 2510, POLS 2511
Attributes: Social Science

POLS 2504 Introduction to International Relations 3 cr
An introduction to the theories of the academic discipline called international relations. The course examines how different theories treat conflict, competition and cooperation among states and other actors. Examples are drawn mainly from international events since 1919, with appropriate references to earlier periods. Students may not hold credit for POLS 2504 and any of: POLS 2045, the former POLS 2040, or the former POLS 2410.
PR/CR: A minimum grade of C is required unless otherwise indicated. Pre-requisite: POLS 2502 or POLS 2403.
Mutually Exclusive: POLS 2040, POLS 2041, POLS 2045
Attributes: Social Science

POLS 2602 Introduction to Comparative Politics 3 cr
An introduction to the study of comparative politics, examining political processes and public policies in a variety of political systems including liberal democracies as well as post-Communist, newly industrializing, and developing nations. Students may not hold credit for POLS 2602 and any of: POLS 2003, POLS 2005 or the former POLS 2000.
Mutually Exclusive: POLS 2000, POLS 2003, POLS 2005
Attributes: Social Science

POLS 2702 Introduction to Canadian Politics 3 cr
A survey of contemporary Canadian political institutions and processes, including federalism, Parliament, political parties, and treaties. Students may not hold credit for POLS 2702 and any of POLS 2073, POLS 2075 or the former POLS 2070.
Mutually Exclusive: POLS 2070, POLS 2071, POLS 2073, POLS 2075
Attributes: Social Science

POLS 2802 Introduction to Indigenous Politics 3 cr
An introduction to the complex issues associated with Indigenous peoples and their politics. The central issues of this course include the history and context of Indigenous government and political movements, and the political goals of Indigenous peoples today.
Attributes: Social Science

POLS 2902 How Government Works 3 cr
An introduction to key actors, institutions and processes in Canada's governmental system. Topics include fundamental principles; constitution; accountability; tribunals, legislation, and relationships with Indigenous Peoples. Students may not hold credit for POLS 2902 and POLS 2571.
Mutually Exclusive: POLS 2051, POLS 2570, POLS 2571
Attributes: Social Science

POLS 3100 Gender and Politics in Canada 3 cr
This course introduces the principal themes in the study of gender and politics in Canada. Topics may include women's political organizing and activism, representation in political institutions, the gendered division of labour in the private and public spheres, gender and public policy, and the gendered nature of political behaviour.
PR/CR: A minimum grade of C is required unless otherwise indicated. Pre-requisite: [POLS 2702 or the former POLS 2070 or the former POLS 2071] or [POLS 2073 and POLS 2075] or written consent of instructor or department head.
Attributes: Social Science

October 05, 2022
**POLS 3140 Selected Topics in Politics 1 3 cr**
The content of this course will vary. Contact the department for a course description. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: written consent of instructor or department head.

**Mutually Exclusive:** POLS 3340, POLS 3360, POLS 3530, POLS 3540, POLS 3872

**Attributes:** Social Science

**POLS 3150 Selected Topics in Politics 2 3 cr**
The content of this course will vary. Contact department for a course description. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: written consent of instructor or department head.

**Attributes:** Social Science

**POLS 3250 International Political Economy 3 cr**
A survey of the relationship between political authority and the production and distribution of global wealth. Emphasis is placed on the historical development of international political economy, its fundamentals, as well as major theoretical perspectives. Students may not hold credit for both POLS 3250 and POLS 3251.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: [POLS 2502, or (POLS 2043 and POLS 2045), or the former POLS 2040, or the former POLS 2041] or written consent of instructor or department head.

**Equiv To:** POLS 3251

**Attributes:** Social Science

**POLS 3270 Theories of the Capitalist World Order 3 cr**
A critical survey of major theories that have successively dominated understandings of the modern capitalist world order including mercantilism, free trade, imperialism, hegemonic stability theory, globalization, regionalism, empire and multipolarity, paying particular attention to the political economy underlying each.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: [POLS 2502, or (POLS 2043 and POLS 2045), or the former POLS 2040, or the former POLS 2041] or written consent of instructor or department head.

**Attributes:** Social Science

**POLS 3310 Pre-Modern Political Theory 3 cr**
A survey and evaluation of early canonical texts and ideas in the history of Western political theory. Thinkers may include, but are not limited to: Plato, Aristotle, and Machiavelli. Students may not hold credit for POLS 3310 and the former POLS 2513.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: a grade of C or better in POLS 2302 or the former POLS 2510.

**Mutually Exclusive:** POLS 2513

**Attributes:** Social Science

**POLS 3320 Social Contract Theory 3 cr**
A survey and evaluation of canonical texts and ideas in the history of the social contract tradition. Thinkers may include, but are not limited to: Hobbes, Locke, Hume, and Rousseau.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: a grade of C or better in POLS 2302 or the former POLS 2510.

**Attributes:** Social Science

**POLS 3340 Middle East Politics 3 cr**
An examination of the Middle East as a region of global strategic significance, with an emphasis on the major issues related to war and peace in selected Middle Eastern conflicts. Students may not hold credit for both POLS 3340 and POLS 3140 when titled "Middle East Politics."

**Mutually Exclusive:** POLS 3140

**Attributes:** Social Science

**POLS 3342 Arab-Israeli Conflict 3 cr**
An examination of the history and politics of the longstanding conflict between Israel and the Arab world with particular focus on the Israeli-Palestinian context. Students may not hold credit for both POLS 3342 and POLS 3140 when offered with the topic "Arab-Israeli Conflict."

**Attributes:** Social Science

**POLS 3350 Liberty 3 cr**
A survey and analysis of the concept of liberty, its rival interpretations, and applications in political theory and practice.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Pre-requisite: A grade of C or better in POLS 2302 or the former POLS 2510.

**Attributes:** Social Science

**POLS 3360 Rights 3 cr**
A survey and analysis of the concept of rights, their rival interpretations, and applications in political theory and practice. Students may not hold credit for both POLS 3360 and POLS 3140 when titled "Rights."

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: POLS 2302 or the former POLS 2510.

**Mutually Exclusive:** POLS 2302 or the former POLS 2510.

**Attributes:** Social Science

**POLS 3370 Equality 3 cr**
A survey and analysis of the concept of equality, its rival interpretations, and applications in political theory and practice.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Pre-requisite: A grade of C or better in POLS 2302 or the former POLS 2510.

**Attributes:** Social Science

**POLS 3380 Contemporary Political Theory 3 cr**
A survey and evaluation of key texts and ideas in contemporary political theory. Students may not hold credit for both POLS 3380 and POLS 2515.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: POLS 2302 or the former POLS 2510.

**Mutually Exclusive:** POLS 2515

**Attributes:** Social Science

**POLS 3390 Military Ethics 3 cr**
An examination of major ethical theories and their applications to current moral issues in warfare and the military.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Pre-requisite: A grade of C or better in POLS 2302 or the former POLS 2510.

**Attributes:** Social Science

**POLS 3470 Canadian Public Management 3 cr**
An introduction to the internal and external factors affecting contemporary public sector management in Canada. The course will examine the primary values, policies, processes, and structures within the civil service.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.

Prerequisite: POLS 2902 or written consent of instructor or department head.

**Attributes:** Social Science
POLS 3512 Canadian Foreign and Defence Policy 1 3 cr
An examination of Canadian foreign and defence policy, with attention to contemporary events and issues. The course is designed to examine both foreign and defence policies as interdependent issues for Canadian interests. Students may not hold credit for POLS 3512 and any of POLS 3563, the former POLS 3520, or the former POLS 3561.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: A grade of C or better in one of: POLS 2504, or POLS 2045, or the former POLS 2040.
Mutually Exclusive: POLS 3520, POLS 3561, POLS 3563
Attributes: Social Science

POLS 3514 Canadian Foreign and Defence Policy 2 3 cr
A continued examination of Canadian foreign and defence policy. The course will assess the evolution and changing priorities of Canadian foreign and defence issues, with particular attention to Canada's relations with the United States, Europe, Asia and the Third World. Students may not hold credit for POLS 3514 and any of POLS 3563, the former POLS 3520, or the former POLS 3561.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: a grade of C or better in POLS 3512.
Mutually Exclusive: POLS 3520, POLS 3561, POLS 3563
Attributes: Social Science

POLS 3530 War, Politics and Culture 3 cr
This course employs the medium of film to explore the way in which war is communicated to society, and how the evolution of warfare as a social activity is understood. Students may not hold credit for both POLS 3530 and POLS 3140 when titled "War, Politics and Popular Culture."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2045, or the former POLS 2040, or the former POLS 2041.
Mutually Exclusive: POLS 3140
Attributes: Social Science

POLS 3540 Terrorism and Political Violence 3 cr
This course offers students a comprehensive and critical approach to the central features of domestic and international terrorism, with an emphasis on Canada. Students will be encouraged to look at the different ways in which terrorist issues have been framed by different authors and national contexts. Students may not hold credit for POLS 3540 and any of either POLS 3621 or POLS 3140 when titled "Terrorism and Political Violence."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2045, or the former POLS 2040, or the former POLS 2041.
Mutually Exclusive: POLS 3140, POLS 3621
Attributes: Social Science

POLS 3550 International Organizations 3 cr
This course explores the origins, theory and practice of international organizations, with a focus on organizations of particular interest to Canada. Students may not hold credit for both POLS 3550 and POLS 3771.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2045, or the former POLS 2040, or the former POLS 2041.
Mutually Exclusive: POLS 3771
Attributes: Social Science

POLS 3560 Politics of International Law 3 cr
An introduction to international law including sources of international law, the use of force and international human rights.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: A grade of C or better in one of: POLS 2504, or POLS 2045, or the former POLS 2040, or the former POLS 2041.
Attributes: Social Science

POLS 3563 Russian Politics, Government, and Society 3 cr
Survey of contemporary Russia that explores the social, cultural and economic factors shaping its domestic politics and foreign policy. Analyzes Russia's transformation after the collapse of the Soviet Union, citizenship and social agency, Russian identity formation in a multi-ethnic and multi-confessional state, and Russia's complex relationships with its neighbors and former Cold War foes. Students may not hold credit for both POLS 3630 and RUSN 3630.
Equiv To: RUSN 3630
Attributes: Social Science

POLS 3564 Comparative Defence Policy 3 cr
The examination within a comparative framework of the factors determining the making and implementation of the defence policies of a number of representative and significant countries.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2045, or the former POLS 2040 or the former POLS 2041 or written consent of instructor or department head.
Attributes: Social Science

POLS 3565 American Politics 3 cr
A survey of the institutions and processes of the contemporary American political system, including the constitutional system, federalism, the presidency, Congress, the Supreme Court, political parties, voting behavior, and civil rights. Students may not hold credit for both POLS 3565 and the former POLS 3920.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2602, or POLS 2005, or the former POLS 2000.
Mutually Exclusive: POLS 3920
Attributes: Social Science

POLS 3567 Canadian Political Parties 3 cr
This course provides students with an understanding of the origins, evolution, and programmes of Canadian political parties. Topics addressed include party types, party systems, party organization and financing, electoral activities and party leadership.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2702 or the former POLS 2070 or the former POLS 2071 or POLS 2073 and POLS 2075 or written consent of instructor or department head.
Attributes: Social Science

POLS 3570 Politics, Government and Society in Ukraine 3 cr
An analysis of political transition and development in Ukraine. Ukraine's international relations will also be examined. Students may not hold credit for both POLS 3720 and POLS 3140 when titled "Government Politics in Ukraine" or the former POLS 2920.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2602, or POLS 2005, or POLS 2045, or the former POLS 2040, or the former POLS 2041 or written consent of the instructor or department head.
Mutually Exclusive: POLS 2920, POLS 3140
Attributes: Social Science

POLS 3572 African Politics 3 cr
An examination of the pan-African perspective and the political and social dynamics of African state and society.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: A grade of C or better in one of: POLS 2504, or POLS 2045, or the former POLS 2040, or the former POLS 2041.
Attributes: Social Science

POLS 3580 International Student Internships 3 cr
An opportunity for students to gain work experience in a foreign organization or government agency.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Social Science

POLS 3590 International Relations 3 cr
An introduction to the discipline of international relations, including the study of states, corporations, regional organizations, and international institutions.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Social Science

Equiv To: RUSN 3650
Attributes: Social Science

POLS 3592 Introduction to Political Theory 3 cr
An introduction to the major political theories of the past 200 years, with a focus on contemporary applications.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Social Science

POLS 3600 Social Movements 3 cr
An examination of social movements, including their origins, development, and impact on society.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Social Science

POLS 3603 Social Movements 3 cr
An examination of social movements in Canada, including their origins, development, and impact on society.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Social Science

POLS 3640 Comparative Defence Policy 3 cr
The examination within a comparative framework of the factors determining the making and implementation of the defence policies of a number of representative and significant countries.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2045, or the former POLS 2040 or the former POLS 2041 or written consent of instructor or department head.
Attributes: Social Science

POLS 3650 American Politics 3 cr
A survey of the institutions and processes of the contemporary American political system, including the constitutional system, federalism, the presidency, Congress, the Supreme Court, political parties, voting behavior, and civil rights. Students may not hold credit for both POLS 3565 and the former POLS 3920.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2602, or POLS 2005, or the former POLS 2000.
Mutually Exclusive: POLS 3920
Attributes: Social Science

POLS 3670 Canadian Political Parties 3 cr
This course provides students with an understanding of the origins, evolution, and programmes of Canadian political parties. Topics addressed include party types, party systems, party organization and financing, electoral activities and party leadership.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2702 or the former POLS 2070 or the former POLS 2071 or POLS 2073 and POLS 2075 or written consent of instructor or department head.
Attributes: Social Science

POLS 3720 Politics, Government and Society in Ukraine 3 cr
An analysis of political transition and development in Ukraine. Ukraine's international relations will also be examined. Students may not hold credit for both POLS 3720 and POLS 3140 when titled "Government Politics in Ukraine" or the former POLS 2920.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: POLS 2504, or POLS 2602, or POLS 2005, or POLS 2045, or the former POLS 2040, or the former POLS 2041 or written consent of the instructor or department head.
Mutually Exclusive: POLS 2920, POLS 3140
Attributes: Social Science
POLS 3730 Canadian Constitutional Politics 3 cr
An in-depth examination of the constitutional foundations of the Canadian regime as well as the politics of the constitution and of constitutional reform.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: POLS 2702, or POLS 2073, or the former POLS 2070.
Attributes: Social Science

POLS 3740 Provincial Politics 3 cr
A survey of the politics of the Canadian provinces. Emphasis is on comparison of political cultures, governing institutions, political parties, elections and contemporary controversies. Students may not hold credit for both POLS 3740 and the former POLS 4180.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: POLS 2702, or POLS 2073, or the former POLS 2070.
Mutually Exclusive: POLS 4180
Attributes: Social Science

POLS 3750 City Politics 3 cr
An examination of both institutions and political processes related to city politics in Canada.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: a grade of C or better in one of: POLS 2702, or POLS 2073, or the former POLS 2070.
Attributes: Social Science

POLS 3760 Media and Politics 3 cr
An introduction to the role of media in politics. Topics include political communication, political marketing and media discourse.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Pre-requisite: a grade of C or better in one of: POLS 2702, or POLS 2073, or the former POLS 2070.
Attributes: Social Science

POLS 3810 Introduction to Marxism 3 cr
An overview of the thought of Karl Marx and Fredrick Engels, focusing on its philosophical origins, key concepts and ideas of their historical materialism, critique of political economy, political theory and philosophy. The development of Marxism after Marx and Engels, particularly in the tradition of Western Marxism, will be traced in the case of each concept and idea. Students may not hold credit for both POLS 3810 and the former POLS 4810.
Mutually Exclusive: POLS 4810
Attributes: Social Science

POLS 3860 Canadian Federalism 3 cr
An examination of Canadian federal structures and processes with emphasis on constitutional influences, the evolution of jurisdictions, province-building and contemporary federal issues.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: POLS 2702 or [both of POLS 2073 and POLS 2075] or the former POLS 2070.
Attributes: Social Science

POLS 3870 Politics of Indigenous-Settler Relations 3 cr
A disciplinary assessment of the theories, histories, development, and contemporary reality of settler-colonialism in Canada.
Attributes: Social Science

POLS 3872 Indigenous Governance 3 cr
This course examines theories, debates and controversies related to the study and practices of Indigenous governance both inside and outside the state-centric system. The objective is to engage students in critical thinking about these issues with a view to advancing their own ideas about the future of Indigenous governance in Canada. Students may not hold credit for both POLS 3872 and POLS 3140 when titled "Indigenous Governance," the former POLS 4150 or POLS 4160 when titled "Indigenous Governance."
Mutually Exclusive: POLS 3140, POLS 4150, POLS 4160
Attributes: Social Science

POLS 3880 Comparative Foreign Policy 3 cr
A comparative study of the factors affecting foreign policy in selected countries including, but not limited to, Canada, the United States, Russia, China, Japan, Great Britain, France, and Germany. The course also includes an examination of international, regional, and domestic factors affecting the creation of foreign policy by states. Students may not hold credit for both POLS 3880 and POLS 3881.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [POLS 2504, or POLS 2041, or the former POLS 2040] or written consent of instructor or department head.
Equiv To: POLS 3881
Attributes: Social Science

POLS 3940 Canadian Public Policy 3 cr
This course reviews the dominant theories that explain the origins and process of public policy development in Canada. Primary focus is on Canadian governmental actors and institutions.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: a grade of C or better in POLS 2902 or POLS 2571.
Attributes: Social Science

POLS 3950 Research Methods in the Study of Politics 3 cr
An introduction to the major quantitative and qualitative research strategies employed in the study of politics. The topics addressed include interviewing, content analysis, comparative studies, survey design, sampling, research ethics and basic statistical analysis. Students may not hold credit for both POLS 3950 and POLS 3951.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours of Political Studies at the 2000 level] or written consent of instructor or department head.
Equiv To: POLS 3951
Attributes: Social Science

POLS 4010 U.N. Security Council 3 cr
This course explores one of the most powerful but maligned organs of the UN - the Security Council. Drawing on legal texts, resolutions and case studies, this course explores the history and evolution of this organ. Particular attention is paid to its decision-making processes and contributions to international peace and security and international law. Students may not hold credit for both POLS 4010 and the former POLS 3580. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 3580
Attributes: Social Science

POLS 4070 Advanced Seminar: Canadian Government 3 cr
Examines the core institutions of Canadian government and politics including parliamentary government, federalism, the Constitution and the Charter of Rights and Freedoms. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science
POLS 4080  Advanced Seminar: Canadian Democracy  3 cr
Examines the core institutions and processes of Canadian democracy including political parties, elections, social movements and interest groups, representation and public opinion. Students may not hold credit for both POLS 4080 and POLS 4160 when offered with the topic "Canadian Democracy." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4090  Political Representation  3 cr
An exploration of the theories of, debates about, and empirical research into political representation and the institutional and behavioural elements that affect it. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4140  Canadian Political Ideas  3 cr
An examination of the ideas that underlie Canadian politics. What are the values at the centre of political movements in Canada and where do they come from? How have these values changed over time and why? We will attempt to answer these questions by exploring the development of Canadian political ideas as well as our current ideological context in Canada. Effort will be made to reflect on ideological debate on contemporary issues of the day. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4160  Selected Topics in Politics  3 3 cr
The content of this course will vary. Contact department for a course description. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of instructor or department head.
Mutually Exclusive: POLS 3872, POLS 4620
Attributes: Social Science

POLS 4170  Selected Topics in Politics  4 3 cr
The content of this course will vary. Contact department for a course description. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of instructor or department head.
Mutually Exclusive: POLS 4560, POLS 4580, POLS 4640, POLS 4920, POLS 4930, POLS 4950, POLS 4960, POLS 4970, POLS 4980
Attributes: Social Science

POLS 4190  Manitoba Politics and Government  3 cr
An examination of politics and government in modern Manitoba. Topics addressed include federal-provincial relations, parties and elections, political culture, the legislative process and public policy. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4200  Politics of Development  3 cr
A survey of the problems and prospects facing developing countries with a particular focus on the changes in international economic governance in the aftermath of the financial crisis and the Great Recession, the role of the state in development and the political economy of emerging economies. Students may not hold credit for both POLS 4200 and POLS 4160 when titled "Politics of Development." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4310  Advanced Seminar in Political Theory  3 cr
Topics may include, but are not limited to: advanced history of political theory, advanced contemporary political theory, political theory and the family, liberalism and critics, toleration, political theory and gender, and conservative political theory. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4370  Comparative Public Administration  3 cr
A study of the systems, processes, and values of public administration in an international comparative context. Topics include public sector organization and reform, international standards of policy and practice, and the role of international institutions in promoting public sector modernization. The course covers countries from several geographic zones and places domestic issues in the larger, global political economy. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4470  Managing Modern Government  3 cr
A study of the skills required to effectively manage in the public sector. Topics covered include: managerial effectiveness, written and interpersonal communication, gaining power and influence, working with political staff and politicians, conflict management, risk management, performance management, creating and working through teams, decision-making, motivation, and empowerment. Students may not hold credit for both POLS 4470 and the former POLS 4570. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4570
Attributes: Social Science

POLS 4520  American Foreign and Defense Policy  3 cr
Examines American foreign policy with an emphasis upon the post-Cold War period. Students may not hold credit for both POLS 4520 and the former POLS 4940. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4940
Attributes: Social Science

POLS 4540  Strategic Studies  1 3 cr
An in-depth examination of the politics surrounding the nature, role, and utility of armed force in international politics, with particular focus upon the dominant theories, concepts and ideas that have governed or driven the development and employment of armed force. Students may not hold credit for both POLS 4540 and the former POLS 4730. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4730
Attributes: Social Science

POLS 4570  Advanced Seminar in Political Theory  3 cr
Topics may include, but are not limited to: advanced history of political theory, advanced contemporary political theory, political theory and the family, liberalism and critics, toleration, political theory and gender, and conservative political theory. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Attributes: Social Science

POLS 4640  American Foreign and Defense Policy  3 cr
Examines American foreign policy with an emphasis upon the post-Cold War period. Students may not hold credit for both POLS 4520 and the former POLS 4940. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4940
Attributes: Social Science

October 05, 2022
POLS 4550 Strategic Studies 3 cr
An analysis of various post-Cold War dimensions of strategy. Topics covered include nuclear deterrence and proliferation, the evolution of warfare, counterinsurgency, terrorism, the use of robots on future battlefield, or cyberwarfare. Students may not hold credit for both POLS 4550 and the former POLS 4730. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: POLS 4540.
Mutually Exclusive: POLS 4730
Attributes: Social Science

POLS 4560 Canada and the Arctic 3 cr
An examination of the nature of domestic and international relations in the Arctic with an emphasis on the Canadian perspective. Students may not hold credit for both POLS 4560 and POLS 4170 when titled, "Canada and the Arctic: Issues of Governance and Security". Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4580 International Relations Theory 3 cr
An overview of the dominant and alternative analytical perspectives and debates in the study of International Relations. Students may not hold credit for POLS 4580 and any of POLS 3841 or POLS 4170 when titled "International Relations Theory." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 3840, POLS 3841, POLS 4170
Attributes: Social Science

POLS 4620 Politics of Advanced Industrial States 3 cr
A survey of major themes in the politics of advanced industrial countries to give a rounded picture of the principal issues – political, economic, social and policy-related – facing these societies and an overview of the sub-discipline of comparative politics, its methods and substance. Students may not hold credit for both POLS 4620 and POLS 4170 when titled "Comparative Politics of Advanced Industrial Countries." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4160
Attributes: Social Science

POLS 4630 Indigenous Political Movements and Activism 3 cr
Indigenous peoples have a long history of confronting the state. This course offers an examination of theories of political activism and Indigenous political movements. The course addresses questions such as: what are the unique characteristics of Indigenous political activism, why have these movements occurred, what change have these movements supported, and have these movements been successful. Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Attributes: Social Science

POLS 4640 Comparative Indigenous Politics 3 cr
An examination of Indigenous law and politics in a comparative perspective. The course introduces students to key themes, debates, ideas, trends and controversies pertaining to Indigenous law and politics and its study. Students may not hold credit for both POLS 4640 and POLS 4170 when titled "Comparative Indigenous Politics." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4920 Theories and Issues in Public Administration 3 cr
Integrating theory and practice helps to better understand the challenges facing public administration. Topics covered include changing approaches to management, human resource and financial management, reporting, accountability, citizen engagement, and network governance. Students may not hold credit for both POLS 4920 and POLS 4170 when titled "Theories and Issues in Public Administration." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4930 Public Policy Process and Issues 3 cr
An introduction to the idea of policy analysis, including key foundational concepts and significant theories, models, and approaches; how and why the policy process operates as it does (empirical) and how and why some think it should (normative); and specific policy issues. Students may not hold credit for both POLS 4930 and POLS 4170 when titled "Public Policy Process and Issues." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4950 Qualitative Methods and Communication 3 cr
Communication coupled with an understanding of qualitative research approaches are key to success in public administration. Topics include research design, policy research, referencing, evaluating writing and research, and presenting for results. Students may not hold credit for both POLS 4950 and POLS 4170 when titled "Qualitative Methods and Communications for the Public Sector." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4960 Governance and Administration 3 cr
An introduction to theories of organization and bureaucracy linked to administrative practices in the public sector. Governance models (Traditional Public Administration, New Public Management, Multi-level Governance) in the Canadian, provincial, and local context will be explored. Students may not hold credit for both POLS 4960 and POLS 4170 when titled "Governance and Administration." Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.

Mutually Exclusive: POLS 4170
Attributes: Social Science
POLS 4970 State-Civil Society Relations 3 cr
An examination of how the state relates to civil society actors, notably the voluntary sector in Canada. Students will critically assess the role voluntary organizations play - and should play - in governing process. Students may not hold credit for both POLS 4970 and POLS 4170 when titled “State-Civil Society Relations.” Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4170
Attributes: Social Science

POLS 4980 Public Opinion and Public Policy 3 cr
An exploration of the nature, expression, and measurement of public opinion; how governments use public opinion; and the benefits and challenges associated with the use of public opinion in governance. Students may not hold credit for both POLS 4980 and the POLS 4170 when titled “Public Opinion and Public Policy.” Restricted to students enrolled in the Honours program in Political Studies or with written consent of the instructor or department head.
Mutually Exclusive: POLS 4170
Attributes: Social Science

Portuguese (PORT)

PORT 1170 Introductory Portuguese 6 cr
(Lab required) A course designed for those with little or no previous knowledge of Portuguese. The course includes grammar, reading and oral practice, with language laboratory exercises. An oral approach is utilized. The student is given glimpses of cultural aspects of Portugal and Brazil. Students with high school Portuguese or its equivalent may not normally take the course for credit. Not open to students who have previously obtained credit in PORT 1282.
Attributes: Humanities, Recommended Intro Courses

PORT 1282 Intermediate Portuguese Grammar and Conversation 1 3 cr
(Lab required) This course is the first of the intermediate Portuguese language sequence. Focus is on developing intermediate skills in reading, writing, speaking and listening. The primary goals are to build communicative competence and enhance social and cultural awareness of Portugal and Brazil. Not open to students with native oral fluency.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [PORT 1170] or written consent of instructor or department head.
Attributes: Humanities, Recommended Intro Courses

Preventive Dental Science (PDSD)

PDSD 2410 Pediatric Dentistry- 1 3 cr
A series of lectures and laboratories to introduce the student to: the fundamental principles of dental growth and development of children, introduction to operative dentistry and preventative techniques commonly used in dentistry for children. May not be held with PDSD 2070.
Mutually Exclusive: PDSD 2070

PDSD 2420 Dental Public Health 1 cr
This course introduces students to healthcare concepts from a systems-level viewpoint. Topics include the methods used in Dental Public Health, history and structure of Canadian Medicare, a parallel view of Canadian dental care, social determinants of health, health promotion, measurement methods for dental health and disease, epidemiology of dental disease in Canada, and access to dental care. May not be held with the former PDSD 2130.
Mutually Exclusive: PDSD 2130

PDSD 2430 Introduction to Orthodontics 1 cr
This course provides students with an introduction to growth and development, orthodontic records, diagnosis of malocclusion, modalities of treatment using removable appliances, basic biomechanics and simple wire bending. May not be held with the former PDSD 1020 or the former PDSD 1400 or the former PDSD 2020 or the former PDSD 2400.
Mutually Exclusive: PDSD 1020, PDSD 1400, PDSD 2020, PDSD 2400

PDSD 3040 Dental Public Health 2 3 cr
This course uses on-line self-study, classroom discussion, a formal debate, and clinical externships to introduce students to historical and contemporary public health topics. Topics covered include the history of fluoride use to prevent dental caries, the theory and methods for oral disease prevention in populations, the principles and methods for evidence-based practice, and geriatric and sports dentistry. May not be held with the former PDSD 3140 or the former PDSD 3422.
Mutually Exclusive: PDSD 3140, PDSD 3422

PDSD 3402 Pediatric Dentistry 2 3 cr
A series of seminars covering the analysis, diagnosis, treatment planning, and mechanotherapy using records of selected cases. The clinical component consists of the diagnosis and treatment planning for individuals seeking orthodontic treatment. The clinical experience includes exposure to removable and fixed mechanotherapy, screening of patients seeking orthodontic care and follow-up of retention of completed cases. May not be held with PDSD 3040.
Mutually Exclusive: PDSD 3040

PDSD 3404 Orthodontics 4 2 cr
This course consists of seminars on special topics related to the provision of orthodontic therapy. In addition, the clinical component including the diagnosis and treatment planning for individuals seeking orthodontic treatment as well as the continuation of treatment commenced in PDSD 3040. Clinical seminars cover the analysis, diagnosis, treatment planning, mechanotherapy and post-treatment evaluation of previously treated cases. May not be held with PDSD 4060.
Mutually Exclusive: PDSD 4060

PDSD 4402 Orthodontics 4 2 cr
(Formerly PDSD 4050) This course consists of clinical experience including exposure to common pediatric dentistry problems, caries preventive and control procedures, routine conservative procedures and the dental treatment of children in community-based clinics. May not be held with PDSD 4050.
Mutually Exclusive: PDSD 4050
PDSD 4422 Community Dentistry Externship 4 cr
The clinical portion of the program is centered in community outreach clinics in the City of Winnipeg. The students spend time at a pediatric community clinic, a low income community clinic, and at geriatric clinic. The clinics serve the elderly, children, Indigenous, or patients from low income families. The didactic portion of the program focuses mainly on geriatric dentistry. May not be held with the former PDSD 4080. Course evaluated on a pass/fail basis.
Mutually Exclusive: PDSD 4080

Psychology (PSYC)

PSYC 1200 Introduction to Psychology 6 cr
Basic concepts and principles of individual behaviour are examined, particularly those of human development, normal and abnormal behaviour, social psychology, learning, perception, and psychological measurement. Students may not hold credit for PSYC 1200 and any of: PSYC 1211 or PSYC 1221 or the former PSYC 1201. Prerequisite for all other courses in Psychology.
Equiv To: PSYC 1201
Mutually Exclusive: PSYC 1211, PSYC 1221
Attributes: Social Science, Recommended Intro Courses

PSYC 2250 Introduction to Psychological Research 3 cr
Examines psychology as a scientific discipline and describes methods of collecting and interpreting psychological data. Required of all Majors and normally taken in the second year. Students may not hold credit for both PSYC 2250 and PSYC 2251.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Equiv To: PSYC 2251
Attributes: Social Science

PSYC 2260 Introduction to Research Methods in Psychology 3 cr
Discusses concepts of inductive inference and explanation. The nature of research designs is emphasized. Required of all Majors and normally taken in the second year. Students may not hold credit for both PSYC 2260 and PSYC 2261.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PSYC 2250 or PSYC 2251.
Equiv To: PSYC 2261
Attributes: Mathematics Requirement, Social Science

PSYC 2290 Child Development 3 cr
The course deals with normal psychological development from prenatal life until puberty. The scientific approach to child study is emphasized. Students may not hold credit for PSYC 2290 and any of: PSYC 2291 or FMLY 2600.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Equiv To: PSYC 2291
Mutually Exclusive: FMLY 2600
Attributes: Social Science

PSYC 2360 Brain and Behaviour 3 cr
This course explores the relationship between brain and behaviour. The student will first learn about the fundamental elements of the nervous system. Lectures will integrate these elements into discussions of systems responsible for sensation, motor control, emotion, sleep, learning and memory. Clinical scenarios will be used to illuminate function. Students may not hold credit for PSYC 2360 and any of: PSYC 2361, or PSYC 3530 or PSYC 3531 or PSYC 3540 or the former PSYC 3541 when titled Brain and Behaviour.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Equiv To: PSYC 2361
Attributes: Social Science

PSYC 2380 Psychology of Gender 3 cr
A critical examination of the similarities and differences between women and men with a particular emphasis on gender roles and gender identity. Students may not hold credit for both PSYC 2380 and the former PSYC 2400.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Mutually Exclusive: PSYC 2400
Attributes: Social Science

PSYC 2430 Humanistic and Transpersonal Psychology 3 cr
A survey of such topics as search for meaning, personal growth, self-actualization, electric stimulation of the brain, meditation, and extrasensory perception.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Mutually Exclusive: PSYC 2400
Attributes: Social Science

PSYC 2440 Behaviour Modification Principles 3 cr
The fundamental assumptions, principles, and procedures of behaviour modification are described and illustrated by applications to normal and abnormal human behaviour. Students may also conduct supervised projects in applied areas or in basic behavioural research. Students may not hold credit for both PSYC 2440 and PSYC 2441.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Equiv To: PSYC 2441
Attributes: Social Science

PSYC 2470 Learning Foundations of Psychology 3 cr
Examines basic learning processes, along with examples of how psychologists study them. Emphasis is placed on how knowledge of basic learning processes can help us understand complex human behaviour.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Attributes: Social Science
PSYC 2480  Cognitive Processes  3 cr
An introduction to the higher mental processes from an information processing perspective. Topics include attention, cognitive development, imagery, language, memory and problem-solving. Extensive reference will be made to recent experimental findings. Students may not hold credit for both PSYC 2480 and PSYC 2481.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Equiv To: PSYC 2481
Attributes: Social Science

PSYC 2490  Abnormal Psychology  3 cr
The study of theory and research on abnormal human behaviour. The major forms of psychological disturbance are discussed. An introduction to the prevention and treatment of psychological disturbances is given. Students may not hold credit for PSYC 2490 and any of: PSYC 2491 or the former PSYC 3460 or the former PSYC 3461.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Equiv To: PSYC 2491, PSYC 3460, PSYC 3461
Attributes: Social Science

PSYC 2500  Elements of Ethology  3 cr
This course involves one three-hour lecture meeting and one laboratory per week and concerns the study of animal behaviour through lectures, films, and field trips. Parakeets, flies, and/or ducklings plus one animal of the student's choice will be observed.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Attributes: Social Science, Written English Requirement

PSYC 2510  Comparative Psychology  3 cr
This course examines the viability of comparative psychology today, the type of subjects used in comparative psychology research, its history and background, some applications and contemporary viewpoints, and its current status.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Attributes: Social Science

PSYC 2520  Orientations to Psychological Systems  3 cr
Examines and contrasts humanistic, psychodynamic, cognitive, and behavioural psychology with regard to consciousness vs. the unconscious, free-will vs. determinism, holism vs. analysis, purpose vs. past influences, transcendentalism vs. physicalism, and focus on the person vs. focus on problems.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Attributes: Social Science

PSYC 2530  Psychology of Personality  3 cr
The study of theory and research on the principles affecting personality development and structure. Students may not hold credit for PSYC 2530 and any of: PSYC 2531 or the former PSYC 3450 or the former PSYC 3451.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Equiv To: PSYC 2531, PSYC 3450, PSYC 3451
Attributes: Social Science

PSYC 2540  Social Psychology  3 cr
This course provides a basic introduction to the ways in which we affect and are affected by the behaviour of others. Topics typically include: attitudes and attitude change, social beliefs and judgements, conformity, persuasion, social norms and roles, group dynamics, prejudice, aggression, altruism, attraction and close relationships, and intergroup conflict. Students may not hold credit for PSYC 2540 and any of: PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Equiv To: PSYC 2541
Mutually Exclusive: PSYC 2410, PSYC 2411, PSYC 2420, PSYC 2421
Attributes: Social Science

PSYC 2660  Sport Psychology  3 cr
This course involves one three-hour lecture meeting and one laboratory per week and concerns the study of animal behaviour through lectures, films, and field trips. Parakeets, flies, and/or ducklings plus one animal of the student's choice will be observed.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.

Attributes: Social Science

PSYC 3110  Research in Social Psychology  3 cr
This course will provide an introduction to conducting research in social psychology. Students will gain experience in all facets of the research process including experimental design and preparation, human ethical review, data collection and analysis, and report writing.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2260 or PSYC 2261] and [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421].

Attributes: Social Science

PSYC 3130  Introduction to Health Psychology  3 cr
This course offers a survey of psychological issues in health and illness. Major topics will include the biopsychosocial approach, mental models of illness, pain, stress and coping, health-damaging and health-promoting behaviours, and psychological issues in medical care. Students may not hold credit for PSYC 3130 and any of: PSYC 3131 or PSYC 3530 when titled "Health Psychology."

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] or written consent of department head.

Equiv To: PSYC 3131
Mutually Exclusive: PSYC 3530, PSYC 3531
Attributes: Social Science
PSYC 3150  Behaviour Modification Applications  3 cr
Guidelines for designing, implementing, and evaluating behaviour modification applications are described in detail. Students may also conduct supervised projects in applied areas or in basic behavioural research. Students may not hold credit for PSYC 3150 and any of: PSYC 3151 or the former PSYC 2450 or the former PSYC 2451.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2440 or PSYC 2441] or written consent of department head.
Equiv To: PSYC 3151
Mutually Exclusive: PSYC 2450, PSYC 2451
Attributes: Social Science

PSYC 3160  Perception and Attention  3 cr
This lecture course will provide you with a basic introduction to the characteristics and processes of human perception. A scientific approach will be used with specific emphasis on exploring the relation between experimental evidence and theory. Topics to be covered include transmission of information through the visual and auditory systems, visual and auditory pattern recognition, selective and divided attention, and the role of attention and interpretation in perception. Students may not hold credit for both PSYC 3160 and PSYC 3441.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2480 or PSYC 2481] or written consent of department head.
Equiv To: PSYC 3441
Attributes: Social Science

PSYC 3170  Research in Cognitive Psychology  3 cr
This course will provide an introduction to conducting research in human perception and cognition. Students will gain experience in all facets of the research process including: critical reading of relevant literature, experimental design and preparation, data collection and analysis, and report writing. Activities may include critiques of published research, research proposals, individual and/or group projects, research reports, and individual and/or group presentations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2480 or PSYC 2481] or written consent of department head.
Attributes: Social Science

PSYC 3200  Thinking Critically About Psychological Research  3 cr
This course will teach students to apply critical thinking skills in the evaluation of psychological research. Core components will include the logic of research design, analysis and interpretation, the description of psychological studies, and the critical reading of published research. Activities will include the preparation of critiques of research claims published in both academic journals and in the main-stream press, sample research proposals, individual and/or group projects, and individual and/or group presentations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2260 (B) or PSYC 2261 (B) or the former PSYC 2300] and written consent of department head.
Attributes: Social Science, Written English Requirement

PSYC 3310  Adolescent Development  3 cr
This course deals with normal psychological development from puberty until adulthood. Results of scientific research are emphasized. Students may not hold credit for PSYC 3310 and any of: PSYC 3311 or the former PSYC 2310 or the former PSYC 2311.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2290 or PSYC 2291] or written consent of department head.
Equiv To: PSYC 2310, PSYC 2311, PSYC 3311
Attributes: Social Science

PSYC 3340  Design and Analysis for Psychological Experiments  3 cr
Methods for controlling sources of internal validity in psychological experiments, such as randomization, blocking, factorial configuration, and repeated measurements, will be discussed. Descriptive and multivariate methods of analysis will also be introduced. The use of statistical packages will be illustrated. Students may not hold credit for PSYC 3340 and any of: PSYC 3441 or the former PSYC 4570.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2260 (B) or PSYC 2261 (B) or the former PSYC 2300] and written consent of department head.
Equiv To: PSYC 3441, PSYC 4570
Attributes: Social Science

PSYC 3350  Behavioural Neuroscience  3 cr
This course presents the fundamentals of the neurobiology of behaviour. Special importance is placed on the information-processing properties of the nervous system in order to provide a uniform framework for the understanding of such topics as perception, attention, sleep and wakefulness, motivation, and learning. Students may not hold credit for PSYC 3350 and any of: PSYC 3351 or the former PSYC 3330 or the former PSYC 3331.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2290 or PSYC 2291] or written consent of department head.
Equiv To: PSYC 3330, PSYC 3331, PSYC 3351
Attributes: Social Science

PSYC 3360  Experimental Child Psychology  3 cr
Research methods for developmental psychology are reviewed: ethics, conducting experiments with child participants in a group project, research design, data analysis, writing research papers in APA format, and creating a poster presentation.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: PSYC 2290 or PSYC 2291.
Attributes: Social Science

PSYC 3380  Nature, Nurture and Behaviour  3 cr
This course provides an overview of behavioural genetics. It will introduce students to the basic principles of Mendelian, population, and quantitative genetics, as well as how they are used for the study of neuro-behavioural phenotypes, characteristics and traits in human, animal and insect systems, and how genes contribute to behaviour. Societal and ethical implications of the results of behavioural genetics are considered. Students may not hold credit for both PSYC 3380 and PSYC 3530 when titled "Nature, Nurture, and Behaviour."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2360 or PSYC 2361] or written consent of department head.
Attributes: Social Science, Written English Requirement
PSYC 3390  Thinking  3 cr
The class surveys work in cognitive science. Topics include probabilistic reasoning, heuristics and biases, artificial neural networks, mental representation of number, and the cognitive unconscious.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2480 or PSYC 2481] or written consent of department head.
Attributes: Social Science
PSYC 3430  Sensory Processes  3 cr
A review of the structure and function of biological receptor systems and how they mediate information about the environment. It includes such topics as receptor transduction, neural correlates of sensation, and neural models of sensory discrimination.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2360 or PSYC 2361] or written consent of department head.
Attributes: Social Science
PSYC 3470  Dyadic Relations  3 cr
This course covers friendship formation and dyadic relations – linking, liking, loving, and leaving – from an empirically oriented psychological perspective. Students may not hold credit for both PSYC 3470 and the former PSYC 2460.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] or written consent of department head.
Equiv To: PSYC 2460
Attributes: Social Science
PSYC 3490  Individual Differences  3 cr
This course is concerned with the systematic way in which individuals vary. Topics include individual differences as a function of sex, age, race, and socioeconomic status. Specific behaviours to be studied include reaction-time differences, differences in intelligence, differences in aptitudes and interests, and differences in motor abilities. The reasons for some of these differences will also be delineated. Hence genetic and physiological factors, as well as psychological explanations for individual differences, will be studied.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] or written consent of department head.
Attributes: Social Science
PSYC 3520  Independent Research in Psychology  1  3 cr
Students carry out a research project and write a paper. Research may include historical, theoretical or experimental analyses of psychological problems. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors and have completed one of: both PSYC 2250 and PSYC 2260, or both PSYC 2251 and PSYC 2261, or the former PSYC 2300. A student may not hold credit for more than two of PSYC 3520 or PSYC 3560 or PSYC 3590.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: prearranged written consent of an individual instructor and written consent of department head.
Attributes: Social Science
PSYC 3530  Contemporary Issues  1  3 cr
The content of this course will vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Students may not hold credit for both PSYC 3530 and PSYC 3531.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] and written consent of department head.
Mutually Exclusive: PSYC 3130, PSYC 3131
Attributes: Social Science
PSYC 3540  Contemporary Issues 2  3 cr
The content of this course will vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Students may not hold credit for both PSYC 3540 and the former PSYC 3541.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 1200 or the former PSYC 1201] or [PSYC 1211 and PSYC 1221] and written consent of department head.
Attributes: Social Science
PSYC 3550  Supervised Field Study in Psychology  3 cr
Students usually do supervised field work in a community setting and write a paper. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors. A student may not hold credit for more than two of: PSYC 3520, PSYC 3560, PSYC 3590.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: prearranged written consent of an individual instructor and written consent of department head.
Attributes: Social Science
PSYC 3570  Psychology of Women  3 cr
Examines the unique experiences of women from a psychological perspective. Psychological theory and empirical research will inform course content. Students may not hold credit for both PSYC 3570 and the former PSYC 2390.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2380 or the former PSYC 2400] or written consent of department head.
Mutually Exclusive: PSYC 2390
Attributes: Social Science
PSYC 3580  Language and Thought  3 cr
An examination of recent investigations of human language behaviour. Emphasis will be placed on natural language phenomena, which will be examined within the framework of modern theories of thought. Some of the topics considered include communication, the development of language, and natural language comprehension.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2480 or PSYC 2481] or written consent of department head.
Attributes: Social Science
PSYC 3590 Independent Research in Psychology 2 3 cr
Students carry out a research project and write a paper. Research may include historical, theoretical or experimental analysis of psychological problems. Normally available only to third and fourth year students who are in Honours Psychology or who are Psychology Majors and have completed one of: both PSYC 2250 and PSYC 2260, or both PSYC 2251 and PSYC 2261, or the former PSYC 2300. A student may not hold credit for more than two of: PSYC 3520, PSYC 3560, PSYC 3590.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: prearranged written consent of an individual instructor and written consent of department head.
Attributes: Social Science

PSYC 3610 Memory 3 cr
Selected topics in human memory are reviewed, including the physiological and chemical bases for learning and memory, primary determinants of forgetting, memory models, nonverbal memory, organization in memory, and the use of mnemonic schemes to improve memory.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2480 or PSYC 2481] and written consent of department head.
Attributes: Social Science

PSYC 3630 Psychological Measurement and Assessment 3 cr
A study of the basic concepts of measurement in psychology and the application of these concepts in selected areas of psychology. The principal topics of the course will be historical foundations, basic concepts such as reliability, validity, and invariance, the use of different tests and instruments, scaling, and the unique aspects of measurement encountered in different areas of psychology. Students may not hold credit for both PSYC 3630 and PSYC 3631.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2260 (B) or PSYC 2261 (B) or the former PSYC 2300] and written consent of department head.
Equiv To: PSYC 3631
Attributes: Social Science

PSYC 3650 Introduction to Clinical Psychology 3 cr
Clinical psychology is presented as both a scientific and an applied discipline. Such topics as assessment, intervention, research, and professional issues are covered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2490 or PSYC 2491 or the former PSYC 3460 or PSYC 3461] or written consent of department head.
Attributes: Social Science

PSYC 3860 Child Language Development 3 cr
The study of first language acquisition from infancy through childhood. Aspects of phonology, morphology, pragmatics and syntax acquisition are discussed, as well as formal theories of acquisition, second language and bilingual acquisition, atypical development and the relationship of language acquisition with literacy. Also offered as LING 3860. Students may not hold credit for PSYC 3860 and any of: LING 3860 or the former PSYC 2860 or the former LING 2860.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2290 or PSYC 2291] or [9 credit hours of Linguistics courses] or written consent of department head.
Equiv To: LING 2860, LING 3860, PSYC 2860
Attributes: Social Science

PSYC 3870 Brain Plasticity 3 cr
The course will feature the relationship between the brain and experience. Brain plasticity refers to the ability of the brain to change its structure and function. Experience, which includes development, learning, and damage, is a major cause of plasticity in all organisms. Students will be exposed to theories on how much plasticity is possible, how it can be measured, how it can be used, and whether it can be enhanced. Students may not hold credit for both PSYC 3870 and PSYC 4540 when titled "Brain Plasticity."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2360 or PSYC 2361] and written consent of department head.
Attributes: Social Science

PSYC 4400 Theories of Close Relationships 3 cr
Students will be exposed to theories that apply to the initiation, development, maintenance, and dissolution of relationships. The primary focus will be on evolutionary theory, attachment styles, communal and exchange relationships, equity theory, interdependence theory and the investment model, attributional theories, and theories of love. Students may not hold credit for both PSYC 4400 and PSYC 4540 with the topic "Theories of Close Relationships."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
Mutually Exclusive: PSYC 4540

PSYC 4410 Cross-cultural Social Psychology 3 cr
Cross-cultural psychology is the critical and comparative study of the linkages between cultural norms and thoughts, feeling and behaviour. This course focuses on Cross-cultural Social Psychology. Therefore the assigned readings deal with topics that Social Psychology, in general, examines. Students may not hold credit for both PSYC 4410 and PSYC 4540 with the topic "Cross-cultural Social Psychology."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
Mutually Exclusive: PSYC 4540

PSYC 4420 Neuroimaging: Imaging Thoughts 3 cr
This course will explore how neuroimaging can illuminate our models of various aspects of cognition, including attention, vision, language, memory and learning, executive functions, emotion and various neuropathologies. Students may not hold credit for both PSYC 4420 and PSYC 4540 with the topic "Imaging Thoughts."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4430 Vision: Perception and Action 3 cr
An intensive review of current research and theories in visual processes. Both behavioural and physiological aspects of vision will be considered. Course goals are directed at offering a better understanding of visual perception and the visual control of action. Students may not hold credit for both PSYC 4430 and PSYC 4540 with the topic "Vision Science."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science
PSYC 4440  Readings in Autism Spectrum Disorders  3 cr
Students will read recent research in Autism Spectrum Disorders, acquire skills to critically evaluate empirical evidence, and examine implications for practice. Among the topics covered will be assessment, diagnosis, epidemiology, and applied behaviour analysis early intervention. Students may not hold credit for both PSYC 4440 and PSYC 4540 with the topic "Autism Spectrum Disorders."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4450  Animal Behaviour 1  3 cr
The nature-nurture controversy will be discussed, followed by a survey of the diverse behaviours relating to the physical environment (e.g., food storage); predation (e.g. trapping); defence (e.g., camouflage); and migration.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4460  Animal Behaviour 2  3 cr
A more detailed analysis of selected topics including communication, animal populations, and the social use of space in humans and infrahumans.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4490  Comparative Psychology  3 cr
A survey of similarities and differences of behaviour at various phylogenetic levels. Topics include evolution, genetics, sensory processes, neuropsychology, learning processes, and social behaviour.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4492  Psychology of Addiction  3 cr
This course will introduce the psychology of addictive disorders, including their history, prevalence and incidence, and basic drug actions. It will also survey research on biological, psychological, and social factors that contribute to the development and maintenance of addictive disorders. Students may not hold credit for both PSYC 4492 and PSYC 4540 when titled "Introduction to the Psychology of Addiction."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4510  Applied Behaviour Analysis in Developmental Disabilities  3 cr
Students will read recent applied behaviour analytic research in behavioural assessments and interventions for people with developmental disabilities, acquire skills to critically evaluate empirical evidence, and examine implications for practice. Students may not hold credit for both PSYC 4510 and PSYC 4540 with the topic "Research in Developmental Disabilities."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4520  Honours Research Seminar  6 cr
In first term there will be an examination of important experimental issues, and several experimental assignments. In addition, each student will propose a research project of greater scope to be conducted under the supervision of a Psychology staff member. In second term, students will carry out their projects and report their findings.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [90 credit hours towards honours program, including PSYC 3200, and three credit hours in PSYC 3340 or PSYC 3341 or the former PSYC 4570, and three credit hours in PSYC 3630 or PSYC 3631 or the former PSYC 4500] and written consent of department head.
Attributes: Social Science, Written English Requirement

PSYC 4540  Contemporary Issues 1  3 cr
Course content may vary from year to year, but in general it will entail either some specific topic of prominent interest in psychology or a psychological analysis of some problem of current public interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Mutually Exclusive: PSYC 4400, PSYC 4410, PSYC 4562, PSYC 4660
Attributes: Social Science

PSYC 4550  Health Psychology  3 cr
This course focuses on understanding how psychological factors contribute to the promotion and maintenance of good health, to the prevention and treatment of illness, and to recovery from or adjustment to existing illness.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4562  Social Psychology and Health  3 cr
This course uses theories and concepts from social/personality psychology to gain a better appreciation of what health is and how to achieve it, at the individual and population levels. Students may not hold credit for both PSYC 4562 and PSYC 4540 with the topic "Social Psychology and Health."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2530 or PSYC 2531 or PSYC 2540 or PSYC 2541 or PSYC 3130 or PSYC 3131 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421 or the former PSYC 3450 or the former PSYC 3451] and written consent of department head.
Mutually Exclusive: PSYC 4540
Attributes: Social Science

PSYC 4564  Self-regulation and Health  3 cr
This course examines how self-regulatory processes such as goal-setting and self-awareness can affect behaviours that promote or undermine human health. A wide range of health-related behaviours is considered such as smoking, exercise, safe-sex practices, and eating. Students may not hold credit for both PSYC 4564 and PSYC 4540 with the topic "Self-regulation and Health."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science
PSYC 4566 Psychology of Health and Aging 3 cr
This course considers how adults adapt to the challenges of aging and the accompanying health problems. Seminar discussions will focus on selected psychological theories and related empirical literature regarding belief systems that operate in the face of health- and age-related challenges. Students may not hold credit for both PSYC 4566 and PSYC 4540 with the topic "Health and Aging."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4580 Elements of Behavioural Pharmacology 3 cr
Data and theories related to psychoactive agents are introduced, with emphasis on therapeutic drug classes, drugs of abuse, and methodological issues in drug research. The focus is on the behavioural analysis of drug action, but a neuropathological analysis is developed where it has a firm relationship to the behavioural analysis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4600 Selected Topics in Developmental Psychology 3 cr
The specific content of this course will vary from year to year. A description of the course is available in advance at the Psychology general office. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4610 Social Cognition 3 cr
Focus on the processes determining how people perceive themselves and others in their social world. From topics such as causal attribution, psychological control, person memory, and social inference, the course will address selected issues from theoretical and empirical perspectives.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 4590 when titled "Self and Social Perception."] and the former PSYC 4211 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
Attributes: Social Science

PSYC 4620 Community Mental Health 3 cr
A seminar covering contemporary issues in community mental health and their relation to psychological services. Topics include the history of the community mental health movement, de-institutionalization as a social policy, the etiology and epidemiology of mental disorders, recognition of and response to mental disorders, mental health systems, community-based mental health services, and prevention of mental disorders. Students may not hold credit for both PSYC 4620 and PSYC 4540 offered as Community Mental Health.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4630 Behavioural Endocrinology 3 cr
A comparative approach is adopted to examine how hormones influence a diversity of behaviours through their actions on brain function, the physiological substrates of the behaviours, and their development as evolutionary adaptations. Techniques used by behavioural neuroscientists to study the behavioural and neuroendocrine interactions are surveyed.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 3350 or PSYC 3351 or the former PSYC 3330 or the former PSYC 3331] and written consent of department head.
Attributes: Social Science

PSYC 4640 Person X Situation Interactionism 3 cr
We will first explore research demonstrating the impact of personality and situations, separately, on behaviour. We then examine the debate that arose about whether understanding the person or situation would have the most scientific merit. We spend the remainder (and the majority) of the course discussing the theories and research that arose from that debate. The majority of this research has an interactionist perspective, taking both the person and his/her situation into account. Students may not hold credit for both PSYC 4640 and PSYC 4540 with the topic "Person X Situation Interactionism."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

PSYC 4650 The Self and Social Perception 3 cr
This course examines: 1) bases of self-knowledge such as social comparison, feedback from others, and introspection, 2) recent perspectives on the nature of the self-concept and self-presentation, and 3) motivational and cognitive mechanisms guiding self-relevant information processing. Students may not hold credit for both PSYC 4650 and the former PSYC 4590 when titled "Self and Social Perception."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
Mutually Exclusive: PSYC 4590
Attributes: Social Science

PSYC 4660 Intergroup Relations 3 cr
This course examines intergroup relations from a social psychological perspective. Key topics include sources of prejudice and discrimination, the "target's" perspective, and strategies for reducing prejudice and discrimination. Students may not hold credit for both PSYC 4660 and PSYC 4540 when titled "Intergroup Relations."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [PSYC 2540 or PSYC 2541 or the former PSYC 2410 or the former PSYC 2411 or the former PSYC 2420 or the former PSYC 2421] and written consent of department head.
Mutually Exclusive: PSYC 4540
Attributes: Social Science

Recreation Studies (REC)

REC 2100 Introduction to Leisure Travel 3 cr
To provide an introduction to tourist behaviour and the tourism system through an overview of: why people travel; the components of tourism; the scope and organization of tourism in Canada; and the interrelationship between recreation and tourism. May not be held with the former PERS 1300 or the former REC 1200.
Equiv To: PERS 1300, REC 1200
Attributes: Recommended Intro Courses
**REC 2130** Introduction to Outdoor and Land-Based Recreation  3 cr
This course examines human relationships to the outdoors. Through the exploration of historical and contemporary philosophies and theories about the outdoors, the course will introduce Indigenous ways of knowing and being in relation to the multiple conceptualizations of outdoor recreation, environmental education and outdoor experiential education. Special attention will be given to issues of social and environmental justice within outdoor practices within Canadian and global contexts.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of KPER 1400 (or the former PERS 1400, or the former REC 1400), NATV 1000, NATV 1200, NATV 1220, NATV 1240, or permission of instructor.

**REC 2150** Introduction to Therapeutic Recreation  3 cr
An examination of the current principles of therapeutic recreation in relation to their practical application to individuals in clinical settings such as nursing homes, hospitals and other long-term care facilities. May not be held with the former REC 4150.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 1400 (or the former PERS 1400 or the former REC 1400).

**Equiv To:** REC 4150

**REC 2170** Introduction to Sport Management  3 cr
This course provides an introduction to sport management focusing primarily on North American sport. This course gives students an introduction to basic management functions and how they relate to sport management at the community, interscholastic, intercollegiate and professional levels. May not be held with the former REC 4170.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 1400 (or the former PERS 1400 or the former REC 1400).

**Equiv To:** REC 4170

**REC 2400** Management and Marketing of Leisure Services  3 cr
Basic management, and marketing principles and practices and their applicability to delivery of leisure services. Topics include financial resources, budgeting, people-centred management, and marketing.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 1400 (or the former PERS 1400 or the former REC 1400).

**REC 2650** The Social Aspects of Aging  3 cr
An examination of the social aspects of aging. Emphasis on understanding the aging process as a life transition involving adaptation through interaction with social and physical environments. This is an Option in Aging course and may not be held for credit with FMLY 2650 (the former HMEC 2650, SWRK 2650).

**Equiv To:** FMLY 2650, HMEC 2650, IDES 2650, SWRK 2650

**REC 3072** Community Development Principles  3 cr
An introduction to community development principles and the role recreation and leisure play in developing healthy and vibrant communities. This course emphasizes connections between community, recreation, and leisure.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisites: KPER 2200 (or the former PERS 2200 or the former PHED 3080), or the former REC 2530.

**REC 3090** Sustainable Nature-Based Tourism  3 cr
Analysis of the growth and development of sustainable nature-based tourism as a global and regional phenomenon. Particular emphasis will be placed upon the fundamental principles of sustainability, natural resource and visitor management for recreation, and the role of outdoor recreation and education in Sustainable Tourism Planning and Management. Note: A fieldwork fee is attached to the course.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: [KPER 1400 (or the former PERS 1400 or the former REC 1400)] and [REC 2100 (or the former PERS 1300 or the former REC 1200)].

**REC 3170** Sport and Development in Community  3 cr
An examination of the multiple uses of sport across communities for the purposes of development broadly defined. Emphasis is placed on exploring both theoretical and practical aspects of development in the leisure, sport and physical activity experiences of a multitude of communities at the local and national levels. This course aims to unpack, explore and describe the diverse lived experiences with sport, physical activity and leisure.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisites: REC 2170 or the former REC 4170.

**REC 3180** Social Psychology of Leisure  3 cr
This course explores the leisure behaviour of individuals in social contexts and examines current social psychological thinking about leisure experiences. Application of leisure behaviour concepts, theories and research in the delivery of leisure programs and services will be emphasized.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisites: PSYC 1200, or (PSYC 1211 and PSYC 1221) or permission on instructor.

**REC 3220** Program Planning and Evaluation  3 cr
(Lab required) Consideration and application of program planning principles as they relate to specialized contexts and diverse populations. Foundations of interpersonal communication for effective and successful program implementation with emphasis on program evaluation. May not be held with the former REC 3200, the former REC 2540 or the former REC 3870.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: KPER 2200 (or the former PERS 2200).

**Equiv To:** REC 3200

**Mutually Exclusive:** REC 2540, REC 3870

**REC 3310** Cultural Tourism  3 cr
This course will provide students with an understanding of various stakeholder perspectives related to visiting and operating cultural tourism attractions. The following topics will be discussed: tourists’ motivations and experiences, cultural resource managers’ perspectives on tourism, tourism industry leaders’ viewpoint on cultural resources and the relationship between cultural producers and consumers.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 2100 (or the former PERS 1300 or the former REC 1200).

**Mutually Exclusive:** PERS 4200

**REC 3400** Advanced Marketing of Leisure Services  3 cr
This course integrates the theory and practice of marketing leisure services. Strategies for marketing services and experiences within private, public sector and not-for-profit recreation agency programs and services are examined.

**PR/CR:** A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 2400 or equivalent, or permission of instructor.
REC 3770 Indigenous Perspectives on Land-Based Education 3 cr
This course explores the history and potential of Indigenous land-based education within the Winnipeg metropolitan region and surrounding areas. Three facets of Indigenous land-based education will be emphasized: nature, culture, and history. Course content and experiential learning activities will examine First Nations and Métis perspectives on the unique history, culture, and natural environment of the area, including the University of Manitoba wetlands, forested, and agricultural lands.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: One of REC 2130, NATV 1000, NATV 1200, NATV 1220, NATV 1240, or permission of instructor.

REC 3850 The Planning of Recreation Areas and Facilities 3 cr
The process used to plan both recreational open spaces and facilities. Special consideration is given to the role of the recreation professional in relationship to other planners.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 3220 or the former REC 3200.

REC 4060 Person Centred Leisure Education 3 cr
A detailed examination of person-centred leisure education with an emphasis on both theoretical and practice models and their application to the recreation service delivery system.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: KPER 3100 (or the former PERS 3100, or the former REC 3060, or the former PHED 3390).

REC 4072 Advanced Community Development 3 cr
This course examines the nature of community and the unique role that leisure service organizations play in the complex process of community development. May not be held with the former REC 4070.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 3072.
Equiv To: REC 4070

REC 4120 Recreational Travel and Tourism 3 cr
The purpose of this course is to provide students with a better understanding of the travel and tourism industry through an examination of its history, service systems and issues.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 2100 (or the former PERS 1300 or the former REC 1200).

REC 4250 Leisure and Aging 3 cr
The nature of the aging process and its impact on leisure behaviour. The factors influencing leisure among older adults, policy issues, and program and service methods and implications will be examined. May not be held with the former REC 4130.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: KPER 3100 (or the former PERS 3100, or the former REC 3060, or the former PHED 3390) or REC/SWRK/HMEC 2650 or permission of instructor.
Equiv To: REC 4130

REC 4350 Parks and Protected Areas Planning and Management: Field Studies 6 cr
The course is taught in two segments, an on-campus component and field study component taking place in Banff National Park. The on-campus component examines the historical development of the concept of parks and protected areas, the role of interpretation, management and research in the parks and emerging issues in the management of parks and protected areas. In addition, during the on-campus component planning for the field will take place. The field segment will focus on a wide variety of management issues with particular attention to Banff National Park. Emerging issues and trends will be examined and past management responses evaluated. There will be opportunities for students to investigate specific management issues of interest to them and to participate in current research being conducted in the park. Offered with GEOG 4350.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Written permission of the instructor required.
Equiv To: GEOG 4350

REC 4400 The Administration of Special Events 3 cr
This course examines the theory and practice of special event management. Students will engage in a multi-disciplinary exploration of concepts and issues unique to special event contexts. Students will be given the opportunity to apply knowledge gained. May not be held for credit with the former REC 4310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 2400.
Equiv To: REC 4310

REC 4720 Wilderness Adventures 1-3 cr
Student will learn how to plan and participate in one or more wilderness adventure activities such as canoe tripping, sailing, kayaking, climbing, winter camping, etc. Students will also concentrate on conducting these activities safely with clients. It is hoped that this experience will positively affect future life sport and recreation activities. May not be held for credit with KIN 4720 or PHED 4720. A fieldwork fee is attached to the course.
Equiv To: KIN 4720, PHED 4720

REC 4770 Indigenous Recreation and Well-Being 3 cr
This course examines historical and contemporary Indigenous perspectives of well-being. Indigenous responses to the political landscape of health and well-being will be examined through community and grassroots movements, physical cultural practices, and physical, emotional, mental and spiritual ways of knowing.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: REC 2130 or permission of instructor.

Religion (RLGN)

RLGN 1120 Biblical Hebrew 6 cr
An introductory course with emphasis on basic grammar and syntax. Students will learn to read simple biblical narratives. (Not acceptable for credit towards a Major or Minor in Religion.) Students may not hold credit for RLGN 1120 and any of: HEB 1120 or the former SEM 1120.
Equiv To: HEB 1120, SEM 1120
Attributes: Humanities, Recommended Intro Courses
RLGN 1322 Introduction to Eastern Religions 3 cr
This course provides a general introduction to the origins, central teachings and practice, key developments and contemporary expressions of Hinduism, Buddhism, Taoism, and Confucianism. Students may not hold credit for RLGN 1322 and any of: RLGN 1323 or the former RLGN 1320 or the former RLGN 1321.
Equiv To: RLGN 1323
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RLGN 1324 Introduction to Western Religions 3 cr
This course provides a general introduction to the origins, central teachings and practice, key developments and contemporary expressions of Judaism, Christianity, and Islam. Students may not hold credit for RLGN 1324 and any of: RLGN 1325 or the former RLGN 1320 or the former RLGN 1321.
Equiv To: RLGN 1325
Mutually Exclusive: RLGN 1320, RLGN 1321
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RLGN 1350 The History of Eastern Christianity 6 cr
This course examines the general history of Eastern Christianity. It studies the doctrines and organization of the churches, their spirit and attitude to church unity.
Attributes: Humanities, Recommended Intro Courses

RLGN 1390 Readings in Biblical Hebrew 1 3 cr
Reading and translation of selected prose portions of the Hebrew Bible. Vocabulary building and review of basic Hebrew grammar.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RLGN 1120 or HEB 1120 or the former SEM 1120] or written consent of instructor or department head.
Attributes: Humanities, Recommended Intro Courses

RLGN 1400 Readings in Biblical Hebrew 2 3 cr
Reading and translation of selected poetic portions of the Hebrew Bible. Vocabulary building and advanced grammar.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RLGN 1390] or written consent of instructor or department head.
Attributes: Humanities, Recommended Intro Courses

RLGN 1410 Death and Concepts of the Future 3 cr
The course investigates theories, images, and rituals of death, dying and the afterlife in selected world religions.
Attributes: Humanities, Recommended Intro Courses

RLGN 1420 Ethics in World Religions 3 cr
Examination of the ethical teachings of world religious traditions. Attention will be given to such questions as the nature of the good or virtue, the place of law or commandments, the relationship between religion and morality, the concepts of moral community and the moral self. Students may not hold credit for both RLGN 1420 and RLGN 1421.
Equiv To: RLGN 1421
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RLGN 1424 Religion and Sexuality 3 cr
An introduction to world religions through the lens of sexuality, exploring how sexual desires and practices are celebrated, regulated, imagined and constructed in different religions. Topics may include pleasure, procreation, sexual and gender identities, marriage, asceticism, erotic imagery of divine beings and divine-human relations.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RLGN 1430 Food: Religious Concepts and Practices 3 cr
This course explores the cultural (communal and social) dimensions of the major world religions through examination of food concepts and practices. Topics studied include: food symbols and rituals in the theory of religion; food proscription and endorsements (“dietary laws”); food in ritual time and space (“menus” and “liturgies”); concepts of plenty and concepts of dearth (ethics of food distribution); food and communication; food and gender/food and the body; feasting and fasting; food, religion and “consumer culture.”
Attributes: Humanities, Recommended Intro Courses

RLGN 1440 Evil in World Religions 3 cr
The course introduces students to perspectives on evil in selected world religions.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RLGN 1450 Religion and the Media 3 cr
This course investigates representations of religion in popular media. Through study of a range of media, from newspapers to the internet, the course explores cultural stereotypes about religion, asking how religions are represented, and how they represent themselves, in popular culture.
Attributes: Humanities, Recommended Intro Courses

RLGN 2010 Introduction to Hinduism 3 cr
An overview of the rich and multi-faceted tradition of Hinduism, dealing with its history and development from ancient to modern times. Students may not hold credit for both RLGN 2010 and the former RLGN 2860.
Mutually Exclusive: RLGN 2860
Attributes: Humanities

RLGN 2020 Introduction to Buddhism 3 cr
A general introduction to the beliefs, practices, and history of the main forms of Buddhism, including Indian Buddhism, Tibetan Buddhism, and Zen. Students may not hold credit for both RLGN 2020 and the former RLGN 2830.
Mutually Exclusive: RLGN 2830
Attributes: Humanities

RLGN 2830 Psychology and Religion 3 cr
An examination of the late nineteenth century emergence of psychoanalysis in conjunction with the discovery of the unconscious. The course approaches psychoanalytic theories of the unconscious in the work of major theorists such as Sigmund Freud, Carl Jung, Jacques Lacan, Melanie Klein, and Julia Kristeva, considering the implications the unconscious has for our understanding of the self, embodiment, life death relations, language, writing, and the study of religion. Students may not hold credit for both RLGN 2030 and the former RLGN 2211.
Mutually Exclusive: RLGN 2030
Attributes: Humanities
RLGN 2032 Introduction to the Study of Religion 3 cr
This course is an introduction to the academic study of religion, its history and theoretical approaches. Topics addressed may include texts, myths, rituals, symbols, and institutions. Several methodological approaches associated with religious studies, comparative religion, and the history of religion will also be discussed.
Attributes: Humanities, Written English Requirement

RLGN 2036 Introduction to Christianity 3 cr
This course provides an introduction to the history of Christianity from its earliest beginnings to the present. It will also focus on Christianity's main ideas and practices. Students will also be introduced to key concepts and debates in the study of religion using Christianity as a test case.
Attributes: Humanities, Written English Requirement

RLGN 2040 Early Modern Christianity in a Global Context 3 cr
This course explores the globalization of Christianity through the study of the historical events, teachings, and practices that shaped Western Christianity from the late Middle Ages to the 20th century, through the reformation of the sixteenth century, the Enlightenment, and the subsequent colonial enterprises. We explore the tumultuous events that led to the division of the Western Church into Protestant and Catholic and engendered a redefinition of "Christendom" which continued to evolve as missionaries and others travelled to new territories. The second part of the course focuses on the expansion of Christianity in Asia, Africa and the Americas and its effects on local populations.
Attributes: Humanities

RLGN 2052 Conservative Christianity in the United States 3 cr
An introductory study of 20th and 21st century trends in conservative Christianity in the United States with an emphasis on the gospel of prosperity, the moral majority, and dominion theology. Themes include attitudes and practices concerning health, politics, capitalism, race, and sex/gender. Students may not hold credit for both RLGN 2052 and the former RLGN 2050.
Equiv To: RLGN 2050
Attributes: Humanities, Written English Requirement

RLGN 2060 Religion and Violence 3 cr
Violence of many kinds - physical and non-physical, by and against individuals, within and amongst religious groups - plays an integral role in all religious traditions and systems. This course explores this role within the framework of an historical approach to world religions. Themes covered may include: theories of religion and violence; sacrifice; martyrdom; symbolic violence; iconoclasm; blasphemy; heterodoxy and discipline; religious toleration; religious warfare; religion and cultural resistance; religion and domestic violence; religion and non-violence.
Attributes: Humanities

RLGN 2072 Storytelling and Religion 3 cr
Storytelling is a way of making sense of, and transforming, the world: so is religion. This course explores story, imagination, and performance in the context of religion and spirituality. Course work may involve textual study, writing, and the practice of storytelling. Students may not hold credit for both RLGN 2072 and the former RLGN 3850.
Equiv To: RLGN 3850
Attributes: Humanities

RLGN 2090 Issues in Science and Religion 3 cr
A consideration of some of the major issues arising from the intersection of the concepts and interests of the natural sciences with those of the religions of the world.
Attributes: Humanities

RLGN 2100 Approaches to the Qur'an 3 cr
An introduction to the main features, structure, and contents of the Qur'an as a text and to the manifold ways it has been received, understood, and interpreted by Muslims for over 1400 years.
Attributes: Humanities

RLGN 2110 Religion and Healing 3 cr
A study of concepts of illness, health and healing, of therapeutic rituals, and of healing figures, in selected world religions.
Attributes: Humanities

RLGN 2112 Medicine, Magic, and Miracle in the Ancient World 3 cr
This course introduces students to the world of healing in antiquity. It explores the full range of healing options available to people in the ancient world from approximately 500 BCE to 500 CE, focusing in particular in the Greek and Roman Mediterranean. This range includes professional medicine and its many kinds of practitioners and sub-specialists, religious forms of healing, popular or folk remedies, and more "magical" approaches to healing such as spells, amulets, and other forms of ad hoc rituals. Furthermore, it presents students with evidence for the practices and social settings of ancient healthcare. This evidence includes medical and pharmacological texts, accounts of miraculous healing, manuals of natural science, ancient "magical" texts, as well as archaeological evidence such as site maps of healing shrines, votives, amulets, medical instrumentation, human remains, and inscriptions.
Attributes: Humanities, Written English Requirement

RLGN 2114 Monks, Mystics and Manuscripts in Medieval Christianity 3 cr
This course is an introduction to how people in the Middle Ages experienced and shaped Christianity in the Latin West. We examine the thoughts and actions of individuals profoundly affected by their understanding of the divine as manifested through Scripture, art and community. Through primary sources, we explore topics such as monasticism, university teaching, medicine, preaching and pilgrimage, while paying close attention to questions of authority, knowledge, and gender relations.
Attributes: Humanities

RLGN 2116 Cognitive Science and Religion 3 cr
Survey of recent developments in the cognitive science of religion (including evolutionary and biocultural approaches). Topics include religion and cognition, supernatural concepts, the evolution of religion, religious ritual, mental time travel, and cognition and culture. Responses and rejoinders to the cognitive science of religion will also be examined.
Attributes: Humanities, Written English Requirement

RLGN 2120 Faith and Reason 3 cr
Can faith and reason coexist? This course examines religious and philosophical understandings of faith and reason, both historical and contemporary, giving students the tools to engage with contemporary debates on faith and reason in an informed way. Topics explored include proofs for God, science and reason, scripture and language, belief, agnosticism and atheism drawing on authors such as Aristotle, Maimonides, Aquinas, Kierkegaard, Marx, Freud, A. J. Ayer, and Steven Cahn. Students may not hold credit for both RLGN 2120 and the former RLGN 2630.
Mutually Exclusive: RLGN 2630
Attributes: Humanities

RLGN 2130 Religion and Dance 3 cr
An examination of the role of movement and dance in world religions and of attempts to establish a theoretical framework for the study of movement within the discipline.
Attributes: Humanities
RLGN 2140 Introduction to Judaism 3 cr
An exploration of Jewish religious experience: the rhythms of time, the sensory life, sacred texts, collective memory, rules and resistance to rules. The course will introduce Jewish ways of learning, and consider Judaism as a test case for concepts in religious studies, including "religion" itself.
Attributes: Humanities, Written English Requirement

RLGN 2160 Hebrew Bible (Tanakh/"Old Testament") 3 cr
An introduction to the ancient books known to the Jews as the Bible or Tanakh (Torah, Nevi'im and Ketuvim) and to Christians as the Old Testament. The course will explore traditional and modern ways of studying these texts, including midrashic and literary approaches. A previous introductory course in Judaism is recommended but not required. Students may not hold credit for both RLGN 2160 and RLGN 2161.
Equiv To: RLGN 2161
Attributes: Humanities, Written English Requirement

RLGN 2162 Great Jewish Books 3 cr
From bestselling authors of today back to the books of the Bible, Jews have been a people of writers and readers. This course is a survey of the kinds of literature that have shaped Jewish culture, highlighting the conversations of Jews with each other across the centuries. Students may not hold credit for RLGN 2162 and the former RLGN 2760.
Equiv To: RLGN 2760
Attributes: Humanities, Written English Requirement

RLGN 2170 Introduction to the New Testament 3 cr
An introduction to the historical and critical study of the Christian "New Testament." Students may not hold credit for both RLGN 2170 and RLGN 2171.
Equiv To: RLGN 2171
Attributes: Humanities, Written English Requirement

RLGN 2180 Theory of Nature 3 cr
While the content of this course will vary year-to-year, its constant purpose will be to introduce students to some of the many ways in which "nature" has been theorized. The course will explore historical and cultural contexts in which selected theories of nature have developed. It will also explore implications of different theories of nature for environmental ethics.
Attributes: Humanities

RLGN 2200 Atheism 3 cr
An introduction to historical and contemporary varieties of atheism. The course may draw on textual, sociological, historical, philosophical, and psychological perspectives on atheisms as world-views, ideologies, and social movements.
Attributes: Humanities

RLGN 2222 The Supernatural in Popular Culture 3 cr
This course provides a survey of the supernatural, superhuman, and paranormal in popular culture, focusing on non-institutionalized forms of religious thought and practice as well as in the popular media (comic books, movies, music, fantasy and science fiction novels, television). Topics may include phenomena such as divination, ghosts, and speaking with the dead as well as fascination with apocalypses, superheroes, time travel, vampires, and zombies. Emphasis will be given to religious expressions not usually recognized as "religious."
Attributes: Humanities, Written English Requirement

RLGN 2520 Eastern Christianity in North America 3 cr
A survey of the history and institutions of the major Eastern Christian bodies in North America. Particular reference will be made to the sociological and economic problems, the question of identity and survival, the problem of unity.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [RLGN 1350] or written consent of department head.
Attributes: Humanities

RLGN 2530 Eastern Christianity in the Contemporary World 3 cr
A study of some modern-day problems such as: politics, nationalism, geography, culture, secularization, and the question of unity. Particular reference will be made to the problem of the church in Eastern Europe.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [RLGN 1350] or written consent of department head.
Attributes: Humanities

RLGN 2570 Indian Religious Art and Architecture 3 cr
A survey of Major periods and themes in Indian art and architecture (Buddhist, Jain, Hindu); iconography, temples, canons of Indian art; life of Buddha, Rama-cycle and Krsna-complex; socioeconomic background.
Attributes: Humanities

RLGN 2590 Religion and Social Issues 3 cr
The course examines selected ethical-social issues such as abortion, euthanasia, new genetic and reproductive technologies, and environmental and ecological issues, with reference to one or more of the world's religious traditions. Students may not hold credit for both RLGN 2590 and RLGN 2591.
Equiv To: RLGN 2591
Attributes: Humanities

RLGN 2610 Animals and Ethics 3 cr
This course surveys the emerging field of "critical animal studies." The course centers on questions of human and nonhuman animal difference as these have been debated in a number of religious and cultural traditions. It also engages traditional and contemporary approaches to animal ethics. Discussions will also focus on such pressing issues as global warming, species extinction, loss of biodiversity, pollution, and threats to population health – all of which can be traced to multinational industrialized breeding and marketing of animals and/or of experimentally developed animal "biocapital." Students may not hold credit for both RLGN 2610 and the former RLGN 2600.
Mutually Exclusive: RLGN 2600
Attributes: Humanities

RLGN 2680 Women and Religion 1 3 cr
Content of this course may vary from year to year. It will address, through contemporary interpretive models, topics of current and ongoing interest in relation to the understanding and role of women in the world's religious traditions. Students may not hold credit for both RLGN 2680 and RLGN 2681.
Equiv To: RLGN 2681
Attributes: Humanities

RLGN 2690 Women and Religion 2 3 cr
Content of this course may vary from year to year. It will address, through contemporary interpretive models, topics of current and ongoing interest in relation to the understanding and role of women in the world's religious traditions.
Attributes: Humanities
RLGN 2700  Religions of China and Japan  6 cr
A study of the history, teachings and developments of Confucianism, Taoism, Shinto and Buddhism in China and Japan from their beginning to the present.
Attributes: Humanities

RLGN 2770  Contemporary Judaism  3 cr
How does an ancient tradition work in today's world? Where is the energy of creativity, the energy of conflict, in contemporary Judaism? What approaches are scholars using as they try to understand current issues in Jewish life and thought? This course will respond to these questions in light of recent and current developments in various streams of Judaism, especially in the United States and Israel, centres of large Jewish populations. A previous introductory course in Judaism is recommended but not required.
Attributes: Humanities

RLGN 2790  Contemporary Islam  3 cr
A study of the responses of Islamic communities to the pressures of the modern world. Special note will be taken of the relation between Islam and power.
Attributes: Humanities

RLGN 2840  The Second Vatican Council  3 cr
An historical and theological analysis of the Second Vatican Council, beginning with the situation of the Roman Catholic Church subsequent to the French Revolution. The course will include study of major Vatican II documents. Particular attention will be given to the legacy of Vatican II and to assessment of the Council's impact on the life of the Roman Catholic Church.
Attributes: Humanities

RLGN 2850  Contemporary Issues in Roman Catholicism  3 cr
A survey of major movements, thinkers, debates and issues in twentieth-century post-Vatican II Roman Catholicism. Particular attention will be given to the following: magisterium and dissent, social justice, women in the church, ecumenical and inter-religious dialogue, and emerging theologies.
Attributes: Humanities

RLGN 3102  Myth and Mythmaking: Narrative, Ideology, Scholarship  3 cr
An intensive study of popular, scholarly, and critical conceptions of myth and mythmaking. Three approaches to myth will be examined: myth as universal estate of humanity, myth as object of scientific discourse, and myth as ideology in narrative form. Throughout, students will be encouraged to think about scholars studying myth as mythmakers themselves, thus opening the field to a more critical appraisal of the entwinement of narrative, ideology, and scholarship. Students may not hold credit for both RLGN 3102 and the former RLGN 3110.
Equiv To: RLGN 3110
Attributes: Humanities, Written English Requirement

RLGN 3112  Religion and the Imagination  3 cr
This course examines the role of the imagination in the creation and transmission of social institutions. Students will learn about the evolutionary development of the imagination, its role in creating shared social identities through cooperation, and its generative power to assign status functions. Emphasis will be given to the role of the imagination in ritualization and mythmaking.
Attributes: Humanities

RLGN 3120  Religion and Bioethics  3 cr
An examination of theoretical and practical bioethical issues and how these are engaged by various religious traditions.
Attributes: Humanities

RLGN 3130  Religion and Modern Thought  3 cr
The idea that religion is a distinct and unique aspect of human activity is a defining feature of modern thought. This course explores aspects of this understanding of religion in various modern intellectual movements from the sixteenth century to the nineteenth century, considering these movements in their particular historical contexts. Topics covered may include: skepticism, northern humanism, religion and European expansion, atheism, religion and the nation state, religion and early modern science, enlightenment, religion and bourgeoisie, imperialism, religion and revolution, religion and evolution. Students may not hold credit for RLGN 3130 and any of: RLGN 3131 or RLGN 3251.
Equiv To: RLGN 3131
Mutually Exclusive: RLGN 3251

RLGN 3150  Buddhism in East Asia  3 cr
An examination of the history and teachings of Buddhism in China and Japan, giving particular attention to processes of adaptation and transformation within the East Asian context.
Attributes: Humanities

RLGN 3152  Buddhism in the West  3 cr
This course examines the development of Buddhism in the West, a process that began with Westerners encountering Buddhism in Asia, led to Asian Buddhists coming to propagate Buddhism in the West, and is now resulting in the development of new forms of Buddhism that are distinctly Western, so much so, in fact, that whether they continue to qualify as Buddhist is an open question. A key focus of the course will be specific teacher-student lineages spanning generations, which will help to throw some of the key factors in the historical development of Western Buddhism into relief. The course will also focus on some of the seminal texts of Western Buddhism. Here our concern will be the dynamic intellectual culture at work behind and with Western Buddhism, which has been highly influential even outside of Buddhist circles.
Attributes: Humanities

RLGN 3160  Tibetan Religious Traditions  3 cr
A study of the religious traditions, particularly Buddhism, that have developed from antiquity in Tibet. Students may not hold credit for both RLGN 3160 and the former 020.374.
Attributes: Humanities

RLGN 3162  Buddhist Philosophy  3 cr
This course surveys Buddhist philosophy and its development from roughly the mid-second millennium to the present day. We will focus primarily on early Buddhist philosophy, abhidharma, Mahayana philosophy, including Madhyamaka and Yogacara, Tibetan Buddhist philosophy, and Zen.
Attributes: Humanities
RLGN 3190 **Images of the Prophet Muhammad: Classical and Contemporary Perspectives 3 cr**
This course addresses the central place of the Prophet Muhammad in Muslim life and religious practice. It examines sources for the life of Muhammad, considers the Prophet as a model of piety, and gives careful attention to methodological approaches to the study of Islam.
Attributes: Humanities

RLGN 3194 **Islamic Philosophy 3 cr**
This course explores the history of Islamic philosophy (falsafa) from the translation movement of Greek philosophical, scientific and medical texts under the Abbasid dynasty (8-9th Centuries), until the golden age of interdisciplinary intellectual, scientific and theological debates in the post-classical period of Islamic intellectual history.
Attributes: Humanities

RLGN 3210 **Indian Philosophy 3 cr**
This course introduces some of the main philosophical schools of Hindu and Buddhist thought, emphasizing the living history of interaction and debate between the various traditions.
Attributes: Humanities

RLGN 3220 **Indian Religion and Society 3 cr**
This course investigates selected topics in religion and society in the region of the Indian sub-continent. Topics will vary from year to year, ranging from a focus on marriage to a study of Buddhist monks and the politics of civil war in Sri Lanka.
Attributes: Humanities

RLGN 3230 **Gender, the Body, and Sexuality in Early Christianity 3 cr**
This course focuses on the way in which gender, the body, and sexuality were culturally constructed in early Christian texts and practices. The first five centuries CE were a time in which new understandings of the body, sexual difference, and gender roles came into prominence among large portions of the ancient Mediterranean population. This course will explore these uniquely Christian understandings as well as it will investigate continuities between Christian constructions and those found in Greco-Roman and Jewish society at the time. In particular, the course will explore trends within early Christianity, such as the emphasis on extreme ascetic practices and sexual renunciation.
Attributes: Humanities

RLGN 3260 **Indian Buddhism 3 cr**
A thematic and historical study of Indian Buddhism from its origin to its disappearance. Topics covered include early Buddhism, Buddhist doctrine and philosophy, and the development of Mahāyāna and Vajrayāna.
Attributes: Humanities

RLGN 3266 **Readings in Buddhist Texts 3 cr**
This is a course intended for students who have completed RLGN 2020 Introduction to Buddhism, and are interested in pursuing a more in-depth study of Buddhism. Following a discussion format, we will investigate Buddhist texts and ethnographic case studies and material from a range of traditions and historical periods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RLGN 2020] or written consent of instructor.
Attributes: Humanities

RLGN 3270 **Guru and Disciple 3 cr**
A study of the role of the guru in India, and of the dynamic of guru and disciple, utilizing traditional Hindu sources as well as contemporary writings.
Attributes: Humanities

RLGN 3280 **Hasidism 3 cr**
Hasidic Jews, known for their tales, melodies, distinctive garb and strict traditionalism, belong to one of the most successful modern Jewish religious movements. This course explores Hasidism, from its origins in eighteenth-century Ukraine to the present, through its own stories and spiritual teachings as well as scholarly perspectives.
Attributes: Humanities, Written English Requirement

RLGN 3290 **Self-Transformation in Religion and Philosophy 3 cr**
This course examines contemporary expressions of spiritual exercises by tracing their traditions across an array of western religious and philosophical schools. The course explores themes of death, asceticism, aestheticism, everydayness and community. In particular, it explores how dialogue, reading, and writing have constituted tools for the cultivation of mental, physical and emotional states leading to self-transformation. Also offered as PHIL 3290. May not be held with PHIL 3290.
Equiv To: PHIL 3290.
Attributes: Humanities

RLGN 3400 **Zionism: Religious Perspectives 3 cr**
Zionism is a modern political and social movement which has a close but ambivalent relationship with the Jewish religious tradition. This course will explore topics such as secular adaptations of religious motifs; religious critiques of Zionism; religious Zionism as a new form of Judaism; and Christian approaches to Zionism and the State of Israel.
Attributes: Humanities

RLGN 3530 **Contemporary Issues 1 3 cr**
Content of this course will vary from year to year but it will deal with some specific topic of current interest in religion, some aspect of methodology in the study of religion, or an analysis from a religious perspective of some problem of current public interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Students may not hold credit for both RLGN 3530 and RLGN 3531.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 3540 **Contemporary Issues 2 3 cr**
Content of this course will vary from year to year but it will deal with some specific topic of current interest in religion, some aspect of methodology in the study of religion, or an analysis from a religious perspective of some problem of current public interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Students may not hold credit for both RLGN 3540 and RLGN 3541.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 3560 **Texts in Original Languages 3 cr**
The subject matter of this course will vary from year to year. It will give students the opportunity to study texts in languages other than English and to develop reading skills in those languages. The emphasis may be on language learning or on working with texts in a language already studied. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Attributes: Humanities
RLGN 3640  Religion in the Hellenistic and Roman Mediterranean  3 cr
This course explores the wide variety of religious traditions, practices, and beliefs of the Mediterranean region in the Hellenistic and Roman period (c. 300 BCE to 300 CE). This period is exemplified by a great deal of continuity, but it was also a time of experimentation, innovation, and cultural entrepreneurship. Also offered by Classics as CLAS 3670. Students may not hold credit for both RLGN 3640 and CLAS 3670.

Attributes: Humanities

RLGN 3750  Topics in Indian Religious Art and Architecture  3 cr
The course will focus on one or more of the religious dimensions of the following: selected motifs in Indian art, the art and architecture of a particular region or epoch, the theoretical assumptions underlying Indian art.

Attributes: Humanities

RLGN 3800  Selected Old Testament Literature and Themes  6 cr
An intensive study of selected writings or themes of the Old Testament (the Tanach).

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RLGN 2160 or RLGN 2161] and [RLGN 2170 or RLGN 2171] or written consent of instructor or department head.

Attributes: Humanities

RLGN 3810  The Talmud  3 cr
The Talmud is as important as the Bible in Jewish life and thought. It is not simply a book to read; it has to be studied with other people. Students will learn the skills of studying this polyvocal text, and engage with scholarship on the Talmud’s literary techniques, laws, folklore, gender politics, and theology. Students may not hold credit for both RLGN 3810 and the former RLGN 2150.

Equiv To: RLGN 2150

Attributes: Humanities

RLGN 3824  Kabbalah  3 cr
Kabbalah is a centuries-old stream of Jewish thought and practice which encompasses mysticism, ethics, spiritual practice and magic. Students will come away from this course with a working knowledge of the Zohar, the central text of Kabbalah, its radical theology and its mythical-symbolic mode of expression. The course also explores the influence of the Zohar within Judaism and beyond and related scholarly debates. Students may not hold credit for both RLGN 3824 and the former JUD 3390.

Mutually Exclusive: JUD 3390

Attributes: Humanities

RLGN 3830  The Bible as Story  3 cr
A study of the manner in which biblical storytellers present their tales and the ways in which these narratives have been retold ever since. Particular attention will be paid to Midrash, the tradition of creative retelling of biblical tales. Students may not hold credit for both RLGN 3830 and the former RLGN 3840.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor or department head.

Mutually Exclusive: RLGN 3840

Attributes: Humanities

RLGN 3870  The Thought of Bernard Lonergan  3 cr
A study of the thought of the twentieth-century Canadian Jesuit, Bernard Lonergan, including his work on method in theology, on ways of knowing and on ethics.

Attributes: Humanities

RLGN 4040  Religion and Democracy  3 cr
This course focuses on role of religion in democratic societies. Topics covered may include secular and post-secular, secularism; democracy, religion, and human rights; religion and the law; nationalism and religion, and so on. Disciplinary approaches to religion and democracy will be discussed: historical, political, feminist, sociological, and philosophical. Key thinkers may include Jurgen Habermnas, John Rawls, Charles Taylor. Seyla Benhabib, Nancy Fraser.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Written consent of department head.

Attributes: Humanities

RLGN 4060  The Yoga Tradition  3 cr
This course explores the rich, diverse, and highly complex Yoga tradition, emphasizing classical and medieval forms of Yoga philosophy and practice within Hinduism. As well as tracing historical development of the Yoga tradition, the course highlights the meaning and purpose of Yoga in its classical expression and considers the growing popularity and relevance of Yoga in the modern world.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities

RLGN 4080  Critical Theory and Religion  3 cr
A selective study of the vast and varied field of theoretical and critical approaches that have come to play a central role in the study of religion since World War II, this course focuses on one or more of the following, its context and precursors: African American theory and criticism, colonialism and post-colonialism, cultural studies, deconstruction, feminist criticisms, Frankfurt School, hermeneutics, semiotics, psychoanalytic theory and criticism, structuralism and post-structuralism.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities

RLGN 4100  Advanced Studies in Buddhism  3 cr
An in-depth study of selected topics from the wide cultural and historical range of Buddhist traditions.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities

RLGN 4110  Studies in Religion and Cultural Memory  3 cr
An examination of selected cultural memory and religion topics.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities

RLGN 4160  Religion and Philosophy  3 cr
An examination of the relation between philosophical and religious thought through in-depth study of a selected thinker or thinkers.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities

RLGN 4180  Advanced Studies in Islam  3 cr
An in-depth study of selected topics in Islamic philosophy and tradition.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Humanities
RLGN 4190 Advanced Studies in Hinduism 3 cr
An in-depth study of selected topics in the philosophy, history, literature, and practices of Hinduism.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 4230 Studies in Body History 3 cr
A study in the religious-cultural history of the body, this course explores the multiple meanings given to the body, sexualities and sexual difference in historical and contemporary religious traditions. The course gives particular attention to theories of representation of body, and includes study of both written and performative sources.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of the department head.
Attributes: Humanities

RLGN 4280 Advanced Studies in Early Christianity 3 cr
This course will focus on topics pertaining to the first 500 years of Christianity, with content varying from year to year.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of instructor or department head.
Attributes: Humanities

RLGN 4282 Advanced Studies in Medieval Christianity 3 cr
This course will focus on topics pertaining to Medieval Christianity (c. 500 to c. 1500CE). As the course content will vary from year to year, students may take this course more than once for credit.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of instructor or department head.
Attributes: Humanities

RLGN 4290 Advanced Studies in Mysticism 3 cr
With religious traditions of focus varying year to year, this course considers current scholarly approaches to the understanding of mysticism and sainthood. It includes study of mystic texts and treatises; the mystic body; mystic communities; ascetic ritual and practice.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of instructor or department head.
Attributes: Humanities

RLGN 4300 Advanced Topics in Judaism 3 cr
An in-depth study of selected Jewish texts from the fields of halakhah, aggadah or spirituality, drawing on various theoretical perspectives. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 4310 Method and Theory: History of the Study of Religion 3 cr
An intensive overview of the history of the study of religion, with an emphasis on developments starting in the 18th and the 19th centuries. The contributions of numerous disciplines will be discussed in relation to the political and historical contexts that shape and give rise to the "world religions" paradigm. In any given year, emphasis may be given to developments in a particular field (e.g., Buddhism, Christianity, Islam, Judaism, Hinduism, etc.).
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 4320 Theoretical Approaches to the Study of Religion 3 cr
This course will engage theoretical approaches to the study of religion in its historical and contemporary cultural contexts. The course will follow a seminar format. Content of this course may vary from year to year, depending on the tradition(s) on which the course is focused (e.g., Buddhism, Islam, Hinduism, Judaism, Christianity).
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 4430 Selected Topics in Religion 1 3 cr
An intensive study of specially selected topics in the field of religion. The subject matter of the course will vary from year to year. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

RLGN 4440 Selected Topics in Religion 2 3 cr
An intensive study of specially selected topics in the field of religion. The subject matter of the course will vary from year to year. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: written consent of department head.
Attributes: Humanities

Respiratory Therapy (RESP)

RESP 1400 Introduction to Professional Practice 3 cr
This course provides an introduction to the profession of Respiratory Therapy and the roles and responsibilities of a Respiratory Therapist as a member of the health care team. Emphasis is placed on professional conduct, communication and decision-making around issues affecting client-centered care. The course also introduces the safety aspects of delivering respiratory therapy according to the Canadian Standards Association, as well as workplace health and safety. This course is restricted to students in year one of the Bachelor Respiratory Therapy program.

RESP 1410 Health Systems and Respiratory Care 3 cr
Building on RESP 1400, Introduction to Professional Practice, this course further explores the role of the Respiratory Therapist as a regulated health care professional in Canada and the function of regulatory and professional advocacy organizations. Students will learn concepts of patient safety and quality and how human, material, and financial resource management is accomplished in the Canadian health care system. Emphasis is placed on the integration of professional practice knowledge, skills and attitudes. This course is restricted to students in year one of the Bachelor of Respiratory Therapy program.

RESP 1420 Applied Physiology for Respiratory Therapy 6 cr
The course is designed to provide students with a basic understanding of the function and regulation of the systems and major organs of the human body as they relate to clinical respiratory sciences. This course is restricted to students registered in year one of the Bachelor of Respiratory Therapy program.

October 05, 2022
 RESP 1430  Respiratory Therapeutics 1  6 cr
A lecture and laboratory course which introduces basic therapeutic concepts, technologies and techniques employed in respiratory therapy including medical gases, humidity and aerosol therapy, and bronchopulmonary hygiene. It introduces the principles of gas physics, and the physical and chemical properties of medical gases used in respiratory care. This course is restricted to students registered in year one of the Bachelor of Respiratory Therapy program.

 RESP 1440  Pharmacology  3 cr
This course will introduce the principles of pharmacology, those factors modifying drug effects, and individual pharmacologic agents including: ANS drugs, CNC drugs, cardiovascular medications, respiratory medications, antibiotics, and other drugs relevant to Respiratory Therapy. This course is restricted to students registered in year one of the Bachelor of Respiratory Therapy program.

 RESP 1450  Principles of Mechanical Ventilation  6 cr
The course will focus on the fundamental physical and physiologic principles involved with mechanical ventilation under normal and abnormal respiratory conditions. Various forms and application strategies of positive pressure ventilation will be introduced and explained as to their effects on the physiological systems. This course is restricted to students registered in year one of the Bachelor of Respiratory Therapy program.

 RESP 1460  Basic Fieldwork 1  4 cr
This course is comprised of 160 hours of clinical fieldwork experiences in respiratory therapy, provided under the supervision of registered respiratory therapists at one or more approved clinical sites. This course is restricted to students registered in year one of the Bachelor of Respiratory Therapy program.

 RESP 2200  Primary Care in Respiratory Therapy  3 cr
This course provides an understanding of primary care in Respiratory Therapy practice as a method of supporting individuals and populations with respiratory disease. Students will learn the principles of health promotion and disease prevention, as well as chronic disease management and self-management strategies. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all of the required courses for year one of the program.

 RESP 2210  Pathophysiology  6 cr
This course will introduce the pathogenesis of primary diseases of the cardio-respiratory, peripheral vascular, central and peripheral nervous systems. Specific disorders of the renal, metabolic, and immune systems, as well as infectious diseases with particular relevance to respiratory therapy will be introduced. The course will also introduce the differential diagnosis and current strategies employed in the management of these diseases. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2220  Physical Examination and Health Assessment  3 cr
This course focuses on the development of the patient/client history and physical examination skills essential to health assessment. Students will apply the findings of health assessments in the determination of differential diagnoses and in the development of respiratory care plans. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2230  Respiratory Therapeutics 2  6 cr
This lecture and laboratory based course introduces advanced respiratory therapeutics including airway management, anaesthesia, invasive hemodynamic techniques, blood sample procurement and analysis, and others commonly employed in respiratory therapy. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2240  Clinical Mechanical Ventilation  3 cr
This course will discuss the initiation and management of all types of mechanical ventilation, both conventional and advanced, with intra and inter-facility patient transport. Interpretation of detailed pulmonary mechanics will be discussed to allow for assessment of ventilated patients. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2250  Ventilator Instrumentation  3 cr
This is a comprehensive course in the function, operation, and application of specified neonatal, pediatric and adult ventilators. Illustration of the necessary skills to setup, monitor and troubleshoot the ventilator will be examined in the classroom as well as in simulated patient case scenarios. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2260  Cardiopulmonary Diagnostics  3 cr
This course will introduce the principles of cardiac and pulmonary function diagnostics including: static and dynamic measures, determination of volumes and capacities, exercise physiology. Cardiopulmonary function changes relative to common diseases and abnormal physiologic states will be evaluated. This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all the required courses for year one of the program.

 RESP 2380  Basic Fieldwork 2  4 cr
Building on RESP 1460 (Basic Fieldwork1) and RESP 2390 (Clinical Integration and Simulation), this course is comprised of fieldwork experiences which provide the student the opportunity to apply the integrated concepts learned in the first two years of the Respiratory Therapy program in a clinical setting. This course will prepare students for advanced clinical education coursework.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: RESP 1460, RESP 2390.

 RESP 2390  Clinical Integration and Simulation  6 cr
This course provides the student an opportunity to integrate concepts learned in the first two years of the Respiratory Therapy program, and to learn life support protocols prior to participation in advanced clinical education coursework. The course will be delivered through a variety of formats including classroom, seminar, and clinical simulation.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: This course is restricted to students registered in year two of the Bachelor of Respiratory Therapy program who have completed all required courses for year one of the program.

 RESP 3320  Clinical Education in Pediatric Respiratory Care  3 cr
Three weeks of clinical experience in the Pediatric Intensive Care Unit at Children's Hospital. Shiftwork and extended shifts may be required. Course evaluated on a pass/fail basis. 144 hours.
RESP 3350  Clinical Education in Pulmonary Diagnostics  3 cr
Three weeks of clinical experience in the pulmonary diagnostic laboratory of an approved clinical site. Course evaluated on a pass/fail basis. 144 hours.

RESP 3360  Clinical Education in Anesthesia  3 cr
Three weeks of clinical experience designed to acquaint the student with actual clinical techniques and procedures used in the operating and recovery room. Course evaluated on a pass/fail basis. 144 hours.

RESP 3370  Clinical Education in Community Care  4 cr
Four weeks of clinical experience in community care settings including: pre-hospital care, health and wellness promotion, interfacility transport, chronic care, home care and community outreach. Course evaluated on a pass/fail basis. 180 hours.

