# REPORT OF THE CHAIR OF THE BOARD PAT BUGERA

The purpose of the Board of Directors of St. Andrew's College is to support the primary function of the college – to prepare candidates for the clergy to serve in the Ukrainian Orthodox Church of Canada and other Orthodox churches. I want to take this opportunity to express my gratitude to each of the members of the Board of Directors for their dedication and diligence in seeing to the business needs of the College. The time and expertise you each contribute are genuinely appreciated. On behalf of the Board of Directors, I thank the administrative, academic, office, and support staff for their exceptional service this past year. St. Andrew's College served as a temporary home for many Ukrainian newcomers fleeing the unjust war in Ukraine. Staff members handled this additional workload with ease.

We are also grateful to the leaders of the Ukrainian Orthodox Church of Canada, His Eminence Metropolitan ILARION, Archbishop of Winnipeg and Metropolitan of all of Canada and Chancellor of St. Andrew's College, and Fr. Charles Baxter, Chancellor of the Ukrainian Orthodox Church of Canada for their support and guidance.

Most importantly, the College Board wishes to thank donors and friends for their regular and faithful support of the St. Andrew's College Fund and the St. Andrew's Scholarship Fund. Your financial support ensures the vital work of the College is accomplished.

The Annual General Meeting of the College will mark the end of my term as Chair of the Board of Directors. It has been both an honour and a privilege to serve in this capacity.

J.G. Janitorial Services continue to provide very good and efficient janitorial services to St. Andrew's College. The College continues to engage Makesmesmile Inc. Catering since 2018. We are very happy with their superior service.

As part of the Government of Manitoba Ukrainian Refugee Program, St. Andrew's College hosted up to 34 refugees from Ukraine in March and April and, in May, when the summer sessions began in person at the University of Manitoba, the residence was completely full.

In spite of being completely full during the summer, St. Andrew's College residence is not full this Fall. All residences at the University of Manitoba have space available. We expect that there will be more residents in the second semester.

The College is beginning to host organizational meetings, student gatherings and public lectures that had been curtailed during COVID. It is good to see a more normal daily life at the College.

I would like to express my gratitude to the Chair Ms. Pat Bugera and Members of the Board of Directors for their trust and support and for their unwavering commitment to the mission of St. Andrew's College. Thank you also to the Faculty of Theology, the Library, and the support staff for their hard work, dedication, and professionalism. Thank you to the donors and benefactors who support the College with their gifts and prayers, and to the members of the Order of St. Andrew for their continuing support.

Greetings and thanks to our Chancellor of St. Andrew's College, His Eminence Metropolitan ILARION. Mnohaya Lita!

Sincere thanks to all who pray for the College and support the College morally and financially. Please help us identify and encourage young people from our Parishes to come and study at St. Andrew's College in Theology, the Centre for Ukrainian Canadian Studies or to live at the College during their university studies.

Щирозеречно дякуємо жертводавцям і усім тим, хто матеріально і молитовно підтримує Колегію Святого Андрія.

Ласкаво просимо до Колегії Св. Андрія!

Please come and visit!

All are Welcome!

# РЕЗИДЕНЦІЯ І СТУДЕНТСЬКЕ ЖИТТЯ

# RESIDENCE AND STUDENT LIFE

Колегія Св. Андрея є частиною Університету Манітоби. У ній знаходиться гуртожиток для українських православних та інших студентів.

Привітний, дружній та затишний гуртожиток має великі і маленькі односпальні, а також двоспальні кімнати для 38 резидентів - чоловіків та жінок. Кімнати гуртожитку обладнані необхідними меблями для комфортного студентського життя. Більше того, для студентів є доступними різноманітні устаткування, що створюють домашню атмосферу та забезпечує якісне довілля.

Досі оговтуючись від наслідків пандемічних обмежень (COVID), багато студентів все ще навчаються онлайн. Таким чином, у січні-квітні 2023 року та у вересні-грудні 2023 року резиденція Колегії Св. Андрея заселена лише на 40 %. Протягом літніх місяців 2023 року (з травня по серпень) резиденція Колегії Св. Андрея була заселена на 100 %.

Студентська Рада, Товариство Студентів Богослов'я, і Рада Українських Канадських Студентів Манітоби разом з адміністрацією Колегії сприяють і спонсорують різні види спорту, громадські, освітні, релігійні та культурні заходи.

St. Andrew's College is a Member College of the University of Manitoba and also a residence for Ukrainian and Orthodox and other students on the campus of the University of Manitoba.

The intimate, friendly, quiet Residence has premium super single, regular single, and double rooms available for 38 residents - men and women. The Residence rooms are furnished with the basic necessities for a comfortable study life, and the numerous College facilities available to the students make for a homey atmosphere catering to a wide variety of needs.

Still recovering from the effect of COVID pandemic restrictions, many students are still studying online from home. Thus, for January to April 2023 and September to December 2023 St. Andrew's College residence is only at 40 % capacity. During the 2023 Summer months (May to August), residence rooms were filled to 100 % capacity.

The Resident Student Council, the Theology Student Association, and the University of Manitoba Ukrainian Student Association together with the College administration, usually promote and sponsor numerous sports, social, educational, religious, and cultural activities.

Working hand-in-hand with the Government of Manitoba Ukrainian Refugee Task Force, the St. Andrew's College residence accommodated 34 Ukrainian refugees for the months of March and April 2023.

We made them feel at home as they adjusted to life in Canada.

# LIBRARY REPORT

St. Andrew's College Library is a respected source of knowledge utilized by students of Theology, the Centre for Ukrainian Canadian Studies, the University of Manitoba, as well as all those interested in Orthodox and Eastern Christian Theology, Ukrainian Canadian Studies, Ukrainian history, culture, and arts.

Our Library is open to members of the Ukrainian community, researchers, and academics from around the world. One such Visiting Scholar is Nataliia Kulish, Associate Professor at the Department of Philosophy of Social and Humanitarian Sciences and Physical Education, Candidate of Philosophical Sciences, Khmelnytskyi University of Management and Law, who focused on the problem of leadership in the context of the Ukrainian diaspora in Canada. Based on the results of her research, several articles were published in the Great Ukrainian Encyclopedia and academic journals of Ukraine. The issue of bilingual education and the study of the Ukrainian language in Canada is being researched by Myroslava Svitlyk, Candidate of Philological Sciences, Associate Professor of the Uzhgorod National University.

We continue to order and receive Ukrainian books that deal with the events of the Russia's brutal war against Ukraine. Dr. O. Gerus is researching the Internet for material on the current situation in Ukraine and compiling a special collection for the benefit of the students of today and tomorrow.

During this reporting period, along with routine duties dealing with library patrons, publishers, ordering and cataloguing acquisitions, and physical maintenance of the library and its holdings, the library staff continued the following projects:

- Our employees are proceeding, as time allows, with an ongoing earlier project - a compilation and cataloguing of our duplicates holdings.
- We are continuing the correction and verification of all author and title cards of the pamphlets collection and sorting and organizing boxes of brochures to make them more accessible for our patrons.
- Library staff regularly prepare thematic showcase displays which exemplify the life and traditions of the Ukrainian people.
- Library employees participate in organized St. Andrew's College events.

Бібліотека Колегії Святого Андрея позиціонується як джерело знань і використовується студентами Богослов'я, Центру Українських Канадських Студій, Університету Манітоби, а також всіма тими, хто цікавиться Православним і Східно-Християнським Богослов'ям, Українським Канадознавством, українською історією, культурою і мистецтвом.

Наша бібліотека щиро відкриває двері членам української громади, дослідникам та вченим з усього світу. Одним із таких запрошених науковців є Наталія Куліш, доцент кафедри філософії соціально-гуманітарних наук і фізичного виховання, кандидат філософських наук Хмельницького університету управління та права, яка зосередилася на проблемі лідерства в контексті української діаспори в Канаді. За результатами її досліджень опубліковано ряд статей у Великій Українській Енциклопедії та наукових виданнях України. Питання двомовної освіти та вивчення української мови в Канаді досліджує кандидат філологічних наук, доцент Ужгородського національного університету, Мирослава Світлик.

Ми продовжуємо замовляти та отримувати українські книги, які знайомлять нас із подіями жорстокої війни Росії проти України.

Д-р Олег Герус шукає в Інтернеті матеріали про поточну ситуацію в Україні та збирає цю інформацію в спеціальну колекцію для теперішніх та майбутніх студентів.

За звітний період в бібліотеці окрім звичайних обов'язків, пов'язаних з відвідувачами бібліотеки та видавцями, замовленням і каталогізацією книжок, а також фізичним обслуговуванням бібліотеки та її фондів, було продовжено виконання низки важливих проектів:

- Створення каталогу дублікатів книг (робота над проектом, який був розпочатий раніше).
- Співробітники бібліотеки продовжують інвентарізацію, виправлення та перевірку всіх карток каталогів колекції брошур, сортують і впорядковують коробки з брошурами за тематикою, щоб зробити їх доступними для наших відвідувачів.
- Бібліотека регулярно організовує тематичні виставки, які висвітлюють життя та традиції українського народу.

## Student support

We have student support in place to promote our program and courses. Top three students in each of our courses are automatically considered for financial prizes that are made possible by the endowment funds established through the St. Andrew's College Foundation. Larger awards such as Vitaly Butenko Assistance Award, Nicholas and Annie Dawyduk Scholarship in Ukrainian Studies, Michael and Grace Hykawy Ukrainian language essay prize, Anne Smigel Scholarship and the Ukrainian National Home Association Scholarship are available to students who are majoring or minoring in Ukrainian Canadian Heritage Studies.

## Centre's Research

Dr. Maureen Flaherty and Ms. Yulia Ivaniuk Squires have finished a thirty-three participant study on the Canadian Ukrainian Newcomers' Stories, Hopes, & Dreams. This research was approved by the Joint Faculties Research Ethics Board of the University of Manitoba. These audio recordings, as reviewed by participants can be accessed through the UM Archives and Special Collections. Short overview of the study is available on the Centre's [website](#). Some of the research findings will be used to inform the Centre's 2022-23 research project on community engagement and volunteerism among the newcomer scholars-at-risk from Ukraine.

## Letter of Participation in Ukrainian Canadian Heritage Studies

The centre was the first unit within the Faculty of Arts to get approval and successfully launch a letter of participation program. Participants are required to attend a combination of lectures and (or) reading club meetings in order to be eligible to obtain the letter of participation. The lecture series take place from September until May and cover a wide range of Ukrainian and Ukrainian Canadians topics. Reading club meetings take place on bimonthly basis and involve a discussion of a new Ukrainian/Ukrainian Canadian book at each session.

As a result of the academic years 2021-2022 and 2022-2023, the Centre has conferred nine Letters of Participation. The lecture series hosted by the Centre saw an average attendance of twenty-five participants, while each reading club session attracted an average of five participants.

The Centre is planning to continue its Letter of Participation programming throughout the Fall of 2023 and Winter of 2024. The program will consist of monthly lecture series and bimonthly reading club sessions. While the majority of these events will continue to be offered via Zoom, there will also be some in-person or hybrid events. One notable event that took place in September is the screening of Mr. Guto Pasko's documentary, "Ivan," which showcased the life of the Ukrainian Canadian community in Brazil. See the list of events below.

We are excited about our collaboration with the Faculty of Fine Arts, through which the University of Manitoba will be hosting the "Women at War" exhibition by Monica Fabrijanska. This exhibition will run from February 29 to April 27, 2024, and promises to provide a thoughtprovoking and artistic exploration of women's roles and experiences during war.

By offering diverse and engaging events, we aim to provide enriching experiences for our participants and foster a sense of community and learning within our program. We look forward to the Fall 2023-Winter 2024 term with great anticipation.

We are grateful to the Canadian Foundation for Ukrainian Studies for their ongoing supporting of the Centre's Letter of Participation programming.

## INDEPENDENT AUDITOR'S REPORT

---

To the Members of St. Andrew's College in Winnipeg

### *Qualified Opinion*

We have audited the financial statements of St. Andrew's College in Winnipeg (the College), which comprise the statement of financial position as at June 30, 2023, and the statements of revenues and expenditures and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the College as at June 30, 2023, and the results of its operations and cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO).

### *Basis for Qualified Opinion*

In common with many not-for-profit organizations, the College derives revenue from donations the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of the College. Therefore, we were not able to determine whether any adjustments might be necessary to donation revenue, excess of revenues over expenses, and cash flows from operations for the year ended June 30, 2023, current assets and net assets as at June 30, 2023. Our audit opinion on the financial statements for the year ended June 30, 2022 was modified accordingly because of the possible effects of this limitation of scope.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the College in accordance with ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

### *Responsibilities of Management and Those Charged with Governance for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the College or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The financial statements were prepared in accordance with Canadian accounting standards for not-for-profit organizations (ASNPO). Canadian accounting standards for not-for-profit organizations are part of Canadian GAAP.

Fund accounting

The College uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual or voluntary actions. The College maintains the following funds:

- a) The General Fund accounts for the College's program delivery and administrative activities.
- b) The Capital Assets Fund reports the assets, liabilities, revenues and expenses related to the College's property, plant and equipment.
- c) The Designated Funds and Scholarship Funds report the specified uses of the College's restricted funds.

Revenue recognition

The College follows the restricted fund method of accounting for contributions.

Unrestricted contributions for general operations are recognized as revenue of the general fund in the year in which they are received. Restricted contributions for specified projects, programs and scholarships are recognized as revenue of the appropriate fund when received.

Revenue from tuition fees, board, lodging and parking and levy income is recognized on a time proportionate basis. Other revenue is recognized when it is earned.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)*

Property and equipment

Property and equipment are stated at cost less accumulated amortization. Property and equipment are amortized over their estimated useful lives at the following rates and methods:

Buildings	2%	straight-line method
Storage shed	5%	straight-line method
Computer equipment	25%	straight-line method
Furniture and equipment	10%	straight-line method
Parking lot	5%	straight-line method

The Library is considered to have a residual value of at least the net book value and, therefore, amortization is no longer required.

Amortization is reported in the Capital Assets Fund.

The College regularly reviews its property and equipment to eliminate obsolete items.

Financial instruments policy

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains and losses reported in income. All other financial instruments are reported at amortized cost, and tested for impairment at each reporting date. Transaction costs on the acquisition, sale, or issue of financial instruments are expensed when incurred.

The College's financial instruments measured at amortized costs consist of cash, accounts receivable, amounts due from St. Andrew's College Foundation Inc., investment in Trident Press Company Ltd., accounts payable and accrued liabilities, scholarships payable and loan payable.

Government assistance

Government assistance for current expenses is recorded as income.

Measurement uncertainty

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Such estimates are periodically reviewed and any adjustments necessary are reported in earnings in the period in which they become known. Actual results could differ from these estimates.

The following analysis provides information about the College's risk exposure and concentration as of June 30, 2023. There has been no significant change to the risk exposure from the prior year.

**(a) Credit risk**

Credit risk arises from the potential that a counter party will fail to perform its obligations. The College is exposed to credit risk from customers. An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information. The College has a significant number of customers which minimizes concentration of credit risk.
