COURSE GRADE TRACKER

The information you need to complete these tables is available in your course syllabus and in UM Learn. If you are unable find your grades, reach out to your instructor to ask where your grades can be accessed.

COURSE NAME: *Ex: ARTS 1110*

STEP 1

What are you being marked on?

List all quizzes, assignments, essays, tests, exams, etc… including those that have not yet occurred.

STEP 2

How much is this worth towards your final grade?

List how many marks out of 100%.

STEP 3

What grade did you receive?

List actual mark you got on your assignments, essays, tests, exams, etc.

STEP 4

How much did you earn towards your final grade?
Record your grade.

Watch the video tutorial to learn how to do this calculation, or see example below:

$\frac{37}{50} = \frac{7.4}{10}$

$37 \div 50 = 0.74$

$0.74 \times 10 = 7.4$

Ex: Quiz	*10%*	*37/50*	*7.4*
Total Score	**/ 100**		**/ 100**

Review the grade distribution table in your course syllabus to exactly what percentage you need to earn your target letter grade. If you still have questions after reviewing the syllabus, please reach out to your Academic Advisor for support.