RESP 3410  Clinical Education in Critical Care  8 cr
This course enables students to critically apply skills and concepts in the care of adult patients requiring critical respiratory care. The focus is on attainment of essential Respiratory Therapy competencies for practice. This course is evaluated on a pass/fail basis. This course is restricted to students registered in year three of the Bachelor of Respiratory Therapy program who have completed all the required courses for year two of the program. May not be held with the former RESP 3310.
Mutually Exclusive: RESP 3310

RESP 3420  Clinical Education in Neonatal Care  5 cr
This course enables students to critically apply skills and concepts in the care of infants requiring critical respiratory care in the Labor & Delivery, and Neonatal units of the hospitals. The focus is on attainment of essential Respiratory Therapy competencies for practice. This course is evaluated on a pass/fail basis. This course is restricted to students registered in year three of the Bachelor of Respiratory Therapy program who have completed all the required courses for year two of the program. May not hold with the former RESP 3330.
Mutually Exclusive: RESP 3330

RESP 3430  Clinical Education in General Therapeutics  6 cr
This course enables students to critically apply skills and concepts in the care of adult patients requiring general respiratory care (non-critical care) in the hospital setting. The focus is on attainment of essential Respiratory Therapy competencies for practice. This course is evaluated on a pass/fail basis. This course is restricted to students registered in year three of the Bachelor of Respiratory Therapy program who have completed all the required courses for year two of the program. May not hold with the former RESP 3380.
Mutually Exclusive: RESP 3380

RESP 3440  Current Topics in Respiratory Therapy  6 cr
Focuses on current issues in health and healthcare, in particular as they relate to respiratory therapy. Students complete a thorough review of the current evidence for practice and ongoing research relating to a topic of interest, and present their findings in a professional forum. This course is restricted to students registered in year three of the Bachelor of Respiratory Therapy program who have completed all the required courses for year two of the program. Not to be held with the former RESP 3300.
Mutually Exclusive: RESP 3300

Restorative Dentistry (RSTD)
RSTD 1500  Dental Materials 1  2 cr
This course introduces the materials commonly used in dental practice. Composition, chemistry, properties, manipulation and manipulative variables are covered by lecture, laboratory exercises and demonstrations. May not be held with RSTD 1070.
Mutually Exclusive: RSTD 1070

RSTD 1512  Operative Dentistry 1  6 cr
A lecture and laboratory course introducing the fundamentals of operative dentistry. Lectures and laboratory exercises in the principles of cavity preparation, utilization of rotary and hand instruments and manipulation, placement and finishing of restorative materials are presented. May not be held with RSTD 1100.
Equiv To: RSTD 1100

RSTD 1520  Dental Anatomy  3 cr
A lecture and laboratory/seminar course introducing dental terminology, tooth identification, dental morphology and concepts of dental anatomy as it relates to the intraoral functional relationship. May not be held with RSTD 1110.
Mutually Exclusive: RSTD 1110

RSTD 1530  Occlusion  2 cr
A lecture and laboratory course designed to introduce the student to the concepts of dental occlusion and the relationship between the anatomy of the teeth and the TMJ. May not be held with RSTD 1110.
Mutually Exclusive: RSTD 1110

RSTD 1550  Introduction to Dentistry  2 cr
A series of lectures and seminars which introduce the student to the profession, its structure and governance. Professionalism, dental ethics and communication skills are also introduced. May not be held with RSTD 1120 or RSTD 1540. Course evaluated on a pass/fail basis.
Equiv To: RSTD 1120
Mutually Exclusive: RSTD 1120, RSTD 1540

RSTD 2502  Dental Materials-2  2 cr
This course develops a scientific basis for the selection, application, manipulation and clinical performance of dental materials. The relationship between the properties of a material and its manipulation, application and clinical behaviour is developed. May not be held with RSTD 2020.
Mutually Exclusive: RSTD 2020

RSTD 2510  Operative Dentistry-2  3 cr
A lecture and laboratory course presenting modern and advanced techniques in tooth restoration. Composite resins, adhesion to tooth structure, esthetic restorations and protection of tooth vitality. Introduction to clinical treatment modalities and treatment priorities. May not be held with RSTD 2050.
Mutually Exclusive: RSTD 2050

RSTD 2520  Endodontology-1  2 cr
Introduction to root canal therapy as a clinical practice, pulp and periapical pathology. The majority of the teaching is directed at the understanding and actual performance of practical endodontic techniques, performed in the laboratory setting on mannequins using extracted human teeth. May not be held with RSTD 2060.
Mutually Exclusive: RSTD 2060
RSTD 2532 Fixed Prosthodontics 1 6 cr
This course is designed to review the fundamentals of fixed prosthodontic restorative techniques in conjunction with laboratory exercises involving tooth preparation, waxing, and fabrication of metal and ceramic restorations. Both conventional laboratory techniques and contemporary digital technology are introduced to closely reflect contemporary dental practice. May not be held with the former RSTD 2140.
Equiv To: RSTD 2140

RSTD 2540 Removable Partial Denture Prosthodontics 3 cr
The didactic portion of this course presents the principles for the treatment of partially edentulous patients. The procedures and techniques founded on the basic principles make up the laboratory exposure. May not be held with RSTD 2220.
Mutually Exclusive: RSTD 2220

RSTD 2552 Complete Denture Prosthodontics 4 cr
The didactic portion of this course presents the principles for the treatment of edentulous patients. Emphasis is placed on techniques of treatment in the laboratory component. May not be held with RSTD 2230.
Mutually Exclusive: RSTD 2230

RSTD 3512 Operative Dentistry 3 5 cr
A lecture and clinical course emphasizing diagnosis, treatment planning and the application of fundamental principles of operative and esthetic dentistry. Lectures and clinical treatments dealing with current restorative materials and techniques. My not be held with RSTD 3020.
Mutually Exclusive: RSTD 3020

RSTD 3522 Endodontology 2 3 cr
This course emphasizes the rationale and biologic basis for the practical technique previously taught. Techniques are discussed in greater detail and are applied to treatment of patients. The second part of the course deals with pulp biology and periapical pathology to prepare the student for understanding the rationale behind pulpal protection, prevention and treatment of pulpal disease. Laboratory exercises are performed on more complex root canal systems in preparation for General Practice Clinic. May not be held with RSTD 3050.
Mutually Exclusive: RSTD 3050

RSTD 3532 Fixed Prosthodontics 2 5 cr
An introduction to the clinical practice of fixed prosthodontic techniques. An emphasis is placed on diagnosis and treatment-planning. Clinical exposure is supplemented by lecture materials. May not be held with RSTD 3040.
Mutually Exclusive: RSTD 3040

RSTD 3542 Complete and Removable Partial Denture Prosthodontics 3 cr
This course consists of a series of lectures and clinics. Theories of applied prosthodontics are discussed and applications of this knowledge are made concurrently through the clinical treatment of patients. May not be held with RSTD 3090.
Mutually Exclusive: RSTD 3090

RRC/UM American Sign Language (ASL)

Russian (Slavic Studies) (RUSN)

RUSN 1300 Introductory Russian 6 cr
(Lab required) Three hours of lectures plus one hour of lab per week. Basic grammar, conversation and reading with emphasis on communication skills. Cultural content is introduced through a range of audio-visual materials. Not open to native speakers and students with high school Russian 41G credit. Students may not hold credit for both RUSN 1300 and RUSN 1330.
Mutually Exclusive: RUSN 1330
Attributes: Humanities, Recommended Intro Courses

RUSN 1330 Introductory Russian 2 3 cr
(Lab required) Three hours of lectures plus one hour of lab per week. Intended for students who have already a knowledge of the alphabet and the sound system, as well as elementary comprehension, communication and writing skills equivalent to those that would be achieved in the first term of RUSN 1300. Students may not hold credit for both RUSN 1330 and RUSN 1300.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of a placement test administered by the department.
Mutually Exclusive: RUSN 1300
Attributes: Humanities, Recommended Intro Courses

RUSN 1400 Masterpieces of Russian Literature in Translation 3 cr
An introduction to representative works by major Russian writers, with emphasis on key paradigms in literary and socio-political thinking in Russia. Early 19th century to the present. The course is designed for students who have little or no prior knowledge of Russian literature. Lectures and readings in English. Students may not hold credit for both RUSN 1400 and the former RUSN 2770.
Equiv To: RUSN 2770
Attributes: Humanities, Recommended Intro Courses

RUSN 1410 Love in Russian Culture in English Translation 3 cr
An introduction to the discourse of love in Russian culture from the Middle Ages to the present. The course explores different meanings of love (spiritual, erotic, romantic, same-sex, familial) in Russian culture by means of examining a variety of portrayals of the interactions of love, sex, religion, and politics in literature and other cultural forms. The course is designed for students who have little or no prior knowledge of Russian culture. Language of instruction: English.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RUSN 2280 Russian Culture until 1900 3 cr
A survey of the Russian cultural heritage from the pre-Christian era to the end of the nineteenth century. Mythology, the arts and literature. Lectures in English. Readings are available in both English translation and in the original.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement
RUSN 2290 Russian Culture from 1900 to the Present 3 cr
Russian culture from the end of the 19th century to the present day. Major developments in Russian art, film and literature. Readings are available in both English translation and in the original.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

RUSN 2310 Exploring Russia through Film 3 cr
A survey of Russian cinema from its origins to the present. The course focuses on the role of film in Russian culture, ideological uses of film, and cinema as a medium of cultural dissent and witness to social change. Lectures in English; all films are in Russian with English subtitles; no prior knowledge of Russian language or culture is required.
Attributes: Humanities, Written English Requirement

RUSN 2410 Russian Literature after Stalin 3 cr
A survey of Russian literature from the period of High Stalinism to the present. The course examines effects of ideological and political change on literary production. Lectures in English. Readings in English or in the original.
Attributes: Humanities, Written English Requirement

RUSN 2600 Special Topics in Russian Culture in English Translation 3 cr
Language of Instruction: English. Topics dealing with Russian culture. The course content may vary. Students may earn multiple credits for this course only when the course subtitle is different.
Attributes: Humanities, Written English Requirement

RUSN 2630 Russian Language Seminar Abroad 3 cr
The study of Russian language, literature and culture at an intensive language school in Eastern Europe. Designed for students aiming at near-native fluency.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RUSN 1300 or RUSN 1330] and written consent of department head.
Attributes: Humanities

RUSN 2820 Intermediate Russian 2 3 cr
Intended for students who already have basic comprehension, communication and writing skills equivalent to those that would be achieved in the first term of RUSN 2810. Students may not hold credit for both RUSN 2820 and RUSN 2810.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of a placement test administered by the department.
Mutually Exclusive: RUSN 2810
Attributes: Humanities, Recommended Intro Courses

RUSN 2830 Special Topics in Russian 3 cr
A study of the Russian language through listening, reading, writing, and conversation, with a strong cultural component. The content of this course will vary from year to year, depending on the needs and interests of the students and staff. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [RUSN 1300 or RUSN 1330 or RUSN 2810 or RUSN 2820] or written consent of department head.
Equiv To: RUSN 2810, RUSN 2820
Attributes: Humanities

RUSN 3100 Advanced Russian Grammar and Conversation 3 cr
Advanced speaking, composition, translation, and reading through a study of selected literary and other texts. Development of overall communication skills. Students may not hold credit for both RUSN 3100 and the former RUSN 3200 or the former RUSN 3930.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: RUSN 2810 or RUSN 2820 or written consent of department head.
Equiv To: RUSN 3200, RUSN 3930
Attributes: Humanities

RUSN 3110 Advanced Russian Through Film 3 cr
Advanced composition, translation, reading, and speaking through a study of selected films. Development of overall communication skills. Students may not hold credit for both RUSN 3110 and any of: the former RUSN 3210, the former RUSN 3930, or the former RUSN 3940.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: RUSN 2810 or RUSN 2820 or written consent of department head.
Equiv To: RUSN 3210, RUSN 3940
Mutually Exclusive: RUSN 3930
Attributes: Humanities

RUSN 3220 Selected Topics in Russian 3 cr
Language of instruction: Russian. Advanced study of the Russian language through reading and analysis of literary or/and non-fictional texts including academic writing. The content of this course will vary from year to year, depending on the needs and interests of instructors and students. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: RUSN 2810 or RUSN 2820 or written consent of department head.
Attributes: Humanities

RUSN 3330 Chekhov 3 cr
The study of selected short stories and plays. Lectures in English. Readings are available in both Russian and English translation.
Attributes: Humanities
RUSN 3580  Russian Poetry  3 cr
Language of instruction: Russian. A study of major Russian poetry from the 19th to 21st century, including works by Pushkin, Lermontov, Tiutchev, Fet, Blok, Mayakovsky, Akhmatova, Esenin, Evtushenko, Gandlevsky, etc.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: RUSN 2810 or RUSN 2820 or written consent of department head.
Attributes: Humanities

RUSN 3630  Russian Politics, Government, and Society  3 cr
Language of instruction: English. Survey of contemporary Russia that explores the social, cultural and economic factors shaping its domestic politics and foreign policy. Analyses Russia's transformation after the collapse of the Soviet Union, citizenship and social agency, Russian identity formation in a multi-ethnic and multi-confessional state, and Russia's complex relationships with its neighbours and former Cold War foes. Students may not hold credit for both RUSN 3630 and POLS 3630.
Equiv To: POLS 3630
Attributes: Humanities, Written English Requirement

RUSN 3770  Tolstoy  3 cr
A study of the novelist that focuses on the development of the aesthetic views and intellectual biography. Representative works from his early, middle and late period will be selected for analysis. Lectures in English. Readings in the original or in English.
Attributes: Humanities, Written English Requirement

RUSN 3780  Dostoevsky  3 cr
A study that focuses on the writer's art, in particular on his development of the polyphonic novel. Lectures in English. Readings in the original or in English.
Attributes: Humanities

RUSN 3790  Special Studies  3 cr
The content of this course will vary from year to year, depending on the needs and interests of instructors and students. A description of the course is available in advance at the department office. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of 21 credit hours of courses at the 1000-level or above] or written consent of department head.
Attributes: Humanities

RUSN 3900  Tolstoy's War and Peace  3 cr
This writer's art, view of history and human nature. References to film versions. Lectures in English. Readings in the original or in English.
Attributes: Humanities

RUSN 4620  Selected Topics 1  3 cr
A program of independent reading and/or research on selected topics to 1900, undertaken by a student in consultation with his or her prospective instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

SCI 1000  Topics in Science 1  3 cr
Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 1002  Topics in Science 1 with Laboratories  3 cr
(Lab required) Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty, and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 2000  Topics in Science 2  3 cr
Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 2002  Topics in Science 2 with Laboratories  3 cr
(Lab required) Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty, and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 3000  Topics in Science 3  3 cr
Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 3002  Topics in Science 3 with Laboratories  3 cr
(Lab required) Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty, and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science
SCI 3980 Co-operative Education Work Term 1 0 cr
Supervised work experience with an approved employer for a minimum of 12 weeks full-time. Restricted to students admitted to the Honours or Major Co-operative Education Option in the Faculty of Science. Completion of co-op pre-employment workshops required. Final work term report required. (Pass/Fail grade only).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Written permission from the Faculty of Science Co-operative Education Office.
Attributes: Science

SCI 3990 Co-operative Education Work Term 2 0 cr
Supervised work experience with an approved employer for a minimum of 12 weeks full-time. Restricted to students admitted to the Honours or Major Co-operative Education Option in the Faculty of Science. Final work term report required. (Pass/Fail grade only).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Written permission from the Faculty of Science Co-operative Education Office.
Attributes: Science

SCI 4000 Topics in Science 4 3 cr
Topics of current interest in the Faculty of Science. Offerings will be based on the interests and requirements of students and faculty and will include interdisciplinary topics not available in regular course offerings. This course may be used to satisfy a Science elective. This course is a Topics course and may be completed multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of the instructor.
Attributes: Science

SCI 4100 The Art of Scientific Visualization 3 cr
This interdisciplinary course encourages students from disciplines across the University to use techniques from the visual arts to create high-impact visualizations of research data. Topics include data representations and visual analytics; human perception, composition, colour theory and practice; communicating with the public; and science's current impact in the art realm. A hands-on workshop format will be the main mode of learning how to incorporate perception-based design principles into static digital images and dynamic computer interactives. This course is intended for upper year undergraduates interested in scientific visualization. May not be held with SCI 4000 when the topic was The Art of Scientific Visualization.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Completion of 90 credit hours of university-level coursework or permission from the instructor.
Attributes: Science

SCI 4980 Co-operative Education Work Term 3 0 cr
Supervised work experience with an approved employer for a minimum of 12 weeks full-time. Restricted to students admitted to the Honours or Major Co-operative Education Option in the Faculty of Science. Final work term report required. (Pass/Fail grade only).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SCI 3990 (P) or equivalent and written permission from the Faculty of Science Co-operative Education Office.
Attributes: Science

SCI 4990 Co-operative Education Work Term 4 0 cr
Supervised work experience with an approved employer for a minimum of 12 weeks full-time. Restricted to students admitted to the Honours or Major Co-operative Education Option in the Faculty of Science. Final work term report required. (Pass/Fail grade only).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SCI 4980 (P) or equivalent and written permission from the Faculty of Science Co-operative Education Office.
Attributes: Science

Slavic Studies (Pol,Rusn,Ukrn) (SLAV)

SLAV 3530 Special Topics in Comparative German and Slavic Studies 3 cr
Language of instruction: English. Topics comparing German and Slavic – Ukrainian, Russian, Polish – literatures and cultures. Course is co-taught by a member from the German and one from the Slavic Section. Course content will vary from year to year depending on interests and needs of students and staff. Possible Topics include Memory of World War II, Cold War and Post-Cold War, and Modernism. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different. Students may not hold credit for both SLAV 3530 and GRMN 3530 when topic is the same.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of 24 credit hours of university level coursework] or written consent of department head.
Attributes: Humanities, Written English Requirement

SLAV 3920 Gogol 3 cr
A study of the author’s major fiction and his influence on Russian and Ukrainian cultures and identity politics.
Attributes: Humanities

Social Work (SWRK)

SWRK 1310 Introduction to Social Welfare Policy Analysis 3 cr
Examination of social welfare policy as the end product of ideologies. Introduction of elements of ideology and the comparison of competing ideological systems. The relationship of economic, political and ethical views of society and their manifestations in societal responses to human need and social services.
Equiv To: SWRK 1311
Mutually Exclusive: SWRK 2113
Attributes: Recommended Intro Courses

SWRK 2050 Community and Organizational Theory 3 cr
Deals with concepts such as conflict and power which relate social work practice to the nature of secondary human relationships. These are applied to the dynamics within and between communities and organizations.
Mutually Exclusive: SWRK 2053

SWRK 2070 Small Group Dynamics 3 cr
Group norms, values, and goal as they relate to decision-making and communication patterns in groups. Membership roles and leadership styles are related to group development and group functioning.
Mutually Exclusive: SWRK 2073
SWRK 2080 Interpersonal Communication Skills 3 cr
A basic core of interpersonal skills for communicating effectively and for establishing and maintaining relationships in one-to-one and group situations. Emphasis is on experiential learning using a variety of techniques.
Equiv To: SWRK 2081
Attributes: Recommended Intro Courses

SWRK 2090 Human Behaviour and Social Work Practice 6 cr
Students are introduced to a broad range of theories and will develop an understanding of how people and environments reciprocally affect each other. Particular emphasis is placed on understanding how gender, race, ethnicity, socioeconomic factors, age, ability, and sexual orientation contribute to and influence human behaviour throughout the lifespan.
Mutually Exclusive: SWRK 2093

SWRK 2110 Emergence of the Canadian Social Welfare State 3 cr
An examination of the emergence of the Canadian welfare state from its various colonial inheritances to the Canada Assistance Plan. Social, political, economic, religious, geographical, demographic and cataclysmic factors influencing the development of the welfare state are examined and analyzed. Students may not hold credit for both SWRK 2110.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SWRK 1310. 
Equiv To: SWRK 2111

Mutually Exclusive: SWRK 1313

SWRK 2130 Comparative Social Welfare Systems 3 cr
The welfare systems of three modern societies are examined and compared. Economic, political, social, religious, geographical, demographic and cataclysmic factors influencing the development of the various models of social provision are analyzed for their significance to the Canadian welfare system. Students may not hold credit for both SWRK 2130.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SWRK 1310.

SWRK 2650 The Social Aspects of Aging 3 cr
An examination of the social aspects of aging. Emphasis on understanding the aging process as a life transition involving adaptation through interaction with social and physical environments. May not be held with FMLY 2650 or the former HMEC 2650 or REC 2650 or SWRK 2651. (A required Option in Aging course.)
Equiv To: FMLY 2650, HMEC 2650, IDES 2650, REC 2650, SWRK 2651

SWRK 3100 Systematic Inquiry in Social Work 3 cr
Relates systematic methods of scientific inquiry to social work practice; theory building for practice; information collection; descriptive data for decision-making, understanding technical research material, introduction to issues of research design.
Mutually Exclusive: SWRK 3103

SWRK 3130 Contemporary Canadian Social Welfare 3 cr
An examination of social welfare in Canadian society, leading to an evaluation of present approaches in the light of changing economic and social conditions and changing needs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SWRK 1310. Students may not hold credit for both SWRK 3130.
Equiv To: SWRK 3131

SWRK 3140 Introduction to Social Work Practice 3 cr
Introduces students to ecological and other generalist based practice frameworks and the role of professional social workers. Course emphasizes values and knowledge in context of a rational approach to problem solving which includes problem definition, assessment, contracting, intervention and evaluation. Pre- or corequisite SWRK 3130, SWRK 2080 and SWRK 2090.
Equiv To: SWRK 3141

SWRK 3150 Field Instruction 1 12 cr
A first educationally directed field experience in which the student will have the opportunity to assume responsibility for social work engagement, assessment, planning, intervention and evaluation, integrating theory from class. While Access Programs may require additional field hours, 420 hours is the minimum required for all BSW students. This time commitment includes involvement with the agency in planning for, and engaging in, practice activity, and evaluation of performance. It also includes educational contact time with the field instructor in individual and/or group sessions. Subject to satisfactory completion and reports, students will be graded on a pass/fail basis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 1310, SWRK 2080, SWRK 2090, and SWRK 3140, and consent by course instructor (Field Coordinator). Corequisite: 6 credit hours of SWRK 4200.
Equiv To: SWRK 3151

SWRK 3152 Prior Learning Assessment and Recognition of Field Practice 12 cr
PLAR(SWRK 3152) is a self-study course in which the student (upon acceptance) will have the opportunity to demonstrate basic knowledge as required of all students in first field placement. Students will be required to demonstrate learning in social work engagement, assessment, planning, intervention and evaluation, as well as integration of values and ethics and theoretical frameworks as attained in pre-requisite foundation courses. Applicants who have been accepted and register in SWRK 3152 in lieu of first field placement, SWRK 3150, will be required to complete workbook assignments on or before designated due dates and to contact PLAR Assessor when additional classification or support is required. Subject to satisfactory completion of assignments and reports, students will be evaluated and graded on a pass/fail basis. Students may not hold credit for both SWRK 3152 and SWRK 3150.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 1310, SWRK 2080, SWRK 2090, SWRK 3140. Co-requisites: SWRK 4200.
Equiv To: SWRK 3150

SWRK 4050 Selected Topics in Social Work 3 cr
Directed readings or concentrated study in some aspect of social service which is of interest to the student. Students must contract with an instructor prior to registration.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor.

SWRK 4070 Social Problem and Social Work Practice Seminar 3 cr
In-depth study of the problem area, exploration of the ways other disciplines relate to the problem, and strengthening of interventive abilities of the student.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SWRK 3040 / SWRK 3120, SWRK 4200 / SWRK 3150 or written consent of instructor.
Equiv To: SWRK 4071
SWRK 4080  Current Issues in Social Welfare  3 cr
Study of a particular area of social welfare to improve policies and practices. Students may select one seminar from several which are offered. These may vary from year to year.

SWRK 4120  Field Instruction 2  12 cr
A second educationally directed practice experience building on SWRK 3150 in which the student will have the opportunity to carry a sustained professional role in situations which require the integration of values, knowledge, and skill at the level of a beginning professional practitioner. While Access Programs may require additional field hours, 420 hours is the minimum required for all BSW students. This time commitment includes involvement with the agency in planning for, and engaging in, practice activity, and evaluation of performance. It also includes educational contact time with the field instructor in individual and/or group sessions. Subject to satisfactory completion and reports, students will be graded on a pass/fail basis.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: 6 credit hours of SWRK 4200, and SWRK 3150, and consent by course instructor (Field Coordinator). Corequisite: 6 credit hours or SWRK 4300.

Equiv To: SWRK 4121

SWRK 4130  Advanced Interpersonal Communication Skills  3 cr
An experiential course for self-understanding and self-awareness to produce a disciplined and conscious use of self in professional communication and relationships.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 2080 and written consent of instructor.

SWRK 4200  Field Focus of Social Work Practice  6 cr
A seminar for the critical examination of social work theory, values, policy and skills in the context of a field or focus of practice. The course integrates policy with practice at micro, meso and macro levels. Course seminar topics may vary from year to year and are organized to cover various fields or focus of practice. Students cannot hold credit for both SWRK 4150 and SWRK 4200.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 1310, SWRK 2080, SWRK 2090, and SWRK 3140. Corequisite: SWRK 3150.

Equiv To: SWRK 4150

SWRK 4210  Feminist Perspectives on Social Work Practice and Social Welfare Policy  6 cr
An analysis of social work practice and welfare policy from a feminist perspective. Course emphasizes the integration of social work intervention with policy in the social welfare context and overlays concepts such as empowerment, ecological practice, oppression, and practice in context of cultural diversity. Students may not hold credit for both SWRK 4210 and SWRK 4170 or SWRK 4210 and SWRK 4190.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 1310, SWRK 2080, SWRK 2090, and SWRK 3140.

Mutually Exclusive: SWRK 4213

SWRK 4220  Aboriginal People and Social Work Practice  6 cr
An analysis of social work practice and welfare policy from an aboriginal perspective. The course emphasizes the linkage between practice and policy and overlays concepts such as colonization, decolonization, and approaches to practices which include cross culture, structure, and anti-oppression in the context of Aboriginal world views, experience and helping practices. Students may not hold credit for both SWRK 4220 and SWRK 4160 or SWRK 4220 and SWRK 4180.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SWRK 1310, SWRK 2080, SWRK 2090, and SWRK 3140.

Equiv To: SWRK 4221

SWRK 4250  Family Group Conferences  3 cr
This course provides an overview of the research, theory and application of Family Group Conferencing within the context of child and family services and the implications for intervention. Emphasis is on experiential learning of Family Group Conferencing processes and techniques.

SWRK 4260  Addiction and CFS Practice  3 cr
The focus of this course is to increase the student's knowledge about addictions as well as to develop student's skills for intervention with families affected by addiction within the context of child and family services. Emphasis is on experiential learning of knowledge, process and techniques.

SWRK 4270  Crisis Intervention  3 cr
This course provides an overview of the research, theory and application of crisis intervention, methods and techniques within the context of child and family services. Emphasis will be on expanding existing knowledge through experiential learning of crisis intervention processes and techniques.

SWRK 4300  Field Focus of Social Work Practice 2  1-6 cr
A seminar for the critical examination of social work theory, values, policy and skills in the context of a field or focus of practice. The course integrates policy with practice at micro, meso and macro levels. Course seminar topics may vary from year to year and are organized to cover various fields or focus of practice. For students admitted after 1993-1994.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SWRK 4200, SWRK 3150. Corequisite: SWRK 4120.

Mutually Exclusive: SWRK 4303

Sociology (SOC)

SOC 1000  Introduction to Sociology  3 cr
Sociology is the systematic study of society. It is the study of people and how they interact with each other and social groups. Topics include (but are not limited to): culture, socialization, race and ethnicity, social stratification, gender and sexuality, social inequality, globalization, the environment, crime and deviance, and health. Students may not hold credit for SOC 1000 and any of: SOC 1211 or SOC 1221 or the former SOC 1200 or the former SOC 1201.

Mutually Exclusive: SOC 1200, SOC 1201, SOC 1211, SOC 1221

Attributes: Social Science, Recommended Intro Courses

SOC 2004  Contemporary Sociological Theory  3 cr
SOC 2010  Critical Issues in Sociology  3 cr
A form-specific, content variable course especially designed for Honours students. The intent of this course is to develop critical thinking and improve students' oral, writing and research skills. It is also designed to facilitate the creation of a cohesive cohort of Honours students through the use of group work and assignments.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.

Attributes: Social Science

SOC 2200  Sociology Through Film  3 cr
Using film as a method, this course will be organized around the broad themes of social inequality and social justice. It will engage in a critical sociological analysis of issues such as health and well-being, poverty, genocide and violence, globalization and consumer culture.

Attributes: Social Science

October 05, 2022
SOC 2220 Sociological Theoretical Foundations 3 cr
A review of classical sociological theory. The focus will be on the central figures and schools of thought in Sociology. Students may not hold credit for both SOC 2220 and SOC 2221.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2221
Attributes: Social Science

SOC 2240 Sociology of Globalization 3 cr
Explores various sociological theories of globalization, stratification, local-global linkages, transnational social movements, and migration, in order to grasp what globalization is, its extent, its driving forces, and its effects. Students may not hold credit for both SOC 2240 and SOC 3460 when titled "Sociology of Globalization."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2261, SOC 2270, SOC 2271
Attributes: Social Science

SOC 2260 Cities and Urban Life 3 cr
A consideration of the social, cultural and urban processes and their relationship to urban life, with an emphasis on urban experience, sociality, and social inequality. Students may not hold credit for SOC 2260 and any of: SOC 2261 or the former SOC 2270 or the former SOC 2271.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2261, SOC 2270, SOC 2271
Attributes: Social Science

SOC 2261 Understanding Social Research 3 cr
An overview of the tools social scientists employ to understand, interpret, critique, and conduct research in the social world. Topics include the production of knowledge, the research process, ethical considerations, conceptualization of research problems, measurement, and popular qualitative and quantitative methodologies. Students may not hold credit for SOC 2292 and any of: SOC 2013, ANTH 2013, the former SOC 2290, or the former SOC 2291.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: ANTH 2013, SOC 2013
Mutually Exclusive: SOC 2290, SOC 2291
Attributes: Social Science

SOC 2290 Understanding Social Statistics 3 cr
Focus is on the various statistical procedures sociologists use when analyzing quantitative data. The course introduces students to basic statistical computations and analyses in order develop an awareness of statistics in social research. Concentration is on what, when and how to apply and interpret relevant statistical techniques in order to answer specific research questions. Students may not hold credit for SOC 2294 and any of: the former SOC 2290 or the former SOC 2291.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: SOC 2292 or SOC 2013 or ANTH 2013.
Mutually Exclusive: SOC 2290, SOC 2291
Attributes: Mathematics Requirement, Social Science

SOC 2291 Introduction to Social Research 3 cr
The basic sociological concepts and methods used in analyzing and designing small groups such as the family, children's groups, work groups, and friendship groups.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221]. SOC 2230 or SOC 2231 is recommended.
Attributes: Social Science

SOC 2292 Understanding Social Research 3 cr
An examination of one or more contemporary social problems, other than crime and delinquency. Issues that might be addressed include poverty, war, environment, licit and illicit drugs, and death and dying. Consult the Registration Guide or contact the instructor for specific content in any particular academic year. Students may not hold credit for both SOC 2210 and SOC 2311.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [both SOC 1211 and SOC 1221]. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Equiv To: SOC 2311
Attributes: Social Science

SOC 2294 Understanding Social Research 3 cr
A sociological analysis of Canadian institutions with reference to historical, cultural, economic, and political perspectives. Students may not hold credit for both SOC 2290 and SOC 2321.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2321
Attributes: Social Science

SOC 2295 Social Psychology in Sociological Perspective 3 cr
The course examines the interrelations of the individual, the group, and society, with emphasis on interaction as the process that gives form, direction, and meaning to the everyday lives of people. Topics to be discussed may include: self-esteem, identity, impression management, motivation and emotion. Students may not hold credit for both SOC 2295 and SOC 2331.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2321
Attributes: Social Science

SOC 2296 Small Group Interaction 3 cr
The analysis of various forms of collective behaviour, such as crowds, mobs, and social movements. The underlying social conditions, action processes, and consequences of such behaviour will be considered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2297 Ethnic Relations 3 cr
Introduction to the social and social psychological aspects of ethnic relations in Canada. Students may not hold credit for both SOC 2297 and SOC 2371.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 2371
Attributes: Social Science
SOC 2380 Sociology of Religion 3 cr
A study of the nature and function of religion as a social institution with emphasis on early theorists, primitive religions, belief systems, and typologies.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2390 Social Organization 3 cr
The process of ordering social life and the structures that result. Power, conflict, social control, bureaucracy, industrialization, urbanization, and centralization. Students may not hold credit for both SOC 2390 and SOC 2391.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2450 Sociology of the Body 3 cr
Despite its centrality in social life, the human body is too often taken for granted. This course explores a variety of sociological perspectives on the socially constructed nature of bodies to understand how society and social relations both shape and are shaped by the human body.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2460 The Family 3 cr
A sociological analysis of the various family arrangements and practices in contemporary societies and their historical roots. An examination of the relationships between family and other institutions in the context of widespread social changes. Students may not hold credit for both SOC 2460 and SOC 2461.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2480 Population Problems 3 cr
A survey of the impact of population growth, contraction, density and distribution on the social, political and economic institutions of developing and developed societies.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2490 Sociology of Health and Illness 3 cr
A general introduction to health sociology. The course examines health and illness as social concepts by exploring the personal and structural determinants of health status, and everyday health care practices in which people engage to maintain their health and to manage illness.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2510 Criminology 3 cr
A general introduction to theories of deviant behaviour and criminology. The explanation of crime with reference to physical, psychological, and social factors. Students may not hold credit for both SOC 2510 and SOC 2511.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2610 Sociology of Criminal Justice and Corrections 3 cr
The sociological study of the criminal justice system, including the police, the courts, prisons and other correctional agencies.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 2620 The Sociology of Aging 3 cr
This course explores sociological approaches to the study of age-related phenomena and processes, and aging societies, with a focus on Canadian issues. Associations will be drawn between individual aging experiences and outcomes, and broader political, economic, sociocultural, demographic and historical contexts (including globalization). Strategies to promote the social inclusion of older adults and reduce age-based social inequalities will be discussed.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2630 Social Change 3 cr
Major trends of social changes in society, revolutionary and evolutionary change; problems in the measurement and prediction of social change patterns, consequences and problems of future change.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 2650 Applied Criminological Research 3 cr
This course is designed to develop students' research skills and experience through placement in a criminal justice or other social service agency having a mandate relevant to the study of sociology or criminology. The course consists of supervised work within the agency and classroom instruction, culminating in the production of a research report. Enrolment is competitive and special advance permission is required to register. To be considered for admission, students must complete an application form (available from the Department of Sociology and Criminology website) by the last day of May preceding the Fall term in which the student intends to take the course. Students may not hold credit for both SOC 2650 and the former SOC 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 2710 Social Research 3 cr
A survey of methods, including research design, data collection, descriptive and inferential statistics and computer applications in social research. Students may not hold credit for both SOC 2710 and SOC 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a grade of "C" or better in SOC 2511 or SOC 2512] or written consent of department head.
Attributes: Social Science

SOC 2760 Qualitative Methods in Social Research 3 cr
This course employs an introduction to qualitative and ethnographic approaches to social research. Students may not hold credit for both SOC 2760 and SOC 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a grade of "C" or better in SOC 2511 or SOC 2512] or written consent of department head.
Attributes: Social Science

SOC 3100 Practicum in Criminological/Sociological Research 6 cr
This course is designed to develop students' research skills and experience through placement in a criminal justice or other social service agency having a mandate relevant to the study of sociology or criminology. The course consists of supervised work within the agency and classroom instruction, culminating in the production of a research report. Enrolment is competitive and special advance permission is required to register. To be considered for admission, students must complete an application form (available from the Department of Sociology and Criminology website) by the last day of May preceding the Fall term in which the student intends to take the course. Students may not hold credit for both SOC 3100 and the former SOC 3760.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 3760 Attributes: Social Science, Written English Requirement
SOC 3310 Theorizing Crime, Law, and Social Justice 3 cr
Through investigation of a variety of theoretical approaches, this course fosters an appreciation of the relevance of theorizing for addressing contemporary issues related to crime, law, and social justice.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 3330 Origins of Sociological Thought 3 cr
A systematic introduction to sociological thought from ancient philosophy to the middle of the 19th century. Emphasis is placed on social thought that is to become the foundations of sociological theory. Students may not hold credit for both SOC 3330 and SOC 3331.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a grade of "C" or better in SOC 2220 or SOC 2221] or written consent of department head.
Equiv To: SOC 3331
Attributes: Social Science

SOC 3350 Feminism and Sociological Theory 3 cr
A critical examination of how gender has been addressed in classical and contemporary sociological theories, with consideration of how sociological inquiry is being transformed through feminist theory and practice.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2220 or SOC 2221] or written consent of department head.
Attributes: Social Science

SOC 3360 Theories in Social Psychology 3 cr
A review of the predominant theoretical perspectives currently utilized in social psychology in relation to contemporary sociological concerns.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2220 or SOC 2221] or written consent of department head.
Attributes: Social Science

SOC 3370 Sociology of Work 3 cr
An examination of work as a central aspect of human social life; its changing nature and content in response to technological, political, and social change; how work is organized and understood by employers and workers; its consequences for individuals, social institutions, and society. Students may not hold credit for SOC 3370 and either of SOC 3371 or LABR 3370.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1212].
Equiv To: LABR 3370, SOC 3371
Mutually Exclusive: LABR 3110
Attributes: Social Science

SOC 3380 Power, Politics and the Welfare State 3 cr
A critical evaluation of sociological theory and research focusing on power and politics in society. Topics covered include: the dimensions of power (economic, political, ideological), classes and class conflict, political socialization, the origin and nature of the state, and the welfare state. Students may not hold credit for SOC 3380 and any of: SOC 3471 or the former SOC 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1212] or written consent of department head.
Equiv To: SOC 3470, SOC 3471
Attributes: Social Science

SOC 3390 Contemporary Sociological Theory 3 cr
A critical examination of contemporary theoretical perspectives and developments in sociology, highlighting the contributions of some major theorists. Course content may vary from year to year depending upon the instructor’s interest. Students may not hold credit for both SOC 3390 and SOC 3391.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2220 or SOC 2221] or written consent of department head.
Equiv To: SOC 3391
Attributes: Social Science

SOC 3400 Policing and Crime Prevention 3 cr
The sociological study of the organization and operation of the police and the evidence-based prevention of crime. Topics include the history and role and functions of the police, police culture and socialization, strategies and tactics, police deviance and ethics, future policing trends, and methods of crime prevention. Students may not hold credit for both SOC 3400 and SOC 3740 with topic "Policing and Crime Prevention."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2220 or SOC 2221] or written consent of department head.
Attributes: Social Science

SOC 3410 Critical Victimology 3 cr
Through investigating a variety of theoretical perspectives, this course fosters an appreciation of forms of and factors leading to victimization and the experiences of victims in the criminal justice system. Students may not hold credit for both SOC 3410 and SOC 3740 when titled "Victims and the Criminal Justice System."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2220 or SOC 2221] or written consent of department head.
Attributes: Social Science

SOC 3430 Sociological Perspectives on the Social Determinants of Health 3 cr
This course will apply a sociological perspective to a critical and theoretically informed study of the social structures influencing personal and population health, including intersections of class, gender, ethnicity, and aging as sources of health inequities.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 3450 Selected Topics 3 cr
The content of this course will vary from year to year, but will consist of a thorough sociological treatment of some topic of current interest. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science
SOC 3540  The Sociology of Health Care Systems 3 cr
An analysis of the social organization of formal and informal health care, including topics such as professionalism and health care, the nature of therapeutic relationships, institutional vs. community-based care, social reform and health care policy, medicine and the state, and emerging patterns of health care.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221]. SOC 2490 is recommended.
Attributes: Social Science

SOC 3580  Media, Culture and Society 3 cr
A consideration of the influence of media on contemporary society, analyzing the production, circulation and consumption of various media forms and their relationship to social life. Students may not hold credit for SOC 3580 and any of: SOC 3581 or the former SOC 3590 or the former SOC 3591.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221]. SOC 2330 or SOC 2331 is recommended.
Equiv To: SOC 3581, SOC 3590, SOC 3591
Attributes: Social Science

SOC 3660  Sociology of Mental Disorder 3 cr
A study of the social processes involved in becoming and being mentally ill. Topics such as the public imagery of madness, decision-making rules in psychiatry, life in the mental hospital, and community attitudes toward the mentally ill will be considered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221]. SOC 2490 is recommended.
Attributes: Social Science

SOC 3700  Sociology of Law 3 cr
The aim of this course is to gain an understanding of the law-society relationship. Different theoretical approaches will be used to investigate substantive issues that pertain to the role of law in (re)producing social inequalities and its potential for alleviating them.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 3710  Sociology of Criminal Careers 3 cr
An examination of patterns of criminal behaviour focusing on the sociological aspects of selected offences, the criminal career of the offender, and on societal reaction and legal processing.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 3720  The Criminal Law and Its Procedure 3 cr
An introduction to the criminal law and an overview of the system by which the criminal law is administered.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 3750  Society and Education 3 cr
A critical examination of schools at all levels and the challenges they face. Issues such as, curriculum, classroom interaction, gender, race, class and equality of educational opportunities will be explored. The course should be useful to students interested in careers in education and counselling. Students may not hold credit for both SOC 3730 and SOC 3731.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 3770
Attributes: Social Science

SOC 3770  Sociology of Education 3 cr
The specific content of this course will vary, but in general it will consist of an examination of a specialized topics relevant to Criminology. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Mutually Exclusive: SOC 3762
Attributes: Social Science

SOC 3790  Sociology of Law, Justice, and Indigenous Peoples 3 cr
This course will focus on the growing public awareness of the prevalence of interpersonal violence in Canada, examining studies of prevalence from victimization surveys and criminal justice statistics. We examine various criminological and sociological theories of the causes, dynamics and interventions in family and interpersonal violence, legislation and policy and assess these changes from the perspective of victims and accusers. Students may not hold credit for both SOC 3750 and SOC 3460 when titled "Interpersonal Violence and Institutional Responses."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: SOC 2510 or SOC 2511.
Attributes: Social Science

SOC 3762  Law, Justice, and Indigenous Peoples 3 cr
A critical examination of the complex and varied role that law has played, and continues to play, in regard to Indigenous peoples in the Canadian settler state context. The course straddles the divisions between criminal law, constitutional law, government legislation, transitional justice, as well as international legal norms. Students may not hold credit for both SOC 3762 and SOC 3740 when titled "Law, Justice and Indigenous Peoples."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Mutually Exclusive: SOC 1200
Attributes: Social Science

SOC 3770  Women, Health and Medicine 3 cr
A systematic sociological analysis of women's participation in the health care system, as consumers as well as providers. Historical and contemporary health issues of women are explored, as are women's efforts to control their experiences and improve their well-being.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221]. SOC 2490 is recommended.
Attributes: Social Science
SOC 3810 Sociological Perspectives on Gender and Sexuality 3 cr
An exploration of the relations between men and women in contemporary society. This course will use historical and cross-cultural standpoints to examine the social construction of gender and sexuality, and the ideological and material structures which (re)produce gender difference. Students may not hold credit for both SOC 3810 and SOC 3811.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 3811
Attributes: Social Science

SOC 3820 Qualitative and Historical Methods in Sociology 3 cr
An introduction to a variety of data gathering techniques such as participant observation, interviewing, life histories, archival research, document analysis, and the use of case studies. Emphasis will be placed on the use of inductive/deductive procedures in the transformation of raw data into theoretical interpretations.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2292 or SOC 2291 or the former SOC 2290] or written consent of department head.
Attributes: Social Science

SOC 3830 Youth, Crime, and Society 3 cr
An analysis of issues surrounding the treatment of children and youth in the Canadian criminal justice system. Topics include: historical changes in the role of children and youth; young offender legislation; young offenders and media; and current research on youth crime and its prevention in Canada and other countries.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2292 or SOC 2291 or the former SOC 2290] or written consent of department head.
Attributes: Social Science

SOC 3838 Ecology and Society 3 cr
Examines changing patterns of social organizations of civilizations, the resultant social constructions of the human/nature interface, the human social contribution to the global ecological crisis, and possible strategies to create sustainable societies. Consideration of topics such as population, consumption, capitalism, and agricultural practices.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 3840 Community and Social Reconstruction 3 cr
An examination of the changing relationships between the global economic market, the declining resource base of the nation state, and the shift to local control within civil society. Topics may include: the central role of the household in civil society, the informal sector, local initiatives (e.g., co-housing, cooperative, land trusts), and community development.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 3850 Restorative Justice 3 cr
A general introduction to the social theory and practice of restorative justice.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 2510 or SOC 2511] or written consent of department head.
Attributes: Social Science

SOC 3860 Genocide, Crime and Society 3 cr
A critical sociological and criminological examination of comparative genocide studies. Emphasis is placed on the utility of sociological and criminological theoretical frameworks for understanding and explaining genocide, as well as the conceptual and moral failings of criminology and sociology in the face of genocide. Students may not hold credit for both SOC 3860 and SOC 3740 when titled "Genocide."
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Attributes: Social Science

SOC 3880 Global Criminology and Criminal Justice 3 cr
This course examines current developments and issues in the field of global criminology and criminal justice. Topics include: crime and globalization; transnational policing and security; world criminal justice systems; global criminal justice policy transfer; and international criminal justice. Students may not hold credit for both SOC 3880 and the former SOC 3780.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a grade of "C" or better in SOC 2510 or SOC 2511] or written consent of department head.
Equiv To: SOC 3780
Attributes: Social Science

SOC 3890 Power and Inequality in Comparative Perspective 3 cr
Engaging in a cross-temporal and cross-national investigation, this course critically surveys classical and contemporary debates around the inevitability of social inequality, and explores the ways that inequalities have been reproduced and rationalized, or attenuated and challenged, throughout human history. Key facets and indicators of inequality (such as poverty, homelessness, social exclusion and the distribution of income and wealth) and their relation to central axes of social inequality (class, gender, race/ethnicity and age) are considered. Put simply, this course is concerned with 'who gets what and why?' Students may not hold credit for SOC 3890 and any of: SOC 3871 or the former SOC 3870.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SOC 1000 or the former SOC 1200 or the former SOC 1201] or [SOC 1211 and SOC 1221].
Equiv To: SOC 3870, SOC 3871
Attributes: Social Science

SOC 4450 Honours Seminar 6 cr
An intensive discussion of selected sociological problems, culminating in a major Honours thesis.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 4460 Advanced Sociological Theory 3 cr
A critical examination and analysis of sociological theories.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science
SOC 4490 Advanced Seminar in Criminology 3 cr
A critical examination of the field of criminology and the work of criminologists in shaping modern sensibilities about crime, law, and social justice. Topics include the origins of modern criminology, the development of competing knowledge frameworks in criminology (including the impact of feminist, post-modern, and post-colonial criminologies), and trajectories of 21st century criminology (including scientific, global, and public criminology).

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 4530 Readings in Sociology 3 cr
A reading course for undergraduates and pre-Master’s in sociology. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 4560 Advanced Sociological Theory 3 cr
A critical examination and analysis of selected sociological theories. Course content may vary from year to year depending upon the instructor’s interest.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Social Science

SOC 4570 Quantitative Social Analysis 3 cr
The application of quantitative data analysis in the social sciences, including the following procedures: multiple regression, dummy variable regression, simple analysis of variance and covariance, and an introduction to path analysis. Students may not hold credit for both SOC 4570 and the former SOC 4480.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Equiv To: SOC 4480
Attributes: Social Science

SOC 4580 Social Research Methods 3 cr
An introduction to the philosophy of science and logic of scientific method, as well as a survey of research methods and issues. Students are expected to gain a working knowledge of the research process. Students may not hold credit for both SOC 4580 and the former SOC 4470.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Equiv To: SOC 4470
Attributes: Social Science

Soil Science (SOIL)

SOIL 3060 Introduction to Agrometeorology 3 cr
Basic description and discussion of properties of the atmosphere, radiation, temperature, effect of temperature on plant growth, climate and animal response, water, evapotranspiration, insect adaptation, activity in relation to climate, climatic data.

SOIL 3520 Pesticides: Environment, Economics and Ethics 3 cr
A comprehensive examination of the benefits and risks of pesticide use. Topics include: Characteristics of pesticide products and formulations used in Western Canada; History, practice, successes and failures in the use of pesticides in agriculture; Pesticide use for protecting human health; Pesticide fate processes in air, soil and aquatic environments; Economical and environmental impact of pesticide application drift; Atmospheric pesticide contamination; Pesticide surface and groundwater contamination; Pesticide toxicity to organisms, including humans; Pesticide residues in food; Pesticide regulations; Pesticide risk indicators; Alternatives to pesticides.

SOIL 3600 Soils and Landscapes in Our Environment 3 cr
Discover why soil is an essential resource. Explore the roles of soils and landscapes within natural and agricultural ecosystems by learning the fundamental biological, chemical and physical properties and processes; soil and landscape classification and evaluation.
SOIL 4510  Soil and Water Management 3 cr  
Topics include: capability of land for agriculture; storage, movement and use of water; saline and alkaline soils; soil conservation including erosion; sustainability of soil organic matter; effect and fate of soil amendments.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: SOIL 3600.

SOIL 4520  Soil Fertility 3 cr  
Forms and behaviour of plants nutrients in soil; soil fertility evaluation and management, including fertilizer sources and practices.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: SOIL 3600.

Spanish (SPAN)

SPAN 1180  Introductory Spanish 6 cr  
(Lab required) A course designed for those with little or no previous knowledge of Spanish. The course includes grammar, reading and oral practice, with language laboratory exercises. An oral approach is utilized. The student is given glimpses of cultural aspects of Spain and Spanish America. Students with Senior 4 Spanish may not normally take the course for credit. Not open to students with native oral fluency. Students may not hold credit for SPAN 1180 and any of: SPAN 1171 or SPAN 1190 or SPAN 1191 or the former SPAN 1181 (former TRAD 1181). Not open to students who have previously obtained credit in SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

Equiv To: SPAN 1181, TRAD 1181  
Mutually Exclusive: SPAN 1171, SPAN 1190, SPAN 1191, SPAN 1260, SPAN 1261, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1273, SPAN 1280, SPAN 1290, TRAD 1261, TRAD 1271  
Attributes: Humanities, Recommended Intro Courses

SPAN 1190  Introductory Spanish 2 3 cr  
(Lab required) The second term of SPAN 1180 Introductory Spanish. This course is intended for students who have already knowledge of the alphabet and the sound system, as well as elementary comprehension, communication and writing skills equivalent to those that would be achieved in the first term of SPAN 1180. Students may not hold credit for SPAN 1190 and any of: SPAN 1191 or SPAN 1180 or the former SPAN 1181 (former TRAD 1181). Not open to students who have previously obtained credit in SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: [SPAN 1171] or [Senior 4 Spanish] or written consent of instructor or department head.

Equiv To: SPAN 1191  
Mutually Exclusive: SPAN 1180, SPAN 1181, SPAN 1260, SPAN 1261, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1273, SPAN 1280, SPAN 1290, TRAD 1181, TRAD 1261, TRAD 1271  
Attributes: Humanities, Recommended Intro Courses

SPAN 1262  Intermediate Spanish Grammar and Conversation 1 3 cr  
(Lab required) This course is the first of the intermediate Spanish language sequence. Focus is on developing intermediate skills in reading, writing, speaking and listening. The primary goals are to build communicative competence and enhance social and cultural awareness of the Spanish-speaking world. Not open to students with native oral fluency. Students may not hold credit for SPAN 1262 and any of: SPAN 1263 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: [SPAN 1180 (the former SPAN 1181 or the former TRAD 1181) or SPAN 1190 or SPAN 1191] or written consent of instructor or department head.

Equiv To: SPAN 1263  
Mutually Exclusive: SPAN 1260, SPAN 1261, SPAN 1280, SPAN 1290, TRAD 1261  
Attributes: Humanities, Recommended Intro Courses

SPAN 1267  Intermediate Spanish Grammar and Conversation 2 3 cr  
(Lab required) This course is the second of the intermediate Spanish language sequence. Focus is on continued development of intermediate skills in reading, writing, speaking and listening. The primary goals are to further enhance communicative competence and social and cultural awareness of the Spanish-speaking world. Not open to students with native oral fluency. Students may not hold credit for SPAN 1272 and any of: SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: [SPAN 1262 or SPAN 1263 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261] or written consent of instructor or department head.

Equiv To: SPAN 1273  
Mutually Exclusive: SPAN 1180, SPAN 1181, SPAN 1190, SPAN 1191, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1280, SPAN 1290, TRAD 1271  
Attributes: Humanities, Recommended Intro Courses

SPAN 1269  Spanish for Native Speakers 3 cr  
A survey of grammar and writing for people with an advanced level of oral Spanish. All the class exercises, readings, activities and examinations will be in Spanish. Students may not hold credit for SPAN 1280 and any of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: written consent of instructor or department head.

Mutually Exclusive: SPAN 1180, SPAN 1181, SPAN 1190, SPAN 1191, SPAN 1260, SPAN 1261, SPAN 1262, SPAN 1263, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1273, SPAN 1290, TRAD 1261, TRAD 1271  
Attributes: Humanities, Recommended Intro Courses

SPAN 1280  Spanish for Native Speakers 3 cr  
A survey of grammar and writing for people with an advanced level of oral Spanish. All the class exercises, readings, activities and examinations will be in Spanish. Students may not hold credit for SPAN 1280 and any of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

PR/CR: A minimum grade of C is required unless otherwise indicated.  
Prerequisite: written consent of instructor or department head.

Mutually Exclusive: SPAN 1180, SPAN 1181, SPAN 1190, SPAN 1191, SPAN 1260, SPAN 1261, SPAN 1262, SPAN 1263, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1273, SPAN 1290, TRAD 1261, TRAD 1271  
Attributes: Humanities, Recommended Intro Courses
SPAN 1290  Accelerated Intermediate Spanish  6 cr  
(Lab required) This is a one term accelerated course which combines the content of SPAN 1262 and SPAN 1272 (or the former SPAN 1260 and the former SPAN 1270). It is a review of grammar and pronunciation structured around extensive writing practice and conversation of contemporary issues relating to the Spanish speaking world. There will be six hours of classroom instruction with a two hour laboratory per week. This course is not open to students with native oral fluency. Students may not hold credit for SPAN 1290 and any of: SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SPAN 1180 (or the former SPAN 1181 or the former TRAD 1181 or SPAN 1190 or SPAN 1191)] or written consent of instructor or department head.

Mutually Exclusive: SPAN 1180, SPAN 1181, SPAN 1190, SPAN 1191, SPAN 1260, SPAN 1261, SPAN 1262, SPAN 1263, SPAN 1270, SPAN 1271, SPAN 1272, SPAN 1273, SPAN 1280, TRAD 1261, TRAD 1271

Attributes: Humanities, Recommended Intro Courses

SPAN 2200  Spanish American Culture and Civilization  3 cr
A picture of the geographical, political, economic, social, artistic and cultural forces in Latin America. Essays, cultural readings, newspaper articles, magazines and films are utilized to enhance awareness and to stimulate discussion.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271] or written consent of department head.

Attributes: Humanities

SPAN 2210  Voices and Images of Latin America  3 cr
A study of the important figures that have influence on social and artistic movements of the Latin American culture such as Frida Khalo, Diego Rivera, Che Guevara, and Fernando Botero. This course introduces students to the study of Spanish theater written by contemporary women writers. The course will explore how they use their work and the stage to denounce a contemporary Spanish society that needs to be reexamined. Analysis will underscore how these playwrights treat dis/similar subject matters: search for identity, gender, sexuality, relationships, patriarchal values, feminism, among others. The course will be taught in Spanish. All class readings and examinations are in Spanish.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271] or written consent of department head.

Attributes: Humanities

SPAN 2220  Survey of Spanish Civilization  3 cr
A study of the history of Spanish culture with special stress on its non-literary arts, and selected aspects of Spanish life.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [SPAN 1262 or SPAN 1263 or SPAN 1272 or SPAN 1273 or SPAN 1280 or SPAN 1290 or the former SPAN 1260 or the former SPAN 1261 or the former TRAD 1261 or the former SPAN 1270 or the former SPAN 1271 or the former TRAD 1271] or written consent of department head.

Attributes: Humanities
SPAN 3070  Dali, Lorca, Bunuel  3 cr
Study of the three most representative members of Spanish surrealism and avant-gardism in the twentieth century.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3080  Contemporary Latin American Novel  3 cr
This course will concentrate on the major writers of the Latin American "Boom" such as: Gabriel Garcia Marquez, Carlos Fuentes, Julio Cortazar and Mario Vargas Llosa. It may also include other authors connected with the Boom such as: Alejo Carpentier, Juan Rulfo, Jorge Luis Borges, Manuel Puig.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3220  Contemporary Spanish Cinema  3 cr
A survey of Contemporary Spain through its cinema and other cultural manifestations. All the class readings, class lectures, movies and examinations are in Spanish.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3270  Special Studies  3 cr
The content of this course is variable, depending on the needs and interests of students and instructors. A tutorial format is used. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3290  The Art of Translation  3 cr
A course on the basic techniques of translation and a study of specialized vocabulary related to the professions.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3300  Cinema and Literature  3 cr
A survey of the culture (Spain and Latin America) through its literature and cinema. The course will be taught in Spanish. All the readings, movies, activities and examinations will be in Spanish.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3310  Advanced Spanish Vocabulary and Composition  3 cr
A survey of grammar and vocabulary, the course also emphasizes and enhances students' writing abilities. The course will be taught in Spanish. All the class exercises, readings, activities and examinations will be in Spanish.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3320  Testimony and Human Rights in Latin America  3 cr
A survey of the culture of human rights in Latin America through its testimonial literature. The course will be taught in Spanish. All readings, activities and examinations will be in Spanish.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3330  Spanish Phonetics and Pronunciation  3 cr
This course includes a thorough study of advanced Spanish phonetics and pronunciation. Students may not hold credit for both SPAN 3330 and the former SPAN 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Equiv To: SPAN 3280
Attributes: Humanities

SPAN 3340  Spanish Syntax and Grammar  3 cr
This course includes a thorough study of advanced Spanish syntax and grammar. Students may not hold credit for SPAN 3340 and any of: SPAN 3441 or the former SPAN 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Equiv To: SPAN 3280
Attributes: Humanities

SPAN 3370  Poetry and Novel of the Golden Age  3 cr
This course will concentrate on major poets and novelists of the sixteenth and seventeenth centuries such as Garcilaso de la Vega, Fray Luis de Leon, S. Juan de la Cruz, Lope de Vega, Gongora, and Cervantes.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3380  Drama of the Golden Age  3 cr
A study of representative works by the principal dramatists of the Spanish classical period, such as Lope de Vega, Tirso de Molina, Vélez de Guervara, and Calderon de la Barca.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Attributes: Humanities

SPAN 3390  Spanish Classical Period  3 cr
This course includes a thorough study of advanced Spanish syntax and grammar. Students may not hold credit for SPAN 3390 and any of: SPAN 3441 or the former SPAN 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Equiv To: SPAN 3280
Attributes: Humanities

SPAN 3441  Advanced Spanish Grammar  3 cr
This course includes a thorough study of advanced Spanish syntax and grammar. Students may not hold credit for both SPAN 3441 and the former SPAN 3280.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [2000-level Spanish course] or written consent of department head.
Equiv To: SPAN 3280
Attributes: Humanities
Statistics (STAT)

STAT 1000 Basic Statistical Analysis 1 3 cr
(Lab required) This course is not recommended for students in certain programs (see the description of STAT 1150). An introduction to the basic principles of statistics and procedures used for data analysis. Topics to be covered include: gathering data, displaying and summarizing data, examining relationships between variables, sampling distributions, estimation and significance tests, inference for means. May not be held with STAT 1001, STAT 1150, STAT 2220.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Any grade 12 or 40S Mathematics, or equivalent.
Equiv To: STAT 1001
Mutually Exclusive: STAT 1150, STAT 2220
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

STAT 1150 Introduction to Statistics and Computing 3 cr
(Lab required) This course is recommended for students in mathematically rich disciplines, including Statistics, Mathematics, Actuarial Science, Computer Science, and related interdisciplinary programs. Topics to be covered include: summarizing and displaying large datasets, sampling, estimation and significance tests, probability calculations, random variables and probability distributions, introduction to regression and correlation analysis, statistical software. Not to be held with STAT 1000, STAT 1001, STAT 2000, STAT 2001 and STAT 2220.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: Minimum of 70% in Pre-calculus Mathematics 40S or a grade of B or better in MSKL 0100 or equivalent.
Mutually Exclusive: STAT 1000, STAT 1001, STAT 2000, STAT 2001, STAT 2220
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

STAT 2000 Basic Statistical Analysis 2 3 cr
(Lab required) This course is not recommended for students in certain programs (see the description of STAT 2150). The study of estimation and hypothesis testing procedures for means and proportions in one, two and multiple sample situations, introduction to the analysis of variance; regression and correlation analysis; optional topics may include nonparametric procedures, design of experiments, probability models. May not to be held with STAT 1150, STAT 2001.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: STAT 1000 or STAT 1001.
Equiv To: STAT 2001
Mutually Exclusive: STAT 1150
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

STAT 2150 Statistics and Computing 3 cr
(Lab required) This course is recommended for students in mathematically rich disciplines, including Statistics, Mathematics, Actuarial Science, Computer Science, and related interdisciplinary programs. Topics to be covered include: exploratory data analysis and visualization, graphical methods, random number generation, random variables, simple statistical models and computing, Monte Carlo methods, large sample and simulation-based inference, statistical software packages.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 1150, STAT 2000 (B), STAT 2001 (B), or STAT 2220] and [one of MATH 1230, MATH 1500, MATH 1501, MATH 1510, MATH 1520, or MATH 1690].
Attributes: Mathematics Requirement, Science, Recommended Intro Courses

STAT 2220 Contemporary Statistics for Engineers 3 cr
(Lab Required) Descriptive statistics, basic probability concepts, special statistical distributions, statistical inference-estimation and hypothesis testing, regression, reliability, statistical process control. May not be held with STAT 1000, STAT 1001 or STAT 1150.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of MATH 1232, MATH 1690, the former MATH 1680, MATH 1700, MATH 1701, MATH 1710.
Mutually Exclusive: STAT 1000, STAT 1001, STAT 1150
Attributes: Mathematics Requirement, Science

STAT 2300 Principles of Data Collection 3 cr
Introduction to the basic principles and foundational aspects of data collection with a focus on the design and basic analysis of observational and experimental studies. Important issues like randomization, blocking and confounding, sampling, stratification, response bias and nonresponse will be covered. May not be held with the former STAT 3480.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of STAT 1150, STAT 2000, STAT 2001, or STAT 2220.
Mutually Exclusive: STAT 3480
Attributes: Mathematics Requirement, Science

STAT 2400 Introduction to Probability 1 3 cr
(Lab required) Basic probability, discrete and continuous random variables, important families of distributions, functions of a random variable, expectation and variance, introduction to joint distributions. This course is not available to students who have previously obtained credit for STAT 3500.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 1150, STAT 2000 (B), STAT 2001 (B), or STAT 2220] and [one of MATH 1232, MATH 1690, MATH 1700 (B), MATH 1701 (B), MATH 1710 (B)].
Mutually Exclusive: STAT 3500
Attributes: Mathematics Requirement, Science

STAT 2500 Introduction to Probability 2 3 cr
(Lab Required) Joint and conditional distributions, distributions of functions of random variables, laws of total expectation and variance, moments and generating functions. May not be held with the former STAT 3400 or the former STAT 3500.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: STAT 2400. Pre- or corequisite: one of MATH 2150, MATH 2151, MATH 2720, MATH 2721, or the former MATH 2750.
Mutually Exclusive: STAT 3400, STAT 3500
Attributes: Mathematics Requirement, Science
STAT 3000  Applied Linear Statistical Models  3 cr
Applied linear regression, analysis of variance for designed experiments and related topics. This course is not for use in the Honours or Major degree programs in Statistics. May not be held with STAT 3450, the former STAT 3120, or the former STAT 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of STAT 1150, STAT 2000, STAT 2001, or STAT 2220.
Mutually Exclusive: STAT 3120, STAT 3450, STAT 3470
Attributes: Mathematics Requirement, Science

STAT 3030  Introduction to Stochastic Processes  3 cr
Review of conditional probability and expectations, Markov chains, homogeneous and nonhomogeneous Poisson processes. Optional topics include: reliability theory, queuing theory and Brownian motion. May not be held with the former STAT 3050.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: [one of STAT 2800, the former STAT 3400, or the former STAT 3500] and [one of MATH 2150, MATH 2151, MATH 2720, MATH 2721, or the former MATH 2750].
Equiv To: STAT 3050
Attributes: Mathematics Requirement, Science

STAT 3100  Introduction to Statistical Inference  3 cr
(Lab Required) Overview of the most common approaches to inference associated with point estimation, confidence intervals and hypothesis testing, including likelihood, least-squares and moment-based methods, as well as large sample approximations. May not be held with the former STAT 3600 or the former STAT 3800.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: STAT 2150 and STAT 2400. Pre- or corequisite: one of MATH 2150, MATH 2151, MATH 2720, MATH 2721, or the former MATH 2750.
Mutually Exclusive: STAT 3600, STAT 3800
Attributes: Mathematics Requirement, Science

STAT 3150  Statistical Computing  3 cr
Programming using statistical software, random number generation, principles of Monte Carlo simulation, simulation-based inference, Monte Carlo integration, and other related topics.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: STAT 2150 and STAT 2400.
Attributes: Mathematics Requirement, Science

STAT 3170  Statistical Quality Control  3 cr
Techniques for quality improvement through the use of statistical process control. Topics will include acceptance sampling, Pareto diagrams, control charts, measurements of process capability and process performance.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of STAT 1150, STAT 2000, STAT 2001, or STAT 2220.
Attributes: Mathematics Requirement, Science

STAT 3380  Introduction to Nonparametric Statistics  3 cr
Parametric versus nonparametric inference, inference using ranks and order statistics, contingency tables, goodness-of-fit tests, applications in the social and physical sciences.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of STAT 1150, STAT 2000, STAT 2001, or STAT 2220.
Attributes: Mathematics Requirement, Science

STAT 3450  Linear Models  3 cr
Least-squares approach to simple and multiple regression, one-way analysis of variance, two-way analysis of variance and related topics. May not be held with STAT 3000, the former STAT 3120, or the former STAT 3470.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: STAT 2150 and STAT 2400 and [one of MATH 1220, MATH 1300 (B), or MATH 1301 (B)].
Equiv To: STAT 3120, STAT 3470
Mutually Exclusive: STAT 3000
Attributes: Mathematics Requirement, Science

STAT 3490  Time Series Analysis  3 cr
Analysis of time series data and related methodologies: autoregressive and moving-average models and their generalizations, trend and seasonal components, exponential smoothing, the Box-Jenkins Methodology.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of STAT 3450, the former STAT 3120, or the former STAT 3470.
Attributes: Mathematics Requirement, Science

STAT 3550  Nonlinear Regression Models  3 cr
Nonlinear multiple regression, logistic regression, Poisson regression and generalizations, over/under dispersion, model selection techniques. May not be held with STAT 4000.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: one of STAT 3450, the former STAT 3120, or the former STAT 3470. Pre- or corequisites: [one of STAT 3100, the former STAT 3600, or the former STAT 3800] and STAT 3150.
Mutually Exclusive: STAT 4000
Attributes: Mathematics Requirement, Science

STAT 3690  Multivariate Analysis  3 cr
Multivariate normal distribution, multivariate regression and applications, visualization of multivariate data and dimension reduction, principal component analysis, canonical correlation. May not be held with the former STAT 4690.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: [one of STAT 2800, the former STAT 3400, or the former STAT 3470]. Pre- or corequisites: [one of STAT 3100, the former STAT 3600, or the former STAT 3800] and STAT 3150.
Mutually Exclusive: STAT 4690
Attributes: Mathematics Requirement, Science

STAT 3900  Intermediate Topics in Statistics with Laboratory  3 cr
Topics of current interest in Statistics that will vary with the needs and interests of students and faculty. This course can be completed as a topics course multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: Consent of Department.
Attributes: Mathematics Requirement, Science

STAT 3910  Intermediate Topics in Statistics with Laboratory  3 cr
(Lab required) Topics of current interest in Statistics that will vary with the needs and interests of students and faculty. This course can be completed as a topics course multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: Consent of Department.
Attributes: Mathematics Requirement, Science
STAT 3980 Work Term I 0 cr
Work assignment in business, industry, or government for students registered in the Statistics Honours or Major Cooperative Option. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail grade only).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Attributes: Mathematics Requirement, Science

STAT 3990 Work Term II 0 cr
Work assignments in business, industry or government for students registered in the Statistics Honours or Major Cooperative program. Requires submission of a written report covering the work completed during the four-month professional assignment. (Pass/Fail).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: STAT 3980 (P).
Attributes: Mathematics Requirement, Science

STAT 4000 Applied Statistical Modelling 3 cr
Generalizations of linear models, including polynomial regression, analysis of covariance, logistic regression and regression for count data. Other optional topics include: random effects and mixed models, models for dependent data, advanced concepts in designing experiments. This course may not be used in the Honours or Major degree programs in Statistics. May not be held with STAT 3550.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of STAT 3000, STAT 3450, the former STAT 3120, or the former STAT 3470.
Mutually Exclusive: STAT 3550
Attributes: Mathematics Requirement, Science

STAT 4100 Statistical Inference 3 cr
( Lab required) Rigorous treatment of inferential methods associated with point estimation, confidence intervals and hypothesis testing, including large sample techniques. May not be held with the former STAT 4140.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 2800, the former STAT 3400, or the former STAT 3500] and [one of STAT 3100, the former STAT 3600, or the former STAT 3800].
Mutually Exclusive: STAT 4140
Attributes: Mathematics Requirement, Science

STAT 4150 Bayesian Analysis and Computing 3 cr
(Lab required) Bayesian modelling, prior and posterior distributions, predictive distributions, credible regions, Bayes factors and model uncertainty, Bayesian computational methods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 2800, the former STAT 3400, or the former STAT 3500] and [one of STAT 3100, the former STAT 3600, or the former STAT 3800] and STAT 3150.
Attributes: Mathematics Requirement, Science

STAT 4170 Lifetime Data Analysis 3 cr
Introduction to basic principles and techniques for lifetime data analysis in biostatistics and reliability, with emphasis on theory and applications. Topics to be covered include: censoring, truncation, survival and hazard functions, parametric and nonparametric methods, proportional hazards regression.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 3100, the former STAT 3600, or the former STAT 3800] and [one of STAT 3450, the former STAT 3120, or the former STAT 3470].
Attributes: Mathematics Requirement, Science

STAT 4250 Statistical Learning 3 cr
(Lab required) Topics related to the use of Statistics and inferential methods in machine learning, including the lasso and ridge regression, classification and clustering, neural networks, support vector machines, bagging, boosting and ensemble methods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [one of STAT 3100, the former STAT 3600, or the former STAT 3800] and STAT 3150 and [STAT 3690 or the former STAT 4690].
Attributes: Mathematics Requirement, Science

STAT 4520 Sampling Techniques 3 cr
Development of sampling theory for use in sample survey problems. Covered topics include: probability sampling and inclusion probabilities, standard sampling designs, ratio and regression estimators, linearization of estimators.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [STAT 2300 and (one of STAT 3450, the former STAT 3120, or the former STAT 3470)] or the former STAT 3480.
Attributes: Mathematics Requirement, Science

STAT 4530 Design of Experiments 3 cr
Construction and analysis of commonly used experimental designs: block designs, Latin square designs, factorial and fractional factorial designs, split-plot designs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisites: [STAT 2300 and (one of STAT 3450, the former STAT 3120, or the former STAT 3470)] or the former STAT 3480.
Attributes: Mathematics Requirement, Science

STAT 4630 Stochastic Processes 3 cr
Continuous time processes, renewal processes, Brownian motion, martingales, and other related processes.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: STAT 3030 or the former STAT 3980.
Attributes: Mathematics Requirement, Science

STAT 4700 Statistical Consulting 3 cr
The role of a Statistics Consultant. Practical consulting experience. This course is restricted to students in the Honours, Joint Honours, or Major degree programs in Statistics. Students are advised to take this course in their fourth year.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: STAT 3030 or the former STAT 3980.
Attributes: Mathematics Requirement, Science

STAT 4900 Advanced Topics in Statistics 3 cr
Topics of current interest in Statistics that will vary with the needs and interests of students and faculty. This course can be completed as a topics course multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of Department.
Attributes: Mathematics Requirement, Science

STAT 4910 Advanced Topics in Statistics with Laboratory 3 cr
(Lab required) Topics of current interest in Statistics that will vary with the needs and interests of students and faculty. This course can be completed as a topics course multiple times under different titles.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: consent of Department.
Attributes: Mathematics Requirement, Science
Supply Chain Management (SCM)

SCM 2160 Supply Chain and Operations Management 3 cr
Study of supply chain management (SCM) and operations management. Positions operations management as a critical area of study within SCM. Focuses on process approach and system design. May not hold credit for both SCM 2160 and the former OPM 2600.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: None.
Equiv To: OPM 2600

SCM 2210 Transportation Principles 3 cr
This course is a study of demand forecasting, cost analysis, regulation of carriers, role of transport in economic development, project appraisal, and transport planning focusing upon agricultural, agri-food and other supply chains. Also offered as ABIZ 2210. May not be held with ABIZ 2210.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: [ECON 1010 and ECON 1020] or former ECON 1200 (D).
Equiv To: ABIZ 2210

SCM 2220 Selected Topics in Logistics and Transportation 3 cr
This course provides coverage on a number of critical topics in Supply Chain Logistics and Transportation. Areas of emphasis are based on current issues confronting managers and regulators/policy makers such as global supply chain logistics and transportation policy.
Mutually Exclusive: SCM 2250, SCM 2260, SCM 3260, SCM 3260, SCM 3270, SCM 3280

SCM 2230 Introduction to Supply Chain Management 3 cr
An examination of the management activities that are necessary to ensure an efficient flow of materials, funds, and information among the various organizations in supply chains, from the acquisition of raw materials to the delivery of the finished product to the end user.

SCM 2240 Purchasing and Supply Management 3 cr
Purchasing and supply management is an increasingly important element of corporate strategy as global supply chains become longer and more complex. In this course, students will learn about a major paradigm shift in purchasing, from a clerical activity to a strategic corporate function. The course covers strategic supply management, inter-organizational relationships, product and service specifications, price and cost analysis, negotiation, quality management, supply chain information technology, and other important purchasing topics, from a supply chain management perspective. Students may not hold credit for both SCM 2240 and SCM 2220 Topic: Purchasing Management.
Mutually Exclusive: SCM 2220

SCM 2260 Transportation Strategy and Policy 3 cr
This course provides students relevant fundamental knowledge on the major concepts of competitive strategies, governance and policies, as well as their application in the transportation sector. Through different teaching methods, this course aims to enable students to develop the ability to put strategic theories and policy concepts into practice within the transportation sector, both in Canada and the world. May not be held with SCM 2220 when titled "Transportation Strategy and Policy".
Mutually Exclusive: SCM 2220

SCM 3230 Global Supply Chains 3 cr
The course provides a global orientation to supply chain management, with a particular emphasis on the global linkages between organizations in international supply chains. Supply chain management practices in selected countries are also examined.
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: SCM 2230 (D) or SCM 3360 (D); or consent of instructor.

SCM 3250 Airline Business 3 cr
This course provides a practical overview of the modern airline business from a global perspective. Topics such as airline pricing, airline alliance and airline-airport interaction will be included. May not be held with SCM 2220 when titled "Airline Business".
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: SCM 2230 (D) or consent of instructor.
Mutually Exclusive: SCM 2220

SCM 3260 Supply Chain Sustainability 3 cr
This course covers supply chain sustainability. From a functional viewpoint, supply chain management (SCM) includes logistics/transportation, purchasing and certain elements of marketing. Sustainability is a multi-dimensional concept, spanning ecological, social, cultural and economic issues. The course includes a special focus on sustainable transportation. May not be held with SCM 2220 when titled "Supply Chain Sustainability".
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisite: GMGT 2010 (D) or consent of instructor.
Mutually Exclusive: SCM 2220

SCM 3270 Lean Management 3 cr
Lean Management will provide students with a basic understanding of the components of Lean Management and the opportunity to practically apply the principles, methods and tools of Lean Management to real problems. Students will learn how to analyze case studies and apply course material in real-world situations. May not be held with SCM 2220 when titled "Lean Management".
PR/CR: A minimum grade of C is required unless otherwise indicated. Prerequisites: SCM 2160 (D) or SCM 2161) or SCM 2230 (D) or ABIZ 2520 (D) or MSCI 2150 (D) or MSCI 2151) or the former OPM 2600 (D) (or OPM 2601) or consent of the instructor.
Mutually Exclusive: SCM 2220

Attributes:
Mathematics Requirement, Science
SCM 3280  Project Management in Supply Chain  3 cr
Topics covered in this course will include project initiating, planning, executing, monitoring and controlling, and closing. Following the PMI methodology, all ten knowledge areas will be covered, including: integration, scope, schedule, cost, HR, quality, risk, communication, procurement and stakeholder management. Students will learn how to analyze case studies and effectively use team work to develop strong planning and an analytical approach pertinent to project management. May not be held with SCM 2220 when titled "Project Management in Supply Chain".
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of the Theatre program chair.

SCM 3360  Supply Chain Logistics  3 cr
The course provides an international/global orientation to logistics and supply chain management.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: MKT 2210 (D).

Theatre (THTR)

THTR 1220  Introduction to Theatre  6 cr
A study of plays both as literature and as texts for stage presentation. The course will include practical work in studio sessions.
Attributes: Humanities, Recommended Intro Courses

THTR 2150  Theatrical Techniques: Onstage  6 cr
Advanced acting and an introduction to the fundamentals of directing. Lectures on dramatic and theatrical theory, and the analysis of representative plays; workshops on acting and directing, including the presentation of scenes; participation in the current Theatre Program season.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of instructor.
Attributes: Humanities

THTR 2160  Theatrical Techniques: Backstage  6 cr
An introduction to the backstage arts and crafts of the Theatre: set, props, and costume design and construction; lighting and sound design and execution; stage management; company management. Practical projects required in conjunction with the current Theatre Program season, the nature of the projects to be determined by the student’s interests and the needs of the Program.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of instructor.
Attributes: Humanities

THTR 2170  Specialized Practical Training 1  3 cr
Two special workshops, such as voice, stage movement, mime, or directing, from the Prairie Theatre Exchange Adult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of the Theatre program chair.
Attributes: Humanities

THTR 2180  Specialized Practical Training 2  3 cr
Two special workshop courses, other than those credited for THTR 2170, from the Prairie Theatre Exchange Adult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of the Theatre program chair.
Attributes: Humanities

THTR 2200  Canadian Indigenous Theatre  3 cr
This course offers an introduction to Indigenous theatre in the location now known as Canada. The plays to be studied will include work from several Indigenous nations. Class instruction will model respectful and culturally attentive engagement with Indigenous practices and worldviews. Consult the Department of English, Theatre, Film & Media website for more details.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [one of THTR 1220, ENGL 1200, ENGL 1201 or ENGL 1301] or [ENGL 1400 (the former ENGL 1310) and ENGL 1340].
Attributes: Humanities

THTR 2470  Fundamentals of Dramatic Analysis  3 cr
This course aims at developing critical and analytic skills specific to the understanding of dramatic texts, through an introduction to key concepts, terminology and critical methods.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220 or ENGL 1200 or ENGL 1201 or ENGL 1301] or written consent of instructor.
Attributes: Humanities

THTR 2480  Theatre History  3 cr
A study of plays, theatre architecture, dramatic theory, acting theory, and the social context in which theatre was presented in an era in the history of the theatre (e.g. Classical Greek and Roman, British Medieval and Tudor, Restoration and Seventeenth Century French).
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] or written consent of instructor.
Attributes: Humanities

THTR 2490  Specialized Practical Training 3  3 cr
An alternative method of taking THTR 2170 or THTR 2180. Two special workshops, other than those credited for THTR 2170 or THTR 2180, taken one each term in a single academic year, from the Prairie Theatre Exchange Adult Program and approved in advance by the University of Manitoba Theatre Program. Students may hold credit for only two of: THTR 2170 or THTR 2180 or THTR 2490.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] and written consent of the Theatre program chair.
Attributes: Humanities

THTR 2600  Special Studies  3 cr
An extensive examination of selected topics that will vary from year to year, depending upon the needs and interests of the instructor and students. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [THTR 1220] or written consent of instructor.
Attributes: Humanities
THTR 3460 Theory of Drama and Performance 3 cr
Studies in major theories of drama, performance and its reception from Aristotle to the present day. Theories will be studied in conjunction with an in-depth analysis of a number of dramatic texts.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: THTR 2150 or THTR 2160, or THTR 2180 or THTR 2490 or written consent of instructor.
Attributes: Humanities

THTR 3470 Text and Performance 3 cr
Explores the works of a significant playwright or group of playwrights, the appropriate dramatic theory/ies, the production and performance style involved. Students may be required to direct, act and/or design. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: THTR 2150 or THTR 2160, or THTR 2180 or THTR 2490 or written consent of instructor.
Attributes: Humanities

THTR 3610 Special Studies 3 cr
An extensive examination of selected topics that will vary from year to year, depending upon the needs and interests of the instructor and students. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor.
Attributes: Humanities

THTR 3630 Practicum 1 3 cr
Theatre Practicum in which the student works with a professional mentor on a production at the Prairie Theatre Exchange. Openings contingent on a match between student's theatrical field and interest and PTE's needs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours from: THTR 2150 or THTR 2160 or THTR 2170 or THTR 2180 or THTR 2490] and written consent of the Theatre program chair.
Attributes: Humanities

THTR 3640 Practicum 2 6 cr
Theatre Practicum in which the student works with a professional mentor on a production at the Prairie Theatre Exchange. Openings contingent on a match between student's theatrical field and interest and PTE's needs.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [six credit hours from: THTR 2150 or THTR 2160 or THTR 2170 or THTR 2180 or THTR 2490 and written consent of the Theatre program chair.]
Attributes: Humanities

THTR 3690 Courspracticum 6 cr
This course is offered as part of the Summer Session. It is a study experience in Ukraine. The course features extensive exploration of contemporary Ukrainian culture. The course is taught in English. Students are given the maximum individual attention. Mornings are spent in class. Excursions are planned in Kyiv and neighboring sites.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [UKRN 3130 or UKRN 3130 (or equivalent)] and written consent of the department head.
Attributes: Humanities

UKRN 1310 Introductory Ukrainian 6 cr
(Lab required) Three hours of lectures plus one hour of lab per week. Basic grammar, conversation, composition and reading. Emphasis is placed on communication skills. Cultural content is introduced through a range of audio-visual materials. Not open to native speakers and students with Ukrainian 40S credit. Students may not hold credit for both UKRN 1310 and UKRN 1320.
Mutually Exclusive: UKRN 1320
Attributes: Humanities, Recommended Intro Courses

UKRN 1320 Introductory Ukrainian 2 3 cr
(Lab required) Three hours of lectures plus one hour of lab per week. This course is intended for students who already have a knowledge of the alphabet and the sound system and elementary oral comprehension and reading, writing, and speaking skills equivalent to those that would be achieved in the first term of UKRN 1310. Students may not hold credit for both UKRN 1320 and UKRN 1310.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of a placement test administered by the department.
Mutually Exclusive: UKRN 1310
Attributes: Humanities, Recommended Intro Courses

UKRN 2100 Exploring Ukrainian Literature 3 cr
An introduction to Ukrainian literature. A number of works by major authors and from different genres are discussed.
Attributes: Humanities

UKRN 2200 Ukrainian Myth, Rites and Rituals 3 cr
An exploration of folk mythology and the rites, rituals and festivals associated with the calendar cycle. Lectures and readings in English. Students may not hold credit for UKRN 2200 and any of: the former UKRN 2510 or the former UKRN 2520.
Equiv To: UKRN 2510, UKRN 2520
Attributes: Humanities, Written English Requirement

UKRN 2260 Ukrainian Culture Seminar Abroad 3 cr
This course is offered as part of the Summer Session. It is a study experience in Ukraine. The course features extensive exploration of contemporary Ukrainian culture. The course is taught in English. Students are given the maximum individual attention. Mornings are spent in class. Excursions are planned in Kyiv and neighboring sites.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [UKRN 3130 or UKRN 3130 (or equivalent)] and written consent of the department head.
Attributes: Humanities

UKRN 2410 Ukrainian Canadian Cultural Experience 3 cr
A study of the legacy left by several generations of Ukrainian Canadians in literature and the performing arts, music, art and architecture, with particular attention to the construction of identity and the critique of culture. Lectures and readings in English. Students may not hold credit for both UKRN 2410 and the former UKRN 2420.
Equiv To: UKRN 2420
Attributes: Humanities, Written English Requirement

UKRN 2590 Ukrainian Literature and Film 3 cr
An examination of the relationship of Ukrainian literature and film. Students read literary works which have inspired films and analyze the unique formal qualities of each. The course considers the stylistic influence of film on literature and vice versa; the relationship between writer and director, especially in the case where they are one and the same person. Readings in the original and/or in English. Films in Ukrainian with English subtitles or plot summaries.
Attributes: Humanities, Written English Requirement
UKRN 2600 Special Topics in Ukrainian Studies 3 cr
Language of Instruction: English. Study of selected topics in Ukrainian literature or culture. The course content may vary. Students can earn multiple credits for the course only when the topic subtitle is different.
Attributes: Humanities, Written English Requirement

UKRN 2720 Intermediate Ukrainian 6 cr
Grammar review, conversation, translation and reading of selected texts. Development of communication skills through practical exercises. Cultural content is introduced through audio-visual materials. Students may not hold credit for both UKRN 2720 and UKRN 2730.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [UKRN 1310 or UKRN 1320] or [Ukrainian 40S] or written consent of department head.
Mutually Exclusive: UKRN 2730
Attributes: Humanities, Recommended Intro Courses

UKRN 2730 Intermediate Ukrainian 2 3 cr
This course is the second term of UKRN 2720 Intermediate Ukrainian, and is intended for students who already have basic oral comprehension and reading, writing, and speaking skills equivalent to those that would be achieved in the first term of UKRN 2720. Students may not hold credit for both UKRN 2730 and UKRN 2720.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: successful completion of a placement test administered by the department.
Mutually Exclusive: UKRN 2720
Attributes: Humanities, Recommended Intro Courses

UKRN 2770 Ukrainian Culture until 1900 3 cr
A survey that examines the Ukrainian Culture Heritage from the pre-Christian era, through medieval times and the baroque to the end of the 19th century. Issues in mythology, religion, the arts and literature are discussed. Lectures in English. Readings are available in both English translation and the original.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

UKRN 2780 Ukrainian Culture from 1900 to the Present 3 cr
Major trends in thought, the visual arts, film and literature from the end of the 19th century to the present day. Lectures in English. Readings are available in both English translation and Ukrainian.
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

UKRN 2800 Literature and Revolution in Ukraine 3 cr
A study of literature and its relationship to the arts in the decade that followed the Revolution of 1917. Lectures in English. Readings available in English and in the original. Viewing and discussion of films.
Attributes: Humanities

UKRN 2820 Holodomor and Holocaust in Ukrainian Literature and Culture 3 cr
A study of how the Holodomor (Famine) of 1932-33 and the Holocaust have been represented, and of the international impact of these representations. References to art and film. Lectures and readings in English.
Attributes: Humanities, Written English Requirement

UKRN 3100 Ukrainian Story Writing Through the Ages 3 cr
Masterpieces of the short story genre from early modern times to the present. Focusing on great works and writers, the course provides insights into the genre and into different periods in Ukrainian literature. Film adaptations of some works will be viewed and discussed. Students may not hold credit for both UKRN 3100 and the former UKRN 3850.
Equiv To: UKRN 3850
Attributes: Humanities

UKRN 3300 Literature of Independent Ukraine 3 cr
A study of recent writings from Ukraine, focusing on the post-1991 period. References to art and film of the period.
Attributes: Humanities

UKRN 3440 Ukrainian Poetry 3 cr
A study of some of the best Ukrainian poetry with a particular emphasis on the modern period. Lectures and readings in Ukrainian.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [UKRN 1310 or UKRN 1320] or written consent of department head.
Attributes: Humanities

UKRN 3840 Ukrainian Novel 3 cr
A study of representative novels of the 19th and 20th centuries. The course begins with the Romantic period and ends with contemporary writing. Lectures in English. Readings in the original or in English.
Attributes: Humanities

UKRN 3880 Special Studies 3 cr
The content of this course will vary from year to year, depending on the needs and interests of instructors and students. A description of the course is available in advance at the department office. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of 24 credit hours of courses at the 1000-level or above] or written consent of department head.
Attributes: Humanities

UKRN 3910 Shevchenko 3 cr
A study of the greatest works, focusing on the writer’s intellectual and artistic development. References to his art and the imperial context. Lectures in English.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [UKRN 1310 or UKRN 1320] or written consent of department head.
Attributes: Humanities

UKRN 3950 Ukrainian Story Writing Through the Ages 3 cr
Masterpieces of the short story genre from early modern times to the present. Focusing on great works and writers, the course provides insights into the genre and into different periods in Ukrainian literature. Film adaptations of some works will be viewed and discussed. Students may not hold credit for both UKRN 3950 and the former UKRN 3952.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: UKRN 2720 or UKRN 2730 or written consent of department head.
Mutually Exclusive: UKRN 3950
Attributes: Humanities

UKRN 3952 Advanced Ukrainian Conversational Practice 3 cr
Development of oral and comprehension skills within the context of contemporary Ukrainian living culture via a variety of sources, such as: short stories, news articles, comics, cartoons, films, music, etc. Students may not hold credit for both UKRN 3952 and the former UKRN 3950.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: UKRN 2720 or UKRN 2730 or written consent of department head.
Attributes: Humanities
UKRN 3962 Advanced Ukrainian Through Short Stories 3 cr
Development of advanced language skills in modern Ukrainian: writing, reading, listening comprehension, and speaking. Continued work in advanced composition, translation, readings and study of selected literary and other texts within the context of short stories. Students may not hold credit for both UKRN 3962 and the former UKRN 3960.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: UKRN 2720 or UKRN 2730 or written consent of department head.
Mutually Exclusive: UKRN 3960
Attributes: Humanities

UKRN 3970 Women and Ukrainian Literature 3 cr
A study of the literature produced by Ukrainian women writers in the nineteenth, twentieth, and twenty-first centuries. Lectures in English. Readings in the original and/or in English.
Attributes: Humanities, Written English Requirement

UKRN 4640 Selected Topics 1 3 cr
A program of independent reading and/or research on selected topics to 1900, undertaken by a student in consultation with his or her prospective instructor. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of department head.
Attributes: Humanities

Ukrainian Cdn Heritage Studies (UCHS)

UCHS 3100 The Ukrainian Arts in Canada 3 cr
A study of varied aspects of artistic performance and production among Ukrainians in Canada, past and present: music, theatre, dance, cinema, fine arts and architecture. The course will focus on crucial trends and processes and adopt an evaluative approach in its exploration of the above artistic phenomena.
Attributes: Humanities

Women's and Gender Studies (WOMN)

WOMN 1500 Introduction to Women's and Gender Studies in the Humanities 3 cr
Examination of the central concerns of women and gender in the Humanities. A focus on representation, voice, knowledge, and subjectivity. Students may not hold credit for both WOMN 1500 and the former WOMN 1530.
Equiv To: WOMN 1530
Attributes: Humanities, Recommended Intro Courses, Written English Requirement

WOMN 1600 Introduction to Women's and Gender Studies in the Social Sciences 3 cr
Examination of women's historical and contemporary roles in the economy, family, and society from the perspective of the social sciences. Introduction of feminist theories, with emphasis on the role of gender. Topics covered focus on the social conditions of women's lives: work, health, violence and organizing for change. Students may not hold credit for both WOMN 1600 and the former WOMN 1540.
Equiv To: WOMN 1540
Attributes: Social Science, Recommended Intro Courses, Written English Requirement

WOMN 2000 Feminist Thought 3 cr
Survey of the varieties of historical and contemporary feminist ideas. Students may not hold credit for both WOMN 2000 and the former WOMN 2520.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Equiv To: WOMN 2520

WOMN 2430 Indigenous Women's Stories 3 cr
This course will investigate through the media of film and literature, including life writing, fiction, creative non-fiction and poetry, the experiences of Indigenous women in North America, particularly Canada, as articulated in their own voices. Also offered as INDG 2430. Students may not hold credit for WOMN 2430 and any of: INDG 2430, the former NATV 2430.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of WOMN 1500, WOMN 1600, INDG 1200 (the former NATV 1200), INDG 1220 (the former NATV 1220), or INDG 1240 (the former NATV 1240), or written consent from either the Women's and Gender Studies coordinator or Indigenous Studies department head.
Equiv To: INDG 2430, NATV 2430
Attributes: Humanities

WOMN 2500 Race, Class and Sexuality 3 cr
An exploration of the various ways race, class, and sexual orientation impact on women's lives and identities. Focus is on how racism, classism and heterosexism are produced and reproduced both within and outside of the feminist movement.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Attributes: Social Science

WOMN 2530 Writing Women's Lives 3 cr
Examination of the ways that traditional scripts for women have been rewritten in literature and film. Topics include coming-of-age, madness, utopia, motherhood, and romantic love as represented in fairytales, autobiographies, documentaries, contemporary novels, and Hollywood films.
Attributes: Humanities

WOMN 2540 Special Topics in Women's Studies 3 cr
Course content will vary according to the needs and interests of students and instructors. Consult the Women's and Gender Studies Program office for information as to specific topics offered. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
Mutually Exclusive: WOMN 3120

WOMN 2560 Women, Science and Technology 3 cr
An overview of women's historical and contemporary participation in science, issues in science and math education, feminist critiques and theories on science and gender, and the impact of technology on women's lives.
Attributes: Social Science, Recommended Intro Courses, Written English Requirement
WOMN 2600 Sex, Gender, Space and Place 3 cr
An examination of how we use places and spaces in our everyday lives to produce and maintain social differences of gender, sexuality, race, class, and citizenship. Drawing on perspectives from feminist geography and history, this course explores ideas about places (for example, homes) and spaces (for example, regions), as well as historical claims that women belong in place but men should control space. Students may not hold credit for both WOMN 2600 and WOMN 2540 with the topic “Sex, Gender, Space and Place.”
Attributes: Humanities, Recommended Intro Courses

WOMN 2610 Gender, Transport and Social Justice 3 cr
Examines the gendered impact of uneven access to transportation. Using feminist theories of gender and mobility, it considers claims that mobile women are in danger, and that different forms of transportation have gendered cultures. It studies the links between imperialism, development, and transportation. The course also examines the particular ways in which transportation disadvantage, automobile, limited public transit services, and aging in place affect women as well as initiatives to promote sustainable transportation. Students may not hold credit for both WOMN 2610 and WOMN 2540 with the topic "Gender, Transport and Social Justice."
Attributes: Social Science

WOMN 2620 Feminism and Popular Culture 3 cr
This course introduces critical skills and a theoretical framework or “toolkit” in feminist popular cultural studies in order to facilitate more critically aware participation, analysis, and production in/of popular culture. It is a feminist examination, using various popular cultural and media forms, of how normative and revolutionary social relations of power are/may be constituted in and through popular culture. Students may not hold credit for both WOMN 2620 and the former WOMN 2570.
Mutually Exclusive: WOMN 2570
Attributes: Humanities

WOMN 2630 Indigenous Feminisms 3 cr
With reference to scholarship, activism, and literary, narrative, and/or creative works, this course critically engages differences and shared priorities across Indigenous feminisms past and present. Also offered as INDG 2630. Students may not hold credit for WOMN 2630 and any of: INDG 2630, the former NATV 2630.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: one of WOMN 1500, WOMN 1600, INDG 1200 (the former NATV 1200), INDG 1220 (the former NATV 1220), or INDG 1240 (the former NATV 1240), or written consent from either the Women's and Gender Studies coordinator or Indigenous Studies department head.
Equiv To: INDG 2630, NATV 2630
Attributes: Humanities

WOMN 2640 Issues in Gender and the Body 3 cr
Using a feminist critical lens, this course examines issues relating to gender, the body, and embodiment. Topics to be considered include (but are not limited to) social and scientific constructions of the body; constructions of beauty, health, fitness, and fatness; intersectionality and embodiment; incongruence of sex and gender identification; symbolic and literal cultural discipline and punishment of gendered bodies; artistic representations of and responses to gendered bodies; embodiment in trans and queer communities; embodiment in Indigenous and racialized communities.
Attributes: Social Science

WOMN 2650 Issues in Gender and Sexualities 3 cr
Using a feminist critical lens, this course examines issues relating to gender and sexuality. Of particular interest will be considerations of how social, political, historical, and popular cultural forces influence representations and constructions of gender and sexuality, as well as how we understand ourselves, others, and our relationships to each other and the world around us.
Attributes: Social Science

WOMN 3000 Interdisciplinary Research in Women's and Gender Studies 3 cr
An introduction to the approaches scholars use to challenge the dominant theories of knowledge and the major methodologies used to produce it. The course examines the influence of gender theory and feminism on the research questions we ask, the types of materials we use, and the methods we employ. Students may not hold credit for both WOMN 3000 and the former WOMN 3580.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Mutually Exclusive: WOMN 3580

WOMN 3100 Sex Work in Contemporary Canadian Culture 3 cr
This course examines cultural linkages between femininity and prostitution in the context of contemporary Canadian culture. The course begins by considering historical cultural and feminist discourses about sex work and sex workers. Keeping in mind that the actual exchange of sexual services for money is currently legal in Canada, course discussions will interrogate enduring representations of sex work/ers. The course also examines some prostitution-related legislation, ideological and “real world” linkages between violence and prostitution, and ongoing activisms that reinforce or resist negative representations and the violent realities of sex work/ers in Canada today. Students may not hold credit for both WOMN 3100 and WOMN 2540 with the topic “Sex Work in Contemporary Canadian Culture.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Attributes: Social Science

WOMN 3110 Women and the Military 3 cr
The course will: introduce feminist theoretical analyses of militarization; explore the mobilization of women in wartime and its relation to postwar battles over women's on-going access to well-paid occupations inside and outside the armed forces; through case studies, examine the processes by which women challenged their exclusions from particular roles; compare women's experiences in different armed forces and their recruitment strategies; analyse sexual misconduct policies and the treatment of military families and veterans; consider the relationship between the feminist peace movement and women in the military; and study the struggles to commemorate women's wartime contributions. Students may not hold credit for WOMN 3110 and WOMN 3500 with the topic “Women in the Military.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of instructor.
Mutually Exclusive: WOMN 3500
Attributes: Humanities
WOMN 3120 Indigenous Women and the Camera 3 cr
Indigenous women have had a long and problematic relationship with the camera. The colonial lens created a visual legacy of exoticism and objectification, creating images that continue to haunt us. However, women also sought the camera for their own purposes, seizing control of their own representation, and ‘speaking back’. Now photography and film are among the strongest modes of women’s contemporary artistic expression. This course will explore both legacies from Indigenous women worldwide. Whenever possible, the class will integrate with the Native Women & Film festival, a film event that brings women filmmakers to Winnipeg. Students may not hold credit for WOMN 3120 and WOMN 2540 with the topic “Indigenous Women and the Camera.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of instructor.
Mutually Exclusive: WOMN 2540
Attributes: Humanities

WOMN 3130 Gender, Race and Environmental Justice 3 cr
Relying on interdisciplinary feminist and Indigenous perspectives, this course examines how historical and present-day environmental issues do not exist “out there,” but profoundly shape our bodies and lives, and in turn are shaped by social structures and inequities. It includes study of relationships between human and non-human beings in different places and times, and invites students to consider both the interconnection between social and environmental struggles and the misperception that humans and environments somehow exist in isolation from one another. It also provides room to study, envision and enact alternative planetary relationships. Students may not hold credit for both WOMN 3130 and WOMN 3500 with the topic “Nature, Culture, Gender.”
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of instructor.
Mutually Exclusive: WOMN 3500
Attributes: Social Science

WOMN 3500 Selected Topics in Women's Studies 3 cr
Course in which content varies from year to year according to needs and interests of students and instructors. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of the Women’s and Gender Studies coordinator.
Mutually Exclusive: WOMN 3110, WOMN 3130

WOMN 3520 Transnational Feminisms 3 cr
Introduction to transnational feminist perspectives in order to analyse our contemporary world, including gendered, racialized, and classed power relations and inequalities. Focus is placed on how current global phenomena such as neoliberalism, structural adjustment, and migration shape people’s lived experiences in different regions of the world. Students may not hold credit for both WOMN 3520 and the former WOMN 3510.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women’s and Gender Studies courses] or written consent of instructor.
Equiv To: WOMN 3510
Attributes: Social Science, Written English Requirement

WOMN 3530 Readings in Women's Studies 6 cr
Directed readings in a range of Women's Studies literature. This is an independent study course. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor and Women's and Gender Studies coordinator.

WOMN 3540 Readings in Women's Studies 3 cr
Directed readings in a range of Women's Studies literature. This is an independent study course. The course content may vary. Students can earn multiple credits for this course only when the topic subtitle is different.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of instructor and Women's and Gender Studies coordinator.

WOMN 3550 Feminist Community Organizing: Theories and Practices 3 cr
Overview of organizing efforts and techniques, community issues and strategies that women have developed in North American and especially Canadian communities. Focus is on a synthesis of thought and action, theory and practise.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Attributes: Social Science

WOMN 3560 Feminist Perspectives on Violence Against Women 3 cr
An overview of feminist research and theories on violence against women as an integral component of our social structure, and on issues of social change to alleviate the problem.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.
Attributes: Social Science

WOMN 3576 History of Women, Gender, and Sexuality in Canada 3 cr
This course examines the history of women, gender, and sexuality in Canada’s past. Specific topics may include women, gender and sexuality in Indigenous peoples, English and French colonization, nation-building, immigration and urbanization, politics, race, migration and racialization, violence, war, and protest. This course is also offered as HIST 3576. Students may not hold credit for WOMN 3576 and any of: HIST 3576, the former HIST 3570, the former HIST 3572.
PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: 6 credit hours in HIST, or 3 credit hours in Women's and Gender Studies; or written consent of Department Head.
Equiv To: HIST 3576
Mutually Exclusive: HIST 3570, HIST 3572
WOMN 3620 Masculinities 3 cr
An introduction to the key debates in masculinity studies from a feminist perspective. Considering the idea of "hegemonic masculinity" and the practice of creating a typology of masculinity, this course examines the changing forms of masculinity as a political and cultural category, using historical examples from the 19th century and the 1970s and considers the influence of feminist theories on men's engagement with masculinity in North America. Students may not hold credit for both WOMN 3620 and WOMN 3500 with the topic "Masculinities."

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [a minimum of three credit hours of Women's and Gender Studies courses] or written consent of the Women's and Gender Studies coordinator.

Attributes: Humanities

WOMN 4100 Honours Thesis 6 cr
The Thesis presents the results of an independent research project supervised by a faculty member.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of the Women's and Gender Studies coordinator.

WOMN 4120 Practicum in Feminist Organizing 6 cr
Between September and March, the student will complete a minimum of 80 hours of unpaid independent work in a feminist or woman-centered organization and meet regularly with the instructor and other practicum students. Students will reflect critically on the work experience in course assignments.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [at least 24 credit hours in Women's and Gender Studies courses] and written consent of the Women's and Gender Studies coordinator.

WOMN 4200 Seminar in Women's and Gender Studies 3 cr
An advanced seminar on a contemporary theme in Women's and Gender Studies. The theme will vary from year to year in accordance with the research interests of the instructor and new developments in the field. Student presentations and discussions will be emphasized. Students may not hold credit for both WOMN 4200 and the former WOMN 4110.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [WOMN 2000 or the former WOMN 2520] and written consent of the Women's and Gender Studies coordinator.

Equiv To: WOMN 4110

Yiddish (YDSH)

YDSH 1220 Yiddish 6 cr
This course is intended for those who have little or no experience with the Yiddish language, and may not normally be taken by students who have attended a Yiddish day school. Emphasis on conversational Yiddish and reading comprehension.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: written consent of program coordinator.

Attributes: Humanities, Recommended Intro Courses

YDSH 2320 Yiddish Literature and Language 6 cr
Survey of Yiddish literature; review of Yiddish language skills. This course is intended for graduates of Yiddish day schools, those who have completed YDSH 1220 or equivalent, and students with other previous training in Yiddish.

PR/CR: A minimum grade of C is required unless otherwise indicated.
Prerequisite: [YDSH 1220] or written consent of program coordinator.

Attributes: Humanities
GRADUATE STUDIES

The Faculty of Graduate Studies serves prospective and current graduate students from the moment they apply to the University to the time they receive their degrees at convocation. To do so, it provides oversight for all of the University's graduate programs and collaborates with individual units to ensure clarity and transparency of their program requirements and practices.
Important Notice

The University of Manitoba reserves the right to make changes in the information contained in the Undergraduate Calendar and the Graduate Calendar without prior notice. The University of Manitoba web site,umanitoba.ca (http://umanitoba.ca) is a source for updated information.

Not every course listed in the Undergraduate Calendar or the Graduate Calendar will be offered in this academic year.

It is the responsibility of all students:

• To familiarize themselves each year with the university’s academic regulations and policy in general;
• To familiarize themselves with the regulations and policies applying specifically to their faculty, school, or program;
• To familiarize themselves with the specific graduation requirements of the degree, diploma, or certificate they are seeking; and
• To ensure that the courses they have selected are appropriate to their programs.

In the event of an inconsistency between the general academic regulations and policies published in the Undergraduate Calendar and the Graduate Calendar, and such regulations and policies established by Senate and the councils of the faculties and schools, the version established by Senate and the councils of the faculties and schools shall prevail.

The regulations and policies contained in this year’s editions of the Undergraduate Calendar and the Graduate Calendar apply, subject to change, only for the academic year indicated on the cover page of each publication.

The material in the current editions of the Undergraduate Calendar and the Graduate Calendar was submitted by the academic and administrative units concerned. The university neither represents nor warrants that all general information and course references used in these publications is accurate although reasonable efforts have been used to check the accuracy of the information.

Students also agree by the act of registration to be bound by the regulations, policies, procedures, bylaws and rules of the University of Manitoba that are in effect at the time of registration, including any amendments which may be enacted during the period of their registration. Students agree by the act of registration to be bound by the regulations, policies, procedures, bylaws and rules of the faculty or program in which they have registered, including any amendments which may be made during the period of their registration. Students also acknowledge that such amendments may have retroactive application.

Students also acknowledge that such regulations, policies, procedures, bylaws and rules will include, but are not limited to, those related to COVID-19 health and safety rules, protocols and processes. No liability shall be incurred by the University of Manitoba for any loss or damage directly or indirectly suffered or incurred by any student, or any party claiming through or under any student, as a result of interruption or delays in, failure to provide or termination of, services, courses or classes arising out of cause or causes beyond its control including but not limited to acts of God, fires, floods, riots, wars, strikes or lockouts, mass casualty events, local, regional or global outbreak of disease or other public health emergency, social distancing or quarantine restriction, legislative or regulatory requirements, unusually severe weather, failure of public utility or common carrier, or attacks or other malicious acts, including but not limited to attacks on or through the internet, or any internet service, telecommunications provider or hosting facility, damage to university property, financial exigency, or any other occurrence beyond the control of the University. Further, the University of Manitoba shall not be liable for any losses or damage suffered by a student who discloses his/her personal identification number (PIN) to anyone other than a university employee in the course of registration.

In March 2020, a global pandemic of the virus leading to COVID-19 was declared by the World Health Organization. The Governments of Canada, the Province of Manitoba, and local Governments responded and continues to respond to the pandemic with legislative amendments, controls, orders, by-laws, requests and requirements (collectively, the “Governmental Response”). It is uncertain how long the pandemic, and the related Governmental Response, will continue, and it is unknown whether there may be future resurgences of the virus leading to COVID-19 or any further mutation thereof (collectively, the “Virus”) and resulting or supplementary renewed Governmental Response. Without limiting the foregoing paragraph, the University of Manitoba shall not be liable for and directly or indirectly costs, losses or damages associated with any claim, loss or any failure, delay or termination in performance arising out of:

a. the continued spread of or exposure to the Virus;

b. the continuation of or renewed Governmental Response to control the spread of the Virus; and

c. a decision of the University of Manitoba, made on an organization-wide basis and in good faith, to control the spread of the Virus, even if exceeding the then current specific Government Response.

Specifically, the COVID-19 pandemic may necessitate revisions to the format of course offerings. Tuition and mandatory fees have been set regardless of the method of instruction and will not be refunded in the event of a change in the method of instruction during any part of the academic year. In addition, scheduled dates and times may be extended or changed by the University of Manitoba as required. The University of Manitoba will notify students promptly of any such delays or changes and shall, so far as practicable use reasonable efforts to minimize and mitigate any such changes or delays.

Freedom of Information and Protection of Privacy Act (FIPPA)

This personal information is being collected under the authority of The University of Manitoba Act. It will be used for the purposes of admission, registration, assessment of academic status, and communication with the student. It may be used for administrative research in support of provision of education and general administration of the University. It may be disclosed to other educational institutions, government departments, and co-sponsoring organizations, and, for those students who are members of UMSU, it will be disclosed to the University of Manitoba Students’ Union. Upon graduation, the student’s name and address, together with information on degrees, diplomas, and certificates earned will be given to and maintained by the alumni records department in order to assist the University’s advancement and development efforts. Information regarding graduation and awards may be made public. Personal information will not be used or disclosed for other purposes, unless permitted by The Freedom of Information and Protection of Privacy Act (FIPPA). If you have any questions about the collection of personal information, contact the Access and Privacy Office (tel. 204-474-9844),
Disclosure of Personal Information to Statistics Canada

The Federal Statistics Act provides the legal authority for Statistics Canada to obtain access to personal information held by educational institutions. The information may be used only for statistical purposes, and the confidentiality provisions of the Statistics Act prevent the information from being released in any way that would identify a student. At any time, students who do not wish to have their information used are able to ask Statistics Canada to remove their identifying information from the national database. Further information on the use of this information can be obtained from Statistics Canada's website (https://www.statcan.gc.ca/eng/start/) or by writing to the:

Post-Secondary Section, Centre for Education Statistics
17th Floor, R.H. Coats Building
Tunney's Pasture, Ottawa, Ontario, Canada, K1A 0T6.

</tr>
<tr>
<td>Faculty of Law First Year Orientation</td>
<td>Sept 6 to 7, 2022</td>
</tr>
<tr>
<td>New Student Orientation Fort Garry Campus Winter Term</td>
<td>Jan 6, 2023</td>
</tr>
</tbody>
</table>

### Start and End Dates

Additional or differing dates exist for: Agriculture Diploma, Dental Hygiene, Dentistry, Education, Management, Medicine, Nursing, Occupational Therapy, Pharmacy, Physical Therapy, Physician’s Assistant Studies, Respiratory Therapy, and Social Work. Students in these programs should also see their respective section of the Academic Schedule.

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term</td>
<td>September 7- December 12, 2022</td>
</tr>
<tr>
<td>Winter Term (no classes, examinations or tests will be held)</td>
<td>January 9 to April 12, 2023</td>
</tr>
<tr>
<td>Winter/Summer Term spanning distance and online courses</td>
<td>January 9 to July 6, 2023</td>
</tr>
</tbody>
</table>

### Registration and Withdrawal Dates

Additional or differing dates exist for: Agriculture Diploma and other faculties, colleges and/or schools offering irregularly scheduled courses. Agriculture Diploma students should also see their respective section of the Academic Schedule; all others should also refer to either the ‘Irregular Refund and Voluntary Withdrawal Deadline’ information posted on the Registrar’s Office website (https://umanitoba.ca/registrar/), or the Class Schedule. (https://aurora.umanitoba.ca/banprod/bwckschd.p_disp_dyn sched/)

### Regular Registration Period

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term and Fall/Winter Term classes</td>
<td>Ends September 6, 2022</td>
</tr>
<tr>
<td>Winter Term classes and Winter / Summer Term spanning distance and online courses</td>
<td>Ends January 8, 2023</td>
</tr>
</tbody>
</table>

### Limited Access Term Expiry Dates

(to be determined by the Registrar’s Office in accordance with the Registration Schedule)

### Registration Revision Period

Students may use this period of time to make changes to their selected courses or class schedule. Last day to drop is 1 business day prior to the end of the Registration Revision Period.

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term and Fall/Winter Term classes</td>
<td>TBD</td>
</tr>
<tr>
<td>Winter Term and Winter/Summer Term spanning distance and online courses</td>
<td>TBD</td>
</tr>
</tbody>
</table>

### Last Date to Drop without Penalty

Last date to drop and have course excluded from transcripts; VWs will be recorded on transcripts for courses dropped after this date. There will be no refunds for courses dropped after this date. Additional or differing dates exist for Agriculture Diploma; students in this program should also see their respective section of the Academic Schedule.

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term</td>
<td>September 20, 2022</td>
</tr>
<tr>
<td>Fall/Winter Term classes Part A</td>

<td>March 22, 2023</td>
</tr>
<tr>
<td>Winter/Summer Term spanning distance and online courses</td>
<td>May 11, 2023</td>
</tr>
</tbody>
</table>

### Fee Payment Deadlines

A financial penalty will be assessed on accounts with an outstanding balance after this date.*

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term</td>
<td>October 5, 2022</td>
</tr>
<tr>
<td>Winter Term</td>
<td>February 7, 2023</td>
</tr>
</tbody>
</table>

* Please see Last Day to Drop without Penalty

### Term Breaks

Academic and administrative offices will be open during this period; no classes, tests or assignment due dates occur during this time. Additional or differing dates exist for: Dental Hygiene, Dentistry, Education (B.Ed. only), Medicine (M.D. only), Occupational Therapy, Pharmacy, Physical Therapy, and Respiratory Therapy. Students in these programs should also see their respective section of the Academic Schedule.

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term Break (The U of M will be closed Friday November 11 for Remembrance Day)</td>
<td>November 7 to 10, 2022</td>
</tr>
<tr>
<td>Winter Term Break (The U of M will be closed Monday February 20 for Louis Riel Day)</td>
<td>February 21 to 24, 2023</td>
</tr>
</tbody>
</table>

### Examination and Test Dates

Students are reminded that they must remain available until all examination and test obligations have been fulfilled. Additional or differing dates exist for: Agriculture Diploma, Dental Hygiene, Dentistry, Education, Medicine (M.D.), and Pharmacy. Students in these programs should also see their respective section of the Academic Schedule. Students in faculties, colleges, schools or programs offering irregularly scheduled courses should also see the exam timetable available through their program office.

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Term (includes tests and midterm exams for Fall/Winter Term classes)</td>
<td>December 13 to 23, 2022</td>
</tr>
<tr>
<td>Winter Term (includes final exams for Fall/Winter Term classes; no classes, examinations or tests will be held on April 15, 2022)</td>
<td>April 14 to 28, 2023</td>
</tr>
</tbody>
</table>

### Challenge for Credit Application Deadline

<table>
<thead>
<tr>
<th>Event</th>
<th>Date</th>

Accessibility Policy

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents/#students. (http://umanitoba.ca/admin/governance/governing_documents/#students)

Part I: Reason for Policy

1.1 The University of Manitoba promotes diversity, inclusion, and accessibility in our programs, employment opportunities, and in the conduct of the University’s affairs. We believe in the inherent dignity of all people. We are committed to identifying and removing barriers that prevent full and meaningful participation in all aspects of campus life. The University will comply with all applicable federal, provincial, and municipal legislation with respect to accessibility and will implement the standards specified under The Accessibility for Manitobans Act (“AMA”).

1.2 The purpose of this Policy is to ensure that all members of the University community, including those with disabilities, are provided with an accessible learning and working environment.

Part II: Policy Content

Disability

2.1 For the purpose of this Policy and related procedures an employee or student with a disability is a person who experiences a mental, cognitive, physical or sensory impairment for which they may require accommodation.

General

2.3 The University recognizes it is subject to The Human Rights Code (Manitoba) and the AMA, and as such has a duty to provide reasonable accommodation to employees and students with documented disabilities in its efforts to provide an accessible learning and working environment.

2.4 The concept of reasonable accommodation requires a partnership between the individual requiring the accommodation and the University. All concerned should be responsible for respecting the dignity and confidentiality of the individual who requests the accommodation.

2.5 The University shall endeavor to maintain an accessible work and learning environment at all its campuses through the provision of accommodation supports and services to employees and students with disabilities.

2.6 The University will use reasonable efforts to offer reasonable accommodation in the working and learning environments. The University will also seek to identify, remove and prevent barriers to accessibility at the University.

2.7 The University will use reasonable efforts to ensure that employment opportunities and programs of study are accessible to potential employees and students with disabilities.

2.8 Confidentiality

All communication regarding the accommodation of an employee’s or student’s disability shall be confidential and in accordance with the University’s policy and procedures related to The Personal Health Information Act (Manitoba).

Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The Associate Vice-President (Human Resources) and Vice-Provost (Students) are responsible for the implementation, administration and review of this Policy.

3.3 All members of the University community are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures

4.1 The Board, the Senate and the Administration may approve procedures which give effect to this Policy, in accordance with their respective jurisdiction.

Part V: Review

5.1 Governing Document reviews shall be conducted every ten (10) years by the Responsible Executive Officer. The next scheduled review date for this Policy is January 1, 2025.

5.2 In the interim, this Policy may be revised or repealed if:

(a) the Approving Body deems it necessary or desirable to do so;

(b) the Policy is no longer legislatively or statutorily compliant; and/or

(c) the Policy is now in conflict with another Governing Document

Part VI: Effect on Previous Statements

6.1 This Policy is a new policy.

Part VII: Cross References

7.1 This Policy, should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Student Accessibility Procedure;
Student Accessibility Procedure

Part I: Reason for Procedure

1.1 To set out Procedures secondary to the Policy entitled “The University of Manitoba Accessibility Policy” in connection with supporting an accessible learning environment where students with disabilities who are admitted to the University can gain access to and participate in all programs for which they are academically qualified.

1.2 While it is a guiding principle of this policy that all members of the University community share responsibility for creating and maintaining an accessible learning environment, the University has designated Student Accessibility Services (“SAS”) to facilitate the implementation of accommodations for students with documented disabilities.

1.3 The University’s duty to provide reasonable accommodation to students with documented disabilities may obligate the University to offer a modification, substitution, or waiver. Such accommodations are consistent with the obligation to administer the University’s academic programs as approved by Senate so long as

(a) The accommodation is reasonable;

(b) The accommodation does not create an undue hardship for the University; and

(c) The accommodation does not compromise a defined Bona Fide Academic Requirement.

Part II: Procedural Content

Definitions

2.1 The terms below have the following defined meanings for the purpose of this Procedure:

(a) “Documented Disability” means a disability requiring accommodation which has been accepted as such by Student Accessibility Services.

(b) “Bona Fide Academic Requirement” or “BFAR” describes the knowledge and skills that a Student must acquire and/or demonstrate in order to complete a course or program successfully. These are the essential and minimum requirements, including methods of assessment that the Student must meet. Unless otherwise specified by an academic program, BFARs may be modified. They cannot be waived or substituted.

(c) “Reasonable Accommodation” means an accommodation of the special needs of any Student, if those special needs are based upon a Documented Disability, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and does not compromise a Bona Fide Academic Requirement of the University. The University is under no obligation to offer a Reasonable Accommodation (or any accommodation for that matter) on compassionate or other grounds.

(d) Standard Accommodations are those Reasonable Accommodations that are widely accepted by post-secondary institutions in Canada, which includes but are not limited to examples of Modifications provided in section 2.2(a)(i-vi).

(e) Non-Standard Accommodations are considered when Standard Accommodations do not address the disability-related barriers a Student is experiencing in an academic program. Non-Standard Accommodations are those Reasonable Accommodations recommended by Student Accessibility Services and considered by the Accommodation Team in accordance with section 2.24.

(f) “Academic Staff Member” means a professor, instructor and/or academic staff person who is responsible for providing the educational program or course to a Student requiring Reasonable Accommodation.

(g) “Accessibility Advisory Committee” (AAC) means a Faculty/School or College team established to work with Student Accessibility Services on the provision of Reasonable Accommodation when Student Accessibility Services identifies the Reasonable Accommodation as Non-Standard or unusual for the circumstances. It is intended AT will be engaged early on in the process when necessary.

(i) “Faculty/School” includes:

(ii) all faculties, including constituent colleges within a faculty and constituent schools of a faculty, in which students enroll for study, and including the Extended Education Division and University 1; and

(i) all schools of the University

(j) “SAS” refers to the office of Student Accessibility Services at the University of Manitoba.

(k) “Student” means any of the following individuals:

(i) Applicant- an individual who has submitted application for admission to the University;

(ii) Admitted- an individual who has accepted an offer of admission to the University;

(iii) Current- an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension.
2.2 The terms below have the following defined meanings and are types of 'Reasonable Accommodation':

(a) "Modification" means an accommodation involving a relatively minor change made to an academic requirement of a program or course. Modifications usually entail a revision to the way a Student must demonstrate required skills and knowledge, or sometimes additional assistance for a Student which does not detract from the skills and knowledge the Student must acquire. Without limitation, modifications typically include such things as:

(i) providing additional time and quiet space to write examinations;
(ii) alternate exam formats;
(iii) alternate modes of course delivery or evaluation;
(iv) provision of a note taker or interpreter;
(v) special equipment in classrooms; and
(vi) adaptive technology

(b) "Substitution" means the replacement of a certain admission criterion, prerequisite course, course/program requirement or University requirement with another that is deemed comparable. Substitutions are commonly used to effect accommodations. Senate approves required program content including courses and other elements such as breadth, depth, math and written requirements; Faculties/Schools administer these programs. In administering a program, it may become impossible, impractical, or unfeasible for a Student to complete all program requirements exactly as approved by Senate. Deans and directors, or their designates may approve Substitutions. Deans may delegate their authority to an associate Dean or department head. Such delegations should be made in writing.

(c) "Waiver" means the removal of a criterion for admission, progression or graduation from a program of study. A waiver is an accommodation, but should never be offered in regard to a Bona Fide Academic Requirement. A Waiver does not include a case where a requirement is replaced by another requirement (this is a Substitution), but rather is the complete elimination of a non-essential academic requirement. Deans and Directors may approve Waivers and may delegate this authority to an associate Dean. Such delegations should be made in writing. Deans and Directors do not have the authority to waive general university academic requirements that apply to all students regardless of Faculty/College or School.

(d) "Degree Notwithstanding a Deficiency" means a degree that is conferred upon a Student who has not met all the Senate-approved requirements of his or her program of study and for whom no other accommodation has been approved in regard to the missing requirements. A Degree Notwithstanding a Deficiency, when approved by Senate, is the only way in which a Student may effectively obtain a Waiver of what would otherwise be considered a Bona Fide Academic Requirement. Senate alone may grant a Degree Notwithstanding a Deficiency.

Responsibilities and Rights of Students
2.3 In order to facilitate appropriate Reasonable Accommodations of a student’s disability related needs, SAS requires Students with disabilities requesting accommodations to register with the office as soon as possible.

2.4 Students registering with SAS must provide the following information in a form approved by SAS:

(a) Name, contact information, student number; and
(b) Documentation from a registered health professional which should include:

(i) Name of the registered health professional;
(ii) Dates of the clinical assessments performed in determining the disability and the need for Reasonable Accommodations;
(iii) How the disability will affect the Student in the academic setting (i.e. on campus, in classroom, lab, clinical/fieldwork and other instructional settings, and during tests and exams);
(iv) An indication of the duration of the Student's period of disability; and
(v) Recommendations for appropriate accommodations to be made for that Student, with reference to any relevant health information that may support those recommendations.

2.5 The information outlined in section 2.4 is required from the Student at time of registration and must be kept up to date.

2.6 All personal information, including personal health information, shall be kept confidential in accordance with The Freedom of Information and Protection of Privacy Act (Manitoba) and The Personal Health Information Act (Manitoba). The information will be shared with only those who need to know in order to give effect to the Policy and assist the Student in obtaining Reasonable Accommodations.

2.7 Students must schedule a meeting with SAS staff to discuss their accommodation requirements and acquaint themselves with the SAS procedures. The following documents should be prepared by SAS staff for each Student as required:

(a) Letter of Accommodation (outlining individual needs for distribution to instructors); and
(b) Tests/Exams Particular Forms (to be completed for each test/exam).

2.8 As part of the registration process, Students should be made aware of the Canada Student Grant program of funding.

The Canada Student Grant
2.9 All eligible Students will be requested to complete an application for a Canada Student Grant or notify SAS of ineligibility for the grant.

2.10 Upon receipt of a Canada Student Grant, any portion designated for services retained through the SAS office at the University should be submitted to the SAS office. A receipt will then be issued to the Student for their records.

Responsibility and Rights of Student Accessibility Services
2.11 Student Accessibility Services has the responsibility and right to:

(a) Offer advice, guidance and support for Students requiring academic accommodation and assign a SAS advisor to the Student.
(b) Request and evaluate documentation from registered health professionals provided by Students requesting assistance from SAS and assign appropriate services to meet the needs of each Student by adapting services, courses, and programs as feasible. SAS will consider the suggestions/recommendations noted in the documentation of a disability/condition but may not agree to all of the suggestions/recommendations.

(c) On the basis of supporting documentation, make recommendations and decisions regarding Reasonable Accommodation in a timely manner. In situations where the requested academic accommodation is beyond the authority of SAS (i.e. a Substitution, Waiver, or Degree Notwithstanding a Deficiency), SAS will provide recommendations to the appropriate authority identified in section 2.2 of this procedure.

(d) Coordinate service(s) and Reasonable Accommodation(s) for Students with Documented Disabilities to ensure that their needs are addressed.

(e) Provide support to Academic Staff Members in accommodating and working with Students with Documented Disabilities.

(f) Prepare the recommended accommodation plan for the Student with Documented Disabilities and send out the Letter of Accommodation to alert Academic Staff Members to the Reasonable Accommodations in place.

(g) Inform and assist Academic Staff Members and other staff in providing Reasonable Accommodations and understanding disability issues.

(h) Ensure that the University's Bona Fide Academic Requirements will not be compromised.

(i) Work with Students and Academic Staff Members to resolve disagreements regarding recommended Reasonable Accommodation(s).

(j) Provide a focus for activity and expertise regarding disability-related Reasonable Accommodations within the University, and for liaison with outside organizations regarding accessibility issues, and programs and services for Students with disabilities at the University.

(k) Keep current with associated legislation.

(l) Prepare an annual report for the University Senate.

1 Rights and Responsibilities section of policy adapted and used with permission from Mount Royal University, policy 517 Academic Accommodations for Students with Disabilities.

Responsibility and Rights of Academic Staff Members

2.12 Academic Staff Members have the right to:

(a) Determine course content and methods of instruction.

(b) Ensure that the academic integrity and standards of the course are not compromised and ensure that established entry-to-practice competencies and requirements for professional disciplines are not compromised.

(c) Evaluate Student work, performance and competencies related to the course content and relevant academic standards, including failing any Student who has not passed or satisfied the course requirements.

(d) Discuss with as much notice as possible, any particular Accommodation(s) with SAS, if in the Academic Staff Member's opinion, the Accommodation(s) compromise(s) the integrity of the course.

(e) Determine the appropriate method of adapting their teaching style to meet Accommodation(s).

(f) Consult with professionals, on or off campus, to determine how best to accommodate Students with Documented Disabilities in their course.

(g) Question or challenge an Accommodation by working first with SAS and/or with any Accommodation Team or Liaison.

2.13 Academic Staff Members have the responsibility to:

(a) Support the University's commitment and obligation to accommodate Students with Documented Disabilities.

(b) Work with SAS to gain knowledge of appropriate Reasonable Accommodations(s) for Student(s).

(c) Provide Reasonable Accommodation(s) recommended by SAS without compromising the academic integrity and professional standards of the course.

(d) Maintain the Student's dignity and privacy in relation to the Documented Disability and Reasonable Accommodation.

(e) Communicate in the classes and/or course outline their willingness to meet with Students to discuss Accommodation(s) facilitated by SAS.

(f) Work with Students and SAS to resolve disagreements regarding Reasonable Accommodation(s).

(g) Work with SAS when considering Reasonable Accommodations for field trips or clinical practicum that are requested or required.

(h) Work with their Accessibility Advisory Committee and/or Accommodation Team.

Responsibilities and Rights of Faculties/Schools

2.14 Each Faculty/School and/or College has the responsibility to:

(a) create and maintain an Accessibility Advisory Committee (AAC);

(b) create and maintain an Accommodation Team (AT); and

(c) ensure that the academic integrity and standards of the program are not compromised and ensure that established entry-to-practice competencies and requirements for professional disciplines are not compromised.

Faculty/School Accessibility Advisory Committee

2.15 Each Faculty/School and/or College will maintain an Accessibility Advisory Committee ("AAC").

Membership of the Faculty/School AAC

2.16 The Faculty/ School AAC shall consist of the following staff:
(a) The Committee Chair will be the Associate Dean or designate, as appointed by the Dean/Director;

(b) 4–6 Academic Staff Members of the Faculty/School as appointed by the Dean/Director; and

(c) A staff representative from SAS in a consultative role.

Responsibilities the Faculty/School AAC

2.17 The AAC will be responsible for:

(a) Advising the Dean on all matters related to accommodations including the resolution of conflict; and

(b) Reviewing impact of Accommodations on academic standards.

2.18 The AAC role is to:

(a) Meet a minimum of two times per year;

(b) Recommend Faculty/School or College policies and processes;

(c) Receive reports from the SAS representative;

(d) Monitor trends internally, locally, and nationally regarding appropriate accommodations/approaches to accommodation;

(e) Support the Accommodation Team in working through the logistics of accommodations, including the acquisition of resources

(f) Generally monitor and ensure student awareness of procedures and processes

(g) provide an annual report to the Dean, Faculty Council and Vice-Provost(Students) (a copy of the report shall also be provided to the Coordinator of SAS).

2.19 In fulfilling its responsibilities, an AAC will establish practices to include the following:

(a) a process to keep Student identities anonymous, unless not feasible based on the requirements of the Student;

(b) a process to work with and support the Accommodation Team.

Faculty/College/School Accommodation Team

2.20 Each Faculty/School will maintain an Accommodation Team (“AT”). Where a Faculty/School is comprised of constituent Colleges, a separate AT will be maintained for each College.

2.21 The AT shall consist of the following staff appointed by the Dean/ Director or designate:

(a) one or more representatives from the Faculty/School or College who have expertise and responsibilities in the area of student academic progress;

(b) a Faculty/ School or College academic staff person who can offer insight into the essential requirements of a course/program or Bona Fide Academic Requirements; and

(c) the SAS staff member assigned to Faculty/School or College as a member of the team.

2.22 The AT may consult with or add individuals to meetings as needed (for example: an academic staff person with content or assessment expertise in a particular field of knowledge).

Responsibilities the Faculty/College/School AT

2.23 The Accommodation Team (AT) shall have the following responsibilities:

(a) meet as required;

(b) review consider Non-Standard Accommodation recommendations made by Student Accessibility Services (SAS);

(c) upon request, help SAS facilitate the implementation of approved Non-Standard Accommodations;

(d) monitor individual student progress as needed;

(e) report to the Dean/Director if it appears that established processes and procedures are not understood or being followed by members of the Faculty/School or College;

(f) provide information, as appropriate and on a ‘need-to know’ basis, to the respective AAC and to other individuals as needed; and

(g) at least annually provide a report to the respective AAC of matters considered by the AT, outlining de-identified information regarding the number and types of issues considered, information regarding observable trends (if any), and de-identified information regarding particularly important cases.

2.24 In fulfilling its responsibilities, an AT will establish practices to include an effective system of communications that includes SAS, instructors, Academic Staff Members, department heads and the associate Dean.

Reconsideration Process

2.25 The reconsideration process is to review a Modification of a course or program requirement. Requests for Substitutions, Waivers, or Degree Notwithstanding a Deficiency must be referred directly to the appropriate authority identified in section 2.2 of this procedure.

2.26 Students who believe that they have not been treated fairly in accordance with this procedure or who believe they were not reasonably accommodated with the type of accommodation offered are expected first to discuss this matter with their SAS advisor.

2.27 Academic Staff Members concerned that the type of accommodation may compromise the academic integrity of a course or program of study are expected first to discuss this matter with the Student’s SAS advisor.

2.28 Any matters unresolved by discussion between students, Academic Staff Members and the SAS advisor will be handled in accordance with the Student Accessibility Appeal Procedure.

Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a review of this procedure is required.

3.2 The Provost and Vice-President (Academic) is responsible for the communication, administration and interpretation of this procedure.

3.3 All Students and Employees are responsible for complying with this Policy.

Part IV: Review

4.1 Formal procedure reviews will be conducted every ten (10) years. The next scheduled review date for this procedure is January 1, 2025.
Part I: Reason for Procedure

1.1 To define the extent to which the University provides a process for
(a) students to appeal decisions relating to accommodation of a
disability which adversely affect them; and
(b) Academic Staff Members to appeal decisions relating to student
accommodation of a disability which would undermine Bona Fide
Academic Requirements or any essential skills document developed
for programs that are subject to external accreditation.

1.2 Appeals involving academic consequences related to
accommodations, waiver and substitution requests and requests to
graduate not-withstanding would not be heard through the Student
Accessibility Procedure, but would instead be considered by Faculty/
College/School appeal committees, and if not resolved, would be
considered by the Senate Committee on Appeals.

Part II: Procedural Content

Definitions

2.1 All terms defined in the Student Accessibility Procedure shall have
the same meaning in this Student Accessibility Appeal Procedure.

2.2 Students who believe that they have not been treated in accordance
with the Student Accessibility Procedure, or who believe they were not
reasonably accommodated by the proposed Accommodation, or who
believe that the proposed Accommodation may have been different in
light of new or previously unavailable information or documentation may
first discuss this matter with the Coordinator of Student Accessibility
Services (SAS) and request reconsideration. In seeking to resolve any
disagreement, the Faculty/School Accessibility Advisory Committee may
be consulted by a party.

2.3 Academic Staff Members who believe that a proposed
accommodation would compromise the defined Bona Fide Academic
Requirements or essential skills document in question may request that
the Coordinator of SAS reconsider the proposed accommodation. In
seeking to resolve any disagreement, the Faculty/School Accommodation
Team and/or Accessibility Advisory Committee may be consulted. An
Academic Staff Member making the request for reconsideration must
make it in writing and be able to demonstrate a substantial, viable and
direct connection to the student and the proposed accommodation.
In such cases, the student shall be made aware of the request for
reconsideration and have the opportunity to provide their position to the
Coordinator of SAS before a final determination is made.

2.4 Following a request for reconsideration from a student, an Academic
Staff Member or both, the Coordinator of SAS shall issue a decision in
writing to the student, the Academic Staff Member and the Faculty/
School, as appropriate, in a timely manner. The Coordinator of SAS will
consider any deadlines which impact the student’s progress in their
program and will make reasonable efforts to ensure that the timing of
the decision does not delay the student’s progress in their program. In
the event of a conflict of interest on the part of the Coordinator of SAS,
the request for initial reconsideration shall be addressed to the Executive
Director of Student Support.

Formal Appeal to Senate Committee on Academic Accommodation
Appeals

2.5 If a student or an Academic Staff Member does not agree with
the decision of the Coordinator of SAS regarding a request for
reconsideration, they may file a formal appeal to the Senate Committee
on Academic Accommodation Appeals. Such an appeal must be filed
within ten (10) working days of the date on the letter of reconsideration,
or until such time as the Chair may allow if a written request for extension
is made prior to the deadline.

2.6 If an Appellant files for an appeal beyond the ten (10) working day
period, the Appellant must provide written reasons for the delay. The
Chair shall have the discretion to extend the deadline for filing the appeal
if it is determined that there are special circumstances which justify or
excuse the delay. The Chair’s decision is final and not appealable.

2.7 The Appellant must submit all documentation that will be relied upon
for the appeal and must include the following:
(a) A completed and signed Senate Committee on Academic
Accommodation Appeals – Appeal Form. The form is available at
the Student Advocacy Office, The Office of the University Secretary,
and on the University of Manitoba website;
(b) A letter to the Chair clearly explaining the grounds for the appeal;
(c) A copy of the letter of reconsideration from the Coordinator of
SAS;
(d) A copy of all the documentation submitted in regard to the
request for accommodation and reconsideration;
(e) If the Appellant intends to have a lawyer present at the appeal
hearing, the name and address of the lawyer shall be provided at
the time of filing the appeal.
2.8 The remedy sought of the Committee shall not differ from that requested in the reconsideration, unless extraordinary circumstances are presented.

2.9 The Appellant shall have the right to be accompanied by a spokesperson. In the event the Appellant is a student, the spokesperson may be an advocate from the Student Advocacy Office, a representative from the University of Manitoba Students' Union, a representative from the Graduate Students' Association, a member of the university community not receiving payment for appearing, a member of the Appellant's immediate family or a lawyer. It is the Appellant's sole responsibility to ensure:

(a) that his/her spokesperson is familiar with the Student Accessibility Appeal Procedure, the University of Manitoba Accessibility Policy and the Student Accessibility Procedure;

(b) the adequacy of his/her representation, if any; and

(c) to pay for his/her own lawyer's fees, if any.

2.10 Students may appeal a decision when:

Failure of Judgment

(a) they believe the decision made by the Coordinator of SAS was incorrect in his/her judgment regarding the need for, application of, or implementation of an Accommodation.

Failure of Process

(b) they believe the decision made by the Coordinator of SAS was incorrect due to a failure on his/her part or the part of SAS to dutifully perform the process of determining eligibility, or determining a reasonable accommodation.

Failure of Information

(c) they believe the determination made by the Coordinator of SAS was incorrect due to a lack of information, or documentation.

Generally speaking, a failure of information is informally handled by the student providing updated or requested documentation.

2.11 Academic Staff Members may appeal a decision when:

Compromising Academic Standards

(a) they believe that the decision made by the Coordinator of SAS would undermine the Bona Fide Academic Requirements or essential skills document developed for programs that are subject to external accreditation. The onus is on the Academic Staff Member to establish how the standards or essential skills would be compromised by providing the Accommodation. If a Bona Fide Academic Requirements or an essential skills document has not been developed, no appeals shall be available to Academic Staff Members.

2.12 Academic Staff Members filing appeals under this Procedure must demonstrate a substantial, viable and direct connection to the student and the proposed accommodation.

2.13 The composition of the Senate Committee on Accommodation Appeals shall include:

(a) Ten (10) members of the academic staff appointed by Senate for a three (3) year term;

(b) Two (2) students appointed by Senate for a one (1) year term;

(c) A Chair appointed by the President for a three (3) year term;

(d) A Vice-Chair elected from and by the academic staff members for a three (3) year term.

2.14 Upon receipt of an Appeal, the Senate Committee on Academic Accommodation Appeals will notify the Dean or delegate of the Faculty/School, SAS and the respondent of a hearing date.

2.15 Appeals will be heard by a panel of at least four (4) members: two (2) academic staff members, a student and the Chair.

2.16 The Committee panel will meet to determine whether there are grounds to hear the appeal and whether the appeal falls within the jurisdiction of the Committee.

2.17 The Chair of the panel shall only vote in case of a tie.

2.18 If the panel determines that it will hear the appeal, they shall convene a hearing with the appellant, SAS or others as soon as possible to consider submissions from all the parties and Dean, if applicable. If the appellant is an Academic Staff Member, the student shall also be invited to attend the hearing.

2.19 The Committee panel may establish rules and procedures for its hearings and meetings. Such procedures must ensure fairness for all parties and facilitate a timely resolution of appeals.

2.20 The Committee panel will determine the appropriate accommodation on the basis of the student's disability and the Bona Fide Academic Requirements or essential skills document of the course or program.

2.21 The Committee panel will provide written reasons for its decision, which shall be final and binding on all parties.

2.22 All matters considered by the Committee shall be strictly confidential.

2.23 In the consideration of appeals by the Committee panel, time shall be of the essence. Attention will be paid to any deadlines which impact the student's progress in their program and reasonable efforts will be made to ensure that the decision of the Committee does not delay the student's progress.

Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the University Secretary that a formal review of this Procedure is required.

3.2 The University Secretary is responsible for the implementation, administration and review of this Policy and is responsible for the implementation, administration and review of this Procedure.

3.3 All Students and Employees are responsible for complying with this Policy.

Part IV: Review

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2028.

4.2 In the interim, these Procedures may be revised or rescinded if:

(a) the Provost and Vice-President (Academic) deems it necessary; or
Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:

(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(b) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Accessibility Policy

(b) Student Accessibility Procedure

(c) Senate Committee on Admission Appeals

(d) Senate Committee on Appeals

Authorized Withdrawal Policy and Procedure

Authorized Withdrawal Policy
The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents#academic. (http://umanitoba.ca/admin/governance/governing_documents/#academic)

Part I: Reason for Policy
1.1 The University of Manitoba provides Students with a range of course and program withdrawal options to facilitate academic progression and personal circumstances. The purpose of this Policy is to define and establish the requirements for Authorized Withdrawal at the University of Manitoba.

Part II: Policy Content
Definitions
2.1 The following terms have the following defined meanings for the purpose of this Policy and its Procedures:

(a) "Authorized Withdrawal" or "AW" is an approved withdrawal from all courses in a given period for medical or compassionate reasons.

(b) "Calendar" means the University's official academic calendar for the Term and Level in which a course is taught.

(c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

(d) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(e) "Leave of Absence" is a period of leave, established, administered, and approved by the Faculty/College/School that enables Students to temporarily withdraw from the University.

(f) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.

(g) "Official Record" is a Student's complete academic history at the University of Manitoba that is maintained by the Registrar's Office. Official Records are available in the form of an Official Transcript or a Student History.

(h) "Official Transcript" is an official document printed on secure paper and signed by the Registrar that reflects a Student's permanent record at the University of Manitoba.

(i) "Policy" means this Authorized Withdrawal Policy.

(j) "Procedure" means the Authorized Withdrawal Procedure.

(k) "Registration Revision Period" is the period after the beginning of classes within which students may withdraw from a course or courses without academic or financial penalty.

(l) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(m) "Student" refers to any person enrolled at the University.

(n) "Student History" is the complete record of a Student's activity at the University, including a record of Authorized Withdrawals, produced for internal administrative use.

(o) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.

(p) "University" means The University of Manitoba.

(q) "Voluntary Withdrawal" or "VW" is a registration option that enables students to withdraw from a course or courses after the Registration Revision Period without academic penalty.

(r) "Voluntary Withdrawal Period" is the period after the Registration Revision Period within which students may voluntarily withdraw from a course or courses, as outlined in section 2.6 of the Voluntary Withdrawal Policy.

General
2.2 An AW is to be distinguished from other withdrawal options at the University, including Voluntary Withdrawal and Leaves of Absence.

2.3 Requests for AW must be based on medical or compassionate grounds as outlined in Section 2.2 of the Procedure.

2.4 Faculties/Colleges/Schools may adopt supplemental regulations, subject to approval by Senate, pertaining to AW from their programs.

Scope
2.5 Requests for AW will only be considered for withdrawal from all courses in a given Term, except in extraordinary circumstances.

2.6 Requests for AW will be considered for the currently enrolled Term and for Terms dating back no more than three academic years.

2.7 Withdrawal from future Terms may be subject to supplemental regulations adopted under section 2.4 of this Policy. Students...
considering withdrawing from the University for future terms should consult their Faculty/College/School of registration.

**Part III: Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

**Part IV: Authority to Approve Procedures**

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

**Part V: Review**

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:

(a) The Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;

(b) the Policy is no longer legislatively or statutorily compliant; and/or

(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) comply with the revised Policy; or

(b) are in turn repealed.

**Part VI: Effect on Previous Statements**

6.1 This Policy supersedes all of the following:

(a) Voluntary Withdrawal Policy, effective February 1, 1977 and revised May 13, 1993, and December 7, 2005;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

**Part VII: Cross References**

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Authorized Withdrawal Procedure;

(b) Definitions of Academic Units Policy;

(c) Voluntary Withdrawal Policy.

---

**Authorized Withdrawal Procedure**

**Part I: Reason for Procedure**

1.1 To outline the Procedures to be followed in order to comply with the Authorized Withdrawal Policy.

**Part II: Procedural Content**

2.1 These Procedures are to be read in conjunction with the Policy and all terms defined in the Policy shall have the same meaning in this Procedure.

2.2 An AW may be approved under the following circumstances:

(a) Medical Grounds. When a serious event, including but not limited to illness, accident or injury affects a student's ability to attend classes and/or complete course requirements; and/or

(b) Compassionate Grounds. When an extraordinary personal circumstance, including but not limited to a serious illness or death of a significant person in a Student's life affects a Student's ability to attend classes and/or complete course requirements.

2.3 Ceasing to attend a class or classes will not constitute an AW. In cases where a request for an AW is not approved, a Student will remain enrolled in, and will receive a final grade for all registered courses.

**Requests for Authorized Withdrawal**

2.4 Requests for AW's at the undergraduate Level must be submitted to the Dean's Office of the Faculty/College/School of registration and will be processed through the Dean's Office of the Student's Faculty/College/ School of registration.

2.5 Requests for AW's at the graduate Level must be submitted to the head or graduate chair in the department in which the Student is registered, for recommendation to and approval by the Faculty of Graduate Studies.

2.6 An AW request must include the following:

(a) Official request form: The Request for an Authorized Withdrawal Form is available through the Dean's Office of the student's Faculty/ College/School of registration, or from Student Advocacy.

(b) Letter of Explanation written by the student and detailing how the circumstances or symptoms affected their ability to attend classes and/or complete course requirements;

(c) Supporting documentation including but not limited to:

(i) Letters or documents from objective, credible and verifiable health care professionals. Students are encouraged to consult the Guidelines for Health Care Professionals that are available through the Office of Student Advocacy;

(ii) A funeral program and/or obituary;

(iii) A police report or auto accident report; and/or

(iv) Travel receipts (e.g., airline, rail, bus).

2.7 If an AW request is approved, a Faculty/College/School may impose conditions prior to re-enrolment including, but not limited to, meeting with an academic advisor, producing a certificate of fitness to return to studies, and/or making use of support services on campus.
2.8 In limited enrolment programs, re-enrolment following an AW may be subject to availability of space.

Responsibilities of the Student
2.9 Students are responsible for considering all implications prior to requesting an AW. Withdrawal may affect academic progression, financial aid eligibility, CIS athletic eligibility, entrance into professional programs, and/or student visa requirements.

Responsibilities of the Faculties/Colleges/Schools
2.10 Faculties/Colleges/Schools are required to consider requests for AW and to direct the Registrar’s Office to process approved requests.

2.11 Faculties/Colleges/Schools are required to notify students of the outcome of their AW request in a timely manner.

2.12 Faculties/Colleges/Schools are responsible for ensuring that the receipt, storage and disposal of personal information are appropriately managed and secured under The Personal Health Information Act (PHIA), The Freedom of Information and Protection of Privacy Act (FIPPA), and the University’s Access and Privacy Policy and Procedures.

2.13 Faculties/Colleges/Schools must provide an annual report on AW applications and approvals to the Provost and Vice-President (Academic).

Official Records
2.14 An AW will appear on a Student History but will not appear on Official Transcripts issued by the University.

Tuition Fee Refund
2.15 The approval of an AW request will not automatically result in a tuition fee refund. Students must apply to the Registrar’s Office for a refund using the Tuition Fee Appeal Form, available at the Registrar’s Office.

Appeal Process
2.16 The process for appealing an unsuccessful AW request will be subject to the policies and procedures established by the Student’s Faculty/College/School of registration or enrolment.

2.17 Faculties/Colleges/Schools must disclose to the Student the length of time available to appeal an unsuccessful AW request.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Procedure is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Procedure.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Procedure.

Part IV: Review
4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:

(a) the Provost and Vice-President (Academic), or Approving Body, deems it necessary or desirable to do so;

(b) the Procedure is no longer legislatively or statutorily compliant;

(c) the Procedure is now in conflict with another Governing Document; and/or

(d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:

(a) Voluntary Withdrawal Policy, effective February 1, 1977 and revised May 13, 1993 and December 7, 2005;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Authorized Withdrawal Policy;

(b) Access and Privacy Policy and Procedure;

(c) Guidelines for Healthcare Professionals;

(d) Tuition Fee Appeal Form

Campus Alcohol Policy
The Policy is available online at http://umanitoba.ca/admin/governance/governing_documents#university-community (http://umanitoba.ca/admin/governance/governing_documents#university-community).

Part I: Reason for Policy
This policy is a general statement and guideline, setting out the University’s requirement for strict compliance with the Liquor Control Act (Manitoba), as well as any rules and regulations, and any successor or replacement rules and regulations, at all events and facilities at which alcohol is available. This policy is further to the Liquor Control Act (Manitoba), as well as any rules and regulations and directives issued pursuant to the Act (The "MLCC rules and regulations").

Part II: Policy Statement
2.1 Alcohol abuse is a serious health problem and can lead to conduct that may endanger the safety of individuals and result in damage to property both on and off the University of Manitoba Fort Garry and Bannatyne Campuses (the “Campuses”). This in turn may result in legal claims involving the University and others. The purpose of this policy is to explicitly establish the general means by which alcohol abuse on the Campuses can be reduced, and to the extent possible, eliminated.

2.2 The University shall meet the policy’s objective by:

2.2.1 Offering an alcohol education and awareness program within the scope of programs offered by or through Student Affairs;

2.2.2 Maintaining University guidelines with respect to the serving and consumption of alcohol on the Campuses;

2.2.3 Requiring that events and facilities at which alcohol is served on the Campuses (the "events and facilities") be managed effectively, and in accordance with the University's policy and procedures and MLCC rules
and regulations; and This policy applies broadly, and covers all events and facilities on the Campuses.

**Part III: Accountability**

3.1 The University Secretary is responsible for advising the Associate Vice-President (Administration) that a formal review of the Policy is required.

3.2 The Associate Vice-President (Administration) or the Manager of Special Functions is responsible for the communication, administration and interpretation of this policy.

**Part IV: Secondary Documents**

4.1 The Approving Body may approve Procedures which are secondary to and comply with this Policy.

**Part V: Review**

5.1 Formal Policy reviews will be conducted every ten (10) years. The next scheduled review date for this Policy is December 18, 2019.

5.2 In the interim, this Policy may be revised or rescinded if:

   (a) the Approving Body deems necessary; or

   (b) the relevant Bylaw, Regulations or Policy is revised or rescinded.

5.3 If this Policy is revised or rescinded, all Secondary Documents will be reviewed as soon as reasonably possible in order to ensure that they:

   (a) comply with the revised Policy; or

   (b) are in turn rescinded.

**Part VI: Effect on Previous Statements**

6.1 This Policy supersedes the following:

   (a) all previous Board/Senate Policies, Procedures, and resolutions on the subject matter contained herein; and

   (b) all previous Administration Policies, Procedures, and directives on the subject matter contained herein;

   (c) Campus Alcohol Policy dated September 25, 2001

**Part VII: Cross References**

   (a) Procedures: Campus Alcohol Policy

   (b) Student Discipline Bylaw

   (c) The Liquor Control Act (Manitoba)

**Conflict of Interest Between Evaluators and Students Due to Close Personal Relationships Policy and Procedure**

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents/#students. (http://umanitoba.ca/admin/governance/governing_documents/#students)

The purpose of this policy is to ensure that the relationship between an evaluator and the person being evaluated is and is seen to be impartial.

**Definitions**

1. An evaluator includes any person who participates, whether at first instance or on appeal, in the process of admitting or selecting a student to a course or program, determination of a student’s progress or academic standing, or the receipt by a student of a prize, award or university financial support.

2. A conflict of interest means a close personal relationship between an evaluator and a student or applicant, or between evaluators, that gives rise to a reasonable apprehension of bias and, in any event, such relationships shall include that of:

   a. parent/child;

   b. spouses;

   c. grandparent/grandchild;

   d. siblings;

   e. in-laws; or

   f. persons living in the same dwelling unit.

**Procedures**

1. Responsibility for avoiding the conflict of interest rests with the evaluator. In cases of uncertainty, the evaluator shall and the student may refer the matter for determination to the department head (or dean/director, as appropriate). The decision of the department head is subject to review by the dean/director of the academic unit.

2. Where there is a conflict of interest, the evaluator shall immediately withdraw from participation and shall inform the student concerned and the head or dean/director, as appropriate.

   a. Where alternative sections or electives exist, the alternative must be taken, unless the dean/director concerned determines that this will create an undue hardship for the student.

   b. Where the dean/director has exercised discretion under 2.(a) or where no alternatives exist to compulsory courses, the dean/director shall ensure fair evaluation by having another suitably qualified evaluator review the submitted material or hear the oral presentations. Where practicable, the evaluator shall not participate in setting the examination or other evaluation method.

3. Where the dean or director has a conflict of interest, the President shall name a replacement to act in the matter.

4. In the case of failure to observe these regulations, staff members will be subject to the discipline procedures provided by the appropriate collective agreement or personnel policy of the University.

**Disclosure and Security of Student Academic Records**

Relevant Governing Documents are available online at: http://umanitoba.ca/access_and_privacy/governance.html

The University and its constituent units have a clear obligation to the student and to society concerning the disclosure and security of information about a student’s academic record. All student records will be handled in accordance with The Freedom of Information and Protection of Privacy Act (Manitoba) (FIPPA) and the Personal Health Information Act (Manitoba) (PHIA) as appropriate.
Electronic Communication with Students

**Part I: Reason for Policy**

1.1 The University of Manitoba (the "University") is committed to using available technology to communicate among members of the University community. It recognizes an expanding reliance on electronic communication by academic and administrative staff of the University with students due to the convenience, speed, cost-effectiveness, and environmental advantages it provides. This policy will define the proper use of electronic communications between University academic or administrative staff and students. Electronic communications may include, but are not limited to, electronic mail, electronic bulletin boards, and web sites.

1.2 When communicating by email it is important to ensure that the email is being directed to the intended individual. In an effort to protect confidentiality and privacy in electronic communications and ensure compliance with applicable legislation and policies including The Freedom of Information and Protection of Privacy Act ("FIPPA"), The Personal Health Information Act ("PHIA") and the University's Computer Usage Policy, all official electronic communications must be directed to University of Manitoba email accounts (see section 2.4).

**Part II: Policy Content**

2.1 The University requires all students to activate an official University email account.

2.2 The University authorizes the use of electronic communication for official communication between university staff and students, subject only to the confidentiality and privacy provisions outlined below.

2.3 All students are expected to comply with established guidelines and procedures that define the proper use of electronic communications as outlined in this policy and in the University's Use of Computer Facilities Policy.

**Provision of University of Manitoba Email Accounts**

2.4 The University will provide all students with an official University email address. University email accounts must be obtained by students through the Claim ID process at: [http://umanitoba.ca/claimid](http://umanitoba.ca/claimid). The University email account claimed will be the address listed in University directories and contact information available to staff and faculty. The University will direct all official email communications to the official University email account.

**Appropriate Use of University Email**

2.5 Certain University electronic communications may be time-critical. Students are responsible for checking their University email account on a regular basis in order to stay current with University communications.

2.6 In general, electronic communications, including email, are not appropriate for transmitting sensitive or confidential information, including personal information, unless an appropriate level of security matches its use for such purposes:

(a) Confidentiality regarding student records is protected under FIPPA. All use of electronic communication, including use for sensitive or confidential information, must be consistent with the University FIPPA and PHIA Policy;

(b) Personal Health Information should not be transmitted via electronic communication at any time;

(c) Email shall not be the sole method for notification of any legal action.

**Access to University Email**

2.7 Students who are not in possession of a home computer or laptop, or do not have access to a computer at work, can use computers available in campus labs or in their local library.

**Use of University Email for Instructional Purposes**

2.8 Academic staff may determine the extent to which electronic communication will be used in their classes. It is highly recommended that if academic staff have electronic communication requirements and expectations, these are specified in course syllabi, and that all assignments sent electronically (including by email) be accepted only when sent from a University email account. Academic staff may reasonably expect that students are accessing their University email account, and may use electronic communication for their courses accordingly.

**Final Examinations and Final Grades Policy and Procedure**

**Final Examinations and Final Grades Policy**

The Policy and Procedure are available online at [http://umanitoba.ca/admin/governance/governing_documents/academic](http://umanitoba.ca/admin/governance/governing_documents/academic).

**Part I: Reason for Policy**

1.1 To establish the University of Manitoba's policy relating to final examinations and grades and to oversee the procedures related to final examinations, deferred and supplemental examinations, and final grades.

**Use of Terms**

1.2 Final Examination: A final examination is a test scheduled within an examination period which serves as the final evaluation of student performance in a course.

1.3 Deferred Examination: A deferred examination is a privilege that may be granted to a student:

(a) who is unexpectedly unable to write a final examination as scheduled; or

(b) who knows in advance that he or she is unable to write an examination at the scheduled time. Students may request a deferred examination(s) on the grounds that they are unable to write said examination(s) due to:

(i) a medical condition; or
(ii) participation in an inter-university, provincial, inter-provincial, national or international scholastic or athletic event; or

(iii) religious obligations.

Making a false or misleading claim regarding a deferred examination may be considered an offence under the Student Discipline Bylaw. Penalties may range from a failed grade in the course to suspension or expulsion.

(c) Supplemental Examination: A supplemental examination is the rewriting of a final examination and is a privilege offered by some faculties, schools, and academic units to students who have not achieved the minimum result in required courses. Within the conditions established by the student’s faculty, a student who is granted a supplemental examination is given the opportunity to rewrite a final examination. The impact of a supplemental examination on the final grade is to be determined by regulations within the faculty.

University of Western Ontario, Academic Handbook, Issued 2009 03.

**Part II: Policy Content**

2.1 The Senate has determined that each faculty or school or academic unit shall be responsible for establishing regulations governing evaluation procedures for students enrolled in its courses.

2.2 Those relevant items listed under procedures for final examinations, deferred and supplemental examinations, and final grades shall be incorporated into the regulations established by faculties, schools or academic units.

2.3 Faculties, schools, and academic units shall submit regulations and amendments to evaluation procedures to Senate for its approval via the Senate Committee on Instruction and Evaluation.

2.4 The Senate has determined that each faculty or school or academic unit shall adopt a formal policy for the appeal of grades given for term work, in that faculty or school or academic unit, that has been returned or made available to students before the last day of classes. Policies adopted by a faculty or school or academic unit, after review by the Senate Committee on Instruction and Evaluation, shall be forwarded to Senate for information.

**Deferred and Supplemental Examinations Procedures**

**Part I: Reason for Procedure**

1.1 To set out procedures secondary to the Policy entitled “Final Examinations and Final Grades”, in connection with deferred examinations and supplemental examinations.

**Part II: Procedural Content**

**Deferred Examinations**

2.1 A deferred examination is a privilege that may be granted to a student who is unexpectedly unable to write an examination as scheduled or a student who knows in advance that he or she is unable to write an examination at the scheduled time. Making a false or misleading claim may be considered an offence under the Student Discipline Bylaw. Penalties may range from a failed grade in the course to suspension or expulsion.

2.2 Students who are unable to write an examination due to an unexpected illness must file an application for a deferred examination with the advising office of the faculty, school, or academic unit (including University 1 or Extended Education) in which they are registered, setting out the reasons for the deferral. The application must normally be filed within forty-eight (48) hours of the scheduled date of the missed examination or, in a case where more than one examination was missed, within forty-eight (48) hours of the scheduled date of the last examination missed. The application must be accompanied by a medical certificate or otherwise appropriate documentation certifying the reason for the deferral, the inability of the student to write the examination at the regular scheduled time and, where possible, an indication of the period of incapacity. Based on the evidence, the Dean or Director shall decide whether the application is approved. Based on the student’s ongoing incapacity or other exceptional circumstances a deferral may be granted to a student who files an application after the forty-eight (48) hour period has lapsed.

2.3 Students may request a deferred examination(s) on the grounds that they are unable to write said examination(s) due to:

- (a) participation in an inter-university, provincial, inter-provincial, national or international scholastic or athletic event;
- (b) religious obligations; or
- (c) a medical condition.

Students requesting a deferred examination due to a known condition as listed above must file an application normally twenty (20) working days prior to the day of the scheduled examination with the advising office of the faculty, school, or academic unit (including University 1 or Extended Education) in which they are registered.

2.4 Initial approval of all deferred examinations by the student’s faculty, school, or academic unit shall be conditional upon verification that the student has completed all required components of the course and that it is mathematically possible for the student to pass the course by writing the final examination. Approval will be rescinded if these conditions are not met.

2.5 Any students requesting a deferred examination(s) on the grounds that said examination(s) conflict(s) with vacation or holiday plans shall not normally be granted a deferral.

2.6 If a student becomes ill or receives word of a family emergency during the course of an examination and is unable to continue, the student must report at once to the Chief Invigilator, hand in the examination, and indicate either that they wish to submit their examination paper as: (1) completed; or (2) not completed and with the right to request a deferred examination. The Chief Invigilator must record all notifications. Students leaving an examination early in compliance with this section are eligible to apply for a deferred examination under the provisions of section 2.2. Only students who do not complete the examination and who notify the Chief Invigilator of the reason they cannot complete the examination shall be eligible to apply for a deferred examination.

2.7 No faculty, school, or academic unit shall have regulations that compel students to accept deferrals for any or all examinations or examination series.

2.8 When an application for a deferred examination is approved by the faculty, school, or academic unit, the head of the unit in which the course is offered, in consultation with the instructor concerned, shall schedule
the deferred examination to take place normally within thirty (30) working days from the end of the examination series from which the examination was deferred, taking into account the following:

(a) If a deferred final examination is granted for a course that is a pre-requisite to another course or courses, students may be permitted to remain registered in those affected courses. However, if the examination is written after the revision deadline and the pre-requisite course is not satisfied, the student will be withdrawn from all courses requiring it. Faculties, schools, and academic units are encouraged to schedule deferred examinations in pre-requisite courses early in the term to ensure that results are available prior to the course revision deadline.

(b) Faculties, schools, and academic units are requested to schedule deferred examinations as soon as possible for potential graduands so that final grades may be available in sufficient time to meet planned graduation deadlines.

2.9 In the event students are unable to write the examination as outlined in section 2.8 the following may take place:

(a) the deferred examination shall be written at the next scheduled examination series in which the course is offered (unless the faculty, school, or academic unit chooses to make other arrangements); subsequent requests for re-deferral may result in the student being denied registration in the current or a future term until all outstanding examination obligations have been completed;

(b) the head of the academic unit in which the course is offered, in consultation with the instructor concerned, may assign a grade without examination. In such cases, the grades shall be assigned on the basis of the term work and assignments. Faculty or School Councils shall establish the procedure by which such a decision will be implemented.

(c) the deferred examination must be written within a time frame that enables the examination to be written and graded, and, if necessary, a supplemental examination to be written and graded, before the start of the next academic term in such cases in which the progression rules of the student’s program require the successful completion of an entire academic year before a student is eligible to proceed in the next academic year.

2.10 Students who, for medical reasons, withdraw from a program or receive deferred examination privileges for all final examination series, or who fail to write deferred examinations as scheduled, may be prevented by the faculty, school or academic unit from reregistration until they have established, through appropriate medical consultation, their fitness to resume studies.

Supplemental Examinations

2.11 Supplemental Examinations are offered by some faculties to students who have not achieved the minimum result in required courses. Within the conditions established by the student’s faculty, a student who is granted a Supplemental Examination is given the opportunity to rewrite a final examination. The impact of a supplemental examination on the final grade is to be determined by regulations within the faculty.

2.12 The results of supplemental examinations must be reported to the faculty or school council.

Final Examinations Procedures

Part I: Reason for Procedure

1.1 To set out Procedures secondary to the Policy entitled “Final Examinations and Final Grades” in connection with the method of conducting final examinations. A final examination is a test scheduled within an examination period which serves as the final evaluation of student performance in a course.

1 University of Western Ontario, Academic Handbook, Issued 2009 03.

Part II: Procedural Content

Information Provided to Students

2.1 Within the first week of the academic term, students shall be informed of the method of evaluation to be used in each course, as specified in the Responsibilities of Academic Staff with Regard to Students Policy.

Examination General Regulations

2.2 Any test or tests, which have an aggregate value of more than 20% of the total value of the course may not be scheduled to take place during the fourteen (14) calendar days ending with the last day of classes in the term during the regular session as defined in the University General Calendar, or during the last two (2) classes of Summer Evening and the last three (3) classes for Summer Session (see Responsibilities of Academic Staff with regard to Students Policy).

2.3 No project or assignment may be announced during the periods outlined in section 2.2 unless contained in the course outline or syllabus required to be provided to all students in the course during the first week of classes (see Responsibilities of Academic Staff with Regard to Students Policy).

Final Examinations

2.4 No final examinations or the submission of take-home final examinations shall be scheduled to occur prior to the examination periods as described in the General Calendar except with the expressed joint consent of the Deans and Directors involved.

2.5 The weight of each question shall be clearly indicated on the examination paper.

2.6 The name of the instructor or course coordinator shall be clearly indicated on the examination paper.

2.7 Faculties, schools or academic units electing to use the services of the Registrar’s Office shall adhere to the regulations outlined in section 2.8 below.

Regulations for Examinations Administered by the Registrar’s Office

2.8 If a faculty, school, or academic unit elects to use the services of the Registrar’s Office to schedule and administer examinations, the following regulations shall apply:

(a) Requests for examination scheduling must be submitted five (5) working days prior to the Revision Deadline for the term in which the course is offered.

(b) Examinations shall be of one, two or three hours duration.

(c) The faculty, school, or academic unit shall be responsible for supplying the number of examination invigilators as deemed necessary by the Registrar’s Office.
2.15 Conduct During Examination

(a) Any student departing from accepted procedure during an examination must be reported immediately to the Chief Invigilator.

(b) The Chief Invigilator shall allow the student to continue writing the examination except as noted in subsection 2.15(g).

(c) The Chief Invigilator shall record the nature of the alleged infraction on the form provided by the Registrar’s Office.

(d) Examination question papers must be submitted to the Registrar’s Office ten (10) calendar days in advance of the examination.

(e) The Registrar’s Office shall make a record of any issues arising during the conduct of examinations and bring any matters to Senate that it deems to be significant.

(f) The responsibilities of invigilators (see section 2.14-2.16) shall apply for examinations administered by the Registrar’s Office.

Regulations for Examinations Administered by Student Accessibility Services

2.9 Examinations administered by Student Accessibility Services are additionally regulated by the Accessibility for Students with Disabilities Policy.

Invigilation of Examination

2.10 The faculty, school, or academic unit shall supply such number of examination invigilators as is necessary. At a minimum, there shall normally be one invigilator for the first sixty (60) students and one additional invigilator for each fifty (50) students thereafter.

2.11 Invigilation of examinations shall normally be carried out by the instructor of record. In addition, university employees appointed as invigilators by a faculty, school, or academic unit may assist.

2.12 An instructor must be available during the whole of his or her examination even though he or she is not invigilating that examination.

2.13 In view of the responsibilities with which a Chief Invigilator has been charged, selection of Chief Invigilators for large examination halls shall ensure that they are persons at a more senior rank than that of teaching assistants.

Responsibilities of Invigilators and Students

2.14 Prior to an Examination

(a) Invigilators are required to report to the Registrar’s Office for examinations administered by the Registrar’s Office for supervisory duties not later than thirty minutes (one half hour) prior to the scheduled time for each examination. Examination material, supervisory lists, and the name of the invigilator in charge will be distributed.

(b) At each seat in the examination room, the invigilator should place the appropriate material required for the examination.

(c) The time of commencement of the examination shall be announced.

(d) Each student shall display his or her student card and photo identification and shall sign an attendance form.

2.15 Conduct During Examination

(a) Any student departing from accepted procedure during an examination must be reported immediately to the Chief Invigilator.

(b) The Chief Invigilator shall allow the student to continue writing the examination except as noted in subsection 2.15(g).

(c) The Chief Invigilator shall record the nature of the alleged infraction on the form provided by the Registrar’s Office.

(d) The Chief Invigilator shall complete the introductory section of the form immediately and shall ask the student to sign at that point in order that the student provides positive identification.

(e) The Chief Invigilator shall advise the student, when the identification portion of the form has been signed, of his or her right to submit a separate report on the circumstances of the incident to the Dean or Director of his or her faculty, school, or academic unit.

(f) The Chief Invigilator shall ask that the student read the form containing full details of the incident by or at the close of the examination. The form, thus completed, shall be sent to the Registrar’s Office for distribution to the Dean or Director, to the student and to the invigilators involved in the incident.

(g) Notwithstanding the above, in those cases in which the behaviour of a student is disruptive to others writing the examination, or to the conduct of that examination, the Chief Invigilator may, after due warning, require that student to cease writing the examination and leave the examination hall. For such cases the form provided by the Registrar’s Office must be completed, to the extent possible, in the manner outlined in the above paragraph.

(h) The Chief Invigilator shall ensure that no student leaves the room without signing the roll and submitting a script. In addition:

(i) No student shall be permitted to leave the examination room during the first thirty (30) minutes of an examination.

(ii) No student shall be permitted to enter the examination room after at least one other student who is writing the same examination has left the examination room.

(iii) A student who arrives to write an examination more than thirty (30) minutes after the start of the examination will not be permitted to write the examination.

(iv) Any student who, due to late arrival, is not permitted to write an examination will be asked to complete the appropriate form and will then be advised to contact the Office of his or her Dean or Director not later than the next business day to discuss possible alternatives.

(v) No student scheduled to write an examination in a centrally administered location who arrives late for the examination shall be permitted to write longer than the scheduled end-time for that examination. For those examinations not centrally scheduled, flexibility may be allowed at the discretion of the unit administering the examinations, but all students in a given course with commonly examined sections should have equal opportunities to take advantage of whatever flexibility is afforded.

(vi) Should a technical irregularity occur in an examination, such as misprinted information or wrong instruction, invigilators supervising the same examination in other locations must be informed. The Registrar’s Office should be contacted immediately should this or other similar problems arise in an examination room.

(vii) If a student becomes ill or receives word of a family emergency during the course of an examination and is unable to continue, the student must report at once to the Chief Invigilator, hand in the examination, and indicate
either that they wish to submit their examination paper as: (1) completed; or (2) not completed and with the right to request a deferred examination. The Chief Invigilator must record all notifications. Students leaving an examination early in compliance with this section are eligible to apply for a deferred examination under the provisions outlined in section 2.2 of the Deferred and Supplemental Examinations Procedures. Only students who do not complete the examination and who notify the Chief Invigilator of the reason they cannot complete the examination shall be eligible to apply for a deferred examination.

Note: Documentation verifying the illness may be required.

2.16 At the Close of the Examination
(a) The time of conclusion of the examination should be announced.

(b) Every candidate must turn in an examination script before leaving the room to the invigilator located at the exit of the room.

(c) A count must be made of the scripts by course number and balanced against the total for each course examination indicated on the nominal roll.

(d) No student may be permitted to re-enter an examination room until all examination scripts have been collected.

(e) The nominal roll must be returned to the Registrar's Office at the conclusion of the examination session. Examination scripts may be either received by the instructor(s) concerned or be delivered to the Registrar's Office.

Audio Visual Supports
2.17 The use of audio visual supports to display examination or test questions shall be prohibited with either of the following two exceptions:

(a) Audio visual supports may be used to display examination questions where arrangements have been made to display all questions simultaneously for the entire examination period; or

(b) In courses where time limited identification is a legitimate and specified part of the examination process, the use of overhead or slide projectors, or other audio visual supports for display purposes shall be permitted.

Examinations using audio visual supports should not be scheduled with other examinations.

Unauthorized Materials in Examinations
2.18 Students are not permitted to access any unauthorized materials during an examination. This includes but is not limited to calculators, books, notes, pencil cases, or any electronic device capable of wireless communication and/or storing information (e.g. computer, dictionary, translator, cell phone, pager, PDA, mp3 units, etc.). However, students may bring in such materials or devices when permission has been given by the instructor.

Security
2.19 Students may store valuables and personal items under the desk or chair of the examination room but may not have access to these items during the examination. Items stowed under the desk or chair must not obstruct the aisles of the examination room. Students must ensure that all items required for the examination are placed on top of the desk prior to the start of the examination.

Posting Examination Answers
2.20 Answers to examination questions shall not be posted prior to the conclusion of the examination.

Student Access to Final Examinations
2.21 In order to allow proper feedback, students shall have an opportunity to read their own final examination script and any comments written on it prior to the deadline for a formal grade appeal, but only in the presence of the instructor or a staff member appointed by a faculty, school, or academic unit.

2.22 Notwithstanding section 2.21 above, there is no obligation upon the faculty, school, or academic unit to make machine-scored examination answer sheets available for consultation by students. It is expected that faculties, schools, and academic units will provide appropriate means of feedback to students in such circumstances and, where practicable, will encourage instructors to discuss selected questions and answers.

Final Grades Procedures
Part I: Reason for Procedure
1.1 To set out procedures secondary to the Policy entitled “Final Examinations and Final Grades”, in connection with:

(a) Final grades;

(b) Incomplete grades;

(c) Continuing grades;

(d) Appeal of final grades; and

(e) Grading systems.

Part II: Procedural Content
Final Grades
2.1 Departments are required, subject to faculty and school regulations, to establish a procedure for the review and approval of final grades prior to submission to the Registrar.

2.2 All final grades must be submitted in accordance with the instructions received from the Registrar.

2.3 Final grades will be released to students by the Registrar's Office as they are submitted by faculties and schools, except where alternate arrangements have been made between the Dean or Director and the Registrar.

2.4 To protect the confidentiality of students' personal and private information, neither faculties, schools, academic units, nor instructors may post or publicly release grades.

Incomplete Grades
2.5 A student who is unable to complete the term work prescribed in a course may apply to the instructor, on or before the End Date for the term in which the course is offered (as set out in the Academic Schedule), for consideration of a grade classification of Incomplete.

2.6 The student is expected to write the final examination if one is scheduled for the course. It is possible to request a deferred examination based upon the conditions stated in the Deferred and Supplemental Examinations Procedures.

2.7 Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work,
the instructor shall calculate the temporary grade using a zero value for incomplete work. The grade code reported will consist of the appropriate letter grade following by a space followed by the letter “I”.

2.8 In addition to the grade, the recommendation should indicate the reason(s) for consideration being given, a description of the outstanding work to be completed, and the date by which the work must be submitted. The following maximum extensions are allowed:

(a) for courses terminated in April – August 1st
(b) for courses terminated in August – December 1st
(c) for courses terminated in December – April 1st

2.9 If the final grade is not reported within one month of the extension deadline, the letter “I” will be dropped and the grade remains as awarded. The student’s opportunity to improve the grade will have lapsed.

2.10 In no case will the satisfaction of the Incomplete requirements cause a grade to be lowered.

2.11 When specific circumstances warrant, Deans or Directors may extend the date by which an Incomplete must be cleared. Instructors must formally request such an extension prior to the elapse of the maximum deadline date. In addition, the Registrar’s Office must be notified of the extension.

Continuing Grades
2.12 For those graduate level courses which continue beyond the normal academic term, which are being taken by students enrolled in the Faculty of Graduate Studies, the instructor shall recommend that a grade of “CO” be used until such time as a final grade can be established.

Appeal of Term Work
2.13 The appeal of term work returned or made available to students before the last day of classes shall be subject to policies and procedures established by Faculty/School Councils.

Appeal of Final Grades
2.14 A student may enter an appeal, through the Registrar’s Office, for assessment of one or more grades. A student wishing to make a final grade appeal must do so by the deadlines set for the following terms and sessions:

(a) On a Fall Term course grade the deadline is fifteen (15) working days following the first day in January which the University is open.
(b) On a Winter Term course grade the deadline is fifteen (15) working days after Victoria Day.
(c) For Summer Session course grades the deadline is thirty (30) working days following the end of the examination period.
(d) For all other programs the deadline is twenty (20) working days following the end of the examination period.

Applications must be made on a prescribed form obtainable from the Registrar’s Office. On payment of the prescribed fee, such appeals shall be forwarded to the Head of the academic unit in which the course is offered.

2.15 Examination scripts are to be held by the teaching unit responsible for the course until six (6) months after the expiration of the appeal period. In individual cases where appeals have been initiated, the holding period will be extended accordingly.

(a) Each faculty, school, or academic unit is responsible for arranging the proper processing of the appeals, and shall report the results of appeals to the Registrar’s Office.
(b) Normally the re-evaluation of a grade shall be undertaken by the instructor(s) responsible for the particular course (section) in consultation with at least one other instructor – in the same or related subject area – who shall independently assess the script and/or other relevant material.
(c) In the event that an appealed grade has been awarded on the basis of an examination only, the entire script will be re-read.

(i) Except as noted below, where the grade has been awarded on the basis of an examination in combination with term work, the examination script will be re-read and term mark calculation reviewed.
(ii) In the case of grades awarded solely on the basis of term work, only the calculation will be reviewed.
(iii) In instances where term work has not been returned to students before the last day of classes, that term work shall also be re-read.
(d) Grades subject to appeal may not be lowered.
(e) In cases where appeals have resulted in a change of grade, the application fee will be refunded to the student.
(f) Teaching units shall be responsible for arranging to destroy examination scripts held by them in accordance with this section, ensuring in the process, the confidentiality of the document.
(g) The result of an appeal must be submitted to the Registrar’s Office within thirty (30) days of the deadline for a student to submit the appeal being considered. In the event this deadline cannot be met, the academic unit must notify the Registrar’s Office with reasons for the delay. In no case shall an appeal be delayed longer than sixty (60) days.
(h) Students who wish to appeal the results of a grade appeal based on procedural grounds must file an appeal with the office the Dean/Director of the teaching unit. A request for a review of appeal procedures must be filed within ten (10) working days of receipt of notification of the result of a Grade Appeal.

Grading Systems
2.16 Faculties and schools may investigate various grading systems in order that a better understanding is reached regarding the relationship between grading systems, evaluation processes, student performance and program objectives. Prior to taking action based on such investigation, the faculty or school must submit its proposal to the Senate Committee on Instruction and Evaluation for its approval.

Grade Point Averages Policy
The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents#academic. (http://umanitoba.ca/admin/governance/governing_documents/#academic)
Part I: Reason for Policy
1.1 The University of Manitoba articulates, on an institutional level, the rules for calculation of Grade Point Averages (GPA). The purpose of this Policy is to define and describe the manner in which GPA will be calculated and reported at the University.

Part II: Policy Content

Definitions
2.1 The following terms have the following defined meanings for the purpose of this Policy.

(a) "Authorized Withdrawal" or "AW" is an approved withdrawal from all courses in a given period for medical or compassionate reasons, granted in accordance with the Authorized Withdrawal Policy and Procedure.

(b) "Calendar" means the University's official academic calendar for the Term and Level in which a course is taught.

(c) "Challenge for Credit" is a process whereby students have the opportunity to demonstrate that they have acquired a command of the general subject matter, knowledge, intellectual and/or skills that would normally be found in a university-level course.

(d) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

(e) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(f) "Letter of Permission" refers to a letter granting institutional permission for Students enrolled in a degree program at the University to take courses at other University-recognized colleges and universities. Courses may be considered for transfer credit provided that such courses are approved in advance by the Faculty/College/School in which the Student is registered.

(g) "Grade Point" refers to a numerical value assigned to a letter grade received in a course.

(h) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.

(i) "Official Record" is a Student's complete academic history at the University of Manitoba that is maintained by the Registrar's Office. Official Records are available in the form of an Official Transcript or a Student History.

(j) "Official Transcript" is an official document printed on secure paper and signed by the Registrar that reflects a Student's permanent record at the University of Manitoba.

(k) "Policy" means this Grade Point Averages Policy.

(l) "Procedure" or "Procedures" means a procedure approved by the Provost and Vice-President (Academic) under section 4.1 of this Policy.

(m) "Quality Points" is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.

(n) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(o) "Student" refers to any person enrolled at the University.

(p) "Student Information System" is any software application that enables the University to manage Student data.

(q) "Student History" is the complete record of a Student's activity at the University, including a record of Authorized Withdrawals, produced for internal administrative use.

(r) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.

(s) "University" means The University of Manitoba.

(t) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses without academic penalty.

General
2.2 "Grade Point Average" or "GPA" is the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted. This calculation can be applied to determine the following types of GPA:

(a) "Cumulative Grade Point Average" or "CGPA", which is the calculated GPA of all courses, institutional and transferred, completed at the same Level;

(b) "Degree Grade Point Average" or "DGPA", which is the calculated GPA of all courses accepted for credit by the University towards a designated degree;

(c) "Sessional Grade Point Average" or "SGPA", which is the calculated GPA of all courses completed at the same Level during the Fall and Winter Terms of one academic year; and

(d) "Term Grade Point Average" or "TGPA", which is the calculated GPA of all courses completed during a single Term at the same Level.

2.3 The following rules apply in regards to calculating GPA at the University:

(a) All standard letter grades (A+ to F) will be included in GPA calculations and will be displayed on a Student's Official Record in the Term they were completed.

(b) When a Student repeats a course or takes an equivalent course or mutually exclusive course (for example, a course that may not be held for credit with the original course), all attempts at that course shall be used in the calculation of the TGPA and CGPA. Whether or not grades for repeated courses are used toward the DGPA will be subject to Faculty policy.

(c) Grades not included in GPA calculations (for example: Pass/Fail, VW, AW) are displayed on a Student's Official Record.

(d) Courses completed from another institution by means of a Letter of Permission shall be used in the calculation of CGPA and DGPA, but shall not be used in the calculation of TGPA.
Repeated Course Policy

Part I: Reason for Policy
1.1 The purpose of this Policy is to:
(a) Articulate, on an institutional level, the rules that are to be applied when a course is repeated or its equivalent taken; and
(b) Identify the implications of repeating courses at the University.

Part II: Policy Content
Definitions
2.1 The following terms are defined for the purpose of this Policy:
(a) "Calendar" means the University's official academic calendar for the Term and Level in which a course is taught.
(b) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(c) "Cumulative Grade Point Average" or "CGPA" is the calculated GPA of all courses, institutional and transferred, completed at the same Level.
(d) "Degree Grade Point Average" or "DGPA" refers to the calculated GPA of all courses accepted for credit by the University towards a designated degree.
(e) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(f) "Grade Point" refers to a numerical value assigned to a letter grade received in a course.
(g) "Grade Point Average" or "GPA" is the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted.
(h) "Initial Registration Period" refers to the period of assigned registration times within the Calendar for new and returning Students.
(i) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
(j) "Limited Access" is a registration rule that prevents Students who have previously enrolled in a course, including courses from which they VW, from registering prior to the Limited Access Registration Date.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.
3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.
3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures
4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V: Review
5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.
5.2 In the interim, this Policy may be revised or repealed if:
(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.
5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI: Effect on Previous Statements
6.1 This Policy supersedes all of the following:
(a) Grade Point Averages Policy, effective May 1, 2006;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References
7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Authorized Withdrawal Policy;
(b) Definitions of Academic Units Policy;
(c) Voluntary Withdrawal Policy;
(d) Repeated Course Policy.

Limited Access (see University Policy and Procedures-Limited Access section 2.5 (p. 1265) will not affect registration for the 2022-2023 (including Summer Term 2023).

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents/#academic.

October 05, 2022
(k) "Limited Access Registration Date" means the date, following the Initial Registration Period, upon which Students who are subject to Limited Access can register for courses.

(l) "Policy" means this Repeated Course Policy.

(m) "Procedure" or "Procedures" means a procedure approved by the Provost and Vice-President (Academic) under section 4.1 of this Policy.

(n) "Quality Points" is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.

(o) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(p) "Student" refers to any person enrolled at the University.

(q) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.

(r) "University" means The University of Manitoba.

(s) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses without academic penalty.

**General Policy**

2.2 Subject to the regulations of Faculties/Colleges/Schools, a Student may be permitted to repeat a course or its equivalent. This applies to courses that were completed with a satisfactory grade or failing grade and courses from which a Student has received a VW.

2.3 Faculties/Colleges/Schools may determine, through their respective Faculty/College/School Councils, the limits on the number of repeated courses that a Student may incur while working towards completing their degree.

2.4 Faculties/Colleges/Schools may determine, through their respective Faculty/College/School Councils, the limits of repeated courses permitted for each individual course and whether or not Students who have previously achieved satisfactory grades will be permitted to repeat a course or its equivalent.

2.5 When a Student wishes to repeat a course or to register for a course equivalent to that for which the Student has received a VW, the following rules apply:

(a) Students will be subject to Limited Access for a period of three consecutive Terms following the Term in which the course was initially completed or in which the student elected to VW;

(b) Only the attempt in which the highest grade was achieved shall be counted towards a Student's degree or diploma. Inclusion of repeated course grades in the DGPA is subject to faculty/college/school regulations; and

(c) Grades from all course completions will be used in the calculation of the CGPA, subject to the Grade Point Averages Policy.

**Part III: Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

**Part IV: Authority to Approve Procedures**

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

**Part V: Review**

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:

(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;

(b) the Policy is no longer legislatively or statutorily compliant; and/or

(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) comply with the revised Policy; or

(b) are in turn repealed.

**Part VI: Effect on Previous Statements**

6.1 This Policy supersedes all of the following:

(a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(b) all previous Administration Governing Documents on the subject matter contained herein.

**Part VII: Cross References**

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) College Council Bylaws

(b) Definitions of Academic Units Policy

(c) Faculty and School Council General Bylaw

(d) Grade Point Averages Policy

(e) Voluntary Withdrawal Policy

---

October 05, 2022
Respectful Work and Learning Environment and Sexual Assault Policy and Procedure

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents/#university-community.

Respectful Work and Learning Environment (RWLE) and Sexual Assault Policy

Part I: Reason for Policy

1.1 The University of Manitoba does not condone behaviour that is likely to undermine the dignity, self-esteem or productivity of any of its members and prohibits any form of discrimination or harassment whether it occurs on University property or in conjunction with University-related activities. The University of Manitoba is committed to providing an inclusive and respectful work and learning environment, free from discrimination or harassment as prohibited in the Manitoba Human Rights Code; and also an environment that does not detract from the academic freedom of the University’s Academic Staff.

1.2 The reason for this Policy is to:

(a) Promote and support a respectful work and learning environment at the University; and

(b) Ensure compliance with relevant legislation, including The Human Rights Code (Manitoba), The Workplace Safety and Health Regulation (Manitoba), and The Freedom of Information and Protection of Privacy Act (Manitoba).

Part II Policy Content

Definitions

2.1 The following terms are defined for the purpose of this Policy:

(a) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

(b) "Breach" means any conduct, behaviour, action or omission which is prohibited under this Policy or the Procedure, including but not limited to Discrimination, Harassment, and Reprisals.

(c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

(d) "Complainant" means the individual or individuals bringing forward a complaint of a Breach.

(e) "Designated Officer" means the Vice-President (Administration), or designate.

(f) "Discrimination" has the same meaning as defined in section 2.5 of the Procedure.

(g) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(h) "Formal Complaint" means a complaint to the Office of Human Rights and Conflict Management that is in writing and contains, at minimum, the following information:

(i) The name of the Complainant and contact information for the Complainant;

(ii) A description of the alleged Breach;

(iii) The approximate date of the alleged Breach;

(iv) The name of the Respondent;

(v) Contact information for the Respondent, if known;

(vi) An indication that the Complainant desires the complaint to be the subject of an Investigation;

(i) "Harassment" refers to Personal Harassment or Human Rights Based Harassment as defined in section 2.10 of the Procedure.

(j) "Informal Resolution" means the resolution of an alleged Breach to the satisfaction of the Complainant and the Respondent, without an Investigation being completed, as per sections 2.23 to 2.32 of the Procedure.

(k) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with the Procedure.

(l) "Investigator" means one or more persons appointed as the investigator of an alleged Breach, pursuant to section 2.59 of the Procedure.

(m) "Office of Human Rights and Conflict Management" or "OHRCM" means the unit appointed by the University of Manitoba to implement this Policy and the Procedure.

(n) "Policy" means this Respectful Work and Learning Environment Policy.

(o) "Preliminary Assessment" means the initial review of a Formal Complaint, in accordance with sections 2.36 to 2.41 of the Procedure.

(p) "Procedure" means the Disclosures and Complaints Procedure.

(q) "Protected Characteristic" has the same meaning as defined in section 2.6 of the Procedure.

(r) "Reasonable Accommodation" means an accommodation of the special needs of any individual or group, if those special needs are based upon any Protected Characteristic, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and does not compromise bona fide and reasonable requirements of the University.

(s) "Reprisal" means any measures taken against a Complainant, Respondent, or any other person because they have asked...
for advice regarding this Policy or Procedure, brought forward allegations of a Breach or made a Formal Complaint, cooperated with an Investigation, or rejected a sexual solicitation or advance. Reprisal measures include, but are not limited to:

(i) Discipline;

(ii) Academic penalties (in the case of students);

(iii) Demotion;

(iv) Termination of employment;

(v) Termination of an academic appointment;

(vi) Any other measure which significantly adversely affects working conditions or educational experience; and

(vii) A threat to take any of the measures referred to above.

(t) "Respondent" means an individual or individuals accused of having caused or contributed to a Breach.

(u) "School" means a "School of the University" or a "School of the Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(v) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.

(w) "University" means The University of Manitoba.

(x) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.

(y) "University Matter" has the same meaning as defined in section 2.3 of the Procedure.

Vision for the University Community

2.2 The University wishes to promote and support a community which embraces diversity and inclusion, provides for equity, and recognizes the dignity of all people.

2.3 Members of the University Community, including every student and employee, are entitled to a respectful work and learning environment that is:

(a) Free from Discrimination and provides for Reasonable Accommodation;

(b) Free from Harassment; and

(c) Collegial and conducive to early resolution of conflict between members of the University Community.

2.4 A respectful work and learning environment is critical to the success and proper functioning of the University. Whether behaviour is viewed as respectful can be influenced by place, time, and context.

2.5 The University wishes to encourage early resolution of conflict between members of the University Community, and to provide guidance to managers, Academic Staff and Unit Heads on addressing behaviour that falls short of Harassment or Discrimination, but that nevertheless has a negative impact on the work and learning environment for which they are responsible.

2.6 Managers, Academic Staff and Unit Heads must establish and maintain a climate of respect and demonstrate and model appropriate behaviours within any work and learning environments for which they are primarily responsible. They are expected to identify and address issues of concern in a timely manner, recognizing the value of early intervention. The University will provide training and resources to assist managers, Academic Staff and Unit Heads to fulfill these expectations.

Implementation of Vision

2.7 In furtherance of its vision, the University will:

(a) Through various academic and administrative units and programs, educate members of the University Community about:

(i) The University’s general expectations for respectful conduct;

(ii) The rights and obligations of members of the University Community under this Policy and the Procedure; and

(iii) Best practices to facilitate early resolution of conflict between members of the University Community and/or to address behaviour that falls short of Harassment or Discrimination, but nevertheless has a negative impact on the work and learning environment.

(b) Ensure, so far as is reasonably practicable, that:

(i) No member of the University Community is subjected to Discrimination or Harassment while participating in a University Matter;

(ii) No employee is subjected to Discrimination or Harassment in the workplace; and

(iii) No student is subjected to Discrimination or Harassment in the learning environment;

(c) Adopt procedures, protocols, and practices which will encourage individuals to bring concerns about an alleged Breach to an appropriate authority, including provisions to protect against Reprisal those who bring forward such allegations;

(d) Provide supports to encourage and facilitate the Informal Resolution of an alleged Breach where appropriate;

(e) Take action respecting any person under the University’s direction who subjects a student, an employee, or any other member of the University Community, to Discrimination or Harassment;

(f) Supplement existing policies, procedures or bylaws, by providing a mechanism for the Investigation of an alleged Breach; and

(g) Adopt procedures, protocols and practices which promote the creation of a respectful environment, including providing guidance on how to deal with matters of concern which do not constitute Harassment or Discrimination.

2.8 The University is committed to promoting a respectful work and learning environment that is harassment and discrimination-free by encouraging all members of the University Community to:
2.14 The OHRCM will produce and provide an annual report to the University Community under this Policy and the Procedure.

2.13 The University, through the Office of Human Rights and Conflict Management and other administrative units as appropriate to receive advice and assistance in dealing with situations of concern.

2.12 All members of the University Community, especially those in an instructional, supervisory or managerial position, have a duty to educate those for whom they are responsible regarding expectations for respectful conduct which is harassment and discrimination-free, including this Policy and the Procedure. It is further the duty of such individuals to deal appropriately with allegations regarding Breaches or other violations of this Policy and the Procedure, and individuals should consult with the Office of Human Rights and Conflict Management in fulfilling this duty.

2.11 All members of the University Community have a responsibility to educate themselves as to expectations for respectful conduct and reporting requirements as outlined in this Policy and the Procedure.

Awareness Building and Responsibilities

2.9 Managers, Academic Staff and Unit Heads should contact the Office of Human Rights and Conflict Management and other administrative units as appropriate to receive advice and assistance in dealing with situations of concern.

2.10 Discipline may be implemented against any person whose behaviour is found to have caused or contributed to a Breach or other violation of this Policy and the Procedure.

Annual Report

2.14 The OHRM will produce and provide an annual report to the Designated Officer, outlining:

(a) Information on activities undertaken to raise awareness and contribute to prevention including the type of activity and the number of students and staff who attend;

(b) De-identified data regarding the number and types of Disclosures and Formal Complaints received;

(c) De-identified data on process factors such as the number and types of Investigations conducted and whether they resulted in a finding of Breach or No Breach;

(d) Aggregate anonymized data on Complainant and Respondent roles as either Faculty, Staff, Students, or Other at the University;

(e) De-identified data on fairness factors such as time to process and the identity of investigators;

(f) Information regarding observable trends and commentary on the implementation and effectiveness of the Policy; and

(g) Other relevant information which may further the implementation of the Policy and its Procedures.

2.15 The annual report will be made available to the University Community.

Balancing of Rights

2.16 Nothing in this Policy or the Procedure is intended to detract from the academic freedom of the University’s Academic Staff.

2.17 Nothing in this Policy or the Procedure is intended to compromise the University’s academic standards or the integrity of its programs. The University encourages diversity and Reasonable Accommodation, but will also vigorously defend bona fide academic requirements.

2.18 The University encourages informed debate which may, from time to time, include discussion of unpopular opinions or controversial material. Such material may be used to further scholarly pursuits, provided that the communication is compatible with the principles of human rights, the Criminal Code, and the principles of respectful behaviour embodied in this Policy and the Procedure. Opinions must be expressed in a manner which is not in Breach of this Policy or the Procedure.

2.19 This Policy and the Procedure applies to the general workplace, but is not intended to:

(a) Regulate teaching techniques, pedagogy, research, and service;

(b) Limit the legitimate work of managers, supervisors and academic administrators to assign work and provide feedback on work or performance.

Additional Protections

2.20 Confidentiality obligations required of and related to the University, Complainants, Respondents, and witnesses are found at sections 2.68 and 2.69, and sections 2.87 to 2.95 of the Procedure.

2.21 Nothing in this Policy or the Procedure is intended to discourage or prevent a member of the University Community, including students and employees, from filing a complaint with, for example, the Winnipeg Police Service, the Manitoba Human Rights Commission, professional regulatory bodies, or from exercising any other legal rights pursuant to any other law.

2.22 Nothing in this Policy or the Procedure is intended to limit the rights of an employee governed by a collective agreement. If there is any ambiguity or conflict between this Policy or the Procedure, and a collective agreement, the collective agreement will prevail.

Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Policy.

3.3 All members of the University Community are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures

4.1 The Vice-President (Administration) may approve procedures, if applicable, which are secondary to and comply with this Policy, including but not limited to:
Part V: Review

5.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Policy is September 29, 2023.

5.2 In the interim, this Policy may be revised or repealed by Approving Body if:

(a) The Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so;

(b) The Policy is no longer legislatively or statutorily compliant; and/or

(c) The Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) Comply with the revised Policy; or

(b) Are in turn repealed.

Part VI: Effect on Previous Statements

6.1 This Policy supersedes all of the following:

(a) Respectful Work and Learning Environment Policy, dated September 1, 2016;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References

5.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Disclosures and Complaints Procedure

(b) Sexual Violence Policy

(c) Academic Freedom and Responsibilities Policy

(d) Access and Privacy Policy and Procedure

(e) Definitions of Academic Units Policy

(f) Records Management Policy and Procedure

(g) Responsible Conduct of Research Policy

(h) Student Discipline Bylaw

(i) Student Non-Academic Misconduct and Concerning Behaviour Procedure

(j) Student Discipline Appeal Procedure

(k) Violent or Threatening Behaviour Policy and Procedure

(l) Use of Computer Facilities Policy and Procedure

(m) Criminal Code, RSC 1985, c C-46

(n) The Human Rights Code, C.C.S.M. c. H175

(o) Workplace Safety and Health Regulation, 217/2006

(p) The Freedom of Information and Protection of Privacy Act, C.C.S.M. c. F175

(q) The Personal Health Information Act, C.C.S.M. c. P33.5

Disclosures and Complaints Procedure

Part I: Reason for Procedure

1.1 The reason for this Procedure is to:

(a) Promote and support a respectful work and learning environment at the University that is free from all forms of Discrimination, Harassment, and Sexual Violence;

(b) Provide specific guidance to the University Community regarding expectations for appropriate conduct and behaviour;

(c) Set out a fair and consistent process for responding to Disclosures or Formal Complaints of Harassment, Discrimination, Sexual Violence or Reprisal that ensures that all University Community Members will be treated with compassion, dignity, and respect; and

(d) Ensure compliance with relevant legislation, including The Human Rights Code (Manitoba), The Advanced Education Administration Act (Manitoba) and The Workplace Health and Safety Regulation (Manitoba), The Personal Health Information Act, and The Freedom of Information and Protection of Privacy Act.

1.2 Nothing in this Procedure is intended to detract from the academic freedom of the University’s Academic Staff.
2.1 The following terms are defined for the purpose of this Procedure:

(a) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or department head, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

(b) "Breach" means any conduct, behaviour, action or omission that is prohibited under the Respectful Work and Learning Environment Policy, the Sexual Violence Policy, or this Procedure, including but not limited to Discrimination, Harassment, Sexual Violence, and Reprisals.

(c) "College" means a Professional College as defined under the Definitions of Academic Units policy.

(d) "Committee" means the Human Rights Advisory Committee established pursuant to section 2.44 of this Procedure to hear appeals from Preliminary Assessment decisions.

(e) "Complainant" means the individual or individuals bringing forward a Formal Complaint of a Breach.

(f) "Consent" means the voluntary agreement to engage in physical contact or sexual activity and to continue to engage in the contact or activity. Consent means that all persons involved demonstrate, through words or actions, that they freely and mutually agree to participate in a contact or an activity. More specifically:

(i) consent must be given at the outset and at all stages of physical contact or sexual activity;

(ii) it is the responsibility of the initiator to obtain ongoing consent;

(iii) consent can be withdrawn at any time by any participant;

(iv) someone who is incapacitated cannot consent;

(v) there is no consent where one person abuses a position of trust, power, or authority over another person;

(vi) past consent does not imply future consent;

(vii) a person cannot give consent on behalf of another person;

(viii) silence or the absence of "no" is not consent;

(ix) the absence of perceived resistance is not consent; and

(x) there is no consent when there is coercion, force, threats, or intimidation towards any person, or where there is fraud or withholding of critical information that could affect a person’s decision to consent.

(g) "Designated Officer" means the Vice-President (Administration), or designate.

(h) "Disclosure" means telling someone about an instance of Discrimination, Harassment, or Sexual Violence. For the purpose of this Procedure, Disclosure means telling the Office of Human Rights and Conflict Management. Disclosure does not initiate an Investigation unless a Formal Complaint is made or the University initiates an Investigation in accordance with this Procedure.

(i) "Discrimination" has the same meaning as defined in section 2.5 of this Procedure.

(j) "Faculty" means a Faculty as defined under the Definitions of Academic Units policy.

(k) "Formal Complaint" means a complaint to the Office of Human Rights and Conflict Management under the Respectful Work and Learning Environment Policy or the Sexual Violence Policy that is in writing and contains, at minimum, the following information:

(i) The name of the Complainant and contact information for the Complainant;

(ii) A description of the alleged Breach;

(iii) The approximate date of the alleged Breach;

(iv) The name of the Respondent;

(v) Contact information for the Respondent, if known;

(vi) An indication that the Complainant desires the complaint to be the subject of an Investigation;

(l) "Harassment" refers to Personal Harassment or Human Rights Based Harassment, as defined in section 2.10 of this Procedure.

(m) "Informal Resolution" means the resolution of a Disclosure or Formal Complaint to the satisfaction of the Complainant and the Respondent, without an Investigation being completed, as per sections 2.23 to 2.32 of this Procedure.

(n) "Interim Measures" means changes to a University Member’s living, working, or learning environment as per sections 2.49 to 2.55 of this Procedure. Interim Measures are non-disciplinary measures that may be imposed where there is reasonable cause to believe that such measures are necessary in order to protect the safety of the learning, working and living environment, discourage Reprisal, prevent further incidents, or preserve the University’s ability to conduct a fair investigation. Where circumstances are urgent or immediate safety measures are required. Interim Measures may be imposed prior to the submission of a Formal Complaint.

(o) "Intersectionality" means a framework that promotes an understanding that individuals are shaped by interacting social locations and identities (e.g. race, sexuality, gender etc.).

(p) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with this Procedure.
Reprisal measures include, but are not limited to:

- Denial or withdrawal of a request for advice regarding the Respectful Work and Learning Environment Policy or the Sexual Violence Policy, brought forward by a Complainant, Respondent, or any other person because they have asked for advice regarding the Respectful Work and Learning Environment Policy or the Sexual Violence Policy, cooperated with an Investigation, or rejected a sexual solicitation or advance.
- Allegations of a Breach or made a Formal Complaint, cooperated with an Investigation, or rejected a sexual solicitation or advance.
- Bringing forward a Preliminary Assessment, in accordance with sections 2.36 to 2.41 of this Procedure.

Preliminary Assessment means the initial review of a Formal Complaint, in accordance with sections 2.36 to 2.41 of this Procedure.

Procedure refers to this Disclosures and Complaints Procedure.

Protected Characteristic has the same meaning as defined in section 2.6 of this Procedure.

Reasonable Accommodation means an accommodation of the special needs of any individual or group, if those special needs are based upon any Protected Characteristic, that is reasonable but not necessarily perfect in the circumstances, that does not cause undue hardship to the University, and does not compromise bona fide and reasonable requirements of the University.

Reprisal means any of the following measures taken against a Complainant, Respondent, or any other person because they have asked for advice regarding the Respectful Work and Learning Environment Policy or the Sexual Violence Policy, brought forward allegations of a Breach or made a Formal Complaint, cooperated with an Investigation, or rejected a sexual solicitation or advance. Reprisal measures include, but are not limited to:

- Discipline;
- Academic penalties (in the case of students);
- Demotion;
- Termination of employment;
- Termination of an academic appointment;
- Any other measure which significantly adversely affects their working conditions or educational experience; and
- A threat to take any of the measures referred to above.

Representative means:

- In the case of a student, a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the student’s immediate family, a lawyer, or support person as may be appropriate;
- In the case of an employee, a union representative, lawyer, or support person as may be appropriate; and
- In the case of another member of the University Community, a lawyer or support person as may be appropriate.

Respondent means an individual or individuals accused of having caused or contributed to a Breach.

School means a “School of the University” or a “School of the Faculty”, as those terms are defined under the Definitions of Academic Units policy.

Sexual Assault has the same meaning as defined in section 2.14 of this Procedure.

Sexual Harassment has the same meaning as defined in section 2.15 of this Procedure.

Sexual Violence has the same meaning as defined in section 2.13 of this Procedure.

Student Advocate means the University’s Student Advocacy Office who provides students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.

Unit Head refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents, and Vice-Provosts with respect to their Units.

University means The University of Manitoba.

University Community means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.

University Instituted Investigation means an Investigation initiated by the Designated Officer in consultation with the OHRCM as per section 2.56 to 2.58 of this Procedure.

University Matter has the same meaning as defined in section 2.3 of this Procedure.

Scope

2.2 This Procedure applies to members of the University Community in relation to any University Matter.

2.3 University Matter means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:

- University-related activities or events, including but not limited to:
  - Any activity or event on property owned or controlled by the University;
  - The leasing of space, including student residence rooms, on property owned or controlled by the University;
Respectful Work and Learning Environment and Sexual Assault Policy and Procedure

(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities.

(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:

(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

2.4 Subject to section 2.8 of this Procedure, any member of the University Community who commits Discrimination in relation to a University Matter will be subject to discipline.

2.5 "Discrimination" means an intentional or unintentional act or omission resulting in:

(a) An individual on the basis of the individual’s actual or presumed membership in or association with some class or group of persons, rather than on the basis of personal merit;
(b) An individual or group on the basis of the individual or group's actual or presumed association with another individual or group whose identity or membership is determined by any Protected Characteristic;
(c) An individual or group on the basis of any Protected Characteristic.

2.6 "Protected Characteristic" means those characteristics listed in The Human Rights Code (Manitoba) (as amended from time to time) as being protected, which at the time of approval of this Procedure include:

(a) Ancestry, including colour and perceived race;
(b) Nationality or national origin;
(c) Ethnic background or origin;
(d) Religion or creed, or religious belief, religious association or religious activity;
(e) Age;
(f) Sex, including sex-determined characteristics or circumstances, such as pregnancy, the possibility of pregnancy, or circumstances related to pregnancy;
(g) Gender identity;
(h) Sexual orientation;
(i) Marital or family status;
(j) Source of income;
(k) Political belief, political association or political activity;
(l) Physical or mental disability or related characteristics or circumstances, including reliance on a service animal, a wheelchair, or any other remedial appliance or device;
(m) Social disadvantage.

2.7 Examples of Discrimination include, but are not limited to:

(a) Systemic discrimination resulting from interrelated actions, policies, or rules which together have a discriminatory effect;
(b) Evaluations of performance based on a Protected Characteristic;
(c) Establishment of a scholarship, bursary, or other award which provides for differential treatment of a particular group, subject to 2.8 of this Procedure; or
(d) Failure to provide a Reasonable Accommodation.

2.8 Acts or omissions are not Discrimination and are permitted under this Procedure where:

(a) There is a bona fide and reasonable cause for the acts or omission.
(b) The acts or omissions are intended and likely to:

(i) Make Reasonable Accommodation for the special needs of an individual or group; or
2.11 It is not Harassment or otherwise a violation of this Procedure for:

(c) The acts or omissions are in the context of a research project that has received all required research ethics approvals.

Harassment

2.9 Any member of the University Community who commits Harassment in relation to a University Matter will be subject to discipline.

2.10 "Harassment" refers to:

(a) "Personal Harassment", which means offensive behaviour directed towards another person and not connected to a Protected Characteristic, including but not limited to:

(i) A severe single incident or a series of incidents of objectionable and unwelcome conduct or comments, directed toward a specific person or group, which does not serve a reasonable work or academic purpose, and objectively would have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;

(ii) Verbal or written abuse, threats or intimidation that objectively is humiliating or demeaning;

(iii) Objectionable and unwelcome conduct or comments that objectively would have the effect of impacting the mental or physical health of another person;

(b) "Human Rights Based Harassment", which means offensive behaviour connected to a Protected Characteristic, including but not limited to:

(i) A severe single incident or a series of incidents of objectionable and unwelcome conduct or comments, directed toward a specific person or group, which objectively would have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;

(ii) Verbal or written abuse, threats or intimidation that objectively is humiliating or demeaning;

(iii) Objectionable and unwelcome conduct or comments that objectively would have the effect of impacting the mental or physical health of another person;

(iv) Sexual Harassment as per section 2.15 of this Procedure.

2.11 It is not Harassment or otherwise a violation of this Procedure for:

(a) A supervisor or manager to engage in the legitimate evaluation of the performance of an employee or contractor, or otherwise overseeing their work;

(b) Academic Staff to engage in the academic evaluation of a student’s work;

(c) A good faith and formal evaluation of an Academic Staff member or supervisor to be conducted;

(d) A legitimate peer review or other critique of research or academic work to be conducted;

(e) A Unit Head to take actions intended to address or deter violent, threatening, or intimidating behaviour, or behaviour which significantly disrupts the University and members of the University Community.

Sexual Violence

2.12 Any member of the University Community who commits Sexual Violence in relation to a University Matter will be subject to discipline.

2.13 "Sexual Violence" means any sexual act or act targeting a person’s sexuality, gender identity or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without the person’s consent, and includes, but is not limited to, Sexual Assault, Sexual Harassment, stalking, indecent exposure, voyeurism and sexual exploitation. Sexual Violence can occur in many contexts, including in person, in writing, online, on social media, through digital communications, or via other technology.

2.14 "Sexual Assault" means any type of unwanted sexual act done by one person to another that violates the sexual integrity of the victim. Sexual Assault is characterized by a broad range of behaviours that involve the use of force, threats or control towards a person, which makes that person feel uncomfortable, distressed, frightened, threatened, and is carried out in circumstances in which the person has not freely provided Consent, or is incapable of providing Consent.

2.15 "Sexual Harassment" refers to one serious incident or a course of objectionable and unwelcome sexual conduct or comments directed at an individual that includes, but is not limited to:

(a) Unwanted sexual attention, including persistent invitations for dates, by a person who knows or ought reasonably to know that such attention is unwanted or unwelcome;

(b) Gender-based abusive or unwelcome conduct or comments that would objectively have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;

(c) Sexist jokes or remarks, including comments regarding a person’s appearance or clothing;

(d) Leering, ogling, or other sexually oriented gestures;

(e) Questions about a person's sexual history, sexuality, sexual orientation, or sexual identity by a person who knows or ought reasonably to know that the questions are unwanted or unwelcome;

(f) Offensive physical contact by a person who knows or ought reasonably to know that the contact is unwanted or unwelcome;

(g) A single sexual solicitation or advance or a series of solicitations or advances made by a person who is in a position to confer any benefit on or deny any benefit to the recipient, and who knows or ought reasonably to know that the solicitation or advance was unwanted or unwelcome; or

(h) A Reprisal for rejecting a sexual solicitation or advance.

2.16 The University recognizes that those impacted by Discrimination, Harassment, or Sexual Violence may be reluctant to come forward for fear of being sanctioned for alcohol or other substance use. The University will not subject any individual who makes a Disclosure or files a Formal Complaint to disciplinary action for alcohol or substance use occurring at or near the time of the incident(s), save for remedial measures to assist a University Community Member struggling with responsible alcohol or substance use.
Disclosures

2.17 University Community members impacted by Discrimination, Harassment, or Sexual Violence are encouraged to disclose their experiences to the Office of Human Rights and Conflict Management. There is no time limit or limitation period for making a disclosure. University Community members may choose to make disclosures for a variety of reasons, including to access supports and resources. University Community members who make disclosures will have access to supports and resources whether or not they choose to make a formal complaint. A disclosure is not a formal complaint and will not ordinarily initiate an investigation. However, the University may initiate an investigation in response to a disclosure in accordance with section 2.56 of this procedure.

2.18 When responding to disclosures, the Office of Human Rights and Conflict Management will refrain from questions or comments that imply judgment or blaming of the person making the disclosure (such as questions or comments about the dress, conduct, language, emotional disposition, past sexual history, consumption of alcohol or drugs, or about the timing of the disclosure).

2.19 A person receiving a disclosure may be required to share the information they receive if:

(a) A person is at risk of self-harm or of harming others;
(b) There is imminent risk of harm to the University Community and/or the broader community;
(c) A minor or vulnerable person is endangered; or
(d) Disclosing the information is otherwise required by law.

Immediate Response to Disclosures

2.20 For students affected by discrimination, harassment, or sexual violence, the University will:

(a) Provide reasonable academic accommodations (such as extensions on assignments, deferrals of exams, leaves of absence, authorized withdrawals, etc.); and

(b) Create a safety plan in consultation with the University’s Student Support Case Manager, UMSS, and other offices as appropriate.

2.21 For employees affected by discrimination, harassment, or sexual violence, the University will:

(a) Provide reasonable work accommodations, in consultation with Human Resources; and

(b) Create a safety plan in consultation with the Unit Head, UMSS, and other offices as appropriate.

2.22 The University will maintain online resources to support those affected by discrimination, harassment, or sexual violence, with links to on-campus and off-campus supports and resources that may be accessed by members of the University Community.

Informal Resolution

2.23 Subject to section 2.32 of this procedure, the OHRCM will provide information to both the complainant and respondent regarding the opportunities and resources available to facilitate informal resolution of an alleged breach.

2.24 After the OHRCM has received a disclosure or formal complaint, the University may, on its own initiative or at the request of the Complainant and/or the Respondent, explore proceeding by informal resolution. This process may occur before or during an investigation.

2.25 In order to engage in informal resolution, the Complainant(s) and Respondent(s) must all voluntarily agree to the process.

2.26 The University retains the ability to conduct an investigation even if a Complainant and/or Respondent requests informal resolution.

2.27 Informal resolution may include but is not limited to: a restorative justice process, mediation or facilitated conversation between the participants, conflict coaching, an apology, a recognition of impact statement or letter, or an expectation letter or agreement.

2.28 Information disclosed by participants during the informal resolution process will not be made available to investigators.

2.29 If the informal resolution process results in a resolution that the Complainant(s), the Respondent(s), and the University agree to, the terms of resolution will be put in writing. A copy of the terms of resolution will be confidentially retained by the University and will not be placed in official student or employment files except where necessary to enforce the terms of resolution.

2.30 Where an informal resolution is conducted during an investigation and results in terms of resolution, the University will inform the investigator and terminate the investigation.

2.31 Where an informal resolution is conducted, but does not result in a resolution, a Complainant or the University may continue or pursue a formal complaint under this procedure.

2.32 The OHRCM may decide not to facilitate an informal resolution process if:

(a) Successful resolution is unlikely; or

(b) A full investigation would better serve the University and the purposes of the Respectful Work and Learning Environment Policy and/or the Sexual Violence Policy.

Making a Formal Complaint

2.33 Any person, whether or not a member of the University Community, may contact the OHRCM to make a formal complaint regarding discrimination, harassment, sexual violence, or reprisal. Any other concerns regarding conduct or conflict that is not supportive of a respectful work and learning environment should be addressed with the appropriate manager, academic staff, or unit head responsible for the affected environment, in accordance with section 2.6 of the Respectful Work and Learning Environment Policy.

2.34 If a Complainant wishes a disclosure to be the subject of an investigation, the Complainant will file a formal complaint with the Office of Human Rights and Conflict Management. Complainants are encouraged to file formal complaints as soon after the reported incident(s) as possible. Early disclosure can help the University provide Complainants with supports, preserve evidence, better ensure the integrity of an investigation, and address community safety issues in a timely manner.

2.35 Where the Complainant is not the person against whom the breach is alleged to have occurred, the OHRCM will have discretion:
(a) Not to accept the Formal Complaint unless the person against whom the Breach is alleged to have occurred consents to the filing of the Formal Complaint; or
(b) To conduct a Preliminary Assessment and/or recommend a University Instituted Investigation.

Preliminary Assessment of Formal Complaints

2.36 The OHRCM or their delegate will conduct a Preliminary Assessment for each Formal Complaint to determine whether or not an Investigation should proceed in accordance with this Procedure. Except in extenuating circumstances, the OHRCM or their delegate will complete a Preliminary Assessment of a Formal Complaint within 30 working days of receiving the Formal Complaint. The person conducting a Preliminary Assessment may not be appointed as an Investigator in that same matter.

2.37 A Formal Complaint will not proceed to Investigation, and no further action is required by the OHRCM or the University, if the Formal Complaint does not meet the requirements of section 2.1(k) of this Procedure.

2.38 Notwithstanding section 2.37 of this Procedure, the OHRCM may exercise its discretion to accept a non-compliant Formal Complaint in extenuating circumstances or to bring a non-compliant Formal Complaint to the attention of the Designated Officer for consideration of a University Instituted Investigation.

2.39 In making their Preliminary Assessment, the OHRCM will consider whether:

(a) The Formal Complaint deals with a Breach to which the Respectful Work and Learning Environment Policy, the Sexual Violence Policy, or this Procedure applies;
(b) The Formal Complaint appears credible and to have been made in good faith;
(c) The issues disclosed by the Formal Complaint have not been or are not in the process of being addressed pursuant to a collective agreement or University policy, procedure or bylaw, which would deal comprehensively with the alleged Breach;
(d) The issues disclosed by the Formal Complaint would more appropriately be dealt with in another forum or through another process;
(e) An Investigation would support the principles under the Respectful Work and Learning Environment Policy and/or the Sexual Violence Policy;
(f) Proceeding to an Investigation would create any issues regarding prejudice or fairness.

2.40 The OHRCM will advise the Complainant in writing of the decision on the Preliminary Assessment. Where the Formal Complaint will not proceed to an Investigation, the OHRCM will include brief reasons for the decision. Where the Preliminary Assessment was not completed within 30 working days, the Complainant will also be informed as to the reason for the delay.

2.41 A Formal Complaint that is not accepted to proceed to an Investigation after Preliminary Assessment and appeal of the Preliminary Assessment, if any, will require no further action by the OHRCM or by the University.

Appeal of Preliminary Assessment

2.42 If a Formal Complaint is dismissed on Preliminary Assessment, the Complainant may appeal the decision by giving notice and submissions in writing to the Designated Officer within 10 working days from the date of receipt of the decision. The submissions must include:

(a) An explanation of the reasons for the appeal, with specific reference to section 2.43 of this Procedure;
(b) A copy of the letter of decision; and
(c) A copy of all of the documentation submitted with the Formal Complaint (no new documentation can be submitted at this time).

2.43 The reasons for an appeal of a Preliminary Assessment include:

(a) Failure to follow the Respectful Work and Learning Environment Policy, the Sexual Violence Policy, or this Procedure;
(b) Failure to reasonably consider all factors relevant to the decision being appealed;
(c) Failure to comply with applicable legislation.

2.44 In the event of an appeal of a Preliminary Assessment, the University will establish the Human Rights Advisory Committee, with a membership consisting of:

(a) The Associate Vice-President (Human Resources) or designate;
(b) The Vice-Provost (Students) or designate; and
(c) The Vice-Provost (Academic Affairs) or designate, provided that the designate holds an academic appointment with the University.

2.45 Members of the Human Rights Advisory Committee will have training in the diverse ways in which trauma and Intersectionality affect individuals.

2.46 The Designated Officer will immediately forward the Complainant’s notice and submissions to the Committee, who will make a decision based on the written submissions within 10 working days. The Committee may:

(a) Decide that the Formal Complaint proceed to Investigation; or
(b) Confirm the decision not to proceed to Investigation.

2.47 The Committee will provide brief written reasons for its decision to the OHRCM and the Complainant. The decision of the Committee will be final.

2.48 The Committee may develop and adopt additional guidelines and other documents secondary to and consistent with the Respectful Work and Learning Environment Policy, the Sexual Violence Policy and this Procedure for the process of appeal of a Preliminary Assessment.

Interim Measures

2.49 Interim measures involve the University making changes to a University Member’s living, working, and/or learning environment before an investigation is concluded in order to protect the health and safety of all University Community members.

2.50 The need for interim measures, and which measures are imposed, will be determined on a case-by-case basis. This determination will take into account the circumstances of each situation, and where practicable, may include separate consultations with the Respondent and the
Complainant on whether Interim Measures are required and, if so, what Interim Measures would be just and appropriate. This consultation may be conducted by telephone or email, and must proceed expeditiously.

2.51 Interim measures will not be construed as a decision or discipline against the Complainant or Respondent. Interim measures will not be weighed against the Respondent in a disciplinary process.

