

## UM PET THERAPY REQUEST FORM

UM has partnered with St. John Ambulance (SJA) to create official Therapy Dog Guidelines, regulating pet therapy on campus for the purpose of decreasing stress and increasing wellbeing of the University population. St. John's Ambulance pet therapy is the preferred program for use at the University of Manitoba. If you are requesting pet therapy through St. John Ambulance, please complete the form below, for every pet therapy event on UM campuses.

Please send the completed form to:
