

## Residence Life

Student experience is at the heart of our residence community. Our small size, Residence Council, and on-site Dons team offer a safe, secure, and memorable experience. We provide students all the living arrangements you need to be academically successful in your studies. Community events like movie nights, banquets, trips to The Forks, and the Assiniboine Park Zoo all contribute to a tight-knit community life, setting the stage for you to make friendships that will last a lifetime.