2.52 A Respondent shall provide in a timely manner to the Designated Officer all documents and any other information on any civil protection orders or criminal charges and conditions, including changes in these orders, charges and conditions such as bail or conditions of release, related to the incidents giving rise to Interim Measures or a Formal Complaint.

2.53 When warranted, the Violent or Threatening Behaviour Policy may be invoked either alone or in conjunction with Interim Measures under this Policy.

2.54 Where Interim Measures are just and appropriate, the University will advise the Complainant and Respondent in writing of the decision to impose Interim Measures and brief reasons for this decision.

2.55 The Complainant or Respondent may apply to the Designated Officer requesting that the Interim Measures be revised or withdrawn if reasonable cause to believe that such measures, as originally imposed, are no longer just and appropriate. The Designated Officer may revise or withdraw Interim Measures and the Complainant and Respondent shall be advised by the Designated Officer of any changes to Interim Measures.

University Instituted Investigation

2.56 The Designated Officer may at their discretion initiate a University Instituted Investigation.

2.57 When initiating a University Instituted Investigation the Designated Officer will consider situations where:

(a) A non-compliant Formal Complaint was received, but disclosed a risk to the safety and security of the University Community;

(b) Matters come to the attention of the Designated Officer that lead them to believe there is risk to the safety and security of the University Community; or

(c) It would be more practical to conduct a single broad Investigation rather than addressing a series of Formal Complaints from two or more individuals.

2.58 The Designated Officer will be deemed to be the Complainant for the purpose of the University Instituted Investigation. The University Instituted Investigation will proceed in the same manner as an Investigation under this Policy, with methods of Investigation adapted as necessary to meet the circumstances.

Appointment of Investigator

2.59 If a Formal Complaint proceeds to an Investigation, the OHRCM will arrange for the appointment of an Investigator. Having regard to the seriousness and nature of the Formal Complaint, the OHRCM may appoint either an employee of the University or an external party to act as the Investigator for a particular Formal Complaint, provided that the Investigator:

(a) Has skills and/or experience desirable in the circumstances, including trauma-informed investigation training;

(b) Would be able to conduct the Investigation in an unbiased manner; and

(c) Would not be placed in a conflict of interest.

Investigation

2.60 The Investigator may conduct the Investigation in any manner they deem appropriate, having regard to the nature of the particular Formal Complaint, and any admissions made during the Investigation. This may include some or all of:

(a) Interviewing witnesses;

(b) Reviewing documents and records (both paper and electronic);

(c) Reviewing photographs, audio, and video recordings;

(d) Examining physical evidence;

(e) Arranging for testing of physical evidence;

(f) With the consent of participants, arranging for medical or psychological evaluations; and/or

(g) Submitting a Third Party Data Access Request Form to Information Services and Technology (IST) regarding accessing electronic systems in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act. IST will consult with Access and Privacy Office to facilitate the request.

2.61 The Complainant and Respondent will cooperate fully with the Investigator and provide any information reasonably required by the Investigator upon request. The Investigator may set reasonable timelines within which individuals must respond to requests for cooperation with the Investigation.

2.62 Where an individual does not provide reasonable cooperation with the Investigation due to refusal, retirement, severance of the work or student relationship with the University, or termination of their status as a University Community Member, the Investigator will continue the Investigation and make a determination on the information available.

2.63 The Investigator will conduct the Investigation in accordance with section 2.94 of this Procedure and in accordance with the principles of procedural fairness. The Investigator will ensure that:

(a) The Complainant is provided an opportunity to explain and provide evidence in support of the Formal Complaint;

(b) The Respondent is informed of the alleged Breach and provided a copy of the Formal Complaint;

(c) Complainants and Respondents are provided with a copy of all written replies to their own response, subject to section 2.94 of this Procedure;

(d) The Respondent is provided a reasonable opportunity to respond to the allegations. The Respondent is provided access to documentary and other evidence as required to ensure procedural fairness, subject to section 2.94 of this Procedure;

(e) The Respondent is informed that subject to section 2.94 of this Procedure, the Complainant will be provided with a copy of the Respondent’s written reply for response;
2.64 An Investigation must normally be completed within 90 working days of the Formal Complaint being assigned to the Investigator. The OHRCM will at all times strive to oversee the completion of an Investigation within a timeline of no more than 90 working days, however in the event of extenuating circumstances the Investigator may make a request to the OHRCM for an extension of time of up to 30 working days. An Investigator may make multiple requests for extensions, but extensions may only be granted if reasonable in the circumstances and at a maximum of 30 working days at a time. The OHRCM will inform the Complainant and Respondent in writing of any extensions granted.

2.65 At the conclusion of an Investigation, the OHRCM will inform the Complainant, Respondent, and witnesses that the Investigation has concluded.

2.66 If, prior to or in the course of an Investigation:

(a) The Complainant, the Respondent, and the University engage in Informal Resolution and agree to signed terms of resolution, the University will inform the Investigator and terminate the Investigation;

(b) The Investigator discovers that another Breach may have occurred, that others may have been involved in the Breach or there has been an allegation or act of Reprisal, the Investigator may make a request to the OHRCM to expand the scope of the Investigation;

(c) A subsequent Formal Complaint, a cross-complaint, allegation or act of Reprisal, or other matters related to a violation of the Respectful Work and Learning Environment Policy, the Sexual Violence Policy, or this Procedure is raised that would most efficiently be dealt with through the same Investigation, the OHRCM may expand the scope of the Investigation; or

(d) It becomes clear that a Formal Complaint would be most efficiently and thoroughly investigated jointly with another organization or institutional partner, the OHRCM may make arrangements for a joint Investigation, so long as reasonable provisions are made to respect confidentiality.

2.67 Nothing in this Procedure is intended to prevent any Unit Head, or member of the University Community in an instructional, supervisory or managerial position, from taking reasonable and immediate steps to:

(a) Address a situation dangerous to the health or safety of the University Community in accordance with University policy, procedure, bylaw, and/or applicable collective agreements;

(b) Protect University funds or assets;

(c) Take interim measures intended to facilitate a thorough Investigation, discourage Reprisal, or prevent future Breaches; and/or

(d) Manage, and if necessary discipline, employees or students in accordance with University policy, procedure, bylaw, and/or applicable collective agreements.

Confidentiality During an Investigation

2.68 Confidentiality allows for the protection of the integrity of an Investigation, ensuring that it is free of bias. Confidentiality also provides an environment that allows for candid participation, while ensuring the protection of privacy, including the names of the Complainants and Respondents. During an Investigation, the Complainant (except where the Complainant is the Designated Officer), the Respondent, and witnesses involved must keep confidential:

(a) The existence and nature of the Investigation; and

(b) Any information or documentation obtained as a result of the Investigation; which information may only be disclosed to those who reasonably need to know. The confidentiality obligations in this section will continue until the Designated Officer has provided to the Complainant and the Respondent a summary of the Investigator’s findings and/or the Investigation Report. This section is not intended to limit the distribution of Investigation Reports as contemplated by this Procedure.

2.69 Notwithstanding section 2.68, the Complainant, the Respondent, and witnesses involved in the Investigation may:

(a) Obtain confidential advice and/or direction in relation to the Formal Complaint from a Representative;

(b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of a Respondent, to make full answer and defense to the allegations; and

(c) Use information obtained independent of the Investigation in any other forum.

Investigation Reports

2.70 At the conclusion of the Investigation, the Investigator will issue an Investigation Report to the Designated Officer and the OHRCM.

2.71 "Investigation Report" means a report that is issued by the Investigator at the end of an Investigation and contains, at a minimum, the following information:

(a) A summary of the Formal Complaint and the alleged Breach;

(b) A summary of the process and key timelines in the Investigation;

(c) A summary of the key evidence obtained through the Investigation, including a summary of the response of the Respondent;

(d) An indication of which key evidence was considered credible and reliable;

(e) A conclusion as to whether, on a balance of probabilities, a Breach has been committed, including identification of which individuals caused or contributed to the Breach;

(f) A summary of the Investigator’s reasons for the conclusion. Finding of No Breach of Policy 2.72 If it is determined that no Breach has occurred, the Designated Officer will provide a summary and/or the Investigation Report (either in original or redacted form), within 30 working days of receiving the Investigation Report, to the Complainant and the Respondent and all such other individuals as the Designated Officer reasonably believes necessary to protect or restore the reputation of the Respondent.
2.73 No further action will be taken and no record of the Formal Complaint will be placed on the University’s official employment file or student file for the Respondent.

2.74 No record of the Formal Complaint shall be kept in the Complainant’s official employment file or student file unless it is determined that the Formal Complaint was frivolous or vexatious. The University may take disciplinary action against a Complainant in cases where frivolous or vexatious Formal Complaints are submitted. A Formal Complaint made in good faith is not frivolous or vexatious because it did not result in a finding of Breach.

Finding of Breach of Policy

2.75 If it is determined that a Breach has occurred, the Designated Officer will provide a summary and/or the Investigation Report (either in original or redacted form), within 30 working days of receiving the Investigation Report, to:

(a) The Complainant;
(b) The Respondent;
(c) All such individuals as the Designated Officer believes necessary to decide upon and implement discipline, mitigation steps, or remedial measures, in accordance with section 2.80;
(d) All such individuals as the Designated Officer believes necessary to implement due diligence to prevent similar or related Breaches in the future; and
(e) Any other person required in order to comply with legal, regulatory, or contractual obligations.

2.76 When determining whether to provide an Investigation Report, a redacted Investigation Report, or a summary of an Investigation Report, the Designated Officer will consider whether the Investigation Report contains private information, including but not limited to personal health information, or sensitive content, including but not limited to the details of an incident of Sexual Violence.

2.77 In each case the summary or Investigation Report will include, at a minimum, a summary of any evidence provided by the recipient and enough information for the recipient to understand the essential nature of the Formal Complaint and whether or not a Breach was found to have occurred. Such information will be provided in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

Discipline

2.78 Individuals who are found in Breach of the Respectful Work and Learning Environment Policy, the Sexual Violence Policy, or this Procedure will be subject to disciplinary action as follows:

(a) Where the individual is an employee, the discipline will be implemented in accordance with applicable legislation, common law, collective agreements, and University policies, procedures or bylaws.
(b) Where the individual is a student, the discipline will be implemented in accordance with the Student Discipline Bylaw and the Student NonAcademic Misconduct and Concerning Behaviour Procedure.
(c) Where the individual is neither an employee nor a student, the VicePresident (Administration) or designate may make any determination regarding the individual’s continued access to the University in accordance with the Vice-President (Administration) Bylaw.

2.79 When an individual will be subject to discipline under this Procedure, the Designated Officer will deliver the Investigation Report to the appropriate disciplinary authority.

2.80 Before deciding on or implementing any discipline, mitigation steps or other remedial measures, the Designated Officer may seek advice and guidance from appropriate individuals, which may include: the Provost and Vice-President (Academic), the OHRCM, the Associate Vice-President (Human Resources), the Vice-Provost (Academic Affairs), the Director of Staff Relations, the Vice-Provost (Students), and legal counsel.

2.81 Anonymous material may only be considered in a disciplinary decision where it would not violate the principles of procedural fairness, and it would not conflict with an applicable collective agreement.

Appeal of Discipline

2.82 The Respondent may appeal a disciplinary decision made against them as follows:

(a) If the Respondent is an employee, either in accordance with the appropriate grievance process defined by any applicable collective agreement, or via the Appeals by Academic or Support Staff Excluded From Bargaining Units Policy and Procedures;
(b) If the Respondent is a student, in accordance with the Student Discipline Bylaw and the Student Discipline Appeal Procedure.

Protection from Reprisal, Retaliation or Threats

2.83 A Complainant, Respondent, witness, and/or any other person who has sought advice regarding the Respectful Work and Learning Environment Policy, the Sexual Violence Policy or this Procedure, who has brought forward allegations of a Breach, who has made a Formal Complaint, who has cooperated with an Investigation, or who has rejected a sexual solicitation or advance, is entitled to be protected from a Reprisal. An individual may complain about an alleged Reprisal, to the Investigator or to the OHRCM.

2.84 Upon observing or being notified of an alleged Reprisal the Investigator may:

(a) Investigate and include in their Investigation Report information relating to the alleged Reprisal; and
(b) If the matter is urgent, refer the information regarding an alleged Reprisal to the OHRCM.

2.85 Where the Investigator refers an urgent allegation of Reprisal to the OHRCM, the OHRCM will advise the Designated Officer and any such persons as believed necessary to discuss and implement Interim Measures. Interim Measures may be implemented by the Designated Officer or the Unit Head.

2.86 Notwithstanding the definition of Reprisal at section 2.1(x) of this Procedure, it is not a Reprisal for the University to implement discipline or take other measures against an individual if:

(a) The individual has interfered or attempted to interfere with an Investigation;
(b) The person made a Formal Complaint or allegations in bad faith;
Information to be minimum amount necessary for purpose
2.91 Personal information that is disclosed in respect of an alleged Breach or a finding of Breach will be the minimum amount necessary for the purpose.

Obligations of Confidentiality by the Complainant, Respondent, and Witnesses
2.92 During an Investigation, the Complainant, Respondent, and witnesses have confidentiality obligations as per section 2.68 of this Procedure.

2.93 Once the Investigation has been concluded, the Complainant, the Respondent, and witnesses involved in the Investigation remain subject to any confidentiality obligations as required by The Freedom of Information and Protection of Privacy Act.

Obligations of Confidentiality by the Investigator
2.94 The Investigator, in conducting the Investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal health information collected, used and disclosed in the course of the investigation. Where the Investigator is unsure of whether they may disclose particular information, they may seek advice from the University’s Access and Privacy Office. The Investigator will further ensure that individuals participating in the Investigation are only provided with such information as they may reasonably need to know to be effective witnesses, or in the case of a Respondent, to address the allegations in accordance with the principles of procedural fairness and natural justice. Subject to section 2.63 of this Procedure, individuals participating in the Investigation may not necessarily be provided with all information, documentation, the names of Complainants or other witnesses, or the full text of the Formal Complaint.

2.95 The Investigator will advise all persons involved with an Investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure.

Records Management
2.96 The University will maintain files with respect to each Formal Complaint in accordance with the Records Management policy and procedure.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Procedure.

3.3 All members of the University Community are responsible for complying with this Procedure.

Part IV: Review
4.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Procedure is September 29, 2023.

4.2 In the interim, this Procedure may be revised or repealed if:

(a) the Approving Body deems it necessary or desirable to do so;

(b) this Procedure is no longer legislatively or statutorily compliant;
Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:
(a) RWLE and Sexual Assault Procedure, effective January 27, 2009, and revised September 1, 2016;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Respectful Work and Learning Environment Policy
(b) Sexual Violence Policy
(c) Definitions of Academic Units Policy
(d) Records Management Policy and Procedure
(e) Access and Privacy Policy and Procedure
(f) Third Party Data Access Request Form
(g) Student Discipline Bylaw
(h) Student Non-Academic Misconduct and Concerning Behaviour Procedure
(i) Student Discipline – Appeal Procedure
(j) Use of Computer Facilities Policy and Procedure
(k) Violent or Threatening Behaviour Policy and Procedure
(l) Vice-President (Administration) Bylaw
(m) The Human Rights Code, C.C.S.M. c. H175
(n) The Workplace Safety and Health Regulation 217/2006
(o) The Freedom of Information and Protection of Privacy Act, C.C.S.M. c. F175
(p) The Personal Health Information Act, C.C.S.M. c. P33.5
(q) The Advanced Education Administration Act, C.C.S.M. c. A6.3

Sexual Assault Policy
Part I: Reason for Policy
1.1 The reason for this Policy is to:
(a) Articulate the University’s Guiding Principles around Sexual Violence;
(b) Provide a framework for the provision of guidance, assistance and support to members of the University Community who have experienced Sexual Violence or who have received a Disclosure of Sexual Violence;
(c) Set out a consistent process for responding to a Disclosure or Formal Complaint of Sexual Violence that ensures that:
(i) This Policy and the Procedure will be implemented with transparency and fairness;
(ii) Those impacted by Sexual Violence will be treated with respect and compassion, as part of a trauma-informed approach that is rooted in Intersectionality and that is culturally sensitive to a person’s background, perceptions and experiences;
(iii) A clear explanation of the process, options available to Complainants, Respondents, and other participants, and potential outcomes of the process are made available through the Office of Human Rights and Conflict Management; and
(iv) Members of the University Community understand their respective rights and obligations when reporting or responding to Sexual Violence;
(d) Reduce instances of Sexual Violence through education and training;
(e) Set out the means by which this Policy will be reviewed and reported; and
(f) Ensure that the University is compliant with relevant legislation, including The Human Rights Code (Manitoba), The Workplace Health and Safety Regulation (Manitoba), The Freedom of Information and Protection of Privacy Act, The Personal Health Information Act, and The Advanced Education Administration Act (Manitoba).

1.2 Guiding Principles:
(a) Sexual Violence is a significant systemic social issue that can affect anyone at the University. Anyone can experience Sexual Violence, regardless of a person’s social position or position within the University structures, hierarchies, and power relations.
(b) Some individuals or groups experience Sexual Violence at higher rates and in different ways. Every effort to address Sexual Violence should be grounded in Intersectionality and an understanding that each person’s experience will be affected by many factors.
(c) Sexual Violence does not exist or operate in isolation. Acts of Sexual Violence can also be acts of discrimination. University strategies to address Sexual Violence are therefore informed by broader equity, diversity and anti-discrimination initiatives and goals.

Part II: Policy Content
Definitions
2.1 The following terms are defined for the purpose of this Policy:
(a) "Breach" means any conduct, behaviour, action or omission which is prohibited under this Policy or the Procedure, including but not limited to Sexual Violence and Reprisals.
(b) "College" means a Professional College as defined under the Definitions of Academic Units policy.
(c) "Complainant" means the individual or individuals bringing forward a Formal Complaint of a Breach.

(d) "Consent" means the voluntary agreement to engage in physical contact or sexual activity and to continue to engage in the contact or activity. Consent means that all persons involved demonstrate, through words or actions, that they freely and mutually agree to participate in a contact or activity. More specifically:

(i) consent must be given at the outset and at all stages of physical contact or sexual activity;
(ii) it is the responsibility of the initiator to obtain ongoing consent;
(iii) consent can be withdrawn at any time by any participant;
(iv) someone who is incapacitated cannot consent;
(v) there is no consent where one person abuses a position of trust, power, or authority over another person;
(vi) past consent does not imply future consent;
(vii) a person cannot give consent on behalf of another person;
(viii) silence or the absence of "no" is not consent;
(ix) the absence of perceived resistance is not consent; and
(x) there is no consent where there is coercion, force, threats, or intimidation towards any person, or where there is fraud or withholding of critical information that could affect a person's decision to consent.

(e) "Designated Officer" means the Vice-President (Administration), or designate.

(f) "Disclosure" means telling someone about an instance of Sexual Violence. For the purpose of this Policy and the Procedures, a Disclosure means telling the Office of Human Rights and Conflict Management. A Disclosure does not initiate an Investigation unless a Formal Complaint is made or the University initiates an Investigation in accordance with the Procedure.

(g) "Faculty" means a Faculty as defined under the Definitions of Academic Units policy.

(h) "Formal Complaint" means a complaint to the Office of Human Rights and Conflict Management that is in writing and contains, at minimum, the following information:

(i) The name of the Complainant and contact information for the Complainant;
(ii) A description of the alleged Breach;
(iii) The approximate date of the alleged Breach;
(iv) The name of the Respondent;
(v) Contact information for the Respondent, if known; and
(vi) An indication that the Complainant desires the Formal Complaint to be the subject of an Investigation.

(i) "Informal Resolution" means the resolution of an alleged Breach to the satisfaction of the Complainant and the Respondent, without an Investigation being completed, as per sections 2.23 to 2.32 of the Procedure.

(j) "Intersectionality" means a framework that promotes an understanding that individuals are shaped by interacting social locations and identities (e.g. race, sexuality, gender etc.).

(k) "Investigation" means a formal investigation of an alleged Breach conducted in accordance with the Procedure.

(l) "Investigator" means one or more persons appointed as the investigator of an alleged Breach, pursuant to section 2.59 of the Procedure.

(m) "Office of Human Rights and Conflict Management" or "OHRCM" means the unit appointed by the University of Manitoba to implement this Policy and the Procedure.

(n) "Policy" means this Sexual Violence policy.

(o) "Preliminary Assessment" means the initial review of a Formal Complaint, in accordance with sections 2.36 to 2.41 of the Procedure.

(p) "Procedure" means the Disclosures and Complaints Procedure.

(q) "Reprisal" means any measures taken against a Complainant, Respondent, or any other person because they have asked for advice regarding this Policy or Procedure, brought forward allegations of a Breach or made a Formal Complaint, cooperated with an Investigation, or rejected a sexual solicitation or advance. Reprisal measures include, but are not limited to:

(i) Discipline;
(ii) Academic penalties (in the case of students);
(iii) Demotion;
(iv) Termination of employment;
(v) Termination of an academic appointment;
(vi) Any other measure which significantly adversely affects working conditions or educational experience; and
(vii) A threat to take any of the measures referred to above.

(r) "Respondent" means an individual or individuals accused of having caused or contributed to a Breach.

(s) "School" means a "School of the University" or a "School of the Faculty", as those terms are defined under the Definitions of Academic Units policy.

(t) "Sexual Assault" means any type of unwanted sexual act done by one person to another that violates the sexual integrity of the victim. Sexual Assault is characterized by a broad range of behaviours that involve the use of force, threats or control towards a person, which makes that person feel uncomfortable, distressed, frightened, threatened, and is carried out in circumstances in which the person has not freely provided Consent, or is incapable of providing Consent.
(u) "Sexual Harassment" refers to one serious incident or a course of objectionable and unwelcome sexual conduct or comments directed at an individual that includes, but is not limited to:

(i) Unwanted sexual attention, including persistent invitations for dates, by a person who knows or ought reasonably to know that such attention is unwanted or unwelcome;

(ii) Gender-based abusive or unwelcome conduct or comments that would objectively have the effect of creating an intimidating, humiliating, hostile or offensive work or learning environment;

(iii) Sexist jokes or remarks, including comments regarding a person’s appearance or clothing;

(iv) Leering, ogling, or other sexually oriented gestures;

(v) Questions about a person’s sexual history, sexuality, sexual orientation, or sexual identity by a person who knows or ought reasonably to know that the questions are unwanted or unwelcome;

(vi) Offensive physical contact by a person who knows or ought reasonably to know that the contact is unwanted or unwelcome;

(vii) A single sexual solicitation or advance or a series of solicitations or advances made by a person who is in a position to confer any benefit on or deny any benefit to the recipient, and who knows or ought reasonably to know that the solicitation or advance was unwanted or unwelcome;

(viii) A Reprisal for rejecting a sexual solicitation or advance.

(v) "Sexual Violence" means any sexual act or act targeting a person’s sexuality, gender identity or gender expression, whether the act is physical or psychological in nature, that is committed, threatened or attempted against a person without the person’s consent, and includes, but is not limited to, Sexual Assault, Sexual Harassment, stalking, indecent exposure, voyeurism and sexual exploitation. Sexual Violence can occur in many contexts, including in person, in writing, online, on social media, through digital communication or via other technology.

(w) "UMSS" means the University of Manitoba’s Security Services.

(x) "University" means The University of Manitoba.

(y) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.

(z) "University Instituted Investigation" means an Investigation initiated by the Designated Officer in consultation with the OHRCM, pursuant to sections 2.56 to 2.58 of the Procedure.

(aa) "University Matter" has the same meaning as defined in section 2.3 of the Procedure.

Responsibilities of the University and University Community

University Commitments

2.2 The University of Manitoba is committed to maintaining a healthy and safe work, learning, living and social environment for all members of the University Community. The University is therefore committed to:

(a) Making available and actively promoting programs to educate and train University Community Members on the prevention of and response to Sexual Violence;

(b) Encouraging individuals to bring concerns about an alleged Breach to an appropriate authority, and protecting those who bring forward such allegations against Reprisal;

(c) Supporting those impacted by Sexual Violence through academic, nonacademic, workplace, medical and other supports or accommodations as required;

(d) Ensuring a trauma-informed and Intersectional approach to the implementation of this Policy and the Procedure;

(e) Ensuring barriers to the application of this Policy are reduced, including that individuals will not be asked to repeat their accounts more than is necessary for the implementation of this Policy or the Procedure;

(f) Ensuring that following a Disclosure or Formal Complaint of Sexual Violence, all University Community members are treated with compassion, dignity and respect, and provided with support throughout the process;

(g) Responding to Sexual Violence in a manner that minimizes retraumatization and promotes recovery, empowerment, and selfdetermination, subject to the limits of confidentiality and the University’s community safety obligations as set out in this Policy and the Procedure. This includes providing options to those impacted by Sexual Violence on how to access supports, and allowing them to determine whether or not to proceed with a Formal Complaint process;

(h) Providing information and exploring opportunities to engage in Informal Resolution where appropriate, and in matters involving members of a collective bargaining unit, where permissible under collective agreements.

(i) Investigating Formal Complaints of Sexual Violence when appropriate, and ensuring that Investigations represent a fair process for all Complainants, Respondents and other participants; that they respect procedural fairness; and where applicable, are in accordance with the collective agreement provisions;

(j) Respecting the privacy of those impacted by Sexual Violence in accordance with the Procedure;

(k) Implementing appropriate interim measures that ensure fairness;

(l) Monitoring and updating University Policies and protocols to ensure that they remain effective and in line with other existing Policies and best practices; and

(m) Implementing this Policy and the Procedure with transparency and accountability, including applying this Policy to all members of the University Community regardless of a person’s social position, or position within the University structures or hierarchies.
University Community Responsibilities

2.3 Promoting a safe work and learning environment is a responsibility of all members of the University Community. The University calls for all members of the University Community especially those in instructional, supervisory, or managerial positions to:

(a) Practise consent and respect, and create a culture in which consent and respect are foundational principles and practices;

(b) Bring forward evidence of a Breach of which they become aware to the OHRCM;

(c) Deal appropriately with allegations regarding Breaches or other violations of this Policy or Procedure;

(d) Provide reasonable cooperation in an Investigation of a Breach;

(e) Be aware of their responsibilities and educate themselves as to the expectations and reporting requirements under this Policy and the Procedure; and

(f) Educate those for whom they are responsible regarding expectations for safe and respectful conduct, including this Policy and Procedure.

Education, Training and Support

Education and Training

2.4 Education is a fundamental aspect of the University’s commitment to preventing and addressing Sexual Violence. The University will provide access to coordinated education and training programs pertaining to preventing, responding to, and raising awareness about Sexual Violence. Proactive measures that will be taken by the University will be grounded in the Guiding Principles of this Policy, and include implementing and actively promoting education, awareness, prevention, and training programs, in multiple fully accessible formats and tailored to multiple audiences.

Sexual Violence Steering Committee

2.5 The University will establish an institution-wide committee comprising representatives from various stakeholder groups within the University Community in order to advise the University on issues relating to Sexual Violence, including training programs and educational initiatives.

Supports

2.6 The University will communicate and provide resources to support Complainants, Respondents, witnesses, and those affected by Sexual Violence, including online resources with links to on-campus and off-campus supports and resources that may be accessed by members of the University Community.

Autonomy in Disclosure and/or Formal Complaints

2.7 A person who has made a Disclosure and/or Formal Complaint of Sexual Violence has autonomy in decision-making, and in particular with respect to whom to Disclose, whether to make a Formal Complaint, whether to pursue recourse to the criminal or civil justice systems, and whether to access available supports and accommodations.

2.8 Notwithstanding section 2.7, the University also has an obligation to protect the University Community from harm. The University reserves the right to initiate a University Instituted Investigation in accordance with the Procedure, and/or to report the incident to local police services, even without the consent of the Complainant, if it believes that the safety of the University Community is at risk or if reporting is required by law (for example, in the case of a minor). In cases where actions are taken without the consent of the Complainant, reasonable efforts will be made to preserve the anonymity of the Complainant. In addition, the Complainant will be notified of the actions the University intends to take in order that the Complainant can work with the University to take any additional safety precautions that may be required as a result of the University’s actions.

Investigations and Discipline

Investigation

2.9 The University will investigate allegations of Sexual Violence in relation to a University Matter in accordance with the Procedure.

Discipline

2.10 Any member of the University Community who breaches this Policy or the Procedure in relation to a University Matter will be subject to discipline under the Procedure.

Annual Report

2.11 The OHRCM will produce and provide an annual report to the Designated Officer, outlining:

(a) Information on activities undertaken to raise awareness and contribute to prevention, including the type of activity and the number of students and staff who attend;

(b) De-identified data regarding the number and types of Disclosures and Formal Complaints received;

(c) De-identified data on process factors such as the number and types of Investigations conducted and whether they resulted in a finding of Breach or No Breach;

(d) Aggregate anonymized data on Complainant and Respondent roles at the University;

(e) De-identified data on fairness factors such as time to process and the identity of investigators;

(f) Lessons learned flowing from after-action reviews;

(g) Information regarding observable trends and commentary on the implementation and effectiveness of the Policy; and

(h) Other relevant information which may further the implementation of the Policy and its Procedures.

2.12 The annual report will be made available to the University Community.

Additional Protections

2.13 The OHRCM will provide Complainants with a clear explanation of the available processes and options. Nothing in this Policy or the Procedure is intended to discourage or prevent a member of the University Community, including students and employees, from filing a complaint with, for example, the Winnipeg Police Service, the Manitoba Human Rights Commission, professional regulatory bodies, or from exercising any other legal rights pursuant to any other law.

2.14 In addition, nothing in this Policy or the Procedure is intended to limit the rights of an employee governed by a collective agreement. If there is any ambiguity or conflict between this Policy or the Procedure, and a collective agreement, the collective agreement will prevail.
Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Policy.

3.3 All members of the University Community are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures

4.1 The Vice-President (Administration) may approve procedures, if applicable, which are secondary to and comply with this Policy, including but not limited to:

(a) A procedure to supplement existing policies, procedures or bylaws, by providing a mechanism for the investigation of an alleged Breach, including regarding:

(i) Receipt and review of complaints;

(ii) The circumstances under which an Investigation should take place;

(iii) Appointment of Investigators;

(iv) Conduct of an Investigation, in accordance with the principles of procedural fairness and natural justice;

(v) Respecting the confidentiality of information collected in relation to Formal Complaints, Disclosures and Investigations;

(vi) Protecting individuals against Reprisal;

(vii) Protecting individuals against unfounded allegations of a Breach;

(viii) Producing a report at the conclusion of an Investigation; and

(ix) Providing information to appropriate disciplinary authorities, if necessary.

(b) Generally defining the responsibility, authority and accountability of members of the University Community under this Policy.

Part V: Review

5.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Policy is September 29, 2023.

5.2 In the interim, this Policy may be revised or repealed by the Approving Body if:

(a) The Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so;

(b) The Policy is no longer legislatively or statutorily compliant; and/or

(c) The Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) Comply with the revised Policy; or

(b) Are in turn repealed.

Part VI: Effect on Previous Statements

6.1 This Policy supersedes all of the following:

(a) Sexual Assault Policy effective September 1, 2016;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Disclosures and Complaints Procedure

(b) Respectful Work and Learning Environment Policy

(c) Definitions of Academic Units Policy

(d) Access and Privacy Policy and Procedure

(e) Records Management Policy and Procedure

(f) Student Discipline Bylaw

(g) Student Non-Academic Misconduct and Concerning Behaviour Procedure

(h) Student Discipline Appeal Procedure

(i) Use of Computer Facilities Policy and Procedure

(j) Violent or Threatening Behaviour Policy and Procedure

(k) Criminal Code, RSC 1985, c C-46

(l) The Human Rights Code, C.C.S.M. c. H175

(m) The Workplace Safety and Health Regulation 217/2006

(n) The Advanced Education Administration Act, C.C.S.M. c. A6.3

(o) The Freedom of Information and Protection of Privacy Act, C.C.S.M. c. F175

(p) The Personal Health Information Act, C.C.S.M. c. P33.5

Responsibilities of Academic Staff with Regard to Students Policy and Procedure

Responsibilities of Academic Staff with Regard to Students Policy

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents#students. (http://umanitoba.ca/admin/governance/governing_documents/#students)
Part I: Reason for Policy
1.1 The purpose of this Policy is to identify the responsibilities and the discharge of responsibilities of Academic Staff with regard to Students.

1.2 Some of the responsibilities and discharge of responsibilities with regard to Students will rest with the individual Academic Staff member, while others are collective responsibilities to be exercised at the Unit level.

1.3 This Policy and its related Procedures will identify and differentiate the responsibilities and discharge of responsibilities of Academic Staff at the individual and at the Unit level.

Part II: Policy Content
Definitions
2.1 The following terms are defined for the purpose of this Policy and related Procedures:

(a) "Academic Administrator(s)" refers to the senior academic administrative positions having direct management authority over a Unit and the primary responsibility for the management functions of planning, directing, controlling and evaluating a large group of the University’s resources within that Unit, including people, budgets and facilities. This category includes, without limitation, a dean, director, associate dean, assistant dean, chair or head of department, insofar as they perform managerial duties.

(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

(c) "Policy" means this Responsibilities of Academic Staff with regard to Students Policy.

(d) "Procedure" means the Responsibilities of Academic Staff with regard to Students Procedure.

(e) "Student" or "Students" refer to any person or group of people registered as a student at the University of Manitoba.

(f) "Unit" refers to a department, centre, institute, college, faculty, school, or other academic division to which Academic Staff is assigned to teach Students.

(g) "University" refers to the University of Manitoba.

Individual Responsibilities of Academic Staff
2.2 The responsibilities of Academic Staff with regard to Students are primarily instructional and scholarly, and secondarily administrative. They may include:

(a) Undergraduate, graduate, and continuing education instruction;

(b) Scholarly attainment through personal study and research, including:

(i) study for purposes of academic self-improvement or course improvement; and

(ii) keeping abreast of new developments, and research that leads to a useful or original contribution toward the advancement of knowledge and understanding;

(c) Administrative work as required for instructional and scholarly activities including committee work at various levels (departmental, faculty, university) as it pertains directly or indirectly to Students.

2.3 In discharging their instructional responsibilities, Academic Staff shall act with academic integrity, scholarly competence and pedagogic effectiveness by providing Students with pertinent materials in a timely manner, by maintaining familiarity with current policies and responsibilities regarding privacy, copyright and human rights, and by adhering to regulations pertaining to instruction, reporting and evaluation at the University.

2.4 Academic Staff are to provide an effective learning environment and to endeavor to ensure fair and consistent treatment of Students by periodically reviewing and updating all course content and outlines.

Collective Responsibilities of Academic Staff
2.5 The collective responsibilities of the Academic Staff shall be exercised through the actions of the Unit’s administrators and councils, including:

(a) Periodically reviewing all courses and programs, including course descriptions, to ensure that the material to be presented is current and appropriate and the academic calendar information is clear and accurate;

(b) Ensuring that the Unit’s policies, regulations and procedures provide for fair and consistent treatment of Students;

(c) Ensuring the academic calendar reflects any Unit-specific policies that may affect the Student’s academic progress;

(d) Making available on the University’s website and providing for convenient student access to information on supplemental Unit-specific regulations, policies and procedures; and

(e) Providing the names of instructors assigned to teach particular courses and sections at the earliest possible opportunity.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) is responsible for the implementation, administration and review of this Policy.

3.3 Academic Staff and Academic Administrators are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures
4.1 The Provost and Vice-President (Academic) or the Approving Body may approve Procedures, if applicable, which are secondary to and comply with this Policy.
Part V: Review

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:
   (a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
   (b) the Policy is no longer legislatively or statutorily compliant; and/or
   (c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:
   (a) comply with the revised Policy; or
   (b) are in turn repealed.

Part VI: Effect on Previous Statements

6.1 This Policy supersedes all of the following:
   (a) Responsibilities of Academic Staff with Regard to Students Policy, revised June 25, 1998;
   (b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
   (c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
   (a) Responsibilities of Academic Staff with Regard to Students Procedure;
   (b) Conflict of Interest Policy;
   (c) Conflict of Interest between Evaluators and Students due to Close Personal Relationships Policy;
   (d) Electronic Communication with Students Policy;
   (e) Final Examination and Final Grades Policy;
   (f) Grade Point Averages Policy;
   (g) Intellectual Property Policy
   (h) Multi-Sectioned Courses Policy;
   (i) Respectful Work and Learning Environment Policy;
   (j) Sexual Assault Policy;
   (k) Responsible Conduct of Research Policy;
   (l) Student Advocacy Office Policy;
   (m) Student Discipline Bylaw;
   (n) Student Academic Misconduct Procedure;
   (o) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
   (p) Student Discipline Appeal Procedure;
   (q) Teaching Evaluation Policy;
   (r) The University of Manitoba Accessibility Policy;
   (s) University Health Services Policy;
   (t) Voluntary Withdrawal Policy.

Responsibilities of Academic Staff with Regard to Students Procedure

Part I: Reason for Policy

1.1 To set out Procedures secondary to the Policy entitled "Responsibilities of Academic Staff with Regard to Students".

Part II: Procedural Content

Definitions

2.1 These procedures are to be read in conjunction with the Responsibilities of Academic Staff with regard to Students policy, and all capitalized terms used herein shall have the meaning given to them in the Policy. In addition, the following definitions shall apply:
   (a) "Academic Administrator(s)" refers to the senior academic administrative positions having direct management authority over a Unit and the primary responsibility for the management functions of planning, directing, controlling and evaluating a large group of the University's resources within that Unit, including people, budgets and facilities. This category includes, without limitation, a dean, director, associate dean, assistant dean, chair or head of department, insofar as they perform managerial duties.
   (b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
   (c) "Calendar" means the University of Manitoba's official Academic Calendar under which the course is taught.
   (d) "Policy" means the Responsibilities of Academic Staff with regard to Students policy.
   (e) "Procedure" means this Responsibilities of Academic Staff with regard to Students procedure.
   (f) "Student" or "Students" refer to any person or group of people registered as a student at the University of Manitoba.
   (g) "Unit" refers to a department, centre, institute, college, faculty, school, or other academic division to which Academic Staff is assigned to teach Students.
“Working Days” will mean Monday through Friday excluding days in which the University is closed.

**Individual Responsibilities of Academic Staff**

**2.2 Course Content**

Academic Staff shall teach their courses with due alignment to Calendar descriptions.

**2.3 Policies**

Academic Staff will maintain familiarity with current University, faculty, school, college and/or department policies regarding plagiarism and cheating, examination impersonations, student access to final examination scripts, student discipline, grade appeals, copyright and intellectual property, and the University policy regarding the respectful work and learning environment, as posted on the University’s “Governing Documents” website;

**2.4 Regulations**

Academic Staff will adhere to regulations pertaining to the format, content and conduct of courses and laboratories, including regulations pertaining to examinations, term work, grades, and related matters as outlined in University and Unit guidelines.

**2.5 Course Outline**

Academic Staff shall provide a course outline to every Student registered in their class and review its content within the first week of classes, either through a paper copy and/or via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time). The course outline will contain at minimum the following information:

- (a) Name of Academic Staff;
- (b) Office number, telephone number and email address;
- (c) A list of the learning materials that the Student is required to obtain including the appropriate referencing style guide(s) acceptable to the Academic Staff and/or discipline in courses where it is relevant;
- (d) A course description outlining the topics to be covered and goals of the course, which could include the bona fide academic requirements and learning outcomes for the course;
- (e) Expectations for class attendance and penalties, if any, for non-compliance;
- (f) A description of the evaluation procedure and methods that will be used, including:
  - (i) The weighting of the components that will contribute to the final grade;
  - (ii) A description of how the numeric grade will be converted to the University’s letter grade system; and
  - (iii) An indication of whether specific assignment instructions, grading rules, or rubrics will be provided.

**Note:** It is understood by Senate that the provision of this information is not intended to affect the question of equity in multi-sectioned courses in any way.

- (g) An indication of how evaluative feedback will be given to the student, including:
  - (i) The form of evaluative feedback [formative (e.g. comments) or summative (e.g. grade)];
  - (ii) When summative feedback will be distributed in relation to the voluntary withdrawal deadline, Unit guidelines, and section 2.9(f) of this Procedure; and
  - (iii) The method in which evaluative feedback will be delivered (for example, via paper or electronic method);
- (h) A schedule of the Academic Staff member’s availability for individual student consultation, in accordance with section 2.9(d);
- (i) A schedule of term assignments and tests;
- (j) A statement of the practice to be followed regarding late submission of assignments and missed term tests;
- (k) A statement outlining parameters for the use of electronic and mechanical devices and course technology that may be required (for example, cellphones, laptops, tablets);
- (l) A statement regarding recording of classes, with reference to any University policies that might apply;
- (m) A statement referring Students with disabilities to Student Accessibility Services to facilitate the implementation of accommodations, and a statement communicating willingness to meet with Students to discuss the accommodations recommended by Student Accessibility Services; and
- (n) A statement regarding academic integrity, including “plagiarism and cheating” and “examination personation” as described in the Calendar and, where appropriate, references to specific course requirements for individual work and group work, such as:
  - (i) Group projects are subject to the rules of academic dishonesty;
  - (ii) Group members must ensure that a group project adheres to the principles of academic integrity.
  - (iii) Students should also be made aware of any specific instructions concerning study groups and individual assignments;
  - (iv) The limits of collaboration on assignments should be defined as explicitly as possible; and
  - (v) All work is to be completed independently unless otherwise specified.

**2.6 Policy and Resource Document**

Academic Staff shall provide to every student the information on University support offices and policies outlined in Schedule “A” to this Procedure, within the first week of classes, either through a paper copy and/or via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time).

**2.7 Learning Materials**

Academic Staff shall specify learning materials in accordance with announced purchasing deadlines.
2.8 Changes to Course Outline and Timing Requirements
Academic Staff who wish to make changes to the method of evaluation or format of assignments in the course outline after it has been distributed to the class shall proceed as follows:

(a) Academic Staff shall, in a timely fashion:

(i) Discuss the proposed changes (e.g. in the class and/or through UM Learn) and encourage Students to provide feedback to the Academic Staff if there are any issues with the proposed changes;

(ii) Provide the revised outline to the Academic Administrator of the Unit; and

(iii) Confirm the changes in writing by providing the revised course outline to every Student registered in the course within the first week following the change, either through a paper copy and via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by University administration from time to time).

(b) In circumstances where weighting of assignments is changed retroactively, a Student who wishes to be graded according to the original course outline must advise the Academic Staff within at least five (5) Working Days of receiving the revised outline, failing which the Student will be graded according to the revised outline. Academic Staff shall advise Students of the deadline when they provide the revised outline.

2.9 Interactions with Students
In their interactions with Students, Academic Staff shall:

(a) not deny registration for instruction in those courses for which the permission of the Academic Staff is required, except where the Student lacks appropriate qualifications or where an approved policy on limited enrolment is in effect;

(b) comply with existing human rights legislation;

(c) not accept money or other goods or services from Students for assistance with any course offered by the University. Academic Staff from accepting payment for tutoring in courses/sections which do not fall within the scope of their University employment;

(d) be available for a reasonable amount of time, on a known and posted basis, for individual consultation with Students registered in their courses or laboratories;

(e) evaluate student academic performance in a fair and reasonable manner, and by means of appropriate academic criteria;

(f) provide early evaluative feedback as specified in the course outline (see section 2.5(g));

(g) foster an exchange of ideas between themselves and their Students in the classroom and allow Students the freedom to take legitimate exception to the data, views, or methods presented;

(h) respect the confidentiality of information about Students;

(i) keep confidential any information about the academic performance of a Student, unless release is authorized by the Student, required by his/her instructional team, or requested by an administrative officer in accordance with the University policy on the release of information;

(j) explicitly acknowledge in written or oral presentations any contribution of student research or assistance;

(k) not obtain any improper personal advantage from a Student or Student work; and

(l) not retaliate against a Student who has filed a complaint, whether the complaint was substantiated or unsubstantiated.

2.10 Instruction
Academic Staff are responsible for:

(a) the organization, preparation and delivery of course material, the evaluation of student academic progress;

(b) the reporting of such evaluation in accordance with approved policies and schedules; and

(c) consultation with Students out of class or laboratory hours, and supervision of student research and thesis preparation.

2.11 Scheduled Classes
Academic Staff shall not cancel, miss, terminate or shorten scheduled instruction except for good reasons. Whenever a scheduled period of instruction is cancelled, the Academic Staff shall:

(a) inform the class at the earliest possible time;

(b) inform the Academic Administrator of his/her Unit at the earliest possible time; and

(c) where possible, ensure that appropriate substitution or make-up instruction is provided.

2.12 Evaluation
Academic Staff shall adhere to the relevant Senate-approved policy regarding professor-course evaluation.

2.13 Reporting Student Grades
Academic Staff who provide instruction shall comply with the schedules and formats for reporting student grades, as established by their Unit and the Registrar’s Office. Where such grades are reviewed by Unit committees, Academic Staff should be available for the duration of the committees’ work. Academic Staff must also correct any grade errors of which they become aware in a timely manner and notify the Student accordingly.

2.14 Term Work
Academic Staff shall adhere to Unit-specific policies regarding return and/or retention of term work. In the absence of Unit-specific policies, all term work shall be returned to the Student. Any unclaimed term work will be held by the Unit for 4 months from the end of the term in which the work was assigned. At the conclusion of this time, all unclaimed term work will become property of the Unit and be destroyed according to the University’s common records schedule, using confidential measures for disposal.

2.15 Class Size
Where necessitated by large class sizes or other circumstances, the Unit shall ensure that Academic Staff and/or designated substitutes are available for individual consultation with Students for a reasonable amount of time on a known and posted basis.
Collective Responsibilities of Academic Staff

2.16 Course Descriptions
Through their Unit councils, Academic Staff members should review program and course descriptions periodically to ensure that the material to be presented is current and appropriate and that the Calendar information is clear and accurate.

2.17 Materials
The following material must be kept on file in the Unit’s general offices and made available to Students:

(a) University and Unit policy and procedures regarding class attendance and penalties, if any, for non-compliance;
(b) the information described in section 2.5 of this Procedure in regards to materials to be provided to Students by the Academic Staff of each course section;
(c) University and Unit policy and procedures regarding the evaluation of professors and courses by Students;
(d) University and Unit policy and procedures regarding student access to final examination scripts;
(e) University policy and procedures on student discipline;
(f) University and Unit policy and procedures regarding grade appeals;
(g) University policy and related procedures on the Responsibilities of Academic Staff with regard to Students;
(h) University policy and protocol regarding responding to sexual assault;
(i) University policy and related procedures on Respectful Work and Learning Environment;
(j) University policy and related procedures on Accessibility for Students with Disabilities; and
(k) University policy and related procedures on Intellectual Property.

2.18 Instruction
The Unit should ensure the provision of names of Academic Staff assigned to teach particular courses and sections at the earliest possible opportunity;

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Procedure is required.
3.2 The Vice-Provost (Academic Affairs) is responsible for the implementation, administration and review of this Procedure.
3.3 Academic Staff and Academic Administrators are responsible for complying with this Procedure.

Part IV: Review
4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.
4.2 In the interim, this Procedure may be revised or repealed if:

(a) the Provost and Vice-President (Academic) or Approving Body deems it necessary or desirable to do so;
(b) the Procedure is no longer legislatively or statutorily compliant;
(c) the Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:

(a) Responsibilities of Academic Staff with regard to Students Policy, effective July 4, 1979 and revised June 25, 1998;
(b) Cancellation of Scheduled Classes Policy, effective November 30, 1971 and revised November 29, 1988;
(c) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(d) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Responsibilities of Academic Staff with Regard to Students Policy;
(b) Schedule “A”: Policy and Resource Document;
(c) Conflict of Interest Policy;
(d) Conflict of Interest between Evaluators and Students due to Close Personal Relationships Policy;
(e) Electronic Communication with Students Policy;
(f) Final Examination and Final Grades Policy;
(g) Grade Point Averages Policy;
(h) Intellectual Property Policy;
(i) Multi-Sectioned Courses Policy;
(j) Respectful Work and Learning Environment Policy;
(k) Sexual Assault Policy;
(l) Responsible Conduct of Research Policy;
(m) Student Advocacy Office Policy;
(n) Student Discipline Bylaw;
(o) Student Academic Misconduct Procedure;
(p) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(q) Student Discipline Appeal Procedure;
(r) Teaching Evaluation Policy;

October 05, 2022
(s) The University of Manitoba Accessibility Policy;
(t) University Health Services Policy;
(u) Voluntary Withdrawal Policy.

Schedule "A": Policies and Resources
1. In accordance with section 2.6 of the Responsibilities of Academic Staff with Regard to Students procedure, Academic Staff shall provide the following information to every student within the first week of classes, either through a paper copy and/or via the University’s student information system (Aurora, UM Learn, or such other University information system as may be approved by the University from time to time):
   (a) A list of academic supports available to Students, such as the Academic Learning Centre, Libraries and other supports as may be appropriate;
   (b) A statement regarding mental health that includes referral information to resources and student supports, such as Student Counselling Centre, University Health Services and other supports as may be appropriate;
   (c) A notice to respect copyright, with a reference directing Students to the University’s Copyright Office;
   (d) A statement directing the Student to University and Unit policies, procedures and supplemental regulations available online, with special direction to review the University’s policies and procedures regarding:
      (i) Academic Dishonesty: plagiarism, cheating and examination impersonation;
      (ii) Student access to final examination scripts;
      (iii) Student discipline;
      (iv) Grade appeals;
      (v) Student advocacy;
      (vi) Respectful Work and Learning Environment;
      (vii) Sexual Assault; and
      (viii) Intellectual Property.
2. The University’s Centre for Advancement Teaching and Learning will compile sample language and templates for Academic Staff to use in fulfilling the above requirements.

Student Discipline Bylaw and Procedure

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents#students. (http://umanitoba.ca/admin/governance/governing_documents#students)

Students are expected to conduct themselves responsibly with due regard for the rights of others and to maintain a high level of personal and academic integrity. Students who transgress these standards, whether expressed in policy or implied in generally accepted codes of conduct, can expect disciplinary action. Penalties arising from disciplinary actions may include fines, withholding of student privileges, suspension or expulsion from programs, or some other action specific to the situation. Penalties may also affect student eligibility to continue in their programs or to graduate.

Student Discipline Bylaw

Part I: Reason for Bylaw

1.1 The reason for this Bylaw is to outline the Disciplinary Actions available to Disciplinary Authorities and the subsequent appeal process available to Students for findings of Academic Misconduct and Non-Academic Misconduct.

Part II: Policy Content

Definitions

2.1 The following terms are defined for the purpose of this Bylaw:
   (a) "Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Academic Misconduct Procedure.
   (b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.
   (c) "Appeal Procedure" means the Student Discipline – Appeal Procedure.
   (d) "Bylaw" means the Student Discipline Bylaw.
   (e) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
   (f) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3: Disciplinary Actions and Disciplinary Authorities.
   (g) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline under:
      (i) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct; or
      (ii) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct.
   (h) "Expulsion" has the same meaning as defined under section 2.16 of this Bylaw.
   (i) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
   (j) "Non-Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Non-Academic Misconduct and Concerning Behaviour Procedure.
   (k) "Reprimand" has the same meaning as defined under section 2.6 of this Bylaw.
Disciplinary Actions  
2.2 Students will be subject to Disciplinary Action under this Bylaw for acts of Academic Misconduct and for acts of Non-Academic Misconduct. 

2.3 The Disciplinary Actions available to a Disciplinary Authority are set out in Table 3. 

2.4 Once a Disciplinary Action has been implemented, no further Disciplinary Action may be imposed for the same matter except as a result of an appeal by the Student. 

Student Academic History/Transcript with regard to Disciplinary Actions 
2.5 Disciplinary Actions implemented shall not ordinarily be recorded on the Student’s academic history / transcript except in the following: 

(a) if the Student receives Suspension or Expulsion under sections 16, 17, 20 or 26 of Table 3; or 

(b) a Reprimand has been ordered recorded on a Student’s academic history / transcript under section 2 of Table 3. 

Reprimand  
2.6 "Reprimand" means an action intended to convey stern disapproval to a Student by means of recording their Academic Misconduct or Non-Academic Misconduct on their Student’s academic history / transcript for a period of up to five (5) years. 

2.7 Where a Reprimand has been ordered to be recorded on the Student’s academic history / transcript (see section 2 of Table 3), the Reprimand shall be removed: 

(a) Following the elapse of the specified period of time, upon the written request of the Student to the Registrar; or 

(b) Earlier, upon a written order from the Disciplinary Authority that implemented the Disciplinary Action. 

Suspensions  
2.8 "Suspension" means any withdrawal of one or more rights or privileges for a definite or indefinite period of time. 

2.9 A Student may receive Suspension from the following: 

(a) a particular course or courses; 

(b) a department; 

(c) a Faculty/College/School; 

(d) the University; or 

(e) a Residence. 

2.10 Students who have been suspended for a definite period of time shall, upon the lifting of the Suspension, have the rights or privileges that were suspended automatically reinstated, subject to any conditions attached to the Disciplinary Action proscribing future conduct. 

2.11 Suspension for an indefinite period of time shall be dealt with as follows: 

(a) In the case of Suspension for an indefinite time by the Executive Director of Enrolment Services, the Suspension may be lifted by the Executive Director of Enrolment Services upon consideration at the written request of the Student, after consultation with the Unit Head(s) of the Unit(s) concerned. 

(b) In the case of Suspension for an indefinite period of time by a Disciplinary Authority other than the Executive Director of Enrolment Services, the Student may apply to the Disciplinary Authority that imposed the final penalty for a lifting of the Suspension. If the Suspension is lifted, the Student will have the rights or privileges that were suspended automatically reinstated, subject to any conditions attached to the Disciplinary Action proscribing future conduct.

Disciplinary Actions 
2.2 Students will be subject to Disciplinary Action under this Bylaw for acts of Academic Misconduct and for acts of Non-Academic Misconduct. 

2.3 The Disciplinary Actions available to a Disciplinary Authority are set out in Table 3. 

2.4 Once a Disciplinary Action has been implemented, no further Disciplinary Action may be imposed for the same matter except as a result of an appeal by the Student.
2.12 Where a Student has received a Suspension pursuant to sections 2.9(c) or 2.9(d) of this Bylaw, any academic credits earned by the Student at the University or at any academic institution during the period of Suspension shall not be counted as credit toward any degree or program offered by the University, unless at the time of the imposition of the Suspension, the Disciplinary Authority stipulates otherwise.

2.13 Where the Student has received Suspension from a Faculty/College/School of the University, any other Faculty/College/School may refuse to register the Student for any course or courses or refuse to accept the Student into their programs, provided that prior to such refusal, the other Faculty/College/School has:

(a) obtained and considered a written report from the Disciplinary Authority that implemented the Suspension, outlining the circumstances surrounding the Disciplinary Action;

(b) provided the Student a copy of the report; and

(c) given the Student an opportunity to respond to the report.

2.14 A Suspension will appear on the Student’s academic history / transcript until such time as the Suspension period has elapsed, when it shall be removed upon the written request of the Student to the Registrar.

2.15 In the case of Suspension for supplying false or misleading information in connection with an application for admission (see sections 23 and 24 of Table 3), any notation on the Student’s academic history / transcript may only be removed:

(a) For undergraduate students, by the Registrar upon the written order of the Disciplinary Authority that implemented the Disciplinary Action.

(b) For graduate students, by the Registrar in consultation with the Dean, Faculty of Graduate Studies, upon the written order of the Disciplinary Authority that implemented the Disciplinary Action.

Expulsions

2.16 “Expulsion” means a withdrawal of all rights or privileges available to Students for either a definite or indefinite period of time.

2.17 A Student may receive Expulsion from the following:

(a) a Faculty/College/School;

(b) the University; or

(c) a Residence.

2.18 In the case of an Expulsion for a definite period of time, upon expiration of such time, in order to be readmitted, the Student must reapply for admission through normal channels to the appropriate authority having jurisdiction over admission.

2.19 In the case of an Expulsion for an indefinite period of time the Student may apply to the Disciplinary Authority that imposed the final penalty for a lifting of the Expulsion. If the Expulsion is lifted, the Student, in order to be readmitted, must reapply for admission through normal channels to the authority having jurisdiction over admission.

2.20 Where a Student has received an Expulsion pursuant to sections 2.17(a) or 2.17(b) of this Bylaw, any academic credits earned by the Student at the University or at any academic institution during the period of Expulsion shall not be counted as credit toward any degree or program offered by the University, unless at the time of the imposition of the Expulsion, the Disciplinary Authority stipulates otherwise.

2.21 Where the Student has received Expulsion from a Faculty/College/School of the University, any other Faculty/College/School may refuse to register the Student for any course or courses or refuse to accept the Student into their programs, provided that prior to such refusal, the other Faculty/College/School has:

(a) obtained and considered a written report from the Disciplinary Authority that implemented the Expulsion, outlining the circumstances surrounding the Disciplinary Action;

(b) provided the Student a copy of the report; and

(c) given the Student an opportunity to respond to the report.

2.22 An Expulsion shall appear on the Student’s academic history / transcript and may only be removed by the Registrar upon the written order of the Disciplinary Authority that implemented the Disciplinary Action.

Appeals

2.23 Students have a right to appeal decisions made by a Disciplinary Authority, excluding the following decisions which are final:

(a) Any decision of the UDC.

(b) The discretionary decision of a Disciplinary Authority to lift a suspension or an expulsion under section 2.11 or section 2.19 of this Bylaw;

(c) The decision of a Faculty/College/School to refuse a Student under section 2.21;

(d) Any finding of fact under the Respectful Work and Learning Environment Policy or the Sexual Violence Policy.

2.24 Appeals shall be conducted in accordance with the Appeal Procedure.

2.25 Subject to section 2.26 of this Bylaw, no Disciplinary Action shall be implemented and Students shall be permitted to continue in their courses or program until the time for appeal has elapsed or until the Student has waived in writing the right to appeal, whichever occurs first. The Disciplinary Authority must ensure that the Student’s work continues to be graded normally and is unaffected until the appeal period has lapsed or the appeal process is complete.

2.26 Section 2.25 of this Bylaw does not apply in the following circumstances:

(a) Where the Disciplinary Action would be entered on the academic history / transcript of the Student, the Registrar shall be notified by the Disciplinary Authority implementing such Disciplinary Action, and shall not issue any academic transcripts until the appeal period has elapsed or the appeal process is complete;

(b) Where the Disciplinary Action relating to academic dishonesty or academic fraud may result in a change to the Student’s transcript, the Registrar shall be notified by the Disciplinary Authority implementing such Disciplinary Action, and shall not issue any transcripts until the appeal period has elapsed or the appeal process is complete;
(c) Where changes in the Student’s courses and/or program are directly related to the matter under disciplinary consideration, such changes shall not be permitted;

(d) Where if the Disciplinary Action were not implemented, the safety of members of the University Community would be compromised.

Confidentiality
2.27 All matters relating to student discipline or appeal must be kept confidential in accordance with applicable University policies and procedures, and The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

Annual Reports
2.28 The Annual Report of the UDC will contain all the disciplinary matters that have occurred on campus from September 1 to the following August 31 of each Calendar year.

2.29 Academic Staff and department heads who have dealt with a disciplinary matter shall report to the Dean/Director of the Faculty/College/School to which each Student belongs, setting out the nature of the offence and particulars of the penalty and the Student’s identification number if applicable. The Student’s identification number is only used for administrative purposes to reduce the possibilities of errors in duplicate reporting and will not be included in the Annual Report.

2.30 Disciplinary Authorities, except members of the Academic Staff and department heads, shall report all disciplinary matters considered by or reported to them to the Chair of the UDC by October 1 of each year. The report shall contain the number of disciplinary matters referred to such person or body, the nature of the offences and particulars of the dispositions, and such further matters as may be required by the UDC.

2.31 The recording secretary of the UDC shall prepare and the Chair shall submit a report to the University President by December 1 in each year setting out both a summary of the reports submitted to the Chair of the UDC as well as particulars of the number, nature and disposition of cases appealed to the UDC.

2.32 Members of the University Community, shall be kept informed of the nature and disposition of cases dealt with under this Bylaw as the Annual Report shall be presented to the both the Senate and the Board of Governors annually. The names of Students disciplined shall not normally be made public.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Policy is required.

3.2 The President is responsible for the implementation, administration and review of this Policy.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Policy.

Part IV: Secondary Documents
4.1 The President or Approving Body may approve Regulations, Policies and Procedures which are secondary to and comply with this Bylaw.

Part V: Review
5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Bylaw is September 1, 2026.

5.2 In the interim, this Bylaw may be revised or repealed if:
   (a) The President or Approving Body deems it necessary or desirable to do so;
   (b) The Bylaw is no longer legislatively or statutorily compliant; and/or
   (c) The Bylaw is now in conflict with another Governing Document.

5.3 If this Bylaw is revised or rescinded, all Secondary Documents will be reviewed as soon as reasonably possible in order to ensure that they:
   (a) comply with the revised Bylaw; or
   (b) are, in turn, rescinded.

Part VI: Effect on Previous Statements
6.1 This Bylaw supersedes:
   (a) Student Discipline Bylaw, dated January 1, 2009;
   (b) all previous Board/Senate Bylaws, Regulations, Rules, Policies and Procedures, and resolutions on the subject matter contained herein; and
   (c) the previous Faculty/College/School Council Bylaw, Regulations, Procedures, and resolutions on the subject matter contained herein.

Part VII Cross References
7.1 Cross referenced to:
   (a) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct;
   (b) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct;
   (c) Table 3: Disciplinary Actions and Disciplinary Authorities;

   (o) The Personal Health Information Act, C.C.S.M. c. P33.5
Student Discipline Appeal Procedures

Part I: Reason for Procedures
1.1 These Appeal Procedures are secondary to the Student Discipline Bylaw and are intended to establish a process for appeals to be heard, and to provide guidance to the members of appeal panels, to the student and to the Faculty/College/School representatives in relation to appeal hearings.

Part II: Procedures

Definitions
2.1 The following terms are defined for the purpose of this Bylaw and related Procedures:

(a) "Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Academic Misconduct Procedure.

(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/ or service/academic administrative duties.

(c) "Appeal Body" means the appropriate persons or bodies as identified in sections 2.9 to 2.14.

(d) "Appeal Procedure" means this Student Discipline – Appeal Procedure.

(e) "Appellant" means the Student appealing a Disciplinary Action taken against him or her.

(f) "Bylaw" means the Student Discipline Bylaw.

(g) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

(h) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3 of this Bylaw.

(i) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline for Academic Misconduct or Non-Academic Misconduct.

(j) "Discrimination" has the same meaning as defined under the Respectful Work and Learning Environment Policy.

(k) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(l) "Local Disciplinary Committee" or "LDC" means the standing or, from time to time, ad hoc committee appointed to hear and determine disciplinary matters under section 2.24 of this Appeal Procedure.

(m) "Non-Academic Misconduct" has the same meaning as defined in section 2.5 of the Student Non-Academic Misconduct and Concerning Behaviour Procedure.

(n) "Notice of Appeal" means the appeal documentation that must be filed by the Student under section 2.16.

(o) "Respondent" means the Disciplinary Authority whose decision is being appealed.

(p) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(q) "Sexual Assault" has the same meaning as defined under the Sexual Assault Policy.

(r) "Student" means any of the following individuals:

(i) Admitted – an individual who has accepted an offer of admission to the University;

(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension due to academic or discipline;

(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).

(s) "Student Advocate" is a member of the University’s Student Advocacy Office who provides students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.

(t) "Table 3" means Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.

(u) "Unit" means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a faculty or school is not a Unit as the term is used within this Procedure.

(v) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.

(w) "University" means The University of Manitoba.

(x) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, Students, volunteers, external parties, contractors and suppliers.

(y) "UDC" means the University Discipline Committee composed under section 2.53 of this Appeal Procedure.

Appeals Generally
2.2 Students have a right to appeal Disciplinary Actions made by a Disciplinary Authority, subject to section 2.23 of the Bylaw.
2.3 Only the Student who has been the subject of a Disciplinary Action has the right to appeal.

2.4 An Appeal Body may dispose of the matter by instituting any Disciplinary Action authorized to it under Table 3. The resulting disposition may be the same, more severe or less severe than the original Disciplinary Action and the Appellant must be so informed of this possibility prior to the commencement of an appeal hearing.

2.5 When an appeal is heard by an Appeal Body, the Appellant must be invited to attend the hearing and, if in attendance, be permitted to ask questions and offer an explanation. Every reasonable attempt should be made to schedule the hearing at a time and place that permits the Appellant’s participation.

2.6 If the Appellant, Respondent or their respective representatives are unable to attend the hearing in person, the use of a digital communication, such as audio or video conferencing, may be used with prior consent of the chair of the Appeal Body, provided that such means enable all parties to clearly communicate. A request for such a meeting must be made at least one week in advance of the hearing date.

2.7 Subject to sections 2.40 and 2.74 of this Appeal Procedure, the Appellant may appear in person and be represented by a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, or a member of the Appellant’s immediate family. It is the Appellant’s sole responsibility to determine the adequacy of their representation.

2.8 Subject to sections 2.40, 2.45, 2.76, and 2.83 of this Appeal Procedure, a representative designated in writing by the Appellant may:

(a) attend any disciplinary hearing; and
(b) participate in any disciplinary hearing to the extent of asking questions of anyone in attendance and making submissions to any Appeal Body.

Appeal Routes

2.9 If the Appellant wishes to appeal the Disciplinary Action of a member of the Academic Staff (except for suspension from attendance for the balance of the meeting of one class), or the decision of a department head, the Notice of Appeal must be delivered to the appropriate Unit Head in the Unit offering course(s) and the Unit Head in the Unit in which the Appellant is registered, with a copy to the Academic Staff or department head, as the case may be.

2.10 If an Appellant is appealing within a Unit that does not have department heads, then the first level of decision will be the Unit Head of that respective Unit and the next level of appeal will be as set out in section 2.11 of this Procedure.

2.11 If the Appellant wishes to appeal the Disciplinary Action of a Unit Head, or the Director of Student Residences, the Notice of Appeal must be delivered to the appropriate Local Disciplinary Committee in care of the respective Unit Head or Director of Student Residence.

2.12 If the Appellant wishes to appeal the Disciplinary Action of the University Librarian (other than as a delegate of the President), a delegate of the University Librarian, or an ad hoc committee appointed by the University Librarian, the Notice of Appeal must be delivered to the Chair of the Senate Committee on Libraries, with a copy to the person or ad hoc committee which made the initial disciplinary decision. Within ten (10) working days of receipt of the Notice of Appeal, the Chair of the Senate Committee on Libraries will appoint a Library Appeals Committee to hear the appeal.

2.13 If the Appellant wishes to appeal the disciplinary decision of any of the following Disciplinary Authorities or appeal any Disciplinary Action related to Sexual Violence or Discrimination, the Notice of Appeal must be delivered to the UDC in care of the Secretary of the UDC (University Secretary):

(a) the decision of an LDC or the Library Appeals Committee;
(b) the decision of the Executive Director of Enrolment Services;
(c) the decision of the Dean of the Faculty of Graduate Studies in relation to fraudulent documents submitted for admission to the Faculty;
(d) the decision of the Executive Director of Enrolment Services or the Associate Vice-President (Administration) or an ad hoc committee appointed by either of these persons;
(e) the decision of the Chief Information Officer of Information Services and Technology (IST);
(f) the decision of the Registrar;
(g) the decision of the Vice-President (Administration);
(h) the decision of the Vice-Provost (Students); or
(i) the decision of the President or delegate.

2.14 If the disciplinary matter involved two or more Students and two or more Students appeal:

(a) The Students must have separate hearings, but the members of the Appeal Body may be the same for each hearing, subject to sections 2.33 and 2.67 of this Procedure;
(b) The Respondents may bring in relevant information on the other Student(s) as it pertains to each appeal; and
(c) Every effort must be made to protect the identity of the other Student(s).

Filing an Appeal

2.15 The Appellant must deliver the Notice of Appeal to the appropriate Appeal Body within ten (10) working days as of the date on the letter notifying the Appellant of the Disciplinary Action from the lower body.

2.16 The Notice of Appeal must include:

(a) such appeal application form, with current mailing address and telephone numbers, as may be required by the Appeal Body;
(b) copies of such written materials as the Appellant wishes considered in connection with the appeal;
(c) copies of the letter indicating the lower level decision, if not a first level appeal;
(d) A letter clearly outlining the reason for the appeal and the remedy sought, including an indication of whether the Appellant is appealing the decision on:
(i) the finding of facts; where permitted subject to s. 2.23 of the Student Discipline Bylaw;

(ii) the Disciplinary Action imposed by the Disciplinary Authority; or

(iii) both the facts and the Disciplinary Action, where permitted subject to s. 2.23 of the Student Discipline Bylaw; and

(e) the name and contact information of any representative that the Appellant wishes to have present at the appeal hearing, subject to subject to sections 2.7, 2.39 and 2.74 of this Appeal Procedure.

(f) In the case of an appeal to the LDC or UDC, a listing of all resources or witnesses the Appellant wants in attendance at the hearing and their relevance. The scheduling of witnesses and resource people is the responsibility of the Appellant.

2.17 Subject to section 2.18, if an appeal is not received by the next level Appeal Body by the deadline set out in section 2.15, the Disciplinary Action against the Student will be implemented.

2.18 The time for delivery of a Notice of Appeal may be extended by the Appeal Body, or by the chair of the Appeal Body where the Appeal Body is the LDC or the UDC.

2.19 The Disciplinary Action implemented may be put on hold if the Appeal Body receiving the next level of appeal deems the lateness acceptable and grants the Appellant permission to proceed with the appeal after deadline.

2.20 The Appellant and the designated representative of the Appellant must receive the same notices of hearings held by the LDC and the UDC as the Respondents.

Responsibilities of Respondents

2.21 The Respondent will be given ten (10) working days to respond to the Notice of Appeal.

2.22 Respondents must submit the following:

(a) A written response to the Appellant's Notice of Appeal;

(b) All relevant documentation the Respondents will rely on as support for their position regarding the appeal; and

(c) In the case of an appeal to the LDC or UDC, a listing of all resource people or witnesses they want in attendance at the hearing and their relevance. The scheduling of witnesses and resource people is the responsibility of the Respondent.

(d) All the above documents must be filed within the time set out in section 2.21. If the Respondent had not received permission for an extension, a written request must be submitted to the Appeal Body to determine whether the Respondent's submission will be accepted.

2.23 If no response is received from the Respondent by the date requested by the office coordinating the appeal, a hearing may be set.

Local Discipline Committee (LDC)

LDC Jurisdiction

2.24 Each Faculty/College/School, and the University Student Residences under the jurisdiction of the Office of Student Residences, must establish a standing or, from time to time, ad hoc committee to hear and determine disciplinary matters appealed to it by Students from a decision of the Dean/Director of that Faculty/College/School, or the Director of Student Residences for the University Residences under the Office of Student Residences' jurisdiction.

2.25 The LDC and the hearing panels thereof must exercise disciplinary authority on all Students that are appealing a decision from the Dean or Director of the Faculty/College/School or University Student Residence.

2.26 The Disciplinary Actions available to the LDC are set out in Table 3.

LDC Composition

2.27 In Faculties/Colleges/Schools, the LDC must be composed of an equal number of faculty members and students with a minimum of eight (8) members.

2.28 In the case of University Student Residences, the LDC must be composed of an equal number of residence staff and students with a minimum of eight (8) members. Members must be appointed by the Director of Student Residences with the advice of the appropriate Residence Students' Association.

2.29 The chair of the LDC must be elected by and from the membership of the LDC.

2.30 A quorum must be half the members, with a minimum of four (4) members, ensuring at least one (1) student and one (1) faculty member are present.

2.31 Where the Disciplinary Action relates to two (2) or more Faculties, Colleges or Schools, the LDC hearing panel must contain at least one (1) student and one (1) faculty member from each Faculty/College/School.

2.32 The chair must only vote in the case of a tie.

2.33 The Appellant, or the Appellant's representative, if any, and Respondent must have the right to challenge for cause any member of the LDC, the validity of the challenge to be judged by the remainder of the LDC. Such cause may include current teacher-student relationship, bias, or any factor likely to prejudice a fair hearing. Any person, who was directly involved in the original Disciplinary Action, either as a principal in the case or as a Disciplinary Authority, must be automatically removed from any hearing panel regarding the appeal.

LDC Hearing Procedures

2.34 The Appellant must be presumed innocent until the evidence presented indicates that, on the balance of probabilities Disciplinary Action is warranted. The LDC, in weighing the balance of probabilities, must consider the severity of the alleged incident.

2.35 The hearing must be by way of a trial de novo unless the appeal has been made only in relation to the severity of the Disciplinary Action imposed.

2.36 Hearings must be closed unless the Appellant requests in writing at least forty-eight (48) hours before the hearing that a hearing be open and there is no reasonable objection to an open hearing.

2.37 If the appeal hearing is in closed session, no observers may be present in the room. If the appeal hearing is in open session, any observers present will not be allowed to contribute in any way to the proceedings. Regardless of open or closed status, no electronic or other recording devices will be permitted.
2.38 Regardless of section 2.36, hearings related to discipline under the Respectful Work and Learning Environment Policy and/or discipline under the Sexual Violence Policy must be closed.

**Representatives at LDC Hearing**

2.39 At the LDC hearing, the Appellant may appear in person and be represented by a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, or a member of the Student’s immediate family. It is the Appellant’s sole responsibility to determine the adequacy of their representation.

2.40 If the Appellant or the Respondent wishes to have a lawyer present, the lawyer(s) present may only be a non-participating observer(s) at hearings of the LDC, but may represent the Appellant or Respondent at hearings of the UDC.

**Failure to Attend LDC Hearing**

2.41 An Appellant who fails to attend a scheduled appeal hearing may have the appeal considered on the basis of the Appellant’s written submission, the presentation of the Appellant’s designated representative, if any, and the verbal and written submissions made by the Respondent.

2.42 The Appellant shall be advised that the LDC has made a decision regarding the appeal and that the Appellant has ten (10) days to provide reasons for missing the hearing prior to the implementation of the decision. The LDC Chair will determine whether the hearing should be re-scheduled based on any submission from the Appellant. A reasonable attempt will be made to reconvene the same members should the hearing be re-scheduled.

**Evidence at LDC Hearing**

2.43 The Appellant and the Appellant’s designated representative, if any, and the Respondent or the Respondent’s representative, will receive in writing, at least five (5) working days before the date set for the hearing, the names of the members of the LDC hearing panel who will hear the appeal and the information that has been submitted to the LDC hearing panel by both relevant parties, in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.

2.44 The Appellant, or the Appellant’s designated representative, if any, and the Respondent, or the Respondent’s representative, if any, may call witnesses and submit other evidence. The Appellant, the Appellant’s representative, if any, and the Respondent, or Respondent’s representative, if any, are responsible for arranging their own witnesses. If witnesses are to be called, a witness list must be provided by the Appellant or the Appellant’s representative, if any, in their original appeal package provided to the Chair and a witness list must be provided by the Respondent or the Respondent’s representative, if any, with their response to the appeal.

2.45 The Appellant must not be required to testify, but if the Appellant elects to do so, then the Appellant may be cross-examined by the Respondent, or the Respondent’s representative, if any.

2.46 The Appellant or the Appellant’s designated representative, if any, and the Respondent, must have the right to cross-examine witnesses.

2.47 The LDC may consider confidential information from the University Health Service, Counselling Service, University Chaplains and other similar services which are submitted by these services to the LDC at the request of the Appellant. Such confidential information submitted to the LDC may only be used for the purpose of the appeal.

**Adjournments of LDC Hearing**

2.48 Requests for adjournment must be granted within reason.

**Disposition of LDC Hearing**

2.49 A decision to uphold or deny an appeal, in whole or in part, and a decision to take different Disciplinary Action, in whole or in part, requires a simple majority of LDC Committee members present and voting. The results of the hearing must be conveyed in writing, in a timely fashion, by the Chair of the LDC to the Appellant or the Appellant’s designated representative, if any and to the Respondent or the Respondent’s designated representative, as the case may be.

2.50 If, after hearing all the evidence, the LDC is satisfied on the evidence presented that the Appellant has committed Academic Misconduct or Non-Academic Misconduct, the LDC may dispose of the matter by instituting any Disciplinary Action set out in the column entitled “Deans, Directors or LDC” in Table 3.

**University Discipline Committee (UDC)**

**UDC Terms of Reference**

2.51 The UDC must:

(a) Report annually to the President.

(b) Establish procedures, consistent with this Bylaw, for hearing panels.

(c) Hear appeals, either as a committee of the whole or through a hearing panel, from decisions of Disciplinary Authorities.

(d) Review the Bylaw and related procedures periodically and, if necessary, to recommend changes to them.

**UDC Jurisdiction**

2.52 The UDC and the hearing panels thereof shall exercise Disciplinary Authority on behalf of the Board of Governors on all Students that are appealing a decision from the Disciplinary Authorities that are set out in section 2.13 of this document.

**UDC Composition**

2.53 The UDC shall be composed of nineteen (19) members. The nineteen (19) shall include:

(a) eight (8) faculty members nominated by the Senate Nominating Committee and appointed by the Board of Governors;

(b) seven (7) students nominated by the Student Senate Caucus and appointed by the Board of Governors;

(c) the President of the University of Manitoba (or designate), as an ex-officio member;

(d) the President of the University of Manitoba Students’ Union (or designate), as an ex-officio member;

(e) the President of the University of Manitoba Graduate Students’ Association (or designate), as an ex officio member; and

(f) the Chair appointed pursuant to section 2.57. The Chair must only vote in the event of a tie.
2.54 Positions for which no nomination had been received from the Student Senate Caucus by September 15th shall be nominated by the Senate Nominating Committee.

2.55 The terms of office shall be three (3) years for academic staff, and one (1) year for students, from June 1 to May 31 (academic staff), and October 14 to October 13 (students). A member whose term of office has expired in any year shall continue in office until a successor has been appointed and shall be eligible for reappointment.

2.56 A quorum must be nine (9) the members, where a minimum of one (1) student and one (1) academic are present.

2.57 A Chair will be appointed by the Board of Governors for a three (3) year term.

2.58 The Vice-Chair shall be elected from and by the members of the UDC for a three (3) year term.

UDC Hearing Panels

2.59 When a matter has been appealed to the UDC, the Chair must either convene the UDC or convene a hearing panel thereof to hear the appeal.

2.60 A quorum shall be a minimum of four (4) members, ensuring at least one (1) student and one (1) faculty member are present including the Chair.

2.61 The Chair may vote only if there is a tie.

2.62 UDC members who have a conflict of interest in a particular case, or have a temporary work conflict, or are otherwise unable to sit, may disqualify themselves from hearing an appeal.

2.63 Notwithstanding the foregoing, the Chair of the UDC may, in a particular case, require that a larger hearing panel be convened to consider the matter, provided that such a larger hearing panel maintains the proportional representation as set out in section 2.60.

2.64 The Chair of the UDC may use his/her discretion to reject an appeal if the appeal appears to be clearly outside the jurisdiction of the UDC, (for example, matters not dealing with discipline nor related Disciplinary Actions taken by a lower Appeal Body).

2.65 When an appeal is received based on a fine or the amount ordered, the only decision from which an appeal is taken is the amount levied by way of fine or the amount ordered to be paid by way of restitution; then, if such fine or restitution does not exceed $500.00, the Chair may, at the Chair’s discretion, personally decide the matter, or may convene a hearing panel to hear the appeal.

2.66 A staff member from the Office of the University Secretary, will serve as recording secretary for the hearings.

2.67 The Appellant, or the Appellant’s representative, if any, and the Respondent must have the right to challenge for cause any member of the UDC hearing panel, the validity of the challenge to be judged by the remainder of the UDC hearing panel if such a challenge is made at this time. Such cause may include current teacher-student relationship, bias, or any other factor likely to prejudice a fair hearing. Any person who was directly involved in the original Disciplinary Action, either as a principal in the case or as a Disciplinary Authority, must be automatically removed from any hearing panel regarding the appeal. The Office of the University Secretary after consultation with the Chair will make every reasonable attempt to address any concerns made prior to the hearing date regarding bias by either the Appellant or the Respondent.

UDC Hearing Procedures

2.68 The Appellant must be presumed innocent until the evidence presented indicates that, on the balance of probabilities Disciplinary Action is warranted. The UDC, in weighing the balance of probabilities, must consider the severity of the alleged incident.

2.69 The hearing before the UDC hearing panel must be by way of a trial de novo except where the appeal has been made only in relation to the severity of the Disciplinary Action imposed, such as appeals of Disciplinary Action imposed in relation to the Respectful Work and Learning Environment Policy or the Sexual Violence Policy.

2.70 After an appeal hearing has commenced, the appeal may be withdrawn by the Appellant only with leave of the UDC hearing panel.

2.71 Hearings must be closed unless the Appellant requests in writing at least forty-eight (48) hours before the hearing that a hearing be open and there is no reasonable objection to an open hearing.

2.72 If the appeal hearing is in closed session, no observers may be present in the room. If the appeal hearing is in open session, any observers present will not be allowed to contribute in any way to the proceedings. Regardless of open or closed status, no electronic or other recording devices will be permitted.

2.73 Regardless of section 2.71, hearings related to discipline under the Respectful Work and Learning Environment Policy and/or discipline relating to Sexual Violence must be closed.

Representatives at UDC Hearing

2.74 At the UDC hearing, the Appellant may appear in person and may be represented by a Student Advocate, a representative from the University of Manitoba Student’s Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, a member of the Appellant’s immediate family, or a lawyer. It is the Appellant’s sole responsibility to determine the adequacy of their representation.

2.75 At the UDC hearing, the Respondent may be represented by a lawyer from the University of Manitoba’s Office of Legal Counsel.

2.76 If any party intends to have a lawyer present at the hearing, that party must notify the Chair of the UDC at least seven (7) working days prior to the hearing. In that event, the UDC hearing panel may also retain the services of legal counsel. A rescheduling of the hearing may be required for all parties to retain legal counsel.

2.77 Subject to the notice provision in section 2.76, a representative designated in writing by any party may:

(a) attend the disciplinary hearing; and

(b) participate in any disciplinary hearing to the extent of asking questions of anyone in attendance and making submissions to the UDC.

2.78 The Appellant and the Appellant’s designated representative, if any, and the Respondent and the Respondent’s representative, if any, shall be entitled to receive in writing, at least five (5) working days before the date set for the hearing, the information that has been submitted to the previous Appeal Body by the parties in accordance with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act.
Failure to Attend UDC Hearing
2.79 An Appellant who fails to attend a scheduled appeal hearing may have the appeal considered on the basis of the Appellant’s written submission, the presentation of the Appellant’s designated representative, if any, and the verbal and written submissions made by the Respondent.

2.80 The Appellant must be advised that the UDC has made a decision regarding the appeal and that the Appellant has ten (10) days to provide reasons for missing the hearing prior to the implementation of the decision. The Chair must determine whether the hearing should be re-scheduled based on any submission from the Appellant. A reasonable attempt will be made to reconvene the same members should the hearing be re-scheduled.

Evidence at UDC Hearing
2.81 The Appellant, or the Appellant’s representative, if any, and the relevant Respondent, or the Respondent’s representative, if any, may call witnesses and submit other evidence. The Appellant, or the Appellant’s representative, if any, and the relevant Respondent, or the Respondent’s representative, if any, are responsible for arranging their own witnesses. If witnesses are to be called, a witness list must be provided by the Appellant or the Appellant’s representative, if any, in their original appeal submission provided to the Chair and a witness list must be provided by the relevant Respondent, or the Respondent’s representative, if any, with their response to the appeal.

2.82 The Appellant or the Appellant’s designated representative, if any, and the Respondent, or the Respondent’s representative, if any, must have the right to cross-examine witnesses.

2.83 The Appellant must not be required to give testimony but if the Appellant elects to do so, the Appellant may be cross-examined.

2.84 The UDC may consider confidential information from the University Health Service, Counselling Service, University Chaplains and other similar services which are submitted by these services to the UDC at the request of the Appellant. Such confidential information submitted to the UDC may only be used for the purpose of the appeal and will be treated as other documentation submitted for the appeal hearing as set out in section 2.87.

2.85 Appellants may not appeal the disposition of a finding under the Respectful Work and Learning Environment Policy or under the Sexual Violence Policy, but may appeal disciplinary action based on that finding. Where an appeal of disciplinary action has been initiated and upon the written request of the Chair of the UDC, the Vice-President (Administration) shall forward to the UDC the report of the investigator for consideration in the disposition of the appeal. Such confidential information submitted to the UDC may only be used for the purpose of the appeal and will be treated as other documentation submitted for the appeal hearing as set out in section 2.87.

2.86 Subject to section 2.78, the Appellant, the Appellant’s representative and the relevant Disciplinary Authority normally must have the right to receive a copy of any university document that the UDC or hearing panel considers in relation to the appeal. The Chair of the Committee must make the final determination on this matter.

2.87 All members of the UDC and/or hearing panel will keep all materials and information used for the appeal in strict confidence and surrender such materials to the recording secretary who will have the materials destroyed by way of confidential shredding.

Adjournments
2.88 Requests for adjournment shall be granted within reason.

Disposition
2.89 A decision to uphold or deny an appeal, in whole or in part, and a decision to take different Disciplinary Action, in whole or in part, requires a simple majority.

2.90 If, after hearing all the evidence, the UDC is satisfied on the evidence presented that the Appellant has committed Academic Misconduct or Non-Academic Misconduct, the UDC may dispose of the matter by instituting any Disciplinary Action set out in the column entitled "UDC" in Table 3.

2.91 The Chair of the UDC or hearing panel must, after a decision has been made, report the results of that decision in writing to:

(a) the Appellant or the designated representative of the Appellant, if any;
(b) the Respondent, or the Respondent’s representative, if any, from whose decision the appeal has been heard;
(c) the Dean/Director of the Faculty/College/School involved; or the Associate Vice-President (Administration), the Director of Student Residences, or the Chief Information Officer (CIO) of IST, as the case may be;
(d) the Registrar;
(e) the Vice-President (Administration);
(f) the Vice-Provost (Students); or
(g) any others as deemed relevant.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Appeal Procedure is required.

3.2 The President or his or her delegate is responsible for the implementation, administration and review of this Appeal Procedure.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Appeal Procedure.

Part IV: Review
4.1 Governing Document reviews must be conducted every ten (10) years. The next scheduled review date for this Appeal Procedure is September 1, 2026.

4.2 In the interim, this Appeal Procedure may be revised or repealed if:

(a) the Approving Body deems it necessary or desirable to do so;
(b) the Appeal Procedure is no longer legislatively or statutorily compliant;
(c) the Appeal Procedure is now in conflict with another Governing Document; and/or
(d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements
5.1 This Appeal Procedure supersedes all of the following:
Part II: Procedure Content

Definitions

2.1 The following terms are defined for the purpose of this Procedure:

(a) "Academic Misconduct" has the same meaning as defined in section 2.5 of this Procedure.

(b) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and service/academic administrative duties.

(c) "Appeal Procedure" means the Student Discipline – Appeal Procedure.

(d) "Bylaw" means the Student Discipline Bylaw.

(e) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

(f) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3.

(g) "Disciplinary Authority" means the disciplinary authority designated to determine a matter of student discipline for Academic Misconduct under Table 1.

(h) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

(i) "Procedure" means this Student Academic Misconduct Procedure.

(j) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(k) "Student" means any of the following individuals:

(i) Admitted – an individual who has accepted an offer of admission to the University;

(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension;

(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).

(l) "Student Advocate" is a member of the University’s Student Advocacy Office who provides Students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.
(m) "Table 1" refers to Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct, which follows the Bylaw.

(n) "Table 3" refers to Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.

(o) "Unit" means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a Faculty/College/School is not a Unit as the term is used within this Procedure.

(p) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.

(q) "University" refers to the University of Manitoba.

(r) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers.

(s) "UMSS" means the University of Manitoba Security Services.

Scope
2.2 This Procedure applies to Student’s academic conduct in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates which has a substantial connection to the University, such as:

(a) University-related activities or events, including but not limited to:

(i) Any activity or event on property owned or controlled by the University;

(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;

(iii) The offering of any service by the University, including educational services;

(iv) Student placements, practica, or clinical training;

(v) University research activities, whether on or off campus;

(vi) Student and/or employee exchanges arranged in connection with the University;

(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;

(viii) University field trips, travel-study tours, service-learning activities, and similar activities;

(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:

(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;

(ii) Participation on a committee or board as a representative of the University;

(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;

(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or

(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

Academic Misconduct
2.4 As members of the University Community, Students have an obligation to act with academic integrity. Any Student who engages in Academic Misconduct in relation to a University Matter will be subject to discipline.

2.5 "Academic Misconduct" means any conduct that has, or might reasonably be seen to have, an adverse effect on the academic integrity of the University, including but not limited to:

(a) Plagiarism – the presentation or use of information, ideas, sentences, findings, etc. as one’s own without appropriate attribution in an assignment, test or final examination.

(b) Cheating on Quizzes, Tests or Final Examinations – the circumventing of fair testing procedures or contravention of exam regulations. Such acts may be premeditated/planned or may be unintentional or opportunistic.

(c) Inappropriate collaboration – when a Student and any other person work together on assignments, projects, tests, labs or other work unless authorized by the course instructor.

(d) Duplicate Submission – cheating where a Student submits a paper/assignment/test in full or in part, for more than one course without the permission of the course instructor.

(e) Personation – writing an assignment, lab, test, or examination for another Student, or the unauthorized use of another person’s signature or identification in order to impersonate someone else. Personation includes both the personator and the person initiating the personation.

(f) Academic Fraud – falsification of data or official documents as well as the falsification of medical or compassionate circumstances/documentation to gain accommodations to complete assignments, tests or examinations.
2.6 Students will be subject to Disciplinary Action for any instance of Academic Misconduct, regardless of whether such behaviour is covered by other University policies, procedures or bylaws. Matters relating to certain Academic Misconduct may also be subject to additional policies, such as the Responsible Conduct of Research Policy and related procedures.

**Jurisdiction of Disciplinary Authority**

2.7 The specific jurisdiction of each Disciplinary Authority designated to determine an allegation of Academic Misconduct is set out in Table 1.

2.8 For matters involving the Academic Misconduct of an undergraduate Student, the Disciplinary Authority with the closest connection to the particular alleged Academic Misconduct has jurisdiction over the matter, subject to section 2.10 of this Procedure. However, the Disciplinary Authority must inform the Unit Head of the Student’s home Faculty/College/School prior to any investigation.

2.9 Matters involving Academic Misconduct of a graduate Student must be referred directly to the Dean of the Faculty of Graduate Studies who shall, in turn, inform the department head or Unit Head of the Student’s home department or Unit prior to any investigation and Disciplinary Action.

2.10 When the alleged Academic Misconduct, if proven on a balance of probabilities, would:

(a) Constitute a second instance of Academic Misconduct by the Student; or

(b) Be of such severity as to warrant a Disciplinary Action that is not available to the Disciplinary Authority with the closest connection to the matter under Table 1 (e.g. Department Head); the matter shall be referred to the next appropriate Disciplinary Authority under Table 1 (e.g. Dean/Director) for investigation and decision.

2.11 If a question arises as to which Disciplinary Authority should hear a particular case, the question must be referred to the President for resolution.

2.12 If the Academic Misconduct relates to a criminal offence, the Disciplinary Authority must provide relevant information to UMSS for potential follow-up by the appropriate policing authority.

**Notice to the Student**

2.13 If the Disciplinary Authority determines that there is sufficient evidence to initiate an investigation into the allegation of Academic Misconduct under this Student Academic Misconduct Procedure, the Student who is the subject of a disciplinary matter will be informed in writing by the Disciplinary Authority (with a copy to the University’s Registrar) that:

(a) An investigation is proceeding in accordance with this Procedure, the nature of the matter being investigated, that the Student may be subject to Disciplinary Action and that a hold will be placed on the Student’s record in accordance with section 2.14 of this Procedure until the allegation is investigated;

(b) The Student will be given an opportunity to respond to the allegation and, if a meeting is scheduled, notice will be provided as to who will be present on behalf of the University at the meeting;

(c) The Student may seek advice and representation from a Student Advocate, a representative from the University of Manitoba Students’ Union, a representative from the Graduate Students’ Association, a member of the University Community not receiving payment for appearing, a member of the Student’s immediate family or other support person as may be appropriate. It is the sole responsibility of the Student to determine the adequacy of the Student’s representation;

(d) Failure to respond by a specified date will result in the matter being considered without the Student’s response;

(e) The Student may obtain a copy of this Procedure, the Bylaw and related procedures. These documents are available online or from the Office of the University Secretary or the Student Advocacy office;

(f) The Student has a right to appeal in accordance with the Bylaw and Appeal Procedure.

**Student Records**

2.14 The Disciplinary Authority will request that the Registrar place a hold on the Student’s record to prevent the issuance of transcripts, transfers between Faculty/College/School and changes in registrations until the alleged Academic Misconduct is investigated. Until a decision has been made and any appeal process available under the Bylaw has concluded, the Student shall be permitted to continue in the course or program until the case is heard and the Disciplinary Authority must ensure the Student’s work continues to be graded normally and is unaffected by the allegation of Academic Misconduct, subject to sections 2.25 and 2.26 of the Bylaw.

**Investigation Procedure**

2.15 Subject to section 2.16 of this Procedure, the Disciplinary Authority will, either personally or through a designate, conduct an investigation into the allegations of Academic Misconduct in any manner that he or she deems appropriate to the nature of the circumstances and the seriousness of the issues involved and any admissions made during the investigation. This may include some or all of:

(a) Interviewing witnesses;

(b) Reviewing documents and records (both paper and electronic);

(c) Reviewing photographs, audio, and video recordings;

(d) Examining physical evidence;

(e) Arranging for testing of physical evidence;

(f) With the consent of participants, arranging for medical or psychological evaluations; and/or

(g) Submitting a Third Party Data Access Request Form to IST regarding accessing electronic systems and consulting with Access and Privacy Office as required to facilitate the request.

2.16 The Disciplinary Authority may choose not to personally investigate where the issue has been or may be investigated pursuant to another University policy, procedure or bylaw.

2.17 The Disciplinary Authority will conduct the investigation in accordance with the principles of procedural fairness and natural justice. In particular, the Disciplinary Authority will ensure that:

(a) The Student must be informed of the allegations against him or her, including, subject to section 2.26 of this Procedure, having
access to all documentary and other evidence relied upon by the Disciplinary Authority and knowing the identity of the complainant;
(b) The Student must be provided an opportunity to respond to the allegations;
(c) While strict rules of evidence do not apply, appropriate weight must be given to evidence based on its credibility and reliability; and
(d) Witnesses may wish to consult with or respond through an advocate (which may include legal counsel, a union representative, or a Student Advocate, as may be appropriate).

2.18 The Disciplinary Authority (or designate) may meet with the Student to present the facts/evidence concerning the allegation and to give the Student an opportunity to respond to the allegation and present his/her explanation of the matter. The Disciplinary Authority will give notice to the Student as to who will be present on behalf of the University at such a meeting.

Decision
2.19 The Disciplinary Authority will inform the Student that a written decision letter will be sent normally within five (5) working days of receiving the Student’s response. If the Student does not respond within a reasonable time, the Disciplinary Authority will consider the matter and make a decision in the absence of the Student’s response and based on the information that is available.

2.20 At the conclusion of the investigation, the Disciplinary Authority will inform the Student of his or her decision in writing and will include, at minimum, the following:
(a) A summary of the allegation of Academic Misconduct;
(b) A summary of the process and key timelines in the investigation;
(c) A summary of the key evidence obtained through the investigation, including the response of the Student to the allegation;
(d) An indication of which key evidence was considered credible and reliable;
(e) A conclusion as to whether, on a balance of probabilities, the Academic Misconduct occurred;
(f) A summary of the reasons for the conclusion;
(g) A summary of any Disciplinary Action instituted in accordance with the Bylaw and section 2.21 of this Procedure; and
(h) If Disciplinary Action is taken, information about the right to appeal, the time period for appeal, and the person and contact information for the submission of an appeal, in accordance with the Bylaw.

2.21 Where there is a finding of Academic Misconduct, the Disciplinary Authority will consider any previous findings of Academic Misconduct before determining the appropriate Disciplinary Action under the Bylaw. In the case where the Disciplinary Authority is not the Unit Head of the Faculty/College/School in which the Student is registered, the Disciplinary Authority will determine the appropriate Disciplinary Action in consultation with the Unit Head of that Faculty/College/School.

2.22 The Disciplinary Authority will send a copy of their decision to the Registrar and to the Unit Head of the Faculty/College/School in which the Student is registered.

Appeals
2.23 Students have a right to appeal Disciplinary Actions in accordance with the Bylaw and Appeal Procedure.

Obligations of Confidentiality by the University
2.24 In respect of an incidence of Academic Misconduct, the University will not disclose the name of the complainant, the Student, or the circumstances related to the complaint to any person, other than where the disclosure is:
(a) Necessary to investigate the complaint or take corrective action with respect to the complaint; or
(b) Required by law.

2.25 Personal information that is disclosed under section 2.24 above in respect of an incidence of Academic Misconduct will be the minimum amount necessary for the purpose.

Obligations of Confidentiality by the Disciplinary Authority
2.26 The Disciplinary Authority, in conducting the investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal information and personal health information collected, used and disclosed in the course of the investigation. Where a Disciplinary Authority is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.27 The Disciplinary Authority will advise all persons involved with an investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure.

Obligations of Confidentiality by the Others
2.28 All persons involved in an investigation of an incident of Non-Academic Misconduct or Concerning Behaviour, whether as a witness or retrieving relevant information or documents, must keep confidential:
(a) The existence and nature of the investigation; and
(b) Any information or documentation obtained as a result of the investigation; which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.29 Notwithstanding section 2.28, the Complainant, the Respondent, and witnesses involved in the investigation may:
(a) Obtain confidential advice (including advice from a Student Advocate or lawyer, as may be appropriate);
(b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of an accused Student, to make full answer and defense to the allegations; and
(c) Use information obtained independent of the investigation in any other forum.
Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.

3.2 The President is responsible for the implementation, administration and review of this Procedure.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Procedure.

Part IV: Review

4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:

   (a) the President or the Approving Body deems it necessary or desirable to do so;
   (b) the Procedure is no longer legislatively or statutorily compliant;
   (c) the Procedure is now in conflict with another Governing Document; and/or
   (d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements

5.1 This Procedure supersedes all of the following:

   (a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
   (b) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References

6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

   (a) Student Discipline Bylaw;
   (b) Table 1: Jurisdiction of Disciplinary Authorities for Academic Misconduct;
   (c) Table 3: Disciplinary Actions and Disciplinary Authorities;
   (d) Student Discipline - Appeal Procedure;
   (e) Definitions of Academic Units Policy;
   (f) Responsible Conduct of Research Policy and Procedures;
   (g) Records Management Policy and Procedure;
   (h) Use of Computer Facilities Policy and Procedure;
   (i) Third Party Data Access Request Form;
   (j) Student Advocacy Office Policy;
   (k) The Freedom of Information and Protection of Privacy Act, CCSM c. F175;
   (l) The Personal Health Information Act, CCSM c. P33.5.

Student Non-Academic Misconduct and Concerning Behaviour Procedures

Part I: Reason for Procedure

1.1 The reason for this Procedure is to:

   (a) Articulate the University's expectation that all Students act in a fair and reasonable manner toward their peers, the faculty, staff, administration and the physical property of the University;
   (b) Outline the jurisdiction for each Disciplinary Authority dealing with the Non-Academic Misconduct of Students;
   (c) Provide a fair and thorough investigation process for allegations of Non-Academic Misconduct;
   (d) Coordinate an action plan for Students exhibiting Concerning Behaviour that includes supports and a clear referral mechanism for members of the University Community.

Part II: Procedure Content

Definitions

2.1 The following terms are defined for the purpose of this Procedure:

   (a) "Academic Staff" refers to all individuals whose primary assignment is instruction, research, and/or service/academic administration. This includes employees who hold an academic rank such as professor, associate professor, assistant professor, instructor, lecturer, librarian, or the equivalent of any of those academic ranks. The category also includes a dean, director, associate dean, assistant dean, chair or head of department, visiting scholars, senior scholars, and those holding unpaid academic appointments, insofar as they perform instructional, research, and/or service/academic administrative duties.

   (b) "Appeal Procedure" means the Student Discipline – Appeal Procedure.

   (c) "Bylaw" means the Student Discipline Bylaw.

   (d) "College" means a Professional College as defined under the Definitions of Academic Units Policy.

   (e) "Disciplinary Action" means the specific disciplinary actions available for each Disciplinary Authority under Table 3.

   (f) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline for Non-Academic Misconduct under Table 2.

   (g) "Discrimination" has the same meaning as defined in section 2.3 of the Disclosures and Complaints Procedure.

   (h) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.

   (i) "Harassment" refers to Personal Harassment, Human Rights Based Harassment, and/or Sexual Harassment as defined in section 2.10 of the Disclosures and Complaints Procedure.
(j) "Non-Academic Misconduct" has the same meaning as defined in section 2.5 of this Procedure.

(k) "Procedure" means this Student Non-Academic Misconduct and Concerning Behaviour Procedure.

(l) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.

(m) "Sexual Violence" has the same meaning as defined in the Sexual Violence Policy.

(n) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team established pursuant to section 2.11 of the Violent or Threatening Behaviour Procedure.

(o) "Student" means any of the following individuals:

(i) Admitted – an individual who has accepted an offer of admission to the University;

(ii) Current – an individual who is either registered in course(s) or in a program of studies at the University or is eligible to continue in their studies at the University either because the individual meets minimum academic performance requirements or will be eligible to continue after discharging a financial hold or serving suspension;

(iii) Former – an individual who has graduated from the University or who has withdrawn (either voluntarily or was required to withdraw).

(p) "Student Advocate" is a member of the University's Student Advocacy Office who provides Students with information on their rights and responsibilities, as well as assistance with resolving problems or concerns resulting from actions or decisions taken by the University.

(q) "Table 2" refers to Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct, which follows the Bylaw.

(r) "Table 3" refers to Table 3: Disciplinary Actions and Disciplinary Authorities, which follows the Bylaw.

(s) "UMSS" means the University of Manitoba’s Security Services.

(t) "Unit" means a Faculty, School, College, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a Faculty/College/School is not a Unit as the term is used within this Procedure.

(u) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosts with respect to their Units.

(v) "University" refers to the University of Manitoba.

(w) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers.

(x) "University Matter" has the same meaning as defined in section 2.3 of this Procedure.

(y) "Violence" means:

(i) The attempted or actual exercise of physical force against a person; or

(ii) Any threatening statement or behaviour that gives a person reasonable cause to believe that physical force will be used against the person.

Scope

2.2 This Procedure applies to a Student’s non-academic conduct in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates which has a substantial connection to the University, such as:

(a) University-related activities or events, including but not limited to:

(i) Any activity or event on property owned or controlled by the University;

(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;

(iii) The offering of any service by the University, including educational services;

(iv) Student placements, practica, or clinical training;

(v) University research activities, whether on or off campus;

(vi) Student and/or employee exchanges arranged in connection with the University;

(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;

(viii) University field trips, travel-study tours, service-learning activities, and similar activities;

(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:

(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;

(ii) Participation on a committee or board as a representative of the University;

(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;

(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper
functioning of the University or the rights of a member of the University Community to use and enjoy the University's learning and working environments; or

(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University's learning and working environments.

Non-Academic Misconduct

2.4 Any Student who engages in Non-Academic Misconduct in relation to a University Matter will be subject to discipline.

2.5 "Non-Academic Misconduct" means any conduct that has, or might reasonably be seen to have, an adverse effect on the integrity or proper functioning of the University or the health, safety, rights or property of the University or members of the University Community, such as:

(a) Threats of harm or actual harm by any means (including electronic means) to another person, including but not limited to:
   (i) Discrimination;
   (ii) Hazing;
   (iii) Harassment;
   (iv) Possession or use of dangerous objects, in violation of any applicable law;
   (v) Sexual Violence;
   (vi) Stalking behaviour, including repetitive behaviour directed at a specific person which reasonably causes that person alarm, distress, fear or a change of normal behavior;
   (vii) Violence;

(b) Property-related misconduct, including but not limited to:
   (i) Theft;
   (ii) Threats to or damage of University property;
   (iii) Vandalism;

(c) Inappropriate or disruptive behavior, including but not limited to:
   (i) Actions which habitually interfere with the learning environment or requires the inordinate time and attention of faculty and staff;
   (ii) Alcohol or substance abuse;
   (iii) Disorderly behaviour;
   (iv) Indecent exposure;
   (v) Unprofessional conduct;

(d) Abuse of the process of University policies, procedures or regulations, including but not limited to:
   (i) Abuse of computer privileges;
   (ii) Breach of student residence rules or regulations;
   (iii) Failure to comply with a previously imposed Disciplinary Action;
   (iv) Frivolous or vexatious complaints or appeals.

2.6 Students will be subject to Disciplinary Action for any instance of Non-Academic Misconduct, regardless of whether such behaviour is covered by other University policies, procedures or bylaws. Matters relating to certain Non-Academic Misconduct may also be subject to additional policies, such as:

(a) The Respectful Work and Learning Environment Policy and the Complaints and Disclosures Procedure when the matter relates to Discrimination, or Harassment;

(b) The Sexual Violence Policy and the Complaints and Disclosures Procedure when the matter relates to Sexual Violence;

(c) The Violent or Threatening Behaviour Policy and Procedure when the matter relates to Violence, hazing, stalking behaviour, or the possession or use of dangerous objects in violation of any applicable law;

(d) The Use of Computer Facilities Policy and Procedure when the matter relates to abuse of computer privileges;

(e) The Campus Alcohol Policy and Procedure when the matter relates to alcohol or substance abuse;

(f) The student Residence Contract when the matter relates to a breach of student residence rules or regulations.

Jurisdiction of Disciplinary Authority

2.7 The specific jurisdiction of each Disciplinary Authority designated to determine an allegation of Non-Academic Misconduct is set out in Table 2.

2.8 For matters involving the Non-Academic Misconduct of an undergraduate Student, the Disciplinary Authority with the closest connection to the particular alleged Non-Academic Misconduct has jurisdiction over the matter, subject to section 2.10 of this Procedure. However, the Disciplinary Authority must inform the Unit Head of the Student's home Faculty/College/School, and the Vice-Provost (Students), prior to any investigation.

2.9 Matters involving Non-Academic Misconduct of a graduate Student must be referred directly to the Dean of the Faculty of Graduate Studies who shall, in turn, inform the department head of the Student's program, and the Vice-Provost (Students), prior to any investigation.

2.10 When the alleged Non-Academic Misconduct, if proven on a balance of probabilities, would:

(a) Constitute a second instance of Non-Academic Misconduct by the Student; or

(b) Be of such severity as to warrant a Disciplinary Action that is not available to the Disciplinary Authority with the closest connection to the matter under Table 2 (e.g. Department Head); the matter shall be referred to the next appropriate Disciplinary Authority under Table 2 (e.g. Dean/Director) for investigation and decision.

2.11 If a question arises as to which Disciplinary Authority should hear a particular case, the question must be referred to the President for resolution.
2.12 If the Non-Academic Misconduct relates to a criminal offence, the Disciplinary Authority must provide relevant information to UMSS for potential follow-up by the appropriate policing authority.

Notice to Vice-Provost (Students)
2.13 Before initiating an investigation, the Disciplinary Authority will advise the Vice-Provost (Students) of the following:

(a) An allegation of Non-Academic Misconduct has been received;
(b) The nature of the Non-Academic Misconduct;
(c) The name of the Student alleged to have committed the Non-Academic Misconduct; and
(d) The intention of the Disciplinary Authority to initiate an investigation in accordance with this Procedure.

2.14 The Vice-Provost (Students) will review this information and advise the Disciplinary Authority if he or she feels the matter should be referred to STATIS before the investigation is conducted.

Notice to the Student
2.15 After consultation with the Vice-Provost (Students), the Student who is the subject of a disciplinary matter will be informed in writing by the Disciplinary Authority (with a copy to the University's Registrar) that:

(a) An investigation is proceeding in accordance with this Procedure, the nature of the matter being investigated, that the Student may be subject to Disciplinary Action, and that a hold will be placed on the Student's record in accordance with section 2.16 of this Procedure until the allegation is investigated;
(b) The Student will be given an opportunity to respond to the allegation and, if a meeting is scheduled, notice will be provided as to who will be present on behalf of the University at the meeting;
(c) The Student may seek advice and representation from a Student Advocate, a representative from the University of Manitoba Students' Union, a representative from the Graduate Students' Association, a member of the University Community not receiving payment for appearing, a member of the Student's immediate family, or other support person as may be appropriate. It is the sole responsibility of the Student to determine the adequacy of the Student's representation;
(d) Failure to respond by a specified date will result in the matter being considered without the Student's response;
(e) The Student may obtain a copy of this Procedure, the Bylaw and related procedures. These documents are available online or from the Office of the University Secretary or the Student Advocacy office;
(f) The Student has a right to appeal in accordance with the Bylaw and Appeal Procedure.

Student Records
2.16 The Disciplinary Authority will request that the Registrar place a hold on the Student's record to prevent the issuance of transcripts, transfers between Faculty/College/School and changes in registrations until the alleged Non-Academic Misconduct is investigated. Until a decision has been made and any appeal process available under the Bylaw has concluded, the Student shall be permitted to continue in the course or program and the Disciplinary Authority must ensure the Student's work continues to be graded normally and is unaffected by the allegation of Non-Academic Misconduct, subject to sections 2.25 and 2.26 of the Bylaw.

Investigation Procedure
2.17 Subject to section 2.18 of this Procedure, the Disciplinary Authority will, either personally or through a designate, conduct an investigation into the allegations of Non-Academic Misconduct in any manner that he or she deems appropriate to the nature of the alleged Non-Academic Misconduct, the seriousness of the issues involved, and any admissions made during the investigation. This may include some or all of:

(a) Interviewing witnesses;
(b) Reviewing documents and records (both paper and electronic);
(c) Reviewing photographs, audio, and video recordings;
(d) Examining physical evidence;
(e) Arranging for testing of physical evidence;
(f) With the consent of participants, arranging for medical or psychological evaluations; and/or
(g) Submitting a Third Party Data Access Request Form to IST regarding accessing electronic systems and consulting with Access and Privacy Office as required to facilitate the request.

2.18 The Disciplinary Authority may choose not to personally investigate where the issue has been or may be investigated pursuant to another University policy, procedure or bylaw.

2.19 The Disciplinary Authority will conduct the investigation in accordance with the principles of procedural fairness and natural justice. In particular, the Disciplinary Authority will ensure that:

(a) The Student must be informed of the allegations against him or her, including, subject to section 2.34 of this Procedure, having access to all documentary and other evidence relied upon by the Disciplinary Authority and knowing the identity of the complainant;
(b) The Student must be provided an opportunity to respond to the allegations;
(c) While strict rules of evidence do not apply, appropriate weight must be given to evidence based on its credibility and reliability; and
(d) Witnesses may wish to consult with or respond through an advocate (which may include legal counsel, a union representative, or a Student Advocate, as may be appropriate).

2.20 The Disciplinary Authority (or designate) may meet with the Student to present the facts/evidence concerning the allegation and to give the Student an opportunity to respond to the allegation and present his/her explanation of the matter. The Disciplinary Authority will give notice to the Student as to who will be present on behalf of the University at such a meeting.

Decision
2.21 The Disciplinary Authority will inform the Student that a written decision letter will be sent normally within five (5) working days of receiving the Student's response. If the Student does not respond within a reasonable time, the Disciplinary Authority will consider the matter and make a decision in the absence of the Student's response and based on the information that is available.
2.22 At the conclusion of the investigation, the Disciplinary Authority will inform the Student of his or her decision in writing and will include, at minimum, the following:

(a) A summary of the allegation of Non-Academic Misconduct;
(b) A summary of the process and key timelines in the investigation;
(c) A summary of the key evidence obtained through the investigation, including the response of the Student to the allegation;
(d) An indication of which key evidence was considered credible and reliable;
(e) A conclusion as to whether, on a balance of probabilities, the Non-Academic Misconduct occurred;
(f) A summary of the reasons for the conclusion;
(g) A summary of any Disciplinary Action instituted in accordance with the Bylaw and section 2.23 of this Procedure; and
(h) If Disciplinary Action is taken, information about the right to appeal, the time period for appeal, and the person and contact information for the submission of an appeal, in accordance with the Bylaw.

2.23 Where there is a finding of Non-Academic Misconduct, the Disciplinary Authority will consider any previous findings of Non-Academic Misconduct before determining the appropriate Disciplinary Action under the Bylaw. In the case where the Disciplinary Authority is not the Unit Head of the Faculty/College/School in which the Student is registered, the Disciplinary Authority will determine the appropriate Disciplinary Action in consultation with the Unit Head of that Faculty/College/School.

2.24 The Disciplinary Authority will send a copy of their decision to the Registrar, to the Vice-Provost (Students), and to the Unit Head of the Faculty/College/School in which the Student is registered.

Appeals

2.25 Students have a right to appeal Disciplinary Actions in accordance with the Bylaw and the Appeal Procedure.

Concerning Behaviour

2.26 “Concerning Behaviour” means any behaviour that, while not indicative of a clear immediate threat, gives rise to a reasonable apprehension that the Student may engage in conduct harmful to him- or herself or to others, including but not limited to:

(a) Threats of self-harm;
(b) Worrisome behavioral changes in an individual, such as changes in appearance, social withdrawal or isolation, apparent detachment from reality, or inordinate interest in or discussion of violent themes or events.

2.27 Where a Student is exhibiting Concerning Behaviour, members of the University Community must report such behaviour to their Unit Head, a member of STATIS, and/or UMSS. The Unit Head of the Student’s Faculty/College/School of registration must be consulted and that Unit Head should, where appropriate:

(a) Ensure the Student receives timely voluntary counselling referrals through existing support services at the University, such as the Student Support Case Manager, Student Counselling Centre, University Health Services, and/or the Faculty Counselling Services (College of Medicine);
(b) Use this Procedure, the Student Discipline Bylaw and other policies, procedures and bylaws as appropriate where additional action is necessary to deal with Concerning Behaviour.

2.28 Members of the University Community must report incidents of Concerning Behaviour to UMSS and STATIS where a Student’s Concerning Behaviour is affecting the various services and administration offices of the University, or where the Concerning Behaviour is of a nature or quality that likely will result in:

(a) Serious harm to the Student or substantial deterioration of the Student’s health; or
(b) Serious harm to another person or property.

2.29 When reporting concerns to STATIS or UMSS, individuals should attempt to provide the following information:

(a) Description of the Concerning Behaviour;
(b) Name of the Student exhibiting the Concerning Behaviour; and
(c) Indication of what action has been taken to date (if applicable), including a description of any meetings with the Student and any assistance provided, including referrals.

2.30 Information regarding Concerning Behaviour that is received during the Student application process must be referred to the Executive Director of Enrolment Services or the Dean of Graduate Studies, as appropriate. If the information is of serious concern to the respective Executive Director of Enrolment Services or the Dean of Graduate Studies, he/she may seek the advice of the University Legal Counsel and may initiate a staff conference of STATIS.

2.31 If a Student does not accept personal responsibility for their Concerning Behaviour or will not accept appropriate referral for voluntary counselling, the Unit Head should proceed as follows:

(a) Advise the Student to seek professional help; and
(b) Contact the Executive Director of Student Support if the Student refuses to voluntarily seek professional help. The Executive Director of Student Support may consult with colleagues to determine whether or not an involuntary psychiatric assessment is advisable according to mental health legislation and regulations.

Confidentiality

Obligations of Confidentiality by the University

2.32 In respect of an incidence of Non-Academic Misconduct or Concerning Behaviour, the University will not disclose the name of the complainant, the Student, or the circumstances related to the complaint to any person, other than where the disclosure is:

(a) Necessary to investigate the complaint or take corrective action with respect to the complaint;
(b) Necessary to coordinate an action plan for a Student exhibiting Concerning Behaviour that includes supports and a clear referral mechanism for the Student; or
(c) Required by law.
2.33 Personal information that is disclosed under section 2.32 above in respect of an incidence of Non-Academic Misconduct or Concerning Behaviour will be the minimum amount necessary for the purpose.

Obligations of Confidentiality by the Disciplinary Authority
2.34 The Disciplinary Authority, in conducting the investigation, will comply with The Freedom of Information and Protection of Privacy Act and The Personal Health Information Act with respect to personal information and personal health information collected, used and disclosed in the course of the investigation. Where a Disciplinary Authority is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.35 The Disciplinary Authority will advise all persons involved with an investigation as to their obligations regarding confidentiality, and the protections available to them under this Procedure.

Obligations of Confidentiality by the Others
2.36 All persons involved in an investigation of an incident of Non-Academic Misconduct or Concerning Behaviour, whether as a witness or retrieving relevant information or documents, must keep confidential:
   (a) The existence and nature of the investigation; and
   (b) Any information or documentation obtained as a result of the investigation; which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office.

2.37 Notwithstanding section 2.36, the Complainant, the Respondent, and witnesses involved in the investigation may:
   (a) Obtain confidential advice (including advice from a Student Advocate or lawyer, as may be appropriate);
   (b) Disclose information to others only to the extent reasonably necessary to gather evidence and, in the case of an accused Student, to make full answer and defense to the allegations; and
   (c) Use information obtained independent of the investigation in any other forum.

Records Management
2.38 The Disciplinary Authority will maintain files with respect to each complaint in accordance with the Records Management Policy and Procedure.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the President that a formal review of this Procedure is required.

3.2 The President is responsible for the implementation, administration and review of this Procedure.

3.3 Students, Faculty/College/School Councils, Unit Heads, Academic Staff and employees are responsible for complying with this Procedure.

Part IV: Review
4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Procedure is September 1, 2026.

4.2 In the interim, this Procedure may be revised or repealed if:
   (a) the President or the Approving Body deems it necessary or desirable to do so;
   (b) the Procedure is no longer legislatively or statutorily compliant;
   (c) the Procedure is now in conflict with another Governing Document; and/or
   (d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:
   (a) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
   (b) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
   (a) Student Discipline Bylaw;
   (b) Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct;
   (c) Table 3: Disciplinary Actions and Disciplinary Authorities;
   (d) Student Discipline - Appeal Procedure;
   (e) Respectful Work and Learning Environment Policy;
   (f) Sexual Violence Policy;
   (g) Complaints and Disclosures Procedure;
   (h) Residence Contract;
   (i) Violent or Threatening Behaviour Policy and Procedure;
   (j) Campus Alcohol Policy and Procedure;
   (k) Definitions of Academic Units Policy;
   (l) Records Management Policy and Procedure;
   (m) Use of Computer Facilities Policy and Procedure;
   (n) Third Party Data Access Request Form;
   (o) Student Advocacy Office Policy;
   (p) The Freedom of Information and Protection of Privacy Act, CCSM c. F175;
   (q) The Personal Health Information Act, CCSM c. P33.5.

University Parking Regulations

October 05, 2022
Parking

Part I: Reason for Regulation

1.1 The University of Manitoba recognizes that at any given time there is a large number of Motor Vehicles driving and parking on campus. In order for the University to maintain orderly conduct of parking of Motor Vehicles, Parking Regulations must be established. Furthermore, as an ancillary service, parking must be operated on a cost recovery basis. These regulations set out the rules, fees and remedies available in association with parking on University Property, and they apply to all staff, students, and the general public. The University of Manitoba Act, which is an act of legislature, empowers the University of Manitoba to govern parking on University Property and to make parking regulations. This includes fees and charges for parking violations and actions taken for failure to pay fees and charges.

Part II: Regulation Content

Introduction

2.1 Responsibility for the overall administration and implementation of the Parking Regulations (the “Regulations”) of the University of Manitoba (the “University”) rests with the Vice-President (Administration), who may from time to time delegate to others aspects of the administration or implementation of the Regulations.

2.2 All members of the University community and persons attending on University Property are required to familiarize themselves and comply with the Regulations.

2.3 The Regulations are in addition to any bylaws of the City of Winnipeg and any legislation and regulations of the Province of Manitoba regulating the operation or use of Motor Vehicles or regulating the crossing of or walking upon roadways by pedestrians.

2.4 Nothing contained in these Regulations shall be deemed to limit the University’s remedies or actions, either at law or through the University's policies, in respect of any matter arising under these Regulations.

General Definitions

2.5 The following terms have the following defined meaning for the purpose of this Regulation:

(a) Designated Accessible Parking Area means a parking space designated for individuals with physical disabilities.

(b) Event means any event being held at the Investors Group Field with an expected attendance of 15,000 or more individuals.

(c) Event Day shall mean the date on which there is a scheduled Event at the Investors Group Field.

(d) Investors Group Field Event Designated Parking Lots shall mean any parking lot on University Property, on Event Day, designated and posted by the University as such, and shall not include University Designated Parking Lots.

(e) Motor Vehicles includes reference to motorcycles, mopeds and scooters, and where appropriate, snowmobiles, bicycles, golf carts and all-terrain vehicles.

(f) Parkade means a multilevel structure located on University property designed for the parking of Motor Vehicles. (g) Parking Fee means the fee corresponding to the rates set annually by the Vice-President (Administration) or designate for all available parking permits.

(h) Parking Services means the persons or administrative unit of the University to whom the Vice-President (Administration) may from time to time delegate responsibility for administration of parking permits and for the designation and assigning of parking areas.

(i) Public Pay Parking Area means any parking area on University Property, excluding the Parkade, designated by the University with signage as visitor or casual parking with a parking meter, pay and display dispenser, pay-by-plate parking meter, or mobile payment application, or such other similar technology as may become available.

(j) Reserved Parking Areas means areas designated by the University as reserved 24 hour parking areas located in various parking lots on University Property.

(k) University Designated Parking Lots shall mean any parking lot on University Property, on Event Day, designated and posted by the University as such, and all shall not include Investors Group Field Event Designated Parking Lots.

(l) University Property means property owned and occupied or under the charge or control of the University, including roadways and including property at Investors Group Field and SmartPark.

(m) University Security Services means the administrative unit of the University, the members of which are provincially licensed security guards and may include others contracted by the Vice-President (Administration) from time to time to assist in the implementation of the Regulations.

(n) Violation Notice means a notice or form issued by the University to any operator or owner charged with violation of any of the provisions of this Regulation.

Headings of Paragraphs

2.6 All headings in the Regulations are inserted solely for convenience of reference and shall not be deemed in any way to limit or affect the provisions to which they relate.

Scope of Regulations

2.7 The Regulations, without any exceptions, apply to:

(a) all persons who park, stop or leave a Motor Vehicle on University Property; and

(b) all owners of Motor Vehicles which are parked, stopped or left on University Property.

Procedure Where No Assigned Parking Space Available

2.8 Subject to sections 2.36-2.38 on Event Parking, holders of a valid staff parking permit who find their assigned parking area fully occupied may park in the next most convenient parking area (other than a reserved parking area, an accessible parking area, a residence student parking area, a metered parking area, a Public Pay Parking Area or a Parkade) and must immediately report the matter to Parking Services. The report should include the Motor Vehicle license number and staff permit number.

2.9 Subject to sections 2.36-2.38 on Event Parking, holders of any other valid parking permit who find their assigned parking area fully occupied
should contact Parking Services for directions on where to park without penalty.

Rates
2.10 Rates for all forms of available parking permits at the University (including rates for parking permit replacements) are set annually by the Vice-President (Administration) or designate and are posted atumanitoba.ca/parking (https://umanitoba.ca/parking/).

Parking Permits – General

Eligibility and Priority
2.11 All persons are eligible to apply for a parking permit as hereinafter provided. Priority in allocation of parking permits will be given to full-time staff members and students of the University. Any person applying for a parking permit may be required to provide identification in order to establish eligibility.

Authorization
2.12 On Monday to Friday from 7:30 am to 4:30 pm, a parking permit is required for any Motor Vehicle parked or left on University Property in an assigned parking area, unless the Motor Vehicle is otherwise parked at a meter, Public Pay Parking Area or Parkade in compliance with the Regulations. A parking permit conveys the authorization by the University for a specific Motor Vehicle, registered with Parking Services, to be parked in an assigned parking area. Registration includes an application form and payment of the Parking Fee. Each permit will indicate the category of parking authorized and, if appropriate, the area on campus where that Motor Vehicle is authorized to park.

Reserved Twenty-Four (24) Hour Parking
2.13 Subject to sections 3.2-3.28 on Event Parking, certain areas in various parking lots will be designated by the University as Reserved Parking Areas. Parking in a Reserved Parking Area is limited to Motor Vehicles displaying a valid parking permit for that specific Reserved Parking Area. Reserved Parking Areas are appropriately signed and identified.

Alternate Parking Permit
2.14 Effective September 13, 2013, alternate parking permits will no longer be issued by Parking Services. All current alternate permit holders may keep their eligibility until such time as they cancel their parking privileges or their termination of employment with the University. Eligible staff members who may be using an alternate vehicle on University Property and previously applied for alternate parking permits may retain their alternate permit upon payment of the appropriate fee in effect at the time of application and provided the second Motor Vehicle is registered and the staff member complies with any University policies, procedures, regulations and other rules then in effect. Where an alternate parking permit has been issued, only one (1) registered Motor Vehicle at any time is authorized to park on University Property at any given time (unless the second registered Motor Vehicle is otherwise parked at a metered or Public Pay Parking Area or Parkade in compliance with the Regulations).

Affixing or Displaying Parking Permits
2.15 Parking permits must be properly affixed or displayed on the Motor Vehicle as follows:

(a) parking permit decals issued by the University must be affixed on the lower corner of the front windshield on the driver’s side of the Motor Vehicle. The backing must be removed from the permit and the permit affixed to the glass using the adhesive which is on the permit; and,

(b) parking permit hang tags issued by the University must be displayed according to directions printed on the permit.

2.16 Expired, invalid and cancelled parking permits must be removed from Motor Vehicles immediately after the expiry, invalidation or cancellation date and not displayed in conjunction with a valid parking permit.

Parking Permit Replacement
2.17 Parking permit replacements may be issued, at a predetermined rate, to eligible permit holders when parking permits have been lost or stolen.

2.18 Parking permit replacements may be issued, at no cost, to eligible permit holders where parking permits, through weather damage or fading, are in need of replacement, as determined by Parking Services.

2.19 Where a parking permit replacement is issued, the original parking permit must be returned to Parking Services, unless lost or stolen. If the parking permit has been lost or stolen, an affidavit will be required from the permit holder.

Term of Permit
2.20 Parking permits are issued for a specified period of time, but immediately become invalid upon the happening of any of the following events:

(a) on the date of expiration shown on the parking permit (if applicable);

(b) when the parking permit is displayed on a Motor Vehicle other than the Motor Vehicle for which it was issued;

(c) when the parking permit is not legible or has been altered;

(d) when the parking permit has been cancelled or revoked;

(e) when the parking permit is lost or stolen;

(f) when the Motor Vehicle for which the parking permit is issued has been placed on the University’s tow away list;

(g) when the applicant for a parking permit gives false or incorrect information at the time of application; and

(h) when a residence student of the University vacates or is required to vacate a residence located on University Property (even if the property is leased from the University).

Permits Not Transferable
2.21 Parking permits are not transferable and may be used only for the Motor Vehicle in which the permit was issued unless otherwise authorized in writing by Parking Services. Parking permits remain the property of the University and must be destroyed when the permit expires or becomes invalid.

Permits for Persons with Physical Disabilities
2.22 Any persons with physical disabilities may apply to Parking Services for a parking permit for Designated Accessible Parking Areas as determined by Parking Services. In order to qualify for a parking permit for Designated Accessible Parking Areas, a valid Society for Manitobans with Disabilities ("SMD") parking permit must be presented by the permit applicant. The SMD permit expiry date will be relied upon by Parking Services to determine the length of time for which the parking permit for Designated Accessible Parking Areas is required.
2.23 Holders of valid University accessible parking permits who find no designated Designated Accessible Parking Area is available, may park in the next most convenient parking area (other than a residence student parking area, or parking lots N, O and V, as designated by the University) and must immediately report the matter to Parking Services. The report should include the vehicle license number and accessible parking permit number.

Bicycles
2.24 Bicycles should be parked only in proper University bicycle racks or the University Parkade Bike Station. Parking and storing of bicycles inside any University building, or in any manner which may create a problem related to pedestrian safety, building access or maintenance, as determined by the University, is prohibited. Bicycles parked in such a fashion are subject to removal by the University and their owners may be subject to a fee or charge, at rates established by the University, from time to time.

Rights of Cancellation
2.25 Notwithstanding any other provision of these Regulations, the University may withdraw areas normally used for parking and cancel any parking permit if the parking area referred to therein is required for construction or other purposes. If the assigned parking area or any portion thereof for which the parking permit is valid is deemed by the University to be required for other purposes and if alternative parking is not provided by the University, the unearned portion of the Parking Fee, minus any amounts due and owing to the University as fees or charges incurred as a result of parking or leaving Motor Vehicles on University Property in contravention of the Regulations, will be refunded to the registered parking permit holder.

Staff and Student Parking
Application for Parking
2.26 Staff members intending to park a Motor Vehicle, other than a bicycle, on University Property must apply for assigned parking at Parking Services, unless the Motor Vehicle is otherwise parked at a metered parking area, Public Pay Parking Area or Parkade in compliance with the Regulations.

2.27 Students intending to park a Motor Vehicle on University Property must apply for assigned parking at Parking Services or through any other valid registration system authorized by the University, unless the Motor Vehicle is otherwise parked at a metered parking area, Public Pay Parking Area or Parkade in compliance with the Regulations.

Conditions of Parking
2.28 Parking permits authorize the registered permit holder to park in the parking area designated by the parking permit in accordance with the terms and conditions displayed on the parking permit or in the parking contract signed by the permit holder.

2.29 In some parking areas, electricity is supplied to electrical outlets depending on climatic conditions.

Summer Parking Permits
2.30 Summer parking permits may be issued upon application and authorize the registered permit holder to park in the parking area designated by the parking permit during the period of May 1 to August 31 upon payment of fees, to be set by the University and posted on www.umanitoba.ca/parking (http://www.umanitoba.ca/parking/).

Residence Student Parking
2.31 Residence student parking areas are reserved on a twenty-four (24) hour basis for residence students of the University. Residence students who own and operate a Motor Vehicle, while maintaining approved residence on University Property, may apply for available residence parking permits and must submit proof of ownership of the Motor Vehicle acceptable to Parking Services. These permits will be withdrawn by the University if the residence student vacates or is required to vacate residence on University Property, and the unearned portion of the Parking Fee, minus any amounts due and owing to the University as fees or charges incurred as a result of parking or leaving Motor Vehicles on University Property in contravention of the Regulations, will be refunded to the registered parking permit holder.

Visitor Parking
Visitors
2.32 Subject to sections 2.36-2.38 on Event Parking, and unless otherwise posted by the University, visitors may park in metered and Public Pay Parking Areas or a Parkade at the posted rate, on Monday to Friday from 7:30 a.m. to 4:30 p.m. Monday to Friday from 4:30 p.m. to 7:30 a.m. and on Saturdays and Sundays, visitors may park in all parking areas without charge, unless otherwise posted by the University. Visitors must at all times comply with the Regulations.

2.33 Any visitor (including contractors, trades people, and persons attending conferences and seminars) who wishes to park other than at a metered parking area, Public Pay Parking Area or Parkade must obtain written parking authorization through Parking Services in advance and must comply with the Regulations.

2.34 On an Event Day, visitors may not park or leave a Motor Vehicle in any parking area or parkade, except as designated by the University with signage and/or on www.umanitoba.ca/parking (http://www.umanitoba.ca/parking/), beginning ninety (90) minutes before an Event until one (1) hour after an Event.

Couriers
2.35 Courier companies making deliveries to the University are to use designated building loading zones and must comply with the Regulations. Parking is not to exceed the posted allowable time in duration and courier vehicles must be visibly identified as such.

Event Day Parking
Investors Group Field event Designated Parking Lots
2.36 Notwithstanding anything else in these Regulations, beginning ninety (90) minutes before the scheduled start of an Event and until one (1) hour after the end of any Event, no person shall stop, park or leave any Motor Vehicle in any Investors Group Field Event Designated Parking Lot, except in accordance with the authorization granted by a valid Investor’s Group Field parking pass or paid Event parking ticket.

University Designated Parking Lots
2.37 Notwithstanding anything else in these Regulations, beginning ninety (90) minutes before the scheduled start of an Event and until one (1) hour after the end of any Event, no person shall stop, park or leave any Motor Vehicle in any University Designated Parking Lot without displaying a valid University of Manitoba parking permit. University Designated Parking Lots will be available to University of Manitoba parking permit holders on a first-come, first served basis and space will not be guaranteed.

Visitor Parking on Event Day
2.38 Notwithstanding anything else in these Regulations, visitor parking areas at the University of Manitoba during Events will be temporarily unavailable except as designated by the University with signage and/or
on www.umanitoba.ca/parking (http://www.umanitoba.ca/parking/). This will include all Public Pay Parking Areas, metered areas and Parkades.

**Stalls Equipped With Heater Plugs**

**Restriction on Use of Power**

2.39 No person shall use any plug except for the sole purpose of drawing power for a Motor Vehicle block heater or to charge an electric vehicle in the appropriately designated stall and no device may be used to supply power to another Motor Vehicle.

**Faulty Heater Plugs**

2.40 Faulty plugs should be reported as soon as possible to the University’s Physical Plant Department, or such other or substitute office as may be instituted in its place by the University from time to time.

**Liability**

2.41 The University, its employees, servants and agents assume no responsibility for any inconvenience, loss of, or damage to, a Motor Vehicle or its contents while on University Property, including, but not limited to any inconvenience, loss or damage caused by or attributable to fire, theft, collision electrical surges or interruptions of the supply of electricity or otherwise.

**Parking and Operation of Motor Vehicles Prohibitions**

2.42 No person shall stop, park or leave any Motor Vehicle, except for bicycles, upon any part of University Property except in accordance with the authorization granted by a valid parking permit and the Regulations provided that, bicycles shall remain subject to all other Regulations and policies of the University.

2.43 Except as specifically authorized by a valid parking permit, no person shall stop, park or leave a Motor Vehicle alongside any building on University Property.

2.44 No person shall stop, park, leave or operate a Motor Vehicle on sidewalks, paths, loading zones, landscaped areas or within three (3) meters of a fire hydrant on University Property except in the course of the performance of essential University business.

2.45 No person shall stop, park or leave a Motor Vehicle in specific areas and roadways on University Property identified and signed as fire lanes.

2.46 No person shall stop, park or leave a Motor Vehicle in a metered space on University Property when the meter at that space is hooded.

2.47 No person shall stop, park or leave a Motor Vehicle idling in an area designated by the University as a “No Idling” Zone, on University Property as indicated by appropriate signage.

2.48 No person shall stop, park or leave a Motor Vehicle in a metered space, Public Pay Parking Area, Parkade or in any parking stall on University Property in such a manner that the Motor Vehicle is not wholly within the metered space or parking stall.

2.49 No person shall move, disfigure, or in any way tamper with any parking control signs posted or erected on University Property.

2.50 No person shall stop, park, leave or operate a snowmobile on University Property, unless specifically authorized by the Vice-President (Administration), or designate, who may set terms and conditions in connection with such authorization wherever appropriate.

2.51 No person shall stop, park or leave a Motor Vehicle in a reserved parking area, a signed Designated Accessible Parking Area or a residence parking area at any time without a valid parking permit for that area unless otherwise posted.

2.52 No person shall permit a Motor Vehicle to be stopped, parked or left in a metered space on University Property when the violation signal of the meter indicates a violation or when the pay parking ticket has expired.

2.53 No person shall stop, park or leave a Motor Vehicle within a Public Pay Parking Area, a metered space or a Parkade, without purchasing parking from a pay & display parking dispenser, parking meter, or mobile payment application on University Property.

2.54 No person shall stop, park or leave a Motor Vehicle from 7:30 a.m. to 4:30 p.m., Monday through Friday, in a signed parking area on University Property, without displaying a valid parking permit for that area.

2.55 Prohibitions 2.42 through 2.50 and 2.56 through 2.59 shall be in effect at all times. Prohibitions 2.51 through 2.54 shall apply at all times except on Saturday, Sunday and holidays, unless otherwise posted or noted in the Regulations.

**Theft of Service**

2.56 No person shall deposit or cause to be deposited in a single or multi-space parking meter, parking pay station or pay & display machine, any substitute for a coin of Canada; or, deface, damage, tamper or impair the working of any single or multi-space parking meter, meter pole, electronic parking pay station, pass card reader, transponder or reader, Parkade ticket terminal, pay & display machine or pay parking lot gate.

2.57 No operator of a Motor Vehicle shall, during the hours of operation, on entry into a Parkade, proceed without first obtaining a pay parking ticket from either the attendant or the automated ticket dispenser for that Parkade. On exiting from that Parkade, no Motor Vehicle operator shall proceed to exit without stopping and submitting the pay parking ticket to either the attendant or an automated pay station or terminal and paying the required fee.

2.58 No operator of a Motor Vehicle shall, during the hours of operation, as posted by the University, on entry into a Public Pay Parking Area, or a multi-space meter area, park without first paying for parking from either the attendant or the automated machine for that area.

2.59 No operator of a Motor Vehicle shall, during the hours of operation, display an altered, forged, copied or stolen parking permit and/or pay & display receipts or any other type of ticket normally issued for parking on University Property.

**Parking Signs**

2.60 Operators of Motor Vehicles shall obey any parking signs on University Property erected by either the University or with the consent of the University.

**Temporary “No Parking” Signs**

2.61 Where it is necessary to erect temporary “No Parking” signs in areas normally allotted for parking under the Regulations for such reasons as snow removal, cleaning, construction, special events or other good reasons, as same may be deemed by the University, such “No Parking” signs shall be observed and have priority over normal parking privileges. Wherever possible, persons temporarily displaced by the erection of such emergency signs will be assigned to other locations.

**Fees and Charges**

2.62 Authority. Pursuant to subsection 16(1) of The University of Manitoba Act, the University is authorized to impose fees and charges to
be paid by owners or operators of Motor Vehicles stopped, parked in or left on University Property in contravention of the Regulations.

2.63 Notice of Parking Violation. A Violation Notice may be issued by the University to any operator or owner charged with violation of any of the provisions hereof. The owner of a Motor Vehicle may be responsible for payment of any fees or charges in connection with the Violation Notice issued to that vehicle unless the owner can prove to the satisfaction of the University that the Motor Vehicle was not being operated by and/or was not parked or left by the owner or by any other person with the owner’s express or implied consent.

2.64 Failure to Pay Fees or Charges. Violation Notices must be settled within ten (10) days from the date of issue, failing which the University shall proceed to take all necessary legal action to receive payment of such fees and charges together with any costs incurred by the University in taking such legal action.

2.65 Service of Violation Notices. A Violation Notice shall be sufficiently served if served in any of the following ways:

(a) by being handed to the operator of the Motor Vehicle;
(b) by being mailed, either by regular mail or by electronic mail, to the address of the person registered as the owner of the Motor Vehicle concerned, or,
(c) by such violation notice being attached to, or left under, the windshield wiper or attached to the windshield of the Motor Vehicle.

2.66 Content of Violation Notice. The Violation Notice shall have endorsed thereon the following:

(a) “This parking violation is issued pursuant to section 16 of The University of Manitoba Act by authority of the Board of Governors of the University, or such other substitute office as may be instituted in its place by the University, from time to time, for a contravention of the Parking Regulations”.

2.67 Amount of Fees and Charges. Fees and charges for parking violations are as follows:

(a) for all violations other than those listed in subsections (b) to (h):

(i) Option “A” – Thirty Five Dollars ($35.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – Seventy Dollars ($70.00) if paid thereafter.

(b) for possession and/or display of a stolen altered, copied or forged parking permit or pay & display parking ticket or receipt or any other type of ticket normally issued for parking on University Property – Three Hundred and Fifty Dollars ($350.00) and a charge in an amount equal to the costs that would have been incurred for the purchase of a parking permit or pay parking ticket for the period during which the stolen or forged parking permit or pay parking ticket was being used upon order of the Vice-President (Administration) under section 2.74;

(c) for a violation of sections 2.56 through 2.58 - Three Hundred and Fifty Dollars ($350.00) and such amount as the University may deem appropriate in order to compensate the University for losses suffered as a result of damage to property caused by the person, upon order of the Vice-President (Administration) under section 2.75;

(d) for stopping or parking in an Accessible Parking Space:

(i) Option “A” – One Hundred and Fifty Dollars ($150.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – Three Hundred Dollars ($300.00) if paid thereafter;

(e) for stopping or parking in a fire lane:

(i) Option “A” – Fifty Dollars ($50.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – One Hundred Dollars ($100.00) if paid thereafter;

(f) for violations of sections 2.36 and/or 2.37:

(i) Option “A” – Fifty Dollars ($50.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” Seventy Five Dollars ($75.00) if paid thereafter.

(g) for displaying an invalid permit or pay parking ticket:

(i) Option “A” – Seventy Five Dollars ($75.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” One Hundred and Fifty Dollars ($150.00) if paid thereafter.

(h) for violations of section 2.48:

(i) Option “A” – Twenty Dollars ($20.00) if paid within ten (10) days of the date the contravention occurred; and
(ii) Option “B” – Forty Dollars ($40.00) if paid thereafter.

The University may require payment of fees and/or charges for parking violations under more than one of the above noted subsections, with respect to a single incident, as the University, within its sole discretion may determine is appropriate.

2.68 Voluntary Payment. Any fees or charges issued under sections 2.42-2.59 on Prohibitions may be paid within the time limit indicated on the notice thereof as follows:

(a) by on-line payment, on a twenty-four (24) hour basis, by visiting the University’s website at www.umanitoba.ca/parking (http://www.umanitoba.ca/parking/);

(b) by mail or after hours deposit (cheques only) at Parking Services at the Welcome Centre, 423 University Crescent, or such other location as the office may be located in from time to time;

(c) in person Monday to Friday, between the hours of 8:00 a.m. and 4:30 p.m. at Parking Services at the Welcome Centre, 423 University Crescent, or such other location as the office may be located in from time to time.

2.69 An administration fee will be assessed by the University for all returned NSF cheques and stop payments.

2.70 Stolen, Altered, Copied or Forged Parking Permits and Pay Parking Tickets. Where a person has been found in possession of and/or displaying a stolen, altered, copied or forged parking permit or pay
2.71 Violation of Sections 2.56 - 2.59. Where a person has violated one or more of sections 2.56 – 2.59:

(a) the unauthorized parking permit or pay parking ticket shall be confiscated;

(b) the person shall pay a fine in accordance with section 2.67 of:

(i) Option "A" - Seventy Five Dollars ($75.00) if paid within ten (10) days of the date the contravention occurred; and

(ii) Option "B" – One Hundred and Fifty Dollars ($150.00) if paid thereafter; and

(c) upon the order of the Vice-President (Administration), the person:

(i) shall pay a fee of Three Hundred and Fifty Dollars ($350.00);

(ii) shall be required to make payment to the University in an amount equal to the costs that would have been incurred for the purchase of a parking permit or pay parking ticket for the period during which the stolen or forged parking permit or pay parking ticket was being used or in order to compensate the University for losses suffered as a result of damage to property caused by the person that violated one or more of sections 2.56-2.59; and

(iii) shall not be entitled to, and shall be prohibited from, parking a Motor Vehicle on University Property for a period of up to twelve (12) months, during which time any Motor Vehicle registered to that person may be towed away and impounded under Sections 2.76-2.79 on Removal, Impoundment and Liability.

2.72 Those persons wishing to appeal and outline extenuating circumstances, or appeal a Parking Fee or Violation Notice issued under section 2.67 (excluding clauses e-f of section 2.73), may do so as follows:

(a) with respect to fees or charges for parking in contravention of the Regulations – attend to Parking Services at the Welcome Centre, 423 University Crescent, (or such other location as the office may be located in from time to time), Monday through Friday, 8:00 a.m. to 4:30 p.m. respecting a fee or charge; or

(b) with respect to appeals of decisions under (a) above and with respect to the other decisions issued under sections 2.71 through 2.73 inclusive – appeal to the Vice-President (Administration) or such person or body designated by the Vice-President (Administration) in accordance with procedures established from time to time.

2.73 Revocation of Parking Permit. In addition to any other fees or charges provided by the Regulations, a parking permit of an individual violating the Regulations, may be revoked by the Vice-President (Administration) at his/her sole discretion.

2.74 Prohibition from Parking on University Property. Any person whose parking permit is revoked may also be prohibited by the Vice-President (Administration) from parking, stopping or leaving a Motor Vehicle on University Property for a period of up to twelve (12) months, during which time any Motor Vehicle registered to that person may be removed and impounded under sections 2.76-2.79 on Removal, Impoundment and Liability.

2.75 Failure to Pay Fees or Charges. Where a person does not pay the fees or charges owing under sections 2.67, 2.70 or 2.71, any one (1) or more of the following actions may be taken by the University:

(a) discipline (including dismissal) of faculty and staff members;

(b) discipline of students under the Student Discipline Bylaw;

(c) withholding of examination marks, transcripts, diplomas, or denying registration and registration materials until the outstanding fees or charges have been paid in full or other arrangements have been made which are satisfactory to the University;

(d) revocation of a parking permit under section 2.71 and prohibition from parking on University Property under section 2.72;

(e) withholding of the issuance of any new parking permits;

(f) removal and impoundment of a Motor Vehicle under sections 2.76-2.79 on Removal, Impoundment and Liability; and

(g) collection activities by the University or by others at the request of the University, including the issuance of a Statement of Claim in a civil court against the owner or operator of a Motor Vehicle for the amount of the fee or charge and all costs relating to and including the costs of removal, impoundment and storage of the Motor Vehicle, as well as any legal costs incurred by the University in taking such collection activities and/or legal action.

2.76 Motor Vehicles parked or left on University Property may be removed, impounded and stored if such Motor Vehicles are considered by the University to be impeding snow removal operations or any other
essential operation whatsoever or where removal or impoundment of the Motor Vehicle is deemed to be reasonable in the sole discretion of the University.

2.77 Motor Vehicles parked or left on University Property on an Event Day may be removed, impounded and stored if such Motor Vehicles are parked in in contravention of these Regulations, as determined by the University in its sole discretion.

2.78 In addition to any other fee, charge or consequence provided by these Regulations, a Motor Vehicle removed and impounded under these Regulations shall be at the owner’s risk. The owner or operator shall be responsible for the charges incurred for removal, impoundment and storage, which charges must be paid before the Motor Vehicle will be released.

2.79 Neither the University, nor its employees, servants or agents, shall be liable in any way whatsoever for such damage or inconvenience in the event of any damage or inconvenience caused by reason of any Motor Vehicle being towed away, removed, stored or impounded in accordance with these Regulations.

Liability for Lost, Stolen or Damaged Property
2.80 Neither the University, nor its employees, servants or agents, shall be liable in any way whatsoever for any lost, stolen or damaged property contained within the Motor Vehicle or any loss, damage or theft to the Motor Vehicle, notwithstanding that the loss, theft or damage may have occurred while on University Property.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Vice-President (Administration) that a formal review of this Regulation is required.

3.2 The Manager, Parking Services is responsible for the implementation, administration and review of this Regulation.

3.3 Students, External Parties and All Employees are responsible for complying with this Regulation.

Part IV: Review
4.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Regulation is March 20, 2022.

4.2 In the interim, this Regulation may be revised or repealed if:

   (a) the Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so;

   (b) the Regulation is no longer legislatively or statutorily compliant; and/or

   (c) the Regulation is now in conflict with another Governing Document.

4.3 If this Regulation is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

   (a) comply with the revised Regulation; or

   (b) are in turn repealed.

Part V: Effect on Previous Statements
5.1 This Regulation supersedes all of the following:

   (a) Parking for Invited Guests, Visitors, Conference and Special Events Policy;

   (b) Parking Regulations (2011)

   (c) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

   (d) all previous Administration Governing Documents on the subject matter contained herein.

Part VI: Cross References
6.1 This Regulation should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

   (a) http://www.umanitoba.ca/parking (http://www.umanitoba.ca/parking/)

Violent or Threatening Behaviour Policy and Procedure

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents/#students. (http://umanitoba.ca/admin/governance/governing_documents/#students)

Violent or Threatening Behaviour Policy
Part I: Reason for Policy
1.1 The purpose of this Policy is to:

   (a) Outline the University's commitment to creating and maintaining a safe, positive and productive work and learning environment that is free of Violence; and

   (b) Set out the actions and measures that the University will take to address the risk of Violence within the University.

Part II: Policy Content
Definitions
2.1 The following terms are defined for the purpose of this Policy and related Procedures:

   (a) "Policy" means this Violent or Threatening Behaviour Policy.

   (b) "Procedure" means the Violent or Threatening Behaviour Procedure.

   (c) "University" means The University of Manitoba.

   (d) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.

   (e) "University Matter" has the same meaning as defined in section 2.3 of this Policy.

   (f) "Violence" means:

      (i) The attempted or actual exercise of physical force against a person; or
(ii) Any threatening statement or behaviour that gives a person reasonable cause to believe that physical force will be used against the person.

**Scope**

2.2 This Policy applies to members of the University Community in relation to any University Matter. Nothing in this Policy is intended to detract from the academic freedom of the University's academic staff.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:

(a) University-related activities or events, including but not limited to:

(i) Any activity or event on property owned or controlled by the University;

(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;

(iii) The offering of any service by the University, including educational services;

(iv) Student placements, practica, or clinical training;

(v) University research activities, whether on or off campus;

(vi) Student and/or employee exchanges arranged in connection with the University;

(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;

(viii) University field trips, travel-study tours, service-learning activities, and similar activities;

(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:

(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;

(ii) Participation on a committee or board as a representative of the University;

(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;

(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University's learning and working environments.

**Policy Statement**

2.4 Individuals who commit Violence in relation to a University Matter will be subject to discipline under the Procedure.

2.5 The University will establish a protocol in accordance with the Procedure for reporting and responding to incidents of Violence and to provide a mechanism to support the maintenance of a safe work and learning environment. The University will make the protocol easily and readily available to the University Community.

2.6 This Policy and the Procedure are not intended to discourage or prevent a complainant from reporting instances of Violence to the police or exercising any other rights, actions or remedies that may be available to him or her under any other law.

**Part III: Accountability**

3.1 The Office of Legal Counsel is responsible for advising the Vice-President (Administration) that a formal review of this Policy is required.

3.2 The Vice-President (Administration) is responsible for the implementation, administration and review of this Policy.

3.3 Board of Governors members, Senate members, faculty/college/school councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers are responsible for complying with this Policy.

**Part IV: Authority to Approve Procedures**

4.1 The Vice-President (Administration) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

**Part V: Review**

5.1 Governing Document reviews shall be conducted every three (3) years. The next scheduled review date for this Policy is June 22, 2019.

5.2 In the interim, this Policy may be revised or repealed by the Approving Body if:

(a) the Vice-President (Administration) or the Approving Body deems it necessary or desirable to do so;

(b) the Policy is no longer legislatively or statutorily compliant; and/or

(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) comply with the revised Policy; or

(b) are in turn repealed.

**Part VI: Effect on Previous Statements**

6.1 This Policy supersedes all of the following:

(a) Violent or Threatening Behaviour Policy, effective March 22, 2006;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References
6.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:
(a) Violent or Threatening Behaviour Procedure;
(b) Sexual Assault Policy;
(c) RWLE and Sexual Assault Procedure;
(d) Vice-President (Administration) Bylaw;
(e) Student Discipline Bylaw;
(f) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(g) Use of Computer Facilities Policy and Procedure;
(h) The Workplace Safety and Health Act, C.C.S.M. c. W210; and

Violent or Threatening Behaviour Procedure
Part I: Reason for Procedure
1.1 The reason for this Procedure is:
(a) To establish a protocol for reporting and responding to incidents of Violence that occur with respect to University Matters and to provide a mechanism to support the maintenance of a safe, positive and productive work and learning environment; and
(b) To comply with The Workplace Safety and Health Regulation, W210 – 217/2006.

1.2 The Policy and this Procedure are not intended to discourage or prevent a complainant from exercising any other rights, actions or remedies that may be available to him or her under any other law.

Part II: Procedural Content
Definitions
2.1 The following terms are defined for the purpose of this Procedure:
(a) "Bylaw" means the Student Discipline Bylaw.
(b) "Disciplinary Authority" means the discipline authority designated to determine a matter of student discipline for Non-Academic Misconduct under the Student Discipline Bylaw, the Student Non-Academic Misconduct and Concerning Behaviour Procedure, and Table 2: Jurisdiction of Disciplinary Authorities for Non-Academic Misconduct.
(c) "LASH" means the Local Area Safety and Health committee established by the University of Manitoba in accordance with the provisions of The Workplace Safety and Health Act (Manitoba).
(d) "OSHA" means the Organizational Safety and Health Advisory committee established by the University that will look at safety and health issues that cross department/faculty lines or affect the University as a whole.
(e) "Policy" means the Violent or Threatening Behaviour Policy.
(f) "Procedure" means this Violent or Threatening Behaviour Procedure.
(g) "STATIS" means the Student/Staff Threat Assessment Triage Intervention Support team comprised of the following representatives:
(i) Vice-Provost (Students);
(ii) Associate Vice-President (Human Resources);
(iii) Director, Security Services;
(iv) Executive Director, Student Support;
(v) Student Support Case Manager; and
(vi) Legal Counsel.
(h) "UMSS" means the University of Manitoba's Security Services.
(i) "Unit" means a faculty, school, college, institute, centre, academic support unit (for example, libraries) or administrative unit whose Unit Head reports to the President or a Vice-President, Associate Vice-President or Vice-Provost. An academic department within a faculty or school is not a Unit as the term is used within these Procedures.
(j) "Unit Head" refers to the individual with direct supervisory authority over a Unit, including Deans, Directors, the University Librarian, the President, Vice-Presidents, Associate Vice-Presidents and Vice-Provosst with respect to their Units.
(k) "University" means The University of Manitoba.
(l) "University Community" means all Board of Governors members, Senate members, Faculty/College/School Councils, employees, anyone holding an appointment with the University, students, volunteers, external parties, contractors and suppliers.
(m) "University Matter" has the same meaning as defined in section 2.3 of this Procedure.
(n) "Violence" means:
(i) The attempted or actual exercise of physical force against a person; or
(ii) Any threatening statement or behaviour that gives a person reasonable cause to believe that physical force will be used against the person.

Scope
2.2 This Procedure applies to members of the University Community in relation to any University Matter.

2.3 "University Matter" means any activity, event, or undertaking in which a member of the University Community participates, which has a substantial connection to the University, such as:
(a) University-related activities or events, including but not limited to:
(i) Any activity or event on property owned or controlled by the University;
(ii) The leasing of space, including student residence rooms, on property owned or controlled by the University;
(iii) The offering of any service by the University, including educational services;
(iv) Student placements, practica, or clinical training;
(v) University research activities, whether on or off campus;
(vi) Student and/or employee exchanges arranged in connection with the University;
(vii) Social events or networking, where matters regarding the University or members of the University Community are a significant focus of the activity;
(viii) University field trips, travel-study tours, service-learning activities, and similar activities;
(b) Activities or events involving members of the University Community, where the actions of those members of the University Community may reasonably reflect upon or affect the University, including but not limited to:
(i) Any aspect of the employment or engagement of employees and contractors for roles and projects substantially connected to the University;
(ii) Participation on a committee or board as a representative of the University;
(iii) Writings, photographs, artwork, audio or video recordings, and/or electronic communications, including communications through social media, where matters regarding the University or members of the University Community are a significant focus of the communication;
(iv) Matters related to The University of Manitoba Students’ Union, the Graduate Students’ Association, and their affiliated student groups to the extent that it affects the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments; or
(v) Matters of off-campus conduct that have, or might reasonably be seen to have an adverse effect on the proper functioning of the University or the rights of a member of the University Community to use and enjoy the University’s learning and working environments.

Immediate Response Protocol

2.4 In the event of imminent bodily harm, individuals should call 911 and UMSS. When reporting an incident, individuals should attempt to provide the following information:

(a) A complete description of the incident(s) involving Violence;
(b) Name(s) of individuals involved in the incident(s);
(c) Description of individual(s), if name(s) not known;
(d) Name(s) of witness(es) or description, if name(s) not known; and
(e) Location of the incident(s).

2.5 Where a report of Violence is received by UMSS, UMSS shall respond as soon as reasonably possible and the Director of UMSS (or designate) shall be notified.

2.6 Without limiting the scope of their jurisdiction and/or mandate, UMSS may take any one or more of the following actions in response to a report of Violence, as reasonably determined by UMSS:

(a) Restore order in violent situations;
(b) Arrest individual(s) in accordance with section 494(1) of the Criminal Code;
(c) Contact Winnipeg Police Service;
(d) Arrange medical assistance;
(e) Take statement(s) of witness(es);
(f) Make appropriate referrals; and
(g) Take immediate action to facilitate the removal or banning of individuals from University property.

2.7 Any decision under section 2.6(g) above to remove an individual from University property shall be effective immediately, subject to review by the Vice President (Administration). The Chief Risk Officer, the appropriate Unit Head, and STATIS shall be advised of the action as soon as possible.

2.8 The Director of Security Services shall in all cases file a written report with the Vice-President (Administration) on the next business day describing any action taken under section 2.6(g) above.

2.9 Members of the University Community, including students and employees, who have been harmed as a result of an incident of Violence, are encouraged to consult with a health care provider for treatment or referral for post-incident counselling, if appropriate.

2.10 For students affected by Violence, the University will:

(a) Provide reasonable academic accommodations (such as extensions on assignments, deferrals of exams, leaves of absences, authorized withdrawals, etc.).
(b) Create a safety plan in consultation with the University’s Student Support Case Manager, UMSS, and other offices as appropriate.

2.11 For employees affected by Violence, the University will:

(a) Provide reasonable work accommodations, in consultation with Human Resources; and
(b) Create a safety plan, in consultation with the Unit Head, UMSS and other offices as appropriate.

Report to STATIS

2.12 Where a report of Violence is received by STATIS under section 2.7 of this Procedure, the role of STATIS will be to:

(a) Develop an action plan to assist and support the members of the University Community affected by the Violence;

October 05, 2022
(b) Ensure that members of the University Community affected by the Violence are consulted where appropriate and kept informed of the developments within the parameters of confidentiality;

(c) Make recommendations to the appropriate Unit Head and/or Disciplinary Authority; and

(d) Take all necessary action relative to the above.

2.13 A coordinator for STATIS shall be appointed for each incident as follows:

(a) If the conduct of a Student is the source of concern, the coordinator will be the Vice-Provost (Students) (or a designate);

(b) If the conduct of an employee is the source of concern, the coordinator will be the Associate Vice-President (Human Resources) (or a designate); and

(c) If the conduct of any other member of the University Community is the source of concern, the coordinator will be the Director of Security Services (or a designate).

2.14 The coordinator of STATIS will have the following responsibilities:

(a) Bring together STATIS and, where necessary, experts and other University personnel;

(b) Coordinate internal and external communication;

(c) Maintain confidential records and ensure the Vice-President (Administration) is informed of developments as appropriate;

(d) Convene debriefing sessions; and

(e) Prepare a final report and recommendation in relation to any decision taken by UMSS under section 2.6(g) above, to be delivered to the Vice-President (Administration) for final determination, with a copy to the Chief Risk Officer and the Unit Head of any Unit affected by the Violence.

Investigation

2.15 As soon as reasonably practicable after an incident of Violence, the University shall investigate the incident as follows:

(a) Where the individual is an employee, the Unit Head for the employee’s Unit will investigate the allegation in consultation with STATIS and Human Resources, and in accordance with applicable legislation, common law, collective agreements, and University policies, procedures and bylaws;

(b) Where the individual is a student, the Disciplinary Authority under the Bylaw and related procedures will investigate the allegation in consultation with STATIS and in accordance with the Student Non-Academic Misconduct and Concerning Behaviour Procedure; and

(c) Where the individual is neither an employee nor a student, the Director of UMSS will investigate the allegation in accordance with applicable legislation, common law, and University policies, procedures and bylaws.

2.16 The Unit Head of any affected Unit, in consultation with the Office of Risk Management, will implement any control measures that are identified as a result of the investigation that will eliminate or control the risk of Violence to individuals in their Unit.

Discipline

2.17 Individuals who are found to have engaged in Violence under this Policy will be subject to disciplinary action as follows:

(a) Where the individual is an employee, the discipline will be implemented pursuant to and in accordance with applicable legislation, common law, collective agreements, and University policies, procedures and bylaws.

(b) Where the individual is a student, the discipline will be implemented in accordance with the Student Discipline Bylaw and the Student Non-Academic Misconduct and Concerning Behaviour Procedure.

(c) Where the individual is neither an employee nor a student, the Vice-President (Administration) or designate may make any determination regarding the individual’s continued access to the University in accordance with the Procedure and the Vice-President (Administration) Bylaw.

2.18 The Office of Risk Management must be advised of any decision taken under section 2.17 above.

2.19 The University may take disciplinary/legal action against any individual who submits a frivolous or vexatious complaint under this Policy, or who interferes with an investigation of a complaint under this Policy.

Violence Prevention Plan

2.20 Subject to section 2.26 of this Procedure and in consultation with the Office of Risk Management, the Unit Head shall advise all employees for which they are responsible of the risk of Violence in the Unit, including the nature and extent of the risk and the risk of Violence from persons whom the employees are likely to encounter in the course of their work.

2.21 In accordance with The Workplace Safety and Health Regulation, each Unit Head shall, no less than annually:

(a) Consult with the employees in their Unit, the applicable LASH committee, and the Office of Risk Management to review and develop the violence prevention plan that will be implemented by their Unit;

(b) Ensure that all employees in their Unit have received appropriate training in the Policy, this Procedure, and the violence prevention plan for their Unit; and

(c) Review the mechanisms in place to ensure that employees in their Unit comply with the Policy, this Procedure, and the violence prevention plan for their Unit.

2.22 The violence prevention plan referred to in section 2.21 above shall provide information on the following matters:

(a) A description of:

(i) Any particular worksite in their Unit of which the University is aware that an incident of Violence has occurred or may reasonably be expected to occur; and

(ii) Any particular job functions at the workplace where an employee performing their job function has been, or may reasonably be expected to be, exposed to the incident of Violence;
(b) The measures the University will implement to eliminate the risk of Violence in the Unit, or the measures that the University will implement to control that risk if it is not reasonably practicable to eliminate it;

(c) The measures and procedures that the University has in place for summoning immediate assistance when an incident of Violence occurs or is likely to occur in the Unit;

(d) A statement directing the employee to review the Policy and this Procedure, as well as any other documents that will outline the measures and procedures that the University has in place for summoning immediate assistance when an incident of Violence occurs or is likely to occur; and

2.23 The violence prevention plan shall be communicated to all employees in the Unit immediately at the time of hire and shall be posted online or in the Unit for quick reference by employees.

Annual Report
2.24 Annually, the Office of Risk Management will prepare a report that compiles:

(a) A record of the incidents of Violence in each Unit of the University, if any;

(b) The results of any investigation into an incident of Violence, including a copy of:
   (i) Any recommendations for control measures or changes to the violence prevention policy for the affected Unit; and
   (ii) Any report prepared under in respect of such an incident;

(c) The control measures, if any, implemented as a result of an investigation into an incident.

2.25 The annual report will be provided to the Vice-President (Administration) and to OSHA.

Obligations of Confidentiality by the University
2.26 In respect of an incidence of Violence, the University will not disclose the name of the complainant, the name of the respondent, or the circumstances related to the complaint to any person, other than where the disclosure is:

(a) Necessary in order to investigate the complaint;

(b) Required in order to take corrective action in response to the complaint; or

(c) Required by law, including but not limited to the University’s legal obligations under the Workplace Safety and Health Regulation (Manitoba).

2.27 Personal information that is disclosed under section 2.26 above in respect of an incidence of Violence must be the minimum amount necessary for the purpose.

Obligations of Confidentiality by Others
2.28 All persons involved in an investigation of an incident of Violence, whether as a witness or retrieving relevant information or documents, must keep confidential:

(a) The existence and nature of the investigation; and

(b) Any information or documentation obtained as a result of the investigation; which information may only be disclosed to those who reasonably need to know. Where an individual is unsure of whether they may disclose particular information, they may seek advice from the Access and Privacy Office or from STATIS.

2.29 Notwithstanding section 2.28 above, any person involved in an investigation may:

(a) Obtain confidential advice (including advice from a student advocate, union representative, lawyer, or support person(s), as may be appropriate);

(b) Disclose information to others only to the extent reasonably necessary to gather evidence and to make full answer to any allegations; and

(c) Use information obtained independent of the investigation in any other forum.

Legislated Review of the Procedure
2.30 In accordance with The Workplace Safety and Health Act (Manitoba), the OSHA shall review these Procedures every three (3) years and make any recommendations it feels are necessary and advisable.

Part III: Accountability
3.1 The Office of Legal Counsel is responsible for advising the Vice-President (Administration) that a formal review of this Procedure is required.

3.2 The Chief Risk Officer or designate is responsible for the implementation, administration and review of this Procedure.

3.3 Board of Governors members, Senate members, faculty/college/school councils, employees, anyone holding an appointment with the University, Students, volunteers, external parties, contractors and suppliers are responsible for complying with this Procedure.

Part IV: Review
4.1 Governing Document reviews shall be conducted every three (3) year. The next scheduled review date for this Procedure is June 22, 2019.

4.2 In the interim, this Procedure may be revised or repealed if:

(a) the Vice-President (Administration) deems it necessary or desirable to do so;

(b) the Procedure is no longer legislatively or statutorily compliant;

(c) the Procedure is now in conflict with another Governing Document; and/or

(d) the Parent Policy is revised or repealed.

Part V: Effect on Previous Statements
5.1 This Procedure supersedes all of the following:

(a) Violent or Threatening Behaviour Procedure, effective March 17, 2009;

(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and

(c) all previous Administration Governing Documents on the subject matter contained herein.
Part VI: Cross References
6.1 This Procedure should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Violent or Threatening Behaviour Policy;
(b) The Workplace Safety and Health Act, C.C.S.M. c. W210;
(c) The Workplace Safety and Health Regulation W210 – R.M. 217/2006;
(d) Health and Safety Policy;
(e) Safety Committees Procedure;
(f) Respectful Work and Learning Environment Policy;
(g) Sexual Assault Policy;
(h) RWLE and Sexual Assault Procedure;
(i) Student Non-Academic Misconduct and Concerning Behaviour Procedure;
(j) Student Discipline Bylaw; and
(k) Use of Computer Facilities Policy and Procedure.

Voluntary Withdrawal Policy

The Policy and Procedure are available online at http://umanitoba.ca/admin/governance/governing_documents#academic.

Part I: Reason for Policy
1.1 The University of Manitoba provides Students with sufficient time to plan their schedules through the registration cycle with both academic and personal circumstances in mind. The registration cycle is characterized by the Registration Period, the Registration Revision Period, and the Voluntary Withdrawal Period. The purpose of this Policy is to define and establish the requirements and limitations for Voluntary Withdrawal during the Voluntary Withdrawal Period at the University.

Part II: Policy Content
Definitions
2.1 The following terms have the following defined meanings for the purpose of this Policy:

(a) "Authorized Withdrawal" or "AW" is an approved withdrawal from all courses in a given period for medical or compassionate reasons, granted in accordance with the Authorized Withdrawal Policy and Procedure.
(b) "Calendar" means the University’s official academic calendar for the Term and Level in which a course is taught.
(c) "College" means a Professional College as defined under the Definitions of Academic Units Policy.
(d) "Faculty" means a Faculty as defined under the Definitions of Academic Units Policy.
(e) “Grade Point” refers to a numerical value assigned to a letter grade received in a course.
(f) “Grade Point Average” or “GPA” refers to the average grade of courses completed at the same Level, which is calculated by dividing the total quality points earned by the number of credit hours attempted.
(g) “Leave of Absence” is a period of leave established, administered, and approved by the Faculty/College/School that enables Students to temporarily withdraw from the University.
(h) "Level" refers to the level of the degree in which the Student is enrolled, such as undergraduate level, graduate level or non-degree level.
(i) "Official Record" is a Student's complete academic history at the University of Manitoba that is maintained by the Registrar's Office. Official Records are available in the form of an Official Transcript or a Student History.
(j) "Official Transcript" is an official document printed on secure paper and signed by the Registrar that reflects a student’s permanent record at the University of Manitoba.
(k) "Policy" means this Voluntary Withdrawal Policy.
(l) “Quality Points” is the grade point value of the assigned Letter Grade multiplied by the credit hours of the course.
(m) "Registration Period" is the period prior to the beginning of classes in which new and returning Students may register.
(n) "Registration Revision Period" is the period after the beginning of classes within which students may withdraw from a course or courses without academic or financial penalty.
(o) "School" means a "School of the University" or a "School of a Faculty", as those terms are defined under the Definitions of Academic Units Policy.
(p) "Student" refers to any person enrolled at the University.
(q) "Student History" is the complete record of a Student’s activity at the University, including a record of Authorized Withdrawals, produced for internal administrative use.
(r) "Term" is a period of time defined in the Calendar within which a course for credit may be offered, including Fall, Winter and Summer Terms.
(s) "University" means The University of Manitoba.
(t) "Voluntary Withdrawal" or "VW" is a registration option that enables Students to withdraw from a course or courses after the Registration Revision Period without academic penalty.
(u) "Voluntary Withdrawal Period" is the period after the Registration Revision Period in which Students may voluntarily withdraw from a course or courses, as outlined in section 2.6 of this Policy.

General
2.2 A Voluntary Withdrawal is to be distinguished from other University withdrawal options, such as Authorized Withdrawal, Leaves of Absence, withdrawal during the Registration Revision Period, or withdrawal pursuant to other University-approved policies or regulations.
2.3 Students at the undergraduate Level are generally permitted to VW from a course or courses without receiving prior approval from their Faculty/College/School.

2.4 In the event that a Student chooses to VW from a course with a co-requisite, the Student must also VW from the co-requisite course. To determine if a course has a co-requisite, Students should consult the Calendar and the course descriptions in the chapter of the Faculty/College/School offering the course.

2.5 Students at the graduate Level are not permitted to VW from a course or courses without receiving the approval of the advisor/advisory committee, the head or graduate chair in the department in which the Student is registered, and the Faculty of Graduate Studies.

2.6 Students may withdraw from a course(s) without academic penalty during the Voluntary Withdrawal Period, which begins at the end of the Registration Revision Period and ends on the VW deadline, as follows:

(a) The 48th teaching day for courses taught over a single Term;
(b) The end of the Registration Revision Period of the second Term for courses taught over two or more Terms;
(c) A date calculated using a pro-rated number of teaching days for Summer Term or other Irregularly Scheduled Courses, as published yearly in the Calendar.

2.7 Ceasing to attend a class or classes will not constitute an official withdrawal from that course. Students who do not VW from a course will remain enrolled in and will receive a final grade for that course.

2.8 Students who have elected to VW from a course cannot subsequently re-enroll in that course, except in accordance with the Repeated Course Policy.

Scope

2.9 This Policy applies only to Voluntary Withdrawal during the current Term. Students wishing to withdraw for medical or compassionate reasons should consult the Authorized Withdrawal Policy and Procedure, and provisions regarding Leaves of Absence as outlined in the Calendar.

Responsibilities of the Student

2.10 Students are responsible for considering all implications prior to VW. Withdrawal from a course or courses may affect academic progression, financial aid eligibility, CIS athletic eligibility, entrance into professional and graduate programs, and/or student visa requirements.

Responsibilities of the Faculties/Colleges/Schools

2.11 Voluntary Withdrawal may be considered, together with course failures or repeats, when the Faculty of Graduate Studies or another Faculty/College/School with limited enrolment is reviewing applications for admission into its programs.

2.12 Faculties/Colleges/Schools may, subject to the approval of Senate, deny access to VW for all Students enrolled in an identified academic program. Faculties/Colleges/Schools are required to notify all applicants to that program of this proscription.

Official Records

2.13 A Voluntary Withdrawal shall be recorded on the Student History and Official Transcript issued by the University.

2.14 Final grades for courses in which Students ceased attending, without an official VW, will be included on the Student History and Official Transcript issued by the University, and will be factored into the Student’s Grade Point Average.

Part III: Accountability

3.1 The Office of Legal Counsel is responsible for advising the Provost and Vice-President (Academic) that a formal review of this Policy is required.

3.2 The Provost and Vice-President (Academic) or his/her delegate is responsible for the implementation, administration and review of this Policy.

3.3 All Faculty/College/School Councils and Students are responsible for complying with this Policy.

Part IV: Authority to Approve Procedures

4.1 The Provost and Vice-President (Academic) may approve Procedures, if applicable, which are secondary to and comply with this Policy.

Part V: Review

5.1 Governing Document reviews shall be conducted every ten (10) years. The next scheduled review date for this Policy is September 1, 2026.

5.2 In the interim, this Policy may be revised or repealed if:

(a) the Provost and Vice-President (Academic) or the Approving Body deems it necessary or desirable to do so;
(b) the Policy is no longer legislatively or statutorily compliant; and/or
(c) the Policy is now in conflict with another Governing Document.

5.3 If this Policy is revised or repealed all Secondary Documents, if applicable, shall be reviewed as soon as possible in order that they:

(a) comply with the revised Policy; or
(b) are in turn repealed.

Part VI: Effect on Previous Statements

6.1 This Policy supersedes all of the following:

(a) Voluntary Withdrawal Policy, effective February 1, 1977, revised May 13, 1993, and December 7, 2005;
(b) all previous Board of Governors/Senate Governing Documents on the subject matter contained herein; and
(c) all previous Administration Governing Documents on the subject matter contained herein.

Part VII: Cross References

7.1 This Policy should be cross referenced to the following relevant Governing Documents, legislation and/or forms:

(a) Authorized Withdrawal Policy;
(b) Definitions of Academic Units Policy;
(c) Grade Point Averages Policy; and
(d) Repeated Course Policy.
General Academic Regulations

Introduction

This chapter contains the regulations and requirements that apply to all students, regardless of faculty or school.

Each faculty and school has its own supplementary regulations and requirements. These are published in the faculty or school chapters of the Academic Calendar. Some faculties and schools also have additional regulations and requirements governing their programs; these are available from the faculty or school.

It is the responsibility of each student to be familiar with the academic regulations and requirements of the University of Manitoba in general and of the specific academic regulations and requirements of their faculty or school of registration. Accordingly, students are asked to seek the advice of advisors in faculty and school general offices whenever there is any question concerning how specific regulations apply to their situations.

Residence and Written English and Mathematics Requirements

Residence Requirements For Graduation

Each faculty and school recommends to the Senate the number of credit hours each student must complete in order to graduate from its programs. Senate also requires each student to complete a minimum number of credit hours at the University of Manitoba – this is called the “residence requirement.”

Unless otherwise stated in faculty and school chapters, the minimum residence requirement of the University of Manitoba is the work normally associated with one year in the case of programs of three years’ duration, and two years for programs of four years’ duration. Some faculties and schools may have additional residence requirements specified in their program regulations. However, in all cases, the residence requirement is assessed following an appraisal of the educational record of the student applying to transfer credits from another institution or applying to earn credits elsewhere on a letter of permission. The residence requirement is not reduced for students whose “challenge for credit” results in a passing grade.

University English and Mathematics Requirements for Undergraduate Students

All students are required to complete, within the first 60 credit hours of their programs, a minimum of one three credit hour course with significant content in written English, and a minimum of one three credit hour course with significant content in mathematics.

Some degree programs have designated specific written English and mathematics courses to fulfill this requirement.

Price Faculty of Engineering have their own written English requirements (p. 463).

Some degree programs require that the written English and/or mathematics requirements be completed prior to admission.

See the program descriptions in the faculty and school chapters of the Academic Calendar for details.

Exemptions to the Written English and Mathematics Requirement

• All students with completed baccalaureate degrees and who transfer into any program to which these requirements apply.
• Registered Nurses entering the Bachelor of Nursing Program for Registered Nurses.
• Students admitted before the 1997-98 Regular Session.
• Written English exemption only: Students transferring from Université de Saint-Boniface who have completed a written French requirement (at the university) before transferring to the University of Manitoba will be deemed to have met the written English requirement.

Approved English and Mathematics Courses

A complete list of all courses which satisfy the university written English and mathematics requirement is provided below. (When searching for courses in Aurora, students may search Course Attributes for courses that satisfy the written English and Mathematics requirements).

Note that some programs may restrict the choice of English or Mathematics courses. See the program descriptions in the faculty and school chapters of the Academic Calendar for details.

Course Identification

Credit Hours (Cr.Hrs.)

Each faculty and school develops courses for its degree credit programs, subject to Senate approval, and assigns a credit hour value to each course.

The credit hours for a course are expressed as a number associated with the course which indicates its relative weight. There is a correlation between class hours and credit hours (i.e. 6 credit hours = 3 hours a week, two terms; and 3 credit hours = 3 hours a week, one term).

For the purposes of registration, courses taught over both the Fall and Winter Terms have been divided into two parts. The credit hour value of the course are divided equally and applied to each part of the course. For example: for a six credit hour spanned course each of the Fall and Winter Term parts of the course will be assigned the value of three credit hours. Students registering for term spanning courses will receive one grade for the course and only when the second part is completed. The course grade will be applied to both the Fall and Winter parts of the course.

Prerequisite and Co-requisite Courses

Prerequisite: If a course is a prerequisite for a second course, the prerequisite must be met in order to begin the second course. To determine whether or not a course has a prerequisite, see the course descriptions in the chapter of the faculty or school offering the course. Normally, a minimum grade of “C” is required in all courses listed as prerequisites, except as otherwise noted in the course descriptions.

For some courses, the prerequisite may be completed before registering for the second course or may be taken concurrently with the second course. To determine if a course may be taken concurrently, see the course descriptions in the chapter of the faculty or school offering the course.

Co-requisite: If a first course is a co-requisite for a second course, the first course must be completed in the same term as the second course. To determine if a course has a co-requisite, see the course descriptions in the chapter of the faculty or school offering the course.

Course Numbers

First Two to Four Characters

The two, three or four characters in every course number are a shortened version of the subject of the course.

Last Four Digits

At the University of Manitoba the last four digits of the course number reflect the level of contact with the subject.

For example:

ECON 1210

ECON is the code for Economics.

1210 indicates that it is an introductory or entry level course.

If the course requires a laboratory, this will be shown following the credit hours immediately following the title.

For example:

BIOL 3242 (lab required)

The 2000, 3000, 4000 course numbers indicate the second, third, and fourth levels of university contact with a subject.

Numbers in the 5000 range are normally associated with pre-Master’s work or courses in the Post Baccalaureate Diploma and the Post-Graduate Medical Education programs.

Courses numbered 6000-8000 are graduate courses of the Faculty of Graduate Studies.

Course numbers in the 9000 series are used to identify courses taken at the University of Winnipeg by students in the University of Manitoba/University of Winnipeg Joint Master’s Programs. The 9000 numbers do not indicate the level of the course taken (see Graduate Calendar or University of Winnipeg Calendar).

In most cases, some correlation exists between the course number and a student’s year of study; that is, students in the third year of a program will generally carry course loads comprised primarily of 3000-level courses.

Other course numbering information

Courses with numbers that end in 0 or an even number are taught in English, most of which are offered on the Fort Garry or Bannatyne campuses or through Distance and Online Education.

Courses with numbers that end in odd numbers are taught in French at Université de Saint-Boniface. (http://www.cusb.ca/)

Grades and Grade Point Average Calculation

Introduction

Final grades in most courses are expressed as letters, ranging from F, to A+ the highest. A grade of D is the lowest passing grade, however the minimum grade required to use a course as credit toward a degree or diploma program may be set higher by a faculty or school. Refer to faculty and school regulations. Each letter grade has an assigned numerical value which is used to calculate grade point averages. Grading scales used to determine the final letter grade may vary between courses and programs.

Some courses are graded on a pass/fail basis and because no numerical value is assigned to these courses, they do not affect grade point
The grade of "D" is regarded as marginal in most courses by all faculties and schools. It contributes to decreasing a term, degree or cumulative Grade Point Average to less than 2.0. Courses graded "D" may be repeated for the purpose of improving a GPA. Note that some faculties and schools consider a grade of "D" as unacceptable and will not apply the course toward the program as credit. In most cases the course will need to be repeated to attain the acceptable grade. Refer to faculty and school regulations.

**The Letter Grade System**

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point Value</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.5</td>
<td>Exceptional</td>
</tr>
<tr>
<td>A</td>
<td>4.0</td>
<td>Excellent</td>
</tr>
<tr>
<td>B+</td>
<td>3.5</td>
<td>Very Good</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
<td>Good</td>
</tr>
<tr>
<td>C+</td>
<td>2.5</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
<td>Adequate</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
<td>Marginal</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
<td>Failure</td>
</tr>
<tr>
<td>P</td>
<td></td>
<td>Pass</td>
</tr>
<tr>
<td>S</td>
<td></td>
<td>Standing</td>
</tr>
</tbody>
</table>

The grade of "D" is regarded as marginal in most courses by all faculties and schools. It contributes to decreasing a term, degree or cumulative Grade Point Average to less than 2.0. Courses graded "D" may be repeated for the purpose of improving a GPA. Note that some faculties and schools consider a grade of "D" as unacceptable and will not apply the course toward the program as credit. In most cases the course will need to be repeated to attain the acceptable grade. Refer to faculty and school regulations.

**Calculation of Grade Point Average**

The University of Manitoba will report cumulative and term grade point averages for all students through Aurora Student. Please also refer to the Grade Point Averages Policy (p. 53) found in the University Policies and Procedures.

**Quality Points**

The quality points for a course are the product of the credit hours for the course and the grade point obtained by the student; e.g., 3 credit hours with a grade of “B” (3.0 points) = 3 credit hours × 3.0 = 9.0 quality points.

**Quality Point Total**

The quality point total is the sum of quality points accumulated as students proceed through their program of studies.

**Grade Point Average (GPA)**

The grade point average (GPA) is the quality point total divided by the total number of credit hours.

Example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Course 1</td>
<td>3</td>
<td>B</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>Course 2</td>
<td>3</td>
<td>B+</td>
<td>3.5</td>
<td>10.5</td>
</tr>
<tr>
<td>Course 3</td>
<td>3</td>
<td>C+</td>
<td>2.5</td>
<td>7.5</td>
</tr>
<tr>
<td>Course 4</td>
<td>3</td>
<td>B</td>
<td>3</td>
<td>9</td>
</tr>
<tr>
<td>Course 5</td>
<td>3</td>
<td>A</td>
<td>4</td>
<td>12</td>
</tr>
<tr>
<td>Totals</td>
<td>15</td>
<td></td>
<td></td>
<td>48</td>
</tr>
</tbody>
</table>

Grade point average: 240 Quality Points / 15 Credit Hours = 3.20

**Poor Grades and Program Progression**

A course in which a “D” standing is obtained may need to be repeated by probationary students in certain faculties or where a minimum grade of “C” is required in a prerequisite subject or to meet degree requirements.

Students in doubt as to the status of their record should consult an advisor in their faculty or school.

For minimum grade levels, especially as they affect progression requirements, see the faculty or school regulations in the Academic Calendar or consult an advisor.

**Academic Honours**

Students qualify for the Honour List (Dean’s, Director’s, University 1) when they achieve qualifying grade point averages, as specified by the faculty/school or program regulations.

In addition, outstanding academic achievement will qualify students for other honours and awards. These include:

- the University Gold Medal, which is awarded at graduation in each faculty or school to the student with the most outstanding academic record;
- program medals, which are awarded by faculties and schools to the best student graduating from a specific program;
- graduation “with distinction”, which is recorded on the transcripts of all students who attain a qualifying grade point average;
- and other medals and prizes that are specific to programs or disciplines.

**Academic Evaluation**

**Methods of Evaluation**

Students shall be informed of the method of evaluation to be used in each course, as specified in the Responsibilities of Academic Staff with Regard to Students Policy (p. 75), found in the University Policies and Procedures.

In departments where a course is offered in more than one section, the department offering the course endeavours to provide instruction so that all sections cover similar topics and that all students achieve a similar level of competency in the topic. However, there will be differences in evaluation as well as in teaching style, readings and assignments from one section to another. Students may contact the department for additional information before registration.

**Credit for Term Work**

In subjects involving written examinations, laboratories, and term assignments, a student may be required to pass each component separately. If no final examination is scheduled in a course, the student’s final grade will be determined on the basis of the method of evaluation as announced in the first week of lectures.

If credit is not given for term work, the student’s final grade will be determined entirely by the results of the final written examination. Where the final grade is determined from the results of both term work and final examinations, the method of computing the final grade will be as announced within the first week of classes. Should a student write a deferred examination, term grades earned will normally be taken into account as set out in the immediately preceding paragraph.
Repeating a Course
A course in which a “D” standing is obtained may need to be repeated by probationary students in certain faculties or where a minimum grade of “C” is required in a prerequisite subject or to meet degree requirements.

Elective courses graded “F” may either be repeated or another elective substituted. All electives in a program must be approved by the faculty or school.

Probation and Academic Suspension
Failure to meet minimum levels of performance as specified in the regulations of the faculty or school will result in a student being placed either on probation or academic suspension in accordance with the faculty or school regulations.

A student’s status is determined, following final examinations, at the end of each term (Fall, Winter or Summer terms) or at the end of an academic session as specified in faculty regulations. A student placed on probation is advised to discuss his/her program prior to the next registration with a representative of the dean or director to determine which courses, if any, should be repeated.

A student placed on academic suspension will normally be permitted to apply for re-entry to the faculty or school after one year has elapsed, but reinstatement is not automatic and individual faculty or school regulations must always be consulted.

While on suspension, students are not normally admissible to another faculty or school.

Other Forms of Earning Degree Credit
Letter of Permission for Transfer of Credit
Students in degree programs at this university may take courses at other recognized colleges or universities for transfer of credit provided such courses are approved at least one month prior to the commencement of classes at the other institution by the faculty or school in which they are currently registered. The approval is subject to individual faculty/school regulations and is granted in the form of a Letter of Permission. The student must obtain a Letter of Permission whether or not the course/s being taken are for transfer of credit to the University of Manitoba. Failure to obtain a Letter of Permission may have serious academic implications.

To obtain a Letter of Permission (https://umanitoba.ca/registrar/letter-permission/), application must be made to the Registrar’s Office as early as possible and at least one month prior to when required at the other institution.

Each application must be accompanied by the appropriate fee. The fees are for each application and a separate application is required for each session and institution regardless of the number of courses being considered. Students planning to seek permission to take courses elsewhere for transfer of credit to the University of Manitoba are cautioned to check the current Academic Calendar for the residence and degree requirements of the degree programs in which they are enrolled.

Transferred courses will be given assigned credit hour values and grades. The transferred grade will be included in the student’s degree and cumulative GPA.

Challenge for Credit
The purpose of Challenge for Credit is to provide students of the university with some means of obtaining academic credit in University of Manitoba courses (not otherwise obtainable as a transfer of credit from other institutions) for practical training and experience, or reading and study previously completed. Students who have registered to challenge would normally not attend classes or laboratories. Courses which have previously been taken at the University of Manitoba may not be challenged for credit.

To be eligible to challenge for credit a student must first be admitted to a faculty or school of the University of Manitoba. Eligible students will be required to demonstrate their competence in the courses which they are challenging for credit. Where formal, written examinations are required, these will be generally scheduled during the regular examination sessions in April/May, June, August, or December.

For information regarding requirements, procedures, applications and fees a student should contact the office of the faculty or school in which the student is enrolled, or in the case of new students, the faculty or school to which the new student has been admitted.

Application of Course Credit when transferring between Programs within the University of Manitoba
When students transfer into program from another faculty or school within the University of Manitoba, some course credits previously earned may be applied to the new program. The credit hour value assigned by the faculty or school that offers the course is used. That is, there can only be one credit weight designated for a course with a particular course number.

Academic Appeals
With the exception of decisions on admissions or disciplinary matters, all academic appeals from decisions of faculty or school appeals committees at the University of Manitoba or by the Comité d'appels at Université de Saint-Boniface shall be heard by the Senate Appeals Committee regardless of the institute of registration of the student concerned.

The complete terms of reference for the Senate Committee on Appeals as well as an Appeal Form may be obtained from the Office of the University Secretary, 312 Administration Building or Student Advocacy/Student Resource Services, 519 University Centre.

Academic Integrity
The University of Manitoba takes academic integrity seriously. As a member of the International Centre for Academic Integrity, the University defines academic integrity as a commitment to six fundamental values: honesty, trust, fairness, respect, responsibility and courage. (International Centre for Academic Integrity, 2014)

To help students understand the expectations of the University of Manitoba, definitions for the types of prohibited behaviours are in the Student Academic Misconduct Procedure (p. 84) and provided below.

“Academic Misconduct” means any conduct that has, or might reasonably be seen to have, an adverse effect on the academic integrity of the University, including but not limited to:

(a) Plagiarism – the presentation or use of information, ideas, images, sentences, findings, etc. as one’s own without appropriate attribution in a written assignment, test or final examination.

(b) Cheating on Quizzes, Tests, or Final Examinations – the circumventing of fair testing procedures or contravention of exam regulations. Such acts may be premeditated/planned or may be unintentional or opportunistic.
(c) Inappropriate Collaboration – when a student and any other person work together on assignments, projects, tests, labs or other work unless authorized by the course instructor.

(d) Duplicate Submission – cheating where a student submits a paper/assignment/test in full or in part, for more than one course without the permission of the course instructor.

(e) Personation – writing an assignment, lab, test, or examination for another student, or the unauthorized use of another person’s signature or identification in order to impersonate someone else. Personation includes both the personator and the person initiating the personation.

(f) Academic Fraud – falsification of data or official documents as well as the falsification of medical or compassionate circumstances/documentation to gain accommodations to complete assignments, tests or examinations.

Note that the above applies to written, visual, and spatial assignments as well as oral presentations.

Over the course of your university studies, you may find yourself in situations that can make the application of these definitions unclear. The University of Manitoba wants to help you be successful, and this includes providing you with the knowledge and tools to support your decisions to act with integrity. There are a number of people and places on campus that will help you understand the rules and how they apply to your academic work. If you have questions or are uncertain about what is expected of you in your courses, you have several options:

• Ask your professor, instructor, or teaching assistant for assistance or clarification.
• Get support from the Academic Learning Centre (p. 1763) or Libraries (p. 1766):
• Visit the Academic Integrity site (p. 1763) for information and tools to help you understand academic integrity.
• Make an appointment with the Student Advocacy (p. 1767) office. This office assists students to understand their rights and responsibilities and provides support to students who have received an allegation of academic misconduct.

Appeals of Grades

Appeal of Term Work
Students may formally appeal a grade received for term work provided that the matter has been discussed with the instructor in the first instance in an attempt to resolve the issue without the need of formal appeal. Term work grades normally may be appealed up to ten (10) working days after the grades for the term work have been made available to the student.

The fee which is charged for each appealed term work grade will be refunded for any grade which is changed as a result of the appeal.

Appeal of Final Grades
Final grades are not released to students who are on “Hold Status”; the deadline for appeal of assigned grades will not be extended for students who were unable to access their final grades due to a hold.

These regulations expand on the Final Grades Procedures (p. 48) found in the University Policies and Procedures.

Attendance and Withdrawal

Attendance at Class and Debarment
Regular attendance is expected of all students in all courses.

An instructor may initiate procedures to debar a student from attending classes and from final examinations and/or from receiving credit where unexcused absences exceed those permitted by the faculty or school regulations.

A student may be debarred from class, laboratories, and examinations by action of the dean/director for persistent non-attendance, failure to produce assignments to the satisfaction of the instructor, and/or unsafe clinical practice or practicum. Students so debarred will have failed that course.

Withdrawal from Courses and Programs

Voluntary Withdrawal
The registration revision period extends two weeks from the first day of classes in both Fall and Winter terms. Courses dropped during this period shall not be regarded as withdrawals and shall not be recorded on official transcripts or student histories. The revision period is prorated for Summer terms and for parts of term.

After the registration revision period ends, voluntary withdrawals (VWs) will be recorded on official transcripts and student histories.

The following dates are deadlines for voluntary withdrawals:

- The Voluntary Withdrawal deadline shall be the 48th teaching day in both Fall and Winter term for those half-courses taught over the whole of each term;
- The Voluntary Withdrawal deadline for full-courses taught over both Fall and Winter term shall be the 48th teaching day of the Winter term; and
- The Voluntary Withdrawal deadline for full-and-half courses taught during Summer terms or during some other special schedule shall be calculated in a similar manner using a pro-rated number of teaching days.

The exact Voluntary Withdrawal dates that apply to courses offered in the current academic session are published in the Academic Schedule (p. 28).

Authorized Withdrawal
Subject to the provision of satisfactory documentation to the faculty of registration, Authorized Withdrawals (AWs) may be permitted on medical or compassionate grounds.

Required Withdrawal from Professional Programs
Senate, at the request of some faculties and schools, has approved bylaws granting them the authority to require a student to withdraw on the basis of unsuitability for the practice of the profession to which the program of study leads.

This right may be exercised at any time throughout the academic year or following the results of examinations at the end of every year.

This right to require a student to withdraw prevails notwithstanding any other provisions in the academic regulations of the particular faculty or school regarding eligibility to proceed or repeat.

Where Senate has approved such a bylaw, that fact is indicated in the Academic Calendar chapter for that faculty or school. A copy of the
professional unsuitability bylaw may be obtained from the general office of the faculty or school.

Deferred and Supplemental Examinations

These regulations expand on the Deferred and Supplemental Examinations Procedures (https://umanitoba.ca/admin/governance/governing_documents/academic/1299.html) found in the University Policies and Procedures.

Accepting Standing in Course without Examination

In the event that a student is unable to write a deferred examination as it has been scheduled, a grade may be assigned without examination (please refer to the Deferred and Supplemental Examinations Procedures) (p. 48). A student who accepts standing in a course without examination may not, at a later date, request permission to write a deferred examination in the course.

Supplemental Examinations

Supplemental Examinations are offered by some faculties to students who have not achieved the minimum result in required courses.

Students who are granted supplemental privileges are normally required to sit the examination within thirty (30) working days from the end of the examination series in which the supplemental grade was received, unless the progression rules of a faculty or school require the successful completion of an entire academic year before a student is eligible to proceed into the next. In this case, students are obliged to sit the examination at the next ensuing examination period.

Final Examinations

These regulations expand on the Final Examinations and Final Grades Policy and Procedures found in the University Policies and Procedures.

General Examination Regulations

Students (with the exception of students auditing courses) are required to write all final examinations. Those who absent themselves without an acceptable reason will receive a grade classification of “NP” (No Paper) accompanied by a letter grade based on term work completed, using a zero value for incomplete term work and for the final examination. If no credit for term work is involved, a grade of “F” will be assigned. Under certain conditions a student may apply for a deferred examination; see Deferred and Supplemental Examinations.

Examination Schedules

For most faculties, schools and colleges, final examinations are normally conducted in December for Fall Term courses; in April/May for Winter Term and Fall/Winter Term spanned courses; and in August for Distance and Online Education Summer Term courses. Exact dates for the exam period can be found in the Academic Schedule (p. 28).

The Schedule of Final Exams for Fall and Winter is made available by the Registrar’s Office approximately one month after the beginning of the term. This schedule is made available on the Registrar’s Office Website (https://umanitoba.ca/registrar/final-exams/) and includes finalized dates and times for each exam. Exam locations are added to the schedule at a later date. Summer Term courses, final exam details will be made available at the time of registration.

Students must remain available until all examination and test obligations have been fulfilled. Travel plans are not an acceptable reason for missing an exam.

Examination Personations

A student who arranges for another individual to undertake or write any nature of examination for and on his/her behalf, as well as the individual who undertakes or writes the examination, will be subject to discipline under the university’s Student Discipline Bylaw, which could lead to suspension or expulsion from the university. In addition, the Canadian Criminal Code treats the personation of a candidate at a competitive or qualifying examination held at a university as an offence punishable by summary conviction.

Hold Status

More details about being on Hold can be found online on the Registrar’s Office website (https://umanitoba.ca/registrar/hold-status/).

Students will be placed on "Hold Status" if they incur any type of outstanding obligation (either financial or otherwise) to the university or its associated faculties, schools, colleges or administrative units.

Some typical reasons for holds are:

- Program/course selection must be approved
- U1 student must transit into the Faculty of Arts or Science
- Required Major, Minor and/or Concentration declaration
- Transcripts or documents required from other institutions
- Unpaid tuition and/or other university fees
- Outstanding library books and/or fines
- Parking fines
- Pending disciplinary action

Depending on the reason for the hold, limited or no administrative or academic services will be provided to students on Hold Status until the specific obligations have been met.

Students must clear their holds prior to registration by contacting the appropriate office. Students with outstanding financial obligations to the university will not be permitted to register again until the hold has been cleared or permission to register has been obtained from the Office of the Vice-President (Administration).

Advisor and Program Holds

Students enrolled in some programs are required to discuss their course selections and program status with an advisor prior to registration. Advisor and Program Holds normally only restrict registration activity; other administrative services remain available.

Students can verify whether their program requires consultation with an advisor by checking their faculty/school section of the Academic Calendar, or by viewing their Registration Time and Status in Aurora.

Graduation and Convocation

Graduation

Students may graduate from the University of Manitoba in May/June, October, and February of each year. (Convocation ceremonies are held in May/June and October only).

Students are eligible to graduate when they have completed all of the requirements for their degree program in accordance with the regulations
described in the chapter General Academic Regulations (p. 118) and the regulations available from the general offices of their faculties and schools.

It is the responsibility of each student to be familiar with the graduation requirements of the program in which they are enrolled. Consultation with academic advisors is advised to ensure that graduation requirements are met.

Please refer to the Registrar’s Office website (https://umanitoba.ca/registrar/graduation-convocation/FAQ/) for Frequently asked Questions about Graduation and Convocation.

**Application for Graduation**

Every candidate for a degree, diploma or certificate must make formal application at the beginning of the session in which he/she expects to complete graduation requirements.

Application is to be made through Aurora Student. (Log into Aurora Student; click Enrolment and Academic Records, then Declarations, then Declare Graduation Date.)

**Changing a Graduation Date**

If you need to change your graduation date after you have made your declaration, you must contact the general office of your faculty, college, or school as soon as possible.

**Receipt of Information about Graduation**

After you have declared your graduation, you will be sent a series of e-mails to your University e-mail account, requesting you to verify your full legal name, asking you about your attendance at convocation, providing convocation information, and so on. It is imperative that you activate your University of Manitoba email account and check it regularly.

**Convocation**

Convocation ceremonies are held in May/June and October of each year.

February graduates are invited to attend the May/June ceremonies.

Graduating students are encouraged to attend with their families and friends because it is the one ceremonial occasion that marks the successful conclusion of their program of studies.

Graduates who wish to attend Convocation, verify their attendance at the Convocation ceremony by reserving their academic attire through the University approved supplier.

Students who, for any reason, do not attend Convocation will receive their degrees in absentia.

The Registrar’s Office will hold unclaimed parchments for a maximum of twelve months after graduation when any unclaimed parchments will be destroyed. These will include those not given at Convocation, those that were to be picked up in person but not claimed, those that were mailed but returned to the Registrar’s Office by the postal outlet or courier depot, those that were not issued due to a financial hold on a student’s records, and those that were reprinted immediately after convocation due to corrections.

It is critical that you update your address, phone number and email through Aurora whenever changes occur. Note that any changes made with the Alumni Association are not reflected in your University of Manitoba student records.

If you do not receive your parchment, it is your responsibility to follow up with the Registrar’s Office within a twelve-month period. Any requests for parchments after this time will be processed as replacements; there is a fee charged for replacement parchments.

**Academic Dress**

Students are responsible for making arrangements to reserve their academic attire through the University approved supplier. Rental fees apply. Details will be provided via e-mail once Convocation planning begins.

**Convocation Information**

Information on Convocation may be found on the Graduation/Convocation website (http://umanitoba.ca/convocation/).

**Personal Information**

**Mailing Address**

In order to receive University mail, it is essential that you provide the Registrar’s Office with your current address. All mail will be directed to the address you provide. You may change your mailing address and phone number by accessing Aurora Student and then selecting Personal Information.

**Change of Name**

If you have changed your name since you were first admitted or if the name on your record is incomplete or inaccurate, official evidence of the name change or correction must be submitted to the Registrar’s Office along with a completed Request for Change of Name form (https://umanitoba.ca/registrar/change-your-personal-information/).

The University of Manitoba uses your full legal name on its records, transcripts, and graduation documents (a full legal name, for example, includes all names on your birth certificate - first, middle, and last - or on your study permit). Abbreviated names, Anglicized names, or initials should not be used unless they have been proven with appropriate documentation.

Preface (Grad Admissions)

At the University of Manitoba, graduate study and research were conducted on a modest scale from the foundation of the university and during its early years. In 1949, a Faculty of Graduate Studies and Research was established to systematize efforts in these fields. A substantial number of graduate students received fellowships, scholarships, or assistantships made available under such arrangements as the Natural Sciences and Engineering Research Council, and the university itself. Providing additional opportunity for graduate students, research work funded through grants from business corporations and government bodies is now conducted at the university.

Agriculture and Agrifood Canada and the Department of Fisheries and Oceans maintain research initiatives on the Fort Garry campus. Additional and extensive research facilities are available in the faculties of Dentistry and Medicine located in central Winnipeg and the university’s Bannatyne Campus. The Faculty of Medicine operates in close conjunction with the major teaching hospitals.

Graduate work at the doctoral level is offered in the faculties of Agricultural and Food Sciences, Arts, Clayton H. Ridell Faculty of Environment, Earth and Resources, Dentistry, Education, Engineering, Medicine, Science, Social Work, and the Asper School of Business/ Faculty of Management.

The Faculty of Graduate Studies is governed by the Faculty Council of Graduate Studies. The Faculty Council delegates powers to the Executive Committee of Graduate Studies which in turn delegates responsibilities to standing committees of the faculty, such as the Guidelines and Policy Committee and the Awards Committee.

Admission to Graduate Studies

Degrees and Diplomas Offered

The Faculty of Graduate Studies offers advanced courses of instruction and facilities for research leading to the following:

- Master of Architecture (M.Arch.)
- Master of Arts (M.A.)
- Maîtrise ès Arts (Université de Saint-Boniface)
- Master of Business Administration (M.B.A.)
- Master of City Planning (M.C.P)
- Master of Dentistry (M.Dent.)
- Master of Education (M.Ed.)
- Maîtrise en Éducation (Université de Saint-Boniface)
- Master of Engineering (M.Eng.)
- Master of Environment (M.Env.)
- Master of Finance (M.Fin.)
- Master of Fine Art (M.F.A.)
- Master of Human Rights (M.H.R.)
- Master of Interior Design (M.I.D.)
- Master of Landscape Architecture (M.L.Arch.)
- Master of Laws (L.L.M.)
- Master of Music (M.Mus)
- Master of Natural Resources Management (M.N.R.M.)
- Master of Nursing (M.N.)
- Master of Occupational Therapy (M.O.T.)
- Master of Physical Therapy (M.P.T)
- Master of Physician Assistant Studies (M.P.A.S.)
- Master of Public Administration (M.P.A.)
- Master of Public Health (M.P.H.)
- Master of Science (M.Sc.)
- Master of Social Work (M.S.W.)
- Master of Supply Chain Management and Logistics (M.S.C.M.)
- Doctor of Philosophy (Ph.D.)
- Diploma in Population Health (Dip.P.H.)*

*Currently on hold.

See the Graduate Studies Program index in this Calendar for listings of graduate programs by unit.

Admission

General Policy on Admission

The general policy on admission to the Faculty of Graduate Studies is found in the Academic Guide section of this Calendar. Note that admission standards as well as criteria and procedures for admission may vary from program to program. Consult the specific departmental listing in this Calendar for details.

Admission to the Faculty of Graduate Studies is competitive and a combination of factors is considered in the admission decision, including:

- The past academic performance of the applicant and assessments of referees. These are used as indicators of the likelihood that the applicant can successfully complete the course of studies and research for the degree.
- The capacity of the department (unit, faculty, institute, etc.) to provide the program of study and research requested by the applicant, including adequate study and research facilities.

The availability and willingness of a faculty member competent to supervise the program of study and research of the applicant.

Application

APPLICATION FORMS

See the Graduate Studies website (https://umanitoba.ca/graduate-studies/graduate-student-admissions/) for application information. For application deadline dates and program-specific requirements, refer to the specific graduate program of study page (https://umanitoba.ca/explore/programs-of-study/graduate/). Application to live in residence is made separately (Please refer to Homestay (https://umanitoba.ca/english-language-centre/homestay-accommodations/)) or Student Residences (https://umanitoba.ca/housing/)

Application Fee

This fee must accompany all online admission applications:
• Canadian/permanent residents - $100. (CAD)
• International applicants - $100. (CAD)

**Application Declaration**
All persons seeking admission to the University of Manitoba must sign the following declaration on the Application for Admission: “I hereby certify that I have read and understood the instructions and information sheet attached to this application form and that all statements made in conjunction with this application are true and complete. I understand that my application will be rejected if I have not disclosed my complete academic record or have submitted false information in support of my application to the Faculty of Graduate studies. In such an event I understand that future applications from me will not be considered.”

**Application Fraud or Misconduct**
It should be noted that the commission of application fraud or misconduct may result in acceptance and registration being withdrawn and the applicant disqualified from consideration, not only in the year of application, but, in all subsequent sessions. If discovered in a subsequent session it may result in dismissal from the university. Application fraud or misconduct includes the following:

• Failure to declare attendance at another post-secondary institution;
• Presenting falsified academic documentation or causing or encouraging another person to falsify records through translation or data changes;
• Presenting falsified personal documentation, e.g. using a false name, date of birth, country of origin, etc.;
• Presenting falsified or fictitious reference documentation;
• Cheating on or having another person write a standardized entry exam such as TOEFL, MCAT, LSAT, DAT or GMAT;
• Presenting another person’s standardized test score as one’s own to falsify a test result; and
• Failure to report suspensions from another post-secondary institution.

**Classification of Students**
The classification of a student at the University of Manitoba is determined on admission to a program of study.

Please refer to Student Status/Classification of Students. (p. 1338)
Academic Guide

The Faculty of Graduate Studies Academic Guide contains all the rules and policies pertaining to the Faculty of Graduate Studies. Adherence to these rules is of utmost importance for the effective functioning/operation of programs and for guiding and monitoring the progress of students. The integrity of the process is at stake. The major goal of this guide is to prevent potential problems that may affect the completion of a student’s program. It is the responsibility of students and the department/unit offering a graduate program to read and follow the policies contained herein.

All regulations as laid out in the Faculty of Graduate Studies Academic Guide are subject to revision by the appropriate bodies of the Faculty of Graduate Studies. This compendium is presented as the most recent set of regulations as a guideline for students and staff. Individual departments may have additional regulations that supplement these general regulations. All such supplementary procedures and regulations must be approved as specified by the By-Laws of the Faculty of Graduate Studies, be published and available to students, and kept on file in the Faculty of Graduate Studies Office.

Preface

The Faculty of Graduate Studies is a pan-University faculty responsible for overseeing the administration of all graduate programs at the University of Manitoba. The Faculty of Graduate Studies Academic Guide contains all the rules and policies pertaining to the Faculty of Graduate Studies. These regulations apply to all graduate students in all programs in all academic units. Adherence to these rules is of utmost importance for the effective functioning/operation of programs and for guiding and monitoring the progress of students. It is the responsibility of students and the department/unit offering a graduate program to read and follow the policies contained herein.

All regulations as laid out in the Faculty of Graduate Studies Academic Guide are subject to revision by the appropriate bodies of the Faculty of Graduate Studies. This compendium is presented as the most recent set of regulations as a guideline for students and staff. Individual departments/units may have additional regulations that supplement these general regulations. Supplementary procedures and regulations must be approved as specified by the By-Laws of the Faculty of Graduate Studies, be published and available to students, and be kept on record by the Faculty of Graduate Studies Office. For those programs that are administered through a Faculty (as opposed to a Department) the term “Department” should be substituted by “Unit” within this document (i.e., Department Head becomes Unit Head.)

Definitions

The “Dean, Faculty of Graduate Studies” shall be taken to mean the Dean, Faculty of Graduate Studies or designate.

“Unit” shall be taken to mean the academic unit where the graduate student is pursuing their studies. Generally, this is the department. For Faculty-based programs, the Dean or Director is the de facto Head of the unit. The term “unit” shall also include School(s) or College(s) of Faculties within the University. The Dean of the Faculty of Graduate Studies is the de facto Head of interdisciplinary programs administered by the Faculty of Graduate Studies. The Head of any unit may designate any of their responsibilities in this policy to another member of the unit (e.g., Graduate Chair).

Application, Admission, and Registration Procedures

Application and Admission Procedures

The application (and all required documentation) is to be submitted directly to the Faculty of Graduate Studies via the online application system. Applicants should contact the department/unit to which they are applying for the procedures and requirements which are specific to the program of application. Contact information for each department/unit can be found on the Graduate programs of study website (https://umanitoba.ca/explore/programs-of-study/graduate/).

Process

1. A completed official application for admission form must be submitted, together with the application fee and supporting documentation, to the Faculty of Graduate Studies, via the online application system. Applicants are required to submit the application and documentation to the Faculty of Graduate Studies in time to meet the application deadline in place for a particular department/unit. Deadlines vary depending on the program to which the applicant is applying and whether the applicant is domestic or international. Deadlines can be found by clicking the appropriate application program page on the Graduate programs of study website (https://umanitoba.ca/explore/programs-of-study/graduate/).

Note: International students must pay special attention to transcript requirements (see application form for details).

2. Applications are subsequently reviewed by the unit offering the program which will decide whether the applicant meets the unit’s criteria including, but not limited to, availability of advisors, space, and facilities.

3. Notification of recommended/rejected applications is sent by the Head of the unit to the Faculty of Graduate Studies. Applications recommended for admission are checked to determine if they meet the Faculty of Graduate Studies’ eligibility requirements. The Faculty of Graduate Studies then notifies applicants of their acceptance or rejection.

Deadlines for Recommended Applications (from Departments/Units to the Faculty of Graduate Studies)

The following are the deadlines for receipt by the Faculty of Graduate Studies of recommendations from departments/units.

<table>
<thead>
<tr>
<th>Term</th>
<th>Start Date</th>
<th>Canadian/US</th>
<th>International</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>September</td>
<td>July 1</td>
<td>April 1</td>
</tr>
<tr>
<td>Winter</td>
<td>January</td>
<td>November 1</td>
<td>August 1</td>
</tr>
<tr>
<td>Summer</td>
<td>May</td>
<td>March 1</td>
<td>December 1</td>
</tr>
</tbody>
</table>

IMPORTANT: These are not unit-specific application deadlines. Prospective applicants must consult the appropriate application program page on the Graduate programs of study website (https://umanitoba.ca/explore/programs-of-study/graduate/).

Application Fee

A $100.00 (CDN) non-refundable fee must accompany an application for admission. The Physician Assistant Studies and Orthodontics programs charge an additional fee of $25 and $50, respectively.
Transcripts
Unofficial copies of transcripts and final degree certificates are acceptable for initial assessment and provisional admission purposes. Upon admission to the Faculty of Graduate Studies, applicants must arrange for official transcripts from all post-secondary institutions attended to be sent to the Faculty of Graduate Studies, within one (1) month of the date on the admission letter. Applicants will be placed on hold, which prevents registration until all admission requirements have been submitted. All transcripts must arrive in sealed, university-stamped envelopes sent directly from the issuing institution(s) and be accompanied by official and literal English translations (Please refer to Transcripts: International below). For international degrees or where the transcripts do or will not clearly state that a degree has been conferred, a copy of the official degree certificate is also required.

Transcripts: International
Where academic records from a country other than Canada are produced in a language other than English, the applicant must arrange for the submission of official literal English translations of all records. To be official, original language documents and English translations must arrive together in envelopes which have been sealed and endorsed by the issuing institution. For international degrees, a copy of the official degree certificate is also required.

Transcripts: University of Manitoba
University of Manitoba students are not required to submit University of Manitoba transcripts.

Proficiency in English
The Faculty of Graduate Studies requires a passing, acceptable English Language Test score in order to offer admission. A successfully completed English Language Proficiency Test from the approved list is required of all applicants unless they have received a secondary school diploma and/or university degree from Canada or one of the countries listed on the English Language Proficiency Test Exemption List (https://umanitoba.ca/graduate-studies/graduate-student-admissions/restrictions/#countries-exempt-from-english-language-requirements). In all cases, test scores older than two (2) years (from the time of completing the test) are invalid.

Thresholds required for successful completion are indicated in parentheses.

• Test of English as a Foreign Language (TOEFL) Internet based - iBT® (86; minimum score of 20 in each of reading, writing, listening and speaking categories). The “best score” will not be considered for admission. Only individual test scores will be used to meet the minimum requirements.
• International English Language Testing System (IELTS™) (6.5 in the Academic Module)
• Academic English Program for University and College Entrance (AEPUCE) (65%)
• PTE Academic (61% overall)

Note:
Some units may require a specific test or test scores greater than those indicated above. Students should check department/unit supplementary regulations for details.

Applicants holding secondary school diplomas and/or recognized university degrees from countries on the Faculty of Graduate Studies English Language exemption list are not required to submit an English Language Proficiency score. For more information please see our website (https://umanitoba.ca/graduate-studies/graduate-student-admissions/admission-requirements/#countries-exempt-from-english-language-requirements).

English Language Proficiency Test Exemption List
Applicants holding secondary school diplomas and/or recognized university degrees from countries on the Faculty of Graduate Studies English Language exemption list are not required to submit an English Language Proficiency score. For more information please see our website (https://umanitoba.ca/graduate-studies/graduate-student-admissions/admission-requirements/#countries-exempt-from-english-language-requirements).

Letters of Recommendation
Letters of Recommendation are to be completed via the online application. Recommendation letters submitted via post or email are not accepted. Applicants are required to add their ‘Recommendation Provider(s)’ contact information so that each recommender is sent an automated email notification.

Generally, two (2) Letters of Recommendation must be submitted to the Faculty of Graduate Studies. The number of required recommendation letters for an application for admission is stated on the program’s webpage which is available at this link (https://umanitoba.ca/explore/programs-of-study/graduate/).

Admission Tests
Some departments/units require admissions tests, such as the Graduate Record Examination (GRE®) or the Graduate Management Aptitude Test (GMAT®). These requirements are listed in the department/unit’s supplementary regulations. If required, the scores must be submitted at the time of application.

Entrance Requirements
The minimum standard for acceptance into any category in the Faculty of Graduate Studies is a 3.0 Grade Point Average (GPA) (or equivalent) in the last two (2) years of full-time university study (60 credit hours).

Note: This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria.

Eligibility of University of Manitoba Staff Members
A staff member at The University of Manitoba at the rank of Assistant Professor and above or Instructor 1 and above, is not eligible to apply for admission to a graduate program in the department/unit in which the appointment is held.

Registration Procedures
Undergraduate Student Registration in Graduate Level Courses
Undergraduate students may be permitted to register in 7000-level courses or above on recommendation of the department/unit offering the graduate course, subject to the conditions listed below.

• Undergraduate students must obtain permission from the Department/Unit Head and course instructor before registering for a graduate course.
• Only undergraduate students completing an undergraduate degree at the University of Manitoba are eligible to enroll in a graduate

October 05, 2022
course (i.e., undergraduate students from other institutions and those completing courses without registration in a degree program are ineligible for registration in graduate courses).

- Undergraduate students are not eligible for enrollment in any graduate course that is cross-listed with an undergraduate course, or that is scheduled to be taught at the same time and location as an undergraduate class.
- Undergraduate students will only be eligible to receive graduate-level credit for a course designated as 7000-level or above if at least 75% of the students registered in the course are graduate students.
- Undergraduate students who complete a graduate course are not guaranteed admission to a graduate program.

**Initial Program Registration**

On admission to a graduate program at the University of Manitoba, students may submit a formal request to the Faculty of Graduate Studies to apply any previously completed graduate courses toward their program. Requests for approval or denial must be submitted to the Faculty of Graduate Studies to apply any previously completed graduate courses toward their program.

- No more than 50% of the coursework required in a graduate program may be imported from credit hours completed during an undergraduate program.
- Only courses in which a C+ grade or higher, or the minimum grade required by the program to which the course would be applied, are eligible to be considered towards meeting the requirements of any graduate program.
- Any graduate course completed by an undergraduate student may subsequently be applied to a graduate program only if it has not been used toward completion of any other degree program.
- Any graduate course completed by an undergraduate student for which a passing grade has been obtained (i.e., C+ or higher) may not be repeated should the student later gain admission to a graduate program.
- Courses completed more than seven (7) years prior to the date of awarding a degree may not normally be used for credit towards the degree (please refer to "Lapse or Expiration of Credit of Courses").

All graduate students must initially register in the term indicated in their letter of acceptance as specified in the Academic Schedule of the Graduate Calendar. Any student not registering by the registration deadline for the term specified in their letter of offer will be required to re-apply for admission. Admission is not guaranteed if a student re-applies to the Faculty of Graduate Studies. In exceptional circumstances and with prior approval from the department/unit, students may defer registration for up to one (1) year following acceptance into the Faculty of Graduate Studies.

All programs must be approved by the Head of the major department/unit or designate. Approval to take courses from departments/units outside the major department/unit must be obtained from the outside department/unit.

The approval or denial of admission and registration to two (2) concurrent programs rests with the Dean of the Faculty of Graduate Studies in consultation with the department/unit concerned. The request for approval or denial must be submitted to the Faculty of Graduate Studies prior to the student’s admission/registration on the "Concurrent Curriculum Permission" form.

Where a student does register in two (2) programs, it is important to note that dual registration may affect funding, and that completing a graduate program as a part-time student will affect eligibility for The University of Manitoba Graduate Fellowship (UMGF) and may limit other funding possibilities.

**Re-Registration**

All students must re-register in all Fall, Winter, and Summer terms of their program until a degree is obtained. Failure to re-register will result in the student being discontinued from their graduate program. A student who has been discontinued and would like to be considered for continuation in a program must apply for re-admission via the standard online admission process. Re-admission is not guaranteed.

The notation ‘Discontinued Graduate Program’ will be placed on the academic record of any graduate student who has failed to maintain continuous registration. A student be discontinued, but is in poor academic standing, the notation ‘Required to Withdraw’ will replace ‘Discontinued Graduate Program’.

The re-registration requirement does not apply to occasional students, visiting students, Pre-Master’s students or students on an Exceptional or Parental Leave of Absence (please refer to “Leave of Absence”).

**Registration Revisions**

Revisions to registration must be approved by the Department/Unit Head or designate and may be made during the designated periods as published in the Academic Schedule of the Graduate Academic Calendar.

Note: Graduate students are not permitted to withdraw from courses without written permission from their Department/Unit Head on recommendation from their advisor/co-advisor (and/or advisory committee). The notation “Required to Withdraw” may be placed on the academic record of any graduate student who has withdrawn from courses without such approval.

**Advisor Student Guidelines (ASG)**

All students in thesis/practicum programs, together with their advisor/co-advisor, are required to discuss and complete the ASG as soon as possible after initial registration, prior to the commencement of any research, and no later than at the time of submission of the first Progress Report. The advisor/co-advisor and the student are required to approve the agreement. If the parties cannot agree on one or more component(s) of the Advisor Student Guidelines, the matter should be referred to the Department/Unit Head, Graduate Chair, or the Dean of the Faculty of Graduate Studies. If a student does not have an advisor/co-advisor at this time, the interim advisor will be required to complete the ASG. A new ASG is to be completed if there is a change in advisor/co-advisor, a co-advisor is added mid-way through the student’s program, or if a student transfers programs.

* In department/units where the choice of thesis/practicum topic and thesis/practicum advisor are postponed after a student’s entry into the program, the Department/Unit Head, within one (1) term, shall appoint a faculty member to advise the student in the interim period before the regular advisor is assigned or chosen. Students must have an advisor through to the end of their program in programs requiring an advisor.
Western Deans’ Agreement

This agreement was established in 1974 as an expression of co-operation and mutual support among universities offering graduate programs in western Canada. Its primary purpose is the reciprocal enrichment of graduate programs throughout western Canada. This agreement is not intended to preclude other agreements between participating institutions. A list of the participating Universities can be found on the Western Canadian Deans of Graduate Studies website (http://wcdgs.ca/). University of Manitoba graduate students interested in participating can learn more about how to apply on the Registrar’s Office (https://umanitoba.ca/registrar/letter-permission/) website.

The Western Deans’ Agreement normally provides an automatic tuition fee waiver for visiting students. Graduate students paying normal required tuition fees to their home institution will not pay tuition fees to the host institution.

Only degree level courses from recognized post-secondary institutions will be considered; courses that are part of certificate or diploma programs will not be approved.

Program fees are always to be paid to the home institution, regardless of coursework taken at another institution. Students may be required to pay student, activity, application, or other ancillary fees to the host institution, according to general policies in effect at the host institution. Wherever possible, these fees will also be waived.

Students will qualify for the fee waiver if they:

1. Present the “Authorization Form: Western Deans’ Agreement (http://wcdgs.ca/content/dam/ex/wcdgs/Western-Deans-Agreement.pdf)” signed by the University of Manitoba graduate student’s Department/Unit Head or advisor/co-advisor to the Faculty of Graduate Studies at least eight (8) weeks prior to the start of the term of the course(s) at the host institution. The Dean of the Faculty of Graduate Studies (or designate) will review and sign the form and submit it to the participating Western Deans’ institution at least six (6) weeks prior to the start of the term, specifying the course(s) to be taken for credit toward a graduate degree program at the student’s home institution;

2. Are in good standing in a graduate program at the home institution;

3. Do not owe tuition and/or fees at the home institution.

Students must meet all requirements as prescribed by the host university’s regulations, deadlines, class capacities, and course prerequisites.

Registration is possible in courses at both the graduate and undergraduate levels, and in credit courses offered through distance education or other means. To be eligible, courses must be an integral part of the student’s graduate degree program. Fee waiver is not permitted for audit or non-credit courses.

Students must have the Authorization Form approved by the relevant Department/Unit Head and the Faculty of Graduate Studies at the host institution at least one (1) month prior to the commencement of the course(s) requested. The fee waiver is not available retroactively.

Students are subject to regulations of the home institution governing credit for the courses to be undertaken. As a condition of registration at the host institution, students will arrange for official transcripts from the host institution to be sent to the home institution confirming successful completion of courses selected.

Students must send confirmation of registration and notice of any change to the Registrar’s Office of the home institution at the time of registration or course change is completed.

Students may not claim fee waivers under the terms of this Agreement for a period of more than three (3) terms in total.

Each institution has its own regulations regarding the maximum number of transfer credits permitted in a given degree program. A list of the participating Universities can be found on the Western Canadian Deans of Graduate Studies website (http://wcdgs.ca/).

Canadian University Graduate Transfer Agreement (CUGTA)

The CUGTA (https://umanitoba.ca/graduate-studies/programs-study/courses-taken-elsewhere/#canadian-university-graduate-transfer-agreement) is to provide students in good standing enrolled in a graduate degree or diploma program at a CAGS member university the opportunity to avail themselves of courses offered at another member institution (host) for transfer credit to the program at their institution (home).

The CUGTA provides an application fee waiver for visiting students when applying through this agreement. Tuition fees are not automatically waived, it is up to the host institution whether tuition fees will be charged.

Program fees are always paid to the home institution, regardless of coursework taken at another institution. Students may be required to pay tuition, student, activity, application, or other ancillary fees to the host institution, according to general policies in effect at the host institution.

Only degree-level courses from recognized post-secondary institutions will be considered; courses that are part of certificate or diploma programs will not be approved.

Students must meet all requirements as prescribed by the host university’s regulations, deadlines, class capacities, and course prerequisites.

Registration is possible in courses at both the graduate and undergraduate levels, and in credit courses offered through distance education or other means. To be eligible, courses must be an integral part of the applicant’s graduate degree program.

Students must submit the CUGTA form to their home University at least eight (8) weeks prior to the start of classes.

Students must have the Authorization Form approved by the relevant Department/Unit Head and the Faculty of Graduate Studies at the host institution at least one (1) month prior to the commencement of the requested course(s).

Students are subject to the home institution’s regulations concerning credit for the courses to be taken. As a condition of registration at the host institution, students will arrange for official transcripts from the host institution to be sent to the home institution confirming successful completion of course(s) selected.

Students must send confirmation of registration and notice of any changes to the home institution at the time of registration or course change is completed.

Each institution has its own regulations regarding the maximum number of transfer credits that are permitted in a given degree program.
Most but not all Canadian Universities that are a member of the Canadian Association for Graduate Studies (https://cags.ca/institutional-members/) participate in the CUGTA. Student must contact the host institution for information on whether they accept the CUGTA.

Course Classifications

General Classifications

Students who register themselves through Aurora Student Information System (Aurora Student) must have prior approval of the Department/Unit Head or designate. Students registering through Aurora Student should add only those courses that are a Major (Standard "S") course in their program. Courses with Auxiliary "X", Audit "A", or Occasional "O" status (see below) must be added by the department/unit.

"X" Auxiliary course: Course is not a major requirement of the program but is required/recommended by the student's advisor/co-advisor. The student's advisor/co-advisor and Department/Unit Head must determine if there is a valid need for the registration in courses under the X classification. Extra courses that are not part of the Master's or Ph.D. program but which are specified and required/recommended by the student's advisor/co-advisor, may be classified as "X" and the grade will not be included in the degree GPA which appears on the transcript. However, "X" course grades may be used in the calculation of the GPA for continuation in the program and a minimum grade requirement may be required for "X" coursework by the department/unit. (Please consult the individual department/unit's supplementary regulations.) Additionally, "X" courses are used in the calculation of the GPA for the purposes of Admission and Awards (e.g., the University of Manitoba Graduate Fellowship (UMGF) and International Graduate Student Scholarship (IGSS)). A maximum of twelve (12) credit hours under the "X" course classification is permitted while registered in a given program.

"A" Audit course: Course is not taken for credit. No grade is recorded. Additional fees will be assessed.

"O" Occasional course: Course is not a requirement of the program. Additional fees will be assessed.

Note:

- Students are not permitted to audit a course and take the same course for credit at a later date.
- Changes in course classifications are regarded as course/program changes and may not be made without approval (refer to Registration Revision (p. 1336)) or after the deadline dates for course changes as indicated in the Academic Schedule of the Calendar.

Incomplete Courses

Students who are unable to complete the term work prescribed in a course may apply to the instructor prior to the end of lectures for an incomplete grade and time extension for work completion. Even if the student is granted an incomplete grade ("I") and an extension for work, the student will still need to write the final examination if one is scheduled for the course.

Taking into account the results of the final examination, the value of the term work completed, and the extent of the incomplete term work, the instructor will calculate the temporary grade using a zero value for incomplete work. In no case will the satisfaction of the incomplete requirements cause a grade to be lowered.

The following maximum extensions are allowed:

- August 1st for courses terminated in April
- December 1st for courses terminated between May and August
- April 1st for courses terminated in December

If a final grade is not reported within one (1) month of the extension deadline, the letter “I” will be dropped, and the grade will remain as awarded. The student's opportunity to improve the grade will have lapsed. Please visit the Registrar's Office (https://umanitoba.ca/registrar/grades/#time-extensions-for-incomplete-grades) website for further information.

Continuing Courses (CO)

For those graduate level courses (6000, 7000, and 8000) which are being taken by students enrolled in the Faculty of Graduate Studies and which continue beyond the normal academic term, the instructor shall recommend that a grade classification of CO be used until such time as a final grade can be established. If the course is not completed by August 31, the student must re-register for the course(s).

In the absence of an assigned mark of CO, the student may receive a mark of F in the course.

Note:

With the exception of “GRAD” courses, a CO will normally not be permitted longer than twelve (12) months. In exceptional circumstances, where a CO grade is requested for a second twelve (12) months, at the time the CO grade is submitted, the instructor and Department/Unit Head must also submit the “Recommendation for Continuing Status of a Course” form stating the reason for the CO and the deadline by which the course must be completed.

Cross-Listed Courses

Cross-listed courses are defined as courses taught at the same time and in the same location.

The regulations below place limits on the extent to which cross-listed courses may be used to meet graduate program requirements.

1. In order to receive credit for any 7000-level course that is cross-listed with a 3000-, 4000-, or 5000-level undergraduate course, the 7000-level course must have a distinct syllabus, and the course content and evaluation methods must be at the graduate-level.

2. Graduate students will not receive credit toward meeting program requirements for any 7000-level course cross-listed with a 1000- or 2000-level undergraduate course unless prior permission is granted by the Dean of the Faculty of Graduate Studies or designate.

3. Graduate students will not receive credit toward meeting program requirements for any 7000-level course cross-listed with a previously completed course.

Student Status/Categories of Students

Full-Time and Part-Time Students

Graduate students are admitted as full-time students. Graduate student status is not determined by the number of credit hours taken per term, unless the student is admitted as Pre-Master’s. Therefore, students who spend much of the time in a laboratory or library engaged in research or writing a thesis/practicum, or who spend part of the academic year engaged in research elsewhere, are regarded as full-time students.

Student status should be determined by the student and advisor/co-advisor, and changes must be requested on the “Part-Time Status” form. The form must be approved by the Department/Unit Head and submitted.
to the Faculty of Graduate Studies. A change to part-time status cannot be granted solely for financial circumstances. Students are not permitted to change to part-time status more than once within their program. Once a student declares as part-time, they may return to full-time status once, but cannot subsequently revert to part-time. Declaration of full/part time status must be made prior to the end of the registration revision period in the Fall and/or Winter terms and within one (1) month of the start of the Summer term.

For every full year (12 months) that a Master’s student is declared as part time, they will receive an additional four (4) months in time to complete their program. For every two (2) full years (24 months) a Master’s student is declared as part time, they will receive an additional year (12 months) in time to complete their program. Master’s students who declare part time status for less than one year (12 months) are not permitted any additional time to complete their program. Retroactive status changes will not be made.

For every two (2) full years (24 months) that a Ph.D. student is declared as part time, they will receive an additional four (4) months in time to complete their program. Ph.D. students who declare part time status for less than two (2) full years (24 months) are not permitted any additional time to complete their program. Retroactive status changes will not be made.

Pre-Master’s Students
In specific cases where the academic background of the student is judged to be insufficient for the given program in a department/unit, the department/unit may recommend that the student be admitted to a Pre-Master’s program of study. The Pre-Master’s program is intended to bring the student’s standing to approximately the level of an Honours graduate in the major department/unit, and to satisfy prerequisites for courses. See General Regulations: Pre-Master’s (https://catalog.umanitoba.ca/graduate-studies/academic-guide/general-regulations-pre-masters/).

Occasional Students
A student wishing to take graduate courses with no intention of applying them toward an advanced degree at The University of Manitoba is classified as an occasional student. Occasional students must apply via the regular FGS admission process (to the department/unit offering the course or majority of courses) and meet the same degree and grade point average entrance requirements as regular graduate students and must write final examinations in the courses taken (unless audited), but will not receive credit toward a degree. In special circumstances, an occasional student may apply for permission to proceed to a degree program and also apply for transfer; for credit, of courses previously taken in the “occasional” category.

Occasional student status is not advised for international students due to study permit limitations. International students interested in becoming an occasional student should contact the Graduate Studies admissions office and University of Manitoba International Centre.

Note:
1. Transfer of courses from the “occasional” category to a degree program is not automatic; request for advance credit must be made within the first year of a degree program on the “Advance Credit – Transfer of Credit (https://umanitoba.ca/graduate-studies/forms/)” form.
2. Fees paid by a student while registered as an occasional student are not transferable to a degree program at a later date.
3. Registration in the occasional student category can be for no more than one (1) academic year (September 1 - August 31) without reapplication.
4. The majority of coursework per academic year must be taken at the graduate level while registered as an occasional student.
5. Students admitted as Occasional are required to upload proof of instructor permission (in the application for admission) to take the courses as Occasional.

Joint Master’s (With the University of Winnipeg)
The University of Manitoba and the University of Winnipeg offer four (4) joint Master’s programs: History, Religion, Public Administration, and Peace and Conflict Studies. The University of Manitoba, Faculty of Graduate Studies is responsible for the administration of the joint programs, and students must complete the regular University of Manitoba application and registration forms. Students taking Pre-Master’s qualifying work for these programs register at the university where the courses are being taken.

Visiting Students
Visiting students are students who are registered at another institution who are taking one (1) or more courses at The University of Manitoba on a Letter of Permission from their home university. Visiting students must submit an online application, along with a $100.00 (CDN) non-refundable application fee, in addition to copies of transcripts from all institutions attended and a successfully completed English Language Proficiency Test from the approved list, if applicable. Applications must be submitted to the Faculty of Graduate Studies a minimum of one (1) month prior to the start of the intended term of study.

Note:
1. Fees paid by a student while registered as a visiting student are not transferable to a degree program at a later date.
2. Registration in the visiting student category can be for no more than one (1) academic year (September 1 - August 31) without reapplication.
3. The majority of coursework per academic year must be taken at the graduate level while registered as a visiting student.
4. Registration at two different universities on a Letter of Permission (https://umanitoba.ca/graduate-studies/programs-study/courses-taken-elsewhere/#letter-of-permission) (Including Western Dean’s and CUGTA) must have permission from the Dean of Graduate Studies. Students must provide a letter from their home department stating that they are in good academic standing and that they are permitted to take courses at multiple institutions.

Academic Performance – General

General Note
Students are responsible for ensuring that they meet all degree and program requirements. The advisor (and co-advisor, if applicable), advisory committee, and department/unit must also ensure that each student follows Faculty of Graduate Studies regulations, department/unit supplementary regulations and meets all program requirements. The Faculty of Graduate Studies performs a final check of Faculty of Graduate Studies minimum requirements for each student just prior to
graduation. Students are cautioned, therefore, to periodically check all regulations with respect to their degree requirements. Failure to meet all the requirements will render a student ineligible to graduate.

Departments/Units may make recommendations with respect to the regulations concerning minimum academic performance; however, enforcement of academic regulations rests with the Faculty of Graduate Studies. The following procedures apply to recommendations made by departments/units:

The department/unit is responsible for informing the Faculty of Graduate Studies when a student’s performance is unsatisfactory in research or coursework and the department/unit must outline any recommended remedial action(s).

The department/unit must notify the student of the deficiency and of its recommendation.

If the department/unit does not recommend remediation, or if the student fails to satisfy any required remedial action, the student may be Required to Withdraw from the Faculty of Graduate Studies.

Note:

When a graduate student is Required to Withdraw from a program of study, the notation on the academic record will be: “Required to Withdraw”.

A student who has been Required to Withdraw from a graduate program may be permitted to apply for admission to another graduate program only if the application for admission is approved by the Dean of the Faculty of Graduate Studies.

Voluntary withdrawal from a program is only permitted if the student is in good academic standing. Good academic standing includes, but is not limited to, the regulations contained in sections Academic Performance and Performance Related to Coursework without exceeding the maximum time permitted to complete a program.

Recommendations of departments/units may supersede student requests for voluntary withdrawal.

### Bona Fide Academic Requirements (BFAR)

The following Bona Fide Academic Requirements (BFAR) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills. Students must also meet additional requirements that may be specified for their program.

Students must meet requirements as outlined in both BFARs and Supplementary Regulation documents as approved by Senate.

Unless otherwise indicated, students may elect to complete any/all of the following requirements with or without appropriate and authorized assistive technology/aids. Students must consult Student Accessibility Services (SAS) regarding authorization for these procedures. Students may also refer to the University’s Accessibility Policy and Procedures (https://catalog.umanitoba.ca/graduate-studies/university-policies-procedures/accessibility-policy/).

Student must conduct research in a safe and ethical manner, referring to their respective ethics board and supervisor(s) to ensure respect is maintained for human dignity and/or animal welfare; vulnerable persons; informed consent; justice and diversity; confidentiality and privacy; beneficence and non-maleficence in the work that they conduct.

Student must complete coursework as required by their program.

Individual unit BFARs available on the Graduate Studies website. (https://umanitoba.ca/graduate-studies/student-experience/core-academic-requirements/#all-bona-fide-academic-requirements)

**Academic Performance**

Student progress shall be reported at least annually, but to exceed once every four (4) months, to the Faculty of Graduate Studies on the “Progress Report” form (https://umanitoba.ca/graduate-studies/forms/). Performance that remains “Satisfactory” throughout the year does not need to be reported to the Faculty of Graduate Studies more than annually, but should remain on file in the department/unit.

Students who fail to maintain satisfactory performance may be Required to Withdraw on the recommendation of the Graduate Chair and/or Department/Unit Head to the Dean of the Faculty of Graduate Studies on the “Progress Report” form. Students who receive two (2) consecutive “in need of improvement” or one (1) “unsatisfactory” rating will normally be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

A minimum degree grade point average (DGPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Departments/Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades or DGPA will be Required to Withdraw unless a department/unit recommends remedial action (subject to approval by the Dean of the Faculty of Graduate Studies).

A student may be permitted to remove deficiencies in grades by repeating the course or replacing it with an equivalent substitute course as determined by the student’s department/unit. In the event that a substitute course is used for remediation, the substituted course must be at the same or higher level as the failed course (e.g., at the graduate level for a failed graduate-level course). Each failed course may be repeated or replaced only once, to a maximum of six (6) credit hours of remediated coursework. If a course is repeated or replaced, the higher grade obtained will be used in the determination of the degree grade point average. Students receiving a grade of “C” or less in more than six (6) credit hours of coursework are normally Required to Withdraw, unless otherwise stated in the department/unit’s supplementary regulations. A student may also be permitted the opportunity to improve a low DGPA as determined by the Graduate Chair of the student’s department/unit through the registration and completion of additional course(s).

Students are normally expected to complete remedial action by the end of the subsequent term.

Graduate students are not permitted to repeat a previously passed course, unless the department/unit recommends that course(s) be re-taken if they have lapsed or expired (refer to Master’s Degree General Regulations (p. 1348) and Doctor of Philosophy General Regulations (p. 1354)).

**Note:**

In exceptional circumstances, the department/unit may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Supplemental exams are not permitted to students in the Master’s or Ph.D. program, unless otherwise stated in the department/unit’s supplementary regulations.

A summary of all actions taken administratively are to be reported to the Faculty of Graduate Studies Executive Committee.

**Mandatory Academic Integrity Course (GRAD 7500 or GRAD 7501)**

All students, including those in a Pre-Master’s program, are required to register for and complete GRAD 7500 Academic Integrity Tutorial (0 credit hours) within their first term of initial registration. Université de Saint-Boniface graduate students may choose to complete GRAD 7500 or the French-language equivalent, GRAD 7501.

Failure to complete this course will result in a registration hold and a grade of “F/NP” being assigned to the course which may lead to being “Required to Withdraw” from the graduate program.

**Notes:**

Students who have successfully completed GRAD 7500 in a previous program are not normally required to repeat the course upon entry to their new program so long as no more than one (1) term separates one program from another.

Students who have not completed GRAD 7500 or GRAD 7501 prior to embarking on a leave of absence must register in the course upon their return to their program.

Visiting and Occasional students are not expected to complete GRAD 7500. For further information see GRAD 7500 FAQ (https://umanitoba.ca/graduate-studies/student-experience/core-academic-requirements/#grad-7500-academic-integrity).

**Mandatory Research Integrity Online Course (GRAD 7300)**

All students, including those in a Pre-Master’s program, are required to register for and complete GRAD 7300 prior to applying to any ethics...
boards which are appropriate to the student’s research, or within the student’s first year, whichever comes first.

Failure to complete this course will result in a registration hold and a grade of “F/NP” being assigned to the course which may lead to being “Required to Withdraw” from the graduate program.

Notes:

Students who have successfully completed GRAD 7300 in a previous program are not normally required to repeat the course upon entry to their new program so long as no more than one (1) term separates one program from another.

Students who have not completed GRAD 7300 prior to embarking on a leave of absence must register in the course upon their return to their program.

Visiting and Occasional students are not expected to complete GRAD 7300. For further information see GRAD 7300 FAQ (https://umanitoba.ca/graduate-studies/forms/#grad-7300-research-integrity).

Graduate Focus on Aging Concentration

The Graduate Focus on Aging Concentration is available to any interested student who is enrolled in the Faculty of Graduate Studies and whose graduate work is concentrated in aging. To be eligible, a “Student Intention to receive the Graduate Focus on Aging Concentration” (https://umanitoba.ca/graduate-studies/forms/#grad-7300-research-integrity) form must be submitted to the Faculty of Graduate Studies. Masters or Doctoral students must complete the requirements of the program to which they have been admitted and the requirements of the Graduate Focus on Aging Concentration.

The Graduate Focus on Aging Concentration requirements include:

1. Six (6) credit hours of graduate (7000-level or higher) courses that focus on aging and are approved by the student’s Advisory Committee;
2. A thesis/practicum on an aging-related topic;
3. Having at least one advisory committee member who is officially affiliated with the Centre on Aging as a Research Affiliate (https://umanitoba.ca/centre-on-aging/research/affiliates/;); and
4. Participating in the annual Spring Research Symposium of the Centre on Aging at least once as a poster presenter.

Graduate students may be able to attain their 6 credit hours of courses within the existing course requirements of their graduate program. Students must attain a minimum grade of C+ (or higher, if stipulated in the department/unit supplementary regulations), for the required 6 credit hours of aging courses.

Graduate students who are not in a thesis/practicum-based program will be considered on a case-by-case basis and will require approval in advance by the Dean of the Faculty of Graduate Studies.

Student progress in the Graduate Focus on Aging Concentration would normally be discussed with the student’s Advisory committee, and progress documented on the “Student Intention to receive the Graduate Focus on Aging Concentration” (https://umanitoba.ca/graduate-studies/forms/#grad-7300-research-integrity) form which must accompany the Progress Report form submitted to the Faculty of Graduate Studies. The final Graduate Focus on Aging Concentration Completion (https://umanitoba.ca/graduate-studies/forms/#grad-7300-research-integrity) form must be submitted no later than at least one week prior to the FGS deadline for graduands to submit theses/practicas and other reports.

General Regulations – Pre-Master’s Admission and Program Requirements

Graduates of bachelor degree programs with a minimum Grade Point Average (GPA) of 3.0 (or equivalent) in the last two (2) previous years of full-time university study (60 credit hours) may be considered for admission to a Pre-Master’s program. Departments/Units may specify higher or additional criteria. Admission to a Pre-Master’s program does not guarantee future admission to a Master’s program.

The purpose of the Pre-Master’s program of study is to bring a student’s background up to the equivalent of a required four (4)-year undergraduate degree and/or fulfill deficiencies in knowledge of a particular discipline. Departments/Units should assign to students, as part of their Pre-Master’s program of study, an appropriate number of applicable upper level (3000 or 4000) undergraduate courses. These courses may not be transferred into a Master’s program. Pre-Master’s students are not normally allowed to register in 7000-level courses or above, with the exception of GRAD 7300 and GRAD 7500 (or GRAD 7501), unless prior permission is granted by the Dean of the Faculty of Graduate Studies or designate. If permission is granted, students may take a maximum of three (3) credit hours at the 7000 level or above and these credit hours must be taken as Occasional (“O”). A Pre-Master’s student may only transfer a maximum of three (3) credit hours at the 7000 level into a prospective Master’s program of study.

Academic Performance

The Department/Unit Head is responsible for assigning the courses and monitoring the progress of each student.

A minimum degree grade point average of 3.0 with no grade below C+ must be maintained to continue in a Pre-Master’s program. Students who fail to maintain this standing will be Required to Withdraw unless remedial action recommended by the department/unit (as described below) is approved by the Dean of the Faculty of Graduate Studies.

Students deficient in six (6) hours of credit or less may be permitted to write a supplemental examination (when offered in the department/unit’s supplementary regulations) in courses in which a grade of C or less was obtained.

Students deficient in six (6) hours of credit or less with a grade of C, D, or F in a course or courses may be permitted, if the overall average is C or better, to write one (1) supplemental examination in each course (when permitted by the department/unit’s supplementary regulations), to repeat the courses, or to take equivalent substitute courses.

A student may be permitted to remove deficiencies in grades by writing a supplemental examination or repeating courses only one (1) time for each course to a maximum of nine (9) credit hours of remedial coursework.

If a course is repeated or a supplemental examination is written, the highest grade obtained in that course will be used in the determination of the degree GPA.

The degree GPA is cumulative in a Pre-Master’s program if more than one (1) year is required to complete the course requirements.
A summary of all action taken administratively is to be reported to the Faculty of Graduate Studies Executive Committee.

General Regulations – Micro-Diploma

Program Requirements

A Graduate Micro-Diploma is a short, flexible program of study focused on core knowledge in a field or interdisciplinary field of study at the graduate level. A Graduate Micro-Diploma consists of a minimum of six (6) credit hours to a maximum of nine (9) credit hours of coursework at the 7000-level or above. It may be stand alone and/or embedded in a graduate degree. A minimum of six (6) credit hours must be delivered by The University of Manitoba.

All students should consult department/unit supplementary regulations for specific details regarding a particular Graduate Micro-Diploma.

Admission

Students who are eligible to be considered for direct admission to a program of study leading to the Graduate Micro-Diploma include:

• Graduates of four (4)-year undergraduate degree programs (or equivalent as deemed by the Faculty of Graduate Studies) from:
  • Canadian institutions empowered by law to grant degrees; or
  • Colleges and universities outside Canada which are officially recognized by the Faculty of Graduate Studies.

• Graduates from first-cycle Bologna compliant degrees.

• Students who have completed a Pre-Master’s program from:
  • The University of Manitoba (see General Regulations - Pre-Master’s (https://catalog.umanitoba.ca/graduate-studies/academic-guide/general-regulations-pre-masters/)); or
  • Canadian institutions empowered by law to grant degrees; or
  • Colleges and universities outside Canada which are officially recognized by The Faculty of Graduate Studies.

All students applying for a Graduate Micro-Diploma program must have attained a minimum GPA of 3.0 in the last two (2) previous years of full-time university study (60 credit hours). This includes those applying for direct admission and those entering from a Pre-Master’s program. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission.

Note: This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria.

Performance in Coursework

A minimum degree grade point average (DGPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Departments/Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades or DGPA will be Required to Withdraw unless a department/unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

A student may be permitted to remediate deficiencies in grades by repeating the course or replacing it with an equivalent substitute course as determined by the department/unit. In the event that a substitute course is used for remediation, the substituted course must be at the same or higher level as the failed course (e.g., at the graduate level for a failed graduate-level course). Each failed course may be repeated or replaced only once, to a maximum of three (3) credit hours of coursework. If a course is repeated or replaced, the highest grade obtained will be used in the determination of the degree grade point average. Students receiving a grade of “C” or less in more than three (3) credit hours of coursework are normally Required to Withdraw from the Micro-Diploma, unless otherwise stated in the department/unit’s supplementary regulations. A student may also be permitted the opportunity to improve a low DGPA as determined by the Graduate Chair of the student’s department/unit through the registration and completion of additional course(s).

Students are normally expected to complete remedial action by the end of the subsequent term.

Graduate students are not permitted to repeat a previously passed course, unless the department/unit recommends that course(s) be re-taken if they have lapsed or expired (refer to Master’s Degree General Regulations (https://catalog.umanitoba.ca/graduate-studies/academic-guide/masters-degrees-general-regulations/#Lapse-Credit-Courses) and Doctor of Philosophy General Regulations (https://catalog.umanitoba.ca/graduate-studies/academic-guide/doctor-philosophy-general-regulations/#Lapse-Credit-Courses)).

Note:

In exceptional circumstances, the department/unit may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Supplemental exams are not permitted to students in the Graduate Micro-Diploma program, unless otherwise stated in the department/unit’s supplementary regulations.

Time in Program

The expected time-to-completion for students in the Micro-Diploma program is one (1) academic year (i.e., three (3) consecutive terms). Micro-Diploma students are subject to the same re-registration requirements as all other graduate students.

Transfer Credit

Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. All such courses:

• must be approved for transfer to the program of study by the department/unit and the Faculty of Graduate Studies before the student may register for them;

• are considered on an individual basis;

• cannot normally be used for credit towards another degree;

• may not exceed three (3) credit hours of coursework required of the student’s Graduate Micro-Diploma program at The University of Manitoba, so long as six (6) credit hours of the Graduate Micro-Diploma program is taken at the University of Manitoba.

Permission is granted in the form of a Letter of Permission (https://umanitoba.ca/graduate-studies/programs-study/courses-taken-elsewhere/#letter-of-permission) which may be obtained by making an application to the Faculty of Graduate Studies; an original transcript and course equivalency must be provided.
Recognition for Credit
Graduate-level courses completed as part of a Graduate Micro-Diploma may be recognized toward a Graduate Diploma or graduate degree program (where appropriate) and subject to the Senate approved program regulations. Graduate Micro-Diplomas may be stackable or laddered (refer to definitions per the Certificate and Diploma Framework (https://umanitoba.ca/admin/governance/media/Certificate_and_Diploma_Framework_2021_02_03.pdf)) into Graduate Diplomas or graduate degree programs in same or related fields of study.

General Regulations – Diploma
Program Requirements
A graduate diploma is a structured program of study focused on developing graduate-level knowledge in a field or interdisciplinary field of study. A graduate diploma consists of a minimum of twelve (12) credit hours to a maximum of eighteen (18) credit hours of coursework primarily at the 7000-level or above. It is a stand-alone program. A minimum of 50% of the credit hours must be delivered by The University of Manitoba.

All students should consult department/unit supplementary regulations for specific details regarding a particular Graduate Diploma.

Admission
Students who are eligible to be considered for direct admission to a program of study leading to the diploma include:

- Graduates of four (4)-year undergraduate degree programs (or equivalent as deemed by the Faculty of Graduate Studies) from:
  - Canadian institutions empowered by law to grant degrees; or
  - Colleges and universities outside Canada which are officially recognized by the Faculty of Graduate Studies.
- Graduates from first-cycle Bologna compliant degrees.
- Students who have completed a Pre-Master's program from:
  - The University of Manitoba (see General Regulations - Pre-Master's (https://catalog.umanitoba.ca/graduate-studies/academic-guide/general-regulations-pre-masters/)); or
  - Canadian institutions empowered by law to grant degrees; or
  - Colleges and universities outside Canada which are officially recognized by The Faculty of Graduate Studies.

All students applying for a diploma program must have attained a minimum GPA of 3.0 (or equivalent) in the last two (2) previous years of full-time university study (60 credit hours). This includes those applying for direct admission and those entering from a Pre-Master’s program. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission.

Note: This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria.

Performance in Coursework
A minimum degree grade point average (DGPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Departments/Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades or DGPA will be Required to Withdraw unless a department/unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

A student may be permitted to remove deficiencies in grades by repeating the course or replacing it with an equivalent substitute course. In the event that a substitute course is used for remediation, the substituted course must be at the same or higher level as the failed course (e.g., at the graduate level for a failed graduate-level course). Each failed course may be repeated or replaced only once, to a maximum of three (3) credit hours of remediated coursework. If a course is repeated or replaced, the highest grade obtained will be used in the determination of the degree grade point average. Students receiving a grade of “C” or less in more than three (3) credit hours of coursework are normally Required to Withdraw, unless otherwise stated in the department/unit’s supplementary regulations. A student may also be permitted the opportunity to improve a low DGPA as determined by the Graduate Chair of the student’s department/unit through the registration and completion of additional course(s).

Students are normally expected to complete remedial action by the end of the subsequent term.

Graduate students are not permitted to repeat a previously passed course, unless the department/unit recommends that course(s) be re-taken if they have lapsed or expired (refer to Master's Degree General Regulations (https://catalog.umanitoba.ca/graduate-studies/academic-guide/masters-degrees-general-regulations/#Lapse-Credit-Courses) and Doctor of Philosophy General Regulations (https://catalog.umanitoba.ca/graduate-studies/academic-guide/doctor-philosophy-general-regulations/#Lapse-Credit-Courses)).

Note:
In exceptional circumstances, the department/unit may appeal to the Faculty of Graduate Studies for approval of remedial recommendation(s) falling outside those prescribed above.

Supplemental exams are not permitted to students in the Graduate Diploma program, unless otherwise stated in the department/unit’s supplementary regulations.

Time in Program
The expected time-to-completion for students in the Diploma program is the same as the Master's. The minimum time is equivalent to two (2) terms (8 months) and the maximum time allowed for the completion of the Diploma is four (4) years for students declared as full-time and six (6) years for students declared as part-time (see Student Status/Categories of Students (https://catalog.umanitoba.ca/graduate-studies/academic-guide/application-admission-registration-policies/#Student-Status) for information on calculating maximum time for students). Diploma students are subject to the same re-registration requirements as all other graduate students.

Transfer Credit
Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. All such courses:

- must be approved for transfer to the program of study by the department/unit and the Faculty of Graduate Studies before the student may register for them;
- are considered on an individual basis;
- cannot be used for credit towards another degree;
• may not exceed 50% of the credit hours of coursework required of the student's Graduate Diploma program at The University of Manitoba.

Permission is granted in the form of a Letter of Permission (https://umanitoba.ca/graduate-studies/programs-study/courses-taken-elsewhere/#letter-of-permission) which may be obtained by making an application to the Faculty of Graduate Studies; an original transcript and course equivalency must be provided.

Recognition for Credit
Graduate-level courses completed as part of a Graduate Diploma may be recognized toward a graduate degree program (where appropriate) and subject to the Senate approved program regulations. Graduate Diplomas may be stackable or laddered (refer to definitions per the Certificate and Diploma Framework (https://umanitoba.ca/admin/governance/media/Certificate_and_Diploma_Framework_2021_02_03.pdf)) into graduate degree programs in same or related fields of study.

Master's Degrees General Regulations

General
Although general regulations apply to all students, individual departments/units may have additional regulations that supplement these general regulations. All such supplementary regulations must be approved (as specified by the By-Laws of the Faculty of Graduate Studies), be published and available to students (please refer to the following link (https://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html)), and be kept on record in the Faculty of Graduate Studies. All students should consult department/unit supplementary regulations for specific details regarding admission, program requirements, progression, and completion. Individual departments/units may offer Master's programs by one or more of the following:

• Thesis/practicum-based;
• Course-based;
• Comprehensive Exam;
• Project;
• Major research paper.

Admission
Students who are eligible to be considered for direct admission to a program of study leading to the Master's degree include:

• Graduates of four (4)-year undergraduate degree programs (or equivalent as deemed by the Faculty of Graduate Studies) from:
  • Canadian institutions empowered by law to grant degrees; or
  • Colleges and universities outside Canada which are officially recognized by the Faculty of Graduate Studies.
• Graduates from first-cycle Bologna compliant degrees.
• Students who have completed a Pre-Master's program from:
  • The University of Manitoba (see General Regulations - Pre-Master's (p. 1342)); or
  • Canadian institutions empowered by law to grant degrees; or
  • Colleges and universities outside Canada which are officially recognized by The Faculty of Graduate Studies.

All students applying for a Master's degree program must have attained a minimum GPA of 3.0 (or equivalent) in the last two (2) years of full-time university study (60 credit hours). This includes those applying for direct admission and those entering from a Pre-Master's program. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission.

Note: This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria.

Program Requirements
In general, students must complete one of the programs of study described below for the Master's degree. However, the program of study is determined by the department/unit and may follow the department/unit's supplementary regulations. Some programs are subject to an external accrediting body. In such programs, the credit hours and course requirements shall reflect the requirements of the department/unit's external accrediting body. Students should refer to department/unit supplementary regulations.

Any single course cannot be used for credit toward more than one degree.

Thesis/Practicum Route
A minimum of twelve (12) credit hours of coursework, unless otherwise stated in the department/unit's supplementary regulations, plus a thesis or practicum is required. The minimum must include at least six (6) credit hours at the 7000-level or above, with the balance of the coursework at the 3000-level or above. A maximum of twenty-four (24) credit hours of coursework is allowed unless the department/unit’s supplementary regulations indicate otherwise. The student must complete the thesis/practicum at The University of Manitoba.

Course-based, Major Research Paper, Project or Comprehensive Examination Route
A minimum of twenty-four (24) credit hours of coursework is required. If the student is in the comprehensive examination route, a comprehensive examination(s) is required. The minimum must include at least eighteen (18) credit hours at the 7000-level or above with the balance of the coursework at the 3000-level or above. A maximum of forty-eight (48) credit hours of coursework is allowed unless a department/unit’s supplementary regulations indicate otherwise. Refer to unit supplementary regulations concerning specific regulations on coursework, major research paper, project and/or comprehensive examination requirements.

Language Requirements
Some department/units specify an additional language requirement for the Master's degree. Students should check department/unit supplementary regulations regarding this requirement.

Advance Credit
Advance credit for courses completed prior to admission to a Master's program will be considered on a case-by-case basis. The student's department/unit must make a request to the Faculty of Graduate Studies by completing the "Recommendation for Advance Credit-Transfer of Courses (https://umanitoba.ca/graduate-studies/forms/)" form.

• Application for advance credit must be made within the first year of the program (see Lapse or Expiration of Credit of Courses (p. 1348)).
• No more than 50% of the required coursework for the program can be achieved using advance credit.
• A course may not be used for credit toward more than one (1) degree.
• The student must register at The University of Manitoba for at least two (2) terms within a single academic year and must also complete all other program requirements at The University of Manitoba (or in the case of a Joint Master’s Program student, at The University of Winnipeg).
• A Pre-Master’s student may only transfer a maximum of 3 credit hours at the 7000 level taken as occasional into a prospective Master’s program of study.

Regardless of the number of courses approved for which advance credit is granted, all students are required to pay all applicable program fees (i.e., program fees will not be pro-rated according to advance credit granted).

Transfer Credit
Courses within a program of study may be taken elsewhere and transferred for credit at The University of Manitoba. All such courses:

• must be approved for transfer to the program of study by the department/unit and the Faculty of Graduate Studies before the student may register for them;
• are considered on an individual basis;
• cannot be used for credit towards another degree;
• may not exceed 50% of the minimum credit hours of coursework required of the student’s graduate program at The University of Manitoba.

Permission is granted in the form of a Letter of Permission (https://umanitoba.ca/graduate-studies/forms/) which may be obtained by making an application to the Faculty of Graduate Studies; an official transcript and course equivalency must be provided.

Time in Program
The minimum time for students in the Master’s program is equivalent to two (2) terms (8 months). Completion of most programs requires more than this and students should check department/unit supplementary regulations regarding specific requirements.

The maximum time allowed for the completion of the Master’s degree is four (4) years for students declared as full-time and six (6) years for students declared as part-time (see Student Status/Categories of Students for information on calculating maximum time for students). Individual departments/units and/or programs may have specified minimum and maximum time limits.

Requests for extensions of time to complete the degree will be considered on an individual basis and must be submitted to the Dean of the Faculty of Graduate Studies using the “Time Extension Request” (https://umanitoba.ca/graduate-studies/forms/) form at least three (3), but no more than four (4), months prior to expiration of the respective maximum time limit.

A student who has not completed the degree requirements within the time limit or within the time limit of the extension will be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

Student’s Advisor and Co-Advisor

Student’s Advisor
Each student should have an advisor upon entry into the program, and must have one assigned no later than one (1) term following initial registration. Advisors are required for thesis/practicum routes, but not usually course-based routes or some comprehensive exam routes. In department/units where the choice of thesis/practicum topic and thesis/practicum advisor are postponed after a student’s entry into the program, the Department/Unit Head, within one (1) term, shall appoint a faculty member to advise the student in the interim period before the regular advisor is assigned or chosen. Students must have an advisor through to the end of their program in programs requiring an advisor.

The advisor is responsible for supervising the student’s graduate program. The advisor is the student’s first point of contact at the University of Manitoba and must be familiar with the general policies and regulations of the Faculty of Graduate Studies as well as the specific supplementary regulations of their academic department/unit. In this capacity, the advisor assists the student in planning the graduate program and ensures that the student is aware of all graduate program requirements, degree regulations, and general regulations of the academic department/unit, the Faculty of Graduate Studies, the university, and external funding agencies. The advisor provides counsel for all aspects of the graduate program, and stays informed of the student’s scholarly activities and progress. The student’s advisor also acts as a channel of communication to the student’s advisory committee, the department/unit and the Faculty of Graduate Studies.

The advisor must:

• hold an appointment in the student’s department/unit;
• be a member of the Faculty of Graduate Studies1;
• hold at least a Master’s degree or equivalent2;
• be active in their field;
• have expertise in a discipline related to the student’s program.

1 See https://umanitoba.ca/graduate-studies/graduate-studies-administration/ for details.
2 Equivalency will be approved by the Dean of the Faculty of Graduate Studies and determined on a case-by-case basis. The potential advisor’s demonstrated research record and current research activities will be considered as part of the equivalency assessment. Note that M.D., D.M.D., Pharm.D. and J.D. are undergraduate degrees and are not equivalent to a Master’s or Ph.D.

It is the responsibility of the Department/Unit Head to determine whether faculty members meet these criteria, and also to report to the Dean of the Faculty of Graduate Studies on equivalency as necessary. Any exceptions or special circumstances must be recommended by the Department/Unit Head and approved by the Dean of the Faculty of Graduate Studies who considers each case on an individual basis.

Student’s Co-advisor
Upon approval of the Department/Unit Head, an advisor and a maximum of one (1) co-advisor may advise a student. The co-advisor must:

• be a member of the Faculty of Graduate Studies1;
• hold a Master’s or equivalent2;

1
• be active in research;
• have expertise in a discipline related to the student’s program;

1 See https://umanitoba.ca/graduate-studies/graduate-studies-administration for (https://umanitoba.ca/graduate-studies/graduate-studies-administration/) details.

2 Equivalency will be approved by the Dean of the Faculty of Graduate Studies and determined on a case-by-case basis and assessed by the potential co-advisor’s demonstrated research record and current research activities. Note that M.D., D.M.D., Pharm.D. and J.D. are undergraduate degrees and are not equivalent to a Master’s or Ph.D.

The co-advisor may be identified either at the beginning of, or mid-way through, a student’s program. In all instances, the Faculty of Graduate Studies must be informed of, and approve, the co-advisor arrangement. If a co-advisor is added midway through the student’s program, a new Advisor Student Guidelines must be completed.

When an advisor and co-advisor are assigned, together they shall fulfill the role of the advisor (that is, neither shall fulfill any other advisory or examining committee membership requirements for that student). One (1) advisor must be identified as the primary advisor; the advisor/co-advisor share a single vote. Both the advisor and co-advisor’s signatures are required on all documents where the advisor’s signature is required.

Student’s Advisor/Co-advisor
A student who also holds an appointment at The University of Manitoba at the rank of Assistant Professor and above or Instructor 1 and above cannot have an advisor or co-advisor with an appointment in the same department/unit.

The advisor, co-advisor (if applicable) and student must discuss and complete the Faculty of Graduate Studies Advisor-Student Guidelines prior to the commencement of any research and no later than the submission of the first Progress Report for the student. If a student does not have an advisor/co-advisor, then the interim advisor will be required to complete the Advisor-Student Guidelines. The advisor/co-advisor and the student are required to approve the agreement. If the parties cannot agree on one or more component(s) of the Advisor Student Guidelines, the matter should be referred to the Department/Unit Head, Graduate Chair, or the Dean of the Faculty of Graduate Studies. A new Advisor-Student Guidelines is to be completed if there is a change in advisor/co-advisor or when a co-advisor is added midway through the student’s program.

Should, during the student’s program, the relationship between the student and advisor/co-advisor significantly deteriorate, the matter should be referred sequentially to the Department/Unit Graduate Chair, the Head of the department/unit, then to the Dean of the Faculty of Graduate Studies (or designate). It is the responsibility of the department/unit offering the program in which the student is studying to arrange an alternate advisor if this is appropriate and necessary. All students should consult department/unit supplementary regulations for specific details regarding advisor/co-advisor requirements.

Advisory Committee
Conflict of Interest
There are several circumstances that might lead to a real, perceived or potential Conflict of Interest (COI) in advisory and examining committees. A real COI could be present due to the existence of a (past or present) personal relationship that is romantic, sexual, marital, personal or familial. There is a potential for a perceived COI in cases of recent (within the last 5 years) collaboration among committee members, which may result in the perception of a lack of fairness or impartiality. These examples are not intended to be comprehensive, and are provided solely for illustration. The University of Manitoba Conflict of Interest Policy (https://umanitoba.ca/admin/governance/governing_documents/community/248.html) and Conflict of Interest Procedures (https://umanitoba.ca/admin/governance/governing_documents/community/962.html) as well as the Conflict of Interest Between Evaluators and Students due to Close Personal Relationships (https://umanitoba.ca/admin/governance/governing_documents/students/277.html) should also be consulted.

In addition to following the processes outlined in the above policies, COIs that exist within advisory and examining committees and proposed mitigation should be declared in writing to the Faculty of Graduate Studies to provide transparency to all relevant parties (including the student, committee members, unit leadership, and the Faculty of Graduate Studies). All reported conflicts will be reviewed by the Dean of the Faculty of Graduate Studies (or designate). If the conflict is deemed sufficiently significant and cannot be mitigated, a new committee may need to be struck.

Thesis/Practicum Route
Advisory committees are selected by the advisor/co-advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice and guidance to the student during their research program. The advisor/co-advisor is the Chair of the advisory committee.

The advisory committee must consist of a minimum of three (3) voting members (the advisor/co-advisor have a single vote), at least two (2) of whom must be members of the Faculty of Graduate Studies (https://umanitoba.ca/graduate-studies/graduate-studies-administration/).

All examiners must be deemed qualified by the Department/Unit Head and be willing to serve. It is expected that advisory committee members will have a Master’s degree or equivalent. Equivalency will be determined by the Dean of the Faculty of Graduate Studies or designate.

Individuals who are not a member of the Faculty of Graduate Studies, and who do not hold a Master’s degree or equivalent, but who possess specific and extensive expertise and experience, such as professionals, artists, Knowledge Keepers or Elders, may serve on the advisory committee as a full voting member. No more than one such knowledge expert may serve on any individual advisory committee and must be nominated by the Department/Unit Head or Graduate Chair with a justification of their role and be approved by the Dean of the Faculty of Graduate Studies or designate.

Advisory committees may alternatively include one (1) non-voting invited member who has expertise in a related discipline but is not a member of the Faculty of Graduate Studies. Committees may include a Knowledge Expert or invited member, not both.

Under no circumstances are graduate students, Post-Doctoral fellows, and Research Assistants or Associates to serve on graduate student advisory committees, regardless if they hold a rank of Adjunct Professor.

The composition of, and any changes to, the advisory committee, including the advisor/co-advisor, must be approved by the Faculty of Graduate Studies.
Additional specifications, if any, regarding the advisory committee are found in the department/unit supplementary regulations and students should consult these regulations for specific requirements.

**Course-based, Major Research Paper, or Comprehensive Examination Route**

Normally, advisory committees are not required in these routes; however, however, the department/unit may specify advisory committee requirements in their supplementary regulations.

**Courses and Performance**

**Course or Program Changes**

Students are not permitted to change their program of study, including withdrawal from individual courses, without the approval of their advisor/co-advisor (and/or advisory committee) and Department/Unit Head. Withdrawal from courses or changes of course category without such approval may result in the student being Required to Withdraw from the Faculty of Graduate Studies.

**Lapse or Expiration of Credit of Courses**

Courses completed more than seven (7) years prior to the date of awarding of a degree may not normally be used for credit toward that degree. A department/unit may request an exception to this limit on behalf of the student. Such requests, which will be evaluated on a case-by-case basis, must be submitted via the Course Currency form (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms) and accompanied by supporting information including a detailed summary of the content of the course as taken initially and as offered most recently, and a detailed rationale explaining how the student has maintained knowledge of the course content. If FGS approves the course's currency, the approval will be valid for one (1) year. After one (1) year, an updated Course Currency form may be required.

Courses completed more than ten (10) years prior to the date of awarding of a degree are deemed expired and cannot be used for credit toward that degree.

In the event that coursework is no longer considered current or has expired, students must take additional coursework (as recommended by the Department/Unit Head, or designate, and as approved by the Dean of the Faculty of Graduate Studies) to meet the minimum credit hour requirements for their program. The department/unit may recommend that students re-take previously passed course(s) which have lapsed or expired.

**Academic Performance**

Student progress shall be reported at least annually (but no more than once every four (4) months) to the Faculty of Graduate Studies on the “Progress Report” form (https://umanitoba.ca/graduate-studies/forms/). Performance that remains “Satisfactory” throughout the year does not need to be reported to the Faculty of Graduate Studies more than annually, but should remain on file in the department/unit.

Students who fail to maintain satisfactory performance may be Required to Withdraw on the recommendation of the Graduate Chair and/or department/unit Head to the Dean of the Faculty of Graduate Studies on the “Progress Report” form. Students who receive two (2) consecutive “in need of improvement” or one (1) “unsatisfactory” rating will normally be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

**Performance in Coursework**

A minimum degree grade point average (DGPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Departments/units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades or DGPA will be Required to Withdraw unless the department/unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

Students are normally expected to complete remedial action by the end of the subsequent term.

**Performance not Related to Coursework**

In some departments/units, students are required to demonstrate satisfactory academic performance in areas not related to performance in courses, such as attendance at or participation in course lectures, seminars and in laboratories and progress in research, thesis or practicum. The specific nature of satisfactory academic performance is outlined in individual department/unit supplementary regulations and students should consult these supplementary regulations for specific requirements. Unsatisfactory performance must be reported to the Faculty of Graduate Studies on the “Progress Report” (https://umanitoba.ca/graduate-studies/forms/) form. Students who fail to maintain satisfactory performance may be Required to Withdraw on the recommendation of the Department/Unit Head to the Dean of the Faculty of Graduate Studies.

**Academic Requirements for Graduation**

All students must:

- Maintain a minimum degree grade point average (DGPA) of 3.0 with no grade below C+;
- Complete GRAD 7500
- Complete GRAD 7300
- Meet the minimum and not exceed the maximum course requirements; and
- Meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Individual department/units may have additional specific requirements for graduation and students should consult department/unit supplementary regulations for these specific requirements.

**Thesis/Practicum Route**

**Thesis vs. Practicum**

Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum. The thesis/practicum will normally be written in English but may be written in French. Departmental/unit supplementary regulations may allow the thesis/practicum to be written in a language other than English or French.

The thesis must be written according to a standard style acknowledged within the student’s particular field of study and recommended by the department/unit, be lucid and well-written, and be reasonably free from errors of style and grammar (including typographical errors). Additional recommendations for a thesis are outlined in Appendix 1: Thesis/Practicum Types.
The thesis is developed under the mentorship of the advisor/co-advisor. Individual departments/units may have specific guidelines regarding the thesis proposal and its acceptance by the student’s advisory committee and Department/Unit Head; students should consult department/unit supplementary regulations for specific requirements. Research must be approved by the appropriate Human Research Ethics Board or Animal Care Committee, if applicable, before the work has begun on the thesis research.

A practicum differs from the thesis in its emphasis on the application of theory, it is however similar in scope, span, and rigour. The practicum takes the form of an exercise in the practical application of knowledge and skill. It usually involves the careful definition of a problem, the application of appropriate knowledge and skills to the problem, and a report of the results in a manner suitable for evaluation by an examining committee. Individual departments/units have specific requirements for graduation and students should consult department/unit supplementary regulations for specific requirements. Research must be approved by the appropriate Human Research Ethics Board or Animal Care Committee, if applicable, before the work has begun on the practicum.

**Examining Committee**

The advisor/co-advisor will recommend an examining committee to the Department/Unit Head for approval, which shall then be reported to the Faculty of Graduate Studies on the “Master’s Thesis/Practicum Title and Appointment of Examiners” (https://umanitoba.ca/graduate-studies/forms/) form. This form must be approved by the Dean of the Faculty of Graduate Studies at least two (2) weeks prior to the distribution of the thesis.

Under normal circumstances, the examining committee will be the same as the advisory committee unless otherwise stipulated in the department/unit’s supplementary regulations. The examining committee must consist of a minimum of three (3) members (including the advisor/co-advisor), at least two (2) of whom must be members of the Faculty of Graduate Studies. All examiners must be deemed qualified by the Department/Unit Head and be willing to serve. It is expected that, under normal circumstances, examination committee members will have a Master’s degree or equivalent. Knowledge Experts and invited members are exempt from this requirement. The composition of, and any changes to, the examining committee, including the advisor/co-advisor, must be approved by the Faculty of Graduate Studies. Individual departments/units establish specific requirements for examination and students should consult department/unit supplementary regulations for specific requirements.

Under no circumstances are graduate students, Post-Doctoral fellows, and Research Assistants or Associates to serve on graduate student examining committees, regardless if they hold a rank of Adjunct Professor.

The Head of the department/unit arranges for the distribution of the thesis/practicum to the examiners. It is the duty of all examiners to read the thesis/practicum and report on its merits according to the following categories:

- Acceptable, without modification or with minor revision(s); or
- Acceptable, subject to modification and/or revision(s); or
- Not acceptable.

If two or more examiners do not approve the thesis, then the student is deemed to have failed the distribution.

Note that advisors and co-advisors share a single vote.

**Oral Examination**

For departments/units requiring students to pass an oral examination on the subject of the thesis/practicum and matters relating thereto, the format of the oral examination is described in the supplementary regulations of the department/unit. Students should consult these supplementary regulations for specific requirements. A student has the right to an examination of the thesis/practicum if they believe it is ready for examination. It is the department/unit’s responsibility to advise the student of any risk involved should they decide to proceed against the department/unit’s recommendation.

The examination should be completed within one (1) month of distribution of the thesis/practicum to the examining committee.

Normally, all members of the examining committee should be present in real time at the examination. Under exceptional circumstances, and with the prior approval of the Dean of the Faculty of Graduate Studies, one (1) member may be absent from the proceedings. No recordings will be permitted. Any in-person components of the oral examination must be held at either The University of Manitoba Fort Garry or Bannatyne campus, Université de Saint-Boniface, or the St. Boniface Hospital Albrechtsen Research Centre normally during regular business hours. The oral examination shall be open to all members of The University of Manitoba community except in exceptional cases. The oral examination may be closed, for example, when the results of the thesis/practicum research must be kept confidential for a period of time. In such cases, the examining committee and Department/Unit Head must request a closed examination to the Dean of the Faculty of Graduate Studies, who shall then decide that the final examination be closed to all but the examining committee. The Dean of the Faculty of Graduate Studies (or delegate) reserves the right to attend a closed examination.

The oral examination will normally be held in English, but may be held in French. Departmental/unit supplementary regulations may allow the oral examination to be held in a language other than English or French.

Following completion of the examination of the thesis/practicum, examiners will determine the results of the oral examination and the written thesis/practicum.

The examiners will also determine the nature of and procedures for approval of any revisions that will be required prior to submission of the thesis/practicum to the Faculty of Graduate Studies (via MSpace). The advisor/co-advisor is normally responsible for ensuring that revisions are completed according to the instructions from the examining committee.

The final assessment of the examiners shall be reported to the Faculty of Graduate Studies as either “approved” or “not approved” on the Master’s Thesis/Practicum Final Report form (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms) submitted by the advisor. Each examiner must sign the form. If two (2) or more examiners do not approve the thesis/practicum, the student is deemed to have failed the examination.

**Failure**

In the case of a failure of the thesis/practicum at the Master’s level, the student may be allowed to defend the thesis a second time. In this case, a detailed written report will be prepared by the Chair of the examination committee and submitted to the Faculty of Graduate Studies, who will make the report available to the student, the student’s advisor/co-advisor and the Department/Unit Head. Without this detailed report, the student may not defend the thesis the second time. The Department/Unit Head...
shall convene a meeting of the members of the examining committee and
the student’s advisor/co-advisor to decide how to bring the thesis to an
acceptable scholarly standard and/or prepare for the second defence.

A student will be Required to Withdraw when the thesis/practicum has
been rejected twice at the stage where:

• The examining committee reports on the merits of the written thesis/
  practicum;
• The oral examination; or
• A combination of both stages.

Course-based, Major Research Paper, or Comprehensive
Examination Route

Students must demonstrate their mastery of their field. The specific
procedures for evaluation of this mastery are stated in individual
department/unit supplementary regulations.

In those departments/units where comprehensive examinations are
required, students should consult the department/unit’s supplementary
regulations for specific requirements.

The results of the comprehensive examinations shall be submitted
to the Faculty of Graduate Studies on the “Report on Comprehensive
Examination (https://umanitoba.ca/graduate-studies/forms/#masters-
phd-and-other-program-forms)” form as either “pass” or “fail.” No student
may sit comprehensive examinations more than twice. Any student who
receives a “fail” on the comprehensive examination twice will be Required
to Withdraw from the Faculty of Graduate Studies.

Style and Format

The thesis/practicum must be written according to a standard style
acknowledged by a particular field of study (please refer to Appendix 1:
Thesis/Practicum Types (p. 1364)).

Details for Submission of the Final Copy

Following the approval of the thesis/practicum by the examining
committee via the “Master’s Thesis/Practicum Final Report (https://
umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-
forms)” form and the completion of any revisions required by that
committee, the thesis/practicum must be submitted to the Faculty of
Graduate Studies as follows:

• One digital version submitted as an e-thesis/practicum at the
  MSpace website (https://mspace.lib.umanitoba.ca/xmlui/login/);
• "Copyright Licence Declaration/Infringement” form (completed on
  MSpace).

Publication and Circulation of Thesis/Practicum

Every graduate student registering in a thesis/practicum Master’s
program at The University of Manitoba shall be advised that, as a
condition of being awarded the degree, they will be required to grant
a licence of partial copyright to the University and to the Library and
Archives Canada for any thesis or practicum submitted as part of their
degree program.

Note: This licence makes the thesis/practicum available for further
research only. Publication for commercial purposes remains the sole right
of the author.

The “Copyright Licence Declaration/Infringement” form must be
completed in MSpace. This and other related regulations may give rise
to important questions of law, and students may need additional legal
advice on the copyright laws of Canada and/or other countries. Students
who wish to obtain legal advice concerning their subsequent rights are
advised to do so prior to signing the agreements. Signing of the licence
agreements is normally done after the contents of the thesis/practicum
have been delineated and the importance of copyright and/or patents
fully understood and appreciated.

Publication in the above manner does not preclude further publication of
the thesis or practicum report or any part of it in a journal or in a book. In
such cases, an acknowledgement that the work was originally part of a
thesis/practicum at The University of Manitoba should be included.

Notes:

Patents – Refer to “Policy of Withholding Theses Pending Patent
Applications (p. 1359)” in this Guide.

Restriction of Thesis/Practicum for Publication – In exceptional cases,
not covered by the regulation concerning patents, where adequate cause
can be shown to delay publication, the student and advisor/co-advisor
may request in writing that the Dean of the Faculty of Graduate Studies
restrict access for a period up to one (1) year after submission of the
digital version of a thesis or practicum to The University of Manitoba. The
Dean shall determine for what period, if any, access will be restricted.

Library and Archives Canada – Library and Archives Canada obtains a
copy of the thesis via the University’s MSpace repository.

Final Requirements and Deadlines for
Graduation

The student will be recommended for the Master’s degree providing that
all degree requirements have been satisfied. In addition, the Faculty of
Graduate Studies must receive:

For the Thesis/Practicum:

• the final report on the thesis/practicum; and
• the final (corrected and advisor/advisory committee-approved)
  version of the thesis/practicum uploaded to MSpace; and
• the Copyright Licence Declaration agreed to in MSpace

For the Comprehensive Examination/M.Eng project/Design Thesis:

• the final report form

The final requirements of the degree must be submitted to the Faculty of
Graduate Studies by the appropriate deadline. For those programs that
do not have a GRAD course associated with their culminating exercise,
the department/unit must forward a list of names of their potential
graduands to the Faculty of Graduate Studies by the deadline published
on the Faculty of Graduate Studies (https://umanitoba.ca/graduate-
student-experience/thesis-and-practicum/#submitting-your-thesis-or-
practicum/submitting-your-thesis-to-committee-members) website.

Doctor of Philosophy General
Regulations

The degree of Doctor of Philosophy (Ph.D.) is granted only upon evidence
of general proficiency and of distinctive achievement in a special field.
In particular, the candidate must demonstrate an ability for independent investigation, original research or creative scholarship. This is expected to be presented in a thesis with a degree of literary skill and by an oral examination wherein the candidate exhibits mastery of their field. The Ph.D. is a research degree and is not conferred by The University of Manitoba solely as a result of coursework study.

Although general regulations apply to all students, individual department/units may have additional regulations that supplement these general regulations. All such supplementary regulations must be approved (as specified by the By-Laws of the Faculty of Graduate Studies), be published and available to students (please refer to the website [https://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html]), and be kept on record in the Faculty of Graduate Studies. All students should consult department/unit supplementary regulations for specific details regarding admission, program requirements, progression, and completion.

**Admission**

**General Criteria**

Normally, the completion of a Master's degree or equivalent from a recognized university and a cumulative GPA of 3.0 or equivalent in the last two (2) years of full-time university study (60 credit hours) is the minimum requirement for admission to the Ph.D. program.

*Note:* This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria. Students who meet the minimum requirements for admission to the Faculty of Graduate Studies are not guaranteed admission. Some departments/units require completion of a thesis-based Master's program prior to admission to a Ph.D. program.

**Direct Admission from the Bachelor's Honours or Equivalent**

With special recommendation of the department/unit, applicants without a Master's degree who have an honours Bachelor's degree or equivalent may be considered for entry to the Ph.D. program. These students must be outstanding in their academic background (GPA well above 3.0 in the last two (2) full years (60 credit hours) of undergraduate study).

*Note:* This is the minimum requirement of the Faculty of Graduate Studies and departments/units may have higher standards and additional criteria. Once admitted, these students must complete at least 24 credit hours of coursework, unless the individual department/unit's approved supplementary regulations specify otherwise, and will be assessed Ph.D. fees for three (3) years. A minimum of 18 credit hours at the 7000-level or higher is required. Any further coursework beyond the minimum 18 credit hours at the 7000-level or higher is required. Any further coursework beyond the minimum 18 credit hours at the 7000-level must be at the 3000-level or above. A maximum of 48 credit hours of coursework is allowed toward the Ph.D. program.

The request to transfer from a Master's to the Ph.D. program must be submitted to the Faculty of Graduate Studies via the Faculty's admission application at least one (1) month prior to the term for which the student intends to start the Ph.D. program. The applicant must indicate a request for transfer in their application.

The student will be admitted to a 3-year Ph.D. program and will pay a total of three years of program fees, including program fees paid in the Master's at the time of transfer. Students are cautioned that such transfers may impact on the duration of The University of Manitoba Graduate Fellowship.

Students who have previously completed a recognized Master's degree and are initially admitted and registered in a Master's program may transfer to the Ph.D. program within the same department/unit on the recommendation of the student's advisor/co-advisor and Department/Unit Head. Where a student holds a Master's degree that would be sufficient for admission to the Ph.D. program, students must complete at least 12 credit hours of coursework, unless the individual department/unit's approved supplementary regulations specify otherwise. The student will be admitted to a 2-year Ph.D. program and will pay a total of two years of program fees, including program fees paid in the Master's at the time of transfer.

**Provisional Admission to the Ph.D.**

Students nearing the completion of the Master's degree may be accepted provisionally to the Ph.D. program for a 12-month period commencing with the first registration in the Ph.D. program. Further registration in the Ph.D. program is contingent upon completion of all requirements of the Master's degree within the 12 months. Students must maintain continuous registration in their Master's program until its completion. Students will require assistance from the department/unit and the Faculty of Graduate Studies to complete dual registration on the “Concurrent Curriculum Permission” form in the Master's and Ph.D. program simultaneously.

**Student's Advisor, Co-advisor and Advisory Committee**

**Student's Advisor**

Every Ph.D. student must have an advisor throughout their program, who is recommended to the Faculty of Graduate Studies by the Department/Unit Head. The advisor is responsible for supervising the student's graduate program. The advisor is the student's first point of contact at the University of Manitoba and must be familiar with the general policies and regulations of the Faculty of Graduate Studies as well as the specific supplementary regulations of their academic department/unit. In this capacity, the advisor assists the student in planning the graduate program and ensures that the student is aware of all graduate program requirements, degree regulations, and general regulations of the academic department/unit, the Faculty of Graduate Studies, the university, and external funding agencies. The advisor provides counsel for all aspects of the graduate program, and stays informed of the student's scholarly activities and progress. The student's advisor also acts as a channel of communication to the student's advisory committee, the department/unit and the Faculty of Graduate Studies.

The advisor must:
• hold an appointment in the student’s department/unit.
• be a member of the Faculty of Graduate Studies; 1
• hold a Ph.D. or equivalent; 2
• be active in research; and
• have expertise in a discipline related to the student’s program.

1 See https://umanitoba.ca/graduate-studies/graduate-studies-administration/ for details.

2 Equivalency will be approved by the Dean of the Faculty of Graduate Studies and determined on a case-by-case basis and assessed by the potential advisor’s demonstrated research record and current research activities. Note that M.D., D.M.D., Pharm.D. and J.D. are undergraduate degrees and are not equivalent to a Ph.D.

Usually, the student and the advisor choose to work together by mutual agreement. In departments/units where the choice of thesis topic advisor is postponed for some time after entry into the program, the Head of the department/unit or the selection committee shall appoint a faculty member to advise the student as to the rules and regulations and on program and course requirements. This interim period must not exceed eighteen (18) months after entry into the program before a permanent advisor is chosen.

**Student’s Co-advisor**

In special circumstances, upon approval of the Head of the department/unit, an advisor and a maximum of one (1) co-advisor may advise a student. The co-advisor must:

• be a member of the Faculty of Graduate Studies; 1
• hold a Ph.D. or equivalent; 2
• be active in research; and
• have expertise in a discipline related to the student’s program.

1 See https://umanitoba.ca/graduate-studies/graduate-studies-administration/ for details.

2 Equivalency will be approved by the Dean of the Faculty of Graduate Studies and determined on a case-by-case basis and assessed by the potential co-advisor’s demonstrated research record and current research activities. Note that M.D., D.M.D., Pharm.D. and J.D. are undergraduate degrees and are not equivalent to a Ph.D.

The co-advisor may be identified either at the beginning of, or midway through, a student’s program. In all instances, the Faculty of Graduate Studies must be informed of, and approve, the co-advisor arrangement. If a co-advisor is added midway through the student’s program, a new Advisor-Student Guidelines must be completed. When an advisor and co-advisor are assigned, together they fulfill the role of the advisor (that is, neither fulfills any other advisory or examining committee membership requirements for that student). One (1) advisor must be identified as the primary advisor. The advisor and co-advisor share a single vote. Both the advisor and co-advisor’s signatures are required on all documents where the advisor’s signature is required.

**Student’s Advisor/Co-advisor**

A student who also holds an appointment at the University of Manitoba at the rank of Assistant Professor and above or Instructor 1 and above cannot have an advisor or co-advisor with an appointment in the same department/unit.
Advisory committee meetings must be held at least annually and are not intended to take the place of meetings between the student and advisor/co-advisor which should occur with much greater frequency than the advisory committee meetings.

Conflict of Interest

There are several circumstances that might lead to a real, perceived or potential Conflict of Interest (COI) in advisory and examining committees. A real COI could be present due to the existence of a (past or present) personal relationship that is romantic, sexual, marital, personal or familial. There is a potential for a perceived COI in cases of recent (within the last 5 years) collaboration among committee members, which may result in the perception of a lack of fairness or impartiality. These examples are not intended to be comprehensive, and are provided solely for illustration. The University of Manitoba Conflict of Interest Policy (https://umanitoba.ca/admin/governance/governing_documents/community/248.html) and Conflict of Interest Procedures (https://umanitoba.ca/admin/governance/governing_documents/community/962.html) as well as the Conflict of Interest Between Evaluators and Students due to Close Personal Relationships (https://umanitoba.ca/admin/governance/governing_documents/students/277.html) should also be consulted.

In addition to following the processes outlined in the above policies, COIs that exist within advisory and examining committees and proposed mitigation should be declared in writing to the Faculty of Graduate Studies to provide transparency to all relevant parties (including the student, committee members, unit leadership, and the Faculty of Graduate Studies). All reported conflicts will be reviewed by the Dean of the Faculty of Graduate Studies (or designate). If the conflict is deemed sufficiently significant and cannot be mitigated, a new committee may need to be struck.

Program of Study

As soon as possible, but no later than 24 months after a student has commenced their program, the student’s program of study should be registered with the Faculty of Graduate Studies on the “Program of Study and Appointment of Advisory Committee” form and should include:

- information about the minimum or expected time for completion of the degree;
- coursework to be taken along with course classification (“S”, “X”, “A” or “O”);
- any additional language requirement;
- the research area in which the thesis will be written.

The approval of the student’s advisor/co-advisor and the Head of the department/unit are sufficient for registration. The program of study, including withdrawal from individual courses and any subsequent changes, must be approved by the student’s advisor/co-advisor, the advisory committee, and the Head of the department/unit. Withdrawal from courses or changes of course category without such approval may result in the student being required to withdraw from the Faculty of Graduate Studies.

Program Requirements

All students must complete one of the following programs of study for the Ph.D. degree, unless otherwise specified in the approved department/unit supplementary regulations:

- Where admission to the Ph.D. is directly from a Master’s degree, a minimum of 12 credit hours at the 7000-level or higher plus a thesis is required. Any further coursework beyond the minimum 12 credit hours at the 7000-level must be at the 3000-level or above. A maximum of 24 credit hours of coursework is allowed toward the Ph.D. program.
- Where admission to the Ph.D. is directly from an Honours Bachelor degree or equivalent, a minimum of 24 credit hours plus a thesis is required. The coursework must include a minimum of 18 credit hours at the 7000-level or higher with the balance of the coursework at the 3000-level or higher. A maximum of 48 credit hours of coursework is allowed toward the Ph.D. program unless department/unit’s supplementary regulations indicate otherwise.

Language Requirements

Some departments/units specify a language requirement for the Ph.D. degree. Students are advised to consult department/unit supplementary regulations regarding this requirement.

Advance Credit

Advance credit for courses completed prior to admission to a Ph.D. program will be considered on a case-by-case basis. The student’s department/unit makes the request to the Faculty of Graduate Studies by completing the “Advance Credit-Transfer of Courses” form. Students are advised to consult department/unit supplementary regulations regarding this requirement.

Transfer Credit

Courses within a program of study may be taken elsewhere and transferred for credit at the University of Manitoba. All such courses:

- must be approved for transfer to the program of study by the department/unit and the Faculty of Graduate Studies before the student may register for them;
- are considered on an individual basis;
- cannot be used for credit towards another degree, diploma, micro-diploma or certificate;
- may not exceed 50% of the minimum credit hours of coursework required of the student’s graduate program at The University of Manitoba.

Permission is granted in the form of a Letter of Permission (https://umanitoba.ca/registrar/letter-permission/) which may be obtained by
making an application to the Registrar’s Office; an official transcript, and course equivalency must be provided.

Lapse or Expiration of Credit of Courses
Courses completed more than seven (7) years prior to the date of awarding of a degree may not normally be used for credit toward that degree. A department/unit may request an exception to this limit on behalf of the student. Such requests, which will be evaluated on a case-by-case basis, must be submitted via the “Course Currency” form and accompanied by supporting information including a detailed summary of the content of the course as taken initially and as offered most recently, and a detailed rationale explaining how the student has maintained knowledge of the course content. If the Faculty of Graduate Studies approves the course’s currency, the approval will be valid for one (1) year. After one (1) year, an updated “Course Currency” form may be required.

Courses completed more than ten (10) years prior to the date of awarding of a degree are deemed expired and cannot be used for credit toward that degree.

In the event that coursework is no longer considered current or has expired, students must take additional course-work (as recommended by the Department/Unit Head, or designate, and as approved by the Dean of the Faculty of Graduate Studies) to meet the minimum credit hour requirements for their program. The department/unit may recommend that students re-take previously passed course(s) which have lapsed or expired.

Time in Program
The minimum time requirement for the program of study for a Ph.D. degree will normally be two (2) years of study beyond the level of the Master’s degree, or three (3) years beyond the level of a Bachelor’s degree. The maximum time allowed for the completion of the Ph.D. degree is six (6) years following initial registration in the Ph.D. program. For those students who transfer from the Master’s to the Ph.D., years spent in the Master’s program are counted as years in the Ph.D. program.

Ph.D. students who are declared as part-time will receive an additional four (4) months in time to complete their program for every two (2) years (24 months) they are declared as part time (see Student Status/ Categories of Students (https://catalog.umanitoba.ca/graduate-studies/ academic-guide/application-admission-registration-policies/#Student-Status)) to a maximum of seven (7) years. Requests for extensions of time to complete the degree will be considered on an individual basis and must be submitted using the “Time Extension Request” form to the Dean of the Faculty of Graduate Studies at least three (3), but no more than four (4), months prior to expiration of the respective maximum time limit.

A student who has not completed the degree requirements within the time limit or within the time limit of any extension that has been granted (please refer to “Extension of Time to Complete Program of Study (p. 1359)” and “Leaves of Absence (p. 1359)”) will be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

Academic Performance

Student progress shall be reported at least annually (but no more than once every four (4) months) to the Faculty of Graduate Studies on the “Progress Report” form. Performance that remains “Satisfactory” throughout the year does not need to be reported to the Faculty of Graduate Studies more than annually, but should remain on file in the department/unit.

Students who fail to maintain satisfactory performance may be Required to Withdraw on the recommendation of the Graduate Chair and/or Department/Unit Head to the Dean of the Faculty of Graduate Studies on the “Progress Report” form. Students who receive two (2) consecutive “in need of improvement” or one (1) “unsatisfactory” rating will normally be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

Performance in Coursework
A minimum degree grade point average (DGPA) of 3.0 with no grade below C+ must be maintained to continue in the Faculty of Graduate Studies. Departments/Units may specify, in their supplementary regulations, standards that are higher than those of the Faculty of Graduate Studies. Students who fail to maintain the specified grades or DGPA will be Required to Withdraw unless a department/unit recommends remedial action. Any such action must be approved by the Dean of the Faculty of Graduate Studies.

Performance Not Related to Coursework
Students may be Required to Withdraw from their Ph.D. program for reasons of unsatisfactory performance other than those related to failing grades. These include, but are not restricted to, unsatisfactory attendance and lack of progress in research and/or thesis preparation. Unsatisfactory performance must be reported to the Faculty of Graduate Studies on the “Progress Report” form. Students who fail to maintain satisfactory performance may be Required to Withdraw on the recommendation of the Department/Unit Head to the Dean of the Faculty of Graduate Studies.

Students are normally expected to complete remedial action by the end of the subsequent term.

Academic Requirements for Graduation
All students must:
- maintain a minimum degree grade point average (DGPA) of 3.0 with no grade below C+;
- complete GRAD 7500
- complete GRAD 7300
- complete the Candidacy Examination (GRAD 8010);
- meet the minimum and not exceed the maximum course requirements; and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Individual departments/units may have additional specific requirements for graduation and students should consult department/unit supplementary regulations for these specific requirements. A degree grade point average of 3.0 or greater is required in those courses that constitute the program of study for graduation from the Faculty of Graduate Studies.
Candidacy Examination

The candidacy examination is a requirement of the Faculty of Graduate Studies and, as such, cannot be waived under any circumstances. However, the format and content of the candidacy exam varies from department/unit to department/unit. The purpose of the candidacy exam in doctoral programs is to determine the student's competence in the discipline with respect to understanding and absorbing a broad spectrum of material, and then researching, identifying, analyzing, synthesizing, and communicating ideas about that material in depth.

At the time specified by the advisory committee, normally within the first year after the completion of the Ph.D. program coursework, but in no case later than one year prior to expected graduation, the student must successfully complete the formal candidacy examination.

The examination is conducted according to a procedure established by the department/unit which is approved and documented in departmental/unit supplementary regulations. The department/unit supplementary regulations state the format and composition of the examination committee for the candidacy examination. The candidacy examination may be held virtually. If it is held in-person, it must be held at either The University of Manitoba Fort Garry or Bannatyne campus, or the St. Boniface Hospital Albrechtsen Research Centre normally during regular business hours.

This examination, which must be independent from the thesis proposal, may be oral, written, or both and may cover subjects relevant to the general area of the student's research. The structure of the exam must be made known to the student well in advance of the exam. In the case where there is a required oral component, the student must participate in-person or virtually.

A "pass" decision of the examiners must be unanimous. Students must be provided with feedback on their performance and access to the reasons for the pass/fail.

The Dean of the Faculty of Graduate Studies must be informed of the results of the examination via the "Report on Ph.D. Candidacy Examination (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms)" form.

Any student who fails the candidacy examination twice will be Required to Withdraw from the Faculty of Graduate Studies and the notation on the student record will be "Required to Withdraw".

On successful completion of this examination, the student will be considered a candidate for the Ph.D. degree.

Thesis Proposal

Some departments/units have specific procedures in place for approval of thesis proposals and students are advised to refer to the specific department/unit supplementary regulations. The thesis proposal must be independent from the candidacy examination.

The proposed thesis research must be approved by the advisory committee and, if necessary, by the Human Research Ethics Board or Animal Care Committee before the work has begun on the thesis research or project.

Thesis

An essential feature of Ph.D. study is the candidate’s demonstration of competence to complete a research project and present the findings.

The thesis must constitute a distinct contribution to knowledge in the major field of study, and the research must be of sufficient merit to be, in the judgement of the examiners, acceptable for publication. The thesis will normally be written in English but may be written in French. Departmental/unit supplementary regulations may allow the thesis/practicum to be written in a language other than English or French.

The thesis must be written according to a standard style acknowledged within the candidate’s particular field of study and recommended by the department/unit, be lucid and well-written, and be reasonably free from errors of style and grammar (including typographical errors). Additional recommendations for a thesis are outlined in Appendix 1: Thesis/Practicum Types.

The final version of the thesis must be submitted by the candidate to the Faculty of Graduate Studies following the guidelines found on the Faculty's website. (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/)

Thesis Examination Procedures

The final examination for the Ph.D. degree proceeds in two (2) stages:

1. Examination of the candidate's thesis by the examining committee;
2. Oral examination of the candidate by all examiners on the subject of the thesis and any matters relating thereto.

Formation of the Examining Committee - University of Manitoba (Internal) Examiners

The candidate's advisor/co-advisor is considered to be a single voting member of the examining committee. All voting members of the advisory committee are expected to serve on the examining committee; any exceptions must be approved in advance by the Dean of the Faculty of Graduate Studies. All examiners must be members of the Faculty of Graduate Studies (https://umanitoba.ca/faculties/graduate_studies/governance/academic_membership.html). It is expected that examining committee members will have a Ph.D. degree or equivalent. Equivalency will be determined by the Dean of the Faculty of Graduate Studies.

Formation of the Examining Committee - External Examiner

The candidate's advisor/co-advisor, in consultation with the advisory committee, will recommend the names of at least three (3) distinguished scholars from outside The University of Manitoba with particular experience in the field of the thesis research and significant Ph.D. student supervisory/examination experience to serve as the external examiner. The recommendations must be made to the Dean (or designate) of the Faculty of Graduate Studies for approval online and must include:

- A CV of each of the prospective external examiners;
- A short statement explaining:
  - The rationale behind the recommendations;
  - The prospective external examiners’ qualifications (if not already explicit on the CV). This includes a current list of their scholarly publications and research activities and, importantly, their experience with Ph.D. student supervision/examination (e.g., Ph.D. students they have supervised to completion; Ph.D. students they are currently supervising; experience serving as external examiner for Ph.D. examining committees).

Advisors and/or departments/units must contact the prospective external examiners to obtain this information and determine if they are...
available to review the thesis prior to submitting the recommendations to the Faculty of Graduate Studies.

If any of the recommended examiners do not meet the criteria specified below, a detailed explanation should be included with the rationale for the recommendation.

The external examiner must:
• hold a Ph.D. (or equivalent if outside of North America);
• hold the rank of Associate Professor, Full Professor, Senior Scholar or Emeritus Professor (or the equivalent if outside North America) at a university, or have comparable expertise and standing if not a faculty member at a university;
• have an established reputation in the area of the thesis research and be able to judge whether the thesis would be acceptable at an institution comparable to The University of Manitoba; and
• have a demonstrated record of supervising a significant number of Ph.D. students to completion, and significant recent experience with the supervision/examination of Ph.D. students.

The external examiner must not:
• have held any faculty appointment within the candidate's home department/unit at the University of Manitoba within the last 10 years;
• have acted as an external examiner for a student of the same Ph.D. advisor and/or co-advisor within the previous two (2) years;
• have been associated with the candidate at any time or in any significant way in the past five (5) years, present or reasonably foreseeable future (as advisor/co-advisor, colleague, teacher, co-author of published material, family member etc.); or
• be associated with the candidate's advisor/co-advisor in any of the following ways:
  • former student within the last ten (10) years;
  • research advisor/co-advisor within the last ten (10) years;
  • research collaborator within the last five (5) years;
  • co-author of published material within the last five (5) years.

The Dean of the Faculty of Graduate Studies or designate will choose the external examiner from the list provided by the candidate's advisor/co-advisor or department/unit and will make the formal invitation to the external examiner. The Dean (or designate) of the Faculty of Graduate Studies shall ensure the anonymity of the external examiner until their report has been submitted.

Changes in the Examining Committee
The Dean of the Faculty of Graduate Studies must approve changes in the membership of the examining committee. No changes shall be made in the examining committee after the thesis is submitted to the Faculty of Graduate Studies.

Distribution of the Thesis for Examination
Ph.D. candidates must submit their thesis for distribution electronically through the Faculty of Graduate Studies approved thesis distribution process. Please refer to the website (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/submit-your-thesis-or-practicum/) for pertinent instructions. It is the responsibility of the Faculty of Graduate Studies to distribute the electronic version of the thesis to all examiners once an external examiner has been secured. The Faculty of Graduate Studies shall ensure that the thesis is distributed to examiners as soon as possible after the submission of all required documentation. The Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/submit-your-thesis-or-practicum/#submitting-your-thesis-to-committee-members) should be consulted regarding recommended dates by which theses must be submitted.

Once the thesis has been submitted to the Faculty of Graduate Studies, neither the candidate nor the advisor/co-advisor shall have any communication with the examining committee regarding the thesis. However, should the need arise, the examiners may contact the Dean of the Faculty of Graduate Studies to discuss any issues related to the thesis.

Responsibilities of the Examiners
In general, the examiners are responsible for:
• ensuring that the thesis and the candidate meet recognized scholarly standards for a Ph.D.;
• appraising the underlying assumptions, methodology, findings, and scholarly significance of the findings of the thesis;
• ensuring that the thesis is organized, presents data and uses accepted conventions for addressing the scholarly literature in an acceptable manner;
• evaluating that the candidate has the ability to present their findings orally and demonstrate their scholarship by responding to questions and defending the thesis.

Notes:
1. Any potential breach of academic integrity must be reported to the Dean of the Faculty of Graduate Studies.
2. Any potential breach of The University of Manitoba’s Responsible Conduct of Research Policy (https://umanitoba.ca/admin/governance/governing_documents/research/responsible_conduct_of_research.html) must be reported to the Office of the Vice President (Research and International).
3. Submission of previously published, peer-reviewed material in the thesis does not preclude its critical examination, either as a written document being reviewed by examiners or at the thesis defence.

Process
Examination of the Written Thesis
Support of the candidate's advisor/co-advisors, advisory committee, and department/unit is required before the thesis is eligible for examination. Such support must be provided to the Faculty of Graduate Studies through submission by the Department/Unit Head of a completed "Approval to Proceed to Examination (https://umanitoba.ca/graduate-studies/forms/)" form. By completing the “Approval to Proceed to Examination” form:
• each member of the advisory committee verifies that they have read the complete version of the thesis and have provided the candidate with a detailed review and comments including any necessary revisions in content and formatting (see Appendix 1);
• the student verifies that they have received feedback from all members of the advisory committee and have taken the feedback into account in preparing the thesis and are ready and willing to have their thesis examined; and
• the department/unit verifies that the student’s thesis has been reviewed by all members of the advisory committee and that the department/unit fully supports the thesis proceeding for examination.
The thesis will be eligible for examination if no more than one (1) member of the advisory committee is not in support, the department/unit is in support, and an external examiner has been secured by the Faculty of Graduate Studies.

The Dean of the Faculty of Graduate Studies will request the examiners to give, within four (4) weeks of the distribution of the thesis, a detailed written report of the thesis.

The examiners will be asked to place the thesis into one of the following categories:

1. The thesis represents a distinct contribution to the candidate’s field of research and is acceptable as it stands. Minor revisions to content, structure, or writing style may be required. The thesis may proceed to oral examination.

2. The thesis has merit and makes a contribution to the candidate’s field; however, there are research-related concerns that have the potential to be addressed in the oral defence. The structure and writing style are acceptable or require only minor revisions. The thesis may proceed to oral examination.

3. The thesis has some merit, but is not acceptable in its current state and requires major revisions to one or more of its core components, such as research content, structure or writing style. The thesis should not proceed to oral examination.

4. The thesis is unacceptable with respect to its core components, such as research content, structure, and writing style. The thesis should not proceed to oral examination.

The candidate’s advisor (and, if appropriate, co-advisor) may also submit a report.

If either the external examiner or two (2) or more internal examiners indicate a failure (i.e., places the thesis in categories 3 or 4), then the candidate fails the examination. Otherwise, the candidate may proceed to the oral examination. The awarding of a passing grade by an internal or external examiner does not preclude them from assigning a failing grade at a subsequent stage in the examination process.

In the event of a first failure, the candidate will be allowed to have the thesis evaluated a second time, by the same examination committee. In this case, the Department/Unit Head shall convene a meeting of the internal examiners of the examining committee and the student’s advisor/co-advisor to decide how to bring the thesis to an acceptable scholarly standard. In normal circumstances, this will involve additional scholarly work that the Department/Unit Head will describe in writing to the advisor/co-advisor, the candidate, and the Dean of the Faculty of Graduate Studies. Without this written description, the thesis will not be distributed a second time.

Support of the candidate’s advisor/co-advisors, examining committee, and department/unit is required before the thesis is eligible for re-examination. Such support must be provided to the Faculty of Graduate Studies through submission by the Department/Unit Head of a new completed “Approval to Proceed to Examination” form, accompanied by a detailed summary of the changes made to improve the thesis. The thesis will be eligible for second distribution only once this is received by Faculty of Graduate Studies.

Two failures at any combination of written review and/or oral examination stage will result in the candidate being withdrawn from the Faculty of Graduate Studies and the notation on the student record will be “Required to Withdraw”.

Reports
The Dean of the Faculty of Graduate Studies shall provide electronic copies of all reports to each of the advisor/co-advisor, internal examiners, and Department/Unit Head and/or Graduate Chair.

Oral Examination
Please consult the Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/phd-oral-examination/) for up-to-date and detailed guidelines for the conduct of Ph.D. Oral Examinations.

Scheduling
Departments/Units cannot proceed with scheduling the oral examination prior to receiving the approved internal and external examiners’ reports from the Faculty of Graduate Studies. It is the responsibility of the Advisor and/or Department/Unit to contact the internal and external committee members to determine their availability and arrange a date for the examination. The oral examination may be held in-person, remotely, or using a hybrid model. Any in-person participants must be hosted at either The University of Manitoba Fort Garry or Bannatyne campus or the St. Boniface Hospital Albrechtsen Research Centre, normally during regular business hours. It is the responsibility of the department/unit to provide the appropriate space and technology for their chosen delivery method(s) (i.e., room booking, ensuring that the chosen facilities meet minimum standards expected for a Ph.D. defence, determining the meeting platform to be used). The Advisor or Department/Unit must inform the Faculty of Graduate Studies of the following information no later than two weeks (10 business days) prior to the date of the examination:

• The date and time of the examination;
• The method of delivery (i.e., in-person, remote, or hybrid);
• The location and/or platform to be used; and
• Whether the external examiner and invited member (if applicable) will attend.

In addition, the candidate must submit biographical information/CV and an abstract of the thesis to the Faculty of Graduate Studies at least two (2) weeks in advance of the date of the oral examination.

The department/unit or advisor(s) are strongly encouraged to contact prospective chairs to determine their availability to chair the examination. The method of delivery (i.e., in-person, virtual, or hybrid) must be disclosed to prospective chairs. Chairs should attend in the same manner as the candidate (e.g., for hybrid examinations, the chair should participate in-person only if the candidate also participates in-person). Prospective chairs must:

• Be members of the Faculty of Graduate Studies;
• Hold a rank of Assistant Professor or above; and
• Not hold an appointment, including nil-salaried appointments (e.g., Adjunct) in any unit represented by the advisor and co-advisor.

Attendance
The Dean of the Faculty of Graduate Studies or designate shall act as Chair of the examination committee. The Faculty of Graduate Studies will provide the Chair with an electronic package of documents and forms one week before the examination is scheduled to take place.

The attendance of the external examiner at the candidate’s oral examination is strongly encouraged. If the external examiner cannot
It is expected that all internal members of the examining committee, including the Knowledge Expert (if applicable), be present in real time at the defence. Under exceptional circumstances, and with the prior approval of the Dean of the Faculty of Graduate Studies, one (1) member may be absent from the proceedings.

The candidate and advisor/co-advisor must be present in real time for the examination.

Normally, the oral examination shall be open to all members of The University of Manitoba community and the general public. In exceptional cases the final oral examination may be closed; for example, when the results of the thesis research must be kept confidential for a period of time. In such cases, the examining committee and Department/Unit Head shall request prior approval in writing from the Dean of the Faculty of Graduate Studies. If approved, the final oral examination shall be closed to all but the examining committee and the Dean of the Faculty of Graduate Studies or designate.

Regardless of open or closed status, no recordings will be permitted.

**Format of the Examination**

The first part of the oral examination shall consist of an oral presentation by the candidate. This is followed by examination of the candidate by the examining committee. If time permits, the Chair, at their discretion, may allow questions from the Knowledge Keeper or invited member (if applicable) of the examining committee and then members of the audience.

**Procedures for the Conduct of the Examination**

The Chair should discuss the examination procedures with the examiners prior to the beginning of the formal examination.

The Chair will introduce the candidate and request them to give a concise (20 to 25 minute) oral presentation of the thesis to include a summary of the problem addressed, the results obtained, and the conclusions drawn from the study.

Following the presentation, the Chair will invite questions from each member of the examining committee, taking care to ensure that each examiner has approximately equal time for questions. The total time for questions by the examining committee must not exceed two (2) hours.

The Chair may exercise their discretion in allowing questions from the audience following completion of the formal examination. Once assuming the role of Chair, they forego the right to comment on the merits of the thesis regardless of whether they are an expert in the field.

**Decision of the Committee**

Following completion of the formal examination, the candidate, invited member (if applicable) of the examining committee and audience must leave the examination room or virtual meeting. The decision of the examining committee will be based on the content of the thesis, the candidate's ability to defend their work, and the candidate's ability to accurately respond to questions posed by the examining committee. The performance of the candidate at the oral examination may reveal problems of comprehension or explanation, and the examining committee may require revisions be made to the written thesis to address these problems prior to granting final approval. Each examiner is expected to comment on the candidate's performance and vote in favour of assigning either a pass or fail grade for the examination. Co-advisors share a single vote.

The judgement of the examiners shall be reported by the Chair to the Faculty of Graduate Studies in the qualitative terms "pass" or "fail" on the Final Examination of the Ph.D. Thesis Chair Report Form. Each examiner must also indicate their vote on the Final Examination of the Ph.D. Thesis Approval Form, which will be submitted to the Faculty by the Advisor once all required revisions have been made.

- **Pass**: the candidate has satisfactorily presented the thesis rationale, methodology, findings, and conclusions to the general satisfaction of the examining committee. Notwithstanding this, stylistic, grammatical, and content revisions to the thesis may be required. Normally, the advisor/co-advisor is charged with ensuring that any revisions are satisfactorily completed. Under some circumstances, the entire examining committee may wish to ensure any required revisions are completed satisfactorily. Regardless, those examiners in agreement must indicate, by their signatures, concurrence with the passing grade.

- **Fail**: the candidate has failed to adequately orally present the thesis rationale, methodology, findings, and/or conclusions, or to satisfactorily respond to questions posed related to the thesis. Failure may also arise because of defects in conception, methodology, or context. Those examiners in agreement must indicate, by their signature, concurrence with the failing grade.

If either the external examiner or two (2) or more internal examiners indicate a failure, then the candidate fails the examination.

In the case of a first failure of the oral defence, the candidate will be allowed to defend the thesis a second time. In this case, the Department/Unit Head shall convene a meeting of the internal members of the examining committee and the student's advisor/co-advisor to decide how to bring the thesis to an acceptable scholarly standard and/or prepare for the second oral defence. In normal circumstances this may involve additional scholarly work which the Department/Unit Head will describe, in writing, to the advisor/co-advisor, the candidate, and the Dean of the Faculty of Graduate Studies.

Approval from the candidate's advisor/co-advisor, advisory committee, and department/unit is required before the thesis is eligible for re-examination. Eligibility for re-examination must be provided to the Faculty of Graduate Studies through submission by the Department/Unit Head of an updated "Approval to Proceed to Examination" form, accompanied by a detailed summary of the changes made to improve the thesis, if any. The thesis will be eligible for second distribution to internal and external examiners only once this is received by Faculty of Graduate Studies. Only then will the candidate be eligible for a second oral defence.

**Note**: In some circumstances, the candidate may revise the written thesis. The revised thesis will be provided to the committee prior to the next oral defence. The revised written thesis shall not be re-examined; however, revisions can be recommended at the oral examination.

Candidates whose thesis is failed twice at either the written review or the oral examination stage will be withdrawn from the Faculty of Graduate Studies and the notation on the student record will be "Required to Withdraw".
Graduation

The candidate will be recommended for the Ph.D. degree providing that all degree requirements have been satisfied, and upon receipt by the Faculty of Graduate Studies:

- the favourable reports by the thesis examining committee;
- the completed Final Examination of the Ph.D. Thesis Chair Report and Approval forms;
- the final (corrected) version of the thesis uploaded to MSpace; and
- the Copyright Licence Declaration agreed to in MSpace.

The final requirements of the degree must be submitted to the Faculty of Graduate Studies by the appropriate deadline. The deadline for each graduation period is published on the Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/submit-your-thesis-or-practicum/#submitting-your-thesis-to-committee-members).

Patents – Refer to “Policy of Withholding Theses Pending Patent Applications (p. 1359).”

Restriction of Theses for Publication – In exceptional cases, not covered by the regulation concerning patents, where adequate cause can be shown to delay publication, the student and advisor/co-advisor may request in writing that the Dean of the Faculty of Graduate Studies restrict access for a period up to one (1) year after the submission of the digital version of a thesis to The University of Manitoba. The Dean shall determine for what period, if any, access will be restricted.

Library and Archives Canada – Library and Archives Canada obtains a copy of the thesis via the University’s MSpace repository.

Student Withdrawal

A student will be Required to Withdraw when the Ph.D. thesis has been rejected twice at the stage where:

1. The internal examining committee reports on the merits of the written thesis;
2. The external examiner reports on the merits of the written thesis;
3. The oral examination; or
4. A combination of any of these stages.

Policy of Withholding Thesis Pending a Patent Application Content or Manuscript Submission

In 1970, The University of Manitoba Board of Governors and Senate approved a policy on accepting research grants from outside agencies. This policy defined the right of agencies to defer release of information and thus ensure freedom of publications for research findings of University personnel. Occasionally, the University may also wish to restrict the release of a thesis pending patent application. For additional details, see The University of Manitoba Governing website. (https://umanitoba.ca/governance/governing-documents/#academic)

This situation may arise in the two (2) circumstances defined below, both of which are governed by the same set of regulations:

1. Where a research project is known to contain patentable items as defined in the research contract, then it is the responsibility of the advisor/co-advisor to give written information of the restrictions on publication to the student prior to the start of the thesis research. If the student agrees to carry out the research, then the regulation given below will apply.
2. Where a patentable item is found during the course of research, then the advisor/co-advisor and the student may make application for patent rights through the University Patent Committee, and the following regulation will apply concerning the release of the thesis.

Regulations Concerning Release of a Thesis during Application and Negotiation for Patents

The Dean of the Faculty of Graduate Studies will receive the approved thesis. On written joint request of the advisor/co-advisor and the student, the Dean will retain the thesis for a period up to one (1) year.

Regulations Concerning Release of Thesis Pending Manuscript Submission

The Dean of the Faculty of Graduate Studies will receive the approved thesis. On written joint request of the advisor and the student, the Dean will retain the thesis for a period up to one (1) year.

In exceptional cases, not covered by the regulation concerning patents, where adequate causes can be shown to delay publication, the student and advisor/co-advisor may request in writing that the Dean of the Faculty of Graduate Studies restrict access for a period up to one (1) year after submission of the digital version of a thesis or practicum to The University of Manitoba. The Dean shall determine for what period, if any, access will be restricted.

Extension of Time to Complete Program of Study

All requests for extensions will normally be dealt with administratively and reported, in summary form, to the Executive Committee of Graduate Studies for information. The student must complete the “Time Extension Request (https://umanitoba.ca/graduate-studies/forms/)” form and submit it to their major department/unit for recommendation to the Faculty of Graduate Studies at least three (3), but no more than four (4), months prior to expiration of the respective maximum time limit. Requests for an extension are reviewed by the Faculty of Graduate Studies on a case-by-case basis.

Requests for extension must be accompanied by a realistic detailed timeline that has been agreed to by the student and advisor/co-advisor and endorsed by the Department/Unit Head. The extension time requested must closely reflect the time required to complete the program.

The normal time granted for extensions is four (4) to eight (8) months. More than one (1) extension period may be granted, however the total for all approved extensions will not normally exceed one (1) year.

Leaves of Absence

For International Graduate Students:

To determine how applying for a Leave of Absence may affect your immigration status with Immigration, Refugees and Citizenship Canada, please consult with an International Student Advisor at the International
Centre (https://umanitoba.ca/international/) prior to completing your "Leave of Absence (https://umanitoba.ca/graduate-studies/forms/)" application with your department/unit.

Regular Leave

A regular leave is intended to allow students to meet responsibilities/plans related to family, travel or employment and circumstances not covered by the parental or exceptional leaves. At the student's request, the Department/Unit Head may recommend to the Dean of the Faculty of Graduate Studies that a student be granted a leave of absence for a period of time not to exceed one (1) year. While on a regular leave of absence, a student must not be actively engaged in their program of study or thesis/practicum research work. A student on a regular leave of absence is required to maintain continuous registration. A student on a regular leave of absence will not be assessed program fees, if any are owing, during the period of the leave; however, the appropriate continuing fee will be assessed. Any program fees deferred as a result of a regular leave will be assessed when the student returns from leave. A regular leave of absence status does not extend time limits to complete program of study as outlined in Faculty of Graduate Studies regulations.

Note: At the time of approval of an application for leave, the procedures for the return of the student to the department/unit at the completion of the leave must be stipulated.

All applications for Leaves of Absence must be submitted on the "Leave of Absence (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms)" form.

Exceptional Leave

In exceptional circumstances for medical or compassionate reasons (e.g. the need to care for an ailing family member), the Head of the Department/Unit may recommend to the Dean of the Faculty of Graduate Studies that a student be granted an exceptional leave of absence for a period of time not to exceed one (1) year. Supplemental documentation must support the requested dates of the leave. Exceptional leaves must correspond with the start and end of (an) academic term(s). While on an exceptional leave of absence, a student is not permitted to be engaged in their program of study or thesis/practicum work. A student on a regular leave of absence for exceptional reasons, a student must not be actively engaged in their program of study or thesis/practicum work. The leave period is not included in the time period allowed for completion of the degree.

Note: At the time of approval of an application for leave, the procedures for the return of the student to the department/unit at the completion of the leave must be stipulated.

Fees

Program Fees: Students are not expected to pay fees for the term in which they have been granted an exceptional leave. Upon return from the exceptional leave, students will be assessed fees as determined by the Registrar’s Office.

Exceptional Leave

Program Fees: Students are not expected to pay fees for the term(s) in which they have been granted a parental leave. Upon return from the parental leave students will be assessed fees as determined by the Registrar’s Office.

All applications for Leaves of Absence must be submitted on the "Leave of Absence (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms)" form.

Parental Leave

A graduate student who is expecting a child or who has primary responsibility for the care of an infant or young child immediately following a birth or adoption of a child is eligible for parental leave. The request for a parental leave should be made through the department/unit, to the Faculty of Graduate Studies for a period of time normally not to exceed one (1) year. Supplemental documentation must be submitted to support the requested dates of the leave. Parental leaves must correspond with the start and end of (an) academic term(s). While on leave of absence for parental reasons, a student must not be actively engaged in their program of study or thesis/practicum work. The leave period is not included in the time period allowed for completion of the degree.

Note: At the time of approval of an application for leave, the procedures for the return of the student to the department/unit at the completion of the leave must be stipulated.

Fees

Program Fees: Students are not expected to pay fees for the term(s) in which they have been granted a parental leave. Upon return from the parental leave students will be assessed fees as determined by the Registrar’s Office.

All applications for Leaves of Absence must be submitted on the "Leave of Absence (https://umanitoba.ca/graduate-studies/forms/#masters-phd-and-other-program-forms)" form.

Awards and Leave of Absence

Students granted an exceptional leave will retain the full value of a University of Manitoba Graduate Fellowship or other award whose terms and conditions are established by the Faculty of Graduate Studies. Such an award will be suspended at the onset of the leave and reinstated at the termination of the leave period (4 to 12 months) provided that the student returns to full time study at that time. Students granted an approved parental leave will have their UMFG extended for the time of the parental leave, not to exceed one year. The UMFG Award Holder’s Guide is available on the Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/forms/#funding-awards-and-financial-aid).

Note: Other awards will be paid according to the conditions established by the donor or granting agency.

Graduate Student Vacation Entitlement

Students are entitled to 21 calendar days of vacation over a twelve (12) month period.

• For the purposes of calculating vacation entitlement, the academic year means the period from September 1 to August 31.
• Vacation entitlement will be prorated for the portion of the year in which a student is registered.
• Any vacation time taken during an official closure of the University is not included as part of the 21 calendar day vacation entitlement. In addition, attendance at academic conferences shall not be considered vacation time.
• Student vacation requests should have minimal impact on the student’s research, coursework, and other obligations to the
University. Any requests provided ahead of time and within these guidelines will not be unreasonably denied.

- Should a conflict arise between a student’s vacation request and a supervisor’s expectations, the Department/Unit Head (or designate) shall make a final determination.

**Appeals – Procedures and Guidelines**

**General**

Students who disagree with a decision have access to appeal routes as laid out by various Faculty of Graduate Studies and University of Manitoba appeal procedures. Student appeals may be limited by the scope of the inquiry available at each level and category of appeal, as well as by the time restrictions for submission of appeals.

A further limitation is that the Faculty of Graduate Studies rules and regulations, established to uphold the academic rigour of the University of Manitoba, are generally not subject to appeal unless an appeal route is otherwise stipulated. In situations where no appeal route is available, a student may make a written request to the Dean of the Faculty of Graduate Studies.

Students are referred to the appeals section of the University of Manitoba Governing Documents (https://umanitoba.ca/governance/governing-documents/) for further details.

For students registered in Joint Master’s Programs (University of Manitoba and University of Winnipeg), there is a different process for handling academic and disciplinary appeals cases than normally used for University of Manitoba students in regular programs (not Joint Programs). This process is outlined in the Joint Master’s Program Governing Document.

**Definitions**

- “Appellant” – the graduate student appealing a decision affecting the student’s own admission to, academic standing in, awards from or disciplinary action by a department/unit or the Faculty of Graduate Studies;
- “Appeal Panel” – a panel convened from the members of the Faculty of Graduate Studies Appeals Committee by the Executive Committee of the Faculty of Graduate Studies empowered to deal with appeals stemming from decisions of departments/units or the Faculty of Graduate Studies, or individuals designated to make such decisions;
- “Unit” – the department/unit council, or appeal body, whose decision is being appealed. This is understood to include decisions taken by individuals or committees acting in the name of the department/unit and also to the supplementary regulations pertinent to a department/unit’s operation which have been approved by the Faculty of Graduate Studies;
- “Respondent” – a representative of the Faculty of Graduate Studies designated by the Dean of the Faculty of Graduate Studies to represent the Faculty of Graduate Studies. In this document, “Respondent” may also refer to a “Co-respondent” invited by the Respondent to represent the department/unit unless otherwise noted.

**Types of Appeal**

Several areas of appeal are available to appellants:

- admission;
- academic;
- discipline;
- administration (e.g. fee appeals).

In all cases, appeals should be addressed to the Dean of the Faculty of Graduate Studies. Appeals of decisions made by the Dean will be referred to an Appeal Panel of the FGS Appeals Committee. A decision of the Faculty of Graduate Studies Appeal Panel is appealable only to the Senate Committee on Appeals or the University Discipline Committee, as appropriate. In all cases, an appellant shall have the option of being registered in, and undertaking the responsibilities of, their program, until such time as they have exhausted the university appeal process or the appellant decides not to appeal further, whichever comes first.

A flow chart of the University of Manitoba Appeals Processes is available at this link (https://umanitoba.ca/sites/default/files/2020-04/appeal-procedures-for-students.pdf).

**Admission Appeals**

**Academic Appeals**

Academic Appeals are appeals concerning academic decisions made by the department/unit and/or the Faculty of Graduate Studies.

**Appeal Considerations**

The Faculty of Graduate Studies will consider appeals:

- stemming from a decision of a department/unit on academic matters (e.g. first failure of a candidacy examination) only after they have been dealt with by the appropriate department/unit-level appeal process (if any), as is outlined in the department/unit supplementary regulations;
- stemming from a decision of the Faculty of Graduate Studies (e.g. Required to Withdraw) which may follow the recommended action of a department/unit.
- stemming from a negative decision from the Registrar’s Office on a final grade or term work grade appeal.

In all cases, appeals should be addressed to the Dean of the Faculty of Graduate Studies.

A decision of the Appeal Panel is appealable only to the Senate Committee on Appeals (https://umanitoba.ca/governance/governing-documents-students/#senate-committee-on-appeals).

**Composition of an Appeal Panel**

Faculty members or students are disqualified from participating on an Appeal Panel if they:

- hold any academic appointment in the department/unit in which the appellant is registered;
- are/ were a student in the department/unit in which the appellant is registered;
- were, as an individual, or as a member of a committee or board, responsible for making the decision being appealed.
Note: All members of an Appeal Panel shall participate in all of the deliberations essential for the determination of the matter in dispute. If, in the course of hearing an appeal, a member is not present at the commencement of the hearing or a member cannot continue, the Panel may elect to proceed in the absence of that member. If more than one (1) member is not present at the commencement or cannot continue, the Appeal Panel must adjourn the proceedings.

Grounds for an Academic Appeal
It shall be the responsibility of the appellant to indicate clearly and specifically the grounds warranting consideration of the appeal.

The Appeal Panel shall only consider an appeal if there is evidence that:

• the department/unit or the Faculty of Graduate Studies failed to follow the rules of natural justice;
• the department/unit or the Faculty of Graduate Studies failed to follow procedures;
• a department/unit or Faculty of Graduate Studies regulation has been unfairly or improperly applied, or has become inapplicable through lapse of time;
• there are documented mitigating circumstances (e.g. medical, compassionate);
• there is apparent conflict between a Senate Regulation, a Faculty of Graduate Studies policy and/or a department/unit regulation.

Appeal of a Faculty of Graduate Studies Decision
An appeal of action taken by any department/unit, committee, administrator or faculty member within the Faculty of Graduate Studies must be submitted in writing by the appellant to the Dean of the Faculty of Graduate Studies within fifteen (15) working days of the date that the appellant was informed in writing of the action to be appealed. This is considered a first-level appeal.

Faculty of Graduate Studies Academic Appeals Process
Submission of Appeal Package
The Appellant must submit an appeal package consisting of an appeal form, a letter clearly explaining their grounds for appeal, a copy of the letter of decision from the last action/appeal level, a copy of all the documentation submitted to the last appeal level, if not a first-level appeal, and any relevant supporting documentation to the Faculty of Graduate Studies within the above timeframe. Incomplete appeals may not be considered.

Upon receipt of a formal appeal, the Dean of the Faculty of Graduate Studies may, at their discretion, consider the appeal or forward it to an Appeal Panel. If the Dean considers the appeal, the student shall be informed of the outcome in writing.

Faculty of Graduate Studies Appeals Committee
The appellant may appeal the Dean's decision to the Faculty of Graduate Studies Appeals Committee within fifteen (15) working days of the date of the letter of decision. This is considered a second-level appeal.

An Appeal Panel will be struck, and a videoconference meeting set by the Faculty of Graduate Studies to determine whether the appellant has grounds to proceed to a Hearing. If the Appeal Panel determines that the appellant has not substantiated their grounds for appeal, the matter will not proceed to a hearing. The Panel will notify the appellant and the Dean of Graduate Studies of their decision in writing. If the Appeal Panel determines that the appellant has substantiated their grounds for appeal, the appellant and the Dean of Graduate Studies will be notified and a hearing will be scheduled.

If it is determined that the appeal will proceed to a hearing, the Appeal Panel may request additional information, or of its own volition, call additional witnesses.

Hearing Procedures
The Faculty of Graduate Studies shall inform the appropriate Department/Unit Head (or designate) of the nature of the appeal and request that they accompany the Faculty of Graduate Studies respondent as a co-respondent at the hearing. The co-respondent will be requested to provide a letter responding to the appeal no later than fifteen (15) business days before the date of the hearing. The respondent will be requested to provide a letter addressed to the Chair of the Appeal Panel no later than ten (10) working days prior to the hearing.

The appellant shall be advised by the Dean of the Faculty of Graduate Studies of the right to appear in person or to be represented by a student advocate, a fellow student or other full-time member of the University community not receiving payment for appearing or working for legal aid. It is highly encouraged that the student be represented by a student advocate. If the appellant wishes, one (1) member of their immediate family and/or a lawyer may be present but only as silent observers (i.e., they cannot participate in the proceedings). Should an appellant's lawyer be present, so shall be a representative from the University of Manitoba's Legal Counsel. The Faculty of Graduate Studies must be notified of any persons accompanying the appellant at least ten (10) working days prior to the hearing, and at least twenty (20) working days prior to the hearing if a lawyer will be present.

The appellant, respondent, and appeal panel shall have the right to call witnesses to appear before the panel. Witnesses are to be made available for questioning only and will not be privy to the appeal documents or the hearing proceedings in which they are not involved. The appellant must indicate their witness request in their appeal letter. The respondent shall indicate their desire to invite a witness to the Chair of the Appeal Panel no later than five (5) business days after receiving notice that the appeal will proceed to a hearing. It is the responsibility of the party calling witnesses to ensure that the witnesses are informed of the date and time of the hearing.

All documentation that the Appeal Panel will consider shall be made available through the Faculty of Graduate Studies to both the appellant and the respondent at least one (1) week in advance of the hearing with notification of the specific time and location of the hearing. No additional materials should be presented at the time of the hearing. In the case where a request is made to submit additional materials, the Chair may postpone the hearing and allow no more than ten (10) working days for the other party to respond to the new materials.

Hearings shall be held in closed session unless at least one (1) party requests an open hearing and all parties involved in the proceedings agree to the request. During the hearing, the appellant or the respondent may request a change in the open or closed nature of the hearing, at which time the Appeal Panel shall determine its procedures.

The Appeal Panel shall convene prior to the arrival of the appellant (and/or representative) and the respondent to discuss the order of proceedings and questions raised by the appeal documents.

The order of proceedings is as follows:
• The appellant and/or representative will be invited to make an opening statement, followed by rounds of questioning by the Panel and then the respondent;
• The respondent will be invited to make an opening statement, followed by rounds of questioning by the Panel and then the appellant and/or representative;
• The Panel will have the opportunity to ask further questions of all parties;
• If applicable, witnesses will be called upon to enter the room individually. The Panel, appellant and/or representative and respondent will have the opportunity to ask questions;
• The appellant and/or representative and respondent will make closing statements. No new information is permitted to be presented at this time;
• The Panel will deliberate in camera (i.e. closed session).

All parts of the meeting required by the Appeal Panel to deliberate or determine the disposition of the appeal shall be held in camera. Such deliberations shall take into account all documentation provided by the appellant and respondent, as well as all testimonies heard during the hearing.

Disposition
The Chair of the Appeal Panel shall inform the Dean of the Faculty of Graduate Studies in writing of the disposition of the appeal, the reasons for the decision, and any actions that may result. The Dean of the Faculty of Graduate Studies shall, in turn, inform the appellant, their representative, and the department/unit in writing of the disposition of the appeal, the reasons for the decision and any actions that may result. The appellant shall be informed of their right of appeal to the Senate Committee on Appeals, including relevant time limits. The Dean of the Faculty of Graduate Studies may inform the department/unit of any recommendations brought forward by the Appeal Panel.

Appeals to Senate
As per the University of Manitoba Governing Documents: Students: Policy: Appeals Procedures (https://umanitoba.ca/governance/governing-documents-students/#senate-committee-on-appeals), appeals to the Senate Committee on Appeals shall be filed with the University Secretary within twenty (20) working days after the mailing of the notice of decision from which the appeal is made.

Discipline Appeals
The specific jurisdiction of each of the Disciplinary Authorities is outlined in:

• Table 1: Jurisdiction of Disciplinary Authorities for Student Academic Misconduct
• Table 2: Jurisdiction of Disciplinary Authorities for Student Non-Academic Misconduct
• Table 3: Disciplinary Actions and Disciplinary Authorities (https://umanitoba.ca/governance/governing-documents/#students)

If the appeal is from a decision of the Dean of the Faculty of Graduate Studies, the appeal must be submitted to the Dean of the Faculty of Graduate Studies who will submit it to the Faculty of Graduate Studies Local Discipline Committee (also commonly referred to as the “L.D.C.”)

If the appeal is from a decision of the L.D.C., the appeal must be submitted to the Secretary of the University Discipline Committee (U.D.C.) (https://umanitoba.ca/governance/governing-documents-students/#student-discipline) who will provide the Dean of the Faculty of Graduate Studies with a copy.

Discipline Appeal Deadlines
If a student wishes to appeal a decision, the notice of appeal must be delivered in writing to the appropriate person(s) within ten (10) working days of the student being notified of the decision the student intends to appeal.

Appeal of Disciplinary Action
When the appeal is against a disciplinary decision made by the Faculty of Graduate Studies, the appeal routes and procedures as outlined in the following shall prevail: Student Discipline Appeal Procedure (https://umanitoba.ca/governance/governing-documents/#students).

The student shall clearly indicate in the notice of appeal whether they are appealing the decision on:
1. the finding of facts;
2. the disposition determined by the disciplinary authority; or
3. both (1) and (2).

Fee Appeals
Please refer to the Registrar’s Office webpage on fee appeals (https://umanitoba.ca/registrar/tuition-fees/adjustments-refunds/). To initiate the Fee Appeal process, the student must complete a Fee Appeal form, available at the former link. For information about Fee Appeals, please visit the Registrar’s Office online or in person at 400 University Centre.

Term Work Appeals
Students are encouraged to discuss matters relating to grading of term work with their instructor in the first instance. Further appeals of grades on academic term work shall be directed, by the appellant, to the department/unit responsible for the course within ten (10) working days after the grades for term work have been communicated to students. Following receipt of the appropriate appeal form and evidence of payment of the refundable appeal fee, the department/unit shall consider the appeal and provide a decision within fifteen (15) working days. Please refer to the Registrar’s Office website (https://umanitoba.ca/registrar/grades/appeal-grade/) for additional information.

If the student has exhausted the term work appeals process through the Registrar’s Office, the student may appeal to the Faculty of Graduate Studies via the academic appeals process. The Faculty of Graduate Studies will only consider the appeal based on procedural error.

Final Grade Appeals
Please refer to the Registrar’s Office webpage (https://umanitoba.ca/registrar/grades/appeal-grade/) on grade appeals. To initiate the Grade Appeal process, the student must complete a Grade Appeal form, available at the former link. For information about Grade Appeals, please visit the Registrar’s Office online or in person at 400 University Centre.

If the student has exhausted the final grade appeals process through the Registrar’s Office, the student may appeal to the Faculty of Graduate Studies via the academic appeals process. The Faculty of Graduate Studies will only consider the appeal based on procedural error.
Assistance with Appeals

The Office of Student Advocacy & Case Management (https://umanitoba.ca/student-supports/academic-supports/student-advocacy/), 520 University Centre, provides information and assistance to students regarding all appeal processes. It is strongly recommended that students contact the Office of Student Advocacy & Case Management to assist them with any appeal they are considering.

Thesis/Practicum Types

A student/candidate may present a thesis/practicum in one of two acceptable formats:

- Regular style
- Manuscript/grouped manuscript style

The type of thesis/practicum must be approved by the advisory committee and comply with all regulations of the Faculty of Graduate Studies and any supplementary regulations of the department/unit.

Regular Style

Prefatory Pages

Title Page

The title page should contain the following information:

- the title of the thesis/practicum
- the name of the University
- the degree for which the thesis/practicum is submitted
- the name of the department/unit
- the full name of the author
- the copyright notation ©

The title must be a meaningful description of the content of the research. The author's name should be in full, identical to the name under which they are registered and be consistent on all other documents. A sample title page can be found on this link (https://umanitoba.ca/faculties/graduate_studies/media/ThesisSampleTitlePage.pdf).

Abstract

The abstract is expected to provide a concise, accurate account of the thesis/practicum. Recommended length is 350 words. An abstract should contain a statement of the problem, methods, results, and conclusions.

Acknowledgements

The content of this single page is left to the discretion of the author. For example, the page may make reference to the student/candidate’s advisor/co-advisor and advisory committee, to other individuals who have provided invaluable assistance to the development of the thesis/practicum, and to sources of financial assistance or other support.

Dedication

A single page pertaining to a dedication is allowed.

Table of Contents

This must list and provide page references to all elements of the thesis/practicum. The numbering and formatting must be identical to the way the material appears in the text. Page numbers should be right justified. A sample table of contents can be found at this link (http://umanitoba.ca/graduate-studies/sites/graduate-studies/files/2020-04/ThesisSampleTOC.pdf).

List of Tables

This should immediately follow the Table of Contents and be of the same format. The list must include the number, name and page number of each table.

List of Figures

This should immediately follow the List of Tables and be of the same format as the Table of Contents. The list must include the number, name and page number of each figure.

List of Copyrighted Material

On occasion, students/candidates include images, figures, photos and other materials from copyrighted sources. Students must ensure that they have authorization to use copyright protected materials in their thesis under a Copyright Act exemption or with direct permission from the copyright holder. A list of Copyrighted Material should follow the List of Figures and follow the same format as the Table of Contents. For further information on copyright please refer to the following link (https://umanitoba.ca/graduate-studies/student-experience/thesis-and-practicum/before-you-start/).

Format

 Styles

The thesis/practicum should be written in a standard style manual that has been recommended by the department/unit. Manuals recommended by the Faculty of Graduate Studies include but are not limited to:

- American Psychological Association, Publication Manual of the American Psychological Association
- Kate L. Turabian, A Manual for Writers of Term Papers, Theses and Dissertations
- The Modern Language Association of America, MLA Handbook for Writers of Research Papers
- University of Chicago Press, The Chicago Manual of Style

Students should always use the latest edition available. If there is a conflict between the instructions in this guide and the style manual chosen, the former should be followed.

Spelling

Canadian, British or American spelling is acceptable and one style must be used consistently throughout the document.

Margins

The margins must be consistent throughout the thesis/practicum (including appendices, diagrams, maps, photographs, charts, tables, etc.).

Page Numbers

Each page of the thesis/practicum (including illustrative pages and appendices) must be numbered consecutively.

Footnotes, References and Appendices

Instructions in the style manual recommended by the department/unit should be followed. Regardless of which style manual is used, format selected must be consistent throughout the document.
Figures, Illustrations, Photographs and Design Drawings

Illustrative Material

All illustrative material must be consistent throughout the thesis/practicum. All figures, illustrations, photographs and drawings must be numbered consecutively in Arabic numerals and accompanied with a title. The material should appear as soon as possible after as it is mentioned in the text. All original materials should be of high quality, with sharp and clear images.

Layout of Tables and Figures

Each table and figure must have a number and title. The number and title should appear at the top or bottom of the table or figure as per style. The title of the table or figure should be as short as possible and indicate the major focus of the material within the table or figure.

Additional Materials

Consent and Access to Information Forms

Sample copies of consent forms that were used to obtain consent from participants to take part in the information gathering procedures for the thesis/practicum must be included in an Appendix. Any personal information including signatures must be omitted from the submitted form to meet F.I.P.P.A. regulations (https://umanitoba.ca/access_and_privacy/FIPPA.html).

In some cases, approval from an agency, institution or corporation may have been required before the information gathering procedures could proceed. The original approval form for access should be retained by the student with a copy provided to the Faculty of Graduate Studies upon completion of the thesis/practicum.

Use of Copyrighted Material

If the thesis/practicum includes copyrighted material (such as images, figures or more than an insubstantial amount of another person’s work pursuant to the Copyright Act), students must determine whether there is authorization for reuse of material under the Copyright Act or if permission must be obtained from the copyright holder. A Sample Permission Letter (https://umanitoba.ca/admin/vp_admin/ofp/copyright/media/Permission_letter_student.docx) is available on the Copyright Office website (https://umanitoba.ca/copyright/). In some cases, copyright holders prefer to use their own permission forms and/or will provide their permission electronically.

Note that obtaining permission may take a considerable amount of time and this must be taken into consideration when meeting a thesis/practicum submission deadline. A reference to written permission having been obtained should be included under the image or text. The original form(s) signed by the copyright holders should be retained by the student as they made need to refer to it from time to time in future. These forms do not need to be provided to the University of Manitoba and should not be included within the student’s thesis/practicum.

In some cases where permission is required the copyright holder cannot be located or the cost is prohibitive to use the text or image. In these situations, the text or image may have to be omitted from the thesis/practicum.

Subsequently, information on where the reader can locate the image or text should be included, such as the URL, title of book/journal, volume and issue number, page number, publisher, and date of publication. A description of the purpose or significance of the text or image should be provided.

For further information on copyright, see https://umanitoba.ca/copyright/

Manuscript/Grouped Manuscript Style

A thesis/practicum may comprise a paper or collection of papers, which are, or are about to be, published. The number of papers that comprise this style of thesis/practicum will be determined between the student and the advisory committee. The formatting of the thesis/practicum must be consistent throughout the thesis/practicum and the thesis/practicum cannot merely consist of several papers or articles contained within the one document.

Publication, or acceptance for publication, of research results prior to the presentation of the thesis/practicum does not supersede the evaluation of the work by the examination committee (i.e. does not guarantee that the thesis/practicum will be found acceptable). Examiners may specify revisions regardless of the publication status.

The thesis/practicum must follow the same prefatory information; spelling, formatting, margin requirements, page numbering; footnotes and appendices; figures, illustrations photographs and drawings; and, any additional material as those outlined above. There must be an introductory chapter to the entire thesis/practicum that precedes any of the papers. The papers must contribute toward the overall theme that represents the thesis/practicum work and must be smoothly integrated into the flow of the thesis/practicum to produce a unified document. This may require changes or additions to, and re-writing of, any work that has been previously published.

The introductory chapter must explain the connection between the different chapters. This provides a logical link of the integration of the information. Not including an explanation of how the chapters connect may compromise the ability of the examiners to evaluate the thesis/practicum and, accordingly, there may be subsequent consequences.

The thesis/practicum must contain a concluding chapter that includes a discussion on how the entirety of the thesis/practicum, with its findings, represents the thesis/practicum work and must be smoothly integrated into the flow of the thesis/practicum to produce a unified document. This may require changes or additions to, and re-writing of, any work that has been previously published.

In the case of multi-authored papers, the nature and extent of the student/candidate’s contribution, and those of the other authors, must be explicitly specified in a section of the thesis/practicum entitled “Contributions of Authors”.

Awards Information

**Campus Address/General Office:** 500 University Centre
**Telephone:** (204) 474-9836
**Fax:** (204) 474-7553
**Email Address:** graduate.awards@umanitoba.ca

Graduate students seeking information on scholarships, bursaries, prizes and loans should consult with the Awards Officer in the Faculty of Graduate Studies.

### Graduate Award Programs

The following awards are offered through the Faculty of Graduate Studies, which lists the value and deadline to submit applications. A complete listing of awards is on the FGS website; please see our Funding, Awards and Financial Aid page, or searchable Awards Database.

Please note that awards information is subject to change. The most up-to-date information can be found on our website.

[(CIHR) Canadian Institutes of Health Research](https://cihr-irsc.gc.ca/e/193.html)

$17,500 CGS Master’s

[(NSERC) Natural Sciences and Engineering Research Council](https://www.nserc-crsng.gc.ca/index_eng.asp)

**Postgraduate Scholarship (PGS)**

$21,000 Ph.D. (PGS D)

**Canada Graduate Scholarship (CGS)**

$17,500 Masters (CGSM) - Deadline: December 1. Application can be found on [NSERC](https://www.nserc-crsng.gc.ca/Students-Etudiants/PG-CS/CGSM-BESCM_eng.asp) website.

$35,000 Doctoral (CGSD) - Consult department for departmental deadline in September

[(SSHRC) Social Sciences and Humanities Research Council](https://www.sshrc-crsh.gc.ca/home-accueil-eng.aspx)

$20,000 Ph.D. - Consult department/unit for their specific deadline in October

$35,000 CGS Doctoral - Consult department/unit for their specific deadline in October

[(Vanier Canada Graduate Scholarships](https://vanier.gc.ca/en/home-accueil.html)

$50,000 Ph.D.

Deadline to be determined. Please check with Awards Office for details.

[Trudeau Scholars Programme](https://www.trudeaufoundation.ca/scholarship/)

Up to $40,000 per year (plus an additional $20,000 annually for research-related travel) for up to 3 years.

Deadline: October

**University of Manitoba Graduate Fellowship**

$14,000 for Master’s

$18,000 for Ph.D.

Consult department/unit for their specific deadline in December
Registration Information

Information for All Graduate Students

All Graduate Students General Info

Important Notice Regarding Graduate Fees

Registration is not complete until fee payment or fee payment arrangements are made with the Financial Services Office in writing. Students are urged to refer to the website “Fees, Payments and Refunds (https://umanitoba.ca/registrar/tuition-fees/adjustments-refunds/)” and/or the graduate fee information.

Registration Reminders

Have you:

• Submitted your Progress Report form?
• Met with your advisor or department/unit for program approvals?
• Accessed Aurora Student to check for any timetable updates?
• Accessed Aurora Student to register for your courses?
• Accessed Aurora Student for a fee assessment?
• Paid your fees?

Welcome to the Faculty of Graduate Studies

Whether you are a new or returning graduate student, we hope you will familiarize yourself, not only with the information contained in this publication. Remember you are registering in a professional program leading to or supporting your career choice. Registering for courses that meet your department/unit or your advisor's approval is your responsibility. However, your department/unit office will be able to help you if you encounter difficulties in selecting or registering for courses.

Re-Registration Deadline

• All returning graduate students who intend to continue in their programs must re-register and pay fees before September 8.
• Any student whose program of study extends over more than one year must re-register for Fall, Winter and Summer terms of each succeeding year of their program until a degree is awarded.

Students who do not re-register in time will be subject to being “Discontinued” from their graduate programs. Students who have registered but have not paid in time will be subject to late fee payment or cancellation and discontinuation after this date. Students who have been discontinued must apply for readmission to re-enter a graduate program.

Returning Students Progress Report

The Progress Report for graduate students in thesis/practicum project programs must be submitted to the Faculty of Graduate Studies prior to registration. Failure to submit this report will result in registration access being denied.

Initial Access Times

Access to registration times can be found in your Aurora Student account. Simply log in to Aurora Student, select Enrolment & Academic Records, select Registration, and then Registration Time and Status in order to view your access times for a given term.

Admission and Registration

Admission and registration in the Faculty of Graduate Studies is by recommendation from a department/unit offering graduate programs. Students are admitted and register in the following categories:

Occasional, pre-Master’s, Diploma, Master’s or Ph.D. and normally may commence study in September, January or Summer Session.

Students are responsible for meeting the requirements of the program and ensuring they have the prerequisites for the individual courses for which they register. Reference should be made to the current Graduate Calendar for detailed regulations and procedures of the Faculty.

Students wishing to register for courses that are offered by a department/unit outside their major department/unit/unit must get the approval of the offering department/unit.

Student Status

A student is considered to be full-time if the student is planning to carry the normal academic load of the department/unit during the registration period. Graduate students who do not meet the criteria specified for full-time students should complete the Part-Time Status Form (https://umanitoba.ca/graduate-studies/sites/graduate-studies/files/2020-07/request-pt-status.pdf).

This form must be approved by the department/unit head and advisor and submitted to the Faculty of Graduate Studies prior to registration.

Course Numbers for Graduate Studies

Registration for Thesis/Practicum or Comprehensive Examinations:

Students who intend to graduate in the coming year (February, May or October) must register for their thesis, practicum or comprehensive examination requirement. Therefore, you may need to register for one of the following:

Course | Title | Hours
--- | --- | ---
GRAD 6000 | Summer Research | 0
GRAD 6100 | Visiting Canadian Student Research Course | 0
GRAD 7000 | Master’s Thesis | 0
GRAD 7010 | Comprehensive Examination | 0
GRAD 7020 | Master’s Re-registration | 0

*Only for those students commencing their programs in May or July when courses may not be available.
*To formalize the status of visiting Canadian Graduate Student Researchers. Students must meet the terms of the Canadian Graduate Student Research Mobility Agreement (CGSRMA), and submit the Visiting Graduate Student Research Authorization form to be eligible to register.
*Fall term (Graduation in February or working on thesis during fall term only)
*Fall & Winter terms (Graduation in May or working on thesis during fall & winter terms)
*Winter term (Graduation in May or working on thesis during winter term only)
*Summer term (Graduation in October or working on thesis during summer term only)
*Fall term (Graduation in February or preparing for comprehensive exam during fall term only)
*Fall & Winter terms (Graduation in May or preparing for comprehensive exam during fall & winter terms)
*Winter term (Graduation in May or preparing for comprehensive exam in winter term only)
*Summer term (Graduation in October or preparing for comprehensive exam during summer term only)

Asper M.B.A. Program Information

The Asper Master of Business Administration is a tightly integrated 60 credit hour program, led by internationally-recognized academics and professionals, and conducted in an interactive and dynamic face-to-face learning environment.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Asper MBA Admission Requirements

The Asper MBA program has two intakes: January and August. Applicants require:

- At least a 3-year Bachelor degree from a recognized educational institution in any discipline
- 3.0 GPA on the last 60 credit hours of university level study. Under circumstances where managerial and/or professional work experience and/or community involvement have demonstrated strong business leadership potential, a lower entry GPA, but not one below 2.5, may be considered for regular admission
- 2 years professional work experience required
- 550 GMAT preferred or equivalent GRE (500 minimum)*
- Asper MBA Language Proficiency in English requirements are (one of):
  - IELTS 7.0 (no band score less than 6)
  - TOEFL 100 (internet)
  - MELAB 85
  - CAEL 60
  - PTE (A) 65
  - CanTEST 4.5 in all four sections
  - AEPUCE 85%, if entering AEPUCE with an IELTS of 6.0

*MBA applicants who graduated from the B.Comm. degree program at University of Manitoba in the last 5 years with a degree GPA of 3.5 are exempt from the GMAT requirement.

*MBA applicants with a degree GPA of 3.5 or higher who have graduated from the University of Manitoba with a B.Sc. in the last 5 years and have a grade of B+ or higher in Math 1230, 1500, 1501, 1510, 1520 or 1690 or another course in calculus with permission of the Asper School of Business MBA Admissions Committee and a grade of B+ or higher in Statistics 1000, 1001 or 1150 or another course in statistics with permission of the Asper School of Business MBA Admissions Committee would be exempt from the GMAT/GRE requirement.

*MBA applicants with a degree GPA of 3.5 or higher who have graduated from the University of Manitoba with a B.Eng. in the last 5 years and have a grade of B+ or higher in ENG 3000 and a grade of B+ or higher in Math 1230, 1500, 1501, 1510, 1520 or 1690 or another course in calculus with permission of the Asper School of Business MBA Admissions Committee and a grade of B+ or higher in Statistics 1000, 1001 or 1150 or another course in statistics with permission of the Asper School of Business MBA Admissions Committee would be exempt from the GMAT/GRE requirement.

*MBA applicants with a degree GPA of 3.5 or higher who have graduated from the University of Manitoba with a B.A. in the last five years and have a grade of B+ or higher in two of ECON 2010, 2030, 3010, 3020 and have a grade of B+ or higher in Math 1230, 1500, 1501, 1510, 1520 or 1690 or another course in calculus with permission of the Asper School of Business MBA Admissions Committee and a grade of B+ or higher in Statistics 1000, 1001 or 1150 or another course in statistics with permission of the Asper School of Business MBA Admissions Committee would be exempt from the GMAT/GRE requirement.

*MBA applicants who hold the CPA designation (CPA Canada) or the CFA designation, are in good standing with their professional body, and have
been practicing in their respective field for the past two years or longer would be exempt from the GMAT/GRE requirement.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Asper MBA program of study (https://umanitoba.ca/explore/programs-of-study/business-administration-mba/) page.

Applicants who are Canadian citizens/Permanent Residents of Canada with transcripts from universities or colleges in countries other than Canada and the United States are strongly advised to apply at least two months prior to the standard deadlines.

**Degree Requirements**

**Boot Camps and Workshops**

Mandatory preparatory boot camps and workshops help develop the necessary skills to succeed in the Asper MBA program and in the business world. The Asper School of Business MBA has three regularly offered pass/fail auxiliary courses (X):

- MSCI 5110 (Math Boot Camp) – online number crunching primer (challenge exam option available).
- MIS 5120 (Information Technology Boot Camp) – online course that provides you with the basics of common productivity software packages used in the business world, with particular focus on Excel (challenge exam option available).
- IDM 5120 – develop the “soft skills” you need to advance your career, such as business etiquette, networking, resume-building and behaviour-based interview skills.

**Program Core**

The Program Core consists of 30 credit hours of business fundamentals and strategy, and a foundation in leadership, decision-making methods, and contemporary themes that inform decisions in today’s business world.

**Business Foundations**

<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>IDM 7130</td>
<td>Contemporary Themes in Business</td>
<td>1.5</td>
</tr>
</tbody>
</table>

**Total Hours** 1.5

Contemporary Themes in Business focuses on three themes: International and Emerging Markets, Sustainability, and Entrepreneurship and Innovation. These themes also inform the two Leadership courses and the Strategy Capstone Course. Together, they prepare you for the realities of business — and give you a distinct advantage in today’s competitive job market.

**Concentrations and Themes**

Tailor your MBA to your passion, your experience and the career you want. Half of the program (30 credit hours) is made up of electives, allowing a world of options to customize your program. Focus your studies on two functional areas, two themes, or a combination of area and theme. You can earn up to two concentrations/themes — the choice is entirely yours. Students can obtain a concentration by taking 12 credit hours of electives in that area or theme.

**Specialized Concentration**

- Financial Analyst

**Functional Concentrations**

- Finance
- Leadership and Organizations
- Marketing
- Supply Chain Management

**Themed Concentrations**

- International and Emerging Markets
- Sustainability
- Entrepreneurship and Innovation

**Interdisciplinary Concentrations**

- Health Administration
- Management of Public Enterprises
- Individual Interdisciplinary Studies

**General Management Option**

- Choose any combination of Asper MBA electives to suit your personal and professional goals.

An Experiential Course is a mandatory component of each of the three themes. It provides hands-on integrated business-related experience through opportunities such as an international study trip, a domestic industry project, stock market simulation, or launching a business.

*Please note: Not every combination of two themes and/or concentrations may be achieved in any given year/12 month program. GMGT 7210 constitutes the comprehensive examination. The course must be completed at the University of Manitoba normally in the final
term of a student's program, or once all the course pre- and co-requisites are satisfied.

Readings Courses and Industry Projects - With the approval of the MBA Program Committee and the academic area involved, a student can choose to undertake an industry (consulting) project or a readings course. The industry projects and readings courses count as three credit hours of elective coursework. Normally, a student is allowed up to two readings courses, two industry projects, or one readings course and one industry project during the program. An industry or readings course proposal must be submitted to a faculty supervisor and the MBA Program Committee for approval prior to registration for the course. Projects and reading courses can normally only be taken within the Asper School of Business, and normally cannot be counted towards a concentration.

No thesis option is available.

**MBA Co-op Program**

MBA students have an option to enrol in the MBA Co-op Program and complete a co-op work term as an elective in their program (IDM 7140 – 3 credit hours). The course consists of a work term assignment of a minimum of 420 hours in business, industry, or government.

To apply for a co-op work term, MBA students must have a degree GPA of at least 3.00 and normally would have completed all 30 credit hours of MBA core courses; at a minimum, students must have completed at least 27 of their program credit hours, including successful completion of IDM 5120. An interview with the Graduate Co-op Office personnel will be required for admission to the Asper MBA Co-op Program and applicants for the MBA Co-op Program will be evaluated based on a complete application.

**Expected Time to Graduate:** 1 - 6 years.

- **Full Time:** 12 months or up to 2 years.
- **Part Time:** Take up to six years (the average is three).
- **Exemptions:** You may qualify for a number of course exemptions, reducing your program course load and cost, if you:
  - Completed a business or management degree (or economics major) in a recognized university degree program, or courses in another MBA program, within the last five years, or
  - Have certain professional designations within a field where you are active and practicing.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- **GRAD 7300** prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- **GRAD 7500** within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:
• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Finance, M.Fin.

I.H. Asper School of Business

Academic Staff: Please refer to the Asper website (https://umanitoba.ca/faculties/management/faculty_staff/) for academic staff information.

Asper M.Fin. Program Information
The Asper Master of Finance is a CFA Institute University Affiliation Program. It is a comprehensive one-year/three-term program that prepares students to write all three levels of exams needed to obtain a Chartered Financial Analyst (CFA) designation, with a focus on the Level 1 exam. The program has been mapped to align with the CFA Program Curriculum.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Asper M.Fin. Admission Requirements
Admission to the Master of Finance program is based on the following criteria:

1. At minimum, a three-year Bachelor degree from a post-secondary recognized educational institution (in any discipline);
2. At a minimum, a 3.0 admission GPA (on 4.5 scale) on the last 60 credit hours of university degree#level study;
3. Results of the Graduate Management Admissions Test (GMAT), with a minimum score of 550.

The GRE will be accepted with a percentile score across its components equivalent to the current acceptable percentile level of the GMAT. The percentile score on the quantitative section of the GMAT or GRE examinations must be at the 60th percentile or higher. GMAT and GRE scores must not be older than five years.

Note: GMAT/GRE scores are not required for applicants who have successfully completed a bachelor degree from the University of Manitoba with a minimum 3.25 GPA and who have also:

1. Completed FIN 2200 (Corporate Finance) at the Asper School of Business with a minimum grade of B+, within the last five years (if FIN 2200 is completed beyond five years from the term of admission, it may be counted, if the applicant can demonstrate, to the satisfaction of the Admissions Committee, that they have been working in a professional role that makes substantial use of this knowledge, or, achieved an average 3.5 GPA across the four Asper finance courses counting toward the finance major requirements within the last five years (if courses are completed beyond five years from the term of admission, they may be counted, if the applicant can demonstrate, to the satisfaction of the Admissions Committee, that they have been working in a professional role that makes substantial use of this knowledge.

2. Language proficiency. Applicants holding secondary school diplomas and/or university degrees from Canada, or from one of the countries on the English Language Proficiency Test Exemption list are exempt from the English Language Proficiency Test requirement. If you do not qualify for an exemption, you must provide an official score from one of these accepted tests:
   a. IELTS 6.5 (speaking band minimum is 6)
   b. TOEFL 86 (internet) - Minimum score of 20 is required in each of reading, writing, listening, and speaking categories)
   c. MELAB 80
   d. CAEL 60 and 60 on each subject
   e. PTE (A) 61%
   f. AEPUCE 65%
   g. CanTEST - 4.5 in listening and reading; 4.0 in writing and oral interview

Scores older than two years are not acceptable.

5. Two letters of recommendation from persons who are knowledgeable about the applicant’s academic ability.

Note: Graduates of the Asper MBA program with a Finance concentration are not eligible to take this program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Asper MFin program of study (https://umanitoba.ca/explore/programs-of-study/finance-mfin/) page.

Applicants who are Canadian citizens/Permanent Residents of Canada with transcripts from universities or colleges in countries other than Canada and the United States are strongly advised to apply at least two months prior to the standard deadlines.

Degree Requirements
To complete the Master of Finance degree, students must successfully complete 30 credit hours. Required courses will be taught over the Fall, Winter, and Summer terms, and the program will require 12 months of full#time study to complete.

The required courses are:

<table>

IDM 5120  Career Development Seminar (AX – Pass/Fai)  1

Total Hours  33

No thesis option available. A part-time option is also available.

**MFin Co-op Program**

MFin students have an option to enrol in the MFin Co-op Program and complete a co-op work term as an additional elective in their program (IDM 7140 – 3 credit hours). The course consists of a work term assignment of a minimum of 420 hours in business, industry, or government.

To apply for a co-op work term, MFin students must have a degree GPA of at least 3.00 and normally would have completed all 30 credit hours of MFin core courses; at a minimum, students must have completed at least 27 of their program credit hours, including successful completion of IDM 5120. An interview with the Graduate Co-op Office personnel will be required for admission to the Asper MFin Co-op Program and applicants for the MFin Co-op Program will be evaluated based on a complete application.

**Expected Time to Graduate**: 1 year

1 Students can complete a co-op work term as an additional elective in their program.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
Applications must provide the following prior to admission:

- A degree from another Faculty with a closely related major. with a major in the same area or a similar area to be pursued in the degree from a recognized university in either a) Management/Business Administration or Supply Chain Management. The M.Sc. program in Management is designed to produce graduates who have an academically more in-depth, rigorous training in their chosen management field than is the case for either B.Comm (Hons.) graduates or MBA graduates. In addition, the program seeks to develop strong research skills to meet the needs of employers as well as to more effectively prepare M.Sc. students for entrance into Ph.D. programs at the University of Manitoba.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Management M.Sc. program of study (https://umanitoba.ca/faculties/graduate_studies/management.html) page.

Applicants who are Canadian citizens/Permanent Residents of Canada with transcripts from universities or colleges in countries other than Canada and the United States are strongly advised to apply at least two months prior to the standard deadlines.

**Degree Requirements**

The basic program design assumes that students have completed an honours degree or its equivalent. Additional courses may be required subject to the discretion of the advisory committee if it is deemed that the candidate’s preparation is not sufficient in his/her area of specialization. The student’s advisory committee will make recommendations regarding deficient background, and the final program will be approved by the Graduate Research Program Committee.

All students must complete the following course requirements:

A minimum of 18 credit hours, at 7000 level or above, plus a thesis/practicum. This minimum will include:

1. at least 6 credit hours of required graduate level courses in the student’s area of specialization and up to 12 credit hours of optional courses (subject to the approval of the advisory committee) - see area specific requirements below;
2. a thesis or a practicum.

**Business Administration (Industrial Relations/Human Resource Management/Management of Organizations/Organizational Behaviour) Option**

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;
unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Management, Ph.D.

Academic Staff: Please refer to the Asper website (https://umanitoba.ca/faculties/management/faculty_staff/) for academic staff information.

Ph.D. in Management Program Information
The Doctor of Philosophy program in Management is designed to prepare individuals for teaching and research careers in universities, or for applied research positions in either the private or public sector.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Ph.D. in Management Admission Requirements
An earned Master’s degree (MBA preferred), and in exceptional cases, a Bachelor’s degree in a management or business discipline from a recognized institution, or a discipline sharing a common origin or a parallel discipline to the applicant’s chosen area of concentration, is required.

Prior to admission, the candidate is to provide the following:

- A statement of goals and interests;
- An official transcript of academic record with a minimum grade point average of 3.0 on a 4.5 scale (3.5 preferred), (approximately 70% or a "B") in the last 60 credit hours;
- A score on a graduate aptitude test, preferably the GMAT, with a minimum score of 600 (GRE will be accepted with a mean percentile score across the three areas similar to the current acceptable percentile level of the GMAT);
- Three letters of recommendation from persons who know the candidate’s academic ability;
- Evidence of research and teaching ability.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Management Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/management.html) page.

Applicants who are Canadian citizens/Permanent Residents of Canada with transcripts from universities or colleges in countries other than Canada and the United States are strongly advised to apply at least two months prior to the standard deadlines.

Degree Requirements
The PhD program consists of up to 30 credit hours of courses plus a thesis; 12 credit hours of core requirements (specified by each area) and up to 18 credit hours of other requirements. The Finance option requires up to 27 credit hours of other course requirements, in addition to the 12 credit hours of core requirements. In addition, two zero credit project courses are mandatory for all students. Other requirement courses may be waived based on courses completed in a previous degree (Master’s level), while the core and paper requirements must be completed in the Asper PhD program.

1. Finance students are exempt from this requirement.
2. Finance students may take up to 6 methods courses (18 credit hours).
3. At least one of which must be outside the Asper School - Finance students may take up to 3 minor/cognate courses (9 credit hours).

Students who do not have a previous business degree will be required to also audit at least one (but up to three) breadth courses in different disciplines inside the Asper School (but outside their core area of study).

1. PhD students at the Asper School cannot utilise Asper MBA courses to satisfy any of the program requirements (other than breadth requirements, if needed).

**Expected Time to Graduate:** 4 - 5 years

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and

October 05, 2022
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Supply Chain Management and Logistics, M.S.C.M.

I.H. Asper School of Business
Dean (Acting): Dr. Bruno Silvestre
Associate Dean(s): Dr. S. Sivaramakrishnan, Dr. S. Gagnon, Dr. Z. Wu, Dr. L. Neville
Head: Dr. S. Gagnon
Campus Address/General Office: 501-181 Freedman Crescent
Telephone: 204-474-8448
Fax: 204-474-7544
Email Address: asperprofgrad@umanitoba.ca
Website: umanitoba.ca/asper (http://umanitoba.ca/asper/)
Academic Staff: Please refer to the Asper website (https://umanitoba.ca/faculties/management/faculty_staff/) for academic staff information.

Asper M.S.C.M Program Information

The Master of Supply Chain Management and Logistics is a professional master’s program designed to prepare students for leadership positions within the broad field of supply chain management and logistics.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Registration (p. 1345) section of this Calendar.

Asper M.S.C.M. Admission Requirements

To qualify for admission to the Master of Supply Chain Management and Logistics program, you must have a minimum of:

• A three-year bachelor degree from a post-secondary recognized educational institution (in any discipline)
• A 3.0 admission GPA (on 4.5 scale) on the last 60 credit hours of university degree/level study
• Results of the Graduate Management Admissions Test (GMAT) from within the past five years, with a minimum score of 550.
  • The GRE will be accepted with a percentile score across its components equivalent to the current acceptable percentile level of the GMAT. The percentile score on the quantitative section of the GMAT or GRE examinations must be at the 60th percentile or higher. GMAT and GRE scores must not be older than five years.
  • GMAT or GRE scores are not required for those applicants who have successfully completed a bachelor degree in any field of study from the University of Manitoba with a minimum 3.25 GPA and who have also:
    • achieved an average 3.5 GPA across the four Asper School of Business supply chain management courses counting toward the supply chain major requirements. All four courses must have been completed within the last five years from the term of admission (if courses are completed beyond five years from the term of admission, they may be counted, if the applicant can demonstrate, to the satisfaction of the Admissions Committee, that they have been working in a professional role that makes substantial use of this knowledge).
• One of the following English language proficiency test scores from within the past two years, if applicable:
  • MELAB: 80%
  • TOEFL: 86 (internet) Minimum score of 20 in each of reading, writing, listening and speaking categories.
  • CanTEST: 4.5 in listening and reading; band 4.0 in writing and oral interview
  • IELTS: 6.5 in the Academic Module with a minimum 6 on the speaking band
  • AEPUC: 65%
  • PTE: (A) 61%

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.S.C.M. program of study (https://umanitoba.ca/explore/programs-of-study/master-supply-chain-management-and-logistics-mscm/) page.

Applicants who are Canadian citizens/Permanent Residents of Canada with transcripts from universities or colleges in countries other than Canada and the United States are strongly advised to apply at least two months prior to the standard deadlines.

Degree Requirements

The Master of Supply Chain Management and Logistics program is a hands-on degree with a practical component, which gives students the skills and knowledge required to work professionally in supply chain management and logistics fields.

The following are the courses required for degree completion (NOTE - a maximum of six (6) credit hours of exemptions are possible for the following courses if the equivalent course(s) were completed with a grade of B+ or higher in the Asper B.Comm. (Hons.) program within five years of starting the Master in Supply Chain Management and Logistics program - MSCI 2150 (Introduction to Management Sciences – 3 credit hours) equivalent to MSCI 7140 (Quantitative Analysis – 3 credit hours) and SCM 3360 (Supply Chain Logistics – 3 credit hours) equivalent to SCM 7040 (Logistics Management – 3 credit hours):

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies’ ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.
Earth Sciences, M.Sc.

Earth Sciences

Head: Dr. Alfredo Camacho

Campus Address/General Office: 240 Wallace Building
Telephone: 204-474-9371
Fax: 204-474-7623
Email Address: Riddell.Graduate@umanitoba.ca

Website: umanitoba.ca/environment-earth-resources/earth-sciences
Academic Staff: Please refer to the Riddell website (https://umanitoba.ca/environment-earth-resources/faculty-staff/#department-of-geological-sciences) for Faculty information.

Earth Sciences M.Sc. Program Information

The Master of Science program requires completion of a minimum of 12 credit hours of approved courses, and a research project and thesis.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Earth Sciences M.Sc. Admission Requirements

The normal entry requirement is the equivalent of an Honours B.Sc. degree in Earth Sciences from the University of Manitoba. Students withhonours degrees in related disciplines (such as Geography, Soil Science, Biology, Chemistry, Environmental Science, Physics, Mathematics, Engineering Physics, and Earth, Civil and Electrical Engineering) may be accepted by the Graduate Admissions Committee providing their planned degree program involves studies in the Earth sciences. The majority of the required courses taken by the student should normally be from the Department of Earth Sciences. The research should also be in the Earth sciences.

Pre-Master’s Option

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Earth Sciences program of study (https://umanitoba.ca/explore/programs-of-study/earth-sciences-msc/) page.

Degree Requirements

Program Requirements

The M.Sc. program requires a thesis plus a minimum of 9 credit hours which includes:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEOL 7760</td>
<td>Seminar in Geological Sciences</td>
<td>3</td>
</tr>
<tr>
<td>Select a minimum of 6 credit hours of approved courses at the 7000 level</td>
<td>6</td>
<td></td>
</tr>
<tr>
<td>Total Hours</td>
<td></td>
<td>9</td>
</tr>
</tbody>
</table>

Depending on the student’s background and needs, the Advisory Committee may assign additional courses at the 3000 level or above.

The M.Sc. thesis proposal must normally be submitted within 8 months of the student’s commencement in the program. It must demonstrate the student’s understanding of the research area and define the research objective including demonstrating that it is a distinct contribution to the
field of study. Further information on the format of the proposal and the method of evaluation is available from the Department of Earth Sciences.

Students must submit progress reports (proposals, results and timetable of thesis work) to the Head on or before February 1 annually. The progress report is generally 1 to 2 pages in length.

An oral examination is required as part of the M.Sc. thesis examination. Further information on the format is available from the Department of Earth Sciences.

**Expected Time to Graduate:** 2 years

</tr>
</tbody>
</table>

Coursework is normally completed in Year 1, and thesis is normally completed Year 2 – 3. Adjustments may be made with the supervisor’s consultation and approval.

Students are required to complete a M.Sc. thesis proposal (normally within 8 months of start of program). The proposal must include an introduction with citation of relevant literature, the research objectives, the proposed methodology including a timetable, the anticipated significant of the research, and references. A proposed budget must be appended to the proposal.

Students are required to submit a progress report to the Head on or before February 1 annually.

Students must produce a thesis that is appropriate for the M.Sc. degree being sought and must successfully defend their thesis as determined by the assigned examining committee.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students must consult with their advisor prior to registration and present a completed Program Form to the administrative assistant. The selection of courses and changes in a student’s program must be approved by their advisor in the case of Master’s students or their advisory committee in the case of doctoral students.

Students should consult the administrative assistant regarding the schedule of graduate course offerings in the department. Please note that some courses require a field component to be run before lectures begin in the fall. Courses with insufficient enrolment may be cancelled well in advance of the first week of lectures.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

### General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

### Earth Sciences Ph.D. Program Information

The Doctor of Philosophy program requires completion of a minimum of 12 credit hours of approved courses, and a research project and thesis.
Admission Information

Earth Sciences, Ph.D.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Earth Sciences Ph.D. Admission Requirements

The normal entry requirement is the equivalent of a M.Sc. in Earth Sciences. Students with M.Sc. degrees in related fields may be accepted by the Graduate Admissions Committee providing their planned degree program involves studies in the Earth Sciences. The majority of the required courses taken by the student should normally be in the Department of Earth Sciences. The research should also be in the Earth sciences.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Earth Sciences program of study (https://umanitoba.ca/explore/programs-of-study/earth-sciences-phd/) page.

Degree Requirements

Program Requirements

The Department of Earth Sciences requires that where admission to the Ph.D. program is directly from a Master’s degree, a thesis plus the following is required for a total of a minimum of 12 credit hours:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEOL 7760</td>
<td>Seminar in Geological Sciences</td>
<td>3</td>

</table>

Coursework is normally completed in the first 2 years, and thesis is normally completed Year 4–5. Adjustments may be made with the supervisor’s consultation and approval.

Students are required to complete a Ph.D. thesis proposal (normally within 12 months of start of program). The proposal must include an introduction with citation of relevant literature, the research objectives, the proposed methodology including a timetable, the anticipated significant of the research, and references. A proposed budget must be appended to the proposal.

Students are required to submit a progress report to the Head on or before February 1 annually.

October 05, 2022
Students must produce a thesis that is appropriate for the Ph.D. degree being sought and must successfully defend their thesis as determined by the assigned examining committee.

Environment and Geography, M.Env.

Environment and Geography
Head: Dr. Mark Hanson
Campus Address/General Office: 220 Sinnott Building
Telephone: 204-474-9667
Email Address: Riddell.Graduate@umanitoba.ca
Website:umanitoba.ca/environment-earth-resources/environment-and-geography
Academic Staff: Please refer to the website for Faculty information: umanitoba.ca/environment-earth-resources/faculty-staff#department-of-environment-and-geography

Program Information
The Master of Environment is an interdisciplinary program focusing on basic and applied research that deals with the complex relationships between the environment, earth, natural resources, and society at large.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).
Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Environment & Geography M.Env. Admission Requirements
Students must have a minimum GPA of 3.25 in the last 60 credit hours of course work. Applicants with an honours degree or equivalent (including a 4-year advanced degree) in Geography, Environmental Sciences, and/or Environmental Studies or related areas will be considered. Students must be accepted by an advisor prior to submitting an application to enter the program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Environment & Geography M.Env. program of study (https://umanitoba.ca/explore/programs-of-study/master-environment-menv/) page.

Degree Requirements
Master’s students are required to complete at least 12 credit hours as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEOG 7610</td>
<td>Graduate Seminar in E&amp;G (Masters)</td>

<td></td>
</tr>
<tr>
<td>Select 3 credit hours of any other course at the 3000-level or higher</td>
<td>3</td>
<td></td>
</tr>
<tr>
<td>Total Hours</td>
<td></td>
<td>12</td>
</tr>
</tbody>
</table>

Students must attend and present their original research at a department seminar.

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students must consult with their advisor prior to registration and present a completed Program Form to the administrative assistant. The selection of courses and changes in a student’s program must be approved by their advisor in the case of Master’s students or their advisory committee in the case of doctoral students.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).
All students must complete and orally defend a thesis that makes a distinctive contribution to the fields of environment and/or geography.

**Expected Time to Graduate**: 2 years

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students must meet with their program advisor/thesis supervisor to determine their course selections. Courses must be listed on the Departmental Registration Approval Form (available from the departmental office) and written approval from the advisor and department head or designate must be obtained. Students are also responsible for obtaining any instructor or special permission which may be required for certain courses.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

### General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

### Environment and Geography, M.Sc.

Environment and Geography

**Head**: Dr. Mark Hanson

**Campus Address/General Office**: 220 Sinnott Building

**Telephone**: 204-474-9667

**Email Address**: Riddell.Graduate@umanitoba.ca

**Website**: https://umanitoba.ca/environment-earth-resources/environment-and-geography/

**Academic Staff**: Please refer to the website for Faculty information: https://umanitoba.ca/environment-earth-resources/faculty-staff/

### Environment & Geography M.Sc. Program Information

The Master of Science program is an integrative graduate program option for those interested in furthering their academic training in the areas of environmental sciences, including physical geography.

### Admission Information

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

### Environment & Geography M.Sc. Admission Requirements

Students must have a minimum GPA of 3.25 in the last 60 credit hours of course work. Applicants with an honours degree or equivalent (including a 4-year advanced degree) in Geography (physical geography specialization) or from a program in the Earth or environmental sciences will be considered. Students must be accepted by an advisor prior to submitting an application to enter the program.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc.
Environment & Geography program of study (https://umanitoba.ca/explore/programs-of-study/environment-and-geography-msc/) page.

Degree Requirements
Master's students are required to complete at least 12 credit hours as follows:

<table>
<thead>
<tr>

Students must attend and present their original research at a department seminar.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies’ GRAD courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students must meet with their program advisor/thesis supervisor to determine their course selections. Courses must be listed on the Departmental Registration Approval Form (available from the departmental office) and written approval from the advisor and department head or designate must be obtained. Students are also responsible for obtaining any instructor or special permission which may be required for certain courses.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Environment & Geography M.A. Program Information

The Master of Arts (Geography) is an integrative graduate program studying the dynamic character, spatial organization and interrelationships among the human and physical characteristics at, and near the Earth's surface.
Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Environment & Geography M.A. Admission Requirements
Students must have a minimum GPA of 3.25 in the last 60 credit hours of course work. Applicants with an honours degree or equivalent (including a 4-year advanced degree) in Geography (human geography specialization) or from an allied discipline will be considered. Students must be accepted by an advisor prior to submitting an application to enter the program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.A. Geography program of study (https://umanitoba.ca/explore/programs-of-study/ geography-ma/) page.

Degree Requirements
Master’s students are required to complete at least 12 credit hours as follows:

Environment & Geography Ph.D. Program Information
The Doctor of Philosophy includes research tracks in the fields of Geography (Human and Physical), Environmental Science, and Environmental Studies.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Environment & Geography Ph.D. Admission Requirements
A 3.5 GPA (or equivalent) in their previous 60 credit hours (or two years of studies for international transcripts) of coursework is normally required. In addition, the prospective student should have or be completing a research driven thesis-based Masters degree in Geography, Environmental Sciences, Environmental Studies and/or related areas. Students must be accepted by an advisor prior to submitting an application to enter the program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Geography program of study (https://umanitoba.ca/explore/programs-of-study/geography-phd/) page.

Degree Requirements
In addition to the minimum 12 credit hour course requirement, students are required to attend and present their original research at two department seminars.

Students are also required to pass a candidacy exam, and complete and successfully defend a dissertation. The dissertation is to be a distinctive contribution to the field and must be of publishable quality.

Expected Time to Graduate: 4 years

Natural Resources and Environmental Management, Ph.D.
Natural Resources Institute
Head: Dr. John Sinclair
Campus Address/General Office: 220 Sinnott Building
Telephone: 204-474-8373
Fax: 204-261-0038
Email Address: nriinfo@umanitoba.ca
Website: umanitoba.ca/environment-earth-resources/natural-resources-institute (https://umanitoba.ca/environment-earth-resources/natural-resources-institute/)
Academic Staff: Please refer to the NRI website (https://umanitoba.ca/environment-earth-resources/faculty-staff/) for academic staff information.

Natural Resources Management Ph.D.
Program Information
The Doctor of Philosophy program is aimed at developing independent researchers in the areas of natural resources and the environment.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Natural Resources Management Ph.D. Admission Requirements
An applicant should have a high academic standing in previous university work, a Master’s degree in a related discipline, as determined by the NRI Selection Committee, and an area of research interest that may be supported by an NRI faculty member. Students must be accepted by an advisor prior to submitting an application to enter the program. A 3.5 GPA (or equivalent) in their most recent 60 credit hours of coursework and evidence of scholarly ability are required.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Natural Resources Management program of study (https://umanitoba.ca/explore/programs-of-study/natural-resources-and-environmental-management-phd/) page.

Degree Requirements
Program Requirements
All Ph.D. students will be required to complete a minimum of 12 and a maximum of 21 credit hours of coursework at the 700/7000-level or above, beyond the Master’s degree (or its equivalent). A minimum of 6 credit hours of courses must be completed within the Natural Resources Institute and must include NRI 7310 Ph.D. Thesis Research Seminar (3).

Individual programs of study will vary from student to student depending on each student’s research interest and the recommendations of each student’s advisor and Ph.D. advisory committee. Students will be encouraged to use the pool of Natural Resources Institute required and elective courses as well as appropriate graduate courses available outside of the Natural Resources Institute in order to select the best set of courses to complement their programs.

Student academic progress will be reported annually to the Faculty of Graduate Studies. A minimum Grade Point Average of 3.0, with no grade below C+, must be maintained in order to continue in the program.

Expected Time to Graduate: 4 years

**Website:** https://umanitoba.ca/environment-earth-resources/natural-resources-institute/ (https://umanitoba.ca/environment-earth-resources/natural-resources-institute/)

---

The proposal, Candidacy Exam, first draft and oral defence meetings are required. The proposal meeting is held in year 1 followed by data collection, analysis and writing. The Candidacy exam takes place during the second year. For more information on the thesis process, please refer to the PhD student Handbook at the Natural Resources Institute.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.
**Academic Staff:** Please refer to our website for academic staff information: [https://umanitoba.ca/environment-earth-resources/faculty-staff/](https://umanitoba.ca/environment-earth-resources/faculty-staff/)

**M.N.R.M. Program Information**

The Master or Natural Resources Management program in natural resources management combines a broad commitment to sustainability with development of well-focused, practical expertise.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the M.N.R.M. program of study [https://umanitoba.ca/explore/programs-of-study/natural-resources-management-mnrm/](https://umanitoba.ca/explore/programs-of-study/natural-resources-management-mnrm/) page.

**Degree Requirements**

**Program Requirements**

Students follow an individual study plan that includes a minimum of 21 credit hours (12 credit hours of required course work plus 9 credit hours of elective courses), with the option of up to 30 credit hours, plus a thesis or practicum.

The compulsory courses for the MNRM thesis and practicum streams are:

- NRI 7222 Human Dimensions of Natural Resources and Environmental Management (3)
- NRI 7232 Ecological Dimensions of Resource and Environmental Management (3)
- NRI 7182 Sustainability, Economics, and Natural Resources (3)

In addition:

**Thesis Stream**

- NRI 7262 Master’s Thesis Research Seminar (3)

**or**

**Practicum Stream**

- NRI 7380 Project Management in Natural Resources and Environmental Management (3)

The central academic agenda of the required set of courses includes: Assessment of the theoretical foundations and practical applications of progress toward sustainable management of natural resources; understanding of ecosystems as self-organizing and responding systems; examination of conventional and alternative social arrangements, including institutions and tools of governance, as a means of improving human well-being and environmental responsibility; and exposure to theories of resource and environmental management processes and tools.

October 05, 2022
At least 6 of the 9-18 NRI course credit hours must come from this list.

Most students do not complete all courses in the first year. The thesis committee is set up and the proposal meeting takes place.

The proposal, first draft and oral defence meetings are required. The proposal meeting is held in year 1 followed by data collection, analysis and writing in year 2 leading to a first draft meeting followed by the oral defence document. For more information on the thesis process, please refer to the MNRM student Handbook at the Natural Resources Institute.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All returning and newly admitted students to the Natural Resources Institute are required to see their faculty advisor to complete their Degree Requirement form prior to attempting to register. Appointments can be made by calling the general office. Only courses that have been approved by the faculty advisor will be credited to a student's program.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+.

Agribusiness and Agricultural Economics, M.Sc.

Agribusiness & Agricultural Economics
Head: Derek G. Brewin
Grad Chair: Barry T. Coyle
Campus Address/General Office: 352 Agriculture Building
Telephone: 204-474-9384
Fax: 204-261-7251
Email Address: agribusiness@umanitoba.ca
Website: http://umanitoba.ca/faculties/afs/dept/agribusiness/

Academic Staff: Please refer to the Faculty of Agricultural and Food Sciences website at http://umanitoba.ca/faculties/afs/dept/agribusiness/staff/1046.html

Agribusiness & Agricultural Economics Program Information

The Master of Science thesis-based program consists of a combination of coursework and a research component.

A Ph.D. in Economics (Economics and Econometrics Stream) (p. 1430) with a research specialization in Agribusiness and Agricultural Economics is offered by the Department of Economics in the Economics and Econometrics Stream with the cooperation of the Department of Agribusiness and Agricultural Economics.

Pre-Master's Option

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student's background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

Admission Information

Admission to the Faculty of Graduate Studies Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Agribusiness & Agricultural Economics M.Sc. Admission Requirements

Applicants normally require a Bachelor of Science in Agribusiness or a four year Bachelor's degree (or equivalent) in Economics. The following courses or their equivalents are prerequisites to the graduate program:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 1300</td>
<td>Vector Geometry and Linear Algebra (or an equivalent course in Matrices and Linear Algebra)</td>
<td>3</td>
</tr>
</tbody>
</table>
MATH 1520  Introductory Calculus for Management and Social Sciences (or an equivalent course in Calculus)  3
ECON 2010  Microeconomic Theory 1 (or an equivalent course in microeconomics)  3
ECON 2020  Macroeconomic Theory 1 (or an equivalent course in macroeconomics)  3
ABIZ 3080  Introduction to Econometrics (or an equivalent course in econometrics)  3

The following courses are not required, but may be recommended:
ECON 3010  Microeconomic Theory 2 (or an equivalent course in microeconomics)
ECON 3020  Macroeconomic Theory 2 (or an equivalent course in macroeconomics)

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Agribusiness & Agricultural Economics program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/agbus.html) page.

Degree Requirements
The M.Sc. program has three streams:
1. Agricultural Economics
2. Agribusiness
3. Environmental and Resource Economics

All students will be automatically entered into the Agricultural Economics stream and will require approval to move into the Agribusiness or Environmental and Resource Economics streams. Within each stream there is a thesis and a comprehensive option.

Thesis Route
Students must complete a minimum of 18 credit hours of coursework. Of these 18 credit hours, a minimum of 9 credit hours must be at the 7000 level. Other coursework will normally be at the 7000 level as well. The following courses are not required, but may be recommended:
ECON 3010  Microeconomic Theory 2 (or an equivalent course in microeconomics)
ECON 3020  Macroeconomic Theory 2 (or an equivalent course in macroeconomics)

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

New and returning students must meet with their program advisor to determine courses prior to registration. Courses must be listed on the departmental approval form available from the Graduate Studies Assistant, and written approval granted from both the advisor and the department head or designate. Students may only register for courses listed and approved at that time. Any course revisions (additions and/or withdrawals) must be approved in the same manner. The signed form must be submitted to the Graduate Studies Assistant, who will then complete the registration process.

Not all courses are offered each year.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Animal Science, M.Sc.

Academic Staff: Please refer to the Faculty at umanitoba.ca/afs/animal_science (http://www.umanitoba.ca/afs/animal_science/)

Animal Science M.Sc. Program Information

The Master of Science thesis-based program consists of a combination of coursework and a research component with focus in behaviour, genetics, nutrition or physiology of farm animals.

October 05, 2022
Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Animal Science M.Sc. Admission Requirements
Applicants normally require a Bachelor of Science in Agriculture degree with a major in Animal Science. Students with other degrees (B.Sc. Honours or General) may be accepted and in these instances students, depending on their academic background, may be required to complete a pre-Master's program or to register for courses additional to those normally required in the Master's program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Animal Science program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/animalsci.html) page.

Degree Requirements

Thesis Route
Students must complete a minimum of 9 credit hours of coursework plus ANSC 7140 (12 credit hours in total). Of these 12 credit hours, a minimum of 6 credit hours must be at the 7000 level in the major subject. A minimum of 3 credit hours must be taken in an ancillary subject. Students must submit an acceptable thesis and pass a thesis oral examination.

Comprehensive Examination Route
Students must complete a minimum of 30 credit hours of coursework plus ANSC 7140 (33 credit hours in total). Of these 33 credit hours, 12-18 credit hours must be in the major subject at the 7000 level, and 6-12 credit hours must be in an ancillary subject. The remaining required credit hours are to be made up of electives determined in consultation with the Advisory Committee. A comprehensive examination is required.

Expected Time to Graduate: 2 years

**Biosystems Engineering, M.Eng.**

Biosystems Engineering

**Head:** D. (Danny) Mann

**Campus Address/General Office:** E2-376 EITC (Engineering Building)

**Telephone:** 204-474-6033

**Fax:** 204-474-7512

**Email Address:** headbio@umanitoba.ca

**Website:** umanitoba.ca/engineering/biosystems (https://umanitoba.ca/engineering/biosystems/)
**Academic Staff:** Please refer to the Biosystems Engineering website (https://umanitoba.ca/engineering/faculty-staff/biosystems-engineering/) for Faculty information.

### Biosystems Engineering Program Information

The Department of Biosystems Engineering offers graduate programs leading to Master of Science, Master of Engineering, and Doctor of Philosophy degrees. The graduate programs in the department focus on applications of engineering in biological systems. Strong emphasis is placed on assisting graduate students to gain a broad range of skills and experience in conducting interdisciplinary research, in understanding the interrelationships among physical and biological factors, and in written and oral communication.

### Admission Information

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**Biosystems Engineering M.Eng. Admission Requirements**

For admission into the M.Eng. program applicants must have a minimum of a Bachelor’s degree in engineering. In exceptional cases, based on the candidate’s professional experience, this requirement may be waived on the recommendation of the Department Head.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Biosystems Engineering M.Eng. program of study (https://umanitoba.ca/explore/programs-of-study/biosystems-engineering-meng/) page.

### Degree Requirements

The M.Eng is a course-based degree. A minimum of 30 credit hours of coursework is required. The following conditions must be met:

- A minimum of 18 credit hours must be taken at the 7000 level. GRAD 7050 may be used as a substitute for 6 credit hours of 7000 level coursework. The remaining credit hours must be taken at the 3000 level or above.
- A minimum of 18 credit hours must be taken from any of the Engineering departments including a minimum of 15 credit hours from the Department of Biosystems Engineering.

All courses must be approved by the student's advisor.

**Expected time to graduate:** 12-18 months

### Progression Chart

All students must complete a minimum of 12 credit hours of coursework approved by the faculty advisor.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Courses are subject to cancellation if there is insufficient enrolment. Courses with insufficient enrolment may be cancelled the first week of classes. Not all courses will be offered each year — contact the department for courses that will not be offered. All returning and newly admitted students must see an academic advisor or the department head prior to attempting to register.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

The graduate programs in the department focus on applications of engineering in biological systems. Strong emphasis is placed on assisting graduate students to gain a broad range of skills and experience in conducting interdisciplinary research, in understanding the interrelationships among physical and biological factors, and in written and oral communication.

Application Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Biosystems Engineering M.Sc. Admission Requirements

For admission into the M.Sc. program, applicants are normally required to hold a Bachelor’s degree in Biosystems Engineering or equivalent from a recognized university. Applicants with degrees in related areas may be recommended for admission by the Department Head.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Biosystems Engineering M.Sc. program of study (https://umanitoba.ca/explore/programs-of-study/biosystems-engineering-msc/) page.

Degree Requirements

The M.Sc. is a research degree consisting of coursework and a thesis based on original research conducted by the student. In addition to the minimum course requirements of the Faculty of Graduate Studies found in the Graduate Studies Regulations Section (p. 1324) of this Calendar, a minimum of 12 credit hours of coursework is required, including at least 6 credit hours of courses at the 7000 level (which must include BIOE 7290) from the Department of Biosystems Engineering. The remaining 6 credit hours must be at the 3000 level or above from any department.

Master of Science students are required to spend at least one academic session in full-time resident graduate study. On recommendation of the department head, the residence requirement may be waived in special cases.

Expected time to graduate: 18-24 months

Progression Chart

All students must complete a minimum of 12 credit hours of coursework approved by the faculty advisor.

Students are expected to demonstrate independence and professionalism during their graduate studies. Students are expected to be present on campus for scheduled classes, regular meetings with the advisor, and research work (unless the research work is being done at a site off-campus). It is understood that progress on research may be limited when the student is taking classes, however, substantial progress is expected during periods when classes are not being taken. Research progress includes tasks such as reviewing scientific literature, collecting experimental data, analyzing experimental data, and paper/thesis writing. The advisory committee will judge whether the academic performance has been satisfactory based on the plans outlined in previous “Progress Reports.”

Thesis Proposal

A thesis proposal (approximately 20 pages) is to be prepared by the M.Sc. student in consultation with the advisor/co-advisor, usually within 12 months of registration. The thesis proposal should include a statement of the thesis topic, a review of the relevant literature, the hypotheses to be tested, the proposed research methodology, and anticipated significance of the research. The thesis proposal should be circulated to the advisory committee prior to being presented orally to the student’s advisory committee in a closed session. Unanimous approval by the advisory committee is required. If unanimous approval is not received, the thesis proposal can be revised and resubmitted.

Master’s Thesis

A thesis must be submitted based on original research conducted by the student. The oral examination for the MSc degree, including distribution of the written thesis, will be organized by the student’s advisor/co-advisor. Students are expected to present an overview of the work in 20-30 minutes and subsequently answer questions posed by the members of the examining committee.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have
questions about which GRAD course(s) to register in, please consult your
home department/unit.
Courses are subject to cancellation if there is insufficient enrolment.
Courses with insufficient enrolment may be cancelled the first week
of classes. Not all courses will be offered each year — contact the
department for courses that will not be offered. All returning and newly
admitted students must see an academic advisor or the department head
prior to attempting to register.

Regulations
Students must meet the requirements as outlined in both Supplementary
Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond
those of the Faculty of Graduate Studies, and students should consult
unit supplementary regulations (https://umanitoba.ca/graduate-studies/
supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core
academic requirements a graduate student must acquire in order to gain,
and demonstrate acquisition of, essential knowledge and skills.
All students must successfully complete:
• GRAD 7300 prior to applying to any ethics boards which are
  appropriate to the student’s research or within the student’s first year,
  whichever comes first; and
• GRAD 7500 within the first term of registration;
unless these courses have been completed previously, as per Mandatory
Academic Integrity Course (p. 1341) and Mandatory Research Integrity
Online Course (p. 1341).
Students must also meet additional BFAR that may be specified for their
program.

General Regulations
All students must:
• maintain a minimum degree grade point average of 3.0 with no grade
  below C+,
• meet the minimum and not exceed the maximum course
  requirements, and
• meet the minimum and not exceed the maximum time requirements
  (in terms of time in program and lapse or expiration of credit of
courses).

Biosystems Engineering, Ph.D.
Biosystems Engineering
Head: D. (Danny) Mann
Campus Address/General Office: E2-376 EITC (Engineering Building)
Telephone: 204-474-6033
Fax: 204-474-7512
Email Address: headbio@umanitoba.ca
Website: umanitoba.ca/engineering/biosystems (https://umanitoba.ca/
engineering/biosystems/)

Academic Staff: Please refer to the Biosystems Engineering website
(https://umanitoba.ca/engineering/faculty-staff/biosystems-
engineering/) for Faculty information.

Biosystems Engineering Program
Information
The Department of Biosystems Engineering offers graduate programs
leading to Master of Science, Master of Engineering, and Doctor of
Philosophy degrees. The graduate programs in the department focus on
applications of engineering in biological systems. Strong emphasis is
placed on assisting graduate students to gain a broad range of skills and
experience in conducting interdisciplinary research, in understanding the
interrelationships among physical and biological factors, and in written
and oral communication.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide
(p. 1334).

Biosystems Engineering Ph.D. Admission Requirements
For admission into the Ph.D. program, applicants are normally required
to hold a M.Sc. degree in Biosystems Engineering or equivalent from a
recognized university. Applicants with degrees in related areas may be
recommended for admission by the Department Head.

Students making exceptional progress while enrolled in the M.Sc.
program may request to transfer to the Ph.D. program upon the consent
of the department head and based on a recommendation from the
student’s advisory committee and the Biosystems Engineering Graduate
Studies Committee which investigates the student’s qualifications
and suitability for Ph.D. study. In such cases, the program credit hour
requirements shall be recommended at the time of transfer by the
student’s advisory committee.

Application Information
Students should complete and submit their online application with
supporting documentation by the date indicated on the
Biosystems Engineering Ph.D. program of study (https://umanitoba.ca/explore/
programs-of-study/biosystems-engineering-phd/) page.

Degree Requirements
Students are normally required to complete 12 credit hours of
coursework, including a seminar course (BIOE 7270), and a thesis.
The remaining 9 credit hours at the 7000 level can be taken from any
Department.

The Department of Biosystems Engineering offers a Graduate
Specialization in Engineering Education (GSEE) at the Doctoral level.
The GSEE will require 12 credit hours of coursework at the 7000 level and a
thesis on an Engineering Education topic. The coursework requirements
include:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOE 7270</td>
<td>Advanced Seminar in Biosystems Engineering</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 7840</td>
<td>Qualitative Research Methods in Education</td>
<td>3</td>
</tr>
</tbody>
</table>
The thesis proposal should not be viewed as an oral examination that must be
research objectives and/or proposed methodology. The thesis proposal
questions of clarification or offer suggestions for modification of the
presentation on the thesis proposal. The advisory committee may ask
of the proposed research. The PhD student will give a 20-25 minute
relevant literature, proposed methodology, and impact/significance
including sections on objectives & sub-objectives, brief review of
experimental data, analyzing experimental data, and paper/thesis writing.
Ph.D. students are expected to display increasing independence as they
progress includes tasks such as reviewing scientific literature, collecting
limited when the student is taking classes, however, substantial progress
at a site off-campus). It is understood that progress on research may be
expected during periods when classes are not being taken. Research
progress includes tasks such as reviewing scientific literature, collecting
experimental data, analyzing experimental data, and paper/thesis writing.
Ph.D. students are expected to display increasing independence as they
proceed through the doctoral program. The advisory committee will judge
whether the academic performance has been satisfactory based on the plans outlined in the previous “Progress Report” form.

**Thesis Proposal**
The thesis proposal will normally be reviewed and approved by the
advisory committee within the first 12 months of the PhD program. It will consist of a maximum 10-page (double spaced) proposal
including sections on objectives & sub-objectives, brief review of
relevant literature, proposed methodology, and impact/significance of the proposed research. The PhD student will give a 20-25 minute
presentation on the thesis proposal. The advisory committee may ask
questions of clarification or offer suggestions for modification of the
research objectives and/or proposed methodology. The thesis proposal
presentation should not be viewed as an oral examination that must be
passed. The purpose is to set the direction of the students’ research with
input from the advisory committee.

**Doctoral Candidacy Examination**
The candidacy examination consists of two parts (i.e., a written portion
and an oral portion) that together comprise the candidacy examination.

**Doctoral Thesis**
The thesis must constitute a distinct contribution to knowledge in the
major field of study, and the research must be of sufficient merit to be,
in the judgement of the examiners, acceptable for publication. The final
examination for the PhD degree, which is organized by the Faculty of
Graduate Studies, includes two distinct stages: i) examination of the
candidate’s written thesis by members of the examining committee
followed by ii) an oral examination in which the student presents an
overview of the work in 20-30 minutes and is expected to answer
questions on the subject of the thesis.

**Registration Information**
Students should familiarize themselves with the Faculty of Graduate
Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have
questions about which GRAD course(s) to register in, please consult your
home department/unit.

Courses are subject to cancellation if there is insufficient enrolment.
Courses with insufficient enrolment may be cancelled the first week of classes. Not all courses will be offered each year — contact the
department for courses that will not be offered. All returning and newly
admitted students must see an academic advisor or the department head
prior to attempting to register.

**Regulations**
Students must meet the requirements as outlined in both Supplementary
Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**
Individual units may require specific requirements above and beyond
those of the Faculty of Graduate Studies, and students should consult
unit supplementary regulations (https://umanitoba.ca/graduate-studies/
supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core
academic requirements a graduate student must acquire in order to gain,
and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are
  appropriate to the student’s research or within the student’s first year,
  whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory
Academic Integrity Course (p. 1341) and Mandatory Research Integrity
Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.
General Regulations
All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Entomology, M.Sc.

Entomology

Entomology Program Information
The Department of Entomology is the only such in Canada, offering programs of study leading to Master of Science and Doctor of Philosophy degrees.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Entomology M.Sc. Admission Requirements
Applicants normally require a four-year Bachelor's degree in Agriculture or Science with a suitable selection of courses in insect biology. Academically strong students without this preparation may be admitted to the M.Sc. program but may be expected to take additional courses to ensure that they have a strong foundation of entomological knowledge.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Entomology program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/entomology.html) page.

Degree Requirements
Thesis Route
Students must complete a minimum of 6 credit hours of coursework at the 7000 level or above. As part of their academic program, students are required to take ENTM 7150 which is held in the Winter term in each academic year. Students must submit an acceptable thesis and pass a thesis oral examination.

The Department of Entomology offers the M.Sc. degree only through the thesis route.

Expected Time to Graduate: 2 - 3 years

Entomology Program Information

The Department of Entomology is the only such in Canada, offering programs of study leading to Master of Science and Doctor of Philosophy degrees.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Entomology Ph.D. Admission Requirements

A candidate must normally complete a M.Sc. degree before entering the Ph.D. program, however, students enrolled in a M.Sc. program who demonstrate exceptional ability may, in the early stages of their program, request transfer to a Ph.D. program. Applicants to the Ph.D. program are required to submit a short proposal of a research project they consider suitable as a Ph.D. research thesis project. The Department Head and potential Advisor may recommend that an applicant take a Qualifying Examination.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Entomology program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/entomology.html) page.

Degree Requirements

Directly from M.Sc.

Students must complete a minimum of 6 credit hours of coursework at the 7000 level or above. As part of their academic program, students are required to take ENTM 7220 or hold credit in ENTM 7150. Students must pass a Candidacy Exam, submit an acceptable thesis and pass a thesis oral examination.

Expected Time to Graduate: 3 - 5 years

Food Science Program Information

The Department offers programs in both food science and human nutritional sciences leading to the Master of Science and the Doctor of Philosophy degrees.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Food Science M.Sc. Admission Requirements

Entrance into the program requires a four-year undergraduate degree in Human Nutritional Sciences, Food Science, or equivalent. Decisions on equivalent degrees or courses needed to bring the student's background to the equivalent of a Human Nutritional Sciences or Food Science degree will be made by the Food and Human Nutritional Sciences Graduate Studies Committee (FHNSGSC). Each student must have an advisor identified before acceptance into the program.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Food Science program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/food_science.html) page.

Degree Requirements

There are two types of Food Science Master's programs in the Department of Food and Human Nutritional Sciences:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Thesis

Thesis projects may be of a basic research type or of an applied or practical nature relating to the chemistry, physics and/or microbiology of food raw materials, processes and/or products.

As part of the 12 credit hours required in the program, all students are required to take HNSC 7200 (3 CH) or FOOD 7130 (3 CH), plus 3 credit hours in HNSC or FOOD courses at the 7000 level. The remaining 6 credit hours can be from within or outside the department and must include at least 3 credit hours at the 7000 level or above. Reading/Special Topics courses at the Master's level must not exceed 3 credit hours.

Non-thesis

Not currently accepting students into this option

Additional coursework plus practical work terms and a comprehensive examination are substituted for a research project and written thesis.

The non-thesis program requires a minimum of 30 credit hours of coursework. Of this total, a minimum of 15 credit hours must be at the 7000 level in Food Science with the remaining courses to be approved by the student's advisory committee.

Expected Time to Graduate: 2 years

1 A written thesis proposal followed by an oral presentation by the student must be assessed and approved by the Advisory Committee within 9 months of commencing the program. Students will be apprised of guidelines and evaluation procedures by the Advisor. The thesis proposal shall include the title, an introduction, literature review, hypothesis, objectives, methodology, references and Gantt chart. Students shall submit their draft thesis proposal to the advisor for feedback prior to circulation to the Advisory Committee. The student then presents orally for 20 minutes and defends the thesis proposal to the members constituting the Advisory Committee.

2 Students in the thesis route must pass an Oral Examination. The examining committee will grant approval based on the written document and the ability of the student to defend the work completed. Agreement with no more than one dissenting vote on the written thesis and oral defense is required for final approval.

October 05, 2022
Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, students must consult with their advisor and then present a completed registration approval form to the department head. Any changes after the initial registration must also be approved by both advisor and department head.

Courses are subject to cancellation if there is insufficient enrolment. Courses with insufficient enrolment will be cancelled the first week of classes.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Students must meet the requirements as outlined in both Supplementary Regulations and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations ([https://umanitoba.ca/graduate-studies/supplementary-regulations/](https://umanitoba.ca/graduate-studies/supplementary-regulations/)) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

1. A written thesis proposal followed by an oral presentation by the student must be assessed and approved by the Advisory Committee within 12 months of commencing the program.
2. The candidacy exam will consist of 2 parts:
   1. A written work consisting of a complete research grant proposal.
   2. An oral defense of the written work.
3. The final examination for the Ph.D. degree proceeds in two (2) stages:
   1. Examination of the candidate's thesis by the examining committee;
   2. Oral examination of the candidate by all examiners on the subject of the thesis and any matters relating thereto.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies’ ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, students must consult with their advisor and then present a completed registration approval form to the department head. Any changes after the initial registration must also be approved by both advisor and department head.

Courses are subject to cancellation if there is insufficient enrolment. Courses with insufficient enrolment will be cancelled the first week of classes.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Admission Information

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the [Academic Guide](https://umanitoba.ca/agricultural-food-sciences/department-food-and-human-nutritional-sciences/) (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

### Human Nutritional Sciences M.Sc. Admission Requirements

Entrance into the program requires a four-year undergraduate degree in Human Nutritional Sciences, Food Science, or equivalent. Decisions on equivalent degrees or courses needed to bring the student’s background to the equivalent of a Human Nutritional Sciences or Food Science degree will be made by the Food and Human Nutritional Sciences Graduate Studies Committee (FHNSGSC). Each student must have an advisor identified before acceptance into the program.

Students with a three-year undergraduate degree enter at the Pre-Master’s level, in which at least 18 credit hours of coursework are required. Pre-Master’s students are not eligible for graduate student stipends and do not carry out a research project.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Human
Nutritional Sciences program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/hns.html) page.

**Pre-Master’s Option**

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

**Degree Requirements**

As part of the 12 credit hours required in the program, all students are required to take HNSC 7200 (3 CH) or FOOD 7130 (3 CH), plus 3 credit hours in HNSC or FOOD courses at the 7000 level. The remaining 6 credit hours can be from within or outside the department and must include at least 3 credit hours at the 7000 level or above. Reading/Special Topics courses at the Master’s level must not exceed 3 credit hours.

**Expected Time to Graduate:** 2 years

1. Students are required to attend and participate in all regular seminar classes (HNSC 7200) for the duration of their program. In these seminars students also will have duties as chair, discussant and evaluator, as assigned by the seminar coordinator.

2. A written thesis proposal followed by an oral presentation by the student must be assessed and approved by the Advisory Committee within 9 months of commencing the program. Students will be apprised of guidelines and evaluation procedures by the Advisor. The thesis proposal shall include the title, an introduction, literature review, hypothesis, objectives, methodology, references and Gantt chart. Students shall submit their draft thesis proposal to the advisor for feedback prior to circulation to the Advisory Committee. The student then presents orally for 20 minutes and defends the thesis proposal to the members constituting the Advisory Committee.

3. Students must pass an Oral Examination. The examining committee will grant approval based on the written document and the ability of the student to defend the work completed. Agreement with no more than one dissenting vote on the written thesis and oral defense is required for final approval.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All returning or newly admitted graduate and occasional students must see a faculty advisor or the department head, and submit their course plan, prior to registering.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Human Nutritional Sciences, Ph.D.**

Food and Human Nutritional Sciences

Head: Dr. Cristina Rosell

Grad Chair: Dr. Harold Aukema

Campus Address/General Office: 209 Human Ecology Building

Human Nutritional Sciences Program Information

The Department offers programs in both food science and human nutritional sciences leading to the Master of Science and the Doctor of Philosophy degrees.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Human Nutritional Sciences Ph.D. Admission Requirements

In addition to the admission requirements of the Faculty of Graduate Studies, the student must hold a research-thesis-based Master of Science degree or equivalent in the general areas of food or human nutritional sciences from a recognized university. The student must have attained a minimum University of Manitoba equivalent GPA of 3.5 in Master’s coursework. Students with a Master of Science in a different scientific discipline will be considered for admission by the Food and Human Nutritional Sciences Graduate Committee (FHNSGSC) on a case-by-case basis.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Nutritional Sciences program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/hns.html) page.

Degree Requirements

The coursework requirement will consist of a minimum of 6 credit hours at the 7000 level. Of these 6 credit hours, 3 will consist of the seminar course (FOOD 7130, 3 CH or HNSC 7200, 3 CH). Further coursework may be required at the advisory committee’s discretion.

Expected Time to Graduate: 4 years

2. A written thesis proposal followed by an oral presentation by the student must be assessed and approved by the Advisory Committee within 12 months of commencing the program.

3. The candidacy exam will consist of 2 parts:
   1. A written work consisting of a complete research grant proposal.
   2. An oral defense of the written work.

4. The final examination of the Ph.D. degree proceeds in two (2) stages:
   1. Examination of the candidate’s thesis by the examining committee;
   2. Oral examination of the candidate by all examiners on the subject of the thesis and any matters relating thereto.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, students must consult with their advisor and then present a completed registration approval form to the department head. Any changes after the initial registration must also be approved by both advisor and department head.

Courses are subject to cancellation if there is insufficient enrolment. Courses with insufficient enrolment will be cancelled the first week of classes.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

1 Credit hours as determined by advisory committee and student.

2 Minimum credit hours required: 12.

An essential feature of Ph.D. study is the candidate’s demonstration of competence to complete a research project and present the findings. The thesis must constitute a distinct contribution to knowledge in the major field of study, and the research must be of sufficient merit to be, in the judgement of the examiners, acceptable for publication.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.
All students in the graduate program must meet with their advisor/advisory committee to determine courses. Courses must be listed on the departmental approval form (available from the Plant Science General Office) and written approval granted from both the advisor and the department head or designate. Registration revisions are to be dealt with and approved in like manner. Not all courses are offered each year.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Soil Science, M.Sc.

Soil Science
Head: Dr. Francis Zvomuya
Campus Address/General Office: 362 Ellis Building
Telephone: 204-474-8666
Fax: 204-474-7642
Email Address: soilsici.gradstudies@umanitoba.ca
Website: http://umanitoba.ca/afs-soil-science (http://umanitoba.ca/afs-soil-science/)
Academic Staff: Please refer to the Soil Science staff listing (https://umanitoba.ca/agricultural-food-sciences/department-soil-science/soil-science-faculty-and-staff/).

Soil Science Program Information
The Department of Soil Science offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Soil Science M.Sc. Admission Requirements
Admission requirements are those of the Faculty of Graduate Studies. The adequacy of the background of an applicant will be evaluated by the Soil Science Graduate Studies Committee and the Department Head. Normally, a student should have a strong background in soil science and/or a strong background in the basic sciences related to the student’s proposed area of study.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Sc. Soil Science program of study (https://umanitoba.ca/faculties/graduate-studies/admissions/programs/soil_science.html) page.

Degree Requirements
Research and Thesis
The thesis route will include a thesis and a minimum of 12 credit hours of coursework. The minimum of 12 credit hours will consist of:

- SOIL 7220, plus 9 additional credit hours, of which 3 credit hours must be from the Department of Soil Science at the 7000 level.

To meet graduation requirements, all students must have demonstrated, either in their current program or in previous studies:

1. Nine credit hours in fundamental and applied soil sciences at the senior undergraduate level or graduate level;
2. Experimental design and statistical analysis - 3 credit hours at the senior undergraduate or graduate level;
3. Communication skills – in addition to completing SOIL 7220, students normally will present papers at a scientific meeting.

Expected Time to Graduate: 2 to 2.5 years

### Soil Science Program Information

The Department of Soil Science offers graduate programs leading to the Master of Science and the Doctor of Philosophy degrees.

### Admission Information

**Admission to the Faculty of Graduate Studies**  
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

### Soil Science Ph.D. Admission Requirements

Admission requirements are those of the Faculty of Graduate Studies.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Soil Science program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/soil_science.html) page.

### Degree Requirements

Each student's program is individually tailored, but still must satisfy those requirements prescribed by the Department. Where admission to the Ph.D. is from a M.Sc. degree, the course work will be a minimum of 6 credit hours at the 7000 level or higher of which at least 3 credit hours must be from the Department of Soil Science.

Where admission to the Ph.D. is directly from an Honours Bachelor Degree or equivalent, the coursework will be a minimum of 18 credit hours consisting of a minimum of 12 credit hours at the 7000 level (of which at least 6 credit hours must be from the Department of Soil Science) with the balance of the coursework at the 3000 level or above.

To meet graduation requirements, all students must have demonstrated either in their current program or in previous studies:

<table>
<thead>
<tr>
<th>Year</th>
<th>Course</th>
<th>Hours</th>

</thead>
<tbody>
<tr>
<td>1</td>
<td>GRAD 7000</td>
<td>3</td>
</tr>
<tr>
<td>2</td>
<td>GRAD 7000</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Hours:** 3

1. Credit hours as determined by advisory committee and student.  
2. Minimum total credit hours required: 12.

Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies' "GRAD" courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students in the graduate program must meet with their advisor/advisory committee to determine courses. Courses must be listed on the departmental approval form and written approval granted from both the advisor and the department head or designate. Registration revisions are to be dealt with and approved in like manner.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

### General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).
1. Twelve credit hours in fundamental and applied soil sciences at the senior undergraduate or graduate level; and
2. Experimental design and statistical analysis - 3 credit hours at the senior undergraduate or graduate level; and
3. Communication skills – students will have completed SOIL 7220 or a similar course approved by the Department Head. In addition, students will normally present papers at scientific meetings.

**Expected Time to Graduate:** 3.5 - 4 years

</tbody>
</table>

1. Credit hours as determined by advisory committee and student. **Minimum credit hours required:** 6.
2. An essential feature of Ph.D. study is the candidate's demonstration of competence to complete a research project and present the findings. The thesis must constitute a distinct contribution to knowledge in the major field of study, and the research must be of sufficient merit to be, in the judgement of the examiners, acceptable for publication.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students in the graduate program must meet with their advisor/advisory committee to determine courses. Courses must be listed on the departmental approval form and written approval granted from both the advisor and the department head or designate. Registration revisions are to be dealt with and approved in like manner.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Architecture Program Information

The Master of Architecture thesis-based program consists of a combination of coursework and a design component.

Admission Information

Admission to the Faculty of Graduate Studies Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

M.Arch. Admission Requirements

There are different ways to become eligible to apply for the Master of Architecture Program:

DIRECT ENTRY
All applicants must meet the general admission and entrance requirements of the Faculty of Graduate Studies. The entry level into the program will be determined by the Department of Architecture Admission Committee's evaluation of the individual's application and supporting documents. Direct admissions to the M.Arch Program requires that applicants have a minimum of an honours four-year undergraduate degree in one of the following: Architecture, Architectural Design, Architectural Science, Environmental Design/Architecture option, or the equivalent, from a recognized college or university, with minimum GPA of 3.0 or equivalent B in the last two full years (60 credit hours) of study.

For those applying with a University of Manitoba Bachelor of Environmental Design degree a minimum of “C+” in courses EVAR 4002, EVAR 4004, EVAR 4008, EVAR 4010 with a minimum GPA of 3.0 in the last two full years (60 credit hours) of study is required.

Please refer to the following web page for more information: http://umanitoba.ca/faculties/graduate_studies/admissions/programs/architecture.html (http://umanitoba.ca/faculties/architecture/programs/architecture/admissions_package.html)

ARCHITECTURE MASTER'S PREPARATION (AMP 1 & AMP 2) UNDERGRADUATE PROGRAM
For applicants who have a recognized three or four year undergraduate degree in either a non-design discipline (such as Fine Art, Engineering, Science, Philosophy, Theatre, Psychology, Music, Film, English, History, Art History, Urban Studies, Geography, Commerce, etc) or a design-related discipline (such as Interior Design, Landscape Architecture, Industrial Design, etc.) and wish to eventually apply to the Master of Architecture Program.

General Eligibility: All applicants must meet the general admission and entrance requirements set by Environmental Design:Architecture. The entry level into the program will be determined by the Department of Architecture Admissions Committee’s evaluation of the individual’s application and supporting documents.

Note: Upon successful completion of the AMP Program students wishing to continue into the M.Arch Program must officially apply for graduate admission. Evaluation is based on the student’s progress in the AMP Program, as evidenced in a portfolio submission, GPA and a Faculty of Graduate Studies application.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.Arch. program of study (https://umanitoba.ca/explore/programs-of-study/architecture-march/) page.

Degree Requirements

Degree Requirements: 48 credit hours

Faculty of Architecture's Cooperative Education/Integrated Work program (Co-op/I) Graduate Option

Students may apply to the Faculty of Architecture's Cooperative Education/Integrated Work program (Co-op/I) graduate option. Students must complete a minimum of two and maximum of three 4-month work
terms to have the Co-op/I option acknowledged on their graduation parchment. For each work term, students must enroll in the appropriate course: ARCG 7150 and, subsequently, ARCG 7250 and/or ARCG 7350. Each course requires submission of a written report and portfolio covering the work completed for the professional assignment. Work term courses are valued at zero credit hours and evaluated as pass/fail. These are above and beyond graduate course requirements. Additional fees will apply.

**Accreditation**

In Canada, all provincial/territorial associations/institutes/orders recommend a degree from an accredited professional degree program as a prerequisite for licensure. The Canadian Architectural Certification Board (CACB), which is the sole agency authorized to accredit Canadian professional degree programs in architecture, recognizes two types of accredited degrees: the Master of Architecture (M.Arch) and the Bachelor of Architecture (B. Arch). A program may be granted a six-year, three-year, or two-year term of accreditation, depending on its degree of conformance with established educational standards.

Master’s degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree, which, when earned sequentially, comprise an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

*In 2018 the Master of Architecture program was formally granted a full accreditation term of six years effective July 1, 2018. The term will end on June 30, 2024. The next CACB Maintenance Accreditation Visit is scheduled to take place in spring 2024.*

**Expected Time to Graduate:** 2 years.

City Planning, M.C.P.

City Planning

Head: Richard Milgrom

Campus Address/General Office: 201 Russell Building

Telephone: 204-474-6578

Fax: 204-474-7532

Email Address: gradarch@umanitoba.ca

Website: umanitoba.ca/architecture/department-city-planning/

Academic Staff: Please refer to City Planning website (https://umanitoba.ca/architecture/department-city-planning/) for Faculty information.

City Planning Program Information

The Master of City Planning is a two-year combined academic and professional program.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

M.C.P. Admission Requirements

Applicants must meet the entrance requirements of the Faculty of Graduate Studies. Please note that City Planning requires English Language Proficiency test scores above the FGS minimum requirement.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.C.P. program of study (https://umanitoba.ca/explore/programs-of-study/city-planning-mcp/) page.

Degree Requirements

The City Planning graduate program offers two streams to complete the degree – one concludes with a Capstone Project, the other a Thesis/Practicum. The program also coordinates a mentorship program with the Manitoba Professional Planners Institute.

Five core courses are required of all students in the program, along with two courses from a roster of option courses. Students in the Capstone Stream are required to complete two electives; those in the Thesis/Practicum may take electives to support their particular research interests.

Degree requirements: 51 credit hours (Capstone optional); 39 credit hours (Thesis/Practicum Option)

Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) Graduate Option

Students may apply to the Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) graduate option. Students must complete a minimum of two and maximum of three 4-month work terms to have the Co-op/I option acknowledged on their graduation parchment. For each work term, students must enroll in the appropriate course: ARCG 7150 and, subsequently, ARCG 7250 and/or ARCG 7350.

Each course requires submission of a written report and portfolio covering the work completed for the professional assignment. Work term courses are valued at zero credit hours and evaluated as pass/fail. These are above and beyond graduate course requirements. Additional fees will apply.

Expected Time to Graduate: 2 years

### Design and Planning, Ph.D.

**Design and Planning**  
**Head:** Dr. Lisa Landrum  
**Grad Chair:** Dr. Lisa Landrum  
**Campus Address/General Office:** 201 Russell Building, Faculty of Architecture  
**Telephone:** 204-474-8769  
**Fax:** 204-474-7532  
**Website:** [umanitoba.ca/faculties/architecture/programs/Phd/](https://umanitoba.ca/faculties/architecture/programs/Phd/)  
**Academic Staff:** Please refer to the Design and Planning website ([https://umanitoba.ca/faculties/architecture/programs/Phd/PhD_Advisors.html](https://umanitoba.ca/faculties/architecture/programs/Phd/PhD_Advisors.html)) for a current listing of PhD advisors.

### Design and Planning Program Information

The Faculty of Architecture offers a trans-disciplinary graduate program of study leading to a Doctor of Philosophy degree.

### Admission Information

**Admission to the Faculty of Graduate Studies**  
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

**Design and Planning Ph.D. Admission Requirements**  
Applicants to the Ph.D. in Design and Planning Program must possess the following:

- a Master’s degree in a discipline represented by the programs in the Faculty of Architecture (Architecture, City Planning, Environmental Design, Interior Design or Landscape Architecture) or a related field from a recognized institution;
- a cumulative GPA of 3.5 or equivalent in the last two years of full-time university study (60 credit hours);
- evidence of appropriate research capability (a Master’s thesis or practicum and/or peer-reviewed publications or presentations);
- a record of appropriate experience in professional practice, post-secondary teaching and/or other pertinent accomplishments and activities.

Admission is contingent on the availability and willingness of a qualified faculty member to supervise the applicant’s research and program of studies. Potential applicants must secure consent from an advisor in advance of making a formal application by following the Preliminary Application Process described on the program website.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Design and Planning Ph.D. program of study ([https://umanitoba.ca/faculties/graduate_studies/admissions/programs/design_planning.html](https://umanitoba.ca/faculties/graduate_studies/admissions/programs/design_planning.html)) page.

### Degree Requirements

Students must complete a minimum of 12 credit hours at the 7000 level or higher. One 3-credit hour course must address theory and one 3-
Credit hour course must address methods appropriate to the student's area of study. At least 6 of the 12 credit hours of courses must be taken within the Faculty of Architecture. Students must additionally complete a Candidacy Examination and Thesis Proposal, submit an acceptable Thesis and pass a Thesis Oral Examination.

**Expected Time to Graduate: 4-6 years**

**Progression Chart**

All students must maintain a minimum grade point average of 3.5 (B+) with no grade below 3.0 (B).

1. Appropriate coursework will be determined by the student and advisor approved by the Ph.D. Program Head. Courses must be at the 7000 level or higher. One 3-credit hour course must address theory and one 3-credit hour course must address methods appropriate to the student's area of study. At least 6 of the 12 credit hours must be taken within the Faculty of Architecture.

2. The Candidacy Examination consists of a formal written review paper(s) and/or research project(s) prepared by the student in response to questions or topics posed by the advisory committee, and an oral presentation by the student followed by questions by the advisory committee. Students must pass both the written and oral components. Students must demonstrate the following: ability to articulate a focused research area; knowledge of significant literature and/or precedents in the area of concentration; understanding and demonstration of suitable research methods.

3. Upon successful completion of the Candidacy Examination, the student may proceed to write and publically defend a Thesis Proposal. This written proposal will normally consist of 50-100 pages. Upon a successful defense, the Thesis Proposal Form is submitted to the Faculty of Graduate Studies.

4. Depending on the topic and methodology, the research and preparation of the Thesis may take 1-3 years. The Thesis must constitute a distinct contribution to knowledge in the major field of study and be of sufficient merit to be, in the judgment of the examiners, acceptable for publication.

5. The final version of the thesis must be submitted by the candidate to the Faculty of Graduate Studies following the Thesis Guidelines. All processes for Thesis submission, distribution, identifying external examiners, and the Oral Defense follow Faculty of Graduate Studies regulations.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Interior Design, M.I.D.**

Interior Design
Head: Kelley Beaverford
Campus Address/General Office: 201 Russell Building
Telephone: 204-474-6578
Fax: 204-474-7532
Email Address: gradarch@umanitoba.ca
**Interior Design Program Information**

The department of Interior Design at the University of Manitoba has a long-established reputation for excellence and leads Canada in the development of the first Master of Interior Design program.

The Department offers two streams within the Master of Interior Design:

- The first-professional program is directed towards those interested in pursuing a career in Interior Design practice. The program emphasizes the creation of human-centred and context-based design solutions that respond to the needs of contemporary life. The course of studies consists of the design studio and support courses that develop the methods, processes, technical and theoretical foundations of interior design. There are opportunities for international and cross-cultural study through exchange programs and intersession studios. The program requires a minimum of two full years of study to complete.

- The post-professional program is directed to those who already hold a first-professional qualification in Interior Design. The program has a research orientation and is intended to further the knowledge base in specific areas of the discipline. The program requires a minimum of one and one half years of full-time study to complete. For additional information on delivery options and length of study requirements contact the department of Interior Design.

The first-professional program is accredited by the Council for Interior Design Accreditation. Graduates normally proceed to certification from the National Council of Interior Design Qualification (N.C.I.D.Q.) and membership in a professional interior design association. Master of Interior Design graduates are qualified to work nationally and internationally at the forefront of their profession, with a skill-set that includes strategic thinking, entrepreneurship, a research orientation and an ethical and environmentally responsible frame of reference.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**M.I.D. Admission Requirements**

**FIRST-PROFESSIONAL MASTERS PROGRAM**

Applicants with an undergraduate degree in Interior Design are eligible for direct admission. Applicants with degrees in other fields of study are assessed on a case-by-case basis and may be eligible for admission to a pre-master program of study.

**POST-PROFESSIONAL MASTERS PROGRAM**

A first-professional degree in Interior Design is required for admission.

---

**Pre-Master’s Option**

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student's background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the M.I.D. program of study (https://umanitoba.ca/explore/programs-of-study/interior-design-mid/) page.

Please note that Interior Design requires English Language Proficiency Test scores above the FGS minimum requirement.

**Degree Requirements**

**First Professional Stream - 21 Credit Hours**

**Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) Graduate Option**

Students may apply to the Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) graduate option. Students must complete a minimum of two and maximum of three 4-month work terms to have the Co-op/I option acknowledged on their graduation parchment. For each work term, students must enroll in the appropriate course: ARCG 7150 and, subsequently, ARCG 7250 and/or ARCG 7350. Each course requires submission of a written report and portfolio covering the work completed for the professional assignment. Work term courses are valued at zero credit hours and evaluated as pass/fail. These are above and beyond graduate course requirements. Additional fees will apply.

**Expected Time to Graduate**: Post-Professional Stream 1.5 years; Professional Stream, 2 years

**First-Professional Master of Interior Design**

All students must successfully complete:

and demonstrate acquisition of, essential knowledge and skills.

Bona Fide Academic Requirements (BFAR) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Landscape Architecture, M.L.Arch.

Landscape Architecture
Head: Anna Thurmayr
Grad Chair: Anna Thurmayr
Campus Address/Generic Office: 201 Russell Building
Telephone: 204-474-6578
Fax: 204-474-7532
Email Address: gradarch@umanitoba.ca
Website: umanitoba.ca/architecture/department-landscape-architecture
Academic Staff: Please refer to the Landscape Architecture website (https://umanitoba.ca/architecture/department-landscape-architecture/) for Faculty information.

Landscape Architecture Program Information

The program leading to the Master of Landscape Architecture degree at the University of Manitoba was the first graduate program in Canada.

The M.L.Arch. program is accredited by the Canadian Society of Landscape Architects (CSLA) which has reciprocal recognition from the Landscape Architecture Accreditation Board (LAAB) in the United States. Successful completion of a program accredited by the CSLA/LAAB qualifies graduates to sit the Landscape Architecture Registration Exam (LARE), the North America-wide qualification for professional registration. In Manitoba, having an accredited degree plus two years in practice and passing required sections of the LARE is required for professional registration with the Manitoba Association of Landscape Architects (MALA).

Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Admission Information (p. 1341). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, all new students must contact the Graduate Student Advisor, between mid-August and commencement of classes, who will determine whether a meeting with the Department Head is required. Timetable changes may occur throughout the summer.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies’ ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

**M.L.Arch. Admission Requirements**

Students admitted to the program must have one of three different types of degree with a minimum Grade Point Average (or equivalent) of 3.0 from a university recognized by the Faculty of Graduate Studies:

- a 4-year degree in Landscape Architecture from a university recognized by the Faculty of Graduate Studies or a 4-year degree in Environmental Design from the University of Manitoba;
- a 4-year degree in another design discipline from a university recognized by the Faculty of Graduate Studies;
- a 4-year degree in another discipline from a university recognized by the Faculty of Graduate Studies

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the M.L.Arch. program of study (https://umanitoba.ca/explore/programs-of-study/landscape-architecture-mla/) page.

**Degree Requirements**

Study is directed towards the analysis, planning, design, management and stewardship of natural and built environments at scales varying from whole regions to small individual sites. The program emphasizes to integrate and apply knowledge of ecology, socio-cultural factors, economics and aesthetics to create environments that are functional, innovative, sustainable, appropriate and attractive.

Degree Requirements: 42-111 credit hours

**Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) Graduate Option**

Students may apply to the Faculty of Architecture’s Cooperative Education/Integrated Work program (Co-op/I) graduate option. Students must complete a minimum of two and maximum of three 4-month work terms to have the Co-op/I option acknowledged on their graduation parchment. For each work term, students must enroll in the appropriate course: ARCG 7150 and, subsequently, ARCG 7250 and/or ARCG 7350. Each course requires submission of a written report and portfolio covering the work completed for the professional assignment. Work term courses are valued at zero credit hours and evaluated as pass/fail. These are above and beyond graduate course requirements. Additional fees will apply.

**Expected Time to Graduate:** 2-4 years

**Progression Chart**

MLA 1 (non-design) students must take Year 1, 2, and 3 courses (111 credit hours)

MLA 2 (design – non B.E.D (L+U)) students must take Year 2, and 3 courses (75 credit hours)

MLA 3 (B.E.D. (L+U)) students must take Year 3 courses (42 credit hours)

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All new students should meet with the Department Head and must meet with the Graduate Student Advisor before registering. Returning students with registration issues should make an appointment with the Graduate Student Advisor prior to the first week in September. Courses may be cancelled if there is insufficient enrolment.

- Review Winter Term studio selection after review of Fall - LARC 7110.
- Register after completing LARC 7040.
- Register after completing LARC 7400.
Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Academic Staff: Please refer to the Fine Art website (https://umanitoba.ca/art/faculty-and-staff-directory/) for Faculty information.

Fine Art Program Information

The School of Art offers a Master of Fine Art in studio practice.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

M.F.A. Admission Requirements

Persons with a minimum of a four-year degree in fine arts or a four-year degree in another discipline and evidence of artistic experience, with a minimum G.P.A. of 3.0 (B) in the last 60 credit hours of study, may apply for admission to the M.F.A. program. Admission decisions are based on the qualifications of the applicant as well as the ability of the School of Art and the University of Manitoba to serve the applicant’s intended program of study and area of specialization.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.F.A. program of study (https://umanitoba.ca/explore/programs-of-study/fine-art-mfa/) page.

Degree Requirements

The program is designed to be completed in two years of full-time study and students are expected to continue their research through the spring and summer. Part-time students are not accepted into the program.

Notes:

- MFA Thesis/Studio Exhibition: A written thesis statement and thesis exhibition that shows that the student has developed an original contribution to knowledge in visual art is required. Thesis students must pass an oral examination on the subject of the written statement and exhibition. The exhibition is the primary component of the thesis. This course is graded pass/fail.
- Non-Academic Aspects of the MFA program: MFA students are expected to display a commitment to their studies beyond completion of coursework. Students are expected to enrich their studies by attending exhibitions, lectures by guests at the School of Art or within the broader art community. They are also expected to...
attend and actively participate in open critiques, their own and those of their fellow students, as well as other program activities.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and

Anthropology Program Information

The department offers programs leading to the Master of Arts and the Doctor of Philosophy degrees.

---

Anthropology, Ph.D.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Anthropology M.A. Admission Requirements

In addition to the minimum admission requirements of the Faculty of Graduate Studies found in the Graduate Studies Regulations Section (p. 1324) of this calendar, an advanced (four year) degree in Anthropology is the normal preparation for the M.A. program. Applicants without a background in Anthropology may be recommended for the Pre-Master’s Program consisting of up to 18 hours of courses from the undergraduate, and especially the advanced, curriculum.
Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Anthropology M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/anthro.html) page.

Degree Requirements

Students must complete a minimum number of 12 credit hours of coursework at the 7000 level, including at least 9 credit hours of Anthropology courses. In addition a mandatory pass/fail ANTH 7000 Professional Development in Anthropology Course must be taken. Students must submit an acceptable thesis and pass a thesis oral examination.

Expected Time to Graduate: 2 years

1 The M.A. thesis proposal must be approved by the advisor and committee.

Certain programs of study within anthropology may require courses outside the Department of Anthropology.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students in the graduate program must meet with their advisor to determine their course load. Courses must be listed on the departmental approval form (available from the Anthropology general office) and written approval granted from both the Advisor and the department head or designate. Registration revisions are to be dealt with and approved in like manner.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Students should complete and submit their online application with supporting documentation by the date indicated on the Anthropology Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/anthro.html) page.

**Degree Requirements**

Students must complete 9 credit hours of coursework at the 7000 level, including at least 6 credit hours of Anthropology courses. In addition a mandatory pass/fail ANTH 7000 Professional Development in Anthropology Course must be taken. Students must defend a thesis proposal, submit an acceptable thesis, and pass a thesis oral examination. 

**Second language requirement**: Ph.D. students are required to pursue training in a language other than English if it is deemed of necessity or benefit to the student’s program of study. Determination of language training is made during the first year of the student’s program. Language training must be completed prior to the conduct of research activities (post-thesis proposal research activities).

**Expected time to graduation**: 4 years

Certain programs of study within anthropology may require courses outside the Department of Anthropology.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students in the graduate program must meet with their advisor to determine their course load. Courses must be listed on the departmental approval form (available from the Anthropology general office) and written approval granted from both the Advisor and the department head or designate. Registration revisions are to be dealt with and approved in like manner.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Classics, M.A.**

Classics

Head: James Chlup

Grad Chair: James Chlup

Academic Staff: http://umanitoba.ca/classics/staff/
Classics Program Information

The department offers a program of study leading to the Master of Arts degree.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Classics M.A. Admission Requirements

Demonstrated proficiency in ancient Greek and Latin and an honours B.A. or its equivalent in Greek, Latin or Classics is a prerequisite for admission to the M.A. Program.

Applicants are normally expected to have completed at least 18 credit hours in ancient Greek and Latin, with no fewer than 6 credit hours in each language. Applicants are also expected to have achieved a cumulative grade-point average of 3.5 in the Greek and Latin courses that they have completed. Applicants without these qualifications but with alternative, relevant expertise in the areas of ancient history or archaeology should contact the graduate chair and/or potential advisors before submitting a formal application. Knowledge of French and/or German is not required but is desirable.

Applicants are assessed on the basis of their transcripts (especially the consistent quality of coursework in Classics and related fields), fit of interests with potential advisors, and a statement of research interests. This statement should be submitted with the formal application and should indicate the applicant’s areas of interest for the M.A. research thesis.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Classics M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/650.html) page.

Degree Requirements

Students are required to complete 3 credit hours in GRK or LATN courses at the 7000 level, 3 credits of CLAS Archaeology or Ancient History courses at the 7000 level, and 6 additional credit hours at the 7000 level in the area of specialization. In consultation with the advisor, students may elect up to 12 additional credit hours at the 3000, 4000 or 7000 level. The student must complete the thesis/practicum at the University of Manitoba.

Language Reading Requirements: Latin and Greek

Expected Time to Graduate: 2 years

</table>

1 In consultation with the advisor, students may elect up to 12 additional credit hours at the 3000, 4000 or 7000 level.

Students develop their thesis proposal in consultation with their advisory committee, normally before the end of the first twelve months in the program.

Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.

The M.A. thesis proposal must include a description of the proposed work, a bibliography including both ancient sources and a selection of the modern scholarship, and a schedule of completion. The proposal should normally be completed within 10 months following the start of the program and must be approved by the student’s advisor.
Beyond the minimum requirements for the thesis route, students in the Major Research Paper route must take an additional 12 credit hours at the 3000, 4000 or 7000 level, for a total of at least 24 credit hours. At least 18 credit hours of these 24 total hours must be taken at the 7000 level. Courses are selected in consultation with the student’s advisor and the Graduate Chair.

Students develop their thesis proposal in consultation with their advisory committee, normally before the end of the first twelve months in the program.

Students will be required to complete a Major Research Paper (MRP). Normally the MRP will be completed in the summer semester after the first two semesters of coursework, prior to commencing the second year of coursework.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Economics Program Information**

The Department of Economics is pleased to offer a Master of Arts and a Doctor of Philosophy program. We also offer Agricultural Economics at the Ph.D. level in conjunction with the Department of Agribusiness and Agricultural Economics as part of the Economics & Econometrics Stream (E&E) Ph.D. program.

The Department has two streams in the graduate program: Economics and Econometrics (E&E), which places greater emphasis on theory (micro and macro), mathematics and statistical methods, and Economics and Society (E&S), which places greater emphasis on how the distribution of wealth and power affects the socioeconomic and physical environment. The graduate program in the E&E stream requires students to take more core courses in theory, mathematics and statistics, while the E&S stream is more individually tailored to the student’s research. Applicants to the graduate program in Economics apply to one stream, and are not considered for admission to the other stream. Therefore, applicants are advised to carefully check admission and program requirements to decide which stream provides the best fit.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**Economics M.A. Admission Requirements**

For consideration for admission to the M.A. program, students proceeding from the University of Manitoba’s Pre-M.A. program must have obtained a minimum GPA of 3.5 in at least 24 credit hours of coursework in economics.

Normally, successful applicants for admission to the M.A. program will have completed an Honours degree in economics equivalent to that awarded by the University of Manitoba.

**Stream-Specific Admission Requirements**

**ECONOMICS & ECONOMETRICS STREAM ADMISSION REQUIREMENTS**

Applicants should meet the following:

1. A minimum degree GPA of 3.1 from an undergraduate degree that includes fifty-four (54) credit hours of completed economics courses
(or, if the applicant has a double Honours degree, 42 credit hours), which shall include:

Coursework in Mathematical Economics equivalent to the University of Manitoba course ECON 3030, and coursework in Econometrics courses equivalent to ECON 3040 and ECON 4040;

2. A grade of B+ or better is normally required in each upper level undergraduate economic theory course completed; and

3. Six (6) credit hours of mathematics equivalent to the University of Manitoba courses such as: MATH 1500 and MATH 1310.

ECONOMICS & SOCIETY STREAM ADMISSION REQUIREMENTS
Applicants should meet the following:

1. A minimum degree GPA of 3.1 from a four-year undergraduate program; and

2. Completed a minimum of 42 total credit hours in Economics courses.

Pre-Master’s Option
This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Economics M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/economics.html) page.

Degree Requirements
All thesis programs require a minimum of 15 credits hours of coursework in Economics, plus a thesis. All course and research paper programs require a minimum of 27 credit hours of coursework in Economics, plus a research paper.

Expected Time to Graduate: 1 year
Expected Time to Graduate M.A. Thesis Stream: 2 years

1. Up to 6 credit hours of elective course work may be at the 4000 level, provided there is not overlap with 7000 level courses.
Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registering, all students must meet with a member of the Economics Department Graduate Studies Committee to determine their course load. The course load resulting from this meeting must be listed on the Departmental Course Approval Form, and the form must be signed by a Graduate Studies committee member. The signed form must be submitted to the Graduate Program Assistant, who will then complete the registration process.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/ supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and

Academic Program Information

The Department of Economics is pleased to offer a Master of Arts and a Doctor of Philosophy program. We also offer Agricultural Economics at the Ph.D. level in conjunction with the Department of Agribusiness and Agricultural Economics as part of the Economics & Econometrics Stream (E&E) Ph.D. program.

The Department has two streams in the graduate program: Economics and Econometrics (E&E), which places greater emphasis on theory (micro and macro), mathematics and statistical methods, and Economics and Society (E&S), which places greater emphasis on how the distribution of wealth and power affects the socioeconomic and physical environment. The graduate program in the E&E stream requires students to take more core courses in theory, mathematics and statistics, while the E&S stream is more individually tailored to the student’s research. Applicants to the graduate program in Economics apply to one stream, and are not considered for admission to the other stream. Therefore, applicants are advised to carefully check admission and program requirements to decide which stream provides the best fit.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Economics Ph.D. Admission Requirements

Normally, the completion of a Master’s degree or equivalent from a recognized university and a cumulative GPA of 3.0 or equivalent in the last two previous years of full time university study (60 credit hours) is the minimum requirement for admission to the Ph.D. program. And:

1. Except as provided in 2) below, applicants for admission to the Ph.D. program must have completed the entrance requirements and the program requirements of an M.A. degree in Economics or in Agricultural Economics equivalent to that awarded by the University of Manitoba. A thesis-based Master’s is not required.
2. In exceptional cases, applications to either stream may be considered from students who have completed an Honours degree in Economics equivalent to that awarded by the University of Manitoba. In such cases:

A student may substitute 3 credit hours of 7000-level coursework from a department other than Economics.
cases, the applicant will be required to fulfill, in addition to the requirements below, all coursework requirements for the non-thesis M.A. degree.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Economics Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/economics.html) page.

**Degree Requirements**

**Common Program Requirements**

PhD students must complete a minimum of 27 credit hours of 7000 level coursework beyond their MA program by the end of their second year in the program including ECON 7010, ECON 7650, and ECON 7722.

**Additional Stream-Specific Program Requirements**

**Economics & Econometrics Stream**

Students must complete ECON 7010, ECON 7650, ECON 7660, ECON 7722, and ECON 7732, as part of their core requirement in the first year. Students must also complete a minimum of 12 credit hours of elective Economics courses at the 7000 level by the end of their second year in the program, with at least one elective course taken in their first year of the program.

**Research Paper**

Students must complete a research paper by May 15th of their second year in the program.

**Candidacy Examinations**

Students must make their first attempt at the theory candidacy examinations in microeconomic theory and macroeconomic theory at the first opportunity following completion of the theory course requirements. Candidacy exams are written in May and late August / early September.

**Thesis Proposal**

A thesis proposal must be defended and approved by Dec. 15th of the student’s third year in the program.

**Economics & Society Stream**

In addition to the common core course requirements, students must also take:

<table>
<thead>
<tr>

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

English, M.A.

English, Theatre, Film & Media

Head: Brenda Austin-Smith
Grad Chair: Lucas Tromly
Campus Address/General Office: 623 Fletcher Argue Building
Telephone: 204-474-7365
Fax: 204-474-7669
Email Address: english@umanitoba.ca
Website: umanitoba.ca/faculties/arts/departments/English_theatre_film_media/(https://umanitoba.ca/faculties/arts/departments/English_theatre_film_media/)
Academic Staff: Please refer to the English, Theatre, Film & Media website (https://umanitoba.ca/faculties/arts/departments/English_theatre_film_media/faculty/) for Faculty information.

English Program Information

The department offers programs leading to the Master of Arts and the Doctor of Philosophy degrees.
Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

English M.A. Admission Requirements
Admission requirements are those of the Faculty of Graduate Studies. Students with a bachelor's degree in English, film, or theatre, but who lack an Honours degree, may apply to enter the Pre-Master's program, which is designed to allow such students to attain the equivalent of an Honours B.A. in English. Contact the Department for further information.

Pre-Master's Option
This unit offers a Pre-Master's program of study (p. 1342). The Pre-Master's program of study is intended to bring a student's background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master's program. Completing the Pre-Master's program does not guarantee acceptance to the Master's program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the English M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/english.html) page.

Degree Requirements
Requirements for the M.A. degree in English can be met in one of two ways; either a thesis (critical or creative) and 18 credit hours of coursework, of which 12 credit hours will normally be graduate English seminars; or 24 credit hours of coursework, normally composed entirely of graduate seminars.

Second Language Reading Requirement: Students are required to have some knowledge of a language other than English. For an MA degree, a grade of C+ or better in 6 credit hours of introductory-level language course(s) satisfies the requirement. See English, Theatre, Film & Media Supplemental Regulations (http://umanitoba.ca/faculties/graduate_studies/admin/supplemental_regulations.html) for further details.

Expected Time to Graduate: 2 years

1 Within two months of the successful completion of coursework, and preferably by the end of the second term in the program, the student, in consultation with the Graduate Chair, will name an Advisor who will supervise the student's development of a thesis proposal for submission to the Graduate Chair as soon as possible thereafter. See the English, Theatre, Film & Media Supplementary Regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/)(section 4.8.1)

2 See the English, Theatre, Film & Media Supplementary Regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/)(Section 4.8.1)

3 Although the length of the thesis cannot be arbitrarily fixed, the student should aim for between 20,000 and 25,000 words.

1 See the English, Theatre, Film & Media Supplementary Regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/)(section 4.4.4)

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.
All students (new and returning) must have their courses approved by the graduate chair prior to registering. Any courses added/dropped/changed must be at all times approved by the graduate chair. Only those courses that have been approved will be credited to your program. Courses are subject to cancellation if there is insufficient enrolment.

Students are reminded that they must satisfy the language requirement prior to scheduling their thesis defence.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations ([https://umanitoba.ca/graduate-studies/supplementary-regulations/](https://umanitoba.ca/graduate-studies/supplementary-regulations/)) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Academic Staff:** Please refer to the English, Theatre, Film & Media website ([https://umanitoba.ca/faculties/arts/departments/English_theatre_film_media/faculty/](https://umanitoba.ca/faculties/arts/departments/English_theatre_film_media/faculty/)) for Faculty information.

**English Program Information**

The department offers programs leading to the Master of Arts and the Doctor of Philosophy degrees.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

**English Ph.D. Admission Requirements**

Applicants must normally hold an M.A. degree in English with a GPA of at least 3.5 in their work at the M.A. level.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the English Ph.D. program of study ([https://umanitoba.ca/faculties/graduate_studies/admissions/programs/english.html](https://umanitoba.ca/faculties/graduate_studies/admissions/programs/english.html)) page.

**Degree Requirements**

The first year of full-time Ph.D. study will normally include 18 credit hours, at least 12 credit hours of which should be graduate seminars in English literature. This program of studies will be arranged in consultation with the student’s advisory committee at a meeting that will take place no later than one week before the start of classes.

Candidacy examinations, consisting of a paper on the student’s period of specialization and a paper on the research area, will normally be written in the second year of Ph.D. study. Each paper will be followed by a one-hour oral examination.

**Second Language Reading Requirement:** Graduate students are required to have some knowledge of a language other than English. For PhD degree, a grade of C+ or better in, normally, 6 undergraduate credit hours of (2000 level or equivalent) courses satisfies the requirement.

**Expected Time to Graduate:** 4 years

**German Studies, M.A.**

German and Slavic Studies

**Head:** Stephan Jaeger

**Campus Address/General Office:** 326 Fletcher Argue Building

**Telephone:** 204-474-9151

**Fax:** 204-474-7601

**Email Address:** german_slavic@umanitoba.ca

**Website:** umanitoba.ca/arts/departments/german_and_slavic

**Academic Staff:** Please refer to the German and Slavic Studies website (https://umanitoba.ca/faculties/arts/departments/german_and_slavic/staff/) for Faculty information.

**German and Slavic Studies Program Information**

The department offers programs of study leading to the Master of Arts degree in the fields of German Studies (Culture, Literature, Second Language Acquisition) and Slavic Studies (Russian and/or Ukrainian Culture, Literature). Programs must be arranged in consultation with the Graduate Chair of the department.
Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Admission Requirements
Admission requirements are those of the Faculty of Graduate Studies. Students with other degrees or backgrounds may be eligible for admission to a Pre-Master’s program to the satisfaction of the department.

Pre-Master’s Option
This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

The Pre-Master’s year will normally consist of 24 credit hours of coursework, of which at least 12 are in the major discipline. At most, one grade of C+ in a course of six credit hours, or two grades of C+ in courses of three credit hours, will be permitted.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the German M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/german_slavic.html) page.

Degree Requirements
Students fulfill the requirements for the Master’s degree by doing a combination of coursework and thesis. A minimum of 15 credit hours of coursework is required, including GRMN 7200 / SLAV 7200, GRMN 7210 / SLAV 7210, and 3 other credit hours at the 7000 level in the student’s major discipline. The remaining 6 credit hours, designated as ancillary credit, may be taken at the 7000, 4000, 3000 (or in exceptional circumstances the 2000) level and may be in courses in the student’s major discipline, or in another program or department, at the discretion of the Chair of Graduate Studies Committee.

Students for the M.A. in German who received credit for the course GRMN 4210 have already fulfilled the requirement for GRMN 7200; they replace GRMN 7200 with 3 other credit hours on the 7000 level. Students for the M.A. in German who received credit for the course GRMN 4210 have already fulfilled the requirement for GRMN 7210; they replace GRMN 7210 with 3 other credit hours on the 7000 level.

Expected Time to Graduate: 2 years

1. The remaining 6 credit hours, designated as ancillary credit, may be taken at the 7000, 4000, 3000 (or in exceptional circumstances the 2000) level and may be in courses in the student’s major discipline, or in another program or department, at the discretion of the Chair of Graduate Studies Committee.

2. Thesis proposal for submission at the end of the first year of study and, at minimum, two months before the thesis is submitted to the Thesis Examining Committee.

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration in German or Slavic Studies, students must consult with the graduate chair or the department head.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.
General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements,
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

History, M.A.

History
Head: Roisin Cossar
Grad Chair: Chris Frank
Campus Address/General Office: 403 Fletcher Argue Building
Telephone: 204-474-8401
Email Address: history@umanitoba.ca
Website: umanitoba.ca/faculties/arts/departments/history (http://www.umanitoba.ca/faculties/arts/departments/history/)
Academic Staff: Please refer to the History website (https://umanitoba.ca/faculties/arts/departments/history/members/) for current staff listing.

History Program Information
The department offers programs leading to both the Master of Arts and the Doctor of Philosophy degrees. The M.A. program (referred to as the Joint Master's Program or JMP) is a joint degree program offered by the History departments of the University of Manitoba and the University of Winnipeg. Students have the educational and financial resources of both institutions available to them.

Joint Master's Program
The University of Manitoba and The University of Winnipeg together offer the Joint Master's program, with courses and thesis direction (if applicable) offered at both institutions. Students of a JMP are admitted by the Faculty of Graduate Studies at the University of Manitoba.

Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

History M.A. Admission Requirements
Admission requirements are those of the Faculty of Graduate Studies.

Pre-Master's Option
This unit offers a Pre-Master's program of study (p. 1342). The Pre-Master's program of study is intended to bring a student's background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master's program. Completing the Pre-Master's program does not guarantee acceptance to the Master's program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the History M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/history.html) page.

Degree Requirements
Students may choose among four versions of the program: first, a course-based M.A.; second, a Major Research Paper M.A.; third, a thesis-based M.A.; and fourth, an M.A. in Archival Studies.

The course-based M.A. requires 21 credit hours of coursework, including HIST 7110 plus 15 credit hours of which at least 12 credit hours must be at the 7000-level in History courses. 3 credit hours may be taken at the 4000 level if course is outside of History. In addition, the student is required to select a major field, and must pass both a written and oral comprehensive examination in that field.

The Major Research Paper M.A. requires 21 credit hours of coursework, including HIST 7110 plus 15 credit hour of which at least 12 credit hours must be at the 7000-level in History courses. 3 credit hours may be taken at the 4000 level if course is outside of History. In addition, the student is required to write a Major Research Paper of approximately 8,000-10,000 words.

The thesis-based M.A. requires 12 credit hours of coursework at the 7000-level including HIST 7110, courses are selected from two areas of historical study and the presentation of a thesis.

The Archival Studies M.A. requires 21 credit hours of courses including HIST 7372, HIST 7382 & HIST 7110, a 3 credit hour elective course at the 7000-level normally outside of History, an Internship (HIST 7394) and a Major Research Paper of approximately 8,000-10,000 words.

Second Language Reading Requirement: All graduate students in History are required to demonstrate a reading knowledge of a second language. Candidates who specialize in Canadian History must display a reading knowledge of French and English. Texts for translations are chosen by the History department. Examinations are conducted by faculty in the language departments at the University of Manitoba.

Expected Time to Graduate: 4 years

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All new and returning students are required to see the chair or department head prior to attempting to register.

Students may only register for courses listed and approved on the Departmental Graduate Student Registration Form, available at the time of your meeting with the graduate chair. Any course registration revisions (addition and/or withdrawals) must be approved in the same manner. Your program, including the registration of the right courses, is your responsibility.

Joint Master’s and Ph.D. students may take 4000- and 7000- level courses offered by the Department of History at the University of Winnipeg. Consult the History Department, University of Manitoba for information on course offerings and registration.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).
Students must also meet additional BFAR that may be specified for their program.

**General Regulations**
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Indigenous Studies Ph.D. Admission Requirements**

For students to be admitted directly into the Ph.D. program, they are required to have a Master's degree in Indigenous Studies or a Master's degree in a related discipline as determined by the Indigenous Studies Graduate Committee.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Indigenous Studies M.A. program of study page.
Degree Requirements

All doctoral students will be required to complete 12 credit hours of course work at the 7000 level.

Course | Title | Hours
--- | --- | ---
ING 7230 | Methodology and Research Issues in Indigenous Studies | 3

Select 9 credit hours at the 7000 level | 9
Select 6 credit hours in an Indigenous language if this requirement has not already been satisfied | 0-6
GRAD 7300 | Research Integrity Tutorial | 0
GRAD 7500 | Academic Integrity Tutorial | 0

Total Hours 12-18

A minimum of 50% of the required 12 credit hours must be completed within the Indigenous Studies department. In addition, students must fulfill a residence requirement of at least one academic year devoted to full-time study at the University of Manitoba.

Upon completion of coursework, students must also complete a Candidacy Exam, and develop and deliver a thesis project of approximately five-six chapters and 150-250 pages in length (although some circumstances may vary).

Second Language Reading Requirement: 6 credit hours P/F in any Indigenous language

Expected Time to Graduate: 4 years

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students must meet with the Graduate Program Chair to determine their course load. • GRAD 7500 within the first term of registration; unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Linguistics, M.A.

Linguistics
Head: Nicole Rosen
Grad Chair: Terry Janzen
Campus Address/General Office: 534 Fletcher Argue Building
Telephone: 204-474-9596
Email Address: lingdpt@umanitoba.ca
Website: manitoba.ca/linguistics/ for current staff listing.

Linguistics Program Information

The Department of Linguistics offers individualized and flexible graduate programs leading to both the Master of Arts and the Doctor of Philosophy degrees.

Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Linguistics M.A. Admission Requirements

The M.A. program in Linguistics is strongly research-oriented; admission decisions are, therefore, based only in part on the applicant’s academic record; the department’s resources and interests also play an important role. A four-year B.A. in linguistics is the normal preparation for the M.A. program. Students without such preparation may be required to complete the Pre-Master’s year first.

Pre-Master’s Option

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/
unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master's program. Completing the Pre-Master's program does not guarantee acceptance to the Master's program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Linguistics M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/linguistics.html) page.

Degree Requirements
The Master of Arts program in Linguistics requires 18 credit hours of coursework at the graduate level, including Field Methods (LING 7650), Phonology (LING 7550), and Syntax (LING 7630). The remaining courses (9 credit hours) may be taken in either linguistics or related disciplines, subject to approval by the department's graduate committee. In certain cases the graduate committee may require the student to take additional courses. Students are encouraged to complete their coursework by the end of the first year of the program. M.A. candidates must demonstrate proficiency in a second language. In addition to coursework and the language reading requirement, students must complete and successfully defend a thesis.

Second Language Reading Requirement: Yes
Expected Time to Graduate: 2 years

Notes:
- Students must demonstrate proficiency in a second language.
- Students must propose, write, and defend an original thesis.

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Students must meet with their program advisor/thesis supervisor to determine course load. These courses must be approved by the department's Graduate Committee. All course additions and withdrawals (registration revisions) must be approved in the same manner.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:
- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:
- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Linguistics, Ph.D.

Linguistics
Head: Nicole Rosen
Grad Chair: Terry Janzen
Campus Address/General Office: 534 Fletcher Argue Building
Telephone: 204-474-9596
Email Address: lingdpt@umanitoba.ca
Website: umanitoba.ca/linguistics/ (https://umanitoba.ca/linguistics/)

Academic Staff: Please refer to the Linguistics website (http://umanitoba.ca/faculties/arts/departments/linguistics/people/) for current staff listing.

Linguistics Program Information
The Department of Linguistics offers individualized and flexible graduate programs leading to both the Master of Arts and the Doctor of Philosophy degrees.
Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Linguistics Ph.D. Admission Requirements

The Ph.D. program in linguistics is strongly research-oriented; admission decisions are, therefore, based only in part on the applicant's academic record; the department's resources and interests also play an important role. Students with a Master's degree in linguistics from the University of Manitoba or with an equivalent degree from elsewhere may be admitted into the Ph.D. program. Students who have a Master's degree but lack the specific course background for admission to the Ph.D. program may be admitted into the M.A. program. After completion of the M.A. course requirements with an average of B+ such students may apply to transfer directly to the Ph.D. program without completing the M.A.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Linguistics Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/linguistics.html) page.

Degree Requirements

Ph.D. students will normally complete 18 credit hours coursework at the graduate level. Courses are to be chosen in consultation with the advisor and students are encouraged to complete them by the end of the first year of the program.

Candidacy Exams

Candidacy Exams are normally written in the second year of the Program. These exams consist of two original research papers of publishable quality in distinct areas of linguistics. Students must pass an oral exam based on each of the two papers.

Ph.D. candidates must demonstrate proficiency in a second language. This will at the same time satisfy the language reading requirement of the Faculty of Graduate Studies. Students who have satisfied this requirement at the M.A. level will be deemed to have met this requirement at the Ph.D. level.

Students must complete and successfully defend a dissertation. In preparation for this step, a written dissertation proposal must be presented and defended orally, normally in the third year.

Second Language Reading Requirement: Yes

Expected Time to Graduate: 4 years

- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Philosophy, M.A.**

Philosophy

Head: Rhonda Martens

Campus Address/General Office: 450 University College

Telephone: 204-474-6878

Email Address: philosophy@umanitoba.ca

Website: manitoba.ca/faculties/arts/departments/philosophy/ (https://umanitoba.ca/faculties/arts/departments/philosophy/)

Academic Staff: Please refer to the Philosophy website (http://umanitoba.ca/faculties/arts/departments/philosophy/facstaff/facultylist.html) for staff information.

**Philosophy Program Information**

The University of Manitoba offers a Master of Arts degree in philosophy.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**Philosophy M.A. Admission Requirements**

Admission requirements are those of the Faculty of Graduate Studies.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Philosophy M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/philosophy.html) page.

**Degree Requirements**

Students have three options:

- 15 credit hours in Philosophy, and a major thesis; or
- 18 credit hours in Philosophy, and two research papers; or
- 24 credit hours in Philosophy.

**Second Language Reading Requirement:** A reading knowledge of one foreign language will be required if the thesis topic requires it.

**Expected Time to Graduate:** Students with undergraduate concentration in Philosophy equivalent to approximately nine full courses (54 credit hours) can complete the M.A. degree in one year. Students with a lesser degree of undergraduate concentration will need more than one year to complete the degree.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All students (new and returning) in the Master’s and pre-Master’s programs of the Department of Philosophy must have their courses approved by the graduate chair prior to registering. Students may only register for, and will only receive credit for, those courses approved by the graduate chair.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.
Bona Fide Academic Requirements (BFAR)

- maintain a minimum degree grade point average of 3.0 with no grade below C+;
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Political Studies, M.A.

Political Studies

Head: Dr. Andrea Rounce
Chair: Dr. Bryan Peeler
Campus Address/General Office: 532 Fletcher Argue
Telephone: 204-474-9733
Fax: 204-474-7585
Email Address: Political.Studies@umanitoba.ca
(Political_Studies@umanitoba.ca)
Website: manitoba.ca/faculties/arts/departments/political_studies/
(https://umanitoba.ca/faculties/arts/departments/political_studies/)
Academic Staff: Please refer to the Political Studies website (http://umanitoba.ca/faculties/arts/departments/political_studies/faculty/3834.html) for staff information.

Political Studies Program Information

The Department of Political Studies offers a Pre-Master’s year, a Master of Arts degree program, as well as a Masters in Public Administration program jointly offered with the University of Winnipeg.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Political Studies M.A. Admission Requirements

Normally, to be considered for admission to the M.A program in Political Studies, applicants must have successfully completed either the Department’s Pre-M.A program, as outlined below, or a B.A (Honours) Program in Political Studies. To be considered for admission, applicants holding a B.A (Honours) degree are expected to have maintained a grade point average of 3.5 (B+) in their last two years of study and to have completed a course in Political Theory. Other applicants will be considered for admission to the M.A program in Political Studies if they hold a B.A (Advanced) With a major in Political Studies, and have a course selection pattern and performance in those courses that is comparable in quality to that of a B.A (Honours) student. Applicants possessing a B.A (Honours) degree in another discipline with an overall grade point average of 3.5 (B+) will also be considered for direct entry into the program primarily on the basis of their completion of Political Studies or directly related courses.

Pre-Master’s Option

This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

The Pre-Master’s year is designed for students who do not meet the requirements for admission to the Master’s program. To be eligible for Pre-Master’s study, applicants will normally possess a general Bachelor’s degree with a major in Political Studies (30 credit hours including one course in Political Theory), with a minimum cumulative grade point average of 3.0 (B). Applicants possessing a general B.A. in another discipline with a cumulative grade point average of 3.5 (B+) will also be considered for direct entry into the Pre-Master’s program, primarily on the basis of their completion of Political Studies or directly related courses.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Political Studies M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/political_studies.html) page.

Degree Requirements

The M.A Program consists of two independent streams of study: the Course based with Major Research Paper, and the thesis stream. In consultation with the Graduate Chair/their advisor, Students are expected to select either the comprehensive or thesis stream by December of their first year of study. The main purpose of the thesis-based stream is to provide students with a deep understanding of Political Science and to develop their research skills to a level that allows them to explore a chosen topic in depth. The comprehensive stream is intended to enhance the student’s understanding of their chosen subfields.

The thesis stream of the M.A in Political Studies consists of course work, a thesis, and an oral examination. Students in the thesis stream must complete a minimum of 15 credit hours, 12 credit hours must be at the 7000 level in Political Studies. In some cases, and with written permission from the Department’s Graduate Committee, students may substitute three (3) credit hours of coursework at the 4000/7000 level in a related discipline. Three (3) credit hours includes Research Methods, and three (3) credit hours includes The Study of Politics. Thesis is normally between 20,000 and 25,000 (80,100 pages) but no more than 30,000
words (120 pages). A waiver of the length requirement may be granted by the Graduate Committee, upon request and with support from the Advisor.

The Course-Based Stream (with Major Research Paper) of the M.A in Political Studies consists of course work and a research paper. Students in the course-based stream must complete a minimum of 18 credit hours at the 7000 level in Political Studies. In some cases, and with written permission from the Department’s Graduate Committee, students may substitute six (6) credit hours of course work at the 7000 level in a related discipline or may be permitted to take six (6) credit hours at the 4000 level in Political Studies. Includes 3 credits of Research Methods, and 3 credits in The Study of Politics. The Major Research Paper (MRP) normally is 6,000-8,000 words in length (25-30 pages; max 40). Final paper is assessed by the MRP advisor and a second reader. Must achieve a minimum grade of B to pass.

**Expected Time to Graduate:** 2 years (Thesis-based) 1 year (Course-based).

#### Notes:
- Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.
- The M.A. thesis proposal must include a literature review, description of the proposed work, and a schedule for completion. The proposal should normally be completed within 10 months following the start of the program and must be approved by the student’s advisor.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All new and returning students are required to meet with the Graduate Chair/Designate to have their re/registration pre-approved. Except under extenuating circumstances, these re/registration meetings will normally be held by July 1 of the academic year.

Students may need to register for POLS 6010 Manitoba Legislative Internship.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:
- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

### General Regulations

All students must:
- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

### Psychology, M.A.

**Psychology**

**Head:** Dan Bailis
**Grad Chair:** Melanie Soderstrom
**Campus Address/General Office:** PS14 Duff Roblin Building
**Telephone:** 204-474-6377
**Email Address:** Psychology.GraduateOffice@umanitoba.ca
Website: umanitoba.ca/psychology/ (https://umanitoba.ca/psychology/) 
Academic Staff: Please refer to the Psychology website (http://umanitoba.ca/faculties/arts/departments/psychology/people/) for staff information.

Psychology Program Information
Graduate study in the Department of Psychology is offered at both the Master of Arts and the Doctor of Philosophy levels. The M.A. program is designed to provide a broad foundation in the scientific approach to psychology, as well as specialized skills. The Ph.D. program provides a higher degree of specialization coupled with more intensive training in research and application.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Psychology M.A. Admission Requirements
Applications for graduate study are accepted from students holding either a B.A. (Honours) or B.Sc. (Honours) degree from the University of Manitoba or its equivalent from another university. Students holding a four-year B.A. (Advanced Major) or B.Sc. (Major) from the University of Manitoba, or another Canadian university, are normally accepted into the pre-M.A. program. However, program areas can recommend applicants for admission to the M.A. program, notwithstanding, if they hold a four-year B.A. or B.Sc. degree from a program at any university recognized by the Faculty of Graduate Studies, that does not provide an opportunity to complete an honours degree and/or an honours thesis.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Faculty of Graduate Studies, that does not provide an opportunity to complete an honours degree and/or an honours thesis.

Degree Requirements
Please consult the Supplemental Regulations under the Regulations tab for program requirements.

Expected Time to Graduate: 2 years

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, all students (new and returning) must meet with their advisor to determine their program of study. Courses must be listed on a
Departmental Program Registration Form. The form must be signed by the advisor and the graduate programs coordinator. Only those courses that have been approved by the graduate office will be credited to a student’s program.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Academic Staff:** Please refer to the Psychology website (http://umanitoba.ca/faculties/arts/departments/psychology/people/) for staff information.

**Psychology Program Information**

Graduate study in the Department of Psychology is offered at both the Master of Arts and the Doctor of Philosophy levels. The M.A. program is designed to provide a broad foundation in the scientific approach to psychology, as well as specialized skills. The Ph.D. program provides a higher degree of specialization coupled with more intensive training in research and application.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

**Psychology Ph.D. Admission Requirements**

Students may be admitted to the doctoral program if they have the equivalent of an M.A. degree in Psychology from the University of Manitoba.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Psychology Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/psychology.html) page.

**Degree Requirements**

Please consult the Supplementary Regulations under the Regulations tab for program requirements. Students in the clinical training program have a more extensive program of study, including clinical practice at the Psychological Service Centre, and must complete an internship year at an accredited training site.

**Expected Time to Graduate:** Non-Clinical Programs - 3 years; Clinical Program - 4 years.

Total Hours 27

1 Students must complete PSYC 7790 no later than 8th term of registration in PhD level (3rd year of study).

Notes:

- Students should register for GRAD 8010 during the summer of their 1st year of study (see http://umanitoba.ca/faculties/arts/departments/psychology/media/New-Candidacy-Regulations.pdf)
- Students should schedule their PhD proposal for the summer of their 2nd year of study
- Students should commence data collection for their PhD their during the summer of their 3rd year of study (strongly recommended)

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, all students (new and returning) must meet with their advisor to determine their program of study. Courses must be listed on a Departmental Program Registration Form. The form must be signed by the advisor and the graduate programs coordinator. Only those courses that have been approved by the graduate office will be credited to a student’s program.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Public Administration, M.P.A.

Political Studies
**Head:** Dr. Andrea Rounce  
**Chair:** Dr. Susan Prentice  
**Associate Chair & Coop Placement:** Malcolm Bird  
**Campus Address/General Office:** 532 Fletcher Argue  
**Telephone:** 204-474-9733  
**Email Address:** political.studies@umanitoba.ca  
**Website:** unmanitoba.ca/faculties/arts/departments/political_studies/  
**Academic Staff:** Please refer to the Political Studies website (http://umanitoba.ca/faculties/arts/departments/political_studies/faculty/3834.html) for staff information.

### Public Administration Program Information

Students admitted prior to Fall 2017 should refer to the Academic Calendar for the year they began their program. See unmanitoba.ca/student/records/academiccalendar_archive.html (http://umanitoba.ca/student/records/academiccalendar_archive.html) for Calendar archives.

This Master of Public Administration program is offered jointly by the Department of Political Studies (http://umanitoba.ca/faculties/arts/departments/political_studies/master_pa/) at the University of Manitoba and the Department of Political Science at the University of Winnipeg. Unless otherwise specified by particular agreements attached to its own creation, it is governed by the general procedures and regulations devised by the two universities for joint master’s programs.

### Joint Master’s Program

The University of Manitoba and The University of Winnipeg together offer the Joint Master’s program, with courses and thesis direction (if applicable) offered at both institutions. Students of a JMP are admitted by the Faculty of Graduate Studies at the University of Manitoba. Graduates of Joint Master’s programs receive a joint-institution parchment. Students in the JMP may elect to attend the convocation of either of the two participating universities. The programs are governed by the Joint Discipline Committee (JDC) at the department/unit level, consisting of faculty members of both institutions.

### Admission Information

**Admission to the Faculty of Graduate Studies**  
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**M.P.A. Admission Requirements**  
Applicants for admission to the program must normally be graduates of four-year undergraduate degree programs (or equivalent) from:

- Canadian institutions empowered by law to grant degrees; or
- Colleges and universities outside Canada, which are officially recognized by the Faculty of Graduate Studies.

It is preferred, but not required, that applicants have some formal course background in public administration, political science or economics. Students from other disciplines are also encouraged to apply.

### Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the M.P.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/public_admin.html) page.

### Degree Requirements

All students must complete 36 credit hours of study, including 24 credit hours of required courses and 12 credit hours of optional courses, all of which would be at the 7000-level (normally), and 2 mandatory co-op placements (POLS 7800 & POLS 7810). Students with demonstrated professional-work experience with a public sector organization in the area of health or public administration, may request a waiver of the requirement for two co-op placements.

There is no thesis option or comprehensive examination. Students are required, however, to complete a major research paper as part of the Capstone Seminar.

### Expected Time to Graduate: 2 years

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

All new and returning students will meet with the Chair or designate. During their meeting courses will be discussed and approved. Students...
will complete the Departmental Graduate Student Registration Form. The form will be submitted to the Department Admin, and the registration will be completed on the students behalf. Registration revisions (addition and/or deletion of courses) must be approved in the same manner.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Religion, M.A.
Religion
Head: Kenneth MacKendrick
Grad Chair: Elizabeth Alexandrin (UM) & Carlos Colorado (UW)
Campus Address/General Office: 326 Fletcher Argue
Telephone: 204-474-9151
Fax: 204-474-7601
Email Address: Religion@umanitoba.ca
Website: umanitoba.ca/faculties/arts/departments/religion/ (http://www.umanitoba.ca/faculties/arts/departments/religion/)

Religion Program Information
The Department of Religion offers a Master of Arts and a Doctor of Philosophy in Religion. The M.A. program is a Joint Program in cooperation with the Department of Religion and Culture at the University of Winnipeg.

Joint Master’s Program
The University of Manitoba and The University of Winnipeg together offer the Joint Master’s program, with courses and thesis direction (if applicable) offered at both institutions. Students of a JMP are admitted by the Faculty of Graduate Studies at the University of Manitoba. Graduates of Joint Master’s programs receive a joint-institution parchment. Students in the JMP may elect to attend the convocation of either of the two participating universities. The programs are governed by the Joint Discipline Committee (JDC) at the department/unit level, consisting of faculty members of both institutions.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Religion M.A. Admission Requirements
In addition to the minimum admission requirements of the Faculty of Graduate Studies found in the Graduate Studies Regulations Section (p. 1324) of this calendar, a four-year B.A. (Honours) degree in Religion is the normal preparation for the M.A. program. Applicants without sufficient background for direct admission to the Joint Master’s Program may be recommended to the Pre-Master’s Program.

Pre-Master’s Option
This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Religion M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/religion.html) page.

Degree Requirements
Two types of programs are available:

Thesis Route
1. Student must complete a minimum of 12 credit hours of coursework in Religion at the 7000-level, offered through the U of M or the U of W, or a combination thereof.
2. Students in the JMP program must demonstrate competence in a second language relevant to their program of study.

Coursework-based/Comprehensive Examination Route
1. Students who choose this route must complete a minimum of 24 credit hours of coursework offered through the U of M or the U of W, or a combination thereof. Of the required 24 credit hours, at least 18
credit hours must be in Religion at the 7000-level. Up to 6 credit hours at the 7000-level may be taken in another Department.

2. Students in the JMP program must demonstrate competence in a second language relevant to their program of study.

3. Students are required to present and defend an original paper.

Language Requirement: Students must demonstrate competence in a second language that is relevant to their program of study. The language requirement is satisfied by the successful completion of a language translation exam or the successful completion of 6 credit hours of coursework in the selected language that is beyond the 1000-level.

Expected Time to Graduate: 2 years

October 05, 2022
Religion Program Information

The Department of Religion offers a Master of Arts and a Doctor of Philosophy in Religion. The M.A. program is a Joint Program in cooperation with the Department of Religion and Culture at the University of Winnipeg.

Admission Information

Admission to the Faculty of Graduate Studies

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Religion Ph.D. Admission Requirements

The department expects applicants to the Ph.D. graduate program to have a thesis-based M.A. degree in Religion (with a minimum cumulative GPA of 3.5) or its equivalent.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Religion Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/religion.html) page.

Degree Requirements

Students must complete a minimum of 18 credit hours of coursework at the 7000 level. Students lacking sufficient background in methodology in the study of Religion may be required to complete an additional 6 credit hours in method and theory in the study of Religion as auxiliary courses, in addition to the mandatory 18 credit hours.

Language Requirement: Students must demonstrate competence in the research languages relevant to the proposed doctoral thesis. The language requirement must be satisfied prior to the Candidacy Examinations. Language requirements are normally satisfied by students successfully completing language translation examinations.

Expected Time to Graduate: 4 years

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

School Psychology, M.A.

Psychology

Head: Dan Bailis
Grad Chair: Melanie Glenwright (Acting)
Campus Address/General Office: PS14 Duff Roblin Building
Telephone: 204-474-6377
Email Address: psych_grad_office@umanitoba.ca
Psychology Program Information
Graduate study in the Department of Psychology is offered at both the Master of Arts and the Doctor of Philosophy levels. The M.A. program is designed to provide a broad foundation in the scientific approach to psychology, as well as specialized skills. The Ph.D. program provides a higher degree of specialization coupled with more intensive training in research and application.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

School Psychology M.A. Admission Requirements
The normal requirement for admission is an Honours B.A. or B.Sc. in Psychology or its equivalent. Students seeking admission with other degrees will usually be required to complete a pre-Master's year to the satisfaction of the department.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the School Psychology M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/psychology.html) page.

Degree Requirements
Please consult the Supplemental Regulations under the Regulations tab for program requirements.

Expected Time to Graduate: 2 years (Comprehensive exam stream) or 3 years (Thesis stream)

October 05, 2022
### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

### General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

### Slavic Studies, M.A.

German and Slavic Studies

**Head:** Stephan Jaeger

**Campus Address/General Office:** 326 Fletcher Argue Building

**Telephone:** 204-474-9151

**Fax:** 204-474-7601

**Email Address:** german_slavic@umanitoba.ca

**Website:** umanitoba.ca/arts/departments/german_and_slavic

**Academic Staff:** Please refer to the German and Slavic Studies website (https://umanitoba.ca/faculties/arts/departments/german_and_slavic/staff/) for Faculty information.

### German and Slavic Studies Program Information

The department offers programs of study leading to the Master of Arts degree in the fields of German Studies (Culture, Literature, Second Language Acquisition) and Slavic Studies (Russian and/or Ukrainian Culture, Literature). Programs must be arranged in consultation with the Graduate Chair of the department.

---

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies’ GRAD courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration, all students (new and returning) must meet with their advisor to determine their program of study. Courses must be listed on a Departmental Program Registration Form. The form must be signed by the advisor and the graduate programs coordinator. Only those courses that have been approved by the graduate office will be credited to a student’s program.

All course additions and withdrawals (registration revisions) must be approved in the same manner.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.
Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master's students are found in the Master's Degrees General Regulations (p. 1345) section of the Guide.

Slavic Studies M.A. Admission Requirements
Admission requirements are those of the Faculty of Graduate Studies. Students with other degrees or backgrounds may be eligible for admission to a Pre-Master's program to the satisfaction of the department.

Pre-Master's Option
This unit offers a Pre-Master's program of study (p. 1342). The Pre-Master's program of study is intended to bring a student's background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master's program. Completing the Pre-Master's program does not guarantee acceptance to the Master's program.

The Pre-Master's year will normally consist of 24 credit hours of coursework, of which at least 12 are in the major discipline. At most, one grade of C+ in a course of six credit hours, or two grades of C+ in courses of three credit hours, will be permitted.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Slavic Studies M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/german_slavic.html) page.

Degree Requirements
Students fulfill the requirements for the Master’s degree by doing a combination of coursework and thesis. A minimum of 15 credit hours of coursework is required, including GRMN 7200 / SLAV 7200, GRMN 7210 / SLAV 7210, and 3 other credit hours at the 7000 level in the student’s major discipline. The remaining 6 credit hours, designated as ancillary credit, may be taken at the 7000, 4000, 3000 (or in exceptional circumstances the 2000) level and may be in courses in the student’s major discipline, or in another program or department, at the discretion of the Chair of Graduate Studies Committee.

The remaining 6 credit hours, designated as ancillary credit, may be taken at the 7000, 4000, 3000 (or in exceptional circumstances the 2000) level and may be in courses in the student’s major discipline, or in another program or department, at the discretion of the Chair of Graduate Studies Committee.

The Pre-Master's year will normally consist of 24 credit hours of coursework, of which at least 12 are in the major discipline. At most, one grade of C+ in a course of six credit hours, or two grades of C+ in courses of three credit hours, will be permitted.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Slavic Studies M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/german_slavic.html) page.

Degree Requirements
Students fulfill the requirements for the Master’s degree by doing a combination of coursework and thesis. A minimum of 15 credit hours of coursework is required, including GRMN 7200 / SLAV 7200, GRMN 7210 / SLAV 7210, and 3 other credit hours at the 7000 level in the student’s major discipline. The remaining 6 credit hours, designated as ancillary credit, may be taken at the 7000, 4000, 3000 (or in exceptional circumstances the 2000) level and may be in courses in the student’s major discipline, or in another program or department, at the discretion of the Chair of Graduate Studies Committee. A thesis prospectus must be submitted to the candidate's M.A. advisor a minimum of two months before the thesis is submitted to the M.A. Committee.

Students for the M.A. in German who received credit for the course GRMN 4210 have already fulfilled the requirement for GRMN 7200; they replace GRMN 7200 with 3 other credit hours on the 7000 level. Students for the M.A. in German who received credit for the course GRMN 4210 have already fulfilled the requirement for GRMN 7210; they replace GRMN 7210 with 3 other credit hours on the 7000 level.

Expected Time to Graduate: 2 years

2 Thesis proposal for submission at the end of the first year of study and, at minimum, two months before the thesis is submitted to the Thesis Examining Committee.

Registration Information
Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registration in German or Slavic Studies, students must consult with the graduate chair or the department head.

Regulations
Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations
Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)
Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

October 05, 2022
General Regulations
All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Sociology, M.A.
Sociology and Criminology
Head: Andrew Woolford
Campus Address/General Office: 320 Isbister Building
Telephone: 204-474-9260
Fax: 204-261-1216
Website:umanitoba.ca/faculties/arts/departments/sociology/ (http://umanitoba.ca/faculties/arts/departments/sociology/)
Academic Staff: Please refer to Sociology and Criminology Faculty (https://umanitoba.ca/faculties/arts/departments/sociology/facstaff/4335.html) for staff information.

Sociology Program Information
The Department of Sociology and Criminology offers programs that lead to the Master of Arts and Doctor of Philosophy degrees. Both programs provide training in the core areas of the discipline (theory and research methods) and offer a wide range of areas of specialization and theoretical approaches.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Sociology M.A. Admission Information
Students who have completed a 4-year Honours degree in Sociology or equivalent, or a closely related cognate field that includes substantial sociological content and a strong foundation in sociological research methods and theory may enter directly into the Master of Arts program. Students with a general 3-year B.A. in Sociology may be eligible for the Pre-Master’s year.

Pre-Master’s Option
This unit offers a Pre-Master’s program of study (p. 1342). The Pre-Master’s program of study is intended to bring a student’s background up to the equivalent of the required 4-year degree in the major department/unit, and to provide the student with any necessary prerequisites for courses to be taken in the Master’s program. Completing the Pre-Master’s program does not guarantee acceptance to the Master’s program.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Sociology M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/sociology.html) page.

Degree Requirements
The Master of Arts program in Sociology consists of 18 credit hours of coursework (including 3 credit hours in Research Methods and 3 credit hours in Sociological theory). Students must also complete and successfully defend a thesis.

Expected Time to Graduate: 2 years

Academic Staff: Please see the Education website (https://umanitoba.ca/education/faculty-staff/) for academic staff listing.

Curriculum, Teaching and Learning Program Information

The Department of Curriculum, Teaching and Learning offers the Master of Education program with specializations in language and literacy; second language education; and studies in curriculum, teaching and learning.

Please note that earning a Master of Education degree does not certify one to teach in the province of Manitoba.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Curriculum, Teaching and Learning Admission Requirements

Applicants must possess:

- For Language and Literacy and Studies in Curriculum Teaching and Learning specializations: a four-year Bachelor of Education degree, or a two-year After-Degree Bachelor of Education, or a three-year undergraduate degree which includes teacher training, plus a Post-Baccalaureate Diploma in Education (PBDE) with a minimum of at least 18 credit hours at the 5000 level.
- For Second Language Education specialization: an acceptable four-year equivalent undergraduate degree from an academic institution recognized by the Faculty of Graduate Studies, or a three-year undergraduate degree, plus a PBDE which includes at least 18 credit hours at the 5000 level.
  - A grade point average of 3.0 or better in the last 60 credit hours of university coursework.
  - Normally two years of relevant work experience.
  - Appropriate academic and/or professional background for the program area and concentration.
  - Applicants may be required to take additional courses within their programs to enhance relevant professional and/or academic experience.

Individuals who graduate from the Certificate in Adult and Continuing Education (CACE) from the University of Manitoba must complete the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDUA 1560</td>
<td>Adult Learning and Development</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1570</td>
<td>Foundations of Adult Education</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1580</td>
<td>Program Planning in Adult Education</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1590</td>
<td>Facilitating Adult Education</td>
<td>3</td>
</tr>
</tbody>
</table>

An additional 100 hours of elective credit through courses, seminars, 100 and workshops

The Faculty of Graduate Studies recognizes a complete CACE program as 15 credit hours towards the admission requirements for the M.Ed.; that is, giving 12 credit hours for the four core courses completed with a grade of ‘B’ or better and 3 credit hours (non assessable) for the 100 hours of elective study.

Individuals with a three-year undergraduate degree and the four CACE courses listed above must complete an additional 12 credit hours of senior level courses (i.e., 5000 level PBDE courses, 1000 or 2000 level B.Ed. courses, or courses at the 3000 level or above in other faculties) to have the 24 credit hours that are the minimal requirements for satisfying the “honours degree or equivalent” admission requirement. Those with the completed CACE would require an additional 9 credit hours of senior level courses.

Applicants should note that admission to the M.Ed. program is competitive. A number of factors are taken into account in arriving at an admission decision:

1. the capacity of the department to provide the program of study requested by the applicant;
2. the applicant’s previous academic background and achievement;
3. the referees’ assessment of the applicant;
4. the capacity of the department to provide the applicant with an advisor in the program area; and
5. the applicant's Statement in Support of their application, including relevant professional experience.

Transfer of Credit
The granting of advanced credit is subject to the regulations of the Faculty of Graduate Studies and subject to approval of the program advisor and department head.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Ed. Curriculum, Teaching and Learning program of study (https://umanitoba.ca/explore/programs-of-study/curriculum-teaching-and-learning-med/) page.

Please note that International applications will be reviewed with the Canadian applications in February and March. All candidates who have applied by the January deadline will be notified of the decision regarding their admission by early April.

Degree Requirements
The M.Ed. in Curriculum, Teaching and Learning has a thesis-based route and a course-based route with an oral defense. The M.Ed. course-based route at the University of Manitoba is typically a terminal degree. That is, it is insufficient, in number and of itself, as evidence of research capacity for admission into the Ph.D. in Education program at the University of Manitoba.

The following program requirements apply to all specializations in the Department of Curriculum, Teaching and Learning. Specific specialization requirements are listed under each specialization below.

Not all courses are offered every year. Although many courses are offered yearly, most courses are offered in the evening and those wishing to study full-time should consult with the department head.

Expected Time to Graduate: full-time: 2 - 3 years; part-time: 4 - 5 years.

Program by Coursework and Thesis
A minimum of 18 credit hours of coursework. At least 12 credit hours must be at the 7000 level or equivalent. The remaining 6 credit hours may be at the 5000 level or above in the Faculty of Education, and/or at the 3000 level or above in other faculties.

EDUA 5800 or its equivalent, is a requirement of all M.Ed. programs in the Faculty of Education. In addition all students must complete 9 credit hours of core courses and 18 credit hours of concentration.

Course-based route students have the option of including a capstone course (EDUB 7540) as part of their 30 credit hours of required coursework. Normally, the capstone course is taken by students as preparation for the culminating activity. Students taking this course can expect to complete significant work towards fulfilling the comprehensive examination requirement.

Studies in Curriculum, Teaching and Learning Specialization
The Master of Education in Studies in Curriculum, Teaching and Learning includes a range of potential concentrations: arts education (art, drama and music); Canadian Indigenous curriculum; contemplative studies in education; curriculum studies; educational technology; language and literacy curriculum; mathematics education; physical education/health; science education; second language education; social studies education; and teacher professional development. In consultation with their faculty advisors, students will be encouraged to create a program of study that addresses their own interests in a particular curricular field and which enhances the students' understanding of curriculum and its intents and effects. The aim of the program is to develop individuals who are informed, critical, and reflective about curriculum theory and practice in their particular area of concentration. In order to support this aim, courses are designed to provide graduate students with the requisite skills to conduct and to understand research in a variety of formats and paradigms.

Program Requirements are those listed above. Specific course requirements are as follows:

Language and Literacy is a broad field encompassing a number of major sub-fields from pre-school to post-secondary levels. The sub-fields include developmental reading, clinical reading, composition studies, rhetoric, oral language development, children's and adolescent literature, response to literature, the language arts associated with listening, representing, viewing, spelling, and handwriting instruction, along with instruction in comprehension. The purpose of the program is to strengthen practitioners' theoretical understanding of one or more of these sub-fields, and to develop skills that will enable them to conduct independent research into language and literacy practices in their chosen area of concentration. Students in the program can anticipate experiences that range from general courses in curriculum development and implementation to specialized courses specific to their own needs and interests.
In addition, up to 6 more credit hours of coursework may be selected from any Faculty of Education 5000 or 7000 level courses.

**Second Language Education Specialization**

The purpose of the Master’s in Second Language Education (SLE) Program is to further the knowledge of experienced ESL teachers. Courses are designed to enable teachers to reflect on their teaching practices in light of influential and relevant research in second language acquisition/learning, curriculum theory and development, and SLE pedagogy. Students accepted into the program will be introduced to the research methodologies employed in educational research and in SLE, and will have the opportunity to develop expertise in one or more research methodologies.

Program Requirements are those listed above. Specific course requirements are as follows:

**Thesis Based**

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>

<td></td>
</tr>
</tbody>
</table>

In addition, up to 6 more credit hours of coursework may be selected from any Faculty of Education 5000 or 7000 level courses (except EDUB 5580). Advisors may decide that EDUB 5580 is a necessary component for the programs of students who have minimal second/foreign language teaching experience or for other reasons. This course will be added to a student's program as an auxiliary course above and beyond the minimum 18 credit hours.

October 05, 2022
Students must ensure that courses to be taken have been approved and entered on their program approval form. If not approved, students should meet with their program advisor to select and approve the courses to be taken.

## Continuing Courses (CO's)

The deadline for completion is normally not later than one year from the end of the term in which the course was originally registered. If the course is not completed by August 31, students must re-register for the course(s) for the next term in order to finish the course and to receive a grade.

### Occasional Students

Prior to registration, students must obtain written permission from the department head for 7000 level Education courses. This permission must be submitted to the Office of Graduate and Professional Programs, and Research prior to attempting to register.

### Registration for Student Initiated Courses

Prior to registration for student initiated courses, students must have the Student Initiated Form approved by their instructor and the department head and submitted to the Office of Graduate and Professional Programs, and Research. Upon receipt of the form, a Faculty of Education staff will schedule the course and contact the student with further instructions.

### Registering for Courses Offered in Other Faculties

Education graduate students wanting to register for graduate courses outside the Faculty of Education are encouraged to contact the department concerned for registration procedures. In some cases, written approval may be required from the instructor and department head of the course requested. The written approval must be presented to the Office of Graduate and Professional Programs, and Research prior to attempting to register.

### Students Registered in Other Faculties or Schools

Students registered in other faculties or schools wishing to register for an Education course may do so after a certain date. For details, see the Class Schedule schedule link on Aurora (https://aurora.umanitoba.ca/).

### Visiting Students

Students who are working on a graduate program at another institution and wish to register for a graduate course at the University of Manitoba with the express purpose of having credit transferred to their home university must apply for admission to the Faculty of Graduate Studies by the published application deadline dates. Also, a letter of permission from their home university must be submitted to the Office of Graduate and Professional Programs, and Research, Faculty of Education prior to registration.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult
unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+;
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Education, Ph.D.**

Education

Head: Melanie Janzen

**Campus Address/General Office:** 203 Education Building

**Telephone:** 204-474-9004

**Fax:** 204-474-7551

**Email Address:** GradPrograms.Education@umanitoba.ca

**Website:** https://www.umanitoba.ca/education/

**Academic Staff:** Please see the Education website (https://umanitoba.ca/education/education-phd/) for academic staff listing.

**Education Ph.D. Program Information**

The Education PhD program educates teaching professionals as researchers, leading to a Doctor of Philosophy degree. Applications for doctoral studies in Education are made to either a specific cohort or the individualized program (http://umanitoba.ca/education/education-phd/).

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

**Education Ph.D. Admission Requirements**

Successful applicants must possess:

1. an earned Master’s degree from a recognized institution;
2. appropriate academic background as defined by the program area to which admission is being sought (see the Education website (https://umanitoba.ca/education/programs-study/#phd-in-education) for a listing of program areas and associated admission requirements);
3. appropriate research capability as evidenced by one of:
   i. thesis from a recognized institution;
   ii. major research paper from a recognized institution plus a successfully completed 3 credit-hour 7000-level (or equivalent) research methods course;
   iii. major contribution to a research article published in a refereed journal plus a successfully completed 3 credit-hour 7000-level (or equivalent) research methods course; or
   iv. a research/scholarly/creative product and coursework equivalent to one of the above (3i to 3iii).
4. normally, appropriate occupational or service experience, such as:
   i. educational or administrative work or service in a school, post-secondary or similar setting;
   ii. practice in school counseling, psychology, or related profession;
   iii. work, service, or practice equivalent to (4i) or (4ii).

Please note that earning a Ph.D. in Education does not certify one to teach in the province of Manitoba.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Ph.D. Education program of study (https://umanitoba.ca/explore/programs-of-study/education-phd/) page.

**Degree Requirements**

Twenty-four (24) credit hours of coursework are subject to the following regulations:

a. 12 credit hours of coursework at the 7000 level must be in the student’s program area and must include the program core coursework common to all students in the program area (See the Education web site for specifics www.umanitoba.ca/education)

For students admitted to study in an individualized program rather than to a defined program area, the program area coursework is specific to the individual student and is defined by the Advisory Committee rather than by members of a defined program area;

b. 6 credit hours must be in a cognate area(s); and

c. 6 credit hours must be in research methods/analysis.

Note: EDUA 5800 Introduction to Educational Research (3 credit hours) or an equivalent course is a pre-requisite or concurrent course to most Education 7000 level research courses. Applicants without this course will be required to take the course as an Occasional Student (O) and pay the appropriate course fee. This will be in addition to Ph.D. course requirements.
Where necessary, the student may be required to complete additional background coursework, as an auxiliary course or as an Occasional (O) student. If the latter, the student must pay the appropriate course fee.

**Expected Time to Graduate:** 3 - 4 years

**Total Hours** 24

1. A minimum of 18 credit hours of coursework must be at the 7000 level.
2. All courses taken in the Faculty of Education must be at the 7000 level or above.
3. Courses taken outside the Faculty of Education must be at the 3000 level or above.
4. A minimum of 12 credit hours of coursework must be taken in the Faculty of Education.
5. When relevant to the student's area of research and study, students are encouraged to take courses outside of the Faculty of Education of the University of Manitoba.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies' 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Registration Times and Status**

Students are able to view their registration times on Aurora Student (https://aurora.umanitoba.ca/banprod/twbkwbis.P_GenMenu/?name=homepage) select Enrolment & Academic Records, select Registration, and then Registration Times and Status to view registration dates and times for a given term.

Students must ensure that courses to be taken have been approved and entered on their program approval form. If not approved, students should meet with their program advisor to select and approve the courses to be taken.

**Continuing Courses (CO's)**

The deadline for completion is normally not later than one year from the end of the term in which the course was originally registered. If the course is not completed by August 31, students must re-register for the course(s) for the next term in order to finish the course and to receive a grade.

**Occasional Students**

Prior to registration, students must obtain written permission from the department head for 7000 level Education courses. This permission must be submitted to the Office of Graduate & Professional Programs, and Research prior to attempting to register.

**Registration for Student Initiated Courses**

Prior to registration for student initiated courses, students must have the Student Initiated Form approved by their instructor and the department head and submitted to the Office of Graduate & Professional Programs, and Research. Upon receipt of the form, a Faculty of Education staff will schedule the course and contact the student with further instructions.

**Registering for Courses Offered in Other Faculties**

Education graduate students wanting to register for graduate courses outside the Faculty of Education are encouraged to contact the department concerned for registration procedures. In some cases, written approval may be required from the instructor and department head of the course requested. The written approval must be presented to the Office of Graduate & Professional Programs, and Research prior to attempting to register.

**Students Registered in Other Faculties or Schools**

Students registered in other faculties or schools wishing to register for an Education course may do so after a certain date. For details, see the Class Schedule schedule link on Aurora (https://aurora.umanitoba.ca/) for a given term and given course.

**Visiting Students**

Students who are working on a graduate program at another institution and wish to register for a graduate course at the University of Manitoba with the express purpose of having credit transferred to their home university must apply for admission to the Faculty of Graduate Studies by the published application deadline dates. Also, a letter of permission from their home university must be submitted to the Office of Graduate & Professional Programs, and Research, Faculty of Education prior to registration.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

#### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

#### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:
• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations
All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Educational Administration, Foundations and Psychology, M.Ed.

Educational Administration, Foundations and Psychology
Head (Acting) / Graduate Chair: Charlotte Enns
Campus Address/General Office: 203 Education Building
Telephone: 204-474-9004
Fax: 204-474-7551
Email Address: GradPrograms.Education@umanitoba.ca
Website: umanitoba.ca/education/ (https://www.umanitoba.ca/education/)
Academic Staff: Please see the Education website (https://umanitoba.ca/education/faculty-staff/) for academic staff listing.

Educational Administration, Foundations and Psychology Program Information

The Department of Educational Administration, Foundations, and Psychology offers a Master of Education degree with specializations in the areas of adult and post-secondary education; counselling psychology; cross-cultural, sociological, and philosophical foundations in education; educational administration; and inclusive education.

Please note that earning a Master of Education does not certify one to teach in the province of Manitoba.

Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Educational Administration, Foundations and Psychology Admission Requirements

Applicants must possess:

• A four-year Bachelor of Education degree, or two-year After-Degree Bachelor of Education, or a four-year bachelor’s degree (or academically equivalent degree/program) from an academic institution recognized by the Faculty of Graduate Studies, or a three-year undergraduate degree, plus a Post-Baccalaureate Diploma in Education (PBDE) with a minimum of 18 credit hours at the 5000 level.
• A grade point average of 3.0 or better in the last 60 credit hours of university coursework.
• Normally, two years of relevant work experience.
• Appropriate academic and/or professional background for the program area and concentration.

The Counselling Psychology and Inclusive Education specializations require specific prerequisite coursework that must be completed prior to the start of the M.Ed. program.

Individuals who graduate from the Certificate in Adult and Continuing Education (CACE), University of Manitoba must complete the following courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDUA 1560</td>
<td>Adult Learning and Development</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1570</td>
<td>Foundations of Adult Education</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1580</td>
<td>Program Planning in Adult Education</td>
<td>3</td>
</tr>
<tr>
<td>EDUA 1590</td>
<td>Facilitating Adult Education</td>
<td>3</td>
</tr>
</tbody>
</table>

An additional 100 hours of elective credit through courses, seminars, 100 and workshops

The Faculty of Graduate Studies recognizes a complete CACE program as 15 credit hours towards the admission requirements for the M.Ed.; that is, giving 12 credit hours for the four core courses completed with a grade of ‘B’ or better and 3 credit hours (non-assessable) for the 100 hours of elective study.

Individuals with a three-year undergraduate degree and the four courses listed above must complete an additional 12 credit hours of senior level courses (i.e., 5000 level PBDE courses, 1000 or 2000 level B.Ed. courses, or courses at the 3000 level or above in other faculties) to have the 24 credit hours that are the minimal requirements for satisfying the “honours degree or equivalent” admission requirement. Those with the completed CACE would require an additional 9 credit hours of senior level courses.

Applicants should note that admission to the M.Ed. program is competitive. A number of factors are taken into account in arriving at an admission decision:

1. the capacity of the department to provide the program of study requested by the applicant;
2. the applicant’s previous academic background and achievement;
3. the referees’ assessment of the applicant;
4. the capacity of the department to provide the applicant with an advisor in the program area; and
5. the applicant’s Statement in Support of their application, including relevant professional experience.

For full application requirements, see M.Ed. Educational Administration, Foundations and Psychology program of study (https://umanitoba.ca/explore/programs-of-study/educational-administration-foundations-and-psychology-med/) page.
Transfer of Credit
The granting of advanced credit is subject to the regulations of the Faculty of Graduate Studies and subject to approval of the program advisor and department head.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the M.Ed. Educational Administration, Foundations and Psychology program of study (https://umanitoba.ca/explore/programs-of-study/educational-administration-foundations-and-psychology-med/) page.

Degree Requirements
The M.Ed. in Educational Administration, Foundations and Psychology has a thesis-based route and a course-based route. The M.Ed. course-based route at the University of Manitoba is typically a terminal degree. That is, it is insufficient, in number and of itself, as evidence of research capacity for admission into the Ph.D. in Education program at the University of Manitoba.

The following program requirements apply to all specializations in the Department of Educational Administration, Foundations and Psychology. Specific specialization requirements are listed under each specialization below.

Not all courses are offered every year. The graduate course offering schedule is posted on the Faculty's website. Although we offer many courses yearly, most of our courses are offered in the evening and those wishing to study full-time should consult with the department head.

Expected Time to Graduate: full-time: 2 - 3 years; part time: 4 - 5 years.

Program by Coursework and Thesis
- A minimum of 18 credit hours of coursework. At least 12 credit hours must be at the 7000 level or above in the Faculty of Education and/or at the 3000 level or above in other faculties.
- EDUA 5800 or its equivalent, is a requirement of all M.Ed. programs in the Faculty of Education. In addition, thesis students must take 3 credit hours of research methods at the 7000 level. In special circumstances research courses at the 3000 level or above in other faculties may be approved as an appropriate alternative to this requirement.

Program by Coursework and Comprehensive Examination (Course-based)
- A minimum of 30 credit hours of coursework. At least 18 credit hours must be at the 7000 level or equivalent. The remaining 12 credit hours may be at the 5000 level or above in the Faculty of Education and/or at the 3000 level or above in other faculties.
- EDUA 5800 or its equivalent, is a requirement of all M.Ed. programs in the Faculty of Education.

Progression Charts
Adult and Post-Secondary Education Specialization
The specialization is designed to serve the professional needs of a diverse group of students in continuing, workplace and professional education development; college teaching, administration and student services; university teaching, student services, and administrative management; local and international community development, program delivery, and administration.

Program Requirements are those listed above. Specific course requirements are as follows:

1. EDUA 5800 is a pre-requisite to all EDUA and EDUB research methods courses.
2. A 7000 level, 3-credit hour research methods course in the Faculty of Education or 3000 level or above in other faculties.

October 05, 2022
The program provides an array of supervised practicum placements that support a more specialized experience to meet individual needs and interests. Graduates find employment in a wide range of settings, including schools, community agencies, clinics, hospitals, business and industry, rehabilitation centres, government service and private practice.

In addition to the Program Requirements listed above, admission to the Counselling Psychology specialization requires the following prerequisite coursework, which must be completed prior to the start of the M.Ed. program [may be taken in the Post-Baccalaureate Diploma in Education (PBDE) program of the Faculty of Education, or its equivalent].

### Concentration Courses

1. EDUA 7520 is a 3-hour weekly seminar offered over fall and winter terms taken concurrently with a minimum of 180 hours of supervised practicum experience in a selected placement. Students are required to be available September to April during the day for a minimum of one to one-and-a-half days per week for the practicum component.

2. EDUA 5800 is a pre-requisite to all EDUA and EDUB research methods courses.

3. A 7000 level, 3-credit hour research methods course in the Faculty of Education or 3000 level or above in other faculties.

#### Counselling Psychology (formerly Guidance and Counselling) Specialization

The purpose of the Master's Program in Counselling Psychology is to prepare counselling graduates who are able to integrate critical knowledge and understanding of the theoretical bases of counselling, the counselling process and outcome research, and current professional issues in counselling, with competent ongoing development of counselling skills. The model of training is scientist-practitioner with an emphasis on reflective practice.

Specifically, the graduate program is designed to help students with the development of generic skills of individual and group counselling; the capacity to conduct research and to interpret current research; a knowledge of the latest developments in counselling and literature in the field; education/training in group leadership and communication skills; a knowledge of career development, career information and job search skills; the principles, processes and methods of interviewing children, adolescents and adults; and the skills of measurement and evaluation.

The program provides an array of supervised practicum placements that support a more specialized experience to meet individual needs and interests. Graduates find employment in a wide range of settings, including schools, community agencies, clinics, hospitals, business and industry, rehabilitation centres, government service and private practice.

In addition to the Program Requirements listed above, admission to the Counselling Psychology specialization requires the following prerequisite coursework, which must be completed prior to the start of the M.Ed. program [may be taken in the Post-Baccalaureate Diploma in Education (PBDE) program of the Faculty of Education, or its equivalent].

## Cross-cultural, Sociological, and Philosophical Foundations in Education (formerly Social Foundations of Education) Specialization

The aim of Cross-cultural, Sociological, and Philosophical Foundations in Education is to develop educational researchers who are critical and reflective about educational theory and practice. Theories from the humanities and the social sciences will guide students as they examine, criticize, and explain the meanings, intents and the effects of education in both its institutional and non-institutional forms.

The Master’s Program in Cross-cultural, Sociological, and Philosophical Foundations in Education is designed to promote the understanding of normative educational thought and practice and to probe assumptions about education and schooling. The analysis is multi-dimensional and interdisciplinary.

Program Requirements are those listed above. Specific course requirements are as follows:

Educational Administration Specialization
The Master’s Program in Educational Administration is designed to develop leadership for the province’s school systems and to provide students with an in-depth and theoretical understanding of educational administration as both a moral and a technical endeavour.

Students in this program will benefit from their prior experiences as teachers or administrators in an educational organization. This experience need not be restricted to public schools. Experience is important because the program takes seriously the relationship between theory and practice in education.

Provincial Certification
It is expected that all candidates in the Master’s Program with a specialization in Educational Administration will attain provincial certification in Educational Administration (Certificate in School Leadership) by the time they complete their Master’s degree. In some instances, this may require additional coursework. Certification is granted by Manitoba Education and not by the Faculty of Education or the University of Manitoba.

Program Requirements are those listed above. Specific course requirements are as follows:

¹ EDUA 5800 is a pre-requisite to all EDUA and EDUB research methods courses.

Concentration Courses
In consultation with program advisor select 12 credit hours of coursework from the following course list, or other courses approved by program advisor and department head,
**Inclusive Education (formerly Inclusive Special Education) Specialization**

The Master’s Program in Inclusive Education (IE) is designed not only to develop skills needed to serve students with special needs directly, but also to develop leadership and research skills for assisting educators and other professionals working on behalf of persons with disabilities. To this end, the graduate courses are designed to enable graduate students to conduct research in a variety of formats and paradigms, to lead in the professional development of their colleagues, to foster program development at their workplaces, and to provide clinical or consultant services to classroom teachers. Courses in the program are focused on topics in inclusive education as a profession, on applied learning theories and assessment of learning, on critical thinking, and on research methods and findings in this field. Graduates from the program work in a variety of callings: as administrators, clinicians, consultants, program leaders, resource and special education teachers. Many graduates also are active in research, educational program development, advocacy groups, teacher education and professional development.

**Certification in Special Education**

This provision may not apply to applicants with certification requirements in an allied non-teaching field or who are pursuing a M.Ed. in Inclusive Education after undergraduate work in an allied non-teaching field. It is expected that most students in the M.Ed. Program with specialization in Inclusive Education will attain provincial certification in special education by the time they complete their Master’s degree. Students who already have provincial certification at the time of entry into the program will therefore not need to take any prerequisite coursework for this purpose. Those who do not already have provincial certification, however, should expect to take additional credit hours of coursework to fulfill this requirement. The precise number and nature of the additional work will depend on the prior academic background of the student, as well as on the specific courses taken to complete the M.Ed. degree. To assess the additional work needed informally, it is recommended that students consult with their Faculty Advisor early in their program, and also obtain and read a copy of the special education certification guidelines published by Manitoba Education. Official assessment of required coursework, however, can only be done by providing Manitoba Education and Advanced Learning with a complete set of academic transcripts and requesting a formal assessment from them. Certification is granted by Manitoba Education and Advanced Learning not by the Faculty of Education or the University of Manitoba.

In addition to the Program Requirements listed above, admission to the Inclusive Education specialization requires the following prerequisite coursework, which must be completed prior to beginning the M.Ed. program:

 electrify coursework, which must be completed prior to beginning the M.Ed. Inclusive Education specialization requires the following prerequisite coursework, however, can only be done by providing Manitoba and also obtain and read a copy of the special education certification that students consult with their Faculty Advisor early in their program, to assess the additional work needed informally, it is recommended well as on the specific courses taken to complete the M.Ed. degree. To assess the additional work needed informally, it is recommended that students consult with their Faculty Advisor early in their program, and also obtain and read a copy of the special education certification guidelines published by Manitoba Education. Official assessment of required coursework, however, can only be done by providing Manitoba Education and Advanced Learning with a complete set of academic transcripts and requesting a formal assessment from them. Certification is granted by Manitoba Education and Advanced Learning not by the Faculty of Education or the University of Manitoba.

In addition to the Program Requirements listed above, admission to the Inclusive Education specialization requires the following prerequisite coursework, which must be completed prior to beginning the M.Ed. program:

1 EDUA 7740 and EDUA 7750 require program advisor approval.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies' 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Registration Times and Status**

Students are able to view their registration times on Aurora Student (https://aurora.umanitoba.ca/banprod/twbkwbis.P_GenMenu/? name=homepage) select Enrolment & Academic Records, select Registration, and then Registration Times and Status to view registration dates and times for a given term.

Students must ensure that courses to be taken have been approved and entered on their program approval form. If not approved, students should meet with their program advisor to select and approve the courses to be taken.

**Continuing Courses (CO's)**

The deadline for completion is normally not later than one year from the end of the term in which the course was originally registered. If the course is not completed by August 31, students must re-register for the course(s) for the next term in order to finish the course and to receive a grade.

**Occasional Students**

Prior to registration, students must obtain written permission from the department head for 7000 level Education courses. This permission must be submitted to the Office of Graduate & Professional Programs, and Research prior to attempting to register.

**Registration for Student Initiated Courses**

Prior to registration for student initiated courses, students must have the Student Initiated Form approved by their instructor and the department head and submitted to the Office of Graduate & Professional Programs, and Research. Upon receipt of the form, a Faculty of Education staff will schedule the course and contact the student with further instructions.

**Registering for Courses Offered in Other Faculties**

Education graduate students wanting to register for graduate courses outside the Faculty of Education are encouraged to contact the department concerned for registration procedures. In some cases, written approval may be required from the instructor and department head of the course requested. The written approval must be presented to the Office of Graduate & Professional Programs, and Research prior to attempting to register.

**Students Registered in Other Faculties or Schools**

Students registered in other faculties or schools wishing to register for an Education course may do so after a certain date. For details, see the Class Schedule schedule link on Aurora (https://aurora.umanitoba.ca/) for a given term and given course.

**Visiting Students**

Students who are working on a graduate program at another institution and wish to register for a graduate course at the University of Manitoba with the express purpose of having credit transferred to their home university must apply for admission to the Faculty of Graduate Studies by the published application deadline dates. Also, a letter of permission from their home university must be submitted to the Office of Graduate & Professional Programs, and Research, Faculty of Education prior to registration.
Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Applied Health Sciences, Ph.D.

Applied Health Sciences
Program Director: Dean Kriellaars
Campus Address/General Office: 202 Active Living Centre
Telephone: 204-474-7806
Email Address: ahs_phd@umanitoba.ca
Website: umanitoba.ca/faculties/graduate_studies/admissions/programs/510.html
Academic Staff: Please refer to the Faculty of Graduate Studies website

Applied Health Sciences Program Information

This program is a multi-unit, research-based Doctor of Philosophy in Applied Health Sciences, coordinated by Kinesiology and Recreation Management, and Medical Rehabilitation.

Admission Information

Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for doctoral students are found in the Doctor of Philosophy General Regulations (p. 1350) section of the Guide.

Applied Health Sciences Admission Requirements

Applicants would normally possess a research-based Master's degree in a discipline or profession consistent with Applied Health Sciences. Applicants who do not possess a research-based Master's degree, but who have some research experience will be assessed on a case-by-case basis, as will those with professional Master's degrees.

Prior to admission to the Ph.D. program, the applicant will be required to specify their area of research interest, and to have corresponded with an eligible Ph.D. advisor(s) (member of the Faculty of Graduate Studies), who is (are) a faculty member (primary appointment) in one of the two participating units, and who is (are) willing to accept them into the program.

Elements taken into consideration in determining the acceptance of the applicant into the program: grade-point average in Master's courses, previous courses taken, specific research interest of the applicant, student's rationale for choosing to apply to this program as opposed to a uni-discipline degree, current profile of students in the program, research funding and facilities availability through the proposed advisor(s) for the proposed research, and financial support for the applicant.

No admission tests are required for this program.

Application Information

Students should complete and submit their online application with supporting documentation by the date indicated on the Applied Health Sciences Ph.D. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/510.html) page.

Degree Requirements

The coursework requirement will consist of a minimum of twelve credit hours of 7000-level coursework (18 credit hours of coursework for students entering program without a research-based Master's Degree).

Students will be required to take AHS 7000, a lecture/seminar course in which faculty members from the participating academic units take part (3 credits). This course is designed to promote in students advanced knowledge, skills, and abilities needed to evaluate and conduct multidisciplinary, applied health research.

Nine credit hours may be chosen from a combination of graduate courses from the participating units or from other faculties outside the participating units that offer graduate courses related to applied health sciences (3 credits).

Students who entered the program without a research-based Master’s degree are required to take AHS 7010 over the first two years of their program.

Courses must be selected by the student in consultation with the advisor. All courses must be recorded on the “AHS Internal Program Approval
Form", and submitted to the AHS Program Assistant for approval by the AHS Program Director.

Students in the program will also be required to take part in a monthly seminar in Applied Health Sciences with mandatory attendance for two years (Year 1: AHS 7002; Year 2: AHS 7004), a requirement for graduation. Students will also be required to take part in yearly research-related activities (e.g. AHS Research Day) involving student presentations. The monthly seminars will consist of an admixture of presenters from the University of Manitoba and from outside, with the focus on applied health science issues. Poster and oral presentations will involve directed research projects, research proposals, and applied health sciences issues.

An Advisory Committee will be established for each student within three months of registration into the Ph.D. program. Advisory committees are selected by the advisor/co-advisor in consultation with the student and should consist of individuals whose expertise is consistent with that necessary to provide additional advice and guidance to the student during their program. The advisory committee must consist of a minimum of three (3) members, all of whom must be members of the Faculty of Graduate Studies. Advisory committees may, in addition, include one (1) non-voting guest member who has expertise in a related discipline but is not a member of the Faculty of Graduate Studies.

Students will be expected to complete a candidacy exam, consisting of an oral and written component, normally before the end of the second year of their program. The student must pass the written and oral phases of the exam to be considered a candidate for the Ph.D. degree. Students must have completed all coursework prior to taking the candidacy exam.

The student’s thesis research proposal must be approved by the Advisory Committee normally before the end of the second year after admission to the program. The research proposal, in the form of a document outlining the rationale and background for the study, specific objectives, and methods and procedures will be presented by the candidate in an oral format. Following the oral presentation, the candidate will defend their proposal.

The research program, culminating in the preparation and defense of a doctoral thesis, will be conducted according to the regulations of the Faculty of Graduate Studies of the University of Manitoba.

**Expected time to graduation: 4 years**

**Course Notes:**

1. Nine credit hours may be chosen from a combination of graduate courses from the participating units or from other faculties outside the participating units that offer graduate courses related to applied health sciences (3 credits). Courses must be selected by the student in consultation with the advisor. All courses must be recorded on the "AHS Internal Program Approval Form", and submitted to the AHS Program Assistant for approval by the AHS Program Director.

2. This course is only for students who were accepted into the program without a research-based Master's degree.

3. Candidacy Exam:
   - normally before the end of the 2nd year after admission
   - no later than one year prior to expected graduation date
   - course work must be completed

4. Thesis Proposal:
   - normally before the end of the 2nd year after admission
   - no later than one year prior to expected graduation date
   - independent from candidacy exam
   - before research begins

5. The candidate will be recommended for the Ph.D. degree upon receipt by the Faculty of Graduate Studies of favourable reports by the thesis examining committee, a corrected copy of the electronic version of the thesis submitted to MSpace, final approval and release forms, and providing all other degree requirements have been satisfied.

**Note:**

- Regular attendance is expected of all students. Unexcused absence of a total of more than 3 hours of class time (including late arrival and/or early departure from class) may result in the student being required to withdraw from the course or may result in an “F” grade being assigned.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

### Regulations

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.
Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student's research or within the student's first year, whichever comes first; and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Collaborative PhD**

The Collaborative PhD Program at the University of Manitoba is intended to provide an opportunity for outstanding graduate students to receive training at both the University of Manitoba and a collaborating university outside of Canada. Students spend a period in residence and complete portions of their program of study, and fulfill all requirements of, each university. Each of the collaborating universities awards a PhD degree that explicitly notes that the completed program was based on a collaborative PhD program and names the collaborating university (this information will be provided on both the transcript and parchment).

The program is intended to provide students with exposure to research and scholarship at two universities. In this way students receive a more diverse educational experience and have the opportunity to establish a wide network of collaborations. Similarly, faculty members at the University of Manitoba involved in supervising a student engaged in a collaborative PhD program can benefit from establishing or strengthening collaborations with researchers at other institutions.

Outstanding students wishing to benefit from studying both at the University of Manitoba and at a collaborating university are encouraged to apply for admission to the Collaborative PhD Program (such a program is often referred to as a 'cotutelle' for such programs involving a university in France).

Please note this program is only open for Fall admission.

**What is a Collaborative PhD Program?**

- A program of study and research defined jointly by advisors from the University of Manitoba and a collaborating university

- The student is jointly supervised by the two advisors in conjunction with an advisory committee drawn from the two universities.
- The university at which the student will spend more time in residence is typically designated as the ‘Lead’ university, and the other university as the ‘Partner’ university
- The student is required to maintain full-time registration at both the University of Manitoba and the collaborating university and must spend a period of time in residence at both universities (minimally, one year at each).
- The thesis is defended only once at one of the universities with an examining committee comprised of, at minimum, the advisory committee plus an external examiner who has no affiliation to either university and is appointed following the Policies and Procedures of the Lead university.
- A PhD degree is awarded by the University of Manitoba and by the collaborating university. The student receives a parchment from each university, which indicates that the PhD was awarded in conjunction with the collaborating university.

**If the University of Manitoba is to Serve as the Lead University**

- The student must have been admitted to a PhD program at the University of Manitoba. If not currently enrolled in a PhD program, then the student must apply for admission to a specific unit-based program at the University of Manitoba.
- Following admission, the student must contact the Faculty of Graduate Studies to request entry to a Collaborative program.
- The collaborative program agreement must be defined and presented as part of this request. Completing this agreement will require the student to identify an advisor both at the University of Manitoba and at a collaborating university, and work with both advisors to define a program of study using the template provided.
- Transition to a collaborative program must be completed within a maximum of three years after admission to a PhD program at the University, and before either the thesis proposal is developed or the candidacy examination is written. The collaborating university may also have rules regarding entry to a collaborative program and it is the responsibility of the student to ensure these are met.
- When an approved agreement is in place, the student must collect all appropriate signatures and include the signed agreement with the request. The student must also apply for admission to the collaborating university and in doing so will be required to provide all information required under their application process.
- If admitted to the collaborating university, and an approved collaborative program agreement in place, then the student will be allowed entry to the collaborative PhD program.

**If the University of Manitoba is to Serve as the Partner University**

- The student must apply for admission to the collaborative PhD Program at the University of Manitoba.
- The collaborative program agreement must be defined and presented as part of the admission application. Completing this agreement will require the student to identify an advisor both at the University of Manitoba and at a collaborating university, and work with both advisors to define a program of study using the template provided. The agreement must include all appropriate signatures.
• Transition to a collaborative program must be completed before either any thesis proposal is developed or any candidacy examination is written. The collaborating university may also have rules regarding entry to a collaborative program and it is the responsibility of the student to ensure these are met.
• If admitted to the University of Manitoba with an approved collaborative program agreement in place, then the student will be admitted to the collaborative PhD program.

Disability Studies, M.A.

Disability Studies
Program Director: Dr. Nancy E. Hansen
Campus Address/General Office: 128 Education Building
Telephone: 204-474-7017
Fax: 204-474-6676
Email Address: disability_studies@umanitoba.ca
Website: umanitoba.ca/disability_studies/ (https://umanitoba.ca/disability_studies/)
Academic Staff: Please refer to the Disability Studies website (https://umanitoba.ca/disability_studies/contents/staff.html) for current staff listing.

Disability Studies Program Information
The focus of the program allows students to examine the policies and practices of all societies in order to understand the social, rather than the physical or psychological determinants, of the experience of disability. This focus shifts the emphasis from a prevention, treatment, remediation paradigm to a social, cultural, political one.

We offer an interdisciplinary Master’s Degree Program in Disability Studies. We also offer a graduate level Option in Disability Studies that is available to both Master’s and Doctoral students.

Students in the Master’s Program will have the opportunity to apply their undergraduate degrees and work experience to pursue advanced interdisciplinary research and scholarship. Students taking the Option in Disability Studies will complement their major program area of study with course work which analyses the social construction of disability.

OPTION IN DISABILITY STUDIES
The Option in Disability Studies is offered to students in faculties and departments that currently have a graduate program. Upon completion of the requirements, a concentration in Disability Studies will be recorded on the student’s transcript. For information concerning the option, interested students are directed to their student advisor or to the Director of Disability Studies.

Admission Information
Admission to the Faculty of Graduate Studies
Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

Disability Studies M.A. Admission Requirements
Graduates of honours or equivalent programs at the University of Manitoba (or equivalent from other recognized universities) with a minimum Grade Point Average (GPA) of 3.0 in the last 60 credit hours, are eligible for direct admission to a course of study leading to the Master of Arts degree. Students who have completed a University of Manitoba Pre-Master’s program with a minimum GPA of 3.0 are also eligible for admission. Pre-Master’s programs taken at other universities may be accepted.

Students with undergraduate degrees from a wide range of disciplines – such as Architecture, Arts, Education, Human Ecology, Engineering, Law, Management, Medical Rehabilitation, Medicine, Nursing, Physical Education and Recreation Studies, Science, Social Work and Women’s Studies - will be considered eligible to apply if they meet the above requirements.

Application Information
Students should complete and submit their online application with supporting documentation by the date indicated on the Disability Studies M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/disability_studies.html) page.

Degree Requirements
All students in the Disability Studies Program are required to complete 24 credit hours of coursework plus a thesis.

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/ supplementary-regulations/) for these specific regulations.

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

1. Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.
2. Each student is required to develop a written thesis proposal under the mentorship of his or her Advisor and Advisory Committee. The student's Advisor will give tentative approval of the proposal for presentation to the Advisory Committee. The student must present the proposal orally to the Committee in a closed meeting. At least two weeks prior to the date of the oral presentation, the student will ensure that all members of the Advisory Committee receive the proposal. The Advisory Committee must formally approve the thesis proposal before the student can proceed with the research. Revisions requested by the advisory committee must be completed in a timely manner and be approved by the advisory committee. Research involving human participants or animal subjects requires ethics approval prior to initiation of research.

Bona Fide Academic Requirements (BFAR)
minimum Grade Point Average (GPA) of 3.0 in the last 60 credit hours, are eligible for direct admission to a course of study leading to the Master of Science degree. Students who have completed a University of Manitoba Pre-Master’s program with a minimum GPA of 3.0 are also eligible for admission. Pre-Master’s programs taken at other universities may be accepted.

Students who wish to pursue the M.Sc. are required to have an undergraduate degree in Science.

Students with undergraduate degrees from a wide range of disciplines – such as Architecture, Arts, Education, Human Ecology, Engineering, Law, Management, Medical Rehabilitation, Medicine, Nursing, Physical Education and Recreation Studies, Science, Social Work and Women’s Studies - will be considered eligible to apply if they meet the above requirements.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Disability Studies M.Sc. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/disability_studies.html) page.

**Degree Requirements**

All students in the Disability Studies Program are required to complete 24 credit hours of coursework plus a thesis.

1. Students must demonstrate their mastery of the field and that they are fully conversant with the relevant literature through their thesis/practicum.

2. Each student is required to develop a written thesis proposal under the mentorship of his or her Advisor and Advisory Committee. The student’s Advisor will give tentative approval of the proposal for presentation to the Advisory Committee. The student must present the proposal orally to the Committee in a closed meeting. At least two weeks prior to the date of the oral presentation, the student will ensure that all members of the Advisory Committee receive the proposal. The Advisory Committee must formally approve the thesis proposal before the student can proceed with the research. Revisions requested by the advisory committee must be completed in a timely manner and be approved by the advisory committee. Research involving human participants or animal subjects requires ethics approval prior to initiation of research.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- • GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- • GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).
Students must also meet additional BFA requirements that may be specified for their program.

**General Regulations**

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

**Individual Interdisciplinary Studies, Master’s**

The Faculty of Graduate Studies provides the special opportunity to students, with a proven track record, of registering in an Individual Interdisciplinary Studies (IIS) program. Such a program combines substantial aspects of the existing programs of at least two, but no more than four departments/units into a unique program, which lies outside of established department/unit boundaries. Since the Individual Interdisciplinary Studies program places additional demands and responsibilities upon the applicant to assemble an advisory committee, to formulate a research proposal in advance of admission and, to negotiate a program of study with their advisory committee, the eligibility requirements are more stringent than those for discipline based graduate programs.

The regulations presented below and all general regulations of the Faculty of Graduate Studies apply to Individual Interdisciplinary Studies programs. Each department/unit currently offering a discipline-based graduate level program is eligible to offer an Individual Interdisciplinary Studies program in which the subject area of that department/unit is the major focus of the Individual Interdisciplinary Studies program. The department/unit is thus considered the “home” department/unit of the Individual Interdisciplinary Studies student. (Note: the department/unit should be contacted ahead of time to ensure their participation in the Individual Interdisciplinary Studies program).

The “home” department/unit Head (or designate) will ensure that the student and the advisor receive information regarding scholarship, relevant Faculty procedures, and the like (i.e., information that would normally be distributed to department/unit Heads and/or Chairs of graduate programs).

It is anticipated that substantial grounding will be in the major focus area; if not, then justification must be given for consideration.

**Degree Requirements**

In addition to the minimum program requirements of the Faculty of Graduate Studies found in the Graduate Studies Regulations Section (p. 1324) of this Calendar, please consult the Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for Individual Interdisciplinary Studies program supplementary regulations.

All Individual Interdisciplinary Studies Master’s program students must complete 12 credit hours of coursework at the 7000 level and successfully complete a Master’s thesis. There is no practicum route.

All students must complete the GRAD 7500. Students newly admitted to a graduate program must successfully complete this course within the first term of registration.

All students must complete the GRAD 7300. Students must successfully complete this course within the first year of study or prior to applying to any ethics boards which are appropriate to the student’s research.
Expected Time to Graduate: 2 years.

Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies’ ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Regulations

General Regulations

All students must:

• maintain a minimum degree grade point average of 3.0 with no grade below C+,
• meet the minimum and not exceed the maximum course requirements, and
• meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

• GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
• GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

Individual Interdisciplinary Studies, Ph.D.

The Faculty of Graduate Studies provides the special opportunity to students, with a proven track record, of registering in an Individual Interdisciplinary Studies (IIS) program. Such a program combines substantial aspects of the existing programs of at least two, but no more than four departments/units into a unique program, which lies outside of established department/unit boundaries. Since the Individual Interdisciplinary Studies program places additional demands and responsibilities upon the applicant to assemble an advisory committee, to formulate a research proposal in advance of admission and, to negotiate a program of study with their advisory committee, the eligibility requirements are more stringent than those for discipline based graduate programs.

The regulations presented below and all general regulations of the Faculty of Graduate Studies apply to Individual Interdisciplinary Studies programs. Each department/unit currently offering a discipline-based graduate level program is eligible to offer an Individual Interdisciplinary Studies program in which the subject area of that department/unit is the major focus of the Individual Interdisciplinary Studies program. The department/unit is thus considered the “home” department/unit of the Individual Interdisciplinary Studies student. (Note: the department/unit should be contacted ahead of time to ensure their participation in the Individual Interdisciplinary Studies program).

The “home” department/unit Head (or designate) will ensure that the student and the advisor receive information regarding scholarship, relevant Faculty procedures, and the like (i.e., information that would normally be distributed to department/unit Heads and/or Chairs of graduate programs).

It is anticipated that substantial grounding will be in the major focus area; if not, then justification must be given for consideration.

1 Where the word department/unit appears, the word Faculty or Institute is to be assumed where appropriate.

2 A department/unit’s eligibility to offer an Individual Interdisciplinary Studies program is limited to the level of the degree currently being offered by the department/unit. For example, if only a Master’s level program is offered by the department/unit, that department/unit is eligible to be the “home” department/unit for students in a Master’s level Individual Interdisciplinary Studies program, only. Although this particular department/unit may participate as a supporting department/unit in a Ph.D. level Individual Interdisciplinary Studies program, it is not eligible to be the “home” department/unit of a Ph.D. Individual Interdisciplinary Studies program student. A Faculty member in a department/unit without a graduate program at the level he/she wishes to supervise an Individual Interdisciplinary Studies program student may do so providing that the Faculty member is a member of the Faculty of Graduate Studies and holds an appointment in the “home” department/unit. Note: the supervisor may need to be appointed as an adjunct to the “home” department/unit.

3 "Major Focus” refers to the subject area/discipline of a department/unit in which the credit hours of instruction to be taken are more than or equal to those to be taken in any other participating department/unit. In a two-department/unit combination, assuming a 15 credit hour program, 9 credit hours of course work would be taken in the major focus area, with a minimum of 6 credit hours to be at the 7000 level.
The intent of an Individual Interdisciplinary Studies program is to bring together existing discipline-based programs in such a way as to form a unique program tailored to an individual research project and/or study aim that cannot otherwise be accommodated by existing discipline-based programs. Master’s programs are used to construct a Master’s level Individual Interdisciplinary Studies program and the Ph.D. programs are the building blocks for a Ph.D. level Individual Interdisciplinary Studies program. While there is some flexibility in the actual programs used to construct an Individual Interdisciplinary Studies program, it is imperative that a Master’s level Individual Interdisciplinary Studies program contain mostly existing Master’s level programs, and Ph.D. programs must make up the majority if not all the component programs in a Ph.D. level Individual Interdisciplinary Studies program.

The "home" department/unit counts this student as part of their complement for statistics purposes and would indicate them as "Individual Interdisciplinary Studies program" students.

### Degree Requirements

In addition to the minimum program requirements of the Faculty of Graduate Studies found in the Graduate Studies Regulations Section (p. 1324) of this Calendar, please consult the Faculty of Graduate Studies website (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for Individual Interdisciplinary Studies program supplementary regulations.

All Individual Interdisciplinary Studies program Doctoral students must complete 12 credit hours of coursework at the 7000 level and successfully complete the Ph.D. Candidacy Exam as well as a Doctoral Thesis.

All students must complete the GRAD 7500. Students newly admitted to a graduate program must successfully complete this course within the first term of registration, unless the course has been completed previously without more than one term span between degrees.

All students must complete the GRAD 7300. Students must successfully complete this course within the first year of study or prior to applying to any ethics boards which are appropriate to the student’s research.

**Expected Time to Graduate:** 4 years.

### Registration Information

Students should familiarize themselves with the Faculty of Graduate Studies 'GRAD' courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

### Regulations

#### General Regulations

All students must:

- maintain a minimum degree grade point average of 3.0 with no grade below C+,
- meet the minimum and not exceed the maximum course requirements, and
- meet the minimum and not exceed the maximum time requirements (in terms of time in program and lapse or expiration of credit of courses).

### Bona Fide Academic Requirements (BFAR)

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first, and
- GRAD 7500 within the first term of registration;

unless these courses have been completed previously, as per Mandatory Academic Integrity Course (p. 1341) and Mandatory Research Integrity Online Course (p. 1341).

Students must also meet additional BFAR that may be specified for their program.

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

### Supplementary Regulations

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

### Peace and Conflict Studies, M.A.

Peace and Conflict Studies

**Director:** Dr. Adam Muller  
**Head:** Joint MA Program Chair: Dr. A. Muller  
**Associate Head:** Joint MA Program Associate Chair: Dr. E. Sibanda  
**Program Director:** Adam Muller  
**Campus Address/General Office:** 261 St. Paul’s College  
**Telephone:** 204-474-8894  
**Email Address:** pacs@umanitoba.ca  
**Website:** umanitoba.ca/colleges/st_pauls/mauro_institute/  
**Academic Staff:** Please refer to the Mauro Institute website (https://umanitoba.ca/colleges/st_pauls/mauro_institute/about/staff_listing.html) for current staff listing.

### Peace and Conflict Studies M.A. Program Information

The Joint Master of Arts Program in Peace and Conflict Studies (JMP-PACS) encompasses the analysis and resolution of social conflicts; peace research that examines the structural roots of social conflicts, divisions, and social inequalities; and strategies for building community and promoting social justice. The Program is intended to be rigorous as the significance of research and intervention for conflict resolution, peace-building, and creating a culture of human rights demands a high standard of commitment, scholarship, and professionalism.

### Joint Master’s Program

The University of Manitoba and The University of Winnipeg together offer the Joint Master’s program, with courses and thesis direction (if applicable) offered at both institutions. Students of a JMP are admitted by the Faculty of Graduate Studies at the University of Manitoba. Graduates of Joint Master’s programs receive a joint-institution
parchment. Students in the JMP may elect to attend the convocation of either of the two participating universities. The programs are governed by the Joint Discipline Committee (JDC) at the department/unit level, consisting of faculty members of both institutions.

**Admission Information**

**Admission to the Faculty of Graduate Studies**

Application and Admission Procedures are found in the Academic Guide (p. 1334).

Admission requirements for Master’s students are found in the Master’s Degrees General Regulations (p. 1345) section of the Guide.

**Peace and Conflict Studies M.A. Admission Requirements**

Applicants require a four-year honours or four-year baccalaureate degree, either: (a) earned in peace and conflict studies, or conflict analysis and resolution; or (b) earned in another related discipline, such as education, law, social work, native studies, political studies, human ecology, human rights, women’s studies, and sociology, among others. A high academic standing in previous university work with a minimum Grade Point Average (GPA) of 3.0 in the last 60 credit hours are eligible for admission to a course of study leading to the Master’s degree. However, PACS is a highly selective graduate program and applicants should be advised that in order to be competitive for admission, possession of a GPA much higher than the minimum required is strongly recommended.

Appropriate research capability, typically demonstrated by authorship of a major research paper, for example, a senior undergraduate term paper, or thesis, or an article in a refereed publication. Applicants will also have a proficiency in the English language at levels required by the Faculty of Graduate Studies.

**Application Information**

Students should complete and submit their online application with supporting documentation by the date indicated on the Peace and Conflict Studies M.A. program of study (https://umanitoba.ca/faculties/graduate_studies/admissions/programs/peace_conflict.html) page.

**Degree Requirements**

The Joint M.A. Program in Peace and Conflict Studies has the following requirements:

**Thesis Option**: Twelve credit hours of core courses*; three credit hours in research methods; three credit hours in a PACS elective or PACS practicum; a thesis proposal and defence, and a thesis examination. The research methods and PACS electives can be taken from a list of PACS approved courses at the 7000 level.

**Comprehensive Exam Option**: twelve credit hours of core courses*; three credit hours in research methods; three credit hours in practicum; twelve credit hours of PACS electives; and a comprehensive examination. The research methods, and PACS electives can be taken from a list of approved courses at the 7000 level.

After the completion of 9 credit hours of coursework within the Program, the student must apply for consideration within either the Thesis route or the Comprehensive Exam route.

**Expected Time to Graduate**: 2 years

October 05, 2022
All students must:

Students must also meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

Additional BFAR that may be specified for their program.

The Ph.D. Degree in Peace and Conflict Studies requirements are 24 credit hours; twelve credits of required course work at the 7000 level; six
credit hours in a cognate area and 6 credits in research methods, plus a candidacy examination, a thesis proposal, and a thesis. The six credit hours of cognate and research method courses can be taken from a list of approved courses at the 7000 level.

Students whose Master’s degree is not in Peace and Conflict Studies will normally be required to take two prerequisite courses in the field as occasional courses. Note that there are additional tuition and fees for the two occasional courses.

**Expected Time to Graduate:** 4 years

¹ Either a PACS research methods course or a research methods course offered by another program (with approval of advisor)

² Courses to support the student’s research, usually offered in another department (or in PACS with Director approval). Courses must have approval of advisor.

³ Students must write and defend a PhD Candidacy Examination.

⁴ Students are expected to produce a thesis proposal subject to a public oral defence.

⁵ If applicable, Students must obtain approval from the Research Ethics Board (REB), prior to conducting research.

Students must also meet additional BFAR that may be specified for their program.

**Registration Information**

Students should familiarize themselves with the Faculty of Graduate Studies ‘GRAD’ courses applicable to their program (p. 1367). If you have questions about which GRAD course(s) to register in, please consult your home department/unit.

Prior to registering, all students (new and returning) must meet with their program advisor to select and receive approval for courses to be taken. Any course revisions (additions and/or withdrawals) must be approved in the same manner.

**Regulations**

Students must meet the requirements as outlined in both Supplementary Regulation and BFAR documents as approved by Senate.

**Supplementary Regulations**

Individual units may require specific requirements above and beyond those of the Faculty of Graduate Studies, and students should consult unit supplementary regulations (https://umanitoba.ca/graduate-studies/supplementary-regulations/) for these specific regulations.

**Bona Fide Academic Requirements (BFAR)**

Bona Fide Academic Requirements (BFAR) (p. 1340) represent the core academic requirements a graduate student must acquire in order to gain, and demonstrate acquisition of, essential knowledge and skills.

All students must successfully complete:

- GRAD 7300 prior to applying to any ethics boards which are appropriate to the student’s research or within the student’s first year, whichever comes first; and
- GRAD 7500 within the first term of registration;
